Gary Rosen is the Managing Shareholder and Chief Executive Officer of the firm, positions he has held since 2012. In these roles he oversees the firm's governance while playing a leading role in recruitment, marketing and other business functions.

In addition to his involvement in firm management, Gary is a litigation attorney and has handled complex litigation for clients in the public and private sectors including county and city governments, developers, builders, corporations, condominium associations and financial institutions. He also represents national corporate clients in protecting intellectual property rights through civil prosecution of trademark and copyright infringement.

Gary has extensive trial experience in courts throughout the country and has obtained several multi-million-dollar jury verdicts, judgments and settlements in favor of claimants in cases. Also, Gary is Board Certified in Business Litigation Law, recognition for having the highest standards of skills, specialty knowledge, proficiency, professionalism and ethics in business litigation.

EXPERIENCE

- Premier Water Parks, Inc. in obtaining permanent injunctive relief against proceeding with a no-bid contract on behalf of a national developer of water theme parks against the City of Ft. Lauderdale, FL.
- National home builder defense in a multi-million-dollar federal class action fraud case resulting in a favorable settlement to our client.
- Securities fraud class actions defense and prosecutions.
- Defended foreign corporations in California trial and appellate courts in a five-year, multi-million-dollar breach of contract and fraud case resulting in summary judgment in favor of clients, which was affirmed on appeal.
- Represented nationally prominent intellectual property owners in federal court trademark and copyright infringement actions, which have regularly required litigating expedited motions for preliminary injunction.
- Represented plaintiffs and defendants in state and federal court actions involving claims of violations of trade secrets and breaches of restrictive covenants.
- Tried several lengthy jury trials resulting in verdicts and mid-trial settlements favorable to the firm's clients.

RECOGNITION

- Gary is a Fellow in the Litigation Counsel of America, an invitation only, trial lawyer honorary society comprised of the most experienced and effective litigators throughout the United States. Membership is limited to less than one half of one percent of American lawyers.
- Gary is the 2019 recipient of the Daily Business Review's "Attorney of the Year" award.

The award is the top honor presented by the publication as part of its annual Professional Excellence Awards which recognize standout achievement in the legal profession. Gary was honored for his work creating a pioneering professionalism and civility magistrate pilot program in Broward County Circuit Court.

- Florida Trend magazine recognized Gary among its “Legal Elite” in the area of Business Litigation. This designation was based upon a poll of Florida attorneys, who selected peers in the top 2% of their respective practice areas.
- Gary has been recognized as one of Florida’s 500 most influential business leaders every year since Florida Trend magazine began publishing its Florida 500 list in 2018.
- Named as one of the top 100 “Person(s) to Know” in Florida Trend’s October, 2018 issue (Greater Fort Lauderdale – special section).
- Gary has been honored as a 2018 Florida Super Lawyer, a recognition he has received each year for more than 10 years, and has been included in The Best Lawyers in America® guide from 2013-present.
- Gary was also named a Power Leader in Law by the South Florida Business Journal in 2017 and was selected as a 2015 Broward Ultimate CEO honoree, an award that recognizes business leaders of Broward County for their achievements, vision and dedication to excellence.

PROFESSIONAL / COMMUNITY ACTIVITIES

- – Chair of the Board of Directors for the United Way of Broward County, 2020 – present
- The Executive Committee of the Broward Workshop and Chair of its Governance Committee
- The Florida Association of Managing Partners
- Broward County’s Committee of Large Firm Managing Partners
- The Board of Directors of the United Way of Broward County, Chair of its Finance Committee
- Gary was a member of the Florida Supreme Court’s Committee on Standard Jury Instructions —Contract and Business Cases until 2017.

 - Surety Bonds

Education

- Cleveland-Marshall College of Law, J.D., 1979
- Ohio University, B.S.J., 1975

Steven B. Lesser chairs the firm's national Construction Law and Litigation practice group. Mr. Lesser is Board Certified in Construction Law by the Florida Bar and devotes his practice exclusively to construction law and litigation, including governmental construction claims and defense and hotel/condominium disputes. He is a Fellow of the American College of Construction Lawyers. He has received a number of distinguished awards from the Florida Bar and American Bar Associations relative to his work in the construction industry.

He is Past Chair of the American Bar Association's Forum on Construction Law, a nationally prestigious organization devoted entirely to members of the construction industry. The Forum is the largest construction lawyer group in the world and is known for its scholarly publications and programs focusing on developments and trends in construction law.

Mr. Lesser is presently Chair of The Florida Bar Association's Board of Legal Specialization and Education ("BLSE") which administers the Bar's certification plan and provides oversight over all 27 certification committees that each focus upon a specific practice area. As part of its mission, the BLSE helps identify for the general public and the profession those attorneys who have substantial experience and have demonstrated special knowledge, skills, and proficiency in certified areas of practice and professionalism and ethics in the practice of law. He has further served in the leadership of a variety of Florida Bar and American Bar Association Committees including Past Chair of the Florida Bar Construction Law Certification Committee.

EXPERIENCE

- For more than thirty years, Steve has represented a variety of construction industry participants in various large scale high profile commercial, multi-family, specialty projects such as museums, country club communities, health care facilities and even sports complexes. He represented Swire Properties in relation to its design and construction contracts for Brickell City Centre, a \$1.05 billion mixed used development in the heart of Miami's financial district. This project is significant because it was the first large construction project to begin after the recession and spurred widespread new development in the Brickell corridor. Other examples include the Dali Museum, the Museum of Arts and Crafts in St. Petersburg, Florida and Baptist Hospital in Jacksonville. His involvement in country club representation includes Frenchman's Creek, Mirasol Country Club, and BallenIsles Country Club. He represented a sports complex owner Incredible Ice, in a deal to rebuild the Florida Panther's Ice Hockey training facility in Coral Springs, Florida. Steve represented a homeowner in the landmark case *Moransais v. Heathman*, before the Florida Supreme Court which, in effect, reshaped construction law in Florida by retreating from the economic loss doctrine and forcing architects, engineers and other professionals to be accountable for their own negligence.

RECOGNITION

- Chambers USA, Construction Law, Band 1
- American Bar Association, Forum on Construction Law, Cornerstone Award, 2019
 - The Cornerstone Award honors a member of the Forum who has rendered long-term exceptional service to the construction industry, to the public, and to the legal profession. The Cornerstone Award is the highest award presented by the Forum on Construction Law.
- Best Lawyers in America® – Construction Law; Construction Litigation; Commercial Litigation
 - Lawyer of the Year – Construction Litigation, 2019
 - Lawyer of the Year – Construction Law, 2016
 - Lawyer of the Year – Construction, 2011
- Florida Super Lawyer, 2009-Present
- Who's Who Legal, Construction, 2017-Present
- Florida Bar Real Property, Probate and Trust Section's Construction Law Committee, "Lifetime Achievement Award", 2016
 - Recognized for his contributions for his work with The Florida Bar's efforts to offer board certification to the state's top construction lawyers, his prolific writing on subjects critical to construction practitioners, his high-profile practice of construction law, and his dedication to community initiatives such as TopSoccer. Only eight attorneys in Florida have been awarded the Committee's Lifetime Achievement Award.
- Florida Business, "Florida's Legal Elite", Construction Law, 2019
- Deborah M. Smoot Memorial Award from the Florida Bar Journal News & Editorial Board, 2003
- American Bar Foundation, Fellow
- Martindale-Hubbell, AV Rated Preeminent
- American College of Construction Lawyers, Fellow
 - The ACCL is a national organization of lawyers who have demonstrated skill, experience and high standards of professional and ethical conduct in the practice, or in the teaching, of construction law, and who are dedicated to excellence in the specialized practice of construction law. There are less than 20 Fellows of the American College of Construction Lawyers in the state of Florida.

- Pennsylvania State University, B.S.

Bar Admissions

- Florida, 1981

Allen Levine is chair of the firm's Business Litigation practice. In addition to his involvement in firm management and supervision of business litigation attorneys, he handles complex business litigation and real estate litigation for large corporate clients, closely held corporations, real estate developers and financial institutions. Allen also represents clients in probate and trust litigation, community association litigation, insurance coverage litigation and appeals.

Allen has extensive experience in state and federal courts and has handled numerous cases which have created new law. Allen is also AV® Preeminent™ 5.0 out of 5 rated (the highest level attainable) by Martindale-Hubbell.

Allen's litigation experience includes:

- Business & Contract Litigation
- Class Action Litigation
- Commercial Tenant Litigation
- Condominium Hotel Disputes
- Corporate Governance Disputes
- Hotel Management & Acquisition Disputes
- Personal Injury & Wrongful Death Litigation
- Recreation Lease Disputes
- Real Estate Acquisition, Title & Use Disputes
- Trade Secret, Confidentiality, Business Interference & Non-Competition Disputes
- Trust & Estate Litigation

EXPERIENCE

- Obtained a ruling by the Fourth District Court of Appeal in Raiser-DC, LLC v. B&L Service, Inc. and Broward County, Florida, which held that Broward County was required to disclose information about Uber's operations at the Fort Lauderdale-Hollywood International Airport, despite Uber's claims that the records were trade secret information and exempt from Florida's Public Records Act.
- Obtained a ruling by Fourth District Court of Appeal in Lyons v. Lyons, which held for the first time that a married grantor of Homestead Property cannot challenge the deed she signed without joinder by her husband because she lacked standing to do so.
- Obtained a judgment that was affirmed on appeal in Wyndham Vacation Resorts, Inc. v. Ocean Walk Resort Condominium, Inc., which held for the first time in Florida that a timeshare developer was also a condominium developer subject to the mandatory control transfer provisions of the condominium act, thus thwarting the developer's ability to control the condominium association board.
- Successfully appealed Van Hook v. The Residences at Coconut Point, LLC, where the Eleventh Circuit Courts of appeals reversed the lower court's determination, and held

that the contractual language relied upon by the lower court did not disqualify the developer from being exempt under ILSA, thus preventing buyers from backing out of their real estate purchase contracts.

- Successfully obtained a decision published in *Wigand v. West City Partners, Inc.*, where the Federal District Court for the Southern District of Florida prevented 42 of the 43 plaintiffs who sued the condominium developer from bringing their breach of contract and ILSA claims in one lawsuit.
- Successfully obtained a decision in *Kraft v. The Residences of Coconut Point, LLC*, where the Federal District Court for the Middle District of Florida ruled the condominium developer maintained sufficient records to assert the investor exemption to ILSA requirements, thus preventing buyers from backing out of their real estate purchase contracts.
- Combined 108 class actions on behalf of 108 condominium associations and their unit owners, in a lawsuit against the owner of a recreation lease, which resulted in the successful buyout of the recreation lease at a substantially reduced price.
- Successfully defended real estate developers against lawsuits by numerous buyers asserting revocation of purchase contracts due to alleged violations of The Interstate Land Sales Full Disclosure Act (ILSA), the Condominium Act, and the Homeowner's Association Act.
- Successfully assisted buyers in navigating issues related to traditional Hotel and Condominium Hotel acquisition.

RECOGNITION

- Allen is AV® Preeminent™ 5.0 out of 5 rated (the highest level attainable) by Martindale-Hubbell.
- Best Lawyers in America®, Commercial Litigation, 2021 – present

PROFESSIONAL / COMMUNITY ACTIVITIES

- Mr. Levine serves on the Broward County Bond Review Committee, which coordinates implementation of Broward County 's Recovery Zone Bond Program.
- Recovery Zone Bonds were created under the American Recovery and Reinvestment Act of 2009, an act established by the United States Congress under President Barack Obama's Economic Stimulus Program initiative.
- Allen has held several leadership positions at the Broward Alliance including serving as a member of the Board of Directors, Investors Council, and as chair of its Business Development Committee.
- The Alliance is the public/private economic development arm of Broward County whose mission it is to build a stronger, more diversified economy in Broward County and the South Florida Region.
- As a result of his involvement, Mr. Levine received the Florida Economic Development Council's Richard L. McLaughlin Award which recognized his contributions to economic development in Florida.

TAB 1 Executive Summary

On behalf of **Ronald L. Book, P.A.** I am pleased to enclose our proposal to provide State Lobbying Services for the City of Plantation as described in RFSP No. 075-21. We further submit that our response is to represent the City at the State government level, as a requirement noted in Addendum 1.

Ronald L. Book, P.A. has the experience and expertise to assist the City of Plantation in navigating the complexities of securing specific budget priorities, crafting strategies to achieve success in the passage or defeat of legislation, and engaging with the executive and regulatory agencies who are vital in the implementation of appropriations or regulatory rule making. We are eager to work as your advocate, providing you with reliable representation and strategic direction to navigate the political landscape in every arena of Florida government.

We are consistently ranked in the top five Tallahassee lobbying firms amongst various media sources and others who follow Tallahassee politics. The firm has a long history representing Fortune 500 companies, government entities such as cities and counties, hospitals and health care districts, professional associations, and not-for-profit groups throughout Florida. Operating full-time offices in Aventura and Tallahassee affords the firm principals consistent proximity to clients and legislators, providing access to, and visibility amongst, key decision-makers.

Ronald L. Book, P.A. is a law firm that was incorporated in the state of Florida on January 29, 1987. Ronald L. Book is President and Chief Executive Officer and the firm's specialty is government affairs. As well as Mr. Book's proposed representation, the firm's associate lobbyists, Ms. Kelly C. Mallette, and Ms. Rana G. Brown, each with diverse experience and unique insight into the legislative process, would perform the secondary responsibilities in the firm's representation. Our collective reputation as well prepared, tireless advocates for those the firm represents, and dedicated to our client's causes, has earned us a place in the upper echelon of Tallahassee power.

Our proposal details the services our firm offers, including our qualifications, our approach to the City of Plantation's scope of services, accompanied with a sampling of accomplishments, included within Tab 4.

Our firm has a long history of working in Tallahassee, our broad experience on issues and our strong bipartisan relationships make us uniquely qualified to represent the City. The firm has developed a diverse client base of business, industry, small and larger local governments, hospitals and health care districts, professional associations, and not-for-profit organizations. Firm professionals are long-time fixtures in Tallahassee politics and have long-term, established relationships with legislators, executive agencies, and staff.

Our team is proud of our record of success on behalf of our local government clients. Our firm has immense experience with direct appropriations, and we are responsible for tens of millions in funds for various local projects, some of which are detailed in this proposal. We have been particularly successful in securing funds for local water projects. We excel at the water project process because we work closely with our clients to file projects that meet or exceed House and Senate standards. For example, we urge our clients to find projects that are construction ready, provide a local funding match of 50% or more, that have a regional impact, and support local water management district plans and goals. By ensuring we present good projects, we increase our chances of success.

Our experience on substantive issues is equally as impressive. Our firm has worked tirelessly to protect home rule – most recently defeating a proposed expansion of gaming that would have preempted the local zoning and regulatory authority. Other key preemption issues we have helped to defeat include the preemption of local regulation of vacation rentals, and a preemption on local business tax to name a few. Further illustrated throughout our response are examples documenting our firm’s success over many years which demonstrate our ability to satisfy and exceed the qualification requirements of RFSP No. 075-21.

Our reputation for effective advocacy on behalf of our clients is proof that we are capable of advancing the City of Plantation’s state legislative advocacy agenda and producing successful results on a number of issues of critical importance. Whether it is an appropriations request, an economic development proposal, or a legislative issue, our firm will be at the center of the debate, making a difference for the future of the City of Plantation.

TAB 2 Company Profile

➤ **Ronald L. Book, P.A. Overview and History**

Ronald L. Book, P.A. is considered one of the premier lobbying firms in the state, with a long history representing local governments, health care districts, professional associations, not-for-profit associations, and various political subdivisions throughout Florida. Our law firm works exclusively in the government affairs arena, specializing in legislative and executive advocacy, strategic planning, and general government consulting. We are proud to be involved in the legislative process 365 days-a-year. We continue to enjoy extensive bipartisan relationships with members of both the legislature and executive branch, allowing us to be effective in today's political climate.

Our firm offers a powerful combination of talent and experience with a proven track record before the legislative and executive branches of government. The firm's contact base extends throughout state government and includes legislative leadership, legislative staff, and executive branch officials. We provide hands-on monitoring, intelligence and oversight of government activity coupled with a highly professional, performance oriented approach for meeting client goals and objectives. We work closely with our clients to develop a concise and focused agenda with strategies designed exceed client expectations.

Ronald L. Book, P.A. boasts an excellent record of success attaining clients' goals, which range from legal counseling on corporate and private matters to persuading lawmakers to support meritorious programs and causes. Professional skill is complemented by responsive, personal service as evidenced by the fact that the vast majority of clients have retained the firm's services for many years. Operating full-time offices in Aventura and Tallahassee affords the firm principals consistent proximity to clients and legislators, providing access to, and visibility amongst, key decision-makers. The end result for our clients is maximum accessibility.

The firm's mission is to provide a full range of government relations services to its clients. We utilize our knowledge of the legislative process and our relationships with the "players" in the process to assist clients by representing their interests and advocating their legislative agendas – be it a change in substantive law, a grant opportunity, an executive order or a budget line item.

There is one guarantee in government affairs and politics, and that is change – changes in leadership, changes in priorities and changes to the process are all commonplace in Tallahassee. For more than 20 years, Ronald L. Book, P.A. has remained a constant in Tallahassee politics, and our clients have looked to us for advice and counsel to navigate that sea of change. We are able to provide effective solutions and achievement by offering our clients:

- Strategic planning with a proactive approach.
- Professional and experienced government relations consultants.
- Bipartisan contacts throughout Florida government.
- Dedication and determination to get the job done.

In our proposal, we have outlined our approach to representation of the City of Plantation, which we will implement if selected to represent your interests at the State Legislative level. Some of the highlights of our approach include:

- Working closely with the City in the development of the annual legislative agenda;
- Assisting with the drafting and analysis of proposed legislation, and recommending amendments as necessary;

- Providing assistance throughout the budget process, advocating for full-funding of City requests;
- Facilitating meetings for City leaders and staff with members of the Florida Legislature as well as Executive Branch officials and staff;
- Monitoring committee meetings and testifying as needed;
- Providing written reports and updates on a regular basis during the legislative session and the interim as needed.

Our firm offer unparalleled knowledge and experience in the political process, gained from direct participation in the process. Each member of our firm has, at one time or another, worked for government. We bring the kind of perspective that only an “insider” can offer. With nearly 100 years of experience in legislative affairs between us, we stand ready to represent the City of Plantation. We are confident that we can provide meaningful and effective service as we work toward accomplishing your legislative goals.

- **Number of years in business and types of services provided:** Ronald L. Book, P.A. was established in 1987, providing state government lobbying and consulting services, and maintains full-time offices in Aventura and Tallahassee, Florida.
 - **Identify parent companies, subsidiaries, and affiliates of the organization:** None
 - **Describe the ownership structure, including any significant or controlling equity holders:** Ronald L. Book is sole owner and operator of Ronald L. Book, P.A.
-
- **Provide a management organizational chart showing director and officer positions, names, and reporting structure:**

Ronald L. Book, P.A. Management Organizational Chart

- **Detailed below is information on the segment of the organization that would provide Lobbying services, including reporting structure.**

Ronald L. Book, P.A. is a law firm specializing in government affairs and consulting. The firm's founder and sole owner is Ronald L. Book, an attorney licensed to practice law in Florida, who also serves as the firm's president and chief executive officer. We maintain full time offices both in Aventura and Tallahassee.

- **Ronald L. Book, Ronald L. Book, P.A.** For this engagement, Mr. Book would serve as the lead lobbyist for the firm on behalf of the City of Plantation. He would work closely with the City to devise the general, overall strategy for implementing the government affairs program and legislative package. Mr. Book would also provide all traditional lobbying duties, including, but not limited to arranging meetings with legislators, preparing legislation, including substantive bills and amendments, preparing any budget documents, preparing support materials, and appearing and testifying before committees, as necessary.

As well as Mr. Book's proposed representation, the firm's associate lobbyists, Ms. Kelly C. Mallette, and Ms. Rana G. Brown, each with diverse experience and unique insight into the legislative process, would perform the secondary responsibilities in the firm's representation.

- **Rana G. Brown, Ronald L. Book, P.A.** Ms. Brown would assist with all traditional lobbying activities as described above.
- **Kelly C. Mallette, Ronald L. Book, P.A.** Ms. Mallette would assist with all traditional lobbying activities as described above.
- As required by RFSP 075-21, Ronald L. Book, P.A. has not had any significant organizational changes that have occurred in the last two (2) years nor are anticipated in the future.

TAB 3 Individual Profile

- **Individual Profile, including the number of years providing State lobbying services and current resume which includes level of experience and governmental agencies served.**

**Ronald L. Book, Esq. | Founder, President and CEO
Ronald L. Book, P.A.**

Mr. Book is President and Chief Executive Officer of Ronald L. Book, P.A., a law firm that specializes in government affairs. Established in 1987, it is considered one of the premier lobbying firms in the state. Ron's history in the Florida political process dates back to the 1970's, when he began working for the Florida Legislature. He later served as Special Counsel to Florida Governor Bob Graham and as Director of the Administrative and Governmental Law Department for Miami-based Sparber, Shevin, Shapo, Heilbronner & Book, one of Florida's most influential law firms from 1977 to 1987.

Since opening his own firm in 1987, Ron has developed a client list that is literally a "who's who" of local governments, business and industry, health care and not-for-profit associations. His reputation as a hard worker, dedicated to his client's causes, has earned him a place in the upper echelon of Tallahassee power. Associates, clients, and lawmakers describe Ron Book and his firm as committed, tenacious, knowledgeable, and credible.

It is difficult to narrow Mr. Book's areas of expertise to simply a few. He has experience with a vast array of issues including appropriations, economic development, environmental remediation, public finance and tax issues, human and social services, transportation, growth management, health care, seaports, and aviation, and many, many more. Simply put, if it is an issue that you have read about, Mr. Book has been at the center of the debate, influencing the decisions of policymakers for the past 45 legislative sessions.

Over his career, Mr. Book is responsible for literally, billions in appropriations to various clients. During the 2017 and 2018 sessions, the firm secured over \$200 million for clients, more than \$24 million of which was for local water projects. In addition to that, Mr. Book has the following iconic, legacy accomplishments, of which the firm is very proud.

- Negotiation of Port of Miami Tunnel Project, which Mr. Book revived after it was shelved by the Governor;
- Passage of the Extremely Low-Income housing program and \$30 million in initial funding;
- Reauthorization of the Affordable Housing Surtax for Miami-Dade County;
- Dedicated revenue source amounting to millions for the Miami Project to Cure Paralysis
- \$50 million special appropriation for Jackson Health System
- Passed legislation authorizing a long-term lease (\$1 per year) of the South Florida Evaluation and Treatment Center for Miami Dade County, which yielded an \$18 million savings to the County
- \$55 million for the Port of Miami Deep Dredge

Mr. Book is a member in good standing of the Florida Bar. He is a registered lobbyist and a member of the Florida Association of Professional Lobbyists.

PERSONAL:

His firm, Ronald L. Book, P.A., has recently celebrated its 30th year anniversary. Further, it should be noted, that of all his accomplishments Ron is most proud of his children, Lauren, Samantha, and Chase and his grandchildren: Quentin and twins Kennedy Grace and Hudson Lee.

TAB 4 Qualification of Firm and Individual Lobbyists

➤ **Ronald L. Book, P.A. Qualifications:**

Ronald L. Book, P.A. abides by three key principles that ensures our ongoing successes when organizing and managing lobbying activities and projects for our clients,

1. **Be Prepared.** We assist our clients in the preparation of a substantive legislative agenda, with concise, defined goals that is readily available prior to the commencement of the legislative session. It is also important to be prepared every time, as a lobbyist, you walk through the doors of the state Capitol. We prepare by learning and knowing your issues, so that we can easily communicate the message. We are well prepared for every interaction with a legislator or staff member and every committee appearance. We are also prepared with support materials, including draft language, talking points and budget figures. Providing accurate information in a professional and timely fashion is critical to success.
2. **Work Hard.** In Tallahassee, there is simply no substitute for hard work. We are proud that our firm is known as one of the hardest working firms in Tallahassee. We start early and finish late. Issues at the state Capitol can change in an instant. As a client, it is important for you to know that we are available 24-hours a day, 7-days a week during the legislative session. We know that in order to be successful, every minute counts. Whether it is weekend budget conference meetings or late night floor debate and amendments, our team will be in the Capitol representing the City's interests. We have the dedication and determination to get the job done.
3. **Communicate.** Ease in communication and accessibility are essential to accomplishing your goals. We have an open door policy in our office, and will make ourselves easily available to City staff and officials during the session. We are easily reachable, through phone, email, text messages, and our office staff always knows where to find us. Whether it is a quick meeting in the Capitol to review a newly filed amendment, a late night review of the activities of the day or an early morning meeting or conference call with a committee chairman, we are prepared to communicate with you – and communicate your message – at all hours. We also take great pride in providing informative, accurate and timely formal written reports, email updates as necessary, and City meetings as requested.

Mr. Book will serve as the lead lobbyist and will serve as the direct contact to the City of Plantation. It would be Mr. Book's responsibility to work directly with appropriate Plantation staff on issues to come before the Legislative and Executive branch. His associates, Ms. Mallette and Ms. Brown will work with Mr. Book, in consultation with City staff, on issues based on each individual's area of expertise.

Due to the fast-paced nature of the legislative process, our approach must be aggressive and seamless. Throughout our long history working in Tallahassee, we have been available at a moment's notice to discuss strategy, provide intelligence or respond to a crisis.

We pledge that we will treat every issue – every amendment, every bill, and every budget request – as a priority, and we will adopt a proactive approach. Furthermore, we understand that the legislative process is not a process that begins and ends in the 60-day legislative session, but rather a year-round process that requires constant vigilance, commitment, and dedication.

Our approach to representation of the City of Plantation before the Legislature and Executive branch of Florida government, is wide-ranging. More specifically, our firm specializes in providing the following

services during the 60-Day legislative session and throughout the year. Our comprehensive approach includes the following action items:

- Work closely with the City staff to ensure a strong and consistent legislative program, in the development of the annual legislative agenda, and the City's funding request objectives to address the City's objectives and positions.
- Promote and advance all of the City of Plantation legislative issues and funding objectives from start to end, securing sponsors, having the issue heard in committees and by the full Legislature, and through the executive branch to completion.
- Raise, discuss, and recommend any affirmative legislative action that may benefit the City.
- Assign a designated person to closely monitor, review and advise on all substantive floor amendments and bills.
- Assist with the drafting and analysis of proposed legislation, and recommending amendments as necessary.
- Provide a full range of lobbying, legislative counsel, and advocacy services including representing the City by testifying at committee meetings on behalf of the City's objectives.
- Prepare reports advising the City of the current status of legislation during the legislative session.
- Report and meet with City staff on a weekly or as needed basis during the legislative session, interim committee meetings and special sessions on those issues important to the City and the actions taken on such issues.
- Report and be available to meet with the City as needed when the Florida Legislature is not in session.
- Prepare weekly reports during session, advising the City of the current status of all issues that they are monitoring or tracking that may affect Plantation, actions taken on such issues, and recommendations for future action on issues.
- Be available on a 24-hour basis during session; assist in drafting, interpreting, and monitoring legislation and regulations; draft legislation, amendments, proviso language, position papers, and testimony.
- Arrange for meetings with members of the House and Senate leadership, the Miami-Dade County Legislative Delegation, and other members of the state Legislature, including those in leadership positions and on key committees, senior staff of the state legislature and key officials in the Governor's office and critical state agencies. Coordinate with the Florida League of Cities and municipal lobbyists, creating coalitions to affect wide ranging municipal issues, as needed throughout session.
- Provide a comprehensive end of session report detailing the resolution of all issues worked on for the City.
- Work to advance the City's issues within the Executive Branch of government, including State agency's as it pertains to policies and regulations, rules, departmental grants, and funding issues.

Our firm offer unparalleled knowledge and experience in the political process, gained from direct participation in the process. Each member of our firm has, at one time or another, worked for government. Hence, we bring the kind of perspective that only an "insider" can offer. With nearly 100 years of experience in legislative affairs between us, we stand ready to continue our representation of the City of Plantation. We are confident that we can provide meaningful and effective service as we work toward accomplishing your legislative goals.

- **Ronald L. Book, P.A.** has a depth of knowledge and experience in the legislative, appropriations, administrative, and regulatory processes at the state level. To illustrate this experience, listed below are accomplishments we have had on behalf of our local government clients in the many issue areas addressed each year in Tallahassee. Included in Tab 5 is a listing of some of our appropriations successes on behalf of our clients.

Finance and Taxation: Our firm has been involved in many finance and taxation issues, perhaps the most notable accomplishment is the renewal of the Miami-Dade County Affordable Housing Surtax. Also, we worked with the County team for the approval of legislation which implemented Amendment 4, and provided a tax exemption of 80% of the value of solar and renewable energy devices from property taxes on real and tangible personal property. However, the most significant finance and taxation issue was during the 2017 session which was legislation to place a constitutional amendment on the ballot that would provide an additional \$25,000 homestead exemption.

Environmental Issues: On behalf of our municipal and County clients, environmental issues are priorities each year in Tallahassee. Below are examples of our work in this area.

- **Water and Sewer Issues/Projects:** Local government water projects provide flood relief, water quality issues, septic to sewer conversions, large scale drainage pipe and sewer upgrades and repairs, are often funded through what is known as the water project process. On behalf of our municipal clients as you will see within this section, our firm has immense experience with appropriations funding through the water project process, and combined, we are responsible for multiple millions in funds for water projects appropriated by the Legislature. We excel at the water project process because we work closely with our municipal clients to file projects that meet or exceed House and Senate standards.
- **Resiliency Initiatives:** We have worked with various local governments to advise and secure funding for resiliency projects and surrounding policy at the state and local levels, including grant application in the area of undergrounding, an expensive endeavor, sought state-wide. It is critical that local governments focus on seeking policy directives and incentives including financing and funding for storm hardening projects and the undergrounding of electrical lines, at both the State and County levels.
- **Funding for Environmental Issues:** We have worked to encourage funding for Everglades restoration, and supported efforts to provide additional water storage south of Lake Okeechobee to reduce discharges, which included \$64 million. We additionally supported efforts to ensure the Legislature approved \$50 million for repairs to the Herbert Hoover Dike. Those funds are in addition to \$109 million provided for the Comprehensive Everglades Restoration Plan (CERP) in the 2017-18 Appropriations Act. We have also assisted in ensuring that the state provides adequate mosquito control to prevent the spread of the Zika virus as well as access to health-related funds for Zika testing and treatment.
- **Florida Keys:** Representing the City of Marathon, our firm is part of a Keys-wide municipal and county team that has worked over several years, to successfully secure tens of millions of dollars in funding for municipal projects located in the Florida Keys Area of Critical State Concern. Funding is specifically to finance or refinance the cost of constructing sewage collection, treatment, and disposal facilities, building projects that protect, restore, or enhance nearshore water quality and fisheries, such as stormwater or canal restoration projects and projects to protect water resources available to the Florida Keys, or for the purpose of land acquisition within the Florida Keys Area of Critical Concern (as authorized pursuant to s. 259.045, F.S.), with increased priority given these acquisitions that achieve a combination that includes protecting Florida's water resources and water recharge.

Transportation Issues/Transit Funding: On behalf our various county and municipal clients, transportation and transit funding issues remain key priorities. Below are examples of our work in this area.

- On behalf of the **Miami-Dade TPO/MPO**, during the 2021 Session we successfully amended s. 338.166, F.S., to allow flexibility in the use of toll revenue remaining after bond debt payments, operations and maintenance, for transportation projects, including transit, within counties where revenues were collected. Previously, Florida law allowed for the toll revenues to be used solely for roads on the State Highway System, and for express bus service on the facility where the toll revenues have been collected. With Miami-Dade County unable to accommodate new roads, millions in funding remained unused. Working FDOT and other entities, we developed amendment language that would allow toll revenues to be used not only for roads and express bus service, but also for other public transportation projects. In Miami-Dade County, surplus funding estimates are approximately \$50 million or more. Broward County is also positively affected as the County also generates surplus funds.
- Our firm has worked closely with Legislative leadership as well as the South Florida Delegation, to ensure full funding of the **Miami-Dade County Transportation Five Year Plan** over the last several years. Additionally, we assisted in the approval of the passage of legislation that requires the Miami-Dade Expressway Authority, (MDX), to dedicate a portion of its surplus revenues to transportation and transit-related expenses for projects in municipalities and counties in which MDX operates.
- We have worked to pass legislation that addresses insurance liability issues for the **South Florida Regional Transportation Authority (SFRTA)** which operates commuter rail service in Palm Beach, Broward, and Miami-Dade counties. Legislation allowed the SFRTA to indemnify the Florida East Coast Railway (FECR), and All Aboard Florida (AAF).
- Regarding **municipal representation on the local MPO/TPO**, the City of Doral, and the City of North Miami Beach, are two rapidly growing cities. Both of which were reaching the required population threshold of 50,000 that would allow them a seat on the local MPO. A few years ago, an amendment to the state's transportation package was filed that would have restructured the membership of the MPO and raised the population threshold from 50,000 to 60,000, intended to exclude growing metropolitan area cities. Our firm quickly mobilized and successfully worked with the parties involved to remove that provision and keep the population threshold at 50,000.

Human Services: We are proud that over the years we have consistently secured and increased funding for a number of local and municipal meal programs. Additionally, we advocated and were successful for increased funds to reduce the waitlist for the Community Care for the Elderly Program and the Home Care for the Elderly Program. The Legislature has also increased funds for community mental health and substance abuse services. Finally, the Legislature fully funded the waitlist in the Agency for Persons with Disabilities, ensuring that those in need of services will be able to access them.

Homeless Programs: Miami-Dade County's homeless programs are models for the state and the nation. As the longtime volunteer chairman of Miami-Dade County's Homeless Trust, Mr. Book has particular expertise in this area. Many years ago, Mr. Book joined with community leaders, and led the County's lobbying effort, to authorize the 1% food and beverage tax which provides a dedicated funding source for care of the homeless. Each and every year, we fight to ensure that a portion of affordable housing funds are set aside for homeless programs, and in 2017 approximately \$5.2 million was appropriated for that purpose. We have also secured funding for:

- Miami Dade Crisis Outplacement Program, which provides beds for those suffering from mental health and substance abuse issues.
- Miami-Dade's Jail GAP Diversion program, which diverts homeless, mentally ill from our jails to appropriate housing and provides critical services.
- Additionally, Ron Book led the effort to create the extremely low income program, and secured \$30 million in initial funding for the program.

Economic Development and Tourism: Over several years, leadership support varied as it considered requests for funding of economic development projects, including measures to eliminate Enterprise Florida

(EFI) entirely with its existing economic development programs. Significant cuts have been made to reform VISIT Florida. A number of years ago, during budget conference negotiations, the Senate opposed the House efforts to make these eliminations, although they did agree to cuts to these agencies. However, after vetoing the education budget, the Governor at the time called the Legislature back to Tallahassee for a special session to fund these programs. After several days of tense negotiations, the House and Senate agreed to provide \$85 million for the Job Growth Grant Fund, to support infrastructure projects and workforce job growth and \$76 million for VISIT Florida. We worked closely with our local government teams to urge support for full funding of VISIT Florida. We also secured \$18 million in economic development for the City of Miami Gardens, utilizing the Enterprise Zone maps as they existed prior to their sunset, to build two pedestrian safety bridges and an underground pedestrian safety tunnel. These pedestrian enhancements will support recent renovations at Hard Rock Stadium, detailed above in the section on transportation.

Criminal Justice/Juvenile Justice: Mr. Book and Senator Lauren Book have been the leaders and experts in the area of strengthening laws to address sexual offenders and predators, for over a decade. In addition to that critical work, our firm has passed legislation with enhanced penalties for domestic violence, successfully advocated for funding for a problem-solving court, driver's license reinstatement pilot program, to ensure low level offenders working to pay fines are able to drive to work to do so. The area of criminal and juvenile justice are two areas which are often targeted for cost shifts. Over several years, we have worked on behalf of local governments to be vigilant in ensuring that legislators do not attempt to shift state costs to local taxpayers. While cost shifts in this area are of primary concern, we must also protect state funding for the essential programs such as, the County Juvenile treatment programs.

Public Works Issues/Project Funding: Our experience and success in the Appropriations arena is unsurpassed. We have secured multiple millions of dollars for municipal infrastructure projects such as buildings, emergency operations centers, parks, beaches, hospitals, canal rehabilitation, pedestrian bridges, sidewalk upgrades, parks, including special needs parks, and park lights, water treatment facilities, water supply, wastewater, stormwater, septic to sewer, and various other areas, over many years. We have also passed legislation to amend the state's ocean outfall law to provide fiscal relief for taxpayers. Funding for municipal public works projects are included in the appropriations list within this section.

Home Rule Authority: Representing local governments has given our firm the opportunity to become experts in the area of maintaining local authority in addressing needs of communities. We have worked over multiple years to oppose attempts by the State to preempt local regulation of vacation rentals, state regulation of CRAs, and the repeal of red light camera use by local governments among many other issues.

Human Resources/Employee Benefits/FRS: Each year, on behalf of city and county clients, we are involved with the Florida League of Cities as well as the Florida Association of Counties, to address the changes proposed for municipal retirement as well as for the FRS system. Changes to these systems are proposed each year, and we have continually worked to ensure local government issues, from general employees, to fire fighters and police, are addressed.

Health Care: Our experience matters related to health care issues are extensive. Health care representations are a specialty of our practice. From large hospitals and hospital systems, to Federally Qualified Health Centers to nursing homes to hospice providers to community mental health centers, we are well known for our health care expertise. Recent issues we have worked on that are health care related and would most align with Ascensions' agenda are as follows: Certificate of Need, 24-hour Ambulatory Surgery Centers, 72-hour Recovery Care Centers, Trauma Center Regulation, Advanced Birthing Centers, Inpatient and outpatient rates, Graduate Medical Education, Low Income Pool, and Disproportionate Share Funding.

Unfunded Mandate Avoidance: On behalf of our city and county clients, each year we are focused on all regulations and requirements proposed in the House and Senate, and the cost it would impose on local governments. It is our mission each Session to understand the impacts to local governments and convey that message to legislators, leadership in the House and Senate, as well as to the Governor and his staff.

Emergency Management/Disaster Mitigation: Over many years, our firm has had extensive experience in both the disaster management and mitigation area as well as in emergency management funding through the State budget. We have secured millions in funding for various Emergency Operations Centers, for multiple clients.

Solid Waste/Recycling/Waste to Energy: Through legislative funding, each year we have been successful in obtaining millions in funding for local government projects, which include projects that are solid waste and waste to energy related. Regarding recycling, each year the members file legislation that would restructure and enhance the state's recycling program, however, the legislative body has not allowed this to become a priority in recent years.

Court Issues Funding: In past years, our firm was involved in efforts of funding for Counties through the revision 7 to Article V of the Florida Constitution, which worked to specify what costs were to be borne by the state and by the local governments. This intricate issue was a key issue for County governments for multiple years. We worked to have State costs specifically addressed by the State and not by County governments. Also included above, is information on our work obtaining funding for various specialty courts. We have successfully advocated for state funding for specialty courts, as well as for a pilot project for a "problem-solving court" which would provide for a driver's license reinstatement program, to ensure low level offenders working to pay fines are able to drive to work to do so.

In more recent years, on behalf of Broward County, we were involved in the County Court Security policy and funding and who would ultimately retain responsibility. We opposed legislation that would have shifted responsibility for funding for courthouse security from to the County Sheriff, from the owner and operator of the Courthouse, the County government. This included shifting the responsibility for security plans for each courthouse. Early drafts of legislation would have required the Sheriff to provide security within a courthouse, and to coordinate with the Chief Judge in developing a security plan. Eliminating the County's role. We worked to include the Governing Board of the County to the working group of the Sheriff's office and the Chief Judge, on security matters. Also, we worked to ensure that the Sheriff and County retain operational control in the process by which decisions are made for security. Through our work with County staff, we were able to ensure the bill was not heard.

Florida Recreation Development Assistance Program Grants (FRDAP): The Department of Environmental Protection, through the Land and Recreation grants process, administers grants to local governments through the Florida Recreation Development Assistance Program (FRDAP). This competitive reimbursement grant program provides financial assistance for acquisition or development of land for public outdoor recreation. Our firm has consistently led the effort in advocating for funding in the state budget each year of the FRDAP program. We prioritize FRDAP funding as it is one of the few places in the state budget that addresses local parks.

Local Government Grants: In addition to FRDAP above, over many years our firm has been a leading advocate for funding for the numerous grant programs that are funded through the Legislative budget process, including:

- Florida Communities Trust
- Cultural Facilities Program
- Cultural Affairs Program

- Historic Preservation
- Libraries Funding Programs
- Florida Recreation Development Assistance Program

We have also worked to secure funding for various projects that did not expressly qualify for various grant programs, but were nonetheless important and worthwhile. A good example is the Miami Military Museum, which has received millions in funding over several years.

Local bills: Over many years, we have worked on behalf of our local government clients on various local bills, detailed information on a recent example is included in the client references above, for the City of Marco Island.

We passed a local bill that allowed for the Florida Department Health to issue the City a COPCN license to provide basic and advanced life support services, without the city obtaining a COPCN from Collier County. This bill provided the DOH could issue the City of Marco Island a license directly and requiring the City to meet the statutory mandates for the issuance of a license including fees, to provide equipment meet departmental standards, maintain insurance providing coverage for injury, death, and property damage, and a ballot item approved by the majority of electors voting in support.

- **Key firm individuals who comprise the team to provide services requested. Provide a resume or curriculum vitae for each individual and indicate the percentage of their time that would be devoted to services for the City.**

At Ronald L. Book, P.A., we have an open-door policy in our office and make ourselves easily available to clients and elected officials during the session. We are always reachable, through phone, email, text messages, and our office staff always knows where to find us. Due to the fast-paced nature of the legislative process, our approach must be accessible, aggressive, and seamless. Throughout our long history representing clients in Tallahassee, we have been available at a moment's notice to discuss strategy, provide intelligence or respond to a crisis, and will continue to do so.

Kelly C. Mallette | Senior Director of Government Affairs
Ronald L. Book, P.A.

Kelly Mallette has been a lobbyist in the firm for 18 years. She provides lobbying and advocacy services for numerous firm clients, including not-for-profit organizations, professional associations, and multiple local governments. She has been instrumental to the firm in securing funding for special projects and making various substantive changes which are now law in Florida. Kelly is known amongst the firm's clients for her superior communication skills, both verbal and written. It's not unusual for a client to see Kelly's writing end up in official documents like veto messages, speeches, and substantive legislation. Kelly's experience as a Senate aide to the former Chairman of the Senate Appropriations Subcommittee on Health and Human Services has provided her with a unique insight into Florida's budget process, including knowledge of important policies and priorities, and strong relationships with appropriations staffers.

Kelly's entry into Tallahassee politics began many years ago, when, at the age of 19, she worked as an intern to one of Florida's most recognized lobbyists. She later served as Senior Policy Advisor to the Mayor of Miami. Active in Republican politics, Kelly is on the Board of Directors of the Miami-Dade Republican Party, and is also the chair of the Finance Committee. She was named Republican of the Year for Miami-

Dade County in 2015, and she has been a delegate at each of the last three Republican National Conventions. Kelly recently served a 4-year term as a Commissioner in the Village of Biscayne Park, her hometown. She is a registered lobbyist and a member of the Florida Association of Professional Lobbyists.

**Rana G. Brown | Government Affairs Consultant
Ronald L. Book, P.A.**

In 2008, Rana Brown joined Ronald L. Book, P.A., with over 16 years of experience in government affairs. Ms. Brown is a Government Affairs Consultant for Ronald L. Book, P.A. She specializes in legislative procedure with emphasis on state and local government and various private sector interests. Ms. Brown works directly with all firm local government clients, providing direct legislative and appropriations services, and for the Florida Regional Councils' Association, a statewide organization.

Her work with multiple local governments as well as with the Florida Regional Councils' utilizes her in-depth knowledge of municipal issues. Prior to joining Ronald L. Book, P.A., Ms. Brown headed the Advocacy Department of the Greater Miami Chamber of Commerce where she was tasked with an overall restructure of the Chamber's government affairs department, to address issues affecting the business community at the local, state, and federal levels. Prior to her work at the Chamber, Ms. Brown held the position of Assistant Director of Intergovernmental Affairs within the office of the Mayor of Miami-Dade County, where she worked on behalf of the County before the Florida legislature, state agencies and executive branch. Ms. Brown's experience also includes nine years as staff in the Florida Senate, several of which were in the office of the Senate President, and six years as a legislative assistant to a South Florida legislator. Ms. Brown holds a B.A. in History from Florida State University. She is a registered lobbyist and a member of the Florida Association of Professional Lobbyists.

KELLY C. MALLETT

PROFESSIONAL PROFILE

Kelly Mallette is a results-driven public and government affairs specialist with expertise in government relations, lobbying and advocacy, public relations, community outreach and media communications. She is bright, resourceful and determined, with excellent relationships amongst government and community leaders and stakeholders.

Director of Government Affairs • Ronald L. Book, P.A.

November 2002 to Present

18851 NE 29 Avenue, Suite 1010, Aventura, FL 33180, (305) 935-1866

104 W. Jefferson Street, Tallahassee, FL 32301, (850) 224-3427

Ronald L. Book, P.A. is considered one of the most prestigious lobbying and governmental relations firms in Florida. The firm represents a long list of clients including Fortune 1000 companies, healthcare providers, professional sports franchises, community organizations and professional associations.

Provided legislative, government relations, strategic planning and public relations services, including direct legislative lobbying, legislative drafting services, legislative research, analysis and monitoring, report preparation, legislative committee testimony, and other services for the firm's clients. Built broad-based coalitions of support for key issues. Acted as client spokesperson before the Legislature. Served as liaison between clients and legislators, cabinet members, and state agencies. Provided various public relations services for the firm's clients, including media relations and strategy, community outreach and development and implementation of charitable and fundraising plans. Developed relationships between clients and stakeholders, including community organizations and public interest groups. Provided planning and logistics services for charitable and political fundraising events.

Senior Legislative Aide • Office of Senator Ronald A. Silver

October 1999 to October 2002

12000 Biscayne Boulevard, Suite 411, North Miami, FL 33181, (305) 893-4088

Senator Ron Silver began his service in the Legislature in 1978. He was the Dean of the Legislature and Chairman of the Appropriations Subcommittee on Health and Human Services.

Assisted the Senator in preparing his annual legislative agenda, including legislation and budget items. Formulated, prepared, reviewed and analyzed legislation and budget requests. Utilized knowledge of Senate rules and procedures to forward the Senator's agenda including making presentations before legislative committees and staff, working with members of the Senate, House of Representatives, Cabinet members, executive staff and lobbyists. Responsible for a working knowledge of current issues, Florida laws as well as detailed knowledge of legislative and budget processes. Prepared briefing papers, speeches, press releases, advertisements, position papers, newsletters and press packets. Hired and supervised legislative staff. Acted as Executive Director of Ronald A. Silver

Charitable Foundation, duties included fundraising and organization of annual fundraising gala, management and oversight of financial accounts.

Senior Policy Advisor • Office of Mayor Joe Carollo

July 1997 to September 1999

3500 Pan American Drive, Miami, FL 33133, (305) 250-5300

Mayor Joe Carollo was the Mayor of the City of Miami during the City's financial crisis, one of the most difficult times in the city's history.

Advised on all policy matters. Researched and prepared Mayor Carollo for all city commission meetings. Drafted and reviewed legislation. Acted as formal press secretary including direct contact with members of the press, both print and broadcast. Wrote and issued formal press releases, and coordinated media conferences. Acted as liaison between the Mayor's office and the city administration as well as other local, state, national, and international agencies. Prepared speeches for mayoral presentations including annual state-of-the-city address and budget address. Organized large-scale special events including the annual state-of-the-city address. Advised on matters of protocol including meetings with various heads of state of international governments. Delivered speeches and proclamations on behalf of the mayor, and represented him at various political and community events.

AWARDS, HONORS AND AFFILIATIONS

- Commissioner, Village of Biscayne Park
- Board Member, Safe Neighborhood Parks Bonds Committee, appointed by Miami-Dade County Commissioner Sally Heyman
- Board of Directors, Downtown Bay Forum
- City of Miami Beach Certificate of Appreciation for Outstanding Service

Provide a detailed summary of your knowledge and experience in securing funds for public infrastructure or public services through the state appropriation process and through discretionary grant programs.

Ronald L. Book, P.A. Appropriations Accomplishments

To illustrate our firm's expertise in the funding and appropriations arena in issue areas critical to the City, we choose to let the results speak for themselves. Our firm's success in the appropriations arena is simply unrivaled. Below is a list of appropriations secured for local government clients over the last five (5) Sessions. It is important to note, this list is a sample of funding secured by our firm and covers the wide variety of issues.

2021

- \$562,000 for the Miami-Dade County Homeless Trust – Housing First Program
- \$158,184 for the Broward County Commission – Long-Acting Injectable Buprenorphine Pilot
- \$426,604 for the Broward Health – Integrated Medication Assisted Treatment Response (iMATR)
- \$500,000 for the Medication Assisted Treatment & Telehealth Enhanced Recovery (MATTER)
- \$250,000 for the City of Lauderdale Lakes Alzheimer's Care Center
- \$1,700,000 for the City of Miami Badia Senior Center
- \$225,000 for the Nancy J. Cotterman Crisis Intervention Programs
- \$470,000 for the Aventura Curbing of Swale Flooding on Country Club Drive
- \$450,000 for Brevard County Indian River Lagoon 50 Septic Upgrades
- \$585,000 for Brevard County Indian River Lagoon 65 Quick Connects to Sewer
- \$2,500,000 for Brevard County Indian River Lagoon, FL-518 Bridge Muck Removal
- \$125,000 for the Cooper City SW 49 Street Culvert Rehabilitation/Replacement
- \$200,000 for the Coral Gables Galiano Street & Madeira Avenue Stormwater Improvements
- \$200,000 for the Doral Stormwater Improvements NW 89 Pl (25020 St.) & NW 24 Terr (89-25)
- \$399,695 for the Lauderdale Lakes Water Quality Improvements/Canal Bank Restoration
- \$370,000 for the Marco Island San Marco Road Tide Leveling/Canal Flushing Improvement Project
- \$500,000 for the Margate Utilities Supervisory Control and Data Acquisition (SCADA) System Upgrades
- \$1,500,000 for the Miami Golden Pines Neighborhood Improvements

- \$250,000 for the Miramar Historic Miramar Drainage Improvements Phase IV
- \$500,000 for the Sunrise Stormwater Pump Station #5 Replacement
- \$300,000 for the Tamarac C-14 Canal Erosion Mitigation
- \$500,000 for the Seminole County Little River Wekiva River Restoration
- \$108,550 for the Pinellas Park Roadway Safety & Community Mobility Project
- \$375,000 for the Coral Gables Coral Way and Granada Boulevard Intersection Improvements
- \$3,000,000 for the Miami – Little Havana Pedestrian Priority Zone
- \$1,000,000 for the Brevard County Emergency Operations Center Construction

2020

- \$200,000 for City of Lauderdale Lakes Alzheimer's Care Center
- \$1,000,000 for Brevard County Septic to Sewer Conversion for 1019 Homes
- \$2,200,000 for Brevard County Water Quality Improvements
- \$350,000 for Seminole County Lake Jesup Watershed Project
- \$350,000 for Doral Intersection Signalization Pedestrian Safety
- \$1,200,000 for a Regional Hurricane Evacuation Studies Update
- \$1,000,000 for Brevard County EOC Construction Phase I Completion
- \$2,000,000 for Firefighters Cancer Research

The above funding items were accomplished despite Florida's economic downturn as our state reacted to the Covid-19 pandemic. The Governor vetoed an historic \$1 billion of projects funded, many of which were municipal projects, including some that our firm secured in the FY 2020 budget.

2019

- 250,000 for Lauderdale Lakes Alzheimer's Care Center
- \$252,106 for Aventura Curbing of Swale Flooding Country Club Drive
- \$300,000 for Bal Harbour Village Storm Water System Improvements
- \$500,000 for Brevard County Septic to Sewer Conversion for 1019 Homes
- \$100,000 for Coral Gables Stormwater System Improvements
- \$200,000 for Doral Stormwater Improvements NW 114th Avenue/50th Street
- \$500,000 for Fort Myers Beach Stormwater Improvements

12. Provide a list of similar projects, which have been completed within the past five (5) years, including project description, owner's names, addresses and phone numbers.

- Below is a sampling similar projects completed within the past five years by Ronald L. Book, P.A.

City of Aventura

Contact: Mr. Ron Wasson, City Manager

Address: 19200 W. Country Club Drive Aventura, FL 33180

Telephone: 305.466.8910

Project Description: We have secured funding for improvements to multiple stormwater projects, seawall restoration improvements, and roadway curbing projects to mitigate flooding:

- \$470,000 - Aventura Curbing of Swale Flooding on Country Club Drive (2021)
- \$252,106 – Aventura Curbing of Swale Flooding Country Club Drive (2019)
- \$200,000 – Aventura NE 183rd Street Seawall Restoration Improvements (2018)
- \$100,000 – Aventura NE 191st Street Stormwater Retrofits (2017)
- \$425,000 – Aventura NE 29 the Place Stormwater System Retrofits (2014)

Brevard County

Contact: Mr. Frank Abbate, County Manager

Address: 2725 Judge Fran Jamieson Way Viera, FL 32940

Telephone: 321.633.2001

Project Description: The County's priorities have been to obtain state funding for both the County's Emergency Operations Center and for critical regional environmental funding. On behalf of the County, we have secured funding the Brevard County Emergency Operations Center, water projects, and muck removal project funding. Specific funding projects for Brevard County over the past five years, are listed below:

- \$450,000 – Brevard County Indian River Lagoon 50 Septic Upgrades to Advanced Treatment Systems (2021)
- \$585,000 - Brevard County Indian River Lagoon 65 Quick Connects to Sewer (2021)
- \$2,500,000 - Brevard County Indian River Lagoon, FL-518 Bridge Muck Removal (2021)
- \$1,000,000 - Brevard County Emergency Operations Center Construction (2021)
- \$1,000,000 - Septic to Sewer Conversion for 1019 Homes (2020)
- \$2,200,000 - Water Quality Improvements (2020)
- \$1,000,000 - Brevard County EOC Construction Phase I Completion (2020)
- \$500,000 - Septic to Sewer Conversion for 1019 Homes (2019)
- \$513,500 - Brevard Emergency Operations Center Construction (2019)
- \$1 million - Brevard County Emergency Operations Center Construction (2018)
- \$1.5 million - Brevard County Emergency Operations Center (2017)

City of Doral

Contact: Chief Hernan Organividez, Interim City Manager

Address: 8401 NW 53rd Terrace, 3rd Floor Doral, FL 33166

Telephone: 305.593.6690

Project Description: Two examples of work completed for the City includes funding various projects and defeating attempts to reform membership of the Metropolitan Planning Organization. The City of Doral, as well as the City of North Miami Beach, (another firm client) are two rapidly growing cities in South Florida, both of which were reaching the required population threshold of 50,000 that would allow them a seat on the local Metropolitan Planning Organization. Several years ago, an amendment to the state's transportation package was filed that would have restructured the membership of the MPO and raised the threshold for

membership from 50,000 to 60,000, intended to exclude growing metropolitan area cities. Our firm successfully worked with the parties involved to remove that provision and keep the population threshold at 50,000.

We have secured millions in funding for the City's stormwater improvement projects, community center, intersection signalization for pedestrian safety. Below are some recent examples.

- \$200,000 - Stormwater Improvements NW 89 Pl (25020 St.) & NW 24 Terr (89-25) (2021)
- \$350,000 - Intersection Signalization Pedestrian Safety (2020)
- \$200,000 - Doral Stormwater Improvements NW 114th Avenue/50th Street (2019)
- \$447,500 -Doral Pedestrian Safety and Roadway Improvements 112th Avenue (2019)

City of Marco Island

Contact: Mike McNees, City Manager, Mike Murphy, Fire Chief (retired)

Address: 50 Bald Eagle Dr, Marco Island, FL 34145

Telephone: 239.389.5000

Project Description: COPCN License: Pursuing legislation that would allow for the City to apply for a COPCN license directly from the State. During the 2018 Session on behalf of the City of Marco Island, we pursued and passed a local bill allowing the City to apply for and be issued a Certificate of Public Convenience and Necessity (COPCN) directly from the State. The bill allowed for the Florida Department Health to issue the City a COPCN license to provide basic and advanced life support services, without the city obtaining a COPCN from Collier County. The local bill provided that the DOH could issue the City of Marco Island a license directly to provide basic and advanced life support services. This would require the City to meet the statutory requirements for the issuance of a license including required fees, provide equipment met departmental standards, maintain insurance providing coverage for injury, death, and property damage, and a ballot item approved by the majority of electors voting in support. HB 1395 (2018) passed and was approved by the Governor.

City of Miami Beach

Contact: Michele Burger, Chief of Staff to the Mayor

Address: 1700 Convention Center Drive Miami Beach, FL 33139

Telephone: 305.673.7035

Project Description: Vacation Rentals - Maintaining local regulation/opposing state preemption. Throughout the last several Legislative Sessions we have continued to play a major part in fighting this state preemption, working closely with the Florida League of Cities (FLC) and Rutledge Ecenia, to oppose this bill. Throughout, we worked to gather support for several substantive, issue-based amendments in an effort to call attention to expected issues with a local government preemption of regulation to the state. In addition to the City of Miami Beach, we worked on behalf of many of our municipal clients, including the Cities of Doral, Coral Gables, Sunny Isles Beach, and others, over the past several years.

These critical issues that would arise from a state preemption of regulation include the need for a registry, enforcement and a notification process for sexual offenders staying in a vacation rental; requirement of licensure and inspection of vacation rental by DBPR allowing inspectors right of entry and access to vacation rental establishments at any reasonable time; clarification that Condominium and Homeowner Associations rules and bylaws remain in effect as it pertains to limiting an owner's use of property as a vacation rental; and the creation of a reporting system for instances of discrimination. Other issues include occupancy limits, excess noise, trash, parking, and neighborhood safety. See SB 188, HB 425 (2017), SB 1400, HB 773 (2018), HB 987, SB 824 (2019), SB 1128, HB 1011, (2020), SB 522, HB 219 (2021). We have successfully been able to maintain local regulation of vacation rentals.

City of Sunny Isles Beach

Contact: Mr. Chris Russo, City Manager

Address: 18070 Collins Avenue Sunny Isles Beach, FL 33160

Telephone: 305.792.1731

Project Description: Over the course of our representation we have secured funding for drainage improvements, for two pedestrian bridges, and with the restoration of a beach pier, an important economic development project. Needed for resident and tourist safety, the two pedestrian bridges span the busy main street of A1A, and are the North Bay Road Emergency Pedestrian Bridge and the Pedestrian Bridge on Collins Avenue at Government Center. These pedestrian bridges are located in two highly traveled areas, and will provide safe crossings for its many tourists as they access the beach. Lastly, as noted above within the Miami Beach summary, the vacation rental issue was also a high priority for the City of Sunny Isles Beach.

- \$500,000 - Sunny Isles Beach Pedestrian Bridge at Collins Avenue at Government Center (2021)
- \$425,000 - Sunny Isles Beach Pedestrian Park Bridge (2019)
- \$300,000 - Sunny Isles Beach Drainage Improvements (2017)
- \$500,000 - Sunny Isles Beach Emergency Pedestrian Bridge (2016)

City of Sunrise

Contact: Mr. Mark Lubelski, City Manager

Address: 10770 W. Oakland Park Boulevard Sunrise, FL 33351

Telephone: 954.746.3430

Project Description: We have secured millions in funding for improvements to stormwater projects, and to repurpose a facility to be used for City programs to serve the region's veterans and seniors. We have also secured funding for various stormwater and flooding projects over several years, and have secured funding through FDOT for a large-scale transportation project, in conjunction with an ongoing regional economic development project.

City of Tamarac

Contact: Mr. Michael Cernech, City Manager

Address: 7525 NW 88th Avenue Tamarac, FL 33321

Telephone: 954.597.3510

Project Description: Education, specifically related to ensuring that children of city residents and children of city employees receive enrollment preference for admission. The City of Tamarac was in the process of negotiating the use of City land for charter school purposes. State law provided that if the City held the charter then municipal boundaries were clear, however, it did not address instances where the City did not hold the charter, but was providing significant resources, such as land. We passed an amendment clarifying that when a municipality is involved in this kind of partnership, the children of residents as well as the children of city employees are given first consideration for admission.

13. Provide a list of work currently under contract.

Ronald L. Book, P.A. works within in the State government affairs arena, specializing in legislative and executive advocacy, strategic planning, and general government consulting. All work currently underway is within the state government affairs area and is commensurate with the scope of services outlined in RFSP 075-21, State Lobbying Services for the City of Plantation.

INSURANCE REQUIREMENTS

Statement

Contractors shall not commence any work until they have obtained and satisfied the city's insurance requirements under written contract with the city and such insurance has been approved by the City of Plantation Risk Management Department. Contractors shall not allow any subcontractor to commence work until all insurance requirements have been so obtained and approved. All insurance policies shall be with insurers qualified and doing business in the State of Florida. All insurance companies shall have a Financial Rating of no less than "A-" and Class X respectively, in the latest edition of A.M. Best Rating Guide. The types and amounts of insurance shall not be less than the amounts specified in this agreement.

Insurance

The required insurance coverage's shall be written in accordance with the hazards and magnitude of the project, but in no circumstances a lesser coverage amount, nor more restrictive than the limits of liability and schedule of hazards described herein.

Contractors shall be responsible to purchase and maintain required insurance policies during the term of the contract agreement. If the Contractor fails to procure and maintain such insurance, the City of Plantation shall have the right, but not the obligation, to purchase and maintain said insurance for and in the name of the Contractor, and the Contractor will pay the premium cost thereof and shall furnish all necessary information to the city in order to make effective and maintain such insurance.

Additional Insured

Certificates of Insurance and insurance policies shall also be endorsed to name the City of Plantation "Additional Insured" on the Commercial General Liability with the following or similar endorsements providing equal or broader Additional Insured coverage, such as the basic CG2026 07 04 Additional Insured--Designated Person or Organization endorsement, or the CG2010 10 01 Additional Insured-Owners Lessees, or Contractors endorsement, or the CG2010 07 04 Owners, Lessees or Contractors endorsement, including the additional endorsement of CG2037 10 01-Additional Insured- Owners, Leases have Contractors Operations endorsement. Endorsements shall be required to provide back coverage for the contractors "Your Work" as defined in the insurance policy and liability arising out of the products & completed operations hazard.

Commercial General Liability

Contractor will agree to maintain Commercial General Liability at a minimum limit of liability not less than **\$1,000,000** Each Occurrence, and **\$2,000,000** Annual Aggregate unless the particular contract calls for specific limits of insurance. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. When a self-insured retention (SIR) or deductible exceeds **\$25,000**, the City reserves the right, but not the obligation, to review and request a copy of Contractor's most recent annual report or audited financial statement.

Business Automobile Liability

Contractor will agree to maintain Business Automobile Liability at a limit of liability not less than **\$1,000,000** Each Occurrence. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers Compensation & Employers Liability

The Workers Compensation and Employers' Liability insurance shall be in accordance with Florida State Statutes 440.

INSURANCE REQUIREMENTS

Umbrella Excess Liability

If required by contract will be no more restricted than the underlying insurance policies.
City of Plantation must be added and endorsed separately as additional insured on umbrella policies.

Professional Liability

If required by contract will be a minimum of 1,000,000.

Waiver of Subrogation

The Contractor will agree that each required policy will contain Waivers of Subrogation in favor the City of Plantation. Should an insurance policy condition **not** permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then the Contractor will agree to notify the insurer and request the policy be endorsed with a waiver of Transfer of Rights of Recovery against others, or its equivalent. This waiver of subrogation shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should contractor enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance

The Contractor will agree to provide City a Certificate of Insurance evidencing that all coverage's, limits and endorsements required herein are maintained and in full force and effect, and certificates of insurance shall provide a minimum thirty (30) days to notify, when available by Contractors insurer. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify the City by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance. Certificates of Insurance shall be in the form as approved by Insurance Standards Office (ISO) and such certificates shall clearly state all of the coverage's required in this section.

INSURANCE

Commercial General Liability insurance will cover liability bodily injury and property damage. Exposures to be covered are premises, operations, products/completed operations, and contracts. Coverage must be written on an occurrence basis, with the following **examples** of insurance.

<u>Schedule</u>	<u>Limits</u>
Commercial General Liability	\$1,000,000 Each Occurrence
Blanket Contractual Liability	\$2,000,000 Each Occurrence
Independent Contractors	Premises-Operations
Products & Completed Operations	Personal /Advertising Injury
Blanket Contractual Liability	Independent Contractors
Automobile Liability	
Any auto including Hired & Non-owned	\$1,000,000 Combined Single Limit
Broad Form Property Damage	\$1,000,000 Each Occurrence
Blanket X.C,U Hazards	If required (Included)
Workers' Compensation	Florida 440 Statutory Coverage
Employers Liability	\$1,000,000 Each Accident
Disease Policy Limit	\$1,000,000

INSURANCE REQUIREMENTS

Bonds:

A surety bond maybe required equal to the value of the job to guarantee the work will be done per the specifications on a timely basis.

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the contractor shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "Additional Insured" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Contractor. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.
- E. The City requires a "thirty (30) day notice of cancellation" on all certificates of insurance.
- F. The City requires a "wavier of subrogation" for all Workers Compensation Coverages

THE UNDERSIGNED CONTRACTOR HAS READ ALL THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

DRUG-FREE WORKPLACE

Fill in Form

STATEMENT UNDER SECTION 287.087 FLORIDA STATUTES

TO BE RETURNED WITH FIRM

Preference must be given to FIRMS submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

PUBLIC ENTITY CRIMES

Fill in Form

SWORN STATEMENT UNDER SECTION 287.133(3)(a) FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

THIS MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER
AUTHORIZED TO ADMINISTER OATHS

1. This sworn statement is submitted with Bid, Proposal or Contract for RFSP No. 075-21
2. This sworn statement is submitted by Ronald L. Book, P.A. (entity submitting sworn statement), whose business address is 18851 NE 29 Ave., Ste. 1010 Aventura, FL 33180 and its Federal Employer Identification Number (FEIN) is 59-2769674. (If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____)
3. My name is Ronald L. Book (please print name of individual signing), and my relationship to the entity named above is Owner, President, and CEO.
4. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services, any leases for real property, or any contract for the construction or repair of a public building or public work, to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
5. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court or record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
6. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 - a) A predecessor or successor of a person convicted of a public entity crime; or
 - b) An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
7. I understand that a "person" as defined in Paragraph 287.133(1)(c), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

PUBLIC ENTITY CRIMES

Fill in Form

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, and (Please indicate which additional statement applies.)

☐ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the Hearing Officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

☐ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

☐ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

NON-COLLUSION CERTIFICATION

TO BE RETURNED WITH PROPOSAL

By signing and submitting this proposal, the FIRM certifies that this proposal is made independently and free from collusion.

FIRM shall disclose below, to their best knowledge, any City of Plantation officer or employee, or any relative of any such officer or employee as defined in Section 112.3135(1) (c), Florida Statutes (2014), who is an officer or director or, or has a material interest in, the FIRM's business, who is in a position to influence this procurement. Any City of Plantation officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to indirectly own any of the total assets or capital stock of any business entity owned or operated by the FIRM, or if they otherwise stand to personally gain if the contract is awarded to this FIRM.

Failure to submit this executed statement as part of the proposal shall make the proposal nonresponsive and not eligible for award consideration. In the event the FIRM does not indicate any names, the CITY shall interpret this to mean that the FIRM has indicated that no such relationships exist. Failure of a FIRM to disclose any relationship described herein shall be reason for termination of proposal or award, whichever is applicable, with no time to cure.

COOPERATION WITH THE BROWARD COUNTY OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH PROPOSAL

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how FIRM's and vendors (herein, "FIRM's") are paid. To this end, FIRM agrees to cooperate with the OIG in the event the FIRM is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of FIRM'S written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The FIRM acknowledges and agrees that whatever work or effort is expended by FIRM in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the FIRM to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The FIRM's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the FIRM is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the FIRM is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, FIRM shall advise CITY, in writing and in the same manner as FIRM gives the City formal notice under this Contract, each instance, if ever, that the FIRM is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the FIRM is fully performing the requirements of this Paragraph.

FIRM Name: Ronald L. Book
FIRM FEIN: 59-2769674
FIRM Authorized Representative Name and Title: Ronald L. Book, President and CEO
Address: 18851 NE 29 Ave, Ste. 1010
City: Aventura State: Florida Zip: 33180
Phone Number: 305.935.1866
Email Address: Ron@rlbookpa.com

Section 287.135, Florida Statutes, prohibits agencies from contracting with companies for goods or services of any amount that are on the Scrutinized Companies that Boycott Israel List or that are participating in a boycott of Israel; or One million dollars or more if, at the time of bidding, FIRM is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has business operations in Cuba or Syria. The boycott Israel list is created pursuant to 215.4725 and the Sudan and Iran lists are created pursuant to section 215.473, Florida Statutes.

As the person authorized to sign on behalf of FIRM, I hereby certify that the undersigned company is not participating in a boycott of Israel, on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or that it does not have business operations in Cuba or Syria. I understand and agree that pursuant to section 287.135, Florida Statutes, the submission of a false certification; or being placed on the Scrutinized Companies that Boycott Israel List, or engaging in a boycott of Israel; or being placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or engaging in business operations in Cuba or Syria will be cause for the CITY to terminate this Agreement at the option of the CITY. In addition, FIRM may be subject to civil penalties, attorney's fees, and/or costs.

The scrutinized company list is maintained by the State Board of Administration and available at <http://www.sbafla.com/>.

COMPLIANCE UNDER SECTION 119.0701 FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

The FIRM hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the FIRM does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the firm or keep and maintain public records required by the public agency to perform the service. If the FIRM transfers all public records to the public agency upon completion of the contract, the FIRM shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the firm keeps and maintains public records upon completion of the contract, the firm shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE FIRM HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE FIRM'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 954-797-2237, sslattery@plantation.org, 400 NW 73rd Avenue Plantation, FL 33317

As the person authorized to sign this statement, I certify that this FIRM agrees to comply with the above requirements.

CITY OF PLANTATION E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

Project Name: Request for Sealed Proposals / State and Lobbying Services

Project No.: RESP No. 075-21

1. Definitions:

"*Firm*" means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. "Firm" includes, but is not limited to, a vendor or consultant.

"*Sub-Firm*" means a person or entity that provides labor, supplies, or services to or for a firm or another sub-firm in exchange for salary, wages, or other remuneration.

"E-Verify system" means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

2. Effective January 1, 2021, Firms, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Firm shall register for and utilize the U.S. Department of Homeland Security's E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Firm to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Firm to perform work pursuant to the contract with the City of Plantation. The Firm acknowledges and agrees that registration and use of the U.S. Department of Homeland Security's E-Verify System during the term of the contract is a condition of the contract with the City of Plantation; and

E-VERIFY FORM

Fill in Form

- c) Should vendor become the successful Firm awarded for the above-named project, by entering into the contract, the Firm shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Firm shall also require all sub-firms to provide an affidavit attesting that the sub-firm does not employ, contract with, or subcontract with, an unauthorized alien. The Firm shall maintain a copy of such affidavit for the duration of the contract.

3. Contract Termination

- a) If the City has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the City has a good faith belief that a sub-firm knowingly violated s. 448.095 (2), but the Firm otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Firm and order the Firm to immediately terminate the contract with the sub-firm.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Firm, the Firm may not be awarded a public contract for a period of 1 year after the date of termination.

PROPOSAL FORM

Proposal of (Name of Firm) Ronald L. Book, P.A.

Address: 18851 N.E. 29 Ave., Ste. 1010

Phone: 305.935.1866

Email Address: Ron@rlbookpa.com

To furnish and deliver all services and to do and perform all work in accordance with the Agreement Documents for the entitled solicitation:

PROJECT NAME: State and Federal Lobbying Services
RFSP No. 075-21
City of Plantation

TO: City of Plantation
400 NW 73rd Avenue
Plantation, FL 33317

The Undersigned Firm proposes and agrees if this proposal is accepted, to enter an agreement with the CITY to complete all work as specified or indicated in the Agreement Documents for the Agreement Price and within the Agreement time indicated in this Proposal and in accordance with the Agreement Documents.

Firm accepts all of the terms and conditions of the Instructions to Firm. This proposal will remain open for ninety (90) calendar days after the day of Proposal Opening. Firm will sign the Agreement and other documents required by the Agreement Documents within fifteen (15) days after the date of City's Notice to Award.

In submitting this proposal, Firm represents as more fully set forth in the Agreement, that:

A. Firm has examined copies of all the Solicitation Documents and of the following Addenda: (if any addenda have been issued, receipt of all of which is hereby acknowledged) and also copies of the Advertisement or Notice to Firms and the Instruction to Firms.

B. This proposal is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreements or rules of any group, association, organization or corporation. Firm has not directly or indirectly induced or solicited any other firm to submit a false or sham proposal; Firm has not solicited or induced any person, firm, or a corporation to refrain from proposing; and Firm has not sought by collusion to obtain for themselves any advantage over any other firm or over City.

PROPOSAL FORM

- C. FIRM shall complete the Work for the following price(s). Award shall be made to the Firm whose proposal is determined to be the most advantageous to the city taking into consideration the evaluation factors and criteria set forth in the RFSP.

The rates for the service shall be based on providing the services and associated amenities as per Scope of Services and include all costs, plus all applicable overhead and profit.

Pricing Structure	Amount
Monthly Fee	\$3333.33 monthly, all inclusive \$ <u>\$40,000 annually, all inclusive</u>
The above rates include salary costs, fringe benefits, overhead, operation margin and profit. They do not include direct expenses. Approved travel costs shall be billed monthly by the Agreement and shall not exceed three (3) percent of the total Agreement amount.	

Communications concerning this Proposal shall be addressed to the address of Firm indicated below.

The undersigned also agrees as follows:

First: to do any extra work not covered by the foregoing Schedule of Price which may be ordered by the CITY, and to accept as full compensation therefore, such prices may be agreed upon in writing by the CITY and the FIRM.

Second: Within fifteen (15) days from the "Award", of this proposal, to execute the Agreement.

SUBMITTED ON July 20, _____, 2021

ADDENDUM NO. 1**RSFP No. 075-21****State and Federal Lobbying Services****DATE OF ADDENDUM: June 24, 2021****TO ALL PROSPECTIVE FIRMS:**

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RSFP No. 075-21.

General Questions and Answers:

Question No. 1: Would the city consider a response to this RFSP just for Federal Lobbying Services, with the understanding that if a separate state lobbying firm is selected that federal and state lobbyists would coordinate and collaborate to properly serve the City of Plantation's lobbying needs in Tallahassee and Washington?

Response No. 1: The City is accepting sealed proposals from Firms that are qualified in State and Federal Lobbying Services. The City reserves the right award to one or more Firms that City finds qualified/most advantageous for the aforementioned services.

If any Firm desires to submit for Federal (only), State (only), or Federal and State (both), the Firm shall be responsible for indicating that within their sealed proposal- preferably within their Executive Summary.

Question No. 2: As a federal lobbying firm advocating solely in Washington, and filing required federal lobbying registrations with the U.S. Senate and House of Representative, would a federal proposer to RFSP still be required to also register as a lobbyist in the State of Florida?

Response No. 2: No, a Federal Proposer will not be required to register as a lobbyist in the State of Florida, unless there is a change in the law.

Proposals **must** be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically **ONLY** via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

All other terms, conditions and specifications remain unchanged for RFSP No. 075-21.

Please acknowledge receipt of this Addendum No. 1 by returning it and/or acknowledging it in your bid.

ADDENDUM NO. 2**RFSP No. 075-21****State and Federal Lobbying Services****DATE OF ADDENDUM: July 7, 2021****TO ALL PROSPECTIVE FIRMS:**

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RFSP No. 075-21.

General Questions and Answers:

Question No. 1: Our firm is considering partnering with another firm in our response to the RFSP. We would be submitting only one proposal that would include both firms. As the RFSP calls for an "entity" to submit a response, would we need to submit our proposal as a prime/subcontractor arrangement or could we submit one proposal as equal partners?

Response No. 1: A Firm can submit for either the State or Federal portion or both. If a Firm wish to "partner" with another Firm, the mechanism they chose to facilitate that is up to them. The City's goal is simply to retain the most effective representation for the City at both the state and federal levels.

Question No. 2: Under "State or Federal Lobbying Experience" (Page 12 of RFSP No. 075-21), it reads: "Provide a list of clients for whom Firm has provided or is currently providing state and federal lobbying or consulting services."

A. Our firm solely provides State services. Can we correctly interpret the request to mean clients that have been provided one or the other "state or federal" services? Or is it seeking a list of only clients for which our one firm has provided both state and federal services?

- **Response for A.:** We are seeking a listing of clients represented at the state and/or federal level.

B. It asks for a list of our past clients in addition to our current clients. A list of all previous clients for which our firm has provided services would stretch over thirty years. Would a list of all clients currently represented and previously represented within in the past five years be sufficient?

- **Response for B.:** Yes, however the City reserves the right request additional clients and details.

Question No. 3: The Qualification Statement Form has multiple questions with words and phrases typically used in a construction or contracting bid. Does this form apply to this solicitation for lobbying services?

Response No. 3: If you feel that a question contained in the Qualification Statement Form does not apply to your Firm or the proposed work, please note it as Not Applicable (N/A)

Proposals must be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically ONLY via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81c63387a40/>).

City of Plantation
City Council Chambers and via Zoom

Subject:

Request for authorization and approval to execute an agreement between the City of Plantation and Becker & Poliakoff, P.A. for "Federal Lobbying Services" in reference to RFSP No. 075-21.

Summary:

Request for authorization and approval of the following:

1. Acceptance and Approval of the Selection Committee's Scores and Rankings relating to Federal Lobbying Services associated with RFSP No. 075-21;
2. Execute an agreement between the City of Plantation and Becker & Poliakoff, P.A., for "Federal Lobbying Services" in reference to RFSP No. 075-21. Whereas this agreement shall have an initial term of two (2) years; and whereas this agreement may be renewed for two (2) additional two (2) year periods by written mutual consent, unless terminated earlier as provided within the agreement.

Background:

Strategic Priorities: Sustainability; Economic Opportunity & Recovery; Quality of Life.

Some years back, the City of Plantation was represented by a lobbyist at the Federal level. As the "earmark" funding process ended, so did the City's representation. At the present time, the Federal Government is again involved in funding of local projects and the City if in need of representation at this level. Following a procurement process, Becker & Poliakoff, P.A., has been recommended by the Selection Committee to serve

as the City's Federal Lobbyist and will work in support of the City's interests.

The City solicited for the mentioned services pursuant to Sec. 2-220(b) of the City's code. On July 20, 2021, a total three (3) sealed proposals for RFSP No. 075-21 were received and opened. Procurement reviewed proposals and determined that all proposals were responsive.

FIRM(S)	DISCIPLINE
Erick Consultants, Inc., in partnership with Becker	State and Federal
Alcalde & Fay	Federal
Ronald L. Books, P.A.	State

The Firms that submitted for Federal Lobbying Services provided oral presentations/interviews to the Selection Committee and were then scored and ranked based on the following criteria.

Criteria for Evaluation	Available Points
Firm's Qualifications and Experience	40
Technical Proposal (Firm's ability to provide work as described)	25
Proposed Rate(s)	35
Total Points	100

After evaluating each Firm on each criteria, the two (2) Firms that submitted Federal Lobbying Services was scored and ranked during a Public Selection Committee Meeting and the results are as follows.

Discipline: Federal Lobbying Services		
SELECTION COMMITTEE	Alcalde & Fay, LTD, Inc	Becker & Poliakoff, P.A. submitted by Ericks Consultants Inc
Committee Member No. 1	86	85
Committee Member No. 2	86	93
Committee Member No. 3	85	94
TOTAL SCORE	257	272

The Selection Committee members were Carole Morris, City Administration; Jason Nunemeaker, City Administration; April Beggerow, City Clerks Office.

Below you will find the meeting times and dates that was associated with this process.

MEETING DATES	
August 9, 2021 @ 8:30am to 9:30am	Oral Presentation/Interview with Ericks Consultants, Inc in partnership with Becker & Poliakoff, P.A. (This meeting was Publicly posted but not open to the Public)
August 9, 2021 @ 9:45am to 10:45am	Oral Presentation/Interview with Alcalde & Fay LTD, Inc. (This meeting was publicly posted but not open to the Public)
August 9, 2021 @ 1:30pm	Public Meeting for Committee Discussion and Scoring/Ranking (This meeting was publicly posted and open to the public)

Based on the foregoing the Selection Committee, Administration and Procurement is requesting authorization and approval of the following.

1. Acceptance and Approval of the Selection Committee's Scores and Rankings relating to Federal Lobbying Services associated with RFSP No. 075-21;
2. Execute an agreement between the City of Plantation and Becker & Poliakoff, P.A., for "Federal Lobbying Services" in reference to RFSP No. 075-21. Whereas this agreement shall have an initial term of two (2) years; and whereas this agreement may be renewed for two (2) additional two (2) year periods by written mutual consent, unless terminated earlier as provided within the agreement.

This item is now ready for your consideration.

Funding:

Account No.:331-0000-512-3102

Amount:

The agreed upon annual retainer of \$48,000.00 (\$4,000.00/per month) shall be paid in quarterly installments of \$12,000.00.

Finance Director/Budget Manager Recommendation:

The Federal Lobbyist contract for FY2022 will be funded by the Designated Capital Fund Line Item - Consultants.

NOTICE TO FIRMS

REQUEST FOR SEALED PROPOSALS # 075-21

The City of Plantation, Florida is soliciting proposals for the services that will generally consist of, but is not limited to, the following:

The City of Plantation (City) is seeking Proposals from Firm(s) and or qualified individuals to advise, counsel and represent the City in pursuing legislative initiatives, grant applications and awards at the State and Federal government levels. This representation shall include, but is not limited to, being proactive in monitoring and lobbying on budgeting, appropriations, grant funding and legislation which would impact the City.

Solicitation and Proposal Documents may be obtained and submitted electronically at:

<https://www.demandstar.com/app/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>.

Proposals will not be considered after the below referenced date and time. All Responses will be received electronically via the Demand Star website (www.demandstar.com) on or before **11:00 am. on Tuesday, July 20, 2021.**

If a Bid Security is required for this solicitation the original bid security shall be received at the Office of the City Clerk, City of Plantation, 400 NW 73rd Ave, Plantation, Florida 33317, **BEFORE** the due date of the solicitation.

Proposals will be opened, read and recorded pursuant to State of Florida Law and City of Plantation code.

Detailed specifications containing Instructions and Solicitation Forms may be obtained from Charles Spencer in the Procurement Department, 400 NW 73 Avenue, Plantation or through the Plantation website of www.Plantation.org. The solicitation may also be obtained from the www.Demandstar.com website. All questions may be addressed in writing to the **Procurement Director, Charles Spencer**, 400 NW 73rd Avenue, Plantation Florida 33317. Charles Spencer can be reached at 954-797-2647, Monday through Friday, 8AM to 4:30PM, Email: ESpencer@plantation.org.

Pursuant to Broward County Ordinance No. 2011-19 and City of Plantation Resolution No. 12242, this solicitation requires that each FIRM must be registered as a Vendor with the City prior to or contemporaneous with submitting a proposal. Vendor registration can be completed at www.Plantation.org.

As a further condition precedent for consideration of any proposal, such proposal must strictly comply with the Instructions to Firms as issued by the City. The City reserves the right in its sole discretion to reject any proposal which does not strictly comply with said Instructions to Firms and further reserves the right to accept or reject any proposal as set forth in said instructions.

INSTRUCTIONS TO FIRMS

REQUEST FOR SEALED PROPOSALS # 075-21

DEFINED TERMS

The following terms have the meanings indicated which are applicable to both the singular and plural thereof.

1. FIRM: Means any individual, firm, partnership, corporation, association, or other legal entity.
2. CITY REP: City of Plantation, Procurement Director
3. CITY: The City of Plantation, a Florida municipal corporation
4. The words ‘proposal’ and ‘bid’ for this proposal are considered interchangeable.

AUTHORITY AND GENERAL TERMS AND CONDITIONS

1. It is the intent of the City to award the proposal to the responsive FIRM providing a response which is most advantageous to the City. This proposal is issued pursuant to, and governed by the laws of the State of Florida.
2. The City of Plantation reserves the right to reject any or all proposals, to waive any informalities or irregularities in any proposals received, to re-advertise for proposals, to enter into agreement negotiations with the selected Firm or take any other actions that may be deemed to be in the best interest of the City of Plantation.

GENERAL AGREEMENT PROVISIONS

1. The written AGREEMENT between the successful FIRM(s) and the CITY shall include language to the effect that neither the AGREEMENT, nor any portion thereof, nor any other facet of the relationship between the parties will create or be deemed to create a partnership, joint venture, joint enterprise, as a Sub-FIRM, or any other agency relationship, or an employer/employee leasing relationship, and further, shall reflect the CITY's intent that the legal relationship between the parties shall be that of an independent FIRM.
2. Upon THIRTY (30) Calendar Days written notice to FIRM, CITY may, without cause and without prejudice to any other right or remedy, terminate the Agreement for CITY's convenience whenever CITY determines. Where the Agreement is terminated for the convenience of CITY, the notice of termination to FIRM must state that the AGREEMENT is being terminated for the convenience of CITY, the effective date of the termination and the extent of termination.
3. The Agreement may also be terminated by mutual agreement at any time and under any terms.
4. The FIRM shall comply with all existing and future applicable laws, ordinances, rules, regulations, and lawful orders of public authorities relating to the Project and shall give all applicable notices pertaining to same.

INSTRUCTIONS TO FIRMS

REQUEST FOR SEALED PROPOSALS # 075-21

5. The laws of the State of Florida shall govern the validity, construction and effect of this AGREEMENT.
6. Should any part, term or provision of this Agreement be by the courts decided to be invalid, illegal or in conflict with any law of the State, the validity of the remaining portion or provision shall not be affected thereby.

INTERPRETATIONS AND ADDENDUM

1. If Firm is in doubt as to the meaning of any of this RFSP Proposal Documents, believes that the General Conditions, Special Conditions and/or Statement of Work contain errors, contradictions or obvious omissions, or has any questions concerning information contained in this RFSP document, the Firm shall submit a written request to Procurement for interpretation or clarification. Such request must reference RFSP No. 075-21 and should be received by the Procurement Office at least ten (10) calendar days prior to the RFSP due date. Questions received thereafter, may not be answered. Interpretations or clarifications in response to such questions will be addressed via written addendum which shall be available for download electronically from the Demand Star website at www.demandstar.com, or by contacting Charles Spencer (Espencer@plantation.org). The issuance of a written addendum shall be the only official method whereby such an interpretation or clarification will be made.

CONTINGENT FEES PROHIBITED

1. The proposing Firm must warrant that it has not employed or retained a company or person, other than a bona fide employee, contractor or subcontractor, working in its employ, to solicit or secure an agreement with the City, and that it has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee, contractor or sub-consultant, working in its employ, any fee, commission, percentage, gift or other consideration contingent upon or resulting from the award or making of an agreement with the City.

SUBMISSION OF SEALED RESPONSES

1. Sealed Responses must be submitted electronically via the Demand Star website.
2. All Sealed Responses shall be submitted in the English language.
3. Sealed Responses must contain a signature of a corporate officer or designee with proven authority to bind the firm in matters of this nature. The Address and Phone number for any communications regarding Sealed Response must be included.
4. Sealed Response shall contain an acknowledgment of receipt of all Addendum(s).
5. Sealed Responses by corporations must be executed in the corporation's legal name by the President or other corporate officer, accompanied by evidence of authority to sign. Evidence of authority shall be provided on the enclosed Certified Resolution form, or by the company's own Corporate Resolution.
6. Sealed Responses by partnerships must be executed in the partnership name and signed by a partner, whose title must appear under the signature.

INSTRUCTIONS TO FIRMS

REQUEST FOR SEALED PROPOSALS # 075-21

7. In accordance with Florida Statutes, Chapter §119.07(1) (a) and except as may be provided by other applicable state and federal law, the Request for Sealed Proposals and the responses thereto are in the public domain. However, Firms are requested to specifically identify in the submitted Sealed Response any financial information considered confidential and/or proprietary which may be considered exempt under Florida Statute §119.07(t).
8. The City of Plantation will not be liable for any cost incurred in the preparation submission, or review of any Sealed Response or Response at any point of the procurement process.

MODIFICATION AND WITHDRAWAL OF SEALED RESPONSES

1. Sealed Response may be modified or withdrawn by a duly executed document signed by a corporate officer or other employee with designated signature authority. Evidence of such authority must accompany the request for withdrawal or modification. The request must be electronically delivered to the DemandStar at any time **prior** to the deadline for submitting Sealed Responses. Withdrawal of a Sealed Response will not prejudice the rights of a Firm to submit a new Sealed Response prior to the Sealed Response opening date and time. No Sealed Response may be withdrawn or modified after the date of proposal opening has passed.
2. If, within twenty-four (24) hours after Sealed Responses are opened, any Firm files a duly signed, written notice with the Procurement Office, and within five (5) calendar days thereafter demonstrates to the reasonable satisfaction of City, by clear and convincing evidence, that there was a material and substantial mistake in the preparation of its Sealed Response, or that the mistake is clearly evident on the face of the Sealed Response, but the intended correct Sealed Response is not similarly evident, Firm may withdraw its Sealed Response.

OPENING OF PROPOSALS

1. Proposals will be opened, read and recorded pursuant to State of Florida Law and City of Plantation code.

PROPOSALS TO REMAIN SUBJECT TO ACCEPTANCE

1. All proposals MAY remain subject to acceptance for ninety (90) days after the day of the Proposal opening.
2. Extension of time when Proposals shall remain open beyond the original period may be made only by mutual agreement between CITY and the FIRM.

REJECTION OF PROPOSALS

1. To the extent permitted by applicable state and federal laws and regulations, City reserves the right to reject any and all Sealed Responses, to waive any and all informalities not involving price, time or changes in the work with the Firm, and to disregard all nonconforming, non-responsive, unbalanced or conditional Sealed Responses. Sealed Responses will be considered irregular and may

INSTRUCTIONS TO FIRMS

REQUEST FOR SEALED PROPOSALS # 075-21

be rejected if they show serious omissions, alterations in form, additions not called for, conditions or unauthorized alterations, or irregularities of any kind.

2. City reserves the right to reject the Sealed Response of any Firm if City believes that it would not be in its best interest of to make an award to that Firm, whether because the Sealed Response is not responsive, the Firm is unqualified, of doubtful financial ability, or fails to meet any other pertinent criteria established by City within the Scope of Services.

INSURANCE REQUIREMENTS

1. All Insurance requirements are described in a separate document included with this solicitation (if applicable).

INDEMNITY

1. The Firm shall indemnify and hold harmless the CITY, its elected officials, officers and employees, from all liabilities, damages, losses and costs (including, but not limited to, reasonable attorneys' fees and court costs, whether such fees and costs are incurred in negotiations, at the trial level or on appeal, or in the collection of attorneys' fees), to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Firm's officers, employees, agents, and other persons employed or utilized by the Proposer in the performance of, or the failure to perform, the Agreement.
2. In the event of a claim, the CITY shall promptly notify the Firm in writing by prepaid certified mail (return receipt requested) or by delivery through any nationally recognized courier service (such as Federal Express or UPS) which provides evidence of delivery, at the address provided for receipt of Notice in the Agreement.
3. The CITY shall provide all available information and assistance that the Firm may reasonably require regarding any claim. This agreement for indemnification shall survive termination or completion of the Agreement.
4. Nothing in this Agreement shall be deemed to affect the rights, privileges and immunities of the CITY as set forth in Florida Statute § 768.28.

EQUAL EMPLOYMENT OPPORTUNITY CLAUSE

1. City of Plantation, Florida, in accordance with the provisions of Title VII of the Civil Rights Act of 1964 (78 Stat. 252) and the Regulations of the Department of Commerce (15 CFR, Part 8) issued pursuant to such Act, hereby notifies all FIRMS that it will ensure that in any agreement entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit proposals in response to this advertisement and will not be discriminated against on the ground of race, color or national origin in consideration for an award.

INSTRUCTIONS TO FIRMS

REQUEST FOR SEALED PROPOSALS # 075-21

REGULATIONS

1. Violation of any local, state or federal law in the performance of this Agreement shall constitute a material breach of this Agreement.

TAXES

1. Firm shall pay all applicable sales, consumer use and other similar taxes required by law.

PERMITS, FEES AND NOTICES

1. The Firm shall be responsible for securing all permits and licenses necessary for the proper execution and completion of the work, if applicable.

CONE OF SILENCE

1. Once the RFSP has been issued, a Cone of Silence will be implemented. At that time communication with the City is limited to Charles Spencer, Procurement Director (email address Espencer@plantation.org). During the review and evaluation process no person shall make any private or separate delivery of marketing information concerning any Firm to any elected officers of the City, members of the City staff or members of the Evaluation/Selection Committee. Cone of Silence shall terminate at the time the CITY makes an award to a FIRM(S) that becomes final as a result of no procurement protest being filed or takes other action that ends this RFSP solicitation. Any action of a FIRM in violation of this may be cause for disqualification of the FIRM.

END OF SECTION

SCOPE OF SERVICES

General Scope of Services:

The City of Plantation (City) is seeking Proposals from Firm(s) and or qualified individuals to advise, counsel and represent the City in pursuing legislative initiatives, grant applications and awards at the State and Federal government levels. This representation shall include, but is not limited to, being proactive in monitoring and lobbying on budgeting, appropriations, grant funding and legislation which would impact the City.

Detailed Scope of Services:

The selected Firm(s) shall advise, counsel and represent the City in pursuing legislative initiatives, appropriations, grant applications and awards at the State and Federal level. The Firm(s) shall assist the City in preparing its state and federal agendas and shall strategize with the City as requested. The Firm(s) shall identify topics and areas of need to legislators, pertinent legislative leaders, state and federal agencies, committee chairs, administrative officials and others.

Examples of work shall include but not be limited to:

- In advance of the legislative session, the Firm(s) shall meet with City Administration and/or City Council to assist in the development of the City's list of legislative goals, priorities and projects. The Firm(s) shall identify which of these goals, priorities and projects may be addressed at the State or Federal level and assist in developing written material to support each request.
- In coordination with City staff and City Council, the Firm(s) shall actively seek opportunities to enhance the City's legislative priorities and provide strategic guidance as necessary.
- The Firm(s) shall submit information and data as necessary in support of the City's legislative priorities.
- The Firm(s) shall provide appropriation and/or legislative language and address other legislative needs as directed.
- The Firm(s) shall monitor and report to the City, orally and in writing as requested, the status of pending State or Federal legislation and appropriations, to include legislation that directly or indirectly impacts the City. At the state level this should include weekly activity reports during session. Regular reports on Federal efforts shall also be required.
- The Firm(s) shall attend meetings and provide testimony/advocate on behalf of the City at appropriate legislative committees/sub-committees and with State or Federal agencies in support of the City's goals, priorities, projects and funding requests.
- The Firm(s) shall coordinate and solicit support from State or Federal elected and/or appointed officials and appropriate agencies, including developing and assisting the City in implementing a strategic plan to strengthen and develop relationships.
- At the conclusion of the state legislative session, the Firm(s) shall prepare a final report, including the final status of the City's priorities and a summary of the impact of major legislative changes to the City. Similar reporting shall be required at the Federal level.

SCOPE OF SERVICES

- In addition to legislative and appropriation requests and related activities, the consultant shall maintain a current awareness of the City's goals and priorities and provide information and advice to the City regarding grant opportunities as appropriate.

The Successful Firm will identify one of their employees as the key contact for approval by the City's Project Manager.

It is the City's belief that the service required is adequately described herein. Therefore, any negotiated agreement, which may result from this RFSP, will include the entire effort required of the Firm to provide the service described.

Minimum Qualifications:

- Successful track record of providing lobbyist services, evidenced by ability to secure State and/or Federal legislation and appropriations for local municipal government clients.
- Minimum of five (5) years providing lobbyist services.
- Established relationships with key policymakers.
- Registered lobbyist in the State of Florida.

Submittal Requirements

Proposal Submittals must include the following:

- Executive Summary – a brief abstract providing an understanding of the nature and scope of services to be provided and capability to comply with terms and conditions.
- Company Profile – to include the following (see separate criteria for individuals below):
 - Overview and history of the company;
 - Number of years in business and types of services provided;
 - Identify parent companies, subsidiaries and affiliates of the organization;
 - Describe the ownership structure, including any significant or controlling equity holders;
 - Provide a management organizational chart showing director and officer positions and names, and reporting structure; and
 - Provide detailed information on the segment of the organization that would provide Lobbying services. This information should include reporting structure and any significant organizational changes that have occurred in the last two (2) years or are anticipated in the future.
- Individual Profile – to include the following:
 - Number of years providing State and/or Federal lobbying services; and
 - Current resume which includes level of experience and governmental agencies served.
- Qualification of Firm and Individual Lobbyists:
 - Describe in detail the qualifications your Firm has to conduct the services requested; and
 - Identify the key individuals who would comprise the team providing services requested.

SCOPE OF SERVICES

- Provide a resume or curriculum vitae for each individual and indicate the percentage of their time that would be devoted to services for the City
- State or Federal Lobbying Experience (Firm and Individuals)
 - Provide a list of clients for whom Firm has provided or is currently providing state and federal lobbying or consulting services. For each client, please provide the following information:
 - Client name
 - Names, titles, address(es) and phone numbers for each client
 - Duration of the relationship
 - Types of services provided
 - Were you, or your Firm, the primary contractor
 - Provide a detailed summary of your knowledge and experience in securing funds for public infrastructure or public services through the state or federal appropriation process and through discretionary grant programs.

Term and Time of Performance:

Term of Agreement: The initial term of the Agreement shall be for three (3) years with an option to renew for two (2) additional one (1) year periods upon the written approval of both the City and the Firm. If the term of the Agreement extends beyond a single fiscal year of City, the continuation of the Agreement beyond the end of any fiscal year shall be subject to the availability of funds from City in accordance with the City's budget process. The City may cancel an Agreement by notification, in writing, at least thirty (30) days prior, with or without cause. The City or Firm is under no obligation to extend or renew an Agreement after its expiration.

END OF SECTION

Proposal Evaluation Method and Criteria

The City will designate a Selection Committee to review and evaluate the Proposals submitted in response to this RFSP.

The Procurement Staff shall determine whether each Firm is responsive. For the purposes of this RFSP, a responsive means a Firm that has submitted a proposal that conforms in all material respects to the requirements in the RFSP. Accordingly, Procurement Staff will determine whether each Firm correctly submitted all of the necessary forms and documents.

Among other things, a proposal may be found to be non-responsive if the Firm failed to provide the information requested in the RFSP; failed to utilize or complete the required forms; provided incomplete, indefinite, or ambiguous responses; failed to comply with the applicable deadlines; provided improper or undated signatures; or provided information that is false, misleading, or exaggerated.

Proposal Evaluation Method and Criteria:

A. A Selection Committee will review and evaluate the Proposals submitted.

The Mayor of the City of Plantation shall establish an Evaluation/Selection Committee of a minimum (3) three Members to review Proposals. The Evaluation/Selection Committee shall conduct an evaluation of Firm(s). The Evaluation/Selection Committee may require follow-up interviews and/or presentations as part of the evaluation process and ranking.

B. The Selection Committee will evaluate and rank all eligible and responsible proposals based on the evaluation criteria listed below. The criteria are itemized with their respective weights for a maximum available total of one hundred (100) points. A FIRM may receive all or a portion of this amount depending on the merit of the proposal and in relation to the competing proposals as determined by the Evaluation/Selection committee.

C. The Selection Committee shall evaluate proposals pursuant of the evaluation process mentioned herein. The Selection Committee will score and rank all Firms. The most advantageous firm shall be selected from the highest cumulative score of the evaluation process.

Criteria for Evaluation	Available Points
Firm's Qualifications and Experience	40
Technical Proposal (Firm's ability to provide work as described)	25
Proposed Rate(s)	35
Total Points	100

D. Criteria These weighted criteria are provided to assist the firms in the allocation of their time and efforts during the submission process. The criteria also serve as a guide to the Evaluation/Selection Committee during the evaluating and ranking of Firms by establishing a general frame work for those deliberations.

E. The City of Plantation reserves the right to retain all proposals submitted and use any idea in a proposal regardless of whether that proposal is selected.

Proposal Evaluation Method and Criteria

- F.** The City shall select the most advantageous firm based on the evaluation criteria listed. That most advantageous Firm shall be required to execute a City agreement covering the scope of services to be provided and setting forth the duties, rights and responsibilities of the parties. The proposal pricing shall be negotiated and included into the agreement. This agreement must be executed by the successful Firm prior to recommendation of final award to the City Council.

G. Final Selection

The City Council shall approve final recommendation provided/presented by the Mayor.

INSURANCE REQUIREMENTS

Statement

Contractors shall not commence any work until they have obtained and satisfied the city's insurance requirements under written contract with the city and such insurance has been approved by the City of Plantation Risk Management Department. Contractors shall not allow any subcontractor to commence work until all insurance requirements have been so obtained and approved. All insurance policies shall be with insurers qualified and doing business in the State of Florida. All insurance companies shall have a Financial Rating of no less than "A-" and Class X respectively, in the latest edition of A.M. Best Rating Guide. The types and amounts of insurance shall not be less than the amounts specified in this agreement.

Insurance

The required insurance coverage's shall be written in accordance with the hazards and magnitude of the project, but in no circumstances a lesser coverage amount, nor more restrictive than the limits of liability and schedule of hazards described herein.

Contractors shall be responsible to purchase and maintain required insurance policies during the term of the contract agreement. If the Contractor fails to procure and maintain such insurance, the City of Plantation shall have the right, but not the obligation, to purchase and maintain said insurance for and in the name of the Contractor, and the Contractor will pay the premium cost thereof and shall furnish all necessary information to the city in order to make effective and maintain such insurance.

Additional Insured

Certificates of Insurance and insurance policies shall also be endorsed to name the City of Plantation "Additional Insured" on the Commercial General Liability with the following or similar endorsements providing equal or broader Additional Insured coverage, such as the basic CG2026 07 04 Additional Insured--Designated Person or Organization endorsement, or the CG2010 10 01 Additional Insured-Owners Lessees, or Contractors endorsement, or the CG2010 07 04 Owners, Lessees or Contractors endorsement, including the additional endorsement of CG2037 10 01-Additional Insured- Owners, Leases have Contractors Operations endorsement. Endorsements shall be required to provide back coverage for the contractors "Your Work" as defined in the insurance policy and liability arising out of the products & completed operations hazard.

Commercial General Liability

Contractor will agree to maintain Commercial General Liability at a minimum limit of liability not less than **\$1,000,000** Each Occurrence, and **\$2,000,000** Annual Aggregate unless the particular contract calls for specific limits of insurance. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. When a self-insured retention (SIR) or deductible exceeds **\$25,000**, the City reserves the right, but not the obligation, to review and request a copy of Contractor's most recent annual report or audited financial statement.

Business Automobile Liability

Contractor will agree to maintain Business Automobile Liability at a limit of liability not less than **\$1,000,000** Each Occurrence. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers Compensation & Employers Liability

The Workers Compensation and Employers' Liability insurance shall be in accordance with Florida State Statutes 440.

INSURANCE REQUIREMENTS

Umbrella Excess Liability

If required by contract will be no more restricted than the underlying insurance policies.
City of Plantation must be added and endorsed separately as additional insured on umbrella policies.

Professional Liability

If required by contract will be a minimum of 1,000,000.

Waiver of Subrogation

The Contractor will agree that each required policy will contain Waivers of Subrogation in favor the City of Plantation. Should an insurance policy condition **not** permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then the Contractor will agree to notify the insurer and request the policy be endorsed with a waiver of Transfer of Rights of Recovery against others, or its equivalent. This waiver of subrogation shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should contractor enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance

The Contractor will agree to provide City a Certificate of Insurance evidencing that all coverage's, limits and endorsements required herein are maintained and in full force and effect, and certificates of insurance shall provide a minimum thirty (30) days to notify, when available by Contractors insurer. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify the City by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance. Certificates of Insurance shall be in the form as approved by Insurance Standards Office (ISO) and such certificates shall clearly state all of the coverage's required in this section.

INSURANCE

Commercial General Liability insurance will cover liability bodily injury and property damage. Exposures to be covered are premises, operations, products/completed operations, and contracts. Coverage must be written on an occurrence basis, with the following **examples** of insurance.

Schedule

Limits

Commercial General Liability	\$1,000,000 Each Occurrence
Blanket Contractual Liability	\$2,000,000 Each Occurrence
Independent Contractors	Premises-Operations
Products & Completed Operations	Personal /Advertising Injury
Blanket Contractual Liability	Independent Contractors
Automobile Liability	
Any auto including Hired & Non-owned	\$1,000,000 Combined Single Limit
Broad Form Property Damage	\$1,000,000 Each Occurrence
Blanket X,C,U Hazards	If required (Included)
Workers' Compensation	Florida 440 Statutory Coverage
Employers Liability	\$1,000,000 Each Accident
Disease Policy Limit	\$1,000,000

INSURANCE REQUIREMENTS

Bonds:

A surety bond maybe required equal to the value of the job to guarantee the work will be done per the specifications on a timely basis.

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the contractor shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "**Additional Insured**" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Contractor. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.
- E. The City requires a “thirty (30) day notice of cancellation” on all certificates of insurance.
- F. The City requires a “wavier of subrogation” for all Workers Compensation Coverages

THE UNDERSIGNED CONTRACTOR HAS READ ALL THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

STATEMENT UNDER SECTION 287.087
FLORIDA STATUTES

TO BE RETURNED WITH FIRM

Preference must be given to FIRMS submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

SWORN STATEMENT UNDER SECTION 287.133(3)(a)
FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

THIS MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER
AUTHORIZED TO ADMINISTER OATHS

1. This sworn statement is submitted with Bid, Proposal or Contract for _____
2. This sworn statement is submitted by _____ (entity submitting sworn statement), whose business address is _____ and its Federal Employer Identification Number (FEIN) is _____. (If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____).
3. My name is _____ (please print name of individual signing), and my relationship to the entity named above is _____.
4. I understand that a “public entity crime” as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services, any leases for real property, or any contract for the construction or repair of a public building or public work, to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
5. I understand that “convicted” or “conviction” as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court or record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
6. I understand that an “affiliate” as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 - a) A predecessor or successor of a person convicted of a public entity crime; or
 - b) An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term “affiliate” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm’s length agreement, shall be prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
7. I understand that a “person” as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term “person” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

PUBLIC ENTITY CRIMES

Fill in Form

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, and (Please indicate which additional statement applies.)

_____ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the Hearing Officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

NON-COLLUSION CERTIFICATION

Fill in Form

TO BE RETURNED WITH PROPOSAL

By signing and submitting this proposal, the FIRM certifies that this proposal is made independently and free from collusion.

FIRM shall disclose below, to their best knowledge, any City of Plantation officer or employee, or any relative of any such officer or employee as defined in Section 112.3135(1) (c), Florida Statutes (2014), who is an officer of director or, or has a material interest in, the FIRM's business, who is in a position to influence this procurement. Any City of Plantation officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to indirectly own any of the total assets or capital stock of any business entity owned or operated by the FIRM, or if they otherwise stand to personally gain if the contract is awarded to this FIRM.

Failure to submit this executed statement as part of the proposal shall make the proposal nonresponsive and not eligible for award consideration. In the event the FIRM does not indicate any names, the CITY shall interpret this to mean that the FIRM has indicated that no such relationships exist. Failure of a FIRM to disclose any relationship described herein shall be reason for termination of proposal or award, whichever is applicable, with no time to cure.

COOPERATION WITH THE BROWARD COUNTY
OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH PROPOSAL

The Broward County Office of Inspector General (“OIG”) has the authority to review and investigate how governmental contracts are performed and how FIRM’s and vendors (herein, “FIRM’s”) are paid. To this end, FIRM agrees to cooperate with the OIG in the event the FIRM is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of FIRM’S written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The FIRM acknowledges and agrees that whatever work or effort is expended by FIRM in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the FIRM to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The FIRM’s failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the FIRM is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the FIRM is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, FIRM shall advise CITY, in writing and in the same manner as FIRM gives the City formal notice under this Contract, each instance, if ever, that the FIRM is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the FIRM is fully performing the requirements of this Paragraph.

Section 287.135, Florida Statutes, prohibits agencies from contracting with companies for goods or services of any amount that are on the Scrutinized Companies that Boycott Israel List or that are participating in a boycott of Israel; or One million dollars or more if, at the time of bidding, FIRM is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has business operations in Cuba or Syria. The boycott Israel list is created pursuant to 215.4725 and the Sudan and Iran lists are created pursuant to section 215.473, Florida Statutes.

As the person authorized to sign on behalf of FIRM, I hereby certify that the undersigned company is not participating in a boycott of Israel, on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or that it does not have business operations in Cuba or Syria. I understand and agree that pursuant to section 287.135, Florida Statutes, the submission of a false certification; or being placed on the Scrutinized Companies that Boycott Israel List, or engaging in a boycott of Israel; or being placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or engaging in business operations in Cuba or Syria will be cause for the CITY to terminate this Agreement at the option of the CITY. In addition, FIRM may be subject to civil penalties, attorney's fees, and/or costs.

The scrutinized company list is maintained by the State Board of Administration and available at <http://www.sbafla.com/>.

COMPLIANCE UNDER SECTION 119.0701
FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

The FIRM hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the FIRM does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the firm or keep and maintain public records required by the public agency to perform the service. If the FIRM transfers all public records to the public agency upon completion of the contract, the FIRM shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the firm keeps and maintains public records upon completion of the contract, the firm shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE FIRM HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE FIRM'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 954-797-2237, sslattery@plantation.org, 400 NW 73rd Avenue Plantation, FL 33317

As the person authorized to sign this statement, I certify that this FIRM agrees to comply with the above requirements.

CITY OF PLANTATION
E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

Project Name: _____

Project No.: _____

1. Definitions:

“*Firm*” means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. “*Firm*” includes, but is not limited to, a vendor or consultant.

“*Sub-Firm*” means a person or entity that provides labor, supplies, or services to or for a firm or another sub-firm in exchange for salary, wages, or other remuneration.

“*E-Verify system*” means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

2. Effective January 1, 2021, Firms, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Firm shall register for and utilize the U.S. Department of Homeland Security’s E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Firm to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Firm to perform work pursuant to the contract with the City of Plantation. The Firm acknowledges and agrees that registration and use of the U.S. Department of Homeland Security’s E-Verify System during the term of the contract is a condition of the contract with the City of Plantation; and

- c) Should vendor become the successful Firm awarded for the above-named project, by entering into the contract, the Firm shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Firm shall also require all sub-firms to provide an affidavit attesting that the sub-firm does not employ, contract with, or subcontract with, an unauthorized alien. The Firm shall maintain a copy of such affidavit for the duration of the contract.

3. Contract Termination

- a) If the City has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the City has a good faith belief that a sub-firm knowingly violated s. 448.095 (2), but the Firm otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Firm and order the Firm to immediately terminate the contract with the sub-firm.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Firm, the Firm may not be awarded a public contract for a period of 1 year after the date of termination.

Firm has not directly or indirectly induced or solicited any other Firm to submit a false or sham proposal; Firm has not solicited or induced any person, firm, or a corporation to refrain from proposing; and Firm has not sought by collusion to obtain for themselves any advantage over any other Firm or over City.

PROPOSAL FORM

- C. FIRM shall complete the Work for the following price(s). Award shall be made to the Firm whose proposal is determined to be the most advantageous to the city taking into consideration the evaluation factors and criteria set forth in the RFSP.

The rates for the service shall be based on providing the services and associated amenities as per Scope of Services and include all costs, plus all applicable overhead and profit.

Pricing Structure	Amount
Monthly Fee	\$ _____
The above rates include salary costs, fringe benefits, overhead, operation margin and profit. They do not include direct expenses. Approved travel costs shall be billed monthly by the Agreement and shall not exceed three (3) percent of the total Agreement amount.	

Communications concerning this Proposal shall be addressed to the address of Firm indicated below.

The undersigned also agrees as follows:

First: to do any extra work not covered by the foregoing Schedule of Price which may be ordered by the CITY, and to accept as full compensation therefore, such prices may be agreed upon in writing by the CITY and the FIRM.

Second: Within fifteen (15) days from the "Award", of this proposal, to execute the Agreement.

Executive Summary

- A brief abstract providing an understanding of the nature and scope of services to be provide and capability to comply with terms and conditions.

Ericks Consultants Inc. (ECI), which specializes in state lobbying services, is pleased to submit this proposal in partnership with the federal lobbying services of Becker & Poliakoff (Becker). As we demonstrate in this proposal, the team we proudly put forward is experienced, well-connected, multi-dimensional, intimately familiar with the City of Plantation, and uniquely capable of providing the services in compliance with the terms and conditions laid forth in RFSP No. 075-21.

ECI is a full-service lobbying firm, specializing in Florida state and local government for over 35 years. Unlike major corporate firms, we are a boutique firm capable of responding to our clients with a powerful yet personal touch. At the state level, we have successfully provided the scope services outlined in RFSP 075-21 to the City of Plantation for over twenty years. In doing so, ECI has gained critical institutional knowledge of Plantation's unique local challenges and funding needs. We have developed a sensitivity to the concerns of the Mayor and Council that extends beyond our trained watch for unfunded mandates and encroachments on home rule. We appreciate the Mayor's bold vision and would be honored to continue our work in support of her leadership on behalf of Plantation's residents.

Becker is a Fort Lauderdale-based, multi-state law and lobbying firm that includes 130-plus lawyers, lobbyists, and professional staff ready to provide the resources needed to achieve Plantation's federal lobbying goals. Becker's Washington, DC-based federal lobbying team includes veteran political professionals from South Florida who worked for Florida Members of Congress. Becker's local knowledge of Plantation's unique needs combined with a bipartisan, diverse team of experienced DC lobbyists offers the City an unbeatable opportunity to leverage Hill and Administration relationships with personal knowledge, commitment, and energy. With Becker, the City of Plantation can be bold, proactive, and successful in this post-COVID, pro-infrastructure federal funding climate. Federal lobbying is more important than ever for municipal governments in today's shifting political environment.

ECI and Becker each provide a team of results-driven professionals who are equipped with in-depth knowledge and experience with all levels of government as well as the local community. This team values our professional reputations and will work to provide Plantation with a high-level of attention and service at both the state and federal level. Every member of this team has vast experience in representing local governments and takes genuine pride in helping them achieve success, whether in Tallahassee or Washington DC. Through our lengthy experience and commitment to

Executive Summary

high professional standards, we have cultivated insider knowledge of Tallahassee and DC as well as relationships with key decision makers, who trust us with information and influence.

ECI has provided Plantation with this expert knowledge and intimate access for decades as we have navigated Tallahassee to achieve the City's goals. The addition of Becker will not only allow us to maximize our efforts at the state level, but also enable the City to capitalize on Federal opportunities. Becker not only has a powerful federal team, but also a strong state and local presence that will further benefit the City through our coordination. Further, this partnership is not new. ECI and Becker's federal lobbying team have worked together for a full decade. This team provides state and federal lobbying services to multiple South Florida local governments, including the Town of Davie since 2012 and Palm Beach County since 2011.

Our firms are based in Broward, and we are as vested in the community's success as much as the local governments that serve it. We are engaged in community organizations and networks, keeping us plugged-in to important issues. We are held accountable for our service by our family, friends and other residents. Our home is Broward, and we fight throughout the year to protect our resources and quality of life. Knowing the demographics, the political landscape, as well as the physical landscape is key, and this team has that insight.

As your advocates and consultants in DC, Tallahassee, and back at home in South Florida, our focus will be on using our communication, knowledge, expertise, ability, and relationships to assist Plantation with current priorities, as well as laying the groundwork for future goals. Our goal in supporting and advocating on behalf of the City of Plantation's priorities will always be to present a strategic, compelling, and focused message that differentiates and positions your legislative needs and appropriations requests.

In our proposal, we demonstrate our specific experience, qualifications, ability, relationships, communication method, and understanding of the City's needs as well as the Legislative process. We provide our hands-on approach to the scope of services, which includes: working with the City to craft legislative goals and build and implement strategies to achieve them; identifying potential issues proactively; leveraging our extensive network of contacts and institutional knowledge for insight and to provide the City with quick access to the right decisionmakers; and providing regular communication- including written reports and updates.

Should our team be selected to represent your interests, our firms would work together to provide the following scope of services requested in RFSP No. 075-21. ECI further details its approach to state level work below the scope of services. Please note

Executive Summary

that Becker further details its Federal approach to the scope of services on beginning on page 55.

1. In advance of the legislative session, the Firm(s) shall meet with City Administration and/or City Council to assist in the development of the City's list of legislative goals, priorities and projects. ***ECI will continue to meet with the Administration and City Council well in advance of the State Legislative Session to assist in the development of the City's Legislative goals, priorities, and appropriations requests. We would begin immediately, as the upcoming 2022 Legislative Session begins in January, with preceding committee weeks starting in September 2021. As the Federal calendar operates continually throughout the year, the Federal team at Becker has detailed a strategic timeline that would enable the city to develop and achieve its goals.***
2. The Firm(s) shall identify which of these goals, priorities and projects may be addressed at the State or Federal level and assist in developing written material to support each request. ***ECI will continue to provide our insight gained through experience and relationships to ensure adopted state goals, priorities, and projects are relevant, salient, and viable. We will continue to use our political insight to craft a compelling business case and effective talking points in support of each state goal. Becker will likewise use its expertise and political insight to assess the viability and potential to address the City's identified goals, priorities, and projects on the Federal level. Becker will ensure each Federal project has a compelling and effective business case and the supporting materials needed for success.***
3. In coordination with City staff and City Council, the Firm(s) shall actively seek opportunities to enhance the City's legislative priorities and provide strategic guidance as necessary. ***ECI will continue to proactively seek and inform the City of opportunities to enhance legislative priorities/obtain funding for City projects and provide strategic guidance as necessary. Becker will work closely with the City to ensure every Federal opportunity is taken advantage of that will enhance identified legislative priorities and funding requests.***
4. The Firm(s) shall submit information and data as necessary in support of the City's legislative priorities. ***Our firms will ensure key decisionmakers, as well as the City's elected representatives, always have the information and data necessary in a timely manner to guide government actions and deliberations towards the City's desired outcomes.***
5. The Firm(s) shall provide appropriation and/or legislative language and address other legislative needs as directed. ***Our firms have proven track***

Executive Summary

records in crafting successful legislation, amendments, and appropriations requests. As directed, we will provide specific language to the City and/or decisionmakers in Tallahassee and DC to address any needs of the City. We will ensure that City staff will never have to worry about how to appropriately word legislative/funding requests or whether they have directed their language to the appropriate personnel in Tallahassee or DC.

6. The Firm(s) shall monitor and report to the City, orally and in writing as requested, the status of pending State or Federal legislation and appropriations, to include legislation that directly or indirectly impacts the City. At the state level this should include weekly activity reports during session. Regular reports on Federal efforts shall also be required. ***Our entire team believes regular and timely communication is the fundamental key to achieving mutual success in our relationships with our clients. We continually monitor and track the status of pending legislation and appropriations requests. ECI will continue to notify the City of pending state legislation/ funding opportunities. We will continue to provide weekly status reports to the City during each Legislative Session, committee week, and as frequently as needed throughout the year. Becker's federal team will provide regular reports and continually update the City to any changes in the status of pending legislation and funding requests.***
7. The Firm(s) shall attend meetings and provide testimony/advocate on behalf of the City at appropriate legislative committees/sub-committees and with State or Federal agencies in support of the City's goals, priorities, projects and funding requests. ***Both ECI and Becker are proud of our hands-on approach to serving our clients. We will maintain a constant presence at all meetings where discussions and decisions may impact the City. We will take advantage of every opportunity to advocate on behalf of the City's goals, priorities, projects, and funding requests.***
8. The Firm(s) shall coordinate and solicit support from State or Federal elected and/or appointed officials and appropriate agencies, including developing and assisting the City in implementing a strategic plan to strengthen and develop relationships. ***Our firms enjoy long-term, trust-based relationships with key elected and appointed officials throughout all levels of government. We continually work to cultivate strategic relationships with decisionmakers and their staff. We will each work with the City to develop and implement a strategic plan to strengthen and develop the City's relationships in a way that will prove beneficial to the City's efforts in both Tallahassee and DC.***

Executive Summary

9. At the conclusion of the state legislative session, the Firm(s) shall prepare a final report, including the final status of the City's priorities and a summary of the impact of major legislative changes to the City. Similar reporting shall be required at the Federal level. ***ECI will continue to provide a comprehensive summary of major legislative changes as well as the status of City priorities at the conclusion of each state legislative session. Becker's federal lobbying team will provide similar reports.***

ECI Approach:

As your representatives, we will continue our informed, educated and proactive approach that is based upon our experience representing the City and our insight into the ever-changing layout of Tallahassee. During the early committee weeks, our team works closely with the Mayor, Administration, City Council and staff to create a strategic action plan focused on both short term and long-term goals and craft official Legislative Priorities for the upcoming Session. We meet before the Mayor and Council at a public meeting to answer questions on these priorities, as well as present on Legislative issues that we believe that the City should be aware of. Once the City Administration provides the City's legislative priorities, members of our team continuously track legislation throughout committee weeks and Session, monitoring all state Legislative committee meetings and agency hearings prior to, during and after Session and testifying as needed. We not only focus on the adopted priorities, but also stay constantly engaged in conversations and new developments in order to quickly address any new issues that may arise. Our team "lives" at the Capitol during each Legislative Session. We believe always being present when decisionmakers and their staff are physically at the Capitol is vital to your representation. We are very much a hands-on organization and physically cover each committee meeting at which our clients' issues are discussed.

Competition for state funding has been nothing but fierce in recent times due to Florida's revenue challenges and political climate. Being successful in the Appropriations process today requires an effective strategy that builds a compelling business case to support your appropriations request. We utilize our knowledge of the budget process, our valued relationships, and our unique understanding of local needs to effectively advocate for local projects. We have and will continue to work alongside your in-house staff to communicate an effective business case needed to support your appropriations issues. We collect information we anticipate the appropriations committees will require based on our insight and prior year experience. We then refine the project's business case and secure Legislative sponsors. We also meet early each year with the Governor's Office to help us further refine our projects business case to help meet the Governor's expectations for local initiatives. Once the Legislature provides the appropriations forms, we ensure forms are filled out properly and are

Executive Summary

submitted prior to any deadlines. As a team, we work with our sponsors and the appropriate decision-makers to secure projects within the initial budget framework and continue to advocate for funding throughout budget conference and the veto process.

We believe communication is the most valuable component of a client/lobbyist relationship and is the key to our mutual success. Insight and ongoing communication between our team and the Mayor, Council, and City Administration provides a better understanding of exactly what your goals are, allowing us to be successful in achieving the desired result. We are only a phone call, text, or email away from our clients at all times- whether in Session or out- and are committed to a philosophy of responsiveness. As bills move, amendments are filed and the budget develops, we will be in constant contact with your staff for evaluation due to the urgency of the matter under consideration. Decisions are often made quickly, and we would like to acknowledge that your staff has been outstanding in providing needed information and feedback in a short time frame. We provide written updates of all initiatives impacting the City at the end of each committee week and, during Session, the end of every week. After each Session, we provide a thorough end-of-Session report outlining final outcomes of the City's priorities and review all that took place before the Mayor and Council at a public meeting.

The legislative calendars vary each year depending upon the preferences of legislative leadership and whether the year falls on an election year. Timelines and strategy must be adaptable to be proactive and successful. The 2022 Legislative Session will officially begin in January, with six preceding committee weeks already scheduled beginning in September of 2021. Our work identifying priorities begins in advance of committee weeks and is enhanced during the initial committee weeks. We encourage the City to adopt legislative priorities and funding initiatives early, so that we can proactively lay the groundwork for our case well in advance of the start of the Legislative Session. We have successfully maintained our workloads while addressing Plantation's needs over the past few years using fully-equipped offices, technology, support staff, valuable relationships within key networks and, most importantly, experience. Our personal approach allows us to respond to our client needs in a prompt and attentive manner.

We have an office located in Downtown Fort Lauderdale and a Tallahassee office located one block from the Capitol Complex. With downtown office space at a premium and time always of the essence, our proximity to the Capitol provides our clients quick and convenient access to meeting facilities and office support. During the Legislative Session, we employ interns from state universities to supplement our efforts by assisting with tracking bills and committee actions and participant comments. We also use every technological enhancement offered to our field that allows us to be constantly plugged-in to every conversation and easily accessible to our teammates and clients.

Company or Individual Profile

- Overview and history of the company
- Identify parent companies, subsidiaries and affiliates of the organization
- Number of years in business and types of services provided
- Describe the ownership structure, including any significant or controlling equity holders
- Provide a management organizational chart showing director and officer positions and names, and reporting structure
- Provide detailed information on the segment of the organization that would provide Lobbying services. This information should include reporting structure and any significant organizational changes that have occurred in the last two (2) years or are anticipated in the future

State Team: Ericks Consultants (ECI)

Dave Ericks founded and incorporated ECI as a For Profit Corporation in the State of Florida in 1979. By 1986, ECI had become a powerful lobbying force. ECI is a local firm with an office in Fort Lauderdale and its headquarters in Tallahassee. Our firm has three employees, including three consultants with a combined experience of over 70 years in Florida state government. ECI has been representing public and corporate entities before the Florida State Legislature and Executive Agencies for over 33 years providing the exact same scope of services listed in RFSP No. 075-21.

Candice acts as the main director overseeing our operations and is the main contact for our clients and the City. Dave guides our team with his expert advice built on the decades of institutional knowledge he has gained throughout the years. Lauren provides bill tracking, regular reports, and policy analyses. She also ensures that appropriations requests are technically sound and forms are delivered well within deadlines. While our administrative assistance recently retired due to health reasons, we are looking forward to onboarding a talented new admin in the coming weeks that we believe will be an asset to our clients for years to come.

We are a Tallahassee-based firm with an extremely active South Florida office, both equipped to respond to the City's needs. This dual presence allows constant visibility in both the southern and northern regions of the state. It enables us to be effectively engaged in the home community our team members share with Plantation while also "living" at the Capitol during Legislative Sessions and preceding Committee Weeks. Candice and Lauren are based in our South Florida office when the Legislature is not meeting in Tallahassee.

Our office locations are:

South Florida Office:
110 SE 6th St. #1500

Tallahassee Office:
205 South Adams Street

Federal Team: Becker

About Becker

Becker is a Washington, DC federal lobbying practice that is part of Becker & Poliakoff ("Becker"), a large, multi-state law and lobbying firm based in Broward County. Becker was founded in 1973 in South Florida. It is a corporation owned by its shareholders. The firm includes 130 lawyers and lobbyists in offices in New York, New Jersey, Washington, DC and throughout Florida. The firm practices in several core areas: Business Litigation; Community Association; Construction Law & Litigation; Corporate; Government Law & Lobbying; Public Private Partnerships (P3); Real Estate; Trust & Estate Planning, Probate.

Gary Rosen is the Managing Shareholder and Chief Executive Officer of Becker. In these roles he oversees the firm's governance while playing a leading role in recruitment, marketing and other business functions. Becker has a seven-member Management Committee that sets the strategic direction and oversees the management and operation of the firm along with professional staff. Management also sets the tone for the firm's culture of collaboration and innovation which places a premium on training and career growth.

Becker Organizational Chart

Government Law & Lobbying Practice

Government law and lobbying has been a core practice for the firm since its founding. The founding partners laid the foundation for our federal and state lobbying practices by serving in the Legislature and actively lobbying in Tallahassee and Washington, DC for legislation to protect their clients. The lobbying teams pride themselves on offering

Company Profiles

clients the best of both worlds: a small boutique hands-on lobbying group with the resources and power of a large law firm.

The federal lobbying practice began in 2011 with Floridians Omar Franco and Clarence Williams, two former Capitol Hill Chiefs of Staff to South Florida Congressmen, and Amanda Lawrence Wood, former Legislative Director to US Senator Bob Graham of Florida. The bipartisan, bicameral, diverse powerhouse team of colleagues used their collective knowledge of local, state and federal government programs to create a niche practice representing local governments in Washington, DC.

Lobbyist Omar Franco leads the federal lobbying team and will be the lead Federal lobbyist for the City of Plantation. Omar is the former Chief of Staff for Rep. Mario Diaz-Balart, the ranking member of the all-important House Appropriations Transportation, Housing & Urban Development (THUD) subcommittee. Omar is well-known among Republican lobbyists, especially for his connections to Hispanic Members and staff on Capitol Hill. Omar reports to the firm's Government Law & Lobbying Practice Chair and the Managing Shareholder.

Omar, in partnership with Amanda Wood, will serve as team quarterback with primary responsibility for client communication, overall strategic direction, and execution. They will be supported by other team members including a former USDOT Deputy Assistant Secretary for Congressional and Intergovernmental Affairs and former high-level congressional staffer. Additionally, we have local liaisons available to attend meetings locally as needed. Using a true team approach has served the lobbying team well when it comes to creating consensus among influencers, meeting critical deadlines, and communicating with clients. Fortunately, our team of lobbyists know each other well and have excellent working relationships in which they depend on each other to uphold the high level of service that our clients have come to expect.

FEDERAL LOBBYING TEAM

Today, the Becker lobbying team represents dozens of cities, counties, universities, trade groups, private businesses, and a state port authority in the halls of Congress and with the Executive agencies. We are most proud of our long-standing clients, many of whom have been with us for 5+ years. Palm Beach County, Sarasota County, Collier County, City of Cape Coral, Town of Davie, and others have renewed our contract multiple times despite leadership changes and challenging economic times. Their confidence in our value reflects the Becker team's commitment to ongoing and consistent communication, tireless work ethic, and a consistent return on investment.

Qualification of Firm and Individual Lobbyists

- Describe in detail the qualifications your Firm has to conduct the services requested
- Identify the key individuals who would comprise the team providing services requested.
- Provide a resume or curriculum vitae for each individual and indicate the percentage of their time that would be devoted to services for the City

State Team: ECI

Firm Qualifications

ECI is a full-service lobbying firm that acts as an extended arm of our clients in every aspect. Whether it is on a local, state or federal issue, ECI works closely with each client to understand and represent their specific needs. Dave, Candice, and Lauren collectively have over 70 years of experience in Florida State Government. This has allowed us to gain years of critical knowledge, training, and relationships that enable us to cover a lot of ground within the legislative process. We pride ourselves on efficient coordination and organization that allows us to handle numerous tasks for multiple clients simultaneously. We believe that the long-term and enduring relationships that we enjoy with our clients reflect our standard of performance.

Our Local Government Advocacy:

ECI has vast experience representing local governments in Tallahassee. Dave first began representing local governments during Broward's "Annexation Wars" – which history may prove vital in the coming years. In addition to the City of Plantation, we currently represent Broward County, Palm Beach County, the Florida Association of Counties, the City of Coconut Creek, City of Coral Springs, the City of Fort Lauderdale, the City of Pembroke Pines, the Town of Davie and the Town of Lauderdale-by-the-Sea. In addition, members of our team also represent the City of Parkland. We also work hand-in-hand with the Florida League of Cities and Florida Association of Intergovernmental Relations (FAIR), and other similarly aligned organizations throughout the year. We believe that the experience gained from representing these local governments for many years further enhances our understanding of the challenges the City faces, which gives us the capability to meet your needs. We are sensitive to unfunded mandates and encroachments on home rule, and we are dedicated to providing a quick and effective defense. Our team members also serve on the advocacy teams for a number of clients that often assist with local government interests, particularly in Broward County: the South Florida Regional Transportation Authority, the Broward Metropolitan Planning Organization, the Broward Sheriff's Office, the Seminole County Sheriff's Office, the Broward County Council of Professional Firefighters.

Qualifications

Our Relationships:

The most effective resource we offer is the relationships that we have formed over our time in the Legislative process. Our team members have spent years cultivating trust-based relationships within our local delegation and Florida state government. We take pride in the fact that we have outstanding professional and personal relationships with the key players whose decisions affect Plantation. With term limits, there is no longer an “off-season,” and we spend the entire year in close contact with Legislators and their staff regarding interim projects, campaigns, and possible legislation for the upcoming year. We have fostered solid relationships with Legislative leadership and their teams, including the Senate President, President-Designate, Speaker of the House, Speaker-Designate, as well as their anticipated successors. We are also extremely close to House Democratic Leader DuBose, Co-Leader Jenne, and Senate Democratic Leader Book (and their staff) as we continually work side-by-side with them on issues impacting our home and our clients. We have also fostered solid, trust-based relationships with the chairs of key committees, Legislative Assistants, committee directors, analysts and attorneys- including the Appropriations and Rules Chairs in both the Senate and House. We have excellent relationships with the Governor’s office and Cabinet offices. We enjoy great relationships with all Executive agencies, including the Department of Environmental Protection, Department of Transportation, Department of Economic Opportunity, VISIT Florida, South Florida Water Management District, etc. These relationships are a key component for access to information that, on very short notice, can affect a decision that can impact the City of Plantation.

Locally, we have a solid professional relationship with each member of the Broward County Delegation and their staff, many of whom are our personal friends. We work particularly close with the Senators and Representatives that represent Plantation constituencies. In addition to the Democratic Caucus leadership mentioned above, we have close relationships with Representatives Daley and Omphroy as well as Sen. Thurston. At the time of this proposal, the Plantation Delegation is expected to undergo major changes prior to the 2022 Legislative Session. Our region suffered a huge loss in 2021 with the death of the legendary Congressman Alcee Hastings. He will be impossible to replace. However, two especially impactful members of Plantation’s state delegation are expected to vacate their seats to run for Congress- Leader DuBose and Senator Thurston- demonstrating the deep bench of political talent our community is home to. This change is taking place on top of the once-per-decade redistricting process, altering the make-up of districts across the state. We feel these changes make our firm- with our institutional knowledge of the City, deep community ties, and strong relationship with Leadership- all the more key to the City’s future success.

We have also built a useful and respected network through FAPL (The Florida Association of Professional Lobbyists). FAPL was created to provide on-going training

Qualifications

and professional development and is committed to promoting the highest ethical standards of professional conduct among its membership. As mentioned earlier, Dave Ericks is a pioneer member of the Association and Candice Ericks has continuously served on its Board of Directors for years and currently serves as Chair of the organization. We regularly attend their continuing education seminars and events, allowing us to continue cultivating relationships with other interests that may ultimately affect Plantation's legislative agenda.

Our Knowledge of Plantation:

We are not only dedicated to Plantation on a professional level, but also on a very personal level. The story of Ericks Consultants begins in Plantation, where Dave served as a police officer before rising through the ranks of the Fraternal Order of Police and discovering his talent for government relations. Candice was born in Plantation. Our institutional knowledge of and identity with the City sets our firm apart from our competitors. Many issues are around for years, while others surface first for one Session. The individuals you choose to be the additional eyes, ears, and voice in Tallahassee should have the institutional knowledge and personal understanding that your current team has worked very hard in achieving. As current members of Plantation's lobbying team and residents of the local area, our team has a unique understanding of what Plantation's needs, goals and objectives are and how to continue to meet them. We have worked on many issues that impact Plantation, including but not limited to: home rule and unfunded mandates, pensions, CRAs, ad valorem taxation, wastewater utilities, economic development, E-911 Radio Systems/CAD, growth management, transportation, public safety, taxation, vacation rentals, and traffic safety enforcement.

ECI's institutional knowledge has become an increasingly valuable asset to the City of Plantation's governmental relations efforts. Term limits and high turnover rates have limited the familiarity and judgement of lawmakers on key issues, where the opposing narrative has rewritten historical context or left out important considerations. Too frequently in recent Sessions have we found ourselves educating lawmakers to correct misunderstandings of the roles, challenges, and past compromises of local governments. This is equally true as it relates to the reasoning behind and consequences of past state decisions. Instances in which we are one of the only firms to effectively and accurately communicate historical context has sharply increased. Additionally, our talent for building powerful coalitions quickly and efficiently has proven critical time and again, especially in our work defending local governments against home rule attacks in Tallahassee.

At the same time, we know Plantation is undergoing rapid changes and we stay constantly abreast of emerging issues. In addition to serving as the City's contract

Qualifications

lobbyists, working regularly with the staff on its governmental relations needs, we keep a high level of engagement in the community and with the City. We regularly monitor the City Council agendas and attend meetings, City hosted events, and workshops. We are active members of the Broward League of Cities and Greater Fort Lauderdale Chamber of Commerce, which often focuses on issues with county-wide impacts. We also regularly attend key meetings in the region where important discussions can impact the City, such as Broward Delegation, Broward MPO, Southeast Florida Clean Cities Coalition and Broward County Commission meetings. Candice is entering her fourth year as Chair of Broward Days, a non-partisan organization housed under the Broward Delegation that organizes an advocacy campaign focused on the various and unique needs of Broward County residents. As Chair, Candice renewed the practice of forming diverse advocacy teams focused on serious challenges for our community, such as transportation, public safety, housing, and health care.

As valuable to the City's success as our personal knowledge of the City and its issues has proven to be, what is more critical is that representing Plantation has become part of our identity in Tallahassee. Legislators, agencies, and other staff continuously identify us with Plantation and come to us as a resource for knowledge on issues and quick turnaround for information when time is of the essence and decisions are being made in the fast-paced time frame of Session. We take pride that decision makers identify us with Plantation and reach out to us for trustworthy information and respected advice when accounting for the effects of legislation on the City. We embrace the challenge of constantly educating new members of the Legislature and staff on the history, demographics, lifestyle, environmental challenges and overall make-up of Plantation. We help bolster the efforts of our legislative delegates while engaging Legislators from North and Central Florida on our urban South Florida issues. Our engagement involves a gentle balance of compromise and creativity that is based upon our intimate understanding of the issues of a community that we are proudly associated with. We hope to continue to be unique resource to the City of Plantation as well as the Legislature in this capacity.

We want to thank you for allowing us to demonstrate what we feel is a unique resource for representation of the City of Plantation. We truly appreciate the opportunity to continue working in partnership with your staff, Mayor, and Council.

Examples:

Below we detail some of our recent experiences serving our clients -either specific to local governments or to issues which impact them. Please note that our appropriations are detailed in the next section under "State or Federal Lobbying Experience."

COVID-19

Qualifications

Most years upon returning from Tallahassee, we put all of our energy into legislative reports and protecting appropriations requests in the Governor's veto list. The end of the 2020 Legislative Session was quite different. Once the Session ended and throughout the summer and fall, we were providing near daily updates to the City on federal, state and local communications related to the current COVID-19 health and economic crisis, including important press conferences and emergency orders from the Governor's Office and Executive Agencies and all Task Force to Reopen Florida Executive Committee and industry working group meetings. We also covered all City and County meetings and workshops to ensure our larger community was educated on local communications and emergency orders. We kept in constant contact with the City, the Governor's office, the Division of Emergency Management, the Department of Economic Opportunity, the Department of Agriculture and Consumer Services, and the Department of Management Services. We worked on issues on behalf of counties, airports, seaports, first responders, hunger-relief, senior services, and more due to our active engagement in the community. We also: worked with FDOT on getting the Department of Health's participation at airport screening points for Fort Lauderdale/Hollywood Int'l Airport and worked with DEO on providing information on the re-employment system to our local elected officials.

Home Rule

We fight in every Session, all Session long, to preserve the home rule authority of our local governments. We have far too many examples of success to include in this proposal. We fight side-by-side with the Florida League of Cities and Florida Association of Counties throughout each year on issues impacting municipal authority. Candice was the first recipient of the Theresa Lintz Memorial Award from the Florida Association for Intergovernmental Relations. This award is significant in that it represents excellence in legislative advocacy on behalf of local governments in Florida and an exemplary commitment to consensus building, professionalism and high ethical standards to better serve our local communities. While impossible to list all of the preemptions we have worked against on behalf of the City of Plantation and others, below are a couple recent examples.

- **Vacation Rentals:** In 2013, ECI played an integral role in helping pass an easing of a state preemption on common-sense local vacation rental ordinances that helped ensure critical local protections for residents and tourists. Since that time, the vacation rental industry has put enormous effort into regaining a total preemption on these common-sense local ordinances. ECI has been one of the most active teams in the coalition that has so far defeated these industry-backed attempts year after year- including this most recent Session. Our coalition, led by the Florida League of Cities, has been successful despite strong leadership backing of these efforts. In multiple instances, leadership took extraordinary steps: pressuring members to support the bills, placing extra members on

Qualifications

committees to ensure passage of the legislation when the votes were in favor of killing it, withdrawing amendments last-minute to force a scramble of adding amendments backed by local governments, introducing amendments to various different vehicles, and more. ECI has worked every step of the way in support of our coalition's efforts. We helped educate members on why this issue is best left to local control, cultivate (sometimes unlikely) local government allies, obtain accurate vote counts, gain intel on opposition strategy, counter misinformation disseminated by the opposition, and alerting the coalition to amendments filed to potential vehicles. While we have been successful in stopping this misinformed attempt to elevate "private property rights" over common-sense local regulations, we anticipate this fight will return next year with even more force than years past. Preventing an expansion of the preemption requires teamwork by advocates able to contribute to its defeat while maintaining good relationships with leadership supportive of it.

- **HB 17 and Proposal 95:** While local preemption language is a constant battle in Tallahassee, the past five years has seen a focused attack effort on home rule. HB 17 in 2017 (and Proposal 95 in the Constitutional Revision Commission) represents the most egregious of these recent battles. HB 17 and Proposal 95 were broad preemptions that would have eliminated home rule authority for anything not specifically authorized by the state. We worked closely with all other local government advocates to oppose these initiatives. We discovered later that the language was targeted towards ordinances relating to pet stores along with retailer concerns on environmentally conscious ordinances that ban plastics and other materials. We worked closely with the Florida League of Cities and Florida Association of Counties to supplement their efforts. We focused on our allies in the Senate, who we needed to hold strong against the bill despite whatever trades the House was willing to offer. We also worked with our allies on the CRC. While the Senate filed a companion bill, it ultimately could not get enough support to pass their Chamber. We also worked with all other local government advocates to successfully remove a similar provision in the 2018 tax cut package, which preempted local regulations on anything related to commerce or anything covered under Chapter 212 (taxation). In 2020, the legislature pursued a more narrow preemption on pet stores specifically. However, our coalition worked with animal rights activists to gain a compromise that carved-out current ordinances before ultimately defeating the legislation.
- **Micromobility:** In 2019, a state proposal would have preempted all local ordinances regulating the presence of electric-powered, shared scooters on municipal roads, sidewalks, and trails. Our firm worked to ensure common-sense local controls were available. During initial committee hearings, both the House and Senate bills contained complete preemptions. The House sponsor had taken issue with practices in some local governments. At the time, Fort

Qualifications

Lauderdale was one of the first to implement such a program and we offered their experience for her to use as a resource. We facilitated meetings in Tallahassee for the Fort Lauderdale Mayor and City Manager who gained the House sponsor's trust and was able to show the need for reasonable local regulations. She amended her bill to include a language we crafted allowing local control in high pedestrian traffic areas. The Senate removed all preemption language in negotiations with the Florida League of Cities, However, negotiations in the House were stagnant and fragile outside of our advocacy and Fort Lauderdale's work. Our efforts ultimately enabled us to keep and increase the element of local control in both packages until it was certain that the Senate language would prevail.

In 2018, we were part of a successful coalition that stopped the passage of a vendor-driven preemption on dockless bicycle companies. The preemption would have originally prohibited local governments from: limiting entry to operations; requiring businesses licenses or minimum insurance; and more. Our coalition was able to show the consequences preemption had in other areas of the country and expose the true factors behind the initiative. We also worked with the Senate sponsor to educate her on negative impacts. After losing support, the bill was amended to compromise with local governments by only prohibiting them from banning their entry. The bill was ultimately stopped by the Senate.

Local Revenues

As local government advocates, our firm has long been engaged in the watch for reductions to key sources of municipal revenue- whether shrinking our Ad Valorem tax base, imposing unfunded mandates, raising sovereign immunity caps, reducing to important sources of local revenue, or other financial hits. We work hand-in-hand with the Florida League of Cities and Florida Association of Counties throughout every Legislative Session to defeat these harmful proposals that threaten a reduction in services to City residents. While the number of fights we have been involved in and successful in are too numerous to list in this proposal, below are recent example with other examples found throughout this response.

- **Turnpike Revenues:** In 2017, we were successful in extending an expiring statute that provides a critical revenue source for the Tri-Counties (Palm Beach, Broward, and Miami-Dade). Upon learning that a statute entitling the counties to 90% of turnpike toll revenues attributable to users within the Tri-County area to fund their transportation work programs would expire that year, our team coordinated a meeting between the government relations staff from each of the the Tri-counties. We helped them to agree on the length of extension of the statute, identify potential vehicles, and develop a strategy. We worked closely

Qualifications

with Legislators and helped identify amendment sponsors, file the amendment language and ensure adoption of the language onto multiple packages. We ensured key Leadership knew of the importance of the language and its need for passage. We worked closely with Sen. Brandes, the DOT Secretary and legislative affairs staff as well as the Governor's office, who ultimately signed into law

- **Communications Services Tax:** In 2020, we led the effort to oppose a bill that would have forced local governments to levy flat rate of 4% for the Communications Services Tax. We immediately sought the fiscal impact from our local governments as soon as the bill was filed, which was estimated to be significant. The industry and local governments both share concerns that the tax has developed into a complex and outdated mechanism. However, proposals to decrease the tax often reduce tax burden on industry, leaving critical local budgets and bonds at risk. We found that most of the lawmakers we met with did not have an understanding of the history of the tax, the importance of the local revenue, past proposals to reform the tax that included local government input through a state-established working group, and the severity of the cut contained in the bill. Our institutional knowledge allowed us to raise important questions with these members and provide thoughtful talking points that had not been fully explained and addressed with them prior. While the bill passed its first Senate committee, we were able to set the baseline for future conversations and the bill was not considered again. We anticipate similar proposals in future Sessions as more companies enter the streaming sphere, and we plan to be integral part of every effort to ensure our local governments are protected.

Commerce & Tourism

Our team understands the resources that it takes to support the Mayor's vision of a thriving and diverse business community. We want Plantation to continue to be a place where businesses want to expand, invest in, and relocate to. Additionally, we want to ensure the City has the infrastructure in place for small businesses to thrive. We have successfully worked on legislation and funding on issues ranging from CRAs, TDC and Visit Florida funding, vacation rentals, the environment, cultural arts, enterprise zones, public private partnerships, aviation, and seaports. We have intimate knowledge of the programs that drive tourism in our region and understand the industry challenges and intergovernmental friction that occurs in relation to these programs. Due to our strong relationship with the President/CEO of Visit Florida, we act as a reliable point-of-contact for Visit Florida on matters related to the South Florida region. We enjoy excellent relationships with Enterprise Florida and Department of Economic Opportunity leadership and staff. We are active with organizations such as the Chamber, the Broward Workshop, and the Greater Fort Lauderdale Alliance, the Greater Fort Lauderdale Chamber of Commerce Government Affairs Committee, and the South

Qualifications

Florida Business Council.

Transportation

Our team is very experienced in advocating for transportation issues and project funding for local governments in South Florida. We enjoy close working relationships with the Florida Department of Transportation at both the state level, as well as with our local District 4. Members of our team work with the Broward MPO, the South Florida Regional Transportation Authority, and private transportation entities in addition to local governments. We are also active in the Florida Public Transportation Association. We stay abreast of transportation issues affecting the state, attending numerous transportation forums, workshops, and conferences. We monitor state funding of the Five-Year Work Program. We routinely monitor key public hearings, MPO meetings, Florida Transportation Commission meetings, and Southeast Florida Transportation Executive Committee (SEFTEC) meetings. Candice is a regular participant with a collaborative of transportation power players, termed the Transportation Advocacy Group. As past President of the Florida Association of Intergovernmental Relations, Candice recruited former FDOT Secretaries, the Ports Council, the MPOAC, and others to join the organization and participate in weekly meetings where their expert insight benefits local government advocacy.

As residents and active members of the community, we are especially familiar with the current and emerging transportation issues affecting the City of Plantation. Technology and mobility is constantly changing. We acutely understand the challenges the City faces (such as population growth and congestion) and the need to think-outside-the-box. We have continually been engaged in all policy discussions around emerging technologies and transportation trends on behalf of local governments, the Broward MPO, the South Florida Regional Transportation Authority, or private entity stakeholders. We have worked on issues directly dealing with Autonomous Vehicles, Electric Vehicles and charging infrastructure, TNCs, micromobility, and dockless bicycles. We've attended the annual FDOT Automated Vehicle Summit since its inception as well as all Autonomous Florida (Florida Chamber of Commerce) webinars, calls, and events. We covered Automated, Connected, Electric and Shared-use (ACES) subcommittee meetings which contributed to the state's Long-Range Transportation Plan. We participated in the Florida Department of Agriculture and Consumer Services EV Roadmap development and monitored the FDOT EV Infrastructure Masterplan (EVMP) development.

- **South Florida Regional Transportation Authority:** ECI has represented SFRTA since before its inception, playing an instrumental role in passing its enacting legislation. Early on, ECI was instrumental in passing major legislation that gave the Authority discretionary bonding and ability to receive matching funds should counties provide a local option funding source. In a 2009 Special Session, we

Qualifications

were successful in securing \$15 million annually for five years to close the gap needed to run a full complement of 50 trains. This funding was critical during a time of reduced local revenues. We secured an additional \$1 million in 2010 in spite of a budget shortfall of over \$4 billion.

- In 2012, we successfully defended SFRTA against a Department of Transportation (FDOT) attempt to dramatically alter its board to only Governor-appointed positions and the ability to privatize the agency. ECI met with committee members and successfully refuted the agency's assessment, incentivizing the agency to work out a compromise with SFRTA. Passing the compromise required a complicated legislative strategy that was successfully implemented in multiple committee meetings on multiple legislative vehicles, floor support and passage. Ultimately, HB 599 was signed by the Governor. We also successfully led a team to protect the SFRTA's base budget funding for commuter rail transportation.
- In 2017, our firm was lead for SFRTA in a successful team effort with Brightline (All Aboard Florida) to ensure passage of HB 695. The bill allowed SFRTA to indemnify All Aboard Florida and the FEC for liability insurance purposes regarding use of the rail line. Our team overcame major obstacles, including the sudden resignation of our Senate sponsor mid-way through. The same year, we simultaneously defeated aggressive attacks on SFRTA's budget authority included in the Governor's budget recommendations, the DOT package, and budget proviso. We worked with stakeholders to negotiate a compromise, which we then amended into multiple vehicles.
- In 2018, SFRTA explored ways to help trains more quickly get back up and moving after accidents. The Florida Uniform Traffic Control law required law enforcement to interview all passengers on the train in their crash report forms, even if all relevant witnesses had been interviewed, which caused significant delays. Our team worked on their behalf to develop and move SB 1482 through two Senate committees. We were eventually successful in 2019, working with Rep. LaMarca and Sen. Hutson to pass HB 341.
- **Autonomous Vehicles:** Candice has worked for JM Family Enterprises for over 15 years, working successfully on issues related to emerging vehicle technologies, such as autonomous vehicles, electric vehicles, connected vehicles, dealer franchises, and legislation impacting data collection and use. One example, in 2019, Candice and Lauren worked on behalf of JM Family Enterprises to ensure that autonomous vehicles legislation was written in a manner that could be implemented practically without prohibiting advancements in vehicle safety technology. HB 311, a key update to the State's

Qualifications

autonomous vehicle statutes, would have unintentionally prohibited vehicles that were not fully autonomous but were equipped with autonomous technology (such as a human-driven vehicle automatically stopping when sensing an object.) We worked with both sponsors to amend the bill during committees. We then monitored every iteration of the bill throughout Session, eventually catching another unintentional drafting error in an amendment that we were able to fix. The bill passed with our amended language.

- **Broward Metropolitan Planning Organization:** Candice and Lauren serve on the state advocacy team for the BMPO. During the 2018 Legislative Session, we blocked efforts to restrict the number of voting members allowed on MPO boards according to population and impose term-limits. Our immediate attention to the issue and strong relationship with the bill sponsor enabled us to narrow the language to only impact MPOs in regions below a certain population threshold. As the language appeared later in the Session in the form of an amendment, new issues arose with municipal representation and setting term-limits for board members. The term-limit language posed a significant problem to the Broward MPO as it could have led to a sudden removal of critical board members. Again, we negotiated with the sponsor and alerted the MPOAC as well as representatives of MPOs throughout the state to the issue. We ultimately were able to compromise on language that ensured local control over term-limits and removed the geographical restrictions. The compromise language was amended into a transportation omnibus package that failed to pass in the final hours of the Legislative Session, but it did not contain its original negative impacts to our client. Through this experience, Candice and Lauren learned that MPOs across the state have a strained relationship with their local Legislative Delegations. Our team members have helped foster a greater understanding of the vital role and challenges of the BMPO with the Broward Legislative Delegation and state lawmakers. This includes helping set up and ensure attendance to a successful Delegation workshop in late 2019. We have continued fostering relationships beyond our Delegation, including with the current Secretary of FDOT, Kevin Thibault, as well as his chief of staff and his legislative affairs team.

Public Safety

- **School Safety/ E-911 Radio/CAD systems:** In 2018, our community was devastated by the Marjory Stoneman Douglas High School shooting which took place shortly after a terrifying mass shooting at the Fort Lauderdale/Hollywood International airport and other devastating mass shootings around the state and country. As lobbyists for local governments directly impacted, and as residents of the community, we were one of the few firms to cover every single meeting of the Marjory Stoneman Douglas High School Public Safety Commission, including

Qualifications

all recommendations and reports. We worked closely with our Delegation members, including on all three legislative packages on issues ranging from school safety, mental health funding, radio communications, gun control, alarm systems, and more. We paid especially close attention to any recommendations that would have forced the City of Plantation to consolidate its E-911 radio system or CAD system under Broward County and strongly advocated for the public safety benefits of Plantation having its own system. Additionally, we successfully amended the School Safety package (SB 7030) to enable sheriff office employees to be School Safety Specialists, which had previously been an exclusive responsibility of school board employees.

- **SWAT Medics (HB 487):** The City of Coral Springs, who heroically responded to the horrific events of February 14, 2018, recognized a state law that needed to be changed. The law prevented trained medics who serve as part of law enforcement SWAT teams from carrying firearms for protection when entering highly dangerous areas where firearms are prohibited. These medics were faced with a choice to either: a) lose precious time in rendering aid to the injured, b) endanger themselves and their team by entering a situation unprotected, or c) break the law- in turn risking liability for themselves and their employers. In 2019, the City of Coral Springs adopted the issue as a top legislative priority and connected ECI with the Broward Police Chiefs Association, which had crafted language through a legislative committee. We worked closely throughout the process with our Broward first responders, including our municipal police departments, local 3080 firefighters union, and BSO employees. We quickly found that the rest of the state (except for the Orlando area due to Pulse Nightclub) had little understanding of the issue. This was mostly due to not being in Broward's unfortunate and unique position of having experienced multiple large-scale mass shootings. We took a highly creative approach that allowed us to identify and cultivate allies outside of Broward or who had gained an understanding through involvement with the Marjory Stoneman Douglas High School Public Safety Commission among other experiences. We secured Republican sponsors outside of Broward in the Senate and the House. We also secured a Broward Democratic primary co-sponsor of the House legislation (Rep. Mike Gottlieb)- a hugely beneficial step in showing this was a bi-partisan issue about safety. We strategically requested cities to pass resolutions, which helped to gain further bi-partisan support. We then worked with this coalition that included our sponsors, local unions, and influential allies across the state to overcome reservations among lawmakers, state unions, executive agencies, and gun reform advocates. We executed constant communication, education, and language revisions at multiple steps along the way. This long-shot bill ultimately passed- in its first year of introduction- due to our creativity, unwavering

Qualifications

commitment to our first responders, and our ability to effectively mobilize and organize their passionate advocacy on behalf of the legislation.

- **Mental Health & Substance Abuse:** Over the last several years, we have worked with state and local government, law enforcement, first responders, corrections facilities, hospitals and other health care providers, health insurance providers, childrens services providers, business organizations and key community advocacy organizations seeking solutions to substance abuse and mental health issues. We have worked to direct resources to needed services, target bad actors that harm recovery efforts, pass policies to enhance safety of the community and first responders, create programs that provide second chances, increase access to treatment and enable optimal delivery of services to individuals in need.
 - **Sober Homes:** Palm Beach County first engaged our firm in the fight to regulate sober homes, or recovery residences, in 2013. Since that time, we have worked diligently on behalf of local governments and advocacy organizations to improve state and local oversight. We helped to secure funding for a feasibility study in 2013. We played a key role in the two-year effort to pass HB 21 (2015), creating voluntary certification. We worked to support funding for the creation of the Sober Home Task Force in 2016. We have since played an active role in the successful passage of each piece of legislation recommended by the Sober Home Task Force- meeting with committee members, distributing talking points, helping secure sponsors, analyzing amendments, and requesting the bills be heard- including HB 807 (2017), HB 369 (2019), SB 1120 (2020), and HB 804 (2021). We also continue to support efforts for mandatory certification and statewide training of State Attorneys on enforcement as many of these residences have continued to move south to Broward County.
 - **Opioid Crisis:** We worked on behalf of Palm Beach and Broward County to pass HB 21 in 2018, a landmark bill in the fight against prescription drug abuse. We assisted in coordinating efforts between the Tri-Counties on discussions to form a regional opioid working group. We also worked closely with the Attorney General's Office on establishing the Statewide Opioid Task Force in state law (prior to the Governor's decision to establish the task force via Executive Order) and have continued to be a lead firm in support of the Task Force's efforts. We worked on behalf of Seminole County Sheriff Dennis Lemma and successfully secured state funding for first two years of the Seminole County Hope & Healing Center pilot project. We've helped coordinate meetings for Project Opioid and continue to support efforts to expand Project Opioid into Broward County. Beyond our lobbying efforts, we have actively participated in

Qualifications

countless townhalls, brainstorming sessions, working groups, task force meetings, and more related to tackling prescription drug and opioid abuse. While the state and our communities have made significant strides forward in investing in treatment and enforcement infrastructure, the opioid epidemic unfortunately remains severe following the COVID-19 crisis.

- **Protections for Local Correctional Officers:** In 2019, we worked on behalf of the Florida Federation of Public Employees (Broward AFL-CIO) to pass crucial legislation that helped protect local corrections officers against sexual harassment from inmates. While state law already protected state corrections officers from such harassment, county and municipal officers were left out of the original legislation. The bill enhanced penalties for certain inmate behaviors, such as “gunning” or publicly masturbating in order to intimidate officers, while in local detention facilities. We secured sponsors for the bill, advocated for the bill to be heard in each committee of reference, ensured passage of the bill by each committee, ensured final passage on the floor, and helped ensure the governor’s signature of approval for the legislation.
- **Contraband in Specified Facilities:** In 2020, we worked on behalf of the Seminole County Sheriff’s Office to pass SB 1286, which closed critical loopholes in detention facility contraband regarding hemp, vaping devices, and cell phones. These loopholes were created by evolutions in law and technology and posed major security risks for various detention facilities across the state. We secured sponsors for the bill, worked with impacted agencies, advocated for the bill to be heard in each committee of reference, helped re-work the language based on lawmaker concerns, ensured passage in each committee, ensured final passage on the floor, and are currently working to ensure the governor’s signature of approval for the legislation.
- **Public Nuisance:** In 2020, on behalf of the Seminole County Sheriff’s Office, we successfully amended HB 625- Public Nuisance to allow sheriffs to directly file public nuisance suits and helped support the passage of the amended bill. Prior to meeting with the bill sponsors, we provided the language to the Florida Association of Counties for sign-off.

Local Bills

We have crafted language, drafted and coordinated required forms, and advocated for unanimous passage by the Broward Legislative Delegation for a number of bills throughout the years, including: a Fort Lauderdale local bill on anchoring, a North Lauderdale local bill on law enforcement assessment fees, Coral Springs local bills related to water districts, and more. In 2021, we worked alongside Representative Daley to ensure the successful passage of four Coral Springs local bills through by the State Legislature – HB 1495, HB 1499, HB 1501, and HB 1503. This effort involved

Qualifications

amending the legislation in Tallahassee after it had passed the Delegation, which required our institutional knowledge of the local bill process and strong relationship with the Executive Director of the Broward Legislative Delegation to be successful.

Executive Agencies (Fort Lauderdale)

Over the years, we have fostered solid relationships with the Secretaries and head staff of all of the executive branch agencies. We have had numerous successes working with the agencies ranging from transportation, economic development, environmental permitting, pari-mutuels (on behalf of FSBOA), grant programs and more. Below are a few highlighted successes for one of our cities, the City of Fort Lauderdale:

- **Birch State Park:** In 2016, FDEP placed an additional requirement on the City of Fort Lauderdale's permit to clean the beach east of Birch State Park. The change made the City liable for trespassing on this section of the beach unless authorized by the property owner, not only preventing the City from maintaining this certain portion of the beach but also complicating cleanup on the public beach located north and south of the Birch State Park property. We worked with Representative Moraitis's office to solve the issue as quickly as possible so tourists and residents could continue to enjoy a well-maintained beach. Rep. Moraitis was able to get clarification from FDEP that a letter from park manager would be sufficient enough to authorize access. The City was able to quickly get the letter to continue cleaning the beach.
- **Florida Communities Trust:** In 2015, the City of Fort Lauderdale ran into a roadblock with its ongoing improvements to Southside Elementary School when the Florida Communities Trust requested full market price for land needed to expand and improve the sidewalk. Our team coordinated a meeting with the Secretary of FDEP to explain why the project met the standards required in restrictive covenants to significantly reduce the price. Our meeting directly resulted in the Secretary agreeing to give the land to Fort Lauderdale at no cost under a Memorandum of Understanding between the Department and the City.
- **Complete Streets:** In 2014, our team successfully navigated the State's permitting process between the Florida Department of Transportation (FDOT) and Florida Department of Environmental Protection (FDEP) to allow the City of Fort Lauderdale to expand a sidewalk along A1A to increase pedestrian safety and further the City's "Complete Streets" initiatives. The process was particularly complicated by turtle nesting and location of sand dunes, however we successfully brought all parties together and brokered a comfortable agreement which resulted in the City's ability to serve its citizens transportation needs. This project took the entire team's due diligence in working with both agencies to get the desired result for the City.

Qualifications

Key Individuals

Dave Ericks
President/ Founder
Cell: 850-591-7550
dave@ericksconsultants.com

DAVID ERICKS is founder and President of Ericks Consultants, Inc and works out of our Tallahassee office.

After returning from college at C.W. Post (Long Island University), which he attended on a football scholarship, he took a position as a police officer with the City of Plantation.

This eventually transitioned him into the world of Florida politics.

Dave Ericks has been a registered lobbyist in the State of Florida for over 40 years, starting with his representation of the State of Florida Fraternal Order of Police while at the City of Plantation Police Department in 1980. Mr. Ericks was a registered lobbyist for the Broward County Sheriff's Department, the Department of Highway Safety and Motor Vehicles and the 3M Corporation before founding Ericks Consultants, Inc. in 1985. Prior to establishing his own firm, Mr. Ericks was employed by the 3M Corporation as Regional Administrator and Registered Lobbyist in Florida, Mississippi, Louisiana, and Alabama. Mr. Ericks served as Senior Executive Assistant to the Department of Highway Safety and Motor Vehicles, Administrative Assistant to the Broward County Sheriff and served on the City of Plantation Police Force. Mr. Ericks' past experience allowed him the opportunity to work with various police and criminal justice organizations, including the Steering Committee for Constitutional Amendments and the State Law Enforcement Job Task Advisory Committee for the Florida Police Standards and Training Commission. He has also represented members statewide as the President of the Fraternal Order of Police. His service in those positions has given him both law enforcement and administrative expertise at the local, county and state levels. Moreover, since establishing Ericks Consultants in 1985, Mr. Ericks has represented a multi-faceted group of clients, giving him a wide array of expertise in multiple subject areas, including the electric and telecommunication utilities, law enforcement, entertainment, healthcare, travel, corrections, solid waste, growth management, automobile, gaming, and transportation industries; as well as in the many diverse issues which face local governments on a day-to-day basis.

Mr. Ericks resides in Tallahassee, FL.

Qualifications

Candice Ericks- ***Main Contact for the City***

Managing Partner

Cell: 954-648-1204

candice@ericksconsultants.com

CANDICE ERICKS is a consultant with Ericks Consultants, Inc., based in Fort Lauderdale, Florida. She works out of the Tallahassee office during the Legislative Session and is based in Fort Lauderdale during the interim.

Candice is a government relations professional specializing in Florida state and local government relations. Candice began her lobbying career in 1998 when she joined Ericks Consultants, Inc. She developed and expanded the firm into a successful, multi-regional operation with a diverse book of clients. Over the course of the past two decades, Candice has developed an extensive network of contacts and relationships in the governmental, non-profit, and business communities within Florida. Her hands-on approach within the governmental relations world has enabled her to continuously deliver success for her clients in numerous subject areas. For the last two decades she has worked diligently to grow her family's governmental consulting business, Ericks Consultants, Inc.

Candice currently represents a broad spectrum of clients, ranging from local governments to corporations to nonprofits. Most of her clients are longtime relationships due to her dedication and loyalty to their success in the political world. Her client list not only includes some of the largest corporations within the state, but also includes entities from almost every industry within Florida.

Candice was the first recipient of the Theresa Lintz Memorial Award from the Florida Association for Intergovernmental Relations. This award is significant in that it represents excellence in legislative advocacy on behalf of local governments in Florida and an exemplary commitment to consensus building, professionalism and high ethical standards to better serve our local communities.

Candice is active in many organizations within the local community and throughout the state. She was recently elected as the Chair of the Florida Association of Professional Lobbyists (FAPL), an organization committed to establishing and maintaining high standards for the lobbying profession. She also works actively with the Florida League of Cities, the Broward League of Cities, the Palm Beach League of Cities, the Florida Public Transportation Association, both the Fort Lauderdale and the Florida Chamber of Commerce, the Florida Association of Counties, Associated Industries of Florida, and is a recent past President of the Florida Association for Intergovernmental Relations.

Qualifications

Candice also serves as Chair of Broward Days, a non-profit and non-partisan group of people advocating for diverse needs and concerns of Broward County structured under the Broward Delegation. Ultimately, Candice takes every opportunity to work with businesses and local governments to help make the State of Florida the best place to live.

Candice graduated with a Public Relations degree from Florida State University in 1995.

Lauren Jackson

Consultant

Cell: 931-265-8999

lauren@ericksconsultants.com

LAUREN JACKSON joined Ericks Consultants in 2012. She works out of the Tallahassee office during the Legislative Session and is based in Fort Lauderdale during the interim.

Lauren is a third generation Broward resident with strong roots in the community. Her grandfather and father both served as Port Everglades Harbor Pilots and were pioneer members of the Port Everglades Association. Her father and his three siblings are graduates of Stranahan High School. Her grandmother spent her career as a librarian at Rogers Middle School.

Lauren served on Senator Ellyn Bogdanoff's staff as her Broward County coordinator as well as the Legislative Aide to Representative Evan Jenne, who served as the House Minority Whip and Chair of the Broward County Legislative Delegation during her time as staff. As a result, she came to her current position with a working knowledge of both Chambers and with relationships on both sides of the aisle with a focus to Broward County.

Lauren began her career in the political world serving as a legislative assistant for National Strategies in Tallahassee, a legislative intern for Dutko Poole McKinley in Tallahassee, and a fundraising intern for Congressman Jim Matheson in Salt Lake City. Prior to entering the government relations sphere, Lauren worked for Youngs Market Company of Utah, overseeing a four-state advertising program.

She is a graduate of the University of Utah with a Bachelor of Arts in Political Science and a minor in Campaign Management. She is additionally a graduate of the Women's Campaign School at Yale University.

Federal Team: Becker

Firm Qualifications

No Learning Curve

Representing Florida's local governments in Washington, DC is a specialty of the Becker lobbying team - there is no learning curve. Members of the lobbying team also worked in Tallahassee before becoming federal lobbyists. Their combined state/federal government experience offers the city the benefit of leveraging state and federal programs and funding. Few firms, if any, know how to take advantage of the interplay between state and federal funding like the Becker team does for its local government clients. We have long-term working relationships with the South Florida and Florida Congressional delegation and Members of Congress with jurisdiction over your priority issues. We are ready to put that knowledge and those relationships to work for The City of Plantation.

Becker lobbyists understand municipal issues and the uniquely public nature of representing local governments. Our experience includes growing communities such as Cape Coral and Sarasota County, large, diverse communities such as Hennepin County (Minneapolis), Minnesota, and Florida cities such as North Miami, Coral Gables, and Davie.

Local Presence

We are local. We are active members and hold leadership positions in organizations such as the United Way of Broward County, Jewish Federation, Broward Bar, Greater Fort Lauderdale Chamber of Commerce, Enterprise Florida, and Greater Ft. Lauderdale Alliance. Elyn Bogdanoff is on the Washington Summit Steering Committee with Broward leaders and local government officials. Omar Franco is helping plan the Capitol Hill meetings for the Summit participants.

Becker distinguishes itself from other federal lobbying firms by providing local liaisons who know the City well. Attorneys and former legislators Katie Edwards-Walpole and Elyn Bogdanoff can add value with local insights and availability to participate in local meetings.

The Becker Advantage:

- 1) Diverse, professional, experienced DC-based lobbying team (from South Florida) that has worked together for many years in the nation's capital;
- 2) Extensive Capitol Hill legislative and lobbying experience and relationships with members and staff on key committees such as Appropriations, Ways & Means, Transportation, Homeland Security, Judiciary, Finance, and Commerce;

Qualifications

- 3) In-depth understanding of the City of Plantation's priority issues and federal programs relating to infrastructure, innovation and emerging technology, economic development, transportation, and more;
- 4) Relationships with key influencers and decision-makers (both political and career) at USDOT, Army Corps of Engineers, FEMA, Homeland Security (DHS), Health and Human Services (HHS), and Housing and Urban Development (HUD) departments;
- 5) Specific knowledge of federal programs impacting cities
- 6) Personal longtime relationships with South Florida and other members of the Florida Congressional Delegation plus House and Senate leaders on both sides of the aisle with jurisdiction on Plantation's priority issues;
- 7) Existing working relationships with allied organizations, such as the National and Florida League of Cities, US Conference of Mayors, National Association of Counties (NACo), American Public Works Association (APWA), and others to create synergies, collaboration, and alignment with your priorities;
- 8) The resources of a large law firm to provide legal analysis, interpretation, and technical assistance;
- 9) Fully staffed lobbying team to cover hearings, coordinate communications, and meetings for City officials, provide written and verbal reports, and provide a clear strategy for accomplishing City goals with timelines, milestones, and accountability;
- 10) Proven track record of successful lobbying for city governments in DC;
- 11) Broward County presence and local liaisons to attend local meetings and offer local perspectives to the federal lobbying team.
- 12) NO CONFLICTS.

In sum, Becker's active local presence in Broward County, deep Florida roots, and extensive lobbying experience representing local governments in Washington, DC (and Tallahassee) provide a tangible advantage over traditional DC lobbying firms.

A new energized federal lobbying team can elevate Plantation's visibility among the nation's leading communities and provide a new innovative strategy to advance city priorities to the right influencers, decision-makers on Capitol Hill, and in the Administration.

Key Individuals

Federal Team Members

Becker has carefully cultivated its federal lobbying team's growth to ensure the firm's fundamental commitment to diversity, camaraderie, and excellence is maintained. The federal lobbying practice provides clients with the best of both worlds: a small boutique hands-on lobbying group with a large law firm's resources and power. City officials are welcome to use our DC office when visiting the nation's capital.

The Becker Lobbying Team

The Becker team will use its combined 75+ years of lobbying experience, knowledge, relationships, and expertise to implement The City of Plantation's federal priorities.

Amanda Wood and Omar Franco will co-lead the Plantation Federal Lobbying team. They will jointly handle client communication, overall strategic direction, and execution of the agreed-upon agenda. Clarence Williams and Anthony Bedell will assist them. Each member of the team has 15+ years of experience in politics, policymaking, and lobbying.

In addition to co-leading the team, Amanda will serve as a primary Senate liaison and coalition builder with natural allies such as other cities, organizations such as the League of Cities, and issues related to policy and funding (appropriations and agency grants) for justice and transportation, water quality and quantity, housing, health, and human services. Amanda is well-known for her expertise in identifying and successfully pursuing agency grant funds.

Omar Franco is a veteran lobbyist and former Chief of Staff to Florida delegation dean Rep. Mario Diaz-Balart (R-FL). He is well-known for his strong connections to Hispanic Members and staff representing districts throughout the country. Access to a diverse and ever-increasing group of influential decision-makers is a not-so-secret weapon for the Becker team. Omar will focus on housing, transportation, mental health, opioid issues, FEMA, and appropriations.

Clarence Williams, former Chief of Staff to Congressman Kendrick Meek (D-FL), will focus on health care issues, human service issues, Defense and military base issues, FEMA, Army Corps, and appropriations. He will work primarily with House Democrats.

Anthony Bedell, former Deputy Assistant Secretary for Intergovernmental and Congressional Affairs at the US Department of Transportation (USDOT), will elevate the City's priority issues to top-level decision-makers on key House and Senate committees

Qualifications

Appropriations, Transportation & Infrastructure others. Anthony will work with House and Senate Republicans on transportation and other issues and provide strategic guidance on funding from USDOT, FEMA, Army Corps, and other agencies.

In addition to the above federal lobbying team members, other firm members are available as resources to the City of Plantation on an as needed basis. Becker attorney Katie Edwards-Walpole is intimately familiar with Plantation's issues from her time as a state representative representing the City. Likewise, attorney, former legislator, and state lobbyist Ellyn Bogdanoff is also available to work closely with the DC-based Federal lobbying team by sharing local insights and relevant context on issues.

Becker Team Workload and Availability

The Becker team is available immediately to begin working with the City. Co-leaders Amanda Wood and Omar Franco will carefully structure a work plan utilizing a proactive team approach that leverages team member's strengths and relationships. We understand the importance of "on-call" availability and accessibility, day or night, on weekends or holidays. Whether it is daytime meetings, evening fundraisers, or weekend social events, the team is always working to gain insights, share information, and advocate for clients. The business of government relations never stops, and either do our team members. In fact, they thrive on it. Each team member is available 24/7/365. City leaders will have cell phone numbers for each team member.

We look forward to demonstrating our tireless work ethic and creative thinking supporting the City's legislative agenda.

✉ AWOOD@beckerlawyers.com

Role: Co-Lead lobbyist responsible for client communication, overall strategic direction, and execution of program; primary liaison to Plantation; Appropriations; Senate; Agency Grant Funding; allied organizations.

Qualifications

Years of experience: 16 years of Federal lobbying; 8 years on Capitol Hill

Percentage of time dedicated to the City of Plantation: 20%

Amanda Wood has worked on and around Capitol Hill for over 20 years. She has extensive knowledge and relationships on Capitol Hill and in the Administration. She began lobbying in 2005 after serving on the staff of Senator Bob Graham for seven years and as his last Senate Legislative Director.

Ms. Wood's experience working on Capitol Hill and representing local governments offers clients expertise on federal issues related to transportation, economic development, natural resources, disaster preparedness and recovery, water resources, science, technology, NASA, law enforcement, and social services. She has developed a specialty in accessing criminal justice equipment and law enforcement training funds through programs run by Justice, Homeland Security, and others. She has also had great success representing a long-time client, ShotSpotter, a technology used by local governments to detect gunshot locations.

Amanda represents a mix of public and private sector clients, including Sarasota and Collier counties, Cape Coral, FL, Davie, FL, ShotSpotter, Next Era Energy, NTT Data, Hitachi Vantara, and Genasys Corporation, among others.

Ms. Wood develops and executes federal government relations strategies and guides clients through the federal funding process, including the House and Senate's budget and appropriations committees and federal grant opportunities. She has achieved success through strategic, direct communication with her clients and federal decision-makers and a comprehensive approach to researching community-specific federal funding opportunities. Amanda takes pride in helping clients communicate effectively with federal officials and identify and secure grant funding that fulfills local needs.

Work History

Amanda Wood served as Legislative Director to Senator Bob Graham (D-FL), responsible for developing and implementing the Senator's legislative agenda and strategy. While serving as the Senator's chief advisor on federal appropriations, Ms. Wood worked closely with representatives from various cities, counties, educational institutions, nonprofit organizations, and state agencies to advocate for projects ranging from infrastructure improvements to research and cultural projects.

Since 2005, Amanda has represented city and county governments of various sizes, demographics, and economic conditions. She has been successful in securing federal funding through congressional appropriations and agency grant awards. Amanda

Qualifications

enjoys working with clients to explain Federal opportunities, develop proactive strategies to secure funding, expedite federal approvals, and remove roadblocks. She presents regular updates to her clients regarding Congressional activities and political impacts on their policy priorities.

Amanda and other team members have excellent working relationships with influential Members and staff on committees with jurisdiction over Plantation's priority issues. Some examples include House Appropriations Subcommittee on Energy & Water, which provides for the Army Corps projects with Congresswoman Debbie Wasserman Schultz, Lois Frankel. Rep. Wasserman Schultz also chairs the powerful Subcommittee on Military and Veterans Affairs spending. Rep. Mario Diaz-Balart serves as Ranking Member of the House Transportation and Housing Appropriations Subcommittee. Additionally, the team has excellent relationships on Transportation & Infrastructure authorizing committee with Chairman DeFazio, Ranking Member Graves, Eddie Bernice Johnson, John Garamendi, Rick Larsen, plus Florida members Dan Webster, Brian Mast, Frederica Wilson, and Carlos Gimenez.

Similarly, on the Senate side, Amanda has worked closely with the Environment and Public Works Committee Members and staff since her time as Legislative Director for Senator Bob Graham, who served there for many years. Senator Rubio is a member of the all-important Appropriations Committee, and the team has good working relationships with subcommittees with jurisdiction over the City's priority issues. Amanda continually works with the staff of Appropriations Chairman Patrick Leahy and Ranking Member Richard Shelby and subcommittee leadership to advance goals (funding and otherwise) through their annual "must-pass" bills will serve as critical vehicles for our efforts.

Amanda and the team have established direct relationships with influential Federal agency officials to guide funding levels, program decisions, advisory board appointments, and competitive award processes.

Organizational Involvement

Board member of the Latin American Youth Center in Washington, D.C.

Member, Georgetown University Alumni Admissions Program.

Amanda Wood's Accomplishments for local government clients:

- ✓ Secured a \$13 million US Department of Transportation (USDOT) TIGER Grant for transportation infrastructure for Collier County. The Highly competitive grant was won on a re-application following a high-level debrief with USDOT and outreach

Qualifications

from the entire delegation, including then-House Transportation Appropriations Committee Chairman Mario Diaz-Balart (R-FL). The Becker team worked closely with USDOT's Office of Intergovernmental Affairs to achieve this significant win for Collier County.

- ✓ Secured \$9+ million in 2020 for Collier County to purchase new buses and rehabilitate its existing operations and maintenance building. We helped the County design a well-aligned project with both the grant requirements and our knowledge of FTA's priorities and interests. We also engaged their Congressional delegation to weigh in with support, arming them with draft letters of support and talking points for outreach to USDOT leadership. Notably, we leveraged the support of House Transportation Appropriations Subcommittee Ranking Member Mario Diaz-Balart.
- ✓ Successfully gained passage of language creating the Water Infrastructure Financing and Innovation program (WIFIA) to address local government's water infrastructure finance issues. This language created a finance mechanism modeled after the successful Transportation Infrastructure Finance and Innovations Authority and will provide access to lower-cost capital for investments in water infrastructure. WIFIA increased the availability of federal loans for water infrastructure investments by over \$20 million, which would otherwise not be suitable for assistance through the existing Drinking Water and Clean Water State Revolving Fund (SRF) programs.
- ✓ Helped coordinate local government coalition with cities and counties to change federal law to limit FEMA's ability to de-obligate decade-old disaster recovery expenditures for clients, including Collier and Palm Beach counties, the City of Cape Coral, and the Town of Davie.
- ✓ Worked with the Federal Emergency Management Agency (FEMA) to reach a favorable determination on appeals of FEMA's de-obligation of disaster recovery expenditures related to the hurricanes from over a decade ago for clients including Collier County, the City of Cape Coral, and the Town of Davie.
- ✓ Expedited U.S. Fish and Wildlife Service and Army Corps of Engineers permits for multiple coastal communities, advancing critical habitat protection and economic development.
- ✓ Assisted the City of Cape Coral in securing funding through the Paul Coverdell forensic science grant, which resulted in the award of \$93,796 in competitive U.S. Department of Justice (DOJ) funds to the Cape Coral Police Department.
- ✓ Secured \$2.4 million under the US Department of Homeland Security (DHS) SAFER grant program for fire service staffing in the Town of Davie and \$462,673 through the Assistance to Firefighters Grant for the Town of Davie for new self-contained breathing apparatus (SCBA) and an air compressor cascade system for frontline fire engines and rescue units.

Qualifications

- ✓ Following the explosion and fire on BP's Deepwater Horizon in the summer of 2010, Amanda worked on Collier County and Gulf County's behalf to support legislation to compensate impacted counties and restore habitat. The RESTORE Act became law in 2012 and holds the parties responsible for the Gulf oil disaster accountable for restoring the Gulf. By investing fines owed by BP and the other parties responsible for the Gulf oil spill into the Gulf region, the RESTORE Act has provided significant financial resources to Florida counties.
- ✓ Over three fiscal years, Amanda assisted Collier County in securing \$2.1 million in federal funding for transportation infrastructure to support improvements to two critical interchanges on I-75 at Everglades Boulevard and Collier Boulevard/SR 84. These improvements were critically needed to provide access to safe evacuations from storms and fires as significant growth continues in Collier County.
- ✓ Guided and advised public safety innovator ShotSpotter and its local government clients in securing over \$10 million in federal funding to protect their communities through Gunshot Location System coverage.
- ✓ Secured support for tax-exempt status of municipal bonds and successfully eliminated language in the final tax package that would have impacted bonding to construct professional sports stadiums creating significant savings for local governments.

Role: Co-Lead lobbyist responsible for client communication, overall strategic direction, and execution of program; Focus on Executive Agencies, Florida delegation; Hispanic delegation; House and Senate Appropriations; Housing, Mental Health, Prescription Drug/Opioid prevention, and treatment

Years of experience: 13 years of Federal lobbying; 5 years on Capitol Hill; 10 years in Florida Legislature

Omar Franco is the Managing Director of Becker's Washington, DC office. He represents a broad cross-section of Fortune 500 companies, small businesses, public entities, and trade association clients, including, for example, ViacomCBS, Fox Corporation, Motion

Qualifications

Picture Association, Intuit, Booz Allen Hamilton, Florida Crystals Corporation, Univision, National Association of Hispanic Association of Real Estate Professionals, America's Small Business Development Centers, Eastern Shipbuilding Group, Gold Coast Florida Regional Center, A&J Capital, plus, the Florida counties of Sarasota, Palm Beach, and Collier, and the Florida municipalities of Coral Gables, Davie, Hialeah, South Miami, and Pinecrest, among others.

Omar works with Hispanic organizations that promote diversity and a voice for Hispanics in Washington and throughout the country. He is the federal lobbyist for the Latino Coalition and is considered one of the most effective Hispanic federal lobbyists. He serves on the National Hispanic Advisory Council, providing input to the President and Executive branch on essential issues to the Hispanic community.

Work History

Omar Franco has served in government at the state and federal levels and has represented local governments and private entities in Washington, D.C. Starting in 1993, Mr. Franco served as a legislative aide to a bipartisan group of Florida state legislators. He lobbied for the Florida Medical Association and the University of Miami.

In 2001, then-University of Miami President and former U.S. Representative Donna Shalala promoted him to Assistant Vice President of Governmental Relations, where he represented the university at both the federal and state levels of government and primarily worked on appropriations and health care issues. The University of Miami integrated with Miami Jackson Hospital, its safety net hospital, and the medical school. In 2003, Omar was named Chief of Staff for Congressman Mario Diaz-Balart (R-FL). He managed the Congressman's Washington D.C. and district operations. He closely counseled the Congressman in his areas of expertise, including federal appropriations, health care, transportation, higher education, and issues dealing with Hispanics. During his tenure, Omar was granted Top Secret security clearance by the U.S. Department of Defense and founded the Congressional Hispanic Conference and the Congressional Hispanic Leadership Institute.

He returned to lobbying in 2009. He was the lead government relations consultant for the Miccosukee Tribe of Florida, Stratus Pharmaceuticals, Pacer Health, FalconTrust Air, Florida Gulf Coast University, Secure Wrap, Medica HealthCare Plans, the municipalities of Hialeah, Miami Lakes, and North Bay Village. He also worked on federal issues for CNL Financial Group, Vulcan, Inc., Charter Communications, and Frontier Communications. Omar founded Franco Government Relations in 2010, where he represented the Miccosukee Tribe of Florida, Florida Gulf Coast University, and the Town of Miami Lakes and continues representing Hialeah, North Bay Village, and Hialeah Gardens. In 2011, he

Examples of Client Accomplishments

- ✓ Palm Beach County - Received clarification from the U.S. Department of Housing and Urban Development (HUD) concerning its interpretation of the Fair Housing Amendments Act regarding sober houses. The joint statement by both the Department of Justice and HUD clarifies the Fair Housing Amendments Act and its application to group homes, including sober homes. This clarification from HUD allows Palm Beach County to pass ordinances to protect the safety of the residents of these homes -- a top priority for the County.
- ✓ Town of Davie - Secured a U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA) de-obligation appeal through the state associated with Hurricane Wilma for \$1,190,691 for the Town of Davie.
- ✓ Town of Davie - Identified numerous funding opportunities through federal agencies and various grant programs. We have reviewed past grant applications and identified some needed improvements. We coordinate technical assistance training for Town staff to learn how to be more successful in applying for grants, including COPS grants for police funding, SCBA grants for fire protection, and Economic Development Agency (EDA) grants. The Town renewed our one-year contract – another testament to our success for local government clients.
- ✓ North Bay Village, FL – Secured \$475,000 for a Bus Facility Project within the new Municipal Public Safety Complex. Also, Omar worked with Rep. Debbie Wasserman Schultz's office to assist North Bay Village in receiving \$4,655,000 from the American Recovery & Reinvestment Act for the Force Main project.
- ✓ North Bay Village, FL - For 42 years, wastewater from North Bay Village pumped through the same pipe traveling more than two miles to Miami Beach to be processed. This force main pipeline rested on the Biscayne Bay floor, exposed to

Qualifications

hazards such as impacts from boats. Damage to the pipe accelerated by corrosion and age. This pipeline had caused six spill accidents and was causing continued environmental damage and health risks to North Bay Village and all the surrounding communities. Omar and other team members began working with North Bay Village to see if federal funding would be available for this project. Working closely with then-Senator Bill Nelson and Congresswoman Debbie Wasserman Schultz's office, we resubmitted the appropriations request. After several years of work, North Bay Village received notification that it had been awarded \$4,655,012 to completely rehabilitate the existing 12,000 feet of 12-inch force main that crosses the Biscayne Bay.

- ✓ Miami Lakes, FL – Secured \$570,000 Transportation-Housing and Urban Development (THUD) funding for vehicle procurement of two hybrid electric vehicles to provide trolleybus service. Omar and other team members worked with Congressman Mario Diaz-Balart's office to secure \$570,000 in the Transportation-HUD bill for vehicle procurement of two hybrid electric vehicles to provide this trolleybus service. The Town sought to enhance its existing transportation program, specifically, the general circulator trolleybus service routes, to decrease traffic congestion and increasing economic development via mass transit development projects. The public circulator service improved with scheduled bus routes, bus shelters and benches, and upgrades to street signs, among other things.
- ✓ Hialeah, FL – Worked with Rep. Mario Diaz-Balart's office and secured \$500,000 for street and sidewalk improvements in the Transportation-HUD Appropriations bill and \$250,000 for police equipment upgrades in the Commerce-Justice State Appropriations under the COPS account. The city requested federal funds to complete the West 24th Avenue corridor's reconstruction from 52nd Street to 76th Street and West 76th Street, from 20th to 36th Avenue. The federal dollars enhanced stormwater drainage, improved the lighting, sidewalk, curb/gutter, and added additional center turn lanes and another lane in either direction.
- ✓ Transportation Security Administration (TSA) to promulgate new rules and regulations for the baggage wrapping industry in the United States.
- ✓ Eastern Shipbuilding Group - \$500 million was included in the FY-18 Omnibus bill of the Homeland Security Appropriations for the Coast Guard's Offshore Patrol Cutter program, an increase of \$400 million over FY-17 funding.
- ✓ Small Business Development Centers - Secured \$130,000,000 – a \$20,000,000 increase over the President's proposed budget.

Qualifications

Role: FEMA, Human Services, Army Corps, Health Care policy and funding; Florida delegation; House of Representatives; Appropriations; Agency policy and funding

Years of experience: 10 years of Federal lobbying; 8 years on Capitol Hill; Florida Legislature

Percentage of time dedicated to the City of Plantation: 10%

Clarence Williams represents and advocates for a wide range of clients before Congress and federal executive branch agencies. Clients rely on Clarence's policy and political acumen, gained over 15 years of public service in Washington, D.C., and a state capitol to help them take advantage of federal opportunities and navigate potential pitfalls in regulations, procurement, and legislation. His clients include local governments such as Brevard County, Volusia County, Miami Gardens, North Miami, West Park. He also represents Florida Memorial University, Bethune Cookman University, including its School of Public Health, University of Miami's Uhealth Tower Hospital, Florida International University, Westchester General Hospital, and Corona Pathology (a clinical laboratory), the Foundation for Sickle Cell Disease Research, among others.

He takes advantage of his knowledge of state and federal government programs to help clients access and leverage government funding and unravel complicated program overlap. As an example, he was able to secure \$1 million-plus in sequestered grant funds that were released during the government shut down for a capital project and negotiated \$1 million-plus in funds from the State's Revolving Fund for a total of about \$2.1 million secured for the City of Opa-Locka.

A dynamic speaker who translates complex policy matters for all audiences, Clarence provides policy updates to clients on subjects including Opportunity Zones, health care, tax, government procurement, education, and general government process.

Work History

Clarence served as Chief of Staff for Congressman Kendrick B. Meek (D-FL). He served as the Congressman's chief policy advisor and strategist on all matters before the U.S.

Qualifications

House of Representatives. He directly managed the Congressman's portfolio of issues relating to the Committees on Ways and Means, Armed Services, Homeland Security, and Budget. Clarence specialized in health care issues, armed services, taxation, energy, local government issues, education, and domestic and international trade. As lead staff for Congressman Meek on the Ways & Means Committee and Health Subcommittee, he has hands-on experience with the development of the Affordable Care Act (ACA), including:

- Worked to ensure that the Disproportionate Share Hospital (DSH) program continued with the expansion of Medicaid and that states maintained discretion to direct payments as necessary;
- Limited taxation on Durable Medical Equipment (DME), and providing incentives for manufacturers to cut costs;
- Structuring of the Accountable Care Organizations pilot program.

Since leaving Capitol Hill in 2011, Mr. Williams has represented public and private sector clients before Congress and the Administration. He has succeeded in securing funding and making legislative and regulatory changes to fulfill his client's goals. He works especially closely with federal agencies including DOT, FAA, TSA, DHS, and members of the House Transportation, Science, Ways & Means, Energy & Commerce, Homeland Security and Armed Services Committees, and Senate Finance, Health, Education, Labor & Pensions (HELP), Commerce, Armed Services and Homeland Security Committees, plus House and Senate Appropriations Committees.

Examples of Client Accomplishments

- ✓ Assisted Bethune-Cookman University in obtaining an invitation to join an \$86 million federal STEM research consortium sponsored by the United States Army, as well as a DOJ-sponsored research project to study behavioral aspects of domestic violence.
- ✓ Secured \$5.1 million for client, Florida International University to create a Center of Excellence in joint partnership with the Department of Defense, NASA, and NOAA for research in origami antennae.
- ✓ Assisted the City of Miami Gardens in obtaining \$1.2 million through the Department of Justice's COPS program to hire the city's first entirely residential

Qualifications

- police class.
- ✓ Leveraged federal-state relationships to orchestrate the release of over \$1 million in sequestered grant funds for a capital project in Opa-Locka while simultaneously negotiating funds from the State Revolving Fund totaling just under \$1 million for a related project in Opa-Locka.
 - ✓ Worked with the Department of Transportation's Federal Aviation Administration (FAA) to maintain the Executive Airport's operation in Opa-Locka in the face of widespread contract tower closing. Opa-Locka was one of only 24 airports to remain open of the original 177 slated for closing.
 - ✓ Secured a \$25 million authorization in the National Defense Authorization Act for client STS International Inc.
 - ✓ Secured multi-year funding through the United States Air Force for Florida Memorial University's Aviation and Aerospace program
 - ✓ Established working/advisory relationship between NASA's manned exploration divisions and client ACR Electronics on iridium-based communications networks
 - ✓ Worked with program officials within the Department of Education and Congressional committee staff to provide the Department with authority to modify eligibility requirements for an existing program with remaining funds from the previous budget year. In advocating for and obtaining the modification the Department wanted and our client needed, our team was able to assist client Florida Memorial University in receiving \$12 million in capital funding from the program's remaining money
 - ✓ Worked with the Department of Defense on logistics, IED technology, and securing their fuel fleet.
 - ✓ Obtained \$4.9 million from the United States Air Force for client Florida International University to create a Center of Excellence in Origami Antenna development.
 - ✓ Assisted the University of Miami in partnering with the National Institute of Occupational Safety and Health through an MOU agreement to perform research related to firefighter cancers.

Anthony Bedell

Senior Corporate
and Government Relations Director

Washington, D.C.

📞 202.621.7122

✉️ ABEDEL@beckerlawyers.com

Role: Congressional Lobbying Only – House and Senate appropriations and policy

Qualifications

committees; Strategic Guidance on Federal Programs

Years of experience: 25 years of Federal lobbying; 7 years of federal government experience at USDOT and USDOL, and USSBA.

Percentage of time dedicated to the City of Plantation: 10%

Anthony Bedell is a Senior Corporate and Government Relations Director in Becker's Federal Lobbying Practice. His clients include the City of Virginia Beach, America's Small Business Development Centers, Virginia Port Authority, Hitachi, Transurban, Signal Restoration, Ross & Baruzzini, Gastonia, NC.

He most recently served as the U.S. Department of Transportation Deputy Assistant Secretary for Congressional Affairs, the number two governmental affairs position in Secretary Elaine L. Chao's Office. He was initially appointed Deputy Assistant Secretary for Intergovernmental and Tribal Affairs in May 2017.

Anthony helped bring significant transit projects to fruition when he was intergovernmental lead at USDOT. There were hundreds of similar projects where he played this role, but these are among the most significant and high-profile. As the liaison between local government and USDOT officials, Anthony facilitated high-priority projects to "yes" by handling everything needed from a policy, political, and strategy perspective with stakeholders and decision-makers. He toured all of the proposed local government projects. He understands the internal DOT process (no matter who is in the White House) and how to effectively present a project that will be well-received by DOT political and career staff members. Criteria and process will be the same even if policy parameters change. He knows how to pitch DOT by giving them the cover they need politically and substantively. Anthony worked with local elected officials and their staff and Congress to recommend the Secretary for a final decision.

Examples include:

- 2017 Maryland- Maryland Transit Authority \$500 million for Purple Line BRT (bus rapid transit)
- 2018 City of Los Angeles- L.A. Metro \$1.3 billion Purple Line extension (Olympics)
- 2018 City of Jacksonville FL.- Jacksonville Transit Authority \$25 million BUILD grant award for an autonomous vehicle program
- 2019 New York/New Jersey Transit Authority- Portal North Bridge (Gateway project) \$250 million (engineering)
- 2017/2019 City of Columbus OH- Smart Cities program grant \$40 million

Qualifications

Mr. Bedell was also a Department of Transportation representative for the Northeast Corridor Commission tasked with developing a formula to allocate capital and operating costs based on usage and facilitating collaborative planning. Prior, he was president of government relations firm Red Five Strategies and the director of federal and state government affairs for Intuit.

In addition to U.S. Department of Transportation, Mr. Bedell has additional executive branch experience. He was appointed as a senior legislative officer by then-Labor Secretary Chao to handle legislative matters for the Department of Labor. He also served as associate administrator for the Office of Congressional and Legislative Affairs at the U.S. Small Business Administration as chief advisor on Congress and the executive branch's legislative matters.

Projects of a Similar Nature

- ✓ **Virginia Port Authority** - Secured \$20 million from US Department of Transportation (USDOT) for Virginia Port Authority, the largest Port infrastructure grant in the country in 2020. After years of trying, VPA achieved success with the Becker team's three-dimensional strategy: politics, policy, and impact. Becker also used regional economic data and support from a regional coalition of Members to make a winning case for the port. In addition, secured \$2.1 million in federal highway funding and \$83 million in New Starts funding in the FY22 budget for a total of \$107.1 million in only the first contract year.
- ✓ **NETT Council** - Anthony was one of only four designees by Secretary Chao's office to sit on the Non-Traditional and Emerging Transportation Technology Council (NETT). It is an internal deliberative body created by then-Secretary Chao to review the latest technology in transportation to identify jurisdictional or regulatory obstacles and streamline processes. Through that experience, Anthony is knowledgeable about the latest innovations, their champions and detractors, and which division within USDOT had lead responsibility. The NETT Council provides an opportunity for Plantation to elevate its visibility by showcasing the city as thought leaders on mass transit innovation.
- ✓ **Smart Cities Challenge** - Anthony assisted with the evaluation of the Smart Cities Challenge. He specifically worked with the ultimate winner, the City of Columbus. The city was recognized for implementing an integrated plan addressing challenges in residential, commercial, freight, and downtown districts using several new technologies, including connected infrastructure, electric vehicle charging infrastructure, an integrated data platform, autonomous vehicles, and more. They are working with others, including Austin, Denver, Kansas City, Pittsburgh, Portland, and San Francisco, to share best practices to help other cities

Qualifications

across America replicate their successes. Smart Cities is a viable option for the City of Plantation with Anthony's insights and guidance.

State or Federal Lobbying Experience

- Provide a list of clients for whom Firm has provided or is currently providing state and federal lobbying or consulting services. For each client, please provide the following information:
 - o Client name
 - o Names, titles, address(es) and phone numbers for each client
 - o Duration of the relationship
 - o Types of services provided
 - o Were you, or your Firm, the primary contractor
- Provide a detailed summary of your knowledge and experience in securing funds for public infrastructure or public services through the state or federal appropriation process and through discretionary grant programs.

State Lobbying Experience: ECI

Clients

Please see "Attachment A: Client List"

Knowledge and experience in securing funding (ECI)

Over the years, we have successfully secured millions of dollars in state funding for local appropriations requests for our clients in a budget process that is increasingly competitive. The competition for state funding is always intense due to Florida's revenue challenges, and especially after the rollout of a formal Legislative system for appropriations. Priorities are often funded in Tallahassee based on politics and persistence, rather than merit or need, and regardless of how long a priority has waited in the queue. The experience of our team gives us the political insight and network needed to strategically move your priorities forward. Being successful in the appropriations process today requires an effective strategy that builds a compelling business case to support your appropriations request. It also requires a level of tenacity to see your request through until the Governor signs his or her name to the budget.

Whether they are for a "stand-alone" appropriation or part of a competitive grant program, we work with your staff to identify opportunities and projects and build a business case that distinguishes your individual requests above the competition. For the legislative budget process, we secure sponsors, coordinate all forms and deadlines, ensure the required House bills are passed through their subcommittees, ensure inclusion of the project in initial subcommittee budgets, work throughout the budget conference to protect and/or increase initial amounts for inclusion in the final budget, and work with the Governor's office during the line-item veto process.

Lobbying Experience

We have a solid working knowledge of the grant program funding sources, ranking process, decisions which determine the potential outcomes of which projects are funded, and the decision makers which hold the keys to the funding. We leverage our relationships with the Department of Environmental Protection, Department of Economic Opportunity, Department of State, and others to explore grant opportunities for local governments, clarify the application process, assist in tailoring applications to meet the expectations of the agency, and coordinate communications from our clients. We also work throughout the Session to support increased funding for the programs that are distributed to local governments and create grant opportunities, such as FRDAP, SHIP, Cultural Facilities, and more. Increasing grant funding is a long-term goal that requires the knowledge, focus and persistence that the experts on our team can provide. We've seen these increases return slowly but significantly in the past few years thanks to advocacy from our local leaders and a dedicated coalition of which we are an integral part. On the Federal level, we enjoy great relationships with members of our Congressional Delegation and have worked through those channels of communication to assist in advocacy on Assistance to Firefighters Grant funding (AFG), reimbursement disputes with FEMA, and more.

Below we have listed project funding that ECI secured on behalf of our clients:

FY 2021-22

\$400,000 Seminole County Hope & Healing Center (Opioid/Addiction Recovery Partnership)
\$114,480 Broward Sheriff's Office Crime Cases Backlog Reduction
\$750,000 Fort Lauderdale Dorsey-Riverbend Stormwater Improvement
\$200,000 Pembroke Pines Seepage Management Stormwater Pump Station
We additionally assisted on obtaining \$406,624 for Broward Health's Integrated Medication Assisted Treatment Response (iMATR) project but ECI was not primary.

While we secured the following projects in the budget passed by the Legislature, unfortunately these projects were included in the Governor's line-item veto:

\$100,000 Coconut Creek Hillsboro Water Storage Tank Rehabilitation
\$125,000 City of Pembroke Pines License Plate Reader (LPR) Technology
\$200,000 Plantation Special Needs Park
\$400,000 Coral Springs Public Safety/Public Works Building Hardening Project

FY 2020-2021:

\$100,000 Helping Abused Neglected Disadvantaged Youth, Inc. (HANDY) - Scholars Program*
\$400,000 Seminole County Hope & Healing Center (Opioid/Addiction Recovery Partnership)
\$250,000 Broward County Sheriff's Office - Cold Cases and Property Crime Backlog Reduction*
\$500,000 Broward County Sheriff's Office Real-Time Crime Center Expansion*
\$136,387 Community Court Program - City of Fort Lauderdale*

Lobbying Experience

\$100,000 Parkland Stormwater Quality Improvement Project*
\$250,000 Lauderdale-By-The-Sea Septic to Sewer *
\$100,000 Coconut Creek Hillsboro Water Storage Tank *
\$250,000 Fort Lauderdale Dorsey-Riverbend Stormwater Improvements *
\$100,000 Coral Springs Parks & Recreation Security Initiatives*
\$250,000 Plantation - Special Needs Playground Equipment*
\$288,000 Pembroke Pines Senior Transportation*
\$900,000 Pembroke Road Extension - Pembroke Pines *
\$100,000 Bergeron Rodeo Grounds Improvements – Davie*
\$250,000 Coral Springs - Westside Facility Hardening Project*

*These projects were included in the final budget but unfortunately included in Governor DeSantis' historic "Red Wedding" veto of \$1 Billion necessitated by the COVID-19 pandemic.

FY 2019-2020:

Successfully advocated for increased arts funding resulting in modest increase to Coral Springs Museum of Art and Performing Arts Center funding.
\$250,000 Homeless Collaborative of Broward County (requested through City of Fort Lauderdale)
\$500,000 for the City of Pembroke Pines Firestation #69 renovation project
\$288,000 - City of Pembroke Pines Senior Transportation Program

FY 2017-18

\$1.5 million for the Biscayne Bay Coastal Wetlands Project
\$150,000 for HANDY College Assistance Program
\$500,000 RESTORE Program in Palm Beach County
\$500,000 Opioid Abuse Pilot Program in Palm Beach County
\$400,000 for the City of Fort Lauderdale Rapid Rehousing
\$250,000 for an Inclusive Playground in the City of Pembroke Pines
\$600,000 for a Fire Training Facility in the City of Pembroke Pines
\$1.5 million for the City of Plantation Fire Station #1

We secured the following projects in the final budget passed by the Legislature, however these projects were unfortunately included in the Governor's over \$400 million line-item veto:

\$150,000 for Wastewater Conveyance in City of Coconut Creek
\$750,000 for Westside Facility Hardening in the City of Coral Springs
\$300,000 for University Drive Resurfacing in the City of Coral Springs
\$220,000 for Davie Downtown Road Improvements in the Town of Davie
\$218,181 for the Senior Transportation Program in the City of Pembroke Pines
\$200,000 for Creation Station Library Project for Palm Beach County

FY 2016-17:

\$500,000 for Fort Lauderdale's Rapid Rehousing initiative
\$75,000 for water quality improvements in the City of Coral Springs

Lobbying Experience

\$250,000 for the City of North Lauderdale Automatic Meter Reading system
\$100,000 for Veterans Home renovation in Pembroke Pines
\$100,000 for Bergeron Rodeo Arena Refurbishment in the Town of Davie
\$575,000 for the Jerome Golden Center in Palm Beach County (last phase of three phases)

We secured the following projects in the final budget passed by the Legislature and sent to the Governor, however the projects were included in the Governor's veto \$250 million in local projects across the State:

\$100,000 for the Coconut Creek Wastewater Pipe Rehabilitation Project
\$100,000 for the Coral Springs Stormwater Improvements at Corporate Park
\$300,000 for City of Coral Springs University Drive Resurfacing
\$300,000 for City of Coral Springs Aquatic Complex Pool Refurbishment
\$500,000 for the Fort Lauderdale River Oaks Preserve in 2016
\$500,000 for the Fort Lauderdale Stormwater Drainage Program in 2016
\$100,000 for North Lauderdale Street Lights
\$100,000 for North Lauderdale Sidewalk Replacement
\$200,000 for North Lauderdale Street Resurfacing/Kimberly Boulevard
\$40,000 for North Lauderdale Security Cameras
\$70,000 for North Lauderdale City Hall Roof
\$50,000 for Emergency Operations Center - Permanent Generator for Lift Station - City of Plantation

FY 2015-16:

\$575,000 for the Jerome Golden Center in Palm Beach County (second of three phases)
\$250,000 for Veterans Home Renovations for the City of Pembroke Pines
\$130,000 for Stormwater Improvement in the City of Coral Springs

We secured the following projects in the final budget passed by the Legislature, however the projects were included in the Governor's veto of a record \$470 million in local projects across the State:

\$1 million for the Fort Lauderdale/Hollywood International Airport Terminal
\$800,000 for the City of Fort Lauderdale's Rapid Rehousing Program
\$500,000 for the City of Coconut Creek's Reclaimed Water Extension project
\$500,000 for the City of North Lauderdale's Sanitary Sewer Rehabilitation project
\$500,000 for the City of North Lauderdale's 17th Street Reconstruction project
\$350,000 for the City of North Lauderdale's Street Resurfacing project
\$250,000 for the City of Coral Springs' University Drive Resurfacing project
\$250,000 for the City of Fort Lauderdale's Juvenile Justice Program
\$100,000 for upgrades for the Town of Davie's Bergeron Rodeo Grounds

FY 2014- 2015:

We successfully advocated for FRDAP funding sufficient to ensure \$50,000 towards two pavilions at the City of Plantation's Plantation Woods playground.

Lobbying Experience

\$200,000 for mental health and substance abuse pilot project in Jerome Golden Center in Palm Beach County (first of three phases)

A total of \$225,000 in water projects funding for the City of Coconut Creek.

A total of \$115,000 in water projects funding and \$250,000 in funding for the Safety Town program for the City of Coral Springs.

\$500,000 in a Cultural Facilities Grant for the Broward Center for the Performing Arts
ECI was also an instrumental part of a \$10 million appropriation to the building of Quiet Zones along the FEC corridors on behalf of Palm Beach County and other local governments.

\$150,000 for Fort Lauderdale Dredging Maintenance

\$700,000 for the Fort Lauderdale Southeast Neighborhood Tidal Valve and Stormwater Upgrade

\$47,000 in non-recurring funding for an additional law enforcement operation to fight the distribution of designer drugs for the City of Fort Lauderdale

Biscayne Bay Coastal Wetlands Project- Phase 2 The Biscayne Bay Coastal Wetlands Project was authorized in the 2014 Federal Water Resources and Development Act with the goal to construct a reservoir that would save the health of the Bay, which is declining at a rapid pace due to increased salinity levels, population and development. As Phase I of the project was underway, it became apparent that the timeline for construction needed to be expedited in order to prevent significant environmental and economic damage to the area. The Federal government required the state fund a Project Implementation Report in order to begin implementation of Phase II, however the state is not held to any timeline for implementation or funding. We represent landowners and environmentalists who in conjunction with Miami Dade County and the City of Miami recognized the immediate need for state funding. We educated the Legislature on the project but found little appetite from both the Legislature and South Florida Water Management District (SFWMD) to include the project funding during the 2017 Legislative Session as all focus and dollars were concentrated on the Senate President's priority reservoir to address issues in Lake Okeechobee. Our project directly competed. Undeterred, we worked with the Senate Appropriations Chair to successfully secure a \$1.5 million appropriation for the Project Implementation Report under water projects in the budget that was signed by the Governor. After the appropriation, we continued to work with the SFWMD through leadership changes to ensure that the overwhelmed District properly utilized the funding for the intended report. We are continuing to advocate for this important project to see the State through its completion of its role as required to ensure the next Federal steps in Phase II.

Charter Schools: ECI was instrumental in obtaining increases in charter school capital outlay each year on behalf of the City of Pembroke Pines and City of Coral Springs, which both own high-performing charter school systems. This was initially a difficult uphill battle over the years, which has now gained support and secured funding for the charter school efforts.

Lobbying Experience

2001- Increased from \$20 million to \$27.7 million
2006- Increased from \$27.7 million to \$53 million
2007- \$54 million plus
2008- \$54 million plus
2010- Over \$56 million
2011- \$55 million appropriated with additional money for high performing charter school systems
2012- Over \$55 million
2013- \$91 million
2014- \$75 million

From 2015 on, the Legislature has made a number of changes to the charter school capital outlay formula that we have worked with Legislators, committee staff, and the Department of Education to assess the impact of, communicate concerns with, and mitigate negative budget strains. Current allocations are based on a formula that triggers sharing of local millage should the capital outlay fund fall below a certain amount.

Quiet Zones: Towards the end of the 2014 Legislative Session, we were key on behalf of Palm Beach County and other local governments in securing \$10 million statewide to help match local funds for quiet zone construction along the FEC corridor.

Earlier Experience:

In 2013, we aided Palm Beach County \$100,000 appropriation for the Scripps Research Institute for the Nicotine Addiction Drug Treatment Evaluation Grant Program and successfully advocated for \$10 million in a Seaport Investment Program and \$241 million in Seaport Grants. We also secured \$4,537,088 for the Seminole County Sheriff's Office for Child Protective Investigations, an approximately \$1 million increase over a \$3,443,114 appropriation we secured for the same client the year before.

In 2010, we secured \$1 million for the South Florida Regional Transportation Authority for dispatch operations for the South Florida corridor in 2010.

In 2009, our team was instrumental in having the Legislature appropriate \$15 million for 5 years for South Florida Regional Transportation Authority service to keep 50 trains in operation.

In 2008, we secured \$225,000 into the budget for wastewater improvements for the Town of Davie and \$500,000 for the Fire Training Simulator Tower for the City of Coral Springs.

In 2007, we secured \$230,000 to upgrade the City of Plantation's Emergency Standby Power at the City's Regional Wastewater Plant.

We also secured a \$7 million dollar appropriation for the City of Plantation's golf course.

Federal Lobbying Experience: Becker

Clients

Please see "Attachment A: Client List"

Knowledge and experience in securing funding (Becker)

The Becker lobbying team is well-versed in issues impacting local governments. Becker lobbyists are in the Capitol, at the agencies, or working the phones daily to advance federal funding and programs affecting the city's top priorities such as housing opportunities and homelessness, infrastructure, innovation and emerging technology, economic development, transportation, traffic relief, waterway quality, resiliency, parks, and public places. We already know and work with the key players on the relevant committees, both members and staff, and we understand the federal programs available to meet the city's needs.

Upon being hired, we will quickly meet (virtually or in-person) with City officials to workshop the key issues and discuss the political and legislative landscape for 2021-22, including the short- and long-term impacts of COVID-19 and beyond. We will explore all aspects of Plantation's priorities and may identify additional ideas to leverage funding and strengthen your position. Once priorities are approved, we will develop a final federal agenda and work plan.

Overview and Timeline for Developing and Executing a Federal Legislative & Executive Branch Lobbying Plan

(All activities will follow COVID-19 realities and guidelines)

1. Assessment of Opportunities – Within the first 90 days

- a. Meet with City's designated team to analyze each area's current federal funding and policy priorities and conduct long-term strategic analysis for future requests.
- b. Identify allies in the Administration and Congress
- c. Meet with members of the City and State's Congressional Delegation and staff and Congressional leaders and staff to evaluate opportunities and obstacles in each priority area.
- d. Identify and meet with Executive Branch officials to look for funding opportunities in priority areas.

2. Develop Federal Strategy and Work Plan – Within the first 90 days

- a. Ongoing communication with City officials to develop research, data, analysis, stories in each priority area.
- b. Review budget and leadership priorities to assess opportunities in each of the City's priority areas.

Lobbying Experience

- c. Research legislative history and background of relevant programs to develop innovative strategies and tactics for matching programs with priorities.
- d. Finalize tactics for each priority issue.
- e. A written strategy on each program item within 60 days following approval of the program by the City.

3. Prepare Briefing and Other Materials in Each Priority Area – Within the first 90 days

- a. Work with the City team to research, prepare and finalize materials in each priority area.
- b. Develop talking points and background materials.
- c. Develop “leave-behind” materials to reinforce the critical messages after calls and meetings.

4. Influencer Outreach – Within the first 90 days and ongoing

- a. Meet with the Florida delegation to introduce the legislative priorities.
- b. Share legislative agenda with relevant Federal agencies, industry groups, and influencers.
- c. Incorporate influencer input where appropriate to prepare for meetings between City representatives and federal leaders.
- d. Attend committee hearings, issue briefings, strategy sessions of interest on behalf of the City
- e. Draft letters to send to congressional members and others regarding City priorities.

5. Advocate for Established Priorities - Ongoing

- a. Present specific requests to the Congressional Delegation to help advance the city’s agenda with influential members of the U.S. House and the U.S. Senate with legislative jurisdiction.
- b. Identify grant opportunities, review applications, provide technical assistance and strategy to enhance the likelihood of success. Grant writing is also available if needed
- c. Use creative, innovative approaches to secure funding.
- d. Secure letters of support from allies.
- e. Draft legislative language, develop position papers, provide research and data as needed to support federal priorities.
- f. Coordinate where appropriate with associations such as the Florida and National League of Cities to build coalitions supporting the Plantation agenda.

6. Establish positive relationships with decision-makers and create support in Congress and Administration for priority issues.

- Ongoing

- a. Establish regular communication and visibility for Plantation through meetings, thought leadership, and site visits targeting key leaders and influencers.
- b. Help identify public policy issues for the City to demonstrate thought leadership (e.g., published articles, speaking opportunities) in media, industry groups, or with agency and congressional leaders.
- c. Coordinate site visits and accompany congressional members and staff to demonstrate the City's leadership or highlight needs in priority areas.
- d. Identify opportunities and draft testimony for City leadership to testify before Congress.
- e. Arrange meetings for City representatives with Members of Congress, their appropriations staff, and Agency officials.
- f. Provide 24/7/365 support for City priorities
- g. Develop meaningful agendas, talking points, and briefing materials. *The picture above illustrates a typical meeting with Rep. Debbie Wasserman-Schultz, a member of House Appropriations Committee.*
- h. Monitor and impact legislation and regulations affecting the City.
- i. Establish and maintain regular interaction and assist the City in establishing long-term relationships with influencers, industry groups with allied interests, and decision-makers.

7. Regular Communication with the City - Ongoing

- a. Written weekly activity reports on pending legislation and City priorities.
- b. Quarterly and end of the session written reports on status of city priorities and planning opportunities for the next session.
- c. Regular, informal conversations and meetings on priorities, including any trends or intelligence that will help City leaders and staff stay up to date on priorities.
- d. Video Conference updates on the progress of the Federal agenda.
- e. In-person presentations to Board and staff on status of Federal Agenda.
- f. A final comprehensive report.

Funding Strategies

As noted above, by far, our greatest successes for clients have been in securing funding through the legislative appropriations and agency grant funding process. The Becker lobbying team is adept in the technical process of requesting and securing appropriations and the political process of identifying legislative champions and

Lobbying Experience

overcoming obstacles. The team evaluates the City's funding needs then creates a strategy for the City's priority based on our knowledge of the delegation and committee chair's priorities.

Plantation can adapt these innovative strategies to accomplish its goals.

- ✓ Secured \$20 million from US Department of Transportation (USDOT) for Virginia Port Authority, the second largest Port infrastructure grant in the country in 2020. After years of trying, VPA achieved success with the Becker team's three-dimensional strategy: politics, policy, and impact. Becker used regional economic data combined with a regional political strategy to make a winning case for the port.
- ✓ Secured a \$13 million US Department of Transportation (USDOT) TIGER Grant (predecessor to the BUILD program) for transportation infrastructure for Collier County. We won the highly competitive grant on a re-application following a high-level debrief with USDOT and outreach from the entire delegation, including then-House Transportation Appropriations Committee Chairman Mario Diaz-Balart (R-FL). The Becker team worked closely with USDOT's Office of Intergovernmental Affairs to achieve this significant win for Collier County.
- ✓ Secured \$9+ million for Collier County to purchase new buses and to rehabilitate its existing operations and maintenance building. We helped align a county project with both the grant requirements and our knowledge of FTA's priorities and interests. We also engaged their Congressional delegation to weigh in with support, arming them with draft letters of support and talking points for outreach to USDOT leadership. Notably, we leveraged the support of House Transportation Appropriations Subcommittee Ranking Member Mario Diaz-Balart.
- ✓ Eastern Shipbuilding Group - \$500 million was included in the Homeland Security Appropriations for the Coast Guard's Offshore Patrol Cutter program, which increased \$400 million over previous year's funding.
- ✓ Secured \$3 million from the Army Corps of Engineers Disaster Supplemental Spending plan for a Beach Renourishment Feasibility Study by working closely with Army Corps of Engineers and Members of Congress.
- ✓ Secured \$2.4 million under the U.S. Department of Homeland Security (DHS) SAFER grant program for fire service staffing in the Town of Davie and \$462,673 through the Assistance to Firefighters Grant for the Town of Davie.
- ✓ Assisted Bethune-Cookman University in obtaining an invitation to join an \$86 million federal STEM research consortium sponsored by the United States Army, as well as a DOJ-sponsored research project to study behavioral aspects of domestic violence.

Lobbying Experience

Coordinating and Tracking City Priorities

Becker's "secret" formula for success is obsessively learning the institutional history behind an issue, reading every piece of legislation and funding request to ensure that our clients are protected. This practice helps us to position our clients to be successful by knowing what legislation is moving, what legislation is "dead on arrival"; who are the champions and who are the antagonists; which committees are friendly, and which will hide a bill from ever seeing the light of day. Legislative intelligence is the key to effective lobbying. Our team knows where to get it and how to use it to represent our clients. The team uses "Bloomberg Government" to track priority bills and assist the City with tracking policy and funding relating requests and other relevant legislation.

Becker team members are veteran DC lobbyists and former high-level Hill staffers, and senior Administration officials who know how to identify and navigate little-known grants and funds. Securing federal grants is a significant, often underutilized opportunity to fund priority programs. The Becker team has been effective at finding little-known grant opportunities, assisting with the application and submission process, and knowing the right influencers and advocates to secure the funding. We provided a few examples above (i.e., TIGER now BUILD, SAFER grants).

Each team member has a solid working knowledge of legislative, administrative, and regulatory processes at the federal level. The lobbying team has detailed, extensive knowledge and experience with federal programs under USDOT, FEMA, HHS, Justice, Homeland Security, HUD, Commerce, and Army Corps that support economic competitiveness, environmental sustainability, healthy communities, and innovation. We work closely with the White House Domestic Policy Council and National Economic Council and the Office of Management and Budget (OMB) to identify and leverage the President's top priorities.

For Florida, the firm's decades-long Florida roots plus team members' work experience for Florida elected officials in D.C. and Tallahassee provide long-standing personal and business relationships with a diverse set of members from both sides of the aisle and the various caucuses. That is certainly true for Florida's two senators. Senator Marco Rubio is a former Becker lawyer with whom we work closely. Local Liaison Ellyn Bogdanoff served as his Majority Whip during his tenure as Florida House Speaker. Senator Rick Scott is also a friend to the firm from his days as governor, mainly through our joint work with Enterprise Florida and Ellyn's work as State Senator.

In South Florida, Becker works closely with Reps. Lois Frankel (and Chief of Staff Josh Cohen), Ted Deutch (and Chief Josh Rogin), and Brian Mast (and Chief James Langende) in our representation of Palm Beach County. We also represent several cities, such as

Lobbying Experience

Miami Gardens, North Miami, Davie, Hialeah, Coral Gables, local institutions, the University of Miami, and Florida Memorial University. Therefore, we work closely with the following: Reps. Debbie Wasserman Schultz (and Chief Tracie Pough); Frederica Wilson (Legislative Director Gregory Willis); Mario Diaz Balart (Omar's former boss and his successor as Chief Cesar Gonzalez); plus, new members Carlos Gimenez, who we know as the former Mayor of Miami-Dade County (and long-time friend Chief Alex Ferro), and Maria Salazar (and her chief Tom Moran) who represents our client, the city of Coral Gables.

In Southwest Florida, we represent the City of Cape Coral and Collier County. We previously worked closely with former Rep. Francis Rooney on successful criminal justice, transportation, and environmental funding efforts and have already begun to do the same with Rep. Byron Donald.

In the Panhandle and North Florida, we represent a sizeable military contractor Eastern Shipbuilding and have worked closely with Reps. Dunn and Gaetz to secure funding and work on military-related legislation.

On the Treasure Coast, team members have known Rep. Bill Posey (and his Chief Stuart Burns) for many years dating back to his work in the Florida Legislature. We work with Reps. Posey and Waltz on matters relating to Volusia County and various private-sector defense contractors.

In Tampa Bay, the team works closely with Rep. Charlie Crist (and his Chief of Staff Austin Durrer) and has done so for many years when he was in the Florida legislature, Cabinet and Governor. The team has a good working relationship with Rep. Kathy Castor (and her Chief Lara Hopkins). Team members work closely with her office on climate issues due to our work for so many coastal and other communities. Rep. Vern Buchanan (and Chief Sean Brady) and Rep. Gus Bilirakis (and Chief Liz Hittos) have been helpful on trade and veterans affairs issues. Rep. Greg Steube from Sarasota is a former Becker lawyer with whom we constantly work on various issues. Rep. Scott Franklin from Lakeland was elected in 2020 and someone we are getting to know.

Relationships Beyond the Florida Delegation

Administration:

The Becker team understands the importance of strong working relationships with key players in DC at the Executive Agencies including the USDOT, US Army Corps of Engineers, Department of Housing and Urban Development, Department of Health and Human Services, US Department of Justice, Environmental Protection Agency, and Department of Homeland Security.

Lobbying Experience

The Biden team has sent strong signals of support for urban transit by appointing experienced transit officials from innovative urban communities. FTA Acting Administrator Nuria Fernandez from Santa Clara Valley Transportation Authority is known for her leadership at some of the US's busiest transit agencies. While serving at USDOT, Becker lobbyist Anthony Bedell worked with her on funding for Silicon Valley transit priorities. Anthony also worked closely with Matt Welbes, the career Executive Director of FTA, on a range of budget, policy, and political issues.

Charles Small (Anthony's successor) is the new Deputy Secretary for Intergovernmental Affairs at USDOT after his tenure with LA Metro Transit. Anthony worked closely with Charles in their previous respective roles when the federal government helped fund the Purple Line extension heavy rail subway corridor between downtown and UCLA – a billion-dollar-plus project providing access to one of LA's largest commerce centers. Polly Trottenberg from New York Transit is the Deputy Secretary nominee in another sign of support for urban transit funding. Anthony also has a working relationship with her through their past work together on the Gateway Project, Hudson Tunnel, and 2nd Street station.

At the White House, Clarence Williams worked with Cedric Richmond, a White House senior adviser and director of the Office of Public Engagement, and his staff when then-Congressman Richmond served as the Chair of the Congressional Black Caucus. Clarence's former employer, Congressman Kendrick B. Meek (ret), previously held that position. Mr. Richmond's senior policy adviser was a former member of the Meek team recommended by Clarence.

At the Department of Homeland Security, our team works closely with Mike Rodriguez, Congressional Liaison Specialist, Office of Legislative and Intergovernmental Affairs, USCIS, Department of Homeland Security on immigration and visa issues. At TSA, David Pekoske, Deputy Secretary of Homeland Security, TSA on aviation security and COVID-19 concerns. At FEMA, we have strong working relationships including with Jason Nelson, Deputy Director of Congressional Affairs, Disaster Response Branch Chief, Federal Emergency Management Agency on hurricane disaster relief issues.

Congress:

We focus extensively on FEMA-related issues due to our lobbying efforts on behalf of coastal cities and counties. We have ongoing working relationships with political appointees and career leaders at FEMA, the Coast Guard, and the Customs and Border Protection agencies. We also have established lasting relationships with the House Homeland Committee Membership and Senior Committee Staff leadership.

Lobbying Experience

While working for retired Rep. Kendrick Meek (D-FL), who served on the inaugural House Homeland Committee, Clarence developed relationships with long-time senior staffers, which he maintains to this day. Also, we work with Committee Members including Chairman Bennie Thompson (D-MS), Rep. Pete King (R-NY), Rep. Sheila Jackson Lee (D-TX) (also a senior member of the Judiciary Committee), Rep Jim Langevin (D-RI), and Rep. Donald Payne (D-IL). Similarly, the Senate Homeland and Government Oversight Committee is home to Sen. Rick Scott (R-FL) and Sen. Gary Peters (D-MI), with whom we have worked closely on several issues.

The Becker team has close bi-partisan working relationships with influential leaders on critical committees; none more important than Appropriations.

House Appropriations – Becker's strong relationships outside of Florida will be vitally important in supporting the City's efforts. In addition to Florida Reps. Crist, Wasserman-Schultz, Frankel, Diaz-Balart, and Rutherford, the Becker team has relationships with these Members: the Chair Rosa DeLauro (D-CT), Henry Cuellar (D-TX), Lucille Roybal-Allard (D-CA), Harold Rogers (R-KY), Mark Pocan (D-WI), and Pete Visclosky (D-IN).

- Transportation, and Housing and Urban Development, and Related Agencies

°David E. Price, Chair (D-NC)

°Norma Torres (D-CA)

°Pete Aguilar (D-CA)

°Mario Diaz-Balart, Ranking Member (R-FL)

°John Rutherford (R-FL)

°Steve Womack (R-FL)

- Labor, Health and Human Services, Education and Related Agencies

°Rosa DeLauro, Chairwoman

°Tom Cole, Ranking Member

°Lucille Roybal-Allard°

°Barbara Lee

°Mark Pocan

°Katherine Clark

°Lois Frankel

°Cheri Bustos

°Bonnie Watson Coleman

°Andy Harris

°Jaime Herrera Beutler

°John Moolenaar

°Tom Graves

Senate Appropriations – Team members work with the staff of Senate Appropriations Chair Patrick Leahy (D-VT) and Ranking Member Richard Shelby (R-AL), as well as Senator Rubio, Senator Chris Murphy (D-VT), Senator Joe Manchin (D-WV), and subcommittee leadership to advance goals (funding and otherwise) through their annual "must-pass" bills, which will serve as priority legislative vehicles for our efforts.

- Transportation, Housing and Urban Development and Related Agencies

Lobbying Experience

°Brian Schatz, Chair (D-HI)	°John Hoeven (R-ND)
Susan Collins, Rank Mem (R-ME)	°Patty Murray (D-WA)
°Jack Reed, (D-RI)	°Christopher Coons (D-DE)
°Roy Blunt (R-MO)	°Richard Durbin (D-IL)
°Lindsey Graham (R-SC)	°Joe Manchin (D-WV)
°Shelley Moore Capito (R-WV)	

The Becker lobbying team has strong working relationships with the entire Florida delegation and influential House and Senate members (and their staff). The same is true for prominent members of the Biden Administration. We look forward to leveraging these relationships on behalf of Plantation.

Question 11. List the pertinent experience of the key individuals of your organization:

DAVID ERICKS (Owner/President) is founder and President of Ericks Consultants, Inc and works out of our Tallahassee office.

After returning from college at C.W. Post (Long Island University), which he attended on a football scholarship, he took a position as a police officer with the City of Plantation. This eventually transitioned him into the world of Florida politics.

Dave Ericks has been a registered lobbyist in the State of Florida for over 40 years, starting with his representation of the State of Florida Fraternal Order of Police while at the City of Plantation Police Department in 1980. Mr. Ericks was a registered lobbyist for the Broward County Sheriff's Department, the Department of Highway Safety and Motor Vehicles and the 3M Corporation before founding Ericks Consultants, Inc. in 1985. Prior to establishing his own firm, Mr. Ericks was employed by the 3M Corporation as Regional Administrator and Registered Lobbyist in Florida, Mississippi, Louisiana, and Alabama. Mr. Ericks served as Senior Executive Assistant to the Department of Highway Safety and Motor Vehicles, Administrative Assistant to the Broward County Sheriff and served on the City of Plantation Police Force. Mr. Ericks' past experience allowed him the opportunity to work with various police and criminal justice organizations, including the Steering Committee for Constitutional Amendments and the State Law Enforcement Job Task Advisory Committee for the Florida Police Standards and Training Commission. He has also represented members statewide as the President of the Fraternal Order of Police. His service in those positions has given him both law enforcement and administrative expertise at the local, county and state levels. Moreover, since establishing Ericks Consultants in 1985, Mr. Ericks has represented a multi-faceted group of clients, giving him a wide array of expertise in multiple subject areas, including the electric and telecommunication utilities, law enforcement, entertainment, healthcare, travel, corrections, solid waste, growth management, automobile, gaming, and transportation industries; as well as in the many diverse issues which face local governments on a day-to-day basis.

Mr. Ericks resides in Tallahassee, FL.

ECI QUALIFICATION STATEMENT INSERT

CANDICE ERICKS (Managing Partner) is a consultant with Ericks Consultants, Inc., based in Fort Lauderdale, Florida. She works out of the Tallahassee office during the Legislative Session and is based in Fort Lauderdale during the interim.

Candice is a government relations professional specializing in Florida state and local government relations. Candice began her lobbying career in 1998 when she joined Ericks Consultants, Inc. She developed and expanded the firm into a successful, multi-regional operation with a diverse book of clients. Over the course of the past two decades, Candice has developed an extensive network of contacts and relationships in the governmental, non-profit, and business communities within Florida. Her hands-on approach within the governmental relations world has enabled her to continuously deliver success for her clients in numerous subject areas. For the last two decades she has worked diligently to grow her family's governmental consulting business, Ericks Consultants, Inc.

Candice currently represents a broad spectrum of clients, ranging from local governments to corporations to nonprofits. Most of her clients are longtime relationships due to her dedication and loyalty to their success in the political world. Her client list not only includes some of the largest corporations within the state, but also includes entities from almost every industry within Florida.

Candice was the first recipient of the Theresa Lintz Memorial Award from the Florida Association for Intergovernmental Relations. This award is significant in that it represents excellence in legislative advocacy on behalf of local governments in Florida and an exemplary commitment to consensus building, professionalism and high ethical standards to better serve our local communities.

Candice is active in many organizations within the local community and throughout the state. She was recently elected as the Chair of the Florida Association of Professional Lobbyists (FAPL), an organization committed to establishing and maintaining high standards for the lobbying profession. She also works actively with the Florida League of Cities, the Broward League of Cities, the Palm Beach League of Cities, the Florida Public Transportation Association, both the Fort Lauderdale and the Florida Chamber of Commerce, the Florida Association of Counties, Associated Industries of Florida, and is a recent past President of the Florida Association for Intergovernmental Relations.

Candice also serves as Chair of Broward Days, a non-profit and non-partisan group of people advocating for diverse needs and concerns of Broward County structured under the

ECI QUALIFICATION STATEMENT INSERT

Broward Delegation. Ultimately, Candice takes every opportunity to work with businesses and local governments to help make the State of Florida the best place to live.

Candice graduated with a Public Relations degree from Florida State University in 1995.

LAUREN JACKSON (Consultant) joined Ericks Consultants in 2012. She works out of the Tallahassee office during the Legislative Session and is based in Fort Lauderdale during the interim.

Lauren is a third generation Broward resident with strong roots in the community. Her grandfather and father both served as Port Everglades Harbor Pilots and were pioneer members of the Port Everglades Association. Her father and his three siblings are graduates of Stranahan High School. Her grandmother spent her career as a librarian at Rogers Middle School.

Lauren served on Senator Ellyn Bogdanoff's staff as her Broward County coordinator as well as the Legislative Aide to Representative Evan Jenne, who served as the House Minority Whip and Chair of the Broward County Legislative Delegation during her time as staff. As a result, she came to her current position with a working knowledge of both Chambers and with relationships on both sides of the aisle with a focus to Broward County.

Lauren began her career in the political world serving as a legislative assistant for National Strategies in Tallahassee, a legislative intern for Dutko Poole McKinley in Tallahassee, and a fundraising intern for Congressman Jim Matheson in Salt Lake City. Prior to entering the government relations sphere, Lauren worked for Youngs Market Company of Utah, overseeing a four-state advertising program.

She is a graduate of the University of Utah with a Bachelor of Arts in Political Science and a minor in Campaign Management. She is additionally a graduate of the Women's Campaign School at Yale University.

- B) Becker

INSURANCE REQUIREMENTS

Statement

Contractors shall not commence any work until they have obtained and satisfied the city's insurance requirements under written contract with the city and such insurance has been approved by the City of Plantation Risk Management Department. Contractors shall not allow any subcontractor to commence work until all insurance requirements have been so obtained and approved. All insurance policies shall be with insurers qualified and doing business in the State of Florida. All insurance companies shall have a Financial Rating of no less than "A-" and Class X respectively, in the latest edition of A.M. Best Rating Guide. The types and amounts of insurance shall not be less than the amounts specified in this agreement.

Insurance

The required insurance coverage's shall be written in accordance with the hazards and magnitude of the project, but in no circumstances a lesser coverage amount, nor more restrictive than the limits of liability and schedule of hazards described herein.

Contractors shall be responsible to purchase and maintain required insurance policies during the term of the contract agreement. If the Contractor fails to procure and maintain such insurance, the City of Plantation shall have the right, but not the obligation, to purchase and maintain said insurance for and in the name of the Contractor, and the Contractor will pay the premium cost thereof and shall furnish all necessary information to the city in order to make effective and maintain such insurance.

Additional Insured

Certificates of Insurance and insurance policies shall also be endorsed to name the City of Plantation "Additional Insured" on the Commercial General Liability with the following or similar endorsements providing equal or broader Additional Insured coverage, such as the basic CG2026 07 04 Additional Insured--Designated Person or Organization endorsement, or the CG2010 10 01 Additional Insured-Owners Lessees, or Contractors endorsement, or the CG2010 07 04 Owners, Lessees or Contractors endorsement, including the additional endorsement of CG2037 10 01-Additional Insured- Owners, Leases have Contractors Operations endorsement. Endorsements shall be required to provide back coverage for the contractors "Your Work" as defined in the insurance policy and liability arising out of the products & completed operations hazard.

Commercial General Liability

Contractor will agree to maintain Commercial General Liability at a minimum limit of liability not less than **\$1,000,000** Each Occurrence, and **\$2,000,000** Annual Aggregate unless the particular contract calls for specific limits of insurance. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. When a self-insured retention (SIR) or deductible exceeds **\$25,000**, the City reserves the right, but not the obligation, to review and request a copy of Contractor's most recent annual report or audited financial statement.

Business Automobile Liability

Contractor will agree to maintain Business Automobile Liability at a limit of liability not less than **\$1,000,000** Each Occurrence. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers Compensation & Employers Liability

The Workers Compensation and Employers' Liability insurance shall be in accordance with Florida State Statutes 440.

INSURANCE REQUIREMENTS

Umbrella Excess Liability

If required by contract will be no more restricted than the underlying insurance policies.
City of Plantation must be added and endorsed separately as additional insured on umbrella policies.

Professional Liability

If required by contract will be a minimum of 1,000,000.

Waiver of Subrogation

The Contractor will agree that each required policy will contain Waivers of Subrogation in favor the City of Plantation. Should an insurance policy condition **not** permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then the Contractor will agree to notify the insurer and request the policy be endorsed with a waiver of Transfer of Rights of Recovery against others, or its equivalent. This waiver of subrogation shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should contractor enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance

The Contractor will agree to provide City a Certificate of Insurance evidencing that all coverage's, limits and endorsements required herein are maintained and in full force and effect, and certificates of insurance shall provide a minimum thirty (30) days to notify, when available by Contractors insurer. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify the City by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance. Certificates of Insurance shall be in the form as approved by Insurance Standards Office (ISO) and such certificates shall clearly state all of the coverage's required in this section.

INSURANCE

Commercial General Liability insurance will cover liability bodily injury and property damage. Exposures to be covered are premises, operations, products/completed operations, and contracts. Coverage must be written on an occurrence basis, with the following **examples** of insurance.

Schedule

Limits

Commercial General Liability	\$1,000,000 Each Occurrence
Blanket Contractual Liability	\$2,000,000 Each Occurrence
Independent Contractors	Premises-Operations
Products & Completed Operations	Personal /Advertising Injury
Blanket Contractual Liability	Independent Contractors
Automobile Liability	
Any auto including Hired & Non-owned	\$1,000,000 Combined Single Limit
Broad Form Property Damage	\$1,000,000 Each Occurrence
Blanket X,C,U Hazards	If required (Included)
Workers' Compensation	Florida 440 Statutory Coverage
Employers Liability	\$1,000,000 Each Accident
Disease Policy Limit	\$1,000,000

INSURANCE REQUIREMENTS

Bonds:

A surety bond maybe required equal to the value of the job to guarantee the work will be done per the specifications on a timely basis.

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the contractor shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "**Additional Insured**" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Contractor. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.
- E. The City requires a "thirty (30) day notice of cancellation" on all certificates of insurance.
- F. The City requires a "wavier of subrogation" for all Workers Compensation Coverages

THE UNDERSIGNED CONTRACTOR HAS READ ALL THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

DRUG-FREE WORKPLACE

Fill in Form

STATEMENT UNDER SECTION 287.087 FLORIDA STATUTES

TO BE RETURNED WITH FIRM

Preference must be given to FIRMS submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

PUBLIC ENTITY CRIMES

Fill in Form

SWORN STATEMENT UNDER SECTION 287.133(3)(a) FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

THIS MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS

1. This sworn statement is submitted with Bid, Proposal or Contract for RFSP No. 075-21
2. This sworn statement is submitted by Ericks Consultants Inc (entity submitting sworn statement), whose business address is 205 South Adams Street, Tallahassee FL 32301 and its Federal Employer Identification Number (FEIN) is 59-2722222. (If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____).
3. My name is Candice Ericks (please print name of individual signing), and my relationship to the entity named above is Managing Partner.
4. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services, any leases for real property, or any contract for the construction or repair of a public building or public work, to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
5. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court or record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
6. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 - a) A predecessor or successor of a person convicted of a public entity crime; or
 - b) An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
7. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

PUBLIC ENTITY CRIMES

Fill in Form

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, and (Please indicate which additional statement applies.)

☐ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the Hearing Officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

☐ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

☐ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

TO BE RETURNED WITH PROPOSAL

By signing and submitting this proposal, the FIRM certifies that this proposal is made independently and free from collusion.

FIRM shall disclose below, to their best knowledge, any City of Plantation officer or employee, or any relative of any such officer or employee as defined in Section 112.3135(1) (c), Florida Statutes (2014), who is an officer or director or, or has a material interest in, the FIRM's business, who is in a position to influence this procurement. Any City of Plantation officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to indirectly own any of the total assets or capital stock of any business entity owned or operated by the FIRM, or if they otherwise stand to personally gain if the contract is awarded to this FIRM.

Failure to submit this executed statement as part of the proposal shall make the proposal nonresponsive and not eligible for award consideration. In the event the FIRM does not indicate any names, the CITY shall interpret this to mean that the FIRM has indicated that no such relationships exist. Failure of a FIRM to disclose any relationship described herein shall be reason for termination of proposal or award, whichever is applicable, with no time to cure.

COOPERATION WITH THE BROWARD COUNTY OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH PROPOSAL

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how FIRM's and vendors (herein, "FIRM's") are paid. To this end, FIRM agrees to cooperate with the OIG in the event the FIRM is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of FIRM'S written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The FIRM acknowledges and agrees that whatever work or effort is expended by FIRM in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the FIRM to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The FIRM's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the FIRM is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the FIRM is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, FIRM shall advise CITY, in writing and in the same manner as FIRM gives the City formal notice under this Contract, each instance, if ever, that the FIRM is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the FIRM is fully performing the requirements of this Paragraph.

Section 287.135, Florida Statutes, prohibits agencies from contracting with companies for goods or services of any amount that are on the Scrutinized Companies that Boycott Israel List or that are participating in a boycott of Israel; or One million dollars or more if, at the time of bidding, FIRM is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has business operations in Cuba or Syria. The boycott Israel list is created pursuant to 215.4725 and the Sudan and Iran lists are created pursuant to section 215.473, Florida Statutes.

As the person authorized to sign on behalf of FIRM, I hereby certify that the undersigned company is not participating in a boycott of Israel, on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or that it does not have business operations in Cuba or Syria. I understand and agree that pursuant to section 287.135, Florida Statutes, the submission of a false certification; or being placed on the Scrutinized Companies that Boycott Israel List, or engaging in a boycott of Israel; or being placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or engaging in business operations in Cuba or Syria will be cause for the CITY to terminate this Agreement at the option of the CITY. In addition, FIRM may be subject to civil penalties, attorney's fees, and/or costs.

The scrutinized company list is maintained by the State Board of Administration and available at <http://www.sbafla.com/>.

Certified By: 
who is authorized to sign on behalf of the above referenced company.

COMPLIANCE UNDER SECTION 119.0701 FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

The FIRM hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the FIRM does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the firm or keep and maintain public records required by the public agency to perform the service. If the FIRM transfers all public records to the public agency upon completion of the contract, the FIRM shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the firm keeps and maintains public records upon completion of the contract, the firm shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE FIRM HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE FIRM'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 954-797-2237, sslattery@plantation.org, 400 NW 73rd Avenue Plantation, FL 33317

As the person authorized to sign this statement, I certify that this FIRM agrees to comply with the above requirements.

E-VERIFY FORM

Fill in Form

CITY OF PLANTATION E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

Project Name: State and Federal Lobbyist Services

Project No.: 075-21

1. Definitions:

"Firm" means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. *"Firm"* includes, but is not limited to, a vendor or consultant.

"Sub-Firm" means a person or entity that provides labor, supplies, or services to or for a firm or another sub-firm in exchange for salary, wages, or other remuneration.

"E-Verify system" means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

2. Effective January 1, 2021, Firms, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Firm shall register for and utilize the U.S. Department of Homeland Security's E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Firm to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Firm to perform work pursuant to the contract with the City of Plantation. The Firm acknowledges and agrees that registration and use of the U.S. Department of Homeland Security's E-Verify System during the term of the contract is a condition of the contract with the City of Plantation; and

E-VERIFY FORM

Fill in Form

- c) Should vendor become the successful Firm awarded for the above-named project, by entering into the contract, the Firm shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Firm shall also require all sub-firms to provide an affidavit attesting that the sub-firm does not employ, contract with, or subcontract with, an unauthorized alien. The Firm shall maintain a copy of such affidavit for the duration of the contract.

3. Contract Termination

- a) If the City has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the City has a good faith belief that a sub-firm knowingly violated s. 448.095 (2), but the Firm otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Firm and order the Firm to immediately terminate the contract with the sub-firm.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Firm, the Firm may not be awarded a public contract for a period of 1 year after the date of termination.

PROPOSAL FORM

Proposal of (Name of Firm) Ericks Consultants Inc.

Address: 205 S. Adams St. Tallahassee, FL 32301

Phone: 954-648-1204

Email Address: candice@ericksconsultants.com

To furnish and deliver all services and to do and perform all work in accordance with the Agreement Documents for the entitled solicitation:

PROJECT NAME: Community Shuttle Service
RFSP No. 074-21
City of Plantation

TO: City of Plantation
400 NW 73rd Avenue
Plantation, FL 33317

The Undersigned Firm proposes and agrees if this proposal is accepted, to enter an agreement with the CITY to complete all work as specified or indicated in the Agreement Documents for the Agreement Price and within the Agreement time indicated in this Proposal and in accordance with the Agreement Documents.

Firm accepts all of the terms and conditions of the Instructions to Firm. This proposal will remain open for ninety (90) calendar days after the day of Proposal Opening. Firm will sign the Agreement and other documents required by the Agreement Documents within fifteen (15) days after the date of City's Notice to Award.

In submitting this proposal, Firm represents as more fully set forth in the Agreement, that:

A. Firm has examined copies of all the Solicitation Documents and of the following Addenda: (if any addenda have been issued, receipt of all of which is hereby acknowledged) and also copies of the Advertisement or Notice to Firms and the Instruction to Firms.

DATE:

☐ 06/24/ 2021
☐ 07/07/2021
☐

ADDENDA NUMBER:

☐ 1
☐ 2
☐
☐

B. This proposal is genuine and not made in the interest of or on behalf of any undisclosed person, Firm or corporation and is not submitted in conformity with any agreements or rules of any group, association, organization or corporation. Firm has not directly or indirectly induced or solicited any other Firm to submit a false or sham proposal; Firm has not solicited or induced any person, firm, or a corporation to refrain from proposing; and Firm has not sought by collusion to obtain for themselves any advantage over any other Firm or over City.

PROPOSAL FORM

- C. FIRM shall complete the Work for the following price(s). Award shall be made to the Firm whose proposal is determined to be the most advantageous to the city taking into consideration the evaluation factors and criteria set forth in the RFSP.

The rates for the service shall be based on providing the services and associated amenities as per Scope of Services and include all costs, plus all applicable overhead and profit.

Pricing Structure	Amount
Monthly Fee	\$ 3,000 per month (all-inclusive) for State (ECI)
The above rates include salary costs, fringe benefits, overhead, operation margin and profit. They do not include direct expenses. Approved travel costs shall be billed monthly by the Agreement and shall not exceed three (3) percent of the total Agreement amount.	

Communications concerning this Proposal shall be addressed to the address of Firm indicated below.

The undersigned also agrees as follows:

First: to do any extra work not covered by the foregoing Schedule of Price which may be ordered by the CITY, and to accept as full compensation therefore, such prices may be agreed upon in writing by the CITY and the FIRM.

Second: Within fifteen (15) days from the "Award", of this proposal, to execute the Agreement.

ADDENDUM NO. 1

RSFP No. 075-21

State and Federal Lobbying Services

DATE OF ADDENDUM: June 24, 2021

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RSFP No. 075-21.

General Questions and Answers:

Question No. 1: Would the city consider a response to this RSFP just for Federal Lobbying Services, with the understanding that if a separate state lobbying firm is selected that federal and state lobbyists would coordinate and collaborate to properly serve the City of Plantation's lobbying needs in Tallahassee and Washington?

Response No. 1: The City is accepting sealed proposals from Firms that are qualified in State and Federal Lobbying Services. The City reserves the right award to one or more Firms that City finds qualified/most advantageous for the aforementioned services.

If any Firm desires to submit for Federal (only), State (only), or Federal and State (both), the Firm shall be responsible for indicating that within their sealed proposal- preferably within their Executive Summary.

Question No. 2: As a federal lobbying firm advocating solely in Washington, and filing required federal lobbying registrations with the U.S. Senate and House of Representative, would a federal proposer to RSFP still be required to also register as a lobbyist in the State or Florida?

Response No. 2: No, a Federal Proposer will not be required to register as a lobbyist in the State of Florida, unless there is a change in the law.

Proposals **must** be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically **ONLY** via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

All other terms, conditions and specifications remain unchanged for RSFP No. 075-21.

Please acknowledge receipt of this Addendum No. 1 by returning it and/or acknowledging it in your bid.

ADDENDUM NO. 2

RFSP No. 075-21

State and Federal Lobbying Services

DATE OF ADDENDUM: July 7, 2021

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RFSP No. 075-21.

General Questions and Answers:

Question No. 1: Our firm is considering partnering with another firm in our response to the RFSP. We would be submitting only one proposal that would include both firms. As the RSFP calls for an “entity” to submit a response, would we need to submit our proposal as a prime/subcontractor arrangement or could we submit one proposal as equal partners?

Response No. 1: A Firm can submit for either the State or Federal portion or both. If a Firm wish to “partner” with another Firm, the mechanism they chose to facilitate that is up to them. The City’s goal is simply to retain the most effective representation for the City at both the state and federal levels.

Question No. 2: Under "State or Federal Lobbying Experience" (Page 12 of RSFP No. 075-21), it reads: “Provide a list of clients for whom Firm has provided or is currently providing state **and** federal lobbying or consulting services.”

- A. Our firm solely provides State services. Can we correctly interpret the request to mean clients that have been provided one or the other “state or federal” services? Or is it seeking a list of only clients for which our one firm has provided both state and federal services?
- **Response for A.:** We are seeking a listing of clients represented at the state and/or federal level.
- B. It asks for a list of our past clients in addition to our current clients. A list of all previous clients for which our firm has provided services would stretch over thirty years. Would a list of all clients currently represented and previously represented within in the past five years be sufficient?
- **Response for B.:** Yes, however the City reserves the right request additional clients and details.

Question No. 3: The Qualification Statement Form has multiple questions with words and phrases typically used in a construction or contracting bid. Does this form apply to this solicitation for lobbying services?

Response No. 3: If you feel that a question contained in the Qualification Statement Form does not apply to your Firm or the proposed work, please note it as Not Applicable (N/A)

Proposals **must** be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically **ONLY** via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

Response No. 1: The City is accepting sealed proposals from Firms that are qualified in State and Federal Lobbying Services. The City reserves the right award to one or more Firms that City finds qualified/most advantageous for the aforementioned services.

If any Firm desires to submit for Federal (only), State (only), or Federal and State (both), the Firm shall be responsible for indicating that within their sealed proposal- preferably within their Executive Summary.

Question No. 2: As a federal lobbying firm advocating solely in Washington, and filing required federal lobbying registrations with the U.S. Senate and House of Representative, would a federal proposer to RFSP still be required to also register as a lobbyist in the State or Florida?

Response No. 2: No, a Federal Proposer will not be required to register as a lobbyist in the State of Florida, unless there is a change in the law.

Proposals **must** be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically ONLY via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

All other terms, conditions and specifications remain unchanged for RFSP No. 075-21.

Please acknowledge receipt of this Addendum No. 1 by returning it and/or acknowledging it in your bid.

ADDENDUM NO. 2

RFSP No. 075-21

State and Federal Lobbying Services

DATE OF ADDENDUM: July 7, 2021

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RFSP No. 075-21.

General Questions and Answers:

Question No. 1: Our firm is considering partnering with another firm in our response to the RFSP. We would be submitting only one proposal that would include both firms. As the RSFP calls for an “entity” to submit a response, would we need to submit our proposal as a prime/subcontractor arrangement or could we submit one proposal as equal partners?

Response No. 1: A Firm can submit for either the State or Federal portion or both. If a Firm wish to “partner” with another Firm, the mechanism they chose to facilitate that is up to them. The City’s goal is simply to retain the most effective representation for the City at both the state and federal levels.

Question No. 2: Under “State or Federal Lobbying Experience” (Page 12 of RSFP No. 075-21), it reads: “Provide a list of clients for whom Firm has provided or is currently providing state and federal lobbying or consulting services.”

A. Our firm solely provides State services. Can we correctly interpret the request to mean clients that have been provided one or the other “state or federal” services? Or is it seeking a list of only clients for which our one firm has provided both state and federal services?

- **Response for A.:** We are seeking a listing of clients represented at the state and/or federal level.

B. It asks for a list of our past clients in addition to our current clients. A list of all previous clients for which our firm has provided services would stretch over thirty years. Would a list of all clients currently represented and previously represented within in the past five years be sufficient?

- **Response for B.:** Yes, however the City reserves the right request additional clients and details.

Question No. 3: The Qualification Statement Form has multiple questions with words and phrases typically used in a construction or contracting bid. Does this form apply to this solicitation for lobbying services?

Response No. 3: If you feel that a question contained in the Qualification Statement Form does not apply to your Firm or the proposed work, please note it as Not Applicable (N/A)

Proposals **must** be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically **ONLY** via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

Attachment A: Client List

- A) Ericks Consultants
- B) Becker

CLIENT LIST

Services: ECI successfully secured a \$5,000 grant from Broward County two years in a row, in both 2018 and 2019 for the South Florida Rehab & Emergency Support Team. We also provided educational seminars and training on how to be an effective lobbyist to union members, assisted in securing Legislator attendance at events, and have provided any additional support needed.

Primary Contractor: ECI

Broward Health (North Broward Hospital District)

Ashley Boxer, Director of Governmental Relations

303 SW 17th Avenue, Ft. Lauderdale, FL 33316

Phone: 954-355-4174/ Fax: 954-355-4774

aboxer@browardhealth.org

Duration: ECI has represented Broward Health for over 17 years

Services: We monitor, track and advocate positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting Broward Health and on appropriations needs and provide written reports. We represent Broward Health before the state and the county. We advise the in-house staff on upcoming meetings, discussions, opportunities, and community involvement. Legislative issues include, but are not limited to: hospitals, Medicaid, property taxes, special districts, funding for the DISH, Critical Care Fund, Low-Income Pool, Kidcare, Early Steps programs.

Primary Contractor: ECI is not the exclusive contractor, however we are directly contracted and are not subcontracted by another firm.

City of Coconut Creek

Karen Brooks, City Manager

4800 West Copans Road, Coconut Creek, FL 33063

Phone: 954-973-6720/ Fax: (954) 973-6777

kbrooks@coconutcreek.org

Bernadette Hughes, Assistant City Manager

bhughes@coconutcreek.org

Duration: ECI has represented Coconut Creek since 2005

Services: We monitor, track and advocate positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting Coconut Creek and on appropriations needs and provide written reports. We represent Coconut Creek before the state, county, South Florida Water Management District, and Broward County Public Schools.

Primary Contractor: ECI

City of Coral Springs

Frank Babinec, City Manager

9500 West Sample Road, Coral Springs, FL 33065

Phone: 954-344-1142/ Fax: 954-344-1043

fbabinec@coralsprings.org

Duration: ECI has represented Coral Springs for over 18 years

Services: We monitor, track and advocate positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting Coral Springs and on appropriations needs and provide written reports. We act as a liaison for the City with Executive Branch agencies and advocate for grant funding. We work to ensure adequate funding of the Charter School Capital Outlay program on behalf of their municipal-owned charter school. We additionally successfully advocated for four local bills through the Broward Delegation process and the Legislature.

CLIENT LIST

Primary Contractor: ECI

City of Fort Lauderdale

Services: We monitored, tracked and advocated positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting agricultural biotechnology.

Primary Contractor: ECI

(Please note that members of our team still represent BIO under a separate entity as primary lobbyists. However, they no longer contract through ECI)

City of North Lauderdale

Ambreen Bhatti, City Manager

701 SW 71st Ave, North Lauderdale FL 33068

Phone: 954-724-7041

abhatti@nlauderdale.org

Duration: ECI represented North Lauderdale from 2009- 2016

Services: We monitored, tracked and advocated positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting North Lauderdale and provided written reports. We specifically were hired to fight for a local bill that would authorize municipalities to impose a law enforcement assessment fee. Eventually, we pursued a general bill, which made it to the floor of the Senate and through its first House committee. However, once it became clear that House opposition would not change due to Leadership aversion to the subject of taxes and fees, the City decided to end the effort.

Primary Contractor: ECI

Florida Power & Light (FPL)

John H. Holley, Vice President of State Legislative Affairs

215 S. Monroe St., Suite 810 Tallahassee, FL 32301

Phone: (850) 521-3928

John.Holley@fpl.com

Duration: ECI represented FPL for over 20 years.

Services: We monitored, tracked and advocated positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting FPL

Primary Contractor: ECI was not the exclusive contractor, however the contract was direct and not subcontracted

(Please note that members of our team still represent FPL under a separate entity as primary lobbyists. However, they no longer contract through ECI)

Gary Rosen is the Managing Shareholder and Chief Executive Officer of the firm, positions he has held since 2012. In these roles he oversees the firm's governance while playing a leading role in recruitment, marketing and other business functions.

In addition to his involvement in firm management, Gary is a litigation attorney and has handled complex litigation for clients in the public and private sectors including county and city governments, developers, builders, corporations, condominium associations and financial institutions. He also represents national corporate clients in protecting intellectual property rights through civil prosecution of trademark and copyright infringement.

Gary has extensive trial experience in courts throughout the country and has obtained several multi-million-dollar jury verdicts, judgments and settlements in favor of claimants in cases. Also, Gary is Board Certified in Business Litigation Law, recognition for having the highest standards of skills, specialty knowledge, proficiency, professionalism and ethics in business litigation.

EXPERIENCE

- Premier Water Parks, Inc. in obtaining permanent injunctive relief against proceeding with a no-bid contract on behalf of a national developer of water theme parks against the City of Ft. Lauderdale, FL.
- National home builder defense in a multi-million-dollar federal class action fraud case resulting in a favorable settlement to our client.
- Securities fraud class actions defense and prosecutions.
- Defended foreign corporations in California trial and appellate courts in a five-year, multi-million-dollar breach of contract and fraud case resulting in summary judgment in favor of clients, which was affirmed on appeal.
- Represented nationally prominent intellectual property owners in federal court trademark and copyright infringement actions, which have regularly required litigating expedited motions for preliminary injunction.
- Represented plaintiffs and defendants in state and federal court actions involving claims of violations of trade secrets and breaches of restrictive covenants.
- Tried several lengthy jury trials resulting in verdicts and mid-trial settlements favorable to the firm's clients.

RECOGNITION

- Gary is a Fellow in the Litigation Counsel of America, an invitation only, trial lawyer honorary society comprised of the most experienced and effective litigators throughout the United States. Membership is limited to less than one half of one percent of American lawyers.
- Gary is the 2019 recipient of the Daily Business Review's "Attorney of the Year" award.

The award is the top honor presented by the publication as part of its annual Professional Excellence Awards which recognize standout achievement in the legal profession. Gary was honored for his work creating a pioneering professionalism and civility magistrate pilot program in Broward County Circuit Court.

- Florida Trend magazine recognized Gary among its “Legal Elite” in the area of Business Litigation. This designation was based upon a poll of Florida attorneys, who selected peers in the top 2% of their respective practice areas.
- Gary has been recognized as one of Florida’s 500 most influential business leaders every year since Florida Trend magazine began publishing its Florida 500 list in 2018.
- Named as one of the top 100 “Person(s) to Know” in Florida Trend’s October, 2018 issue (Greater Fort Lauderdale – special section).
- Gary has been honored as a 2018 Florida Super Lawyer, a recognition he has received each year for more than 10 years, and has been included in The Best Lawyers in America® guide from 2013-present.
- Gary was also named a Power Leader in Law by the South Florida Business Journal in 2017 and was selected as a 2015 Broward Ultimate CEO honoree, an award that recognizes business leaders of Broward County for their achievements, vision and dedication to excellence.

PROFESSIONAL / COMMUNITY ACTIVITIES

- – Chair of the Board of Directors for the United Way of Broward County, 2020 – present
- The Executive Committee of the Broward Workshop and Chair of its Governance Committee
- The Florida Association of Managing Partners
- Broward County’s Committee of Large Firm Managing Partners
- The Board of Directors of the United Way of Broward County, Chair of its Finance Committee
- Gary was a member of the Florida Supreme Court’s Committee on Standard Jury Instructions —Contract and Business Cases until 2017.

- Ohio University, B.S.J., 1975

Steven B. Lesser chairs the firm's national Construction Law and Litigation practice group. Mr. Lesser is Board Certified in Construction Law by the Florida Bar and devotes his practice exclusively to construction law and litigation, including governmental construction claims and defense and hotel/condominium disputes. He is a Fellow of the American College of Construction Lawyers. He has received a number of distinguished awards from the Florida Bar and American Bar Associations relative to his work in the construction industry.

He is Past Chair of the American Bar Association's Forum on Construction Law, a nationally prestigious organization devoted entirely to members of the construction industry. The Forum is the largest construction lawyer group in the world and is known for its scholarly publications and programs focusing on developments and trends in construction law.

Mr. Lesser is presently Chair of The Florida Bar Association's Board of Legal Specialization and Education ("BLSE") which administers the Bar's certification plan and provides oversight over all 27 certification committees that each focus upon a specific practice area. As part of its mission, the BLSE helps identify for the general public and the profession those attorneys who have substantial experience and have demonstrated special knowledge, skills, and proficiency in certified areas of practice and professionalism and ethics in the practice of law. He has further served in the leadership of a variety of Florida Bar and American Bar Association Committees including Past Chair of the Florida Bar Construction Law Certification Committee.

EXPERIENCE

- For more than thirty years, Steve has represented a variety of construction industry participants in various large scale high profile commercial, multi-family, specialty projects such as museums, country club communities, health care facilities and even sports complexes. He represented Swire Properties in relation to its design and construction contracts for Brickell City Centre, a \$1.05 billion mixed used development in the heart of Miami's financial district. This project is significant because it was the first large construction project to begin after the recession and spurred widespread new development in the Brickell corridor. Other examples include the Dali Museum, the Museum of Arts and Crafts in St. Petersburg, Florida and Baptist Hospital in Jacksonville. His involvement in country club representation includes Frenchman's Creek, Mirasol Country Club, and BallenIsles Country Club. He represented a sports complex owner Incredible Ice, in a deal to rebuild the Florida Panther's Ice Hockey training facility in Coral Springs, Florida. Steve represented a homeowner in the landmark case *Moransais v. Heathman*, before the Florida Supreme Court which, in effect, reshaped construction law in Florida by retreating from the economic loss doctrine and forcing architects, engineers and other professionals to be accountable for their own negligence.

RECOGNITION

- Chambers USA, Construction Law, Band 1
- American Bar Association, Forum on Construction Law, Cornerstone Award, 2019
 - The Cornerstone Award honors a member of the Forum who has rendered long-term exceptional service to the construction industry, to the public, and to the legal profession. The Cornerstone Award is the highest award presented by the Forum on Construction Law.

Allen Levine is chair of the firm's Business Litigation practice. In addition to his involvement in firm management and supervision of business litigation attorneys, he handles complex business litigation and real estate litigation for large corporate clients, closely held corporations, real estate developers and financial institutions. Allen also represents clients in probate and trust litigation, community association litigation, insurance coverage litigation and appeals.

Allen has extensive experience in state and federal courts and has handled numerous cases which have created new law. Allen is also AV® Preeminent™ 5.0 out of 5 rated (the highest level attainable) by Martindale-Hubbell.

Allen's litigation experience includes:

- Business & Contract Litigation
- Class Action Litigation
- Commercial Tenant Litigation
- Condominium Hotel Disputes
- Corporate Governance Disputes
- Hotel Management & Acquisition Disputes
- Personal Injury & Wrongful Death Litigation
- Recreation Lease Disputes
- Real Estate Acquisition, Title & Use Disputes
- Trade Secret, Confidentiality, Business Interference & Non-Competition Disputes
- Trust & Estate Litigation

EXPERIENCE

- Obtained a ruling by the Fourth District Court of Appeal in Raiser-DC, LLC v. B&L Service, Inc. and Broward County, Florida, which held that Broward County was required to disclose information about Uber's operations at the Fort Lauderdale-Hollywood International Airport, despite Uber's claims that the records were trade secret information and exempt from Florida's Public Records Act.
- Obtained a ruling by Fourth District Court of Appeal in Lyons v. Lyons, which held for the first time that a married grantor of Homestead Property cannot challenge the deed she signed without joinder by her husband because she lacked standing to do so.
- Obtained a judgment that was affirmed on appeal in Wyndham Vacation Resorts, Inc. v. Ocean Walk Resort Condominium, Inc., which held for the first time in Florida that a timeshare developer was also a condominium developer subject to the mandatory control transfer provisions of the condominium act, thus thwarting the developer's ability to control the condominium association board.
- Successfully appealed Van Hook v. The Residences at Coconut Point, LLC, where the Eleventh Circuit Courts of appeals reversed the lower court's determination, and held

that the contractual language relied upon by the lower court did not disqualify the developer from being exempt under ILSA, thus preventing buyers from backing out of their real estate purchase contracts.

- Successfully obtained a decision published in *Wigand v. West City Partners, Inc.*, where the Federal District Court for the Southern District of Florida prevented 42 of the 43 plaintiffs who sued the condominium developer from bringing their breach of contract and ILSA claims in one lawsuit.
- Successfully obtained a decision in *Kraft v. The Residences of Coconut Point, LLC*, where the Federal District Court for the Middle District of Florida ruled the condominium developer maintained sufficient records to assert the investor exemption to ILSA requirements, thus preventing buyers from backing out of their real estate purchase contracts.
- Combined 108 class actions on behalf of 108 condominium associations and their unit owners, in a lawsuit against the owner of a recreation lease, which resulted in the successful buyout of the recreation lease at a substantially reduced price.
- Successfully defended real estate developers against lawsuits by numerous buyers asserting revocation of purchase contracts due to alleged violations of The Interstate Land Sales Full Disclosure Act (ILSA), the Condominium Act, and the Homeowner's Association Act.
- Successfully assisted buyers in navigating issues related to traditional Hotel and Condominium Hotel acquisition.

RECOGNITION

TECHNICAL PROPOSAL

FEDERAL LEGISLATIVE

SERVICES

for

The City of Plantation, Florida

SOLICITATION # RFSP-075-21-0-2021/es

Mr. Charles Spencer
Director, Procurement Department
City of Plantation, Florida
400 N.W. 73rd Avenue
Plantation, FL 33317

July 20th, 2021

ALCALDE & FAY
GOVERNMENT AND PUBLIC AFFAIRS CONSULTANTS
2111 WILSON BOULEVARD, 8TH FLOOR
ARLINGTON, VIRGINIA 22201
(703) 841-0626

July 20, 2021

Mr. Charles Spencer
Director, Procurement Department
City of Plantation, Florida
400 N.W. 73rd Avenue
Plantation, FL 33317

Dear Mr. Spencer:

Alcalde & Fay is pleased to submit the following proposal for Federal Legislative Services to the City of Plantation. For over forty-eight years we have conducted federal lobbying and grant consulting with a particular expertise on behalf of Florida municipalities. In fact, we were honored to represent Plantation for nearly ten years from 2002 – 2011, and over the course of our representation assisted the City with numerous priorities, including to help secure over \$2.4 million in total for projects encompassing transportation, infrastructure, public safety, law enforcement, and community development as follows:

- ❖ **\$500,000** for the Multi Use Recreational Trail (MURT) system
- ❖ **\$337,500** for a community amphitheater
- ❖ **\$1.288 million** for the Central Transit Greenway System
- ❖ **\$282,000** for digital police radios

We worked closely with City staff to strategize and develop the City's annual federal agenda with City staff at that time Mr. Dan Keefe and Ms. Priscilla Richards, and we would welcome the opportunity to similarly do so with the City's current administration.

As a federal lobbying firm founded in 1973, our proposal provides a detailed description of our firm's history of successful Washington representation for cities and counties throughout Florida, but for similar communities nationwide. It speaks to our ability to obtain and preserve millions of dollars in federal funding for our clients through appropriations, authorizations, grants, as well as obtaining positive resolution of issues from federal departments and agencies.

This year with the return of Member Directed Congressional spending (formerly "earmarks") after a ten-year lapse, we have been able to utilize our decades long expertise for the benefit of our clientele to submit and help secure priority projects for funding through the Appropriations and Surface Transportation Authorization process. While this year's appropriations and authorization process is still in the early stages, already our clients have over \$70 million in priority projects pending in those bills for their critical transportation, water infrastructure, public

safety, community development and other needs, and emerging from this first year where Members of Congress were limited to ten total appropriations projects.

As such, we would very much welcome the opportunity to again serve Plantation as your federal advocate in Washington, and we know that we could similarly secure significant federal dollars for your current priority projects and critical needs.

Our advocacy involves a multi-prong approach involving constant communication with our clients where we assess their needs, identify and advise of funding opportunities, help craft requests, and provide strategic communications to Congress and executive branch decision makers. Moreover, we provide full grant services including grant prospecting, application development, drafting, pre-submission and post-award review; along with securing Congressional support to position your grant submissions as competitively as possible.

Having a firm who truly knows your priorities and can convey a project's history and background to Washington decision-makers sets Alcalde & Fay apart, especially with our having previously represented Plantation. As an independent lobbying firm, we have been representing Florida entities in Washington for over four decades, and we know that Plantation continues to undergo rapid growth and development, while at the same time trying to recover from the impacts of COVID.

With the Administration and Congress working to further address the impacts of COVID, and provide for major new investments in broadly defined infrastructure including for roads, bridges, transit, water and sewer infrastructure, broadband, housing, education, and overall climate and weather-related resiliency, we know that our depth of experience and history of successful representation would again produce outstanding results for the City of Plantation. We direct your attention to the enclosed proposal that details our history, experience, expertise, and record of success as a firm committed year after year, and decade after decade to achieving our client's federal legislative goals.

Sincerely,

Maurice Kurland, Partner

A. EXECUTIVE SUMMARY AND PROPOSAL OVERVIEW

Since 1973, Alcalde & Fay has successfully represented a broad range of public and corporate clients before the federal government. The firm is incorporated as a Virginia, LTD, Corporation, as a national federal government and public affairs firm located a short distance from the nation's Capital, from which all work would be performed for the City of Plantation. Our offices are located at 2111 Wilson Boulevard 8th Floor, Arlington, Virginia 22201. Our firm is open from 9:00 am – 6:00 PM ET, although we have employed teleworking and abidance of public health and social distancing requirements in accordance with CDC and local guidelines. Our clients are able to always reach us via telephone: 703-841-0626; fax: 703-243-2874, website: www.alcalde-fay.com, or email: Kurland@alcalde-fay.com.

We were founded by Hector Alcalde, our Chairman, as a bi-partisan firm, after serving as the chief of staff to a Florida Congressman for 11 years. Since then, for forty-eight years, Alcalde & Fay has successfully managed legislative and regulatory issues and represented a broad range of clients before the United States Congress and the Federal Executive branch. The firm has built a distinguished reputation for effective public policy representation of municipalities of all sizes pursuing appropriations, authorizations, and grant funding, and resolving issues with federal departments and agencies. Florida Trend magazine, in doing a profile of our firm, cited us as the “Dean of Lobbyists” for Florida communities.

At the commencement of a client relationship, and annually each year prior to a new Congress, we communicate and work closely with City staff to assess key projects and issues for federal assistance, and strategically assist in the development of a prioritized federal agenda based on our expertise and knowledge of available and expected funding opportunities in an upcoming Congressional session.

With that federal agenda in hand, we use our strong relationships on Capitol Hill with the City's Congressional delegation and other key Members and Congressional committees to advocate for funding through appropriations and authorization bills. In addition, we lobby in support of (or opposition to) legislation depending upon local community benefit or impacts including by drafting, amending, securing of co-sponsorship of legislative language, and preparing testimony and committee testimony as part of our comprehensive legislative services conducted for over four decades. We similarly will ensure the input of our client's interests in regard to agency regulations, rulemakings, and policies.

Moreover, as part of our legislative services we provide full grant services, including frequent weekly grant alerts, where we have researched and compiled notices of funding availabilities. Our grant services encompass shaping and clarifying grant criteria in advance of notices of funding opportunities, drafting and reviewing of applications, and securing letters of support, as well as conducting post award debriefings.

In addition to serving as your “office in Washington” conducting outreach to Congressional Members and their legislative staff, and Agency program officers, we will fully arrange and coordinate for “fly-in” travel to Washington for meetings on Capitol Hill and Executive Branch offices to further highlight key priorities and secure available assistance for City priority projects and issue items.

As part of our federal legislative representation, a critical aspect is monitoring and tracking of federal policy issue developments. As such we provide regular weekly and monthly legislative reports, and even more frequent notifications as issues arise, so that we can advise our clients in line with their federal agenda, or to update it to reflect new and emerging opportunities for funding, or to get their position on a legislative or regulatory matter that could involve an unfunded mandate or deleterious requirements.

As a federal lobbying firm that is soon approaching its 49th year in business, there is no issue area or funding priority that we have not had some experience in resolving or securing. This ranges from transportation and water infrastructure to economic and workforce development, housing and education, public safety and emergency response, business and technology, environment, health and social services, veterans and defense, taxation, parks and recreation, travel and tourism. This breadth of expertise is a great benefit to our local government clients, particularly in developing creative solutions to the most complex problems.

In summary, we believe our experience, credentials, approach to representation, and track record in representing municipalities in similar size and scope to the City of Plantation, Florida is a reflection of truly effective representation with measurable results.

B. COMPANY PROFILE

Alcalde & Fay is one of the oldest federal advocacy firms in Washington, having been founded in 1973, as a Virginia Corporation, LTD, and also registered to do business in the State of Florida. Our offices are located at 2111 Wilson Boulevard 8th Floor, Arlington, Virginia a short distance from the U.S. Capitol. The firm conducts comprehensive federal legislative, appropriations, authorization, federal department and agency advocacy, including full grant services. The firm is comprised of 20 partners, associates and professionals, including a former Member of Congress, senior staff from Capitol Hill and the Executive Branch, and presidential appointees

who reflect a rich diversity in both background and expertise. The firm is led by our Chairman and Founder, Hector Alcalde; our Vice Chairman and CEO Kevin Fay, and our President and Chief Operating Officer Nancy Prowitt who serves as Managing Partner. The firm's Partners all report to Ms. Prowitt, and the firm's associate report accordingly to the client team Partners for who they are assigned.

MANAGEMENT STRUCTURE – ALCALDE & FAY ORGANIZATIONAL CHART

The proposed team of Alcalde & Fay Partners and Associates that will be our representation for the City of Plantation is **Maurice Kurland, Partner and Client Team Leader; Former Congressman Skip Bafalis, Partner; Nancy Gibson Prowitt, President and Chief Operating Officer; Paul Schlesinger, Partner; and Jeremiah Van Auken, Associate.** Each of these individuals has substantial experience in Washington public policy with years of experience, and bring a wealth of knowledge of municipal government issues to the Plantation Client Team. Combined they represent over 150 years of public policy experience, including work at the local, state, and federal level.

As an independent federal lobbying firm that is not a law firm, all of our firm's partners, associates and staff, are engaged in comprehensive Congressional and Executive Branch lobbying to a broad range of public and private clients. We have built a distinguished reputation for effective public policy representation while securing millions of dollars in federal funding for our clients, with a particular expertise in the representation of public bodies including small, medium and large size cities.

Furthermore, we are known as a bipartisan firm, which has allowed us to lobby effectively for over four decades no matter which way the political winds have blown. Our clients have sought out our firm knowing that we are highly respected, client focused, and dedicated to the upmost integrity and professionalism. Furthermore, our firm takes pride in being one of the most diverse in the federal lobbying arena led by our Chairman Hector Alcalde, and our President and Chief Operating Officer Nancy Prowitt, with a significant percentage of our Partners, Associates, and other personnel women and minorities, as we provide equal employment opportunity and access for all persons without regard to race, sexual orientation, gender identification, religion, creed, age, marital status, national origin, veteran's status, or disability.

C. INDIVIDUAL PROFILE

Since Alcalde & Fay's founding in 1973, we have continuously provided federal lobbying services for forty-eight years, and look forward in eighteen months to celebrating our 50th anniversary. Our longevity is a source of pride and we think a reflection of our ability to adapt to changing circumstances in Washington, while providing consistent top-level representation to secure federal assistance. This is reflected in the breadth of our clientele that includes municipalities, counties, transportation planning organizations, air and sea ports, school districts and universities, domestic and international associations, and Fortune 500 companies. On their behalf, we have not only advocated to the U.S. Congress but throughout the Executive including key federal departments and agencies that municipalities often need to access including: Department of Commerce, Department of Defense, Department of Education,

Department of Energy, Department Housing and Urban Development, Department of Interior, Department of Justice, Department of Homeland Security, Department of Labor, Environmental Protection Agency, Federal Aviation Administration, Federal Emergency Management Agency, Federal Communications Commission, Small Business Administration, Department of Treasury, Department of Transportation, U.S. Department of Agriculture, and U.S. Postal Service.

D. QUALIFICATION OF FIRM AND INDIVIDUAL LOBBYISTS

CONGRESSIONAL AND EXECUTIVE AGENCY RELATIONSHIPS

As mentioned earlier, Alcalde & Fay is recognized as a bipartisan firm, with partners and associates drawn from both political parties, and having close working relations with key legislators and staff on both sides of the aisle. Moreover, through our extensive representation of clients throughout Florida, our firm is known by the entire Florida delegation and we have great rapport with their staffs. We confer frequently with them about local community issues as well as issues impacting the entire State of Florida.

While Florida Senators Marco Rubio (R) and Rick Scott (R), and Congresswoman Debbie Wasserman Schultz (D) will provide the base of support for implementing Plantation's federal legislative agenda, along with assistance from Congressman Ted Deutch (D) and the next Member of Congress to fill the seat of the late Congressman Alcee Hastings (D), it is critical to have solid working relationships with other senior members inside and outside of the Florida delegation.

At Alcalde & Fay, that is our special added value, based on not only our longevity, but our national and international client base, that includes the Cruise Line International Association, and clients that span from California to Florida, Georgia, Texas, Virginia and Washington. Moreover, with our long history, there is almost no issue area for which we have not previously handled and secured assistance for our clients. We are known as lobbyists who know their way around Capitol Hill, and offer solutions to get results. As such, we are well acquainted with key members of Congress and Agency officials and staff. For over 48 years, we have worked with leadership and senior staff who are instrumental in achieving the City's goals, including the Chairs and Ranking Members of the Appropriations, Transportation and Infrastructure, Environment and Public Works, Homeland Security, Energy and Commerce, Finance, Judiciary, and Ways and Means Committees.

For example, with the transportation and infrastructure lobbying work that we do for various transportation authorities, sea and airports, and the iconic Golden Gate Bridge Authority, Principals in our firm have developed a tremendous working relationship with House Transportation and Infrastructure Committee Chairman Peter DeFazio (D-OR), and have longstanding working relationships with senior committee members including Eddie Bernice Johnson (D-TX), Frederica Wilson (D-FL), Daniel Webster (R-FL), and Don Young (R-AK). We have even hosted, a number of these Members in our offices including Chairman Peter DeFazio (D-OR) and Congressmen Don Young (R-AK) and Daniel Webster (R-FL).

This is reflected in the Alcalde & Fay client team that would advocate for Plantation. As with any good organization, our greatest strength and your best assurance of our successful service on behalf of the City of Plantation resides in the team that we would assemble to represent your interests in Washington. Although different members of the client team may take the lead on various projects, each of the team members would be knowledgeable about the City's objectives.

We pair clients with firm members who have the skills, background and years of experience to maximize the likelihood of success in implementing the legislative and grant agenda of our clients. In this way, we provide our clients with personalized service as well as collaborative expertise and support.

Whenever issues suddenly arise, along with ongoing and long-term federal agenda items, we are able to confer among team members and provide immediate response. Moreover, on an as needed basis we bring in other Partners and Associates to capitalize on their particular background or history of working on an issue, along with key contacts.

This approach – with a Partner as the primary contact – allows our clients to have a central contact to confer detail about all issues, and projects are assigned and client expectations are met. In this way, the client team manager is able to quickly assess a client's need for additional resources not only within the client team, but firm wide and have them assigned.

Especially, as legislation or agency actions emerge or gain sudden momentum, we are able to revise and update our client's legislative agenda, assess workload requirements, and assign additional firm Partners and Associates in a timely fashion and coordinate a prompt response.

CLIENT TEAM

The proposed client team for the City of Plantation is **Maurice Kurland, L.A. 'Skip' Bafalis, Nancy Prowitt, Paul Schlesinger, and Jeremiah Van Auken**. Each of these individuals has substantial experience in representing public bodies in Washington and brings a wealth of knowledge of municipal government issues to the City of Plantation's Client Team. Each of the

them will be knowledgeable about the City's agenda, and provide strategic guidance, lobbying support, and advocacy.

Maurice Kurland, Partner will serve as **Client Team Leader**, having previously served as a lead lobbyist along with Congressman Bafalis for Plantation during the course of our previous representation of the City from 2002 - 2011. He will serve as the City's main point of contact, and provide overall direction, management, advocacy, and communication toward achieving the goals of Plantation. He will ensure that the City receives timely legislative reports, notifications, and grant alerts. Mr. Kurland will provide twenty-five percent of his time to serving the City's interests, with Congressman Bafalis providing an equal percentage, and Ms. Prowitt, and Mr. Schlesinger providing 10% of their time, and Mr. Auken as our lead Associate providing support for the client team with 30% of his time.

MAURICE KURLAND, PARTNER (TEAM LEADER)

Maurice Kurland, Partner, has been active in government and public affairs since 1991. He has extensive experience on behalf of numerous public bodies and private corporations. His expertise includes economic development and infrastructure, federal appropriations, agency advocacy, grant funding, trade and technology, homeland security, broadcast telecommunications, and international affairs. For the past ten years, he has served as a firm lead Partner on behalf of several of the firm's key clients in Florida.

Mr. Kurland applies his business, legal, and political skills for corporate, government, international, and education clients to secure federal funding, shape foreign and domestic policy, and develop new business opportunities. Additionally, having lived on the Southwest U.S. border, he employs unique public affairs skills for international, county, municipal, and minority-owned clients. His advocacy has assisted clients in securing and preserving millions of dollars in funding on behalf of local governments, airports, non-profits, as well as entities in the agriculture, engineering, health care, homeland security, broadcast and technology, and transportation arenas.

Prior to joining Alcalde & Fay, he served as Senior Legislative Assistant for Congressman Silvestre Reyes (D-TX) where he advised on a broad range of issues that dealt with agriculture, energy, economic development, criminal justice, affordable housing, labor, small business, veterans, and tribal issues. Also, as the Congressman's Telecommunications and Technology liaison to the Congressional Hispanic Caucus, he focused on mergers, mass media, telecommunications, and technology, as well as specializing in trade and foreign policy issues.

Mr. Kurland has been involved in grassroots campaigns, fundraising, advance, and field operations for State, Congressional and Presidential campaigns. He has assisted campaigns in Maryland, New Hampshire, New Mexico, Ohio, Pennsylvania, Texas and Virginia.

A native of El Paso, Texas, he previously served as an Assistant District Attorney, for the 34th Judicial District of Texas for nearly six years. He supervised two State district courts as a Trial Team Chief. He is a graduate of the "Top-Gun" Litigation and Advocacy School, and was Board Certified by the Texas Board of Legal Specialization.

He holds a B.B.A. in Accounting from the University of Texas at Austin, and a J.D. from Washington University in St. Louis, Missouri, where he was a member of the Moot Court Board. He is licensed to practice law in the State of Texas, the 5th Circuit Court of Appeals, and the United States Supreme Court. He previously served as a board member of La Clinica Del Pueblo community health center, and is currently a member of the ADL, AJC, and both the Texas and Florida State Societies.

L.A. 'Skip' Bafalis, Partner

A former five-term Congressman from Florida, L.A. "Skip" Bafalis, Partner, has a background that includes business and government representation. He began his political career in Palm Beach County with election to the Florida House of Representatives and then served in the Florida Senate for two terms. He then served ten years in the U.S. Congress and subsequently was the Republican nominee for Governor of Florida in 1982.

In Congress, Mr. Bafalis served on the Public Works Committee, now the Committee on Transportation and Infrastructure. He then moved to the Ways and Means Committee. An active member of the Trade Subcommittee and the Ranking Member of the Public Assistance and Unemployment Compensation Subcommittee, he became known for his expertise in trade and tax matters and authored and managed passage of wide-ranging estate and gift tax legislation.

Mr. Bafalis has been lobbying in Washington for more than 30 years, and has extensive experience working on behalf of public clients. He maintains close working relationships with members of the House and Senate, many of whom are former colleagues.

He holds a B.A. degree from St. Anselm's College in Manchester, New Hampshire. His alma mater has honored him with its "Alumni Award of Merit" for his contributions to the school and to the nation.

Paul Schlesinger, Partner

Paul Schlesinger, Partner, is a specialist on transportation and public infrastructure issues. He has served as Staff Director for the House Transportation and Infrastructure Committee, as Subcommittee staff member, Legislative Director, and Legislative Assistant, working on Capitol Hill for fourteen years. With over forty years of public policy experience, he applies his expertise in assisting a variety of clients who benefit from his comprehensive understanding of the Congressional process and the complexities of Federal departments and agencies.

Mr. Schlesinger's appointment to the House Surface Transportation Subcommittee staff and then as Staff Director of the full Committee on Transportation and Infrastructure, gave him a Committee tenure of ten years. During his service in Congress, he worked on, and helped coordinate passage of, several major pieces of legislation, including four major highway-transit bills, two Army Corps of Engineers reauthorizations, and the most significant package of Clean Air Act amendments ever enacted. Since joining Alcalde & Fay, Mr. Schlesinger has become Chair of the firm's Public Client team and has worked on legislation affecting highways, public transit, clean air and clean water, flood control, ecosystem restoration, harbor development, navigation improvements, Superfund, wetlands, coastal pollution, shoreline protection, regulation of the trucking, aviation and pipeline industries and Federal buildings and grounds.

Paul holds a bachelor's degree in Government and Politics from the University of Maryland and continued his studies in the University's Graduate Program in Public Policy Analysis and Public Administration.

NANCY GIBSON PROWITT, PRESIDENT & COO

Nancy Gibson Prowitt, President & Chief Operating Officer, has earned a reputation for being one of Washington's top-tier government relations experts. In her more than three decades with Alcalde & Fay, Ms. Prowitt has successfully led lobbying and public relation efforts for various types of clients, both public (in particular cities and community colleges) as well as private sector companies. Prior to assuming her role as President & COO, she served as Managing Partner from 1994 – 2015.

Before joining Alcalde & Fay, Ms. Prowitt served as a legislative assistant to a senior member of the House Appropriations Committee from Virginia both as a personal office staffer, and then as an Appropriations Committee staffer. She also served as a Regional Communications Manager for the U.S. Chamber of Commerce based in the Chicago suburbs working with the Chairmen of the Chamber implementing the Chamber's messaging throughout the Midwest on public relations tours.

Ms. Prowitt's in-depth knowledge of the Congressional process, combined with her nationwide contacts at both the regional and local levels, gives her a unique and tailored perspective in the formulation, communication and implementation of legislative strategies and initiatives. Her appropriations background as a staffer on the Hill has helped ensure positive results, particularly for public body clients seeking federal funding.

She has also worked in a leadership role on the firm's largest private sector client, the Cruise Lines International Association account. She has an extensive background in association management, and "grass roots" communications campaigns having led a number of the firm's campaigns over the years serving as the Executive Director of the Alliance for Clean Energy (ACE) on acid rain control which was operated out of the firm.

A native of Chicago, Ms. Prowitt holds a B.A. degree from DePauw University in Indiana. She has served on the Board of Directors of the Congressional Award Foundation, and on the Arlington Women's Civic Alliance for 20 years, most recently as President. In 2017, she was appointed by former Governor Terry McAuliffe of Virginia to serve a four-year term on the 16-member Board of Visitors at George Mason University, Virginia's largest public university.

JEREMIAH VAN AUKEN, ASSOCIATE

Jeremiah Van Auken, Associate, works on behalf of several Alcalde & Fay municipal clients on a broad range of issues, including workforce and economic development and public safety. Prior to joining the firm, Mr. Van Auken served as a legislative staff assistant on the Senate Appropriations Committee to three different appropriations subcommittees, including the Subcommittee on Defense. Mr. Van Auken began his public affairs career in local politics as a field organizer on the Campaign of Cincinnati Mayor John Cranley, and thereafter as Political Director for an Ohio State House member.

Mr. Van Auken is a native of South Bend, Indiana and a Cum Laude graduate of Xavier University in Cincinnati, Ohio. While working on his bachelors of arts degree, he interned for Senator Rob Portman of Ohio, then soon after interning for Cincinnati City Councilwoman Amy Murray, and became a member of the Pi Sigma Alpha Political Science Honor Society. At Alcalde & Fay, he assists several public clients to advance their appropriations and authorizing priorities through the legislative process, and provides overall grant assistance.

In addition, to our Client Team's bio's as detailed above, we think it important to note that our Senior Partner, Former Congressman Skip Bafalis (R-FL), served ten years on the Transportation and Infrastructure committee (formerly known as the Public Works Committee) as a colleague with Don Young (R-AK) who is a former Chairman of the Committee. Moreover, Paul Schlesinger, Partner, previously served as the Staff Director for the House Transportation and

Infrastructure Committee, and as a result of representing large California transportation entities including the Golden Gate Bridge Transportation District, has a solid rapport with Senator Dianne Feinstein (D-CA) and her staff, and has worked with Vice President Kamala Harris and her staff during her tenure as the Junior Senator from California. Moreover, through his work on behalf of the City of Dallas, he has a strong working relationship with Congresswoman Eddie Bernice Johnson and her staff, as she serves as the Senior Member from Texas on the Transportation and Infrastructure Committee, and Mr. Kurland has worked extensively with the entire Florida delegation including the Senior Staff for Florida's Transportation and Infrastructure Committee Members – Reps. Frederica Wilson (D-FL) and Daniel Webster (R-FL).

As a result of these types of relationships, we will be able to promote the City's priorities to whichever Members have jurisdiction over issues impacting the City. Moreover, these long-standing relationships enable us to "stay ahead" of developments of potential interest to the City, and allow for input while initiatives are in their earliest stages. As a result, we often learn of funding opportunities and policy even before your Congressional Members which allows for early pursuit of grants and changes in policy.

Our long-term bipartisan relationships extend well into the ranks of political appointees and senior career staff in many of the Federal departments as well. Alcalde & Fay has extensive contacts and significant experience in dealing with the Administration – Departments of Agriculture, Commerce, Energy, Homeland Security, Housing and Urban Development, Interior, Justice, Transportation and the Environmental Protection Agency (EPA) and the Army Corps of Engineers, among others.

These relationships with federal department officials and staff will be an asset to the City in your efforts to affect administration policy, secure competitive grant funding, fight burdensome regulations, cut through bureaucratic red tape, obtain federal permits, and solve City problems that fall under federal jurisdiction.

transportation funding, Army Corps engagement, and all policy issues that the Port elects to engage on.

Primary Contractor: Yes

Riviera Beach, FL, City of

Name and Title: Elizabeth McBride - Deputy City Manager

Phone: (561) 845-4095

Address: 600 West Blue Heron Boulevard, Riviera Beach, FL 33419

Duration: 23 Years

Services Provided: Provide comprehensive federal lobbying with advocacy to Congress and Executive Branch in pursuit of appropriations, authorizations, federal department and agency advocacy, and full grant services.

Primary Contractor: Yes

Seminole County, FL

Name and Title: Tricia Johnson, Deputy County Manager

Phone: (407) 665-7224

Address: 1011 East First Street, Suite 3010, Sanford, Florida 32771

Duration: 16 Years

Services Provided: Federal lobbying in support of legislation and policies of interest to the County, as well as securing federal funding for County projects including, but not limited to, those involving river restoration initiatives, road-trail connect transportation projects, and broadband infrastructure.

Primary Contractor: Yes

Sonoma County, CA

Name and Title: Marissa Montenegro - CAO Analyst

Phone: (707) 565-3771

Address: 575 Administration Drive Room 100A, Santa Rosa, CA 95403

Duration: 29 Years

Services Provided: Alcalde & Fay provides general representation services for the county including Federal legislative lobbying and comprehensive grant services.

Primary Contractor: Yes

Sonoma County Water Agency, CA

Name and Title: Grant Davis - General Manager

Phone: (707) 547-1911

Address: 404 Aviation Blvd., Santa Rosa, CA 95403

Duration: 24 Years

Services Provided: Alcalde & Fay provides representation services for the county including Federal legislative lobbying and comprehensive grant services relating to the operation of water retail and ecosystem restoration.

Primary Contractor: Yes

Tampa Port Authority, FL

Name and Title: Clay Hollis - Chief of Staff

Phone: 813-905-5113

Address: 1101 Channelside Drive Tampa, FL 33602

Duration: 48 Years

Services Provided: General Government relations including federal lobbying services and grant application writing and review.

Primary Contractor: Yes

Treasure Island, FL, City of

Name and Title: Amy Davis – City Manager

Primary Contractor: Yes

Transportation Agency of Monterey County, CA

Name and Title: Debbie Hale - Executive Director

Phone: (831) 775-4410

Address: 55-B Plaza Circle, Salinas, CA 93901

Duration: 19 Years

Services Provided: Alcalde & Fay provides general representation services for the county including Federal legislative lobbying on highway and transit issues as well as comprehensive grant services.

Primary Contractor: Yes

Virginia Beach, VA, City of

Name and Title: Robert Matthias - Assistant to City Manager

Phone: (757) 385-8267

Address: 2401 Courthouse Drive, Virginia Beach, Virginia 23456

Duration: 30 Years

Services Provided: Federal consulting services on appropriations, transportation, coastal resiliency, public safety, infrastructure, economic development, and broadband issues.

Primary Contractor: Yes

E. FEDERAL LOBBYING – KNOWLEDGE AND EXPERIENCE SECURING FUNDS THROUGH APPROPRIATIONS AND DISCRETIONARY GRANTS

FEDERAL PROGRAM FUNDING IN ANNUAL APPROPRIATIONS

A core part of our practice is assisting communities in securing funding through the appropriations process. We are experts in helping our clients navigate this process and our efforts have aided our clients in achieving hundreds of millions of dollars over our long history.

With Washington's resumption this year of congressionally-directed appropriations (i.e. earmarks), now deemed as "community project funding," we drew on our years of experience to help our clients navigate this renewed process, and submit projects across the range of available appropriations bills. After ten years since these Member directed projects were allowed, Congress limited Members this year to only ten total projects, with this initial resumption of the process. Thus, we not only guided our clients to meet basic submission requirements, but worked with our clients to strategically select among their top priorities, ensure they met account criteria, and better described their projects to showcase their need and value to withstand the added scrutiny that these projects would face in this first year. The FY 2022 Appropriations process is still underway with the various House and Senate Committees not yet having marked up their respective bills. But illustrative of our appropriations proficiency, we assisted our clients this year to submit over 100 community funding project requests for consideration, including several clients also represented by Representative Wasserman Schultz. Our frequent collaboration with her office staff gives us an edge in ensuring thorough consideration of our clients funding requests.

Indicative of our municipal lobbying experience and skill, our current clients, have 5 out of 31 total water projects for Florida in the marked-up Interior and Environment Appropriations bill, and various law enforcement, water, education, and transportation projects in the other large appropriations bills such as Commerce, Justice, Science Appropriations; Environment and Water Appropriations; Labor, Health and Human Services, and Education Appropriations, and Transportation and Housing and Urban Development Appropriations. Throughout our firm's history, when "earmark" funding is available, we help our clients to secure project funding amounting to millions of dollars for priority needs out of each bill that allows for Congressionally directed spending.

In the appendix section of this proposal, our Success List showcases our history of helping our municipal clients secure appropriations funding for the full range of their priority needs.

APPROPRIATIONS PROGRAMMATIC AND LANGUAGE PROVISIONS

Also, as we have always done in regards to appropriations, we work closely with your delegation, and the House and Senate Appropriations Committees to create, enhance or protect federal programs that provide added opportunities for funding under formula and discretionary grant programs important to a City, including HUD Community Development Block Grant and HOME grant funding, FEMA Emergency Preparedness Grants (Assistance to Firefighter, Building Resilient Infrastructure and Communities, Pre-Disaster Mitigation), Economic Development Assistance (EDA) Planning and Infrastructure Grants, EPA Brownfield Assessment and Mitigation Grants, Department of Justice (DOJ) COPS and Justice Assistance Grants, Department of Transportation (DOT) Surface Transportation Block Grants, and RAISE (BUILD/TIGER), INFRA, and Bus and Bus facility grants.

This is something our firm has accomplished throughout our history, and especially during the past ten year “earmark” ban during which only programmatic changes in appropriations were allowed. In fact, we have secured many such provisions to benefit our clients – such as ensuring greater flexibility to the U.S. Army Corps of Engineers in selecting projects for its work plan, preserving UASI funding for Florida, urging the Department of Education to give added funding consideration to school districts with aggressive plans to utilize education technology, and providing added flexibility to large transportation management agencies to manage federally funded transportation projects.

AUTHORIZING LEGISLATION

In addition to federal appropriations, specific policies or projects can be secured through authorizing legislation. Authorizing bills are generally taken up every few years, and establish federally authorized projects that are a prerequisite for federal funding. Moreover, they determine priorities, provide for necessary studies, enable greater flexibility, and direct funding for projects. Alcalde & Fay has had tremendous success in securing funding and policy changes for our clients in these authorization bills, the most prominent among them being the Water Resources Development Acts (WRDA) and Surface Transportation Reauthorization (“Highway Bill”) Acts.

The Water Resources Development Act (WRDA) directs the Army Corps of Engineers regarding navigation, flood control, and environmental restoration projects. Within a future WRDA bill, we could pursue policy provisions that would benefit Plantation’s water and wastewater infrastructure needs whether to have a project or study authorized or toward funding availability. For example, new funding mechanisms or policies can be adopted to assist localities in need of resources for flood control, water supply, and wastewater projects. In fact, in a previous WRDA bill, we advocated in support of the “Water Infrastructure Finance and Innovation Act” (WIFIA) pilot program that was created to provide localities with additional financing for water projects, where local funding generated from those projects could be used to reimburse the federal government to move water infrastructure projects forward. Elsewhere, we have secured

authorization language to allow for U.S. Army Corps Assistance for water infrastructure projects for our clients. Once authorized, funds can be appropriated for each authorized project.

Separately, transportation policy for roads, bridges, and transit projects fall under the multi-year surface transportation authorization bills. In fact, last month, the House Transportation and Infrastructure Committee took up the INVEST in America Act, H.R. 3684. A five-year, \$547 billion reauthorization, that provides funding for roads and bridges; transit, and rail. This bill is to replace the current FAST Act reauthorization bill that will expire at the end of September. Through the authorization process, we have had enormous success in assisting our clients to obtain critical assistance for their transportation needs whenever a new multi-year reauthorization bill has been taken up whether SAFETEA-LU, MAP-21, or the FAST ACT.

In fact, when “member directed projects” have been allowed, Alcalde & Fay has helped secure hundreds of millions of dollars for our clients through the reauthorization process for roadway improvements; bridge repairs; retrofits or construction; safe routes to schools; traffic calming; bicycle and pedestrian trails, as well as for bus and bus facilities, bus service, and light rail, as reflected in our success list in the Appendix.

Similar to appropriations in this 117th Congress, member directed transportation projects were allowed to be submitted in March and April for the first time in over ten years as part of the surface transportation reauthorization bill. Working closely with our client’s we advised of project prerequisites and offered submission strategies based on our long-time history of success in pursuing these types of projects when they were last made available over ten years ago.

As such, with our assistance our clients submitted their priority transportation projects to their respective Congressional delegation, who were then able to readily review these projects, and then transmit them for consideration to the House Transportation and Infrastructure Committee.

As a firm, as evidence of our transportation expertise and capabilities, we currently have projects pending in the INVEST Act that passed the House floor valued at over \$53 million for road, bridge, transit, trail, safety, and other transportation priority projects for our clientele, including the largest amount in the bill for a Florida transit project, and among the largest project amounts in Florida for a non-interstate road project. In sum, throughout the firm’s history, we have helped secure not only hundreds of millions of dollars in project funding in surface transportation reauthorization bills, but also favorable transportation policy provisions that have assisted our clients to secure additional funding under expanded grant eligibility or grant criteria.

Finally, Congress is currently working to move forward on the recently agreed upon “Bipartisan Infrastructure Framework” that is a scaled down version of the Administration’s American Jobs Plan. If enacted this package will provide hundreds of millions of dollars in new funding for local bridges, water infrastructure, and broadband, that should be of great interest for the City. In fact, the President’s proposal includes pushing new investments in bridge reconstruction and repair to prioritize the top “10” most economically significant bridges in the nation, but also

10,000 smaller bridges for reconstruction and repair. We would assist the City of Plantation in to access these additional dollars for relevant infrastructure projects.

Further, we will utilize our comprehensive grant services that we describe in the below section to assist in the City's pursuit of annual as well as new grant programs to meet City needs, especially as demand for updated infrastructure and City services increases as business, education, and other activities return to pre-COVID levels.

FEDERAL GRANTS

While “earmarks” in the form of “community funding” or “member directed projects” have now become available for the first time in ten years in a limited way, there remains millions of dollars in federal funding for specific local community needs primarily available through formula and competitive or discretionary grant programs directed by federal departments and agencies. In fact, in the American Rescue Plan that we discuss below, millions of dollars in new grant funding was made available.

As such, Alcalde & Fay fully employs our grant expertise as part of our lobbying services toward the successful pursuit of securing federal funding for our clients. Alcalde & Fay utilizes a multi-dimensional approach to assisting clients in the pursuit of grant funding. This includes comprehensive grant services to identify grant opportunities, assist in the drafting, writing, and preparation of applications, and securing delegation support for submissions. First and foremost, your Alcalde & Fay team will outline the standard funding opportunities that exist and are frequently pursued by local governments.

Second, Alcalde & Fay continuously prospects and monitor for grants from federal departments and agencies on a daily basis. Further, we directly identify federal grants for our clients through routine contact with agency staff. From our research and contacts, we will send you on a biweekly or more frequent basis our Alcalde & Fay Grant Alert for Local Governments, which is a compilation of recently issued federal grant opportunities. We have included a copy of a recent Grant Alert enclosed within our This Week in Washington that highlights relevant funding availabilities that we provide to our clients in the Appendix.

Moreover, as a grant lobbying strategy, we will frequently meet with federal department staff prior to the issuance of grant availabilities. Engaging in a coordinated program of visitations with key developmental offices can be critical to a successful grant strategy. These meetings raise the visibility of our clients' projects and priorities, and often can shape grant criteria and guidelines while they are being formulated to account for unique client circumstances and needs. Also, we often will glean advance notification of grant criteria and expected dates of issuance. This allows our clients to gain a head start in developing an application, refining their proposals, and submitting an application that is as strong as possible, and ensuring that it reflects Administration

funding objectives.

After grant notices are issued, Alcalde & Fay will be available to help assist the City of Plantation in every step of the grant application process. We work with our clients to secure additional grant application information and clarification about grant criteria. We assist in the drafting of grant narratives, and work closely with City staff to provide a grant review by editing and proofing the grant proposals prior to final submission to ensure that project details, budgetary data, and priority needs are presented in the strongest possible way. Moreover, to bolster any competitive grant application that you submit, we will secure congressional support for the City's applications in the form of letters of support from your congressional delegation. Attached in the appendix is a letter of support that we secured for the City's COPS Hiring Grant application back in 2011 from Congresswoman Debbie Wasserman Schultz (D-FL), that is representative of the many letters of support we helped draft and secure for Plantation grant applications during our previous tenure. Finally, our grant assistance is comprehensive as we provide post-grant award debriefings and reviews of scoring for future grant submissions, and assistance with any issues in drawing down awarded dollars.

Our grant services are not limited to the federal level. We are intimately familiar with key state grant programs of interest to local communities including those relating to emergency response, recreational trails, and energy efficiency. Also, we have an extensive database of private foundation grant opportunities for initiatives relating to economic development, emergency services, housing, environmental preservation, transportation, water and wastewater infrastructure, parks and recreation, education and art, and museums and libraries.

Our grant services span over 20 federal and state government agencies, and along with private foundations and corporations. We provide a sample of recent public body grant successes including for several of our municipal clients below.

Recent Grant Successes

Alcalde & Fay has assisted its public clients to obtain more than \$50 million in competitive grant funding in recent years. Examples of funding awarded to those Florida local government clients where they pursued specific grant funding opportunities and where we assisted in their applications and garnering Congressional support include:

❖ ***Broward County Public Schools, Florida***

\$700,000 under the DOJ Student, Teachers, and Officers Preventing (STOP) School Violence Program: to enhance threat assessment and intervention teams

❖ ***Cocoa, Florida***

\$400,000 under the EPA Brownfields Assessment Grant program for environmental assessments of sites containing hazardous substances and petroleum

❖ ***Escambia County, Florida***

\$300,000 under the EPA Brownfields Assessment Grant program for environmental assessments of sites

❖ ***Deerfield Beach, Florida***

\$403,892 under the FHWA “Safe Routes to School” program for sidewalks, crosswalks, and bike lanes including signage, striping, and marking

❖ ***Lake County, Florida***

\$328,554 under the FEMA Assistance to Firefighter Grant (AFG) program for personal protective equipment to reduce the exposure to COVID-19

❖ ***Hallandale Beach, Florida***

\$70,000 under the FEMA Assistance to Firefighter Grant (AFG) program for P-25 compliant mobile interoperable radios

❖ ***Hillsborough Community College, Florida***

\$1,680,000 under the Economic Development Administration (EDA) Public Works program for a workforce training center

❖ ***Lake County, Florida***

\$1,774,980 under the FEMA SAFER Program to hire 15 new firefighters to fully staff firefighter crews

❖ ***Lauderdale Lakes, Florida***

\$250,000 in competitive grant funding under the COPS Hiring Grant Program to hire an additional 2 sworn police officers

❖ ***Miramar, Florida***

\$1.5 million under Broward County Redevelopment Grant Program for improvements to Shirley Branca Park and median, streetscape and drainage upgrades.

❖ ***Riviera Beach, Florida***

\$130,000 for Body Worn Cameras under Bureau of Justice Assistance (BJA) “Body Worn Camera and Implementation Program.”

❖ ***Seminole County, Florida***

\$170,000 for the distribution and installation of smoke alarms toward the County’s most vulnerable population under the Fire Prevention and Safety Grant Program

FEDERAL BUDGET, AND STIMULUS LEGISLATION – CARES ACT, AMERICAN RESCUE PLAN

Proposed federal budget submissions and stimulus legislation can have far reaching impacts on a municipal government. We monitor and track pertinent pieces of federal legislation for policy ramifications to municipalities such as the President's proposed American Jobs Plan and American Families Plan, and oppose unfunded mandates or cuts in funding, or alternatively advocate for new funding availabilities.

Illustrative of this are our efforts since the beginning of the COVID-19 pandemic to advocate for direct state and local coronavirus fiscal aid. While the CARES Act that passed in March of 2020 provided \$150 billion in Coronavirus Relief Funds, it only allowed for states and local governments with populations over 500,000 to receive direct allocations. Thus, we advocated on behalf of our clients in line with the U.S. Conference of Mayors, and National League of Cities, to have aid go directly to every local government including non-entitlement communities. In fact, drafted template letters for several of our Florida clients to send to their delegations that called for direct aid to every community regardless of population. Upon being finalized and signed, we relayed these letters to Senators Marco Rubio (R-FL) and Rick Scott (R-FL), and House Members Ted Deutch (D-FL) and Debbie Wasserman Schultz (D-FL).

After a year of lobbying on this issue, we were pleased to advise our clients of the passage of the American Rescue Plan in March with \$350 billion enacted for Coronavirus State and Local Fiscal Recovery Funds. These funds would be administered by the U.S. Department of Treasury, with \$65.1 billion for municipalities, and allocations based on population to be determined sixty days after enactment of the bill. We are aware that \$13,042,828 in allocated funding is forthcoming to Plantation (50% this year).

For our clients, we have advised on the eligible uses of these funds for COVID impacts, including as specifically set forth in the bill text for "necessary investments in water, sewer or broadband infrastructure," and also per initial U.S. Treasury guidelines. With cities across the country having absorbed significant costs due to COVID impacts, as well as reductions in revenue with the loss of travel and tourism as a major economic driver for cities across Florida, we know of the importance of flexibility in how these local aid dollars can be utilized. As such, we have been monitoring for additional Treasury guidance to allow for broader definitions of COVID impacts to meet the unique and unforeseen needs of individual communities, and if given the opportunity we would similarly do so for Plantation.

Overall, our clients have been able to have their priorities and interests considered through Alcalde & Fay's lobbying efforts, as we discuss in additional detail in the next section of this proposal – *Federal Legislation, Rulemakings, and Policy*.

FEDERAL LEGISLATION, RULEMAKINGS AND POLICY

Federal legislation, proposed rules and policy can have broad reaching impacts, both good and bad, on a municipal government. On behalf of our clients, we monitored pertinent pieces of federal legislation and regulatory activity to inform our clients of significant developments as they occur. We are prepared to promote passage, amendment, or revision of any legislation or regulation of particular interest or concern to a City and work to affect a final bill or rulemaking to assure Plantation's maximum benefit.

As to federal legislation as a whole, we are well versed in the drafting, introduction, securing of co-sponsorship, and committee, floor and conference process. We have had bills introduced to meet the needs of our clients, and worked to secure co-sponsorship to gain committee consideration, hearings, and mark ups toward floor consideration and final passage. With our monthly reports, and legislative alerts that we discuss below, we keep our clients apprised of legislative proposals, bills, and amendments. In this way, over the course of a session of Congress, we will advise the City to amend or modify priorities as needed, and recommend various options to support our advocacy efforts, including adoption of City resolutions or official correspondence on City letterhead to voice support, opposition, or changes to proposed legislation or policy. We assist in the drafting and review of these letters and resolutions including any technical and legislative references.

Separately, regulatory activity rulemakings, and policy can have broad reaching impacts, both good and bad, on a municipal government. We monitor and track agency regulatory or rule proposals that can impact our clients, such as unfunded mandates, burdensome requirements, or cuts in funding. For instance, during a previous Congress we alerted our public entities of the Army Corps of Engineers and Environmental Protection Agency's proposed rule to broadly define "waters of the U.S." that would fall under federal Clean Water Act oversight as opposed to state oversight. We encouraged our clients to review the rule and determine whether it would impact them, and advocated for a reconsideration of the rule to more narrowly define applicable waters, and allow for State regulation that would better recognize local hydrology.

HEARINGS AND PROVIDING TESTIMONY

As part of our legislative and lobbying services we advise of upcoming hearings of interest, and attend and monitor those proceedings for any issues that arise impacting our clients. On occasion, testimony will be required before a congressional committee or federal agency to explain the importance of a project, or the necessity of a change in policy.

We have had extensive experience preparing for testimony for our clients to give before various committees and agencies, or to request specific questions to be asked by Members to witnesses that are testifying with their answers providing important background or justification for our client interests. Moreover, we have had experience providing testimony directly, such as when our CEO Kevin Fay has testified before the Senate Committee on Environment and Public Works.

MUNICIPALITIES OF SIMILAR SIZE AND SCOPE

Alcalde & Fay is known for its representation of Florida entities, and in particular on behalf of municipalities across the country of every size and complexity, from those as small as the Town of Windermere, Florida (pop. 3600) who we represented from 2002 – 2010, to major metropolitan areas such as Dallas, Texas; Virginia Beach, Virginia, and Miami-Dade County, Florida. In this proposal we have listed as references our clients Lauderdale Lakes, Miramar, and Riviera Beach. In addition, we want to cite other of our municipal clients within Florida such as Boca Raton and Deerfield Beach, and outside of Florida, the City of Virginia, Beach and the City of Dallas, Texas. These clients reflect our ability to address municipal issues of any magnitude, including those involving regional issues with critical and large infrastructure requirements. For each of these clients we provide comprehensive federal legislative and executive branch services encompassing appropriations, authorizations, grant consulting services, and agency advocacy. We have provided excerpts from our attached success list in the appendix of past projects and accomplishments for each of these clients.

City of Boca Raton, Florida

- ❖ \$1.39 million for a Reverse Osmosis Water Treatment Facility
- ❖ \$200,000 reimbursement for the preparation of a Design Memorandum for Central Beach
- ❖ \$500,000 for city traffic calming
- ❖ \$950,000 for the Pearl City Master Plan
- ❖ Helped to secure a Special Temporary Authorization from the Federal Communications Commission for continued use of the City's police, fire and rescue wireless services
- ❖ Helped to secure Appropriations language to ensure continuation of the FAA (for the specific designation) Contract Tower Program
- ❖ \$1.6 million for an Automated Traffic Management System
- ❖ \$14.85 million for I-95 Interchange/Yamato Road Interchange Project
- ❖ \$13 million for beach renourishment
- ❖ Helped to expedite a U.S. Army Corps permit for marina redevelopment project
- ❖ Prevented closure and relocation of downtown Boca Raton Post Office

City of Dallas, Texas

- ❖ \$97.31 million over 10 years, including “new start” not requested by Administration for flood control project with statutory language requiring Corps to fund project opposed by Administration
- ❖ \$8 million for construction of a new bridge
- ❖ \$83.15 million for construction of a replacement bridge
- ❖ \$11 million over 10 years, \$6.79 million over Administration request, for study of major flood control project
- ❖ \$1.452 million for water reclamation project not requested by Administration.
- ❖ \$298 million authorization of flood control project, prior to completion of Army Corps study that likely would have resulted in a project with limited scope and federal share of only \$51 million
- ❖ \$2.55 million for Army Corp investigations in Dallas Floodway/Upper Trinity River Basin

- ❖ Despite Congressional earmark ban, secured authorization required to overturn unfavorable Army Corps interpretation of previous legislation, thus allowing Corps participation in interior drainage project not generally in its purview

City of Deerfield Beach, Florida

- ❖ \$2.8 million for State Road A-1-A improvements
- ❖ Assisted in successfully challenging the 1996 Census count to instead properly reflect over 50,000 in population, enabling direct federal funding eligibility
- ❖ \$450,000 Universal Hiring Program grant from the Department of Justice
- ❖ \$490,000 for a Hurricane Mitigation Operation Center
- ❖ \$1.5 million for the Dixie Highway Flyover Bridge
- ❖ \$224,834 for firefighting equipment from the Assistance to Firefighters Grant Program
- ❖ \$1.682 million for the preparation of a General Reevaluation Report for Beach Segment 1
- ❖ \$28,860 under the FEMA Fire Prevention and Safety (FP&S) program to implement a “fall prevention” education program for their elderly population
- ❖ \$500,000 under the COPS Hiring Program to hire 4 new officers.
- ❖ \$50,000 under the Florida Recreational Trails program to improve Johnnie McKeithen Trail including pathway renovation and extension of an exercise trail.
- ❖ Secured expedited U.S. Army Corps of Engineers permit that preserved a \$1.8 million grant award toward the Sullivan Park expansion project, that otherwise would have expired.

City of Lauderdale Lakes, Florida

- ❖ \$196,514 for Business Resource Center and Business Development Training
- ❖ \$200,000 for library renovation and construction of a new educational and cultural addition
- ❖ \$164,500 for Law Enforcement Technology
- ❖ \$750,000 for Emergency Operations Center
- ❖ \$1,570,920 under the 2012 SAFER Grant program to restore five career firefighter positions
- ❖ \$625,000 cumulatively under the COPS Hiring Program to hire additional officers

City of Miramar, Florida

- ❖ \$16.3 million in cumulative Urban Area Security Initiative grant funding
- ❖ \$1,985,160 under the FEMA SAFER Program to hire 12 new firefighters
- ❖ \$240,000 under the FEMA Assistance Firefighters Grant (AFG) Program for the purchase of an Advanced Life Support Ambulance
- ❖ \$60,000 in competitive grant funding under the Scotts Miracle-Gro GRO1000 Gardens and Green Spaces Award Program to enhance a community garden
- ❖ Secured unanimous support of the Florida delegation for a floor amendment to the Homeland Security Appropriations that reversed the would have eliminated all UASI grant funding for South Florida
- ❖ Secured language in Homeland Security Authorization Act ensuring consideration of unique South Florida risk factors in the allocation of DHS UASI funding
- ❖ \$1.5 million under Broward County Redevelopment Program Grant for the redevelopment of Shirley Branca Park (amphitheater) and median, streetscape, and drainage improvements
- ❖ \$41,000 under the Florida EMS Grant program for mechanical CPR equipment

- ❖ Secured an agreement from GSA and ICE to construct a parking structure at the Miramar ICE facility and provide access to bathrooms and water fountains and establishment of an appointment system to alleviate hazardous street parking

City of Riviera Beach, Florida

- ❖ \$750,000 for police communications equipment
- ❖ \$1.3 million for a traffic calming project
- ❖ \$600,000 for a stormwater management plan
- ❖ \$502,500 for an urban retail development project
- ❖ \$500,000 in grant funding from EPA for operation of the City's airstrippers
- ❖ Initiated EPA Ombudsman investigation of contaminated water. This led to EPA to cover the operation and maintenance costs of the City's air strippers, relieving an \$880,000 expense
- ❖ \$2 million for Blue Heron Boulevard improvements
- ❖ \$625,000 in competitive grant funding under the COPS Hiring Program to hire five officers.
- ❖ \$158,736 under Assistance to Firefighters Grant program for self-contained breathing apparatus (SCBA) equipment for firefighter personal protective equipment.
- ❖ Helped release federal interest by the Department of Health and Human Services for Spanish Courts property, to allow for its redevelopment for Senior Housing and a public market.
- ❖ \$138,885 in competitive Bureau of Justice Administration grant funding for acquisition and implementation of body worn cameras.
- ❖ \$1,335,761 million under the FEMA SAFER Grant Program to hire 9 new firefighters

City of Virginia Beach, Virginia

- ❖ \$800,000 for funding of innovative homeless activities
- ❖ \$1 million for the study of a new intermodal center
- ❖ \$7 million for construction of Southeastern Parkway and Greenbelt
- ❖ \$400,000 for the Norfolk Avenue Bike Trail and \$800,000 for Atlantic Avenue Trails
- ❖ \$200,000 for para-transit for the handicapped
- ❖ \$500,000 for traffic light signalization projects
- ❖ \$11.4 million for I-264/Lynnhaven Parkway/Great Neck Road Interchange
- ❖ Hampton Roads eligibility for DHS - Urban Area Security Initiative (UASI) Grants
- ❖ \$988,000 for Public Safety Interoperability Technology Upgrades
- ❖ \$750,000 for the Lesner Bridge Replacement project
- ❖ Helped to secure authorizing language in MAP-21 that directs each State to consider criteria to include evacuation routes serving or adjacent to Armed Forces facilities

This breadth of expertise as reflected above in representing municipalities similar in size and scope of projects and priorities is of great benefit to all of our public body clients, particularly in working with Members of Congress and career staff in federal agencies, and having experience in securing funding and positively resolving issues on the full range of issues facing a local community.

Below is a further overview of our Federal Legislative and Executive Branch advocacy services, which we employ on behalf of the firm's clientele, and look to provide for Plantation to achieve its federal agenda priorities.

MEETINGS IN WASHINGTON, D.C. WITH CONGRESS AND THE EXECUTIVE BRANCH

While members of the Alcalde & Fay Client Team meet and communicate regularly with a City's Congressional Delegation and Federal Agency officials about City priorities, we also encourage our clients to make at least one trip to Washington, D.C. over the course of the year to further underline these needs.

In doing so, Alcalde & Fay will arrange for our clients to meet with Members of their Congressional Delegation, relevant committee staff, national associations and stakeholder groups, and officials in Federal departments and agencies.

Prior to any visit by City of Plantation officials, we will discuss and prepare any necessary background documents that articulate the City's objectives, and provide those to Capitol Hill offices and agency staff for their additional information and to advance the City's priorities favorably. At the conclusion of a Washington trip, we will conduct follow up communication with each office visited, and provide a summary memorandum to you of issues covered.

While over the past year Capitol and Agency offices have been essentially closed outside of Members and Professional Staff due to COVID, we anticipate that later this summer "in person" meetings will resume. As such, we would organize a day or two for City officials to come to Washington to emphasize your priorities.

In the meantime, along with email correspondence, we have full videoconference and teleconference capabilities, along with web applications such as Zoom, Webex, and Teams for our lobbying outreach as most Congressional offices and Agencies are still working remotely, and fielding calls and emails.

In sum, we can provide extensive meeting services for the City of Plantation whenever City officials come to Washington. These produce opportunities for officials to emphasize priority projects, obtain additional grant guidance, and shape and urge support for programs of interest to the City.

Attached in the appendix is a sample Alcalde & Fay Washington, D.C. "Fly-in" itinerary that we would arrange and coordinate for the Mayor, and City Administrator, along with any additional members of the City Council or staff, for your consideration. These itineraries reflect our experience scheduling and coordinating substantive meetings for City officials to underline and advance federal priorities and issues.

STRATEGIC ALLIANCES AND COORDINATION WITH A CLIENT'S STATE LOBBYISTS

In addition, Alcalde & Fay works with outside coalitions and organizations in order to garner additional support for a client's initiative. We routinely participate in meetings, fly-ins, and strategic initiatives with the Florida League of Cities, American Association of State Highway and Transportation Officials, National League of Cities, and the U.S. Conference of Mayors, working with them to advance the mutual objectives of our municipal clients. In regard to the CARES Act, and the American Rescue Plan, we advocated in line with their efforts to secure direct coronavirus fiscal recovery aid for local communities.

Likewise, we have advocated for funding or legislation for our public bodies through coalitions with a common interest, when advantageous. As an example, we successfully advocated to retain Urban Area Security Initiative funding for all of South Florida, including Broward, Miami-Dade, Monroe, and Palm Beach Counties, leading a successful effort to oppose an effort that would have deprived the region of millions of dollars in homeland security funding, that would have otherwise gone only to the top 10 metropolitan areas of the country.

As such, whenever there is a need and opportunity to develop a strategic partnership between the City of Plantation and other Florida public entities to advance the City's goals, we have the ability and a proven track record to succeed.

Also, on occasion, a client's State Lobbying Agenda will have implications pertaining to their Federal Lobbying Agenda, and vice versa. Throughout our four decades of federal lobbying advocacy, we have always been able to communicate and coordinate effectively with our client's state lobbying consultants. We have joined in efforts in discerning where an issue is more of a state legislative or agency issue, such as when federal transportation dollars are being administered through the Florida Department of Transportation, or similarly in the case of other federal program dollars flowing through other Florida State agencies. For Plantation, as we prepare and advocate City's federal agenda, as part of our agenda setting process we will look to inquire and stay abreast of the City's State legislative agenda, and make sure that Plantation's overall government relations agenda is consistent in achieving your local, state, and federal goals.

Approach to Scope of Services and Formulation of Plantation Federal Legislative Agenda

In representing the City, we would be fully aware of Plantation's critical legislative, budgetary and policy needs. We would do so by closely monitoring Commission meetings and agenda items, along with direct communication with the City's Administrator and Deputy Administrator, Department Directors, and other City Staff as directed, along with any direction from your Mayor and Council. In doing so, we would be fully versed in the City's priority needs and goals.

As detailed in section [E. Federal Lobbying Experience](#), Alcalde and Fay has a distinguished record of serving the comprehensive federal lobbying needs of its clientele for over four decades, and we are proud that we successfully represented the City of Plantation between 2002 and 2011.

We have developed an in-depth understanding of the needs of local government entities, and such knowledge is critical to ensuring the City's success in Washington. With that background, Alcalde & Fay's efforts on behalf of each client are tailor-made to meet each client's needs. We pride ourselves in our commitment to service and attribute it to our high client retention rate, with many of our clients being with the firm for ten or twenty or even more years. In fact, our very first client, the Port of Tampa, is still a client of the firm who retained us at our inception in 1973. The firm's approach with both new and existing clients includes:

- ❖ Continuous communication with the client and key decision makers in Congress and the Federal departments;
- ❖ Understanding the agendas of Members of Congress and the Administration from whom we are requesting assistance so we can strategically position our client's objectives into that agenda;
- ❖ In-depth knowledge of federal programs and issues of importance to our clients;
- ❖ Access to decision-makers; and
- ❖ Creative and persistent pursuit of our client's goals.

As we do with all our municipal clients, upon entry into contract, we would immediately begin working with the City to execute its federal legislative agenda. This process would involve discussions with City staff about current projects, issues, and goals, as well as long term objectives. We would confer to obtain updated information about the status of these projects. With that information, we would offer our strategic advice as to how to advance these projects or issue items, and which sources of funding to target and what federal departments or agencies to approach in order to achieve your goals, and how best to convey them in written format to your Congressional delegation. Illustrative of this is a copy of the City's legislative agenda from 2011, as submitted to Congresswoman Debbie Wasserman Schultz (D), that we advised and conferred with City Staff about prioritization of projects, and how to best convey those in letter form to each of the Members of your Congressional delegation at that time.

We would look forward to doing so again, in order to meet the City's current, and distinct needs and issues, with frequent communication with City Administration, including to confer with relevant Department heads, and project and grant staff to discuss projects and issues, as well as the Mayor and Council to have a full view of the City's infrastructure and municipal service issues, so that we can tailor our advocacy to advance those items on your behalf in Washington. As such, to meet the City's objectives we would welcome once again assisting the City with our full-spectrum of federal government affairs services including:

- ❖ Identifying, pursuing and protecting federal program funding that is important to Plantation in annual appropriations and multi-year authorization legislation;
- ❖ Working with Plantation to submit successful federal grants;
- ❖ Support legislation, regulations and policy that would benefit the City, and opposing those that would harm it.
- ❖ Resolving Plantation issues, securing approvals, obtaining technical assistance or expediting technical issues, reimbursements, or permitting from federal departments and agencies.

COMMUNICATION AND REPORTING

To ensure that our clients are fully aware of legislative developments and issues of impact, we provide weekly “This Week in Washington” updates, as well as monthly legislative updates, and more frequent legislative alerts and notifications. In the appendix, we have provided a copy of a recent Alcalde & Fay “This Week in Washington” alert for your review, and also an Alcalde & Fay legislative report that we prepared for the City back in 2011, as an illustration of the monthly reports we provided during our previous tenure, and that we would look forward to doing so again if given the opportunity. We also will conduct frequent telephone and email communication between the Alcalde & Fay Client Team and City Administration, as well as other staff that the City may designate. Moreover, we are accustomed to providing monthly legislative reports to our public clients to provide continuous legislative updates throughout each session of Congress, including an end of session “wrap up” memo, and would do so for Plantation including specific updates on appropriations and surface transportation member requested projects, and on other priorities and major legislative and agency regulatory changes impacting the City.

FIRM RESOURCES

We maintain guest offices at our headquarters in Arlington, Virginia for the use of visiting officials and staff. We provide full access to our office space, that includes two conference rooms, videoconference and teleconference capabilities, copiers, fax machines, and computers. Also, during this time of the COVID pandemic, we have accessed and utilized various web-based technologies and virtual applications such as Zoom, Webex, and Teams, and these are similarly available for use in communicating with the City, or to facilitate virtual meetings with Capitol Hill and Agency offices in lieu of, or as an adjunct to “In person” meetings.

Also, as an independent lobbying firm, we organize ourselves into practice groups: Municipal/Public Bodies; Transportation/Infrastructure; Environment/Energy; Education; General/Corporate; and Media and Communications. Within these practice groups, firm members focus on particular issue areas, confer about new developments and strategies, and through firm wide sharing of information are able to assist client needs that intersect on these specialized areas. We make our practice group members available to all of our clients, especially as public body interests often entail public/private partnerships including support from the

business community, private foundations, educational institutions, and having positive media, and communication strategies to achieve legislative goals.

Diversity and Inclusion at Alcalde & Fay

Minority representation has been a key component in our hiring practices at Alcalde & Fay since its founding by Hector Alcalde 48 years ago. To that end, Alcalde & Fay prides itself on being one of the most diverse government and public affairs firms in the Washington, DC area. Without exception, Alcalde & Fay provides an equal employment opportunity and equal access for all persons without regard to race, color, sex, religion, creed, age, marital status, sexual preference/orientation, gender identity/expression, national origin or disability. In addition to the diverse political and professional backgrounds of our staff, we have always recognized the strength that our firm's diversity brings to the table and we have always sought to expand on that whenever possible. As a minority-controlled firm, we are particularly sensitive to the need to consider equal employment opportunities in our hiring and promotion practices.

ALCALDE & FAY

GOVERNMENT & PUBLIC AFFAIRS FIRM

THIS WEEK IN WASHINGTON

Week of July 12-16, 2021

FEDERAL UPDATE

Following a two-week recess for the July 4th holiday, the Senate returned to Washington and continued consideration of several of President Biden's executive nominees, including confirming Julie Su as Deputy Secretary of Labor by a vote of 50-47 and Donald Remy as Deputy Secretary of Veterans Affairs by a vote of 91-8. The House was in a "committee work period" this week, and as further detailed below the House Appropriations Committee completed work on their Fiscal Year (FY) 2022 appropriation bills.

FISCAL YEAR 2022 BUDGET & APPROPRIATIONS

This week, the House Appropriations Committee completed consideration of their Fiscal Year (FY) 2022 spending bills, advancing the final six appropriations bills – *Defense* (text [here](#); report [here](#); summary [here](#)); *Homeland Security* (text [here](#); report [here](#); summary [here](#)); *Labor-HHS-Education* (text [here](#); report [here](#); summary [here](#)); *Commerce-Justice-Science* (text [here](#); report [here](#); summary [here](#)); *Energy & Water* (text [here](#); report [here](#); summary [here](#)); and *Transportation-HUD* (text [here](#); report [here](#); summary [here](#))– to the House floor by party-line votes. In a Dear Colleague letter circulated to House members on Thursday, Majority Leader Steny Hoyer (D-MD) announced that during the week of July 26th the House would consider a 'minibus' appropriations package consisting of the following committee-approved spending bills: Agriculture; Energy & Water; Financial Services; Interior-Environment; Labor-HHS-Education; Military Construction-VA; and Transportation-HUD. Hoyer noted that the House could also opt to take up the remaining bills (Commerce-Justice-Science, Defense, Homeland Security, and Legislative Branch) that week as well, although they are more likely to be considered on the floor in September following the August recess period.

For your reference, we have provided below several highlights for programs of interest in the spending bills approved by the Committee this week:

- ***Homeland Security*** - \$52.81 billion in discretionary funding for the Department of Homeland Security, an increase of \$934 million above the FY 2021 level, and \$76.15 billion total funding of which \$18.8 billion would be for the Disaster Relief Fund.
 - \$24.02 billion for the Federal Emergency Management Agency (FEMA) of which \$3.66 billion would be for State and Local assistance grants.
 - Provides an additional \$500 million in prior year funding for the Building Resilient Infrastructure and Communities (BRIC) program.
- ***Labor-HHS-Education*** –
 - \$119.8 billion for the Department of Health and Human Services (HHS), an increase of \$2.7 billion over the FY 2021 level. Of this amount, \$1.8 billion would be for Community Health Centers, \$7.4 billion for the Child Care and Development Block Grant, and \$800 million for the Community Services Block Grant.

- \$102.8 billion for the Department of Education, an increase of \$29.3 billion above the FY 2021 level. \$36 billion would be for Title I Grants to local education agencies, an increase of \$19.5 billion above the FY 2021 level and \$500 million below the President's FY 2022 budget request.
- **Commerce-Justice-Science**
 - \$10.5 billion for the Department of Commerce, an increase of approximately \$2 billion above the FY 2021 level. This amount includes \$433 million for the Economic Development Administration (EDA), an increase of \$87 million above FY 2021.
 - \$35.04 billion for the Department of Justice, an increase of \$2.64 billion above the FY 2021 level. Of this amount, approximately \$3.05 billion would be for State and Local Justice Assistance programs, \$1.3 billion more than the FY 2021 level.
- **Transportation-HUD**
 - \$105.7 billion for the Department of Transportation, an increase of \$19 billion above the FY 2021 level. \$1.2 billion would be for national infrastructure investments - RAISE grants (formerly BUILD/TIGER) and \$61.9 billion would be for Federal Highway Administration (FHWA) formula programs. Additionally, \$15.5 billion would be for the Federal Transit Administration (FTA), of which \$2.5 billion would be for Capital Investment Grants (CIG).
 - \$56.5 billion for the Department of Housing and Urban Development, an increase of \$6.8 billion above the FY 2021 level. \$3.7 billion would be for the Community Development Block Grant (CDBG), \$1.85 billion would be for the HOME Investment Partnerships Program, and \$3.4 billion would be for Homeless Assistance Grants.

At this time, it remains unclear when the Senate Appropriations Committee will begin consideration of their FY 2022 spending bills. Given the Senate's aggressive timeline for potential consideration of both a bipartisan infrastructure package and budget reconciliation measure, the Senate could forgo Committee markups and instead send any forthcoming "draft" spending bills straight to the floor, or simply forgo any formal consideration and instead move straight to negotiations with the House on final bills (as has been done in recent years). While the specific path forward for the Senate appropriations bills remains uncertain, it is increasingly likely that Congress will have to rely on a Continuing Resolution (CR) to fund the government beyond September 30th.

INFRASTRUCTURE

Senate Democrats are moving forward to clear both a bipartisan infrastructure package and a separate budget resolution with reconciliation instructions before adjourning for the August recess period. As previously reported, Democrats are planning a bifurcated approach on infrastructure legislation, first attempting to pass through regular-order a bipartisan infrastructure bill that would provide \$579 billion in new spending for surface transportation, water and energy/broadband infrastructure.

Then through the budget reconciliation process that only requires a simple majority to pass; Democrats plan to pass reconciliation instructions before the upcoming August Congressional recess, and then individual Committees of jurisdiction would move forward with drafting their respective sections of a "broadly defined infrastructure plan" addressing housing, education, and child care in the following weeks. There is growing concern however that Democrats' plan to pass a separate package through reconciliation could hinder Republican support for the bipartisan infrastructure package. Especially, since Senate Majority Leader Chuck Schumer (D-NY) announced that the Senate would hold a procedural vote on the bipartisan infrastructure package next Wednesday giving negotiators a short window to reach an agreement on a bill that can garner 60 votes. Senator Schumer also announced that Wednesday of next week would also be the deadline for Democrats to reach an agreement on moving forward with the reconciliation instructions.

Meanwhile, the Senate Budget Committee Democrats announced agreement with the White House on a \$3.5 trillion topline spending amount for a FY 2022 budget resolution. This resolution would contain reconciliation instructions for an infrastructure package to encompass components of President Biden's American Jobs Plan and American

Families Plan that are beyond the scope of “traditional” infrastructure, such as those related to child care, education, and paid leave programs. Combined with the proposed \$579 billion in new spending included in the Bipartisan Infrastructure Framework agreement, the two infrastructure proposals would provide nearly \$4.1 trillion in new federal spending over the next decade, just shy of the topline amount proposed by the White House.

In this week’s announcement, Budget Committee Democrats assured that the \$3.5 trillion would be “fully paid for” although it will be up to the Senate Finance Committee to determine the specific combination of tax increases, including potential “methane reduction and pollution import fees,” and health-care savings to offset the overall cost. It remains unclear if the entire Democratic caucus will agree to moving forward with the plan before the Wednesday deadline issued by Majority Leader Schumer. Meanwhile, Republic Leadership and the Republic Conference remain opposed to a package that goes well beyond traditional infrastructure arguing against the cost and scope of what is being proposed.

We are closely monitoring these proposals for increased funding for local priorities, and tracking the negotiations and debate over costs and “pay fors.” Please if you have any questions or would like additional information about any of the above items let us know.

NEW GRANT OPPORTUNITIES

DEPARTMENT OF HOMELAND SECURITY – FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA)

❖ *FY 2021 Homeland Security National Training Program (HSNTP), Continuing Training Grants (CTG)*

The Continuing Training Grants (CTG) to supports the continued development and sustainment of critical programs which will meet the goal of securing the nation through capabilities developed to prevent, protect against, mitigate, respond to, and recover from threats and hazards that pose the greatest risk. These funds can go toward closing national capability gaps in responses to public health emergencies, community sheltering and relocation assistance, mass care services, emergency medical services, and more. The program will provide funds for development and delivery of educational solutions and facilitate a whole community approach to concentrate on the challenges with the most wide-spread effects on national preparedness. Training costs vary depending on the needs of specific communities and current level of technical programmatic competency. Solutions and innovations developed through the program should be widely replicable and could be reproduced in similar communities across the country.

Eligible Entities: State, local, special district, and tribal governments, 501 (c)(3) non-profits, institutions of higher education, and nonprofit national associations and organizations.

Program Funding: \$6 million

Application Deadline: August 16th, 2021

Additional program information can be found [here](#).

PREVIOUS GRANT OPPORTUNITIES

DEPARTMENT OF TRANSPORTATION – FEDERAL TRANSIT ADMINISTRATION

❖ *FY 2021 Competitive Funding Opportunity: Areas of Persistent Poverty Program*

The FY 2021 Competitive Funding Opportunity: Areas of Persistent Poverty Program aims to support planning, engineering, or the development of technical or financial plans for eligible projects in order to reduce persistent poverty in two areas: 1) planning and policies related to improving racial equity and reducing the barriers to

opportunity; and 2) the creation or development of projects that proactively reduce automobile dependence as a barrier, or fight other inequities and barriers to opportunity. Eligible projects are defined as “a planning study (including a planning and environmental linkages study that advances the environmental analysis and review process as part of the metropolitan planning process), an engineering study, a technical study, or a financial plan.” These plans and studies can support improved transit services and opportunities, new routes, improvements of existing facilities, integration of new technologies, or other coordinated plans to improve transit services in areas of persistent poverty. These funds can also go towards services to address the opioid epidemic as well as increasing the access to and availability of environmental justice in affected communities.

Eligible Entities: State, local, Special district, and tribal governments, public transportation systems, operators of transportation, and other organizations such as nonprofits with 501 (c)(3) status, research consortia, and institutions of higher education. For FY 2021, projects must be located in areas of persistent poverty or those with a poverty rate of at least 20-percent.

Program Funding: \$16.26 million.

Application Deadline: August 30th, 2021.

Additional program information can be found [here](#).

DEPARTMENT OF COMMERCE –

NATIONAL TELECOMMUNICATIONS AND INFORMATION ADMINISTRATION (NTIA)

❖ *Broadband Infrastructure Program*

The Broadband Infrastructure Program provides federal funding assistance to partnerships between a state, or political subdivisions of the state, and one or more providers of fixed broadband services to support the deployment of fixed broadband services with download speeds of not less than 25 megabits per second, an upload speed of not less than 3 megabits per second, and a latency sufficient to support real time, interactive applications. Specifically this program aims to provide broadband to the greatest number of households in an eligible service area, provide broadband service to rural areas, be cost-effective in providing these services, and to provide services with a download speed of at least 100 Mbps and upload speed of at least 20 Mbps. Additionally, broadband infrastructure deployed under this program should have the ability to evolve, sustain, and scale for future advanced services, and covered broadband projects must be complete within one year of receipt of grant funds.

Eligible Entities: Covered partnerships between a state, or political subdivisions of the state, and one or more providers of fixed broadband services.

Program Funding: \$288 million

Application Deadline August 17th, 2021.

Additional program information can be found [here](#).

DEPARTMENT OF HEALTH AND HUMAN SERVICES –

ADMINISTRATION FOR CHILDREN AND FAMILIES

❖ *Projects of National Significance: Community Collaborations for Employment Program*

The Projects of National Significance: Community Collaborations for Employment Program is seeking to support eight community-based collaboration programs as demonstration projects that will assist in the transition of youth with intellectual disabilities and developmental disabilities (ID/DD) from school into work in the community. Projects must demonstrate effective services that increase long-term employment, post-secondary education, and community participation in individuals with ID/DD. This program supports priorities of the Administration on

Disabilities including the promotion of health equity, achievement of economic security, protection of rights, and empowerment of individuals, communities, and families.

Eligible Entities: State, local, and Tribal governments, special district governments, nonprofit organizations, public institutions of higher education, public housing authorities

Program Funding: \$1.6 Million.

Application Deadline: August 13th, 2021.

Additional program information can be found [here](#).

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

❖ *FY 2021 Healthy Homes and Weatherization Cooperation Demonstration Program*

The Healthy Homes and Weatherization Cooperation Demonstration Program provides federal funding in up to five communities that provide housing interventions in lower-income households conducted jointly with the Departments of Housing and Urban Development and Energy (HUD and DOE), to determine whether the coordinated delivery of services accomplishes cost-effective and better outcomes in augmenting the safety and energy efficiency of homes. The communities must be served by both HUD's Lead Hazard Reduction Healthy Homes (LH/RHH) program and DOE's Weatherization Assistance Program (WAP). These grants are expected to facilitate the leveraging of assets from both programs and aid in the exploration of different models of service delivery, with the major goals and objectives being to demonstrate effective strategies for coordination, reduce WAP deferrals, demonstrate sustainable models of inter-program cooperation, demonstrate effective models for sustainable financing of coordinated healthy homes/weatherization interventions, and support the collection of data. Applicants are encouraged to form partnerships with medical care providers, insurers, and public health entities in the community to leverage awarded funding. This program aims to demonstrate the potential advantages of the coordination of home services, as the two programs are natural allies.

Eligible Entities: State, local, and tribal governments, institutions of higher education, and non-profit organizations.

Program Funding: \$5 million.

Application Deadline: August 17th, 2021.

Additional program information can be found [here](#).

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT– OFFICE OF COMMUNITY PLANNING AND DEVELOPMENT

❖ *FY 2021 Youth Homelessness Demonstration Program*

This program provides federal funding to support successful applicants in the development and implementation of a coordinated community approach to preventing and ending youth homelessness and sharing this strategy with and mobilizing other communities around the nation toward the same goal. Successful applicants will be given technical assistance to help analyze community strengths and needs, develop a coordinated community plan, implement the plan, and engage in continuous quality improvement. The program aims to deliver six objectives: (1) build national momentum; (2) promote equity in the delivery and outcomes of homeless assistance; (3) evaluate the coordinated community approach; (4) expand capacity; (5) evaluate performance measures; and, (6) establish a framework for Federal program and TA collaboration. This program will also aid HUD in learning more regarding the concepts of housing first, coordinated entry, risk and protective factors for youth homelessness, LGBTQ youth, success in education and employment, and assessment and prioritization, among others.

Eligible Entities: Units of state, local and tribal governments, and non-profit organizations.

Program Funding: \$145 million.

Application Deadline: July 27th, 2021.

Additional program information can be found [here](#).

DEPARTMENT OF JUSTICE – BUREAU OF JUSTICE ASSISTANCE

❖ *FY 2021 Preventing School Violence: STOP School Violence Program*

The Preventing School Violence: Students, Teachers, and Officers Prevent (STOP) School Violence Program aims to improve K-12 school security by providing students and teachers with training to recognize, quickly respond to, and prevent acts of violence. Applicants may apply under one or more of the following areas: (1) training school personnel and education students on preventing student violence; and (2) developing and implementing threat assessment and/or intervention teams. Proposals may include training to prevent student violence against others and themselves for local law enforcement officers, school personnel and students, and the development of an anonymous reporting system for threats of school violence. Applications may also propose the development of school threat assessment and intervention teams in coordination with law enforcement and school personnel, training for school officials in responding to mental health crises, and improved access to school-based behavioral health services.

Eligible Entities: State, local, and tribal governments, independent school districts, 501(c)(3) nonprofits, institutions of higher education.

Program Funding: \$74 million

Application Deadline: August 2nd, 2021.

Additional program information can be found [here](#).

❖ *FY 2021 Edward Byrne Memorial Justice Assistance Grant Program – Local Solicitation*

The Edward Byrne Memorial Justice Assistance Grant (JAG) Program aims to deliver federal funding for criminal justice assistance, including programs for law enforcement, prosecution and court, prevention and education, corrections and community corrections, drug treatment and enforcement, crime victim and witness, and mental health. The program provides local governments with additional personnel, equipment, supplies, contractual support, training, technical assistance, and information systems for criminal justice. The program is focusing its work on the following areas: Restoring Justice – Support for State, Local, Tribal, and Territorial Administration (SLTT) of Criminal Justice; Community Violence Intervention; Law Enforcement Accreditation, Policy Development, and Training; Technologies to Support Transparency and Information Sharing between Law Enforcement and Communities; Sustaining COVID-19 Criminal Justice Innovations; and Innovative Forensic Technologies such as Rapid DNA for Booking Stations. Funds may also be used to support projects that aim to reduce the presence of contraband cellphones by detainees and inmates, to purchase fentanyl detection equipment and training, and to purchase drug detection canines.

Eligible Entities: Units of local government.

Program Funding: \$89.9 million.

Application Deadline: August 9th, 2021.

Additional program information can be found [here](#).

DEPARTMENT OF JUSTICE–

OFFICE FOR VICTIMS OF CRIME

❖ *FY 2021 Body-Worn Camera Policy and Implementation Program to Support Law Enforcement Agencies*

The Body-Worn Camera Policy and Implementation Program to Support Law Enforcement Agencies delivers federal funding to establish or expand body-worn camera (BWC) programs to strengthen the means for evidence capture to improve justice outcomes and promote the safety of law enforcement officers and the community as a whole. Projects are expected to fulfill the following objectives: (1) establish a working relationship with the training and technical provider; (2) assure that all BWC policies and practices are compliant with local and state law; (3) develop a planned and phased strategy to implementation; (4) implement operational procedures and tracking mechanisms; (5) demonstrate commitment to incorporating the evidentiary value of BWCs into daily administrative and field operations; (6) establish training protocols; and, (7) address access to and sharing of BWC footage. Applicants will be expected to utilize a comprehensive approach, including allowing broad stakeholder input into program development, developing plans for the integration of BWC technology within the operational framework, enhancing mutual trust between officers and the community, and promoting organizational efficiency. Funds must be used to purchase BWCs and funds may be used to include expenses reasonably related to the program implementation.

Eligible Entities: Units of state, local and tribal governments, school districts, public housing authorities, and institutions of higher education.

Program Funding: \$27.5 million.

Application Deadline: July 26th, 2021.

Additional program information can be found [here](#).

DEPARTMENT OF JUSTICE–

OFFICE OF JUVENILE JUSTICE AND DELINQUENCY PREVENTION

❖ *FY 2021 Opioid Affected Youth Initiative*

The FY 2021 Opioid Affected Youth Initiative delivers federal funding to help eligible entities protect public safety by implementing strategies and programs that identify, respond to, treat, and support youth and families impacted by the opioid epidemic. The program focuses on two categories: (1) Opioid Affected Youth Programs and Services; and (2) Opioid Affected Youth Initiative Training and Technical Assistance. The first category aims to implement programs and services addressing the epidemic, including working in partnership with representatives from law enforcement, mental health providers, probation and community supervision, medical physicians, education, prosecutors, community organizations addressing substance abuse, juvenile court, child welfare agencies, and first responders. The second directs applicants to develop, implement, and enhance training and technical assistance materials and activities for addressing the epidemic and help the Office of Juvenile Justice and Delinquency Prevention identify innovative and effective strategies and programs for addressing the epidemic.

Eligible Entities: State, local and tribal governments, independent school districts, small businesses, institutions of higher education, and non-profit organizations.

Program Funding: \$9.75 million.

Application Deadline: July 28th, 2021.

Additional program information can be found [here](#).

NATIONAL ENDOWMENT FOR THE ARTS

❖ *American Rescue Plan Grants to Organizations*

The American Rescue Plan Grants to Organizations Program will provide one-time grants to eligible organizations to support day-to-day business expenses and operating costs, rather than specific project-based or programmatic

activities. These grants can be used to pay staff salaries for one or more positions, provide stipends for artists or contracted personnel, purchase health and safety supplies to continue the mitigation of COVID-19, pay facility costs including mortgage, rent, and utilities, and finally funding can go towards the marketing and promotion of the organization. The National Endowment for the Arts hopes that awards will have an impact on a wide-ranging constituency, and hopes that organizations serving underserved communities, organizations with small budgets, or first time applicants, will applying for these funds. This funding is provided by the American Rescue Plan.

Eligible Entities: State, local, and Tribal governments, 501 (c) 3 nonprofits, local arts or education agencies, arts service organizations, and other organizations that can help advance the goals of the Art Endowment.

Program Funding: entities may request a fixed grant amount of \$50,000, \$100,000, or \$150,000, for approximately 800 awards.

Application Deadline: August 12th, 2021

Additional program information can be found [here](#).

DEPARTMENT OF COMMERCE – ECONOMIC DEVELOPMENT ADMINISTRATION (EDA)

❖ *Public Works and Economic Adjustment Assistance (EAA) Programs*

EDA's Public Works and EAA programs provide investments that support construction, non-construction, planning, technical assistance, and revolving loan fund projects. For loan fund projects, they should seek to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to further economic prosperity in distressed communities, including those negatively impacted by changes to the coal economy. These programs provide economically distressed communities and regions with comprehensive and flexible resources to address a wide variety of economic needs. Projects funded by these programs will support the Department's Strategic Plan (2018-2022) by, among other things, advancing innovation, enhancing the manufacturing and export capacities of regions, providing workforce development opportunities, and growing ecosystems that attract foreign direct investment. EDA encourages its grantees to develop initiatives that present new ideas and creative approaches to advance economic prosperity in distressed communities.

Eligible Entities: State, local, or tribal governments, independent school districts, and 501(c)(3) non-profits,

Application Deadline: Applications accepted on an ongoing basis until the publication of a new PW/EAA NOFO, cancellation of this PW/EAA NOFO, or all available funds have been expended.

Additional program information can be found [here](#).

History of Client Successes

At Alcalde & Fay, we have a demonstrated history of effective representation on behalf of our public and private sector clientele. A partial record of our clients' successes is highlighted below.

Alachua County, Florida

- ❖ Helped secure over \$4 million in SAFER grants (Staffing for Adequate Fire and Emergency Response)
- ❖ Assisted in the appropriation of over \$1 million for a county-wide drug involved offender initiative
- ❖ Secured over \$500,000 for land conservation acquisitions throughout rural Alachua County
- ❖ Worked with EPA and Congress to expedite the cleanup of the Cabot-Koppers Superfund Site

Alonzo Mourning Charities, Florida

- ❖ \$450,000 for the Overtown Youth Center

Art of Leadership Foundation, Michigan

- ❖ \$175,000 for curriculum development and training
- ❖ \$100,000 for mentoring programs

City of Albany, Georgia

- ❖ \$5 million from the U.S. Department of Transportation for a new transit center
- ❖ Assisted in securing over \$30 million in CDBG-DR (Disaster Recovery) funding for recovery efforts related to two back-to-back tornadoes in January of 2017
- ❖ Worked to preserve the FAA's Contract Tower program which services the tower at Albany-Dougherty Regional Airport (ABY)
- ❖ Worked with community groups and the U.S. Postal Service to preserve operations at the Downtown Albany Post Office
- ❖ \$8,000,000 from the Department of Commerce – Economic Development Administration (EDA) to underground electric utility and fiber optic infrastructure in designated downtown "opportunity zone," providing high-speed internet and reliable electric power to support new businesses, and create employment throughout the region.
- ❖ \$350,000 for cleanup and remediation of downtown Belk Building –Brownfield Site as future home of Albany Museum of Art, as their prior location was previously destroyed by tornado damage.
- ❖ \$800,000 to fund revolving loan fund to address community-wide Brownfield Sites.

City of Baytown, Texas

- ❖ \$500,000 for Water and wastewater infrastructure improvements
- ❖ \$400,000 for the Flyover Connecting Highway 146 and Spur 330
- ❖ Worked to advocate for full remediation of the San Jacinto Waste Pits.
- ❖ Assisted in accelerating disbursement of federally administered local resources following Hurricane Harvey.

City of Boca Raton, Florida

- ❖ \$1.39 million for a Reverse Osmosis Water Treatment Facility
- ❖ Helped to extend federal participation in beach renourishment project for up to 50 years
- ❖ \$200,000 reimbursement for the preparation of a Design Memorandum for Central Beach

- ❖ \$500,000 for city traffic calming
- ❖ \$950,000 for the Pearl City Master Plan
- ❖ Helped to secure a Special Temporary Authorization from the Federal Communications Commission for continued use of the City's police, fire and rescue wireless services, relieving the City of large fines while the City finished its application materials
- ❖ Helped to secure Appropriations language to ensure continuation of the FAA (for the specific designation) Contract Tower Program
- ❖ \$1.6 million for an Automated Traffic Management System
- ❖ \$350,000 for a multi-modal transportation program
- ❖ \$14.85 million for I-95 Interchange/Yamato Road Interchange Project
- ❖ \$13 million for beach renourishment (Including \$4.179 in 2014 for past reimbursement, and \$2 million toward current North Beach Segment renourishment based on projected cost).
- ❖ Helped to expedite a U.S. Army Corps permit for marina redevelopment project
- ❖ Prevented closure and relocation of downtown Boca Raton Post Office
- ❖ Designation of a Boca Raton census tract as an "Opportunity Zone" (2018)
- ❖ Helped stop a proposed Department of Homeland Security plan to transport migrants from the U.S.-Mexico to South Florida communities

Broward County Public Schools, Florida

- ❖ Worked with Congressional Delegation to secure passage of a provision to reinstate a three-year statute of limitations on FEMA's ability to reclaim grants provided to state or local governments following a declared disaster when there is no evidence of fraud, waste or abuse.

Contra Costa County, California

- ❖ \$2.95 million over 7 years in funds unbudgeted by Administration to study levee improvements
- ❖ Authorization of new rail start
- ❖ \$19.491 million over twelve years for maintenance dredging,
- ❖ \$8.089 million over 10 years in study funding of dredging project generally unbudgeted by Administration
- ❖ \$41.170 million over 12 years, \$3.4 million above Administration request, for maintenance dredging
- ❖ \$2.063 million over four years for a Countywide police communications system.
- ❖ \$1.687 million over five years for unbudgeted construction of "new start" flood control project
- ❖ \$1.266 million over six years for flood control study, \$966,000 over Administration request
- ❖ \$72,000 for youth literacy program
- ❖ \$14 million for construction of new highway
- ❖ \$1 million for bike/hike trail
- ❖ \$1.187 million over 2 years, unbudgeted by Administration, for clean-up of mercury mine
- ❖ \$121,000 for library at juvenile hall
- ❖ \$14.569 million over 3 years for levee stabilization construction not requested by Administration
- ❖ Help to secure legislation allowing work to proceed on flood control/environmental restoration projects, with assurance County could be credited for expenses incurred prior to approval of project
- ❖ Authorized Army Corps of Engineers to study the beneficial use of dredged materials for levee maintenance and ecosystem restoration
- ❖ \$978,000 over two years to assist children exposed to domestic violence
- ❖ \$200,000 to combat methamphetamines
- ❖ \$750,000 Justice Department 2nd Chance Act grant for reintegration/recidivism reduction program

City of Dallas, Texas

- ❖ \$97.31 million, (\$95.31 million above Administration requests) over ten years, including “new start” not requested by Administration, for flood control project, with statutory language each year requiring Corps to fund project opposed by Administration
- ❖ \$8 million for construction of a new bridge
- ❖ \$13.925 million for construction of a replacement bridge
- ❖ \$83.15 million for construction of a replacement bridge
- ❖ \$11.019 million over ten years, \$6.791 million over Administration request, for study of major flood control project
- ❖ \$1.452 million for water reclamation project not requested by Administration.
- ❖ \$298 million authorization of flood control project, prior to completion of Army Corps study process. Corps process would likely have resulted in a project with more limited scope and federal share of \$51 million
- ❖ \$2.55 million for Army Corp investigations in Dallas Floodway/Upper Trinity River Basin
- ❖ Facilitated construction of flood control project and highway bridge over flood plain by securing legislative relief from federal historic designation
- ❖ Despite Congressional earmark ban, secured authorization required to overturn unfavorable Army Corps interpretation of previous legislation, thus allowing Corps participation in interior drainage project not generally in its purview

City of Daytona Beach, Florida

- ❖ \$600,000 for the Widening of West International Speedway Boulevard (US-92)
- ❖ Authorization for the Daytona Beach Stormwater Retention and Flood Protection Project in the Water Infrastructure Improvements for the Nation (WIIN) Act
- ❖ Worked with the City to submit communities for consideration under the Opportunity Zones Program as established by the Tax Cuts and Jobs Act and administered by the Department of Treasury.

City of Deerfield Beach, Florida

- ❖ \$2.8 million for State Road A-1-A improvements
- ❖ Assisted in successfully challenging the 1996 Census increasing the population to over 50,000, enabling the City to become eligible for federal funding for which they were not previously considered
- ❖ \$450,000 Universal Hiring Program grant from the Department of Justice
- ❖ \$490,000 for a Hurricane Mitigation Operation Center
- ❖ \$1.5 million for the Dixie Highway Flyover Bridge
- ❖ \$224,834 for firefighting equipment from the Assistance to Firefighters Grant Program
- ❖ \$1.682 million for the preparation of a General Reevaluation Report for Beach Segment 1
- ❖ \$28,860 in competitive grant funding under the FEMA Fire Prevention and Safety (FP&S) program to implement a “fall prevention” education program for their elderly population
- ❖ \$500,000 in competitive grant funding under the 2014 COPS Hiring Program to hire 4 new officers.
- ❖ \$50,000 under the 2014 Florida Recreational Trails program to improve Johnnie McKeithen Trail including pathway renovation and extension of an exercise trail.
- ❖ Secured an expedited U.S. Army Corps of Engineers construction permit that preserved a \$1.8 million Florida Inland Navigation District grant award toward the Sullivan Park expansion project

- ❖ Secured an expedited U.S. Army Corps of Engineers permit for construction of an artificial reef, thereby preserving grant funding that otherwise would have expired.

Escambia County, Florida

- ❖ Assisted with drafting and passing into law the RESTORE Act (Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act) adding language directing significantly larger percentage of funding directed to Florida to the 8 panhandle coastal counties most directly affected, with approximately \$3.46 billion allocated among the 5 Gulf Coast States
- ❖ Secured language in the National Defense Authorization Act (NDAA) allowing Escambia County and the US Navy to engage in a land swap regarding a landing field used for training purposes
- ❖ Passed legislation through the House in multiple congresses allowing for fee simple title transfer of leased lands on Santa Rosa Island

Florida A&M University, Florida

- ❖ \$1.4 million for Future Affordable Multi-Utility (FAMU) Materials for the Army Combat System
- ❖ \$2 million for the Biological Control and Agricultural Research Program.
- ❖ Helped to secure language directing FEMA to work with the State University System to fund the Hurricane Mitigation Project

Fort Lauderdale, Florida

- ❖ \$428,010 in competitive grant funding under the FEMA 2014 Assistance to Firefighters Grant (AFG) program for wellness and fitness programs.
- ❖ \$1,000,000 in competitive grant funding under the 2016 COPS Hiring grant program for hiring of eight officers.
- ❖ \$600,000 in competitive grant funding under the Bureau of Justice Administration FY2016 “Body Worn Camera Policy and Implementation Program” for acquisition and implementation of body worn cameras.
- ❖ Designation in 2018 of 4 census tracts as “Opportunity Zones”
- ❖ Assisted in securing \$191 million in funding for new Fort Lauderdale Federal Courthouse
- ❖ \$238,031 in competitive grant funding under the Bureau of Justice Assistance 2018 – Sexual Assault Kit Initiative
- ❖ Ensured that \$60 million Lockhart Stadium – Inter Miami Stadium (DRV PNK) received FAA approvals as to Air Traffic Obstruction

Golden Gate Bridge, Highway and Transportation District, California

- ❖ Helped to secure policy revision to permit nonfederal monies spent on seismic retrofit of bridge work to count toward local share of federal funds utilized in future. This provision was critically needed to allow retrofit work to commence
- ❖ Worked with US DOT headquarters to overturn decision made in region and so allow transportation monies to be used for rail restoration of immediate importance to freight railroad
- ❖ \$169.058 million through legislative earmarks and/or the Secretary’s discretionary program for seismic retrofit of Golden Gate Bridge
- ❖ Helped to secure legislation making maintenance of ferry channel a federal responsibility.
- ❖ \$3.34 million in unbudgeted funding for the Army Corps of Engineers to dredge a ferry channel
- ❖ \$500,000 for the Golden Gate Bridge Ferry Berth Facility

- ❖ \$1.44 million over two years for movable median barriers on Bridge
- ❖ \$475,000 for parking improvements at ferry terminal facility
- ❖ \$1.46 million – Assisted with successful DOT grant application for funding of a ferry fuel system
- ❖ \$2.4 million – Assisted with successful grant application that resulted in funding for ferry terminal passenger access improvements.
- ❖ Assisted in securing provision in transportation reauthorization bill that expanded District's eligibility for federal aid from just Bridge program to all of Title 23
- ❖ Assisted in securing provision making suicide deterrent systems eligible for federal highway funding, resulted in over \$50 million in funding

Hallandale Beach, Florida

- ❖ \$298,570 in competitive grant funding under the FEMA 2014 Assistance to Firefighters Grant (AFG) program under a Regional Grant application for Self-Contained Breathing Apparatus equipment
- ❖ Engaged in a successful multi-year lobbying effort to reverse a denial by FEMA of additional time to utilize grant dollars for a flood mitigation project. After going through the full appeal process, an extension of fifty-two months (4 years and four months) was secured preserving \$9.3 million in mitigation dollars that were otherwise in jeopardy, with the City allowed sufficient time to design, permit, and construct the unfinished portion of its NE/SE-SW drainage project.
- ❖ \$12,858 in competitive grant funding under the FEMA 2016 Fire Prevention and Safety Grant (FP&S) program for an interactive robot and updated safety "mascot" to conduct outreach to the City's families and children.
- ❖ \$70,000 in competitive grant funding under the FEMA 2016 Assistance to Firefighters Grant (AFG) program to acquire twenty-two P-25 compliant mobile interoperable radios as part of an eight city \$722,273 regional request award.

City of Hampton, Virginia

- ❖ \$250,000 for program for police cruiser cameras and interoperable communications
- ❖ \$250,000 for risk identification, planning, communication, response coordination, and modeling activities for disaster mitigation.

Hillsborough Community College, Florida

- ❖ \$6 million in competitive grant funding from the U.S. Department of Education to beef up HCC's STEM pipeline from developmental math to 4 year degree completion. As the only Hispanic-serving institution in Tampa Bay - largest grant in its history in this category
- ❖ \$340,000 for the Information and Instructional Technology and Innovative Technology Program
- ❖ \$676,000 for the Veterinary Technology Program
- ❖ \$100,000 for Community Oriented Police Training Facility equipment.
- ❖ \$200,000 for the Public Safety Training Center
- ❖ \$1.68 million cumulative under EDA for workforce training center
- ❖ \$285,000 for the Community Dental Clinic
- ❖ \$200,000 for Building Exterior Skin Replacement at the Brandon Campus
- ❖ \$498,815 competitive grant through the Employment Training Administration Technology Based Learning Initiative Grant program
- ❖ Assisted the College to successfully apply for and participate in the U.S. Cleantech Trade & Investment Mission in France and Belgium through the Economic Development Administration and the International Trade Administration.

- ❖ \$602,354 in competitive grant funding under the FHWA Transportation, Community and System Preservation Program (TCSP) for Leroy Avenue Entrance Improvements
- ❖ \$350,000 under EDA to establish Diesel/Marine Diesel/Transit Training Center

City of Homestead, Florida

- ❖ \$750,000 for the East-West Bus Connector
- ❖ \$1.05 million for water and wastewater infrastructure improvements
- ❖ \$690,000 for facilities and equipment at the William F. "Bill" Dickinson Senior Center
- ❖ \$5.6 million for the widening of SW 328 from SW 137 Avenue to 152 Avenue
- ❖ \$2 million for the widening of SW 320 (Mowry Drive) from Flagler Avenue to SW 187 Avenue
- ❖ \$500,000 for a water utility upgrade project
- ❖ \$500,000 for the YMCA Energy Efficiency HVAC and Building Management Control
- ❖ \$500,000 for Emergency Wireless Law Enforcement Technology
- ❖ Helped to secure authorizing language in MAP-21 that directs each State to consider certain criteria when allocating funds to highway projects. This criterion includes funding evacuation routes serving or adjacent to Armed Forces facilities
- ❖ \$7.6 million for a Multimodal Transit Center through 2016 DOT FHWA earmark repurposing initiative that permitted the allocation of unused historic earmarks for new projects
- ❖ Designation of Homestead Air Force Base in FAA's Military Airport Program for a 5-year period

Jacksonville Aviation Authority, Florida

- ❖ Worked with officials in the Federal Aviation Administration and helped to secure a \$2.2 million discretionary grant for runway improvements
- ❖ Helped to secure designation of the Jacksonville Airport within the FAA's Military Airport Program. This makes the airport eligible for grants for capital improvements for a five-year period
- ❖ Received report language directing the FAA to fund a new taxiway
- ❖ \$7.17 million for airport access road
- ❖ \$722,000 for Cecil Field

Lake County, Florida

- ❖ \$11.6 million for the widening of State Road 50
- ❖ \$200,000 for construction of the Citrus Ridge Library
- ❖ Obtained a congressional directive to fund the County's drinking water study and a substantive directive that makes the County eligible to receive grant funding through USDA's Rural Development Programs even though the County does not technically meet program criteria
- ❖ \$1.8 million for an Emergency Operations Center
- ❖ \$1,702,500 for Law Enforcement Technology
- ❖ \$750,000 for Palatlahaha Bridge Replacement
- ❖ \$44,550 for Smart Occupancy Sensing Thermostat Energy Retrofit project under the Florida Department of Agriculture and Consumer Services - 2015 Energy Efficiency for Public Buildings grants (along with \$9,912 match) – toward \$54,462 project
- ❖ \$1,774,980 million in competitive grant funding under the 2015 FEMA SAFER Grant Program to hire 15 new firefighters to fully staff firefighter crews

City of Lauderdale Lakes, Florida

- ❖ \$196,514 for Business Resource Center and Business Development Training

- ❖ \$200,000 for library renovation and construction of a new educational and cultural addition
- ❖ \$164,500 for Law Enforcement Technology
- ❖ \$750,000 for Emergency Operations Center
- ❖ \$1,570,920 under the 2012 SAFER Grant program to restore five career firefighter positions
- ❖ \$250,000 under the 2013 COPS Hiring Program to hire two additional officers
- ❖ \$125,000 under the 2014 COPS Hiring Program to hire an additional officer.
- ❖ \$250,000 under the 2016 COPS Hiring grant program for hiring of two officers.

Miami-Dade County, Florida

- ❖ \$25 million for East-West Rail Corridor
- ❖ \$5 million for the North Rail Corridor
- ❖ \$9.5 million for buses and bus facility
- ❖ \$8 million for construction of Miami-Palmetto Metrorail
- ❖ Helped to enable U.S. Customs Service to continue to use the surplus in the customs user fee account to fund up to 50 inspector positions
- ❖ Assisted in establishment of the McKinney/Homestead homeless facility with funding under the Defense Base Closure Act
- ❖ Assisted in identifying unspent HUD dollars which were targeted for rescission by congress and ensured that the dollars were obligated so that the County did not lose them
- ❖ Helped to successfully strike rescission provision that would have reduced Port of Miami Tunnel funding by \$5.8 million of the total \$10.3 million project amount
- ❖ Restored \$19 million in targeted assistance funding for immigration support programs in welfare reform legislation
- ❖ Stripped provision adverse to the County, which would have reduced assistance for legal aliens from immigration reform bill
- ❖ Helped to secure authorization for credit & reimbursement for costs of work related to the Agricultural & Rural Lands Retention Plan & the South Biscayne Bay Watershed Study which are contained within the Everglades & South Florida Ecosystem Restoration Critical projects.
- ❖ \$4.1 million for the Miami-Dade County Juvenile Assessment Center National Demonstration Project
- ❖ \$4 million for water and wastewater infrastructure improvements
- ❖ \$1 million for a mosquito helicopter
- ❖ \$30 million in reprogrammed funds from the Army Corps of Engineers
- ❖ \$3 million for Miami port tunnel
- ❖ \$500,000 for the 7th Avenue Transit HUB
- ❖ \$700,000 for the Miami-Dade Transit Bus Procurement Plan
- ❖ \$33.36 million for Metrorail Orange Line Expansion
- ❖ \$125 million dredging authorization
- ❖ Language that exempts the Miami Harbor General Reevaluation Report (GRR) from 2004 revised cost sharing rules governing GRRs. Miami was one of only two ports provided with the exemption language by the WRDA conference report
- ❖ Authorization allowing credit for work accomplished by non-federal interests in advance of the execution of the Project Cooperation Agreement
- ❖ \$475,000 for Bus Procurement
- ❖ \$1.139 million cumulative for Biscayne Bay Water Quality Assessment Model and Feasibility Study
- ❖ \$30.289 million for dredging of Miami Harbor Channel

Miami-Dade County Water and Sewer Department, Florida

- ❖ \$1 million for preliminary work on proposed water reuse facility.
- ❖ \$1.3 million for sanitary sewer overflow (SSO) study.

Miami-Dade Seaport, Florida

- ❖ Helped to secure language directing the Army Corps of Engineers to dredge the Port
- ❖ \$23 million for the completion of high-span bridge connecting downtown Miami to the seaport
- ❖ \$300,000 for a General Reevaluation Report (GRR) to study further channel improvements.
- ❖ \$15 million for reimbursement to the Seaport Department for dredging work already completed at the Seaport's expense
- ❖ \$3.9 million for specific environmental mitigation work which has already been accomplished at the Seaport's expense

City of Miramar, Florida

- ❖ \$16.3 million in cumulative Urban Area Security Initiative grant funding: (\$5.4 million in 2011, \$5.4 million – 2012, and \$5.5 million – 2013)
- ❖ \$1,985,160 in competitive grant funding under the 2012 (awarded in 2013) FEMA SAFER Program to hire 12 new firefighters to staff a new engine company in the City
- ❖ \$240,000 in competitive grant funding under the FEMA Assistance Firefighters Grant (AFG) Program for the purchase of an Advanced Life Support Ambulance
- ❖ \$60,000 in competitive grant funding under the Scotts Miracle-Gro GRO1000 Gardens and Green Spaces Award Program to enhance a community garden
- ❖ Secured unanimous support of the Florida Congressional delegation for a floor amendment to the FY2012 House Homeland Security Appropriations that reversed a provision that would have eliminated all UASI grant funding for South Florida
- ❖ Secured language in the FY2012 House Homeland Security Authorization Act ensuring consideration of unique South Florida risk factors in the allocation of DHS UASI funding
- ❖ \$1.5 million 2013 Broward County Redevelopment Program Grant for the redevelopment of Shirley Branca Park (amphitheater) and median, streetscape, and drainage improvements
- ❖ \$41,000 in competitive grant funding under the Florida EMS Grant program for mechanical CPR equipment
- ❖ Secured an agreement from GSA and ICE to construct a parking structure at the Miramar ICE facility and provide access to bathrooms and water fountains and establishment of a true appointment system to alleviate hazardous street parking and provide individuals access to basic facilities.

City of Missouri City, Texas

- ❖ \$893,676 in competitive grant funding under the 2011 COPS Hiring Grant program to hire four police officers to address increasing gang activity
- ❖ \$500,000 in competitive grant funding under the 2015 COPS Hiring Grant program to hire four police officers to combat gang violence

Village of Oak Lawn, Illinois

- ❖ \$100,000 for Law Enforcement Technology

- ❖ \$1,347,952 million in competitive grant funding under the 2016 FEMA SAFER Grant Program to hire 7 new firefighters to fully support the Village's firefighting requirements.

City of Oviedo, Florida

- ❖ \$180,000 for law enforcement technology upgrades
- ❖ \$140,778 for a Firefighters Assistance Grant
- ❖ \$2,885,500 for State Road 426/County Road 419

City of Plantation, Florida

- ❖ \$500,000 for the Multi Use Recreational Trail (MURT) system
- ❖ \$337,500 for a community amphitheater
- ❖ Obtained a congressional directive to fund the City's stormwater management plan and a subsequent directive that makes the City eligible to receive grant funding through the Department of Agriculture's Rural Development Programs even though the City does not technically meet program criteria
- ❖ \$1.288 million for the Central Transit Greenway System
- ❖ \$282,000 for digital police radios

City of Riviera Beach, Florida

- ❖ \$750,000 for police communications equipment
- ❖ \$1.3 million for a traffic calming project
- ❖ \$600,000 for a stormwater management plan
- ❖ \$502,500 for an urban retail development project
- ❖ \$500,000 in grant funding from EPA for operation of the City's airstrippers
- ❖ Reversed position of Environmental Protection Agency mandating that they adopt and implement a plan to actively treat and remove contamination from the City's drinking water The estimated cost of the remedy is \$865,000
- ❖ Initiated an investigation by the EPA Ombudsman of the EPA's handling of the City's contaminated water problem. This action led to the EPA's decision to cover the operation and maintenance costs of the City's air strippers, relieving the City of an \$880,000 expense
- ❖ \$2 million for Blue Heron Boulevard improvements
- ❖ \$394,000 for law enforcement technology
- ❖ \$625,000 in competitive grant funding under the 2014 COPS Hiring Program to hire five additional new officers.
- ❖ Secured reinstatement by the Department of Treasury Community Development Financial Institutions Fund (CDFI) of the City's 2014 New Market Credit Tax application that had been unfairly disqualified after being deemed a common enterprise with another application
- ❖ Achieved agreement from the Department of Justice - Office of Community Oriented Policing Services (COPS) that the City's 2015 MOU with the Palm Beach School District adequately sets forth discipline and privacy issues, thereby avoiding a delay in the deployment of officers until after the beginning the school year.
- ❖ \$158,736 under the 2014 Assistance to Firefighters Grant program for self-contained breathing apparatus (SCBA) equipment for firefighter personal protective equipment.

- ❖ Helped secure 2016 release of federal interest by the Department of Health and Human Services for Spanish Courts property, and allow for its redevelopment for Senior Housing and an adjoining public market.
- ❖ \$138,885 in competitive grant funding under the Bureau of Justice Administration FY2016 “Body Worn Camera Policy and Implementation Program” for acquisition and implementation of body worn cameras.
- ❖ \$1,335,761 million in competitive grant funding under the 2016 FEMA SAFER Grant Program to hire 9 new firefighters to fully support the City’s firefighting requirements.

Sonoma County, California

- ❖ \$2.75 million over three years for construction of park and ride lots
- ❖ \$6 million for intermodal transportation facilities
- ❖ \$1.5 million for construction of Visitor’s Center
- ❖ \$37.85 million to widen Highway 101
- ❖ Authorization of new rail start
- ❖ Help to secured funding for installation of radar at County airport
- ❖ \$1 million to assist with construction of a bus garage
- ❖ \$500,000 for a landfill gas conversion facility
- ❖ \$500,000 for a CNG fueling facility upgrade
- ❖ \$225,000 for sewage improvements for local community
- ❖ \$500,000 for sewage improvements for local community
- ❖ \$1.218 million for purchase of CNG transit buses
- ❖ \$1 million, discretionary grant for airport runway improvements
- ❖ \$635,000 discretionary grant to attract service to airport, from the Small Airport Assistance Program.
- ❖ \$5.6 million for highway widening
- ❖ Help to secure legislative remedy to overcome Homeland Security Administration refusal to provide security screeners at County-owned airport
- ❖ \$500,000 toward purchase of park
- ❖ \$190,000 for integrated emergency operations center
- ❖ \$650,000 competitive grant from the Department of Transportation to facilitate an additional route through a small airport
- ❖ \$8 million in emergency funding from USDA to prevent the spread of European grapevine moth (EGVM) in California, including Sonoma County
- ❖ Worked to secure legislative provision facilitating maintenance dredging of small harbors, and then secured about \$5 million not included in Administration budgets, to carry out the project
- ❖ \$5.6 million appropriated for preparation of dredge material site, with a statutory requirement that old dredge materials be used to construct a new public park, and dredging of a bay Administration had requested \$1.9 million for a dredging project
- ❖ Work annually to continue small federal program that returns a portion of geothermal royalties to the county of origin. Brings the County over \$1 million each year

Sonoma County Water Agency, California

- ❖ \$1 million to replace septic systems with sewage hookups
- ❖ \$750,000 for expansion of capacity at a sewage treatment plant

- ❖ Initiated effort to establish Pacific Coastal Recovery Fund. Worked extensively with Administration, and developed coalition with other coastal states and their congressional delegations. The Program was funded at \$58 million its first year. \$500,000 for a Bureau of Reclamation Project to reuse recycled water, not requested by the Administration
- ❖ \$9.139 million to study four ecosystem restoration projects, budgeted by Administration at \$6.695 million. Each project was initially a new start not requested by the Administration
- ❖ \$60.504 million in operation and maintenance funding of a dam, including substantial additions over budget request for improved fish hatchery operations not requested by the Administration
- ❖ \$87.5 million federal share of authorization for largest environmental restoration project west of the Mississippi River, adding \$52 million in authorization to project approved by the Army Corps
- ❖ \$3.35 million for environmental restoration of salt marsh, compared to Administration 1.975 million
- ❖ \$1.495 million for a regional water reuse project of the Bureau of Reclamation, not requested by the Administration.
- ❖ \$49.911 million for operation and maintenance funding of a dam and dam facilities
- ❖ \$4,538,270 for operations & maintenance at Coyote Valley Dam
- ❖ \$7,767,230 for operations & maintenance at Dry Creek (Warm Springs) Lake and Channel
- ❖ \$500,000 for Army Corps investigations at the San Pablo Bay Watershed
- ❖ \$7 million for Army Corps construction at NAPA River Salt Marsh Restoration project
- ❖ Assisted in development of strategy to secure greater Army Corps assistance in implementation of biological opinion, and to request new start feasibility studies of importance to the client as part of their budget request, and then with Congress to overturn its previous policy against funding such new starts. Resulted in \$300,000 in Corps work plan for new starts.
- ❖ Secured Army Corps new start funding for 2 Sec. 1135, Project Modifications for the Improvement of Environment projects critical to accelerate implementation of work under a biological opinion.
- ❖ Worked to secure \$120,000 in Corps work plan for additional hatchery work at Corps facility despite Congressional earmark ban, secured Army Corps authorization aimed exclusively at project that will allow Corps participation in project essential to the implementation of a Biological Opinion entered in pursuant to the Endangered Species Act

South Seminole & North Orange County Wastewater Transmission Authority, Florida

- ❖ \$30 million authorization for the rehabilitation of the wastewater system
- ❖ \$650,000 for Water and Wastewater Infrastructure Improvements Project

Seminole County, Florida

- ❖ \$1.425 million for commuter bus stations
- ❖ \$970,000 for State Road 46 regional evacuation route

South Seminole & North Orange County Wastewater Transmission Authority, Florida

- ❖ \$30 million authorization for the rehabilitation of the wastewater system
- ❖ \$650,000 for Water and Wastewater Infrastructure Improvements Project

Tampa Port Authority, Florida

- ❖ The Main Channel deepening project was, upon its completion, the largest public works project in the state of Florida. This was completed at 100 percent federal government expense, with a total cost in excess of \$200 million

- ❖ Obtained an exemption from limitations placed on the use of tax exempt bonds for the acquisition of property for the Tampa Port Authority
- ❖ \$175,000 for improvements to the Alafia Channel, despite the opposition of the Army Corps of Engineers
- ❖ \$2 million grant from the Economic Development Administration for navigational improvements necessary for business expansion at the Seaport
- ❖ \$1 million grant from the Federal Highway Administration for the construction of ferry docks
- ❖ \$1 million for economic development and revitalization efforts at the Garrison Seaport.
- ❖ \$3.2 million for dredging the Ybor Turning Basin
- ❖ \$70 million authorization for federal improvements to the Alafia Channel, despite Administration's opposition
- ❖ Helped to secure an authorization for improvements to the Port Sutton Channel
- ❖ Helped to secure the conveyance of the Department of Navy property to the Tampa Port Authority
- ❖ \$500,000 for improvements to the disposal areas
- ❖ \$12 million for the dredging of the Big Bend Channel
- ❖ \$200,000 for continuing the General Re-evaluation Report (GRR)
- ❖ \$202,000 for a terminal expansion
- ❖ \$2.5 million for the widening of a portion of the main channel. Also helped to secure language directing the Army Corps of Engineers to widen portion of channel
- ❖ Obtained authorization for new construction work at CUT B
- ❖ \$950,000 for construction at Tampa Harbor
- ❖ \$9.565 million for operations and maintenance at Tampa Harbor
- ❖ Helped secure language requiring the Secretary of the Army to reimburse the Authority for the Federal share of the dredging work carried out for the Tampa Harbor Big Bend Channel project.

City of Treasure Island, Florida

- ❖ \$50 million for the Causeway Bridge
- ❖ \$1 million for wastewater and sewer system upgrades
- ❖ \$500,000 for a beach access project
- ❖ \$450,000 for signalized crosswalks to increase pedestrian safety

City of Virginia Beach, Virginia

- ❖ \$112 million authorization for beach erosion control and hurricane protection project
- ❖ \$111.427 million in cumulative appropriations for construction of a Beach Erosion Control and Hurricane Protection Project
- ❖ Helped secure 50-year authorization for Army Corps of Engineers maintenance of the Rudee Inlet, ensuring federal cost participation for 50 years without being subject to the current \$4.5M cap
- ❖ Helped to secure language to continue funding Sandbridge Beach project periodically for 50 years
- ❖ \$12.933 million for the renourishment of Sandbridge Beach
- ❖ \$4 million - construction funds for Hurricane Protection project's 79th St Outfall
- ❖ Coordinated efforts for Commerce decision to allow construction of Lake Gaston water pipeline
- ❖ \$800,000 for funding of innovative homeless activities
- ❖ \$1 million for the study of a new intermodal center
- ❖ \$7.399 million for the Rudee Inlet Navigation Maintenance Project
- ❖ \$7 million for construction of Southeastern Parkway and Greenbelt

- ❖ \$198,000 appropriated to reimburse City for unauthorized fees imposed by the Department of Interior, and helped secure a congressional authorization for this action in the WRDA
- ❖ \$400,000 for the Norfolk Avenue Bike Trail and \$800,000 for Atlantic Avenue Trails
- ❖ \$150,000 for the Providence Road Trail Project
- ❖ \$4.773 million for the Environmental Restoration for Lynnhaven Inlet project
- ❖ Helped secure language allowing sand from nearby channel to finish hurricane protection project
- ❖ \$200,000 for para-transit for the handicapped
- ❖ \$500,000 for traffic light signalization projects
- ❖ \$12 million in competitive grant and congressionally directed funding from COP Interoperable Communications Technology Program for the purchase of communications equipment, enhancements to communications infrastructure, and project management expenses.
- ❖ \$150,806 for the Virginia Aquarium & Marine Science Center's Chesapeake Bay Champions (CBC) project under the National Oceanic and Atmospheric Administration's (NOAA) B-Wet Program
- ❖ \$363,900 for Virginia Aquarium & Marine Science Center's Stranding Program from the John H. Prescott Marine Mammal Rescue Assistance Grant Program via National Marine Fisheries Service
- ❖ \$250,000 to initiate construction of a marine mammal stranding center.
- ❖ \$112,500 in 2002 for the Virginia Aquarium & Marine Science Center's general operations under the General Operating Support grant from the Institute for Museum and Library Services
- ❖ \$425,000 for the Marine Science Museum Science Camp
- ❖ \$48,000 for the Virginia Aquarium & Marine Science Center "Beyond the Aquarium" program
- ❖ Worked with HUD to remove City from the Administration's FY 2003 Budget list for 50% reductions in CDBG that would have devastating effect on critical local low-income housing and affordable housing for military personnel programs
- ❖ Helped secure language in 2005 National Defense Authorization Act ensuring a study would be done on the state of TRICARE to provide health and support services for "exceptional family member program" enrollees in high-density military areas such as Virginia Beach
- ❖ \$11.4 million for I-264/Lynnhaven Parkway/Great Neck Road Interchange
- ❖ Worked with Department of Homeland Security to have the Hampton Roads region designated eligible for Urban Area Security Initiative (UASI) Homeland Security Grants
- ❖ \$988,000 for Public Safety Interoperability Technology Upgrades
- ❖ \$1.245 million for the Lynnhaven Inlet, Bay and Connecting Waters Maintenance Dredging
- ❖ \$750,000 for the Lesner Bridge Replacement project
- ❖ Helped to secure language that would allow the City to use its own funds for beach renourishment.
- ❖ Helped to secure authorizing language in MAP-21 that directs each State to consider certain criteria when allocating funds to highway projects. This criterion includes funding evacuation routes serving or adjacent to Armed Forces facilities
- ❖ \$844,000 to finish an analysis to address and prepare for emergencies related to sea level rise from the National Oceanic and Atmospheric Administration's Regional Resilience Grant Program
- ❖ Worked with congressional delegation, Transportation and Infrastructure Committee, and Environment and Public Works Committee to support New Start determination language in the Senate Energy and Water Appropriations bill to continue to allow the U.S. Army Corps of Engineers greater flexibility in selecting projects for its work plan
- ❖ \$10 million in U.S. Army Corps of Engineers New Start funds for the Lynnhaven River Basin Ecosystem Restoration; one of only 5 New Start projects funded in Fiscal Year 2018
- ❖ \$17.6 million as part of the USACE FY 2018 Work Plan construction funds for the Virginia Beach Hurricane Protection program for beach maintenance and dredging

- ❖ \$925,000 total as part of the USACE FY 2018 Work Plan operations and maintenance funds for shoaling, maintenance, and dredging of the Lynnhaven Inlet
- ❖ \$720,000 total as part of the USACE FY 2018 Work Plan operations and maintenance funds for shoaling, maintenance, and dredging of the Rudee Inlet
- ❖ \$3 million as part of FY 2018 Civil Works Budget short-term construction project funds for Sandbridge Beach

Town of Windermere, Florida

- ❖ \$750,000 for traffic calming measures
- ❖ \$200,000 for a stormwater management plan
- ❖ \$240,000 for bicycle and pedestrian improvements

Mr. Bernard K. Melekian
Director - Office of Community Oriented Policing Services
U.S. Department of Justice
14 N Street NE
Washington, D.C. 20530

Dear Director Melekian:

As the Representative for the 20th Congressional District of Florida, representing the city of Plantation, I am delighted to extend my support for the Plantation's Police Department's application for funding under the U.S. Department of Justice (COPS) Hiring Program.

In recent years, the city of Plantation has experienced a dramatic rise in property crime. Specifically, since 2010 there has been a 23% rise in residential burglaries and 19.6% rise in thefts of automobiles. In some areas of the city, the increase in break-ins of homes has been over 110%. The city utilizes a community policing strategy to conduct outreach, obtain information, and conduct investigations in high crime areas of the city. However, due to personnel reductions over the past several years, the city's community policing efforts have been constrained.

If awarded the COPS Hiring Grant, the Plantation Police Department will use grant funding to hire patrol officers that will be assigned to targeted neighborhoods as determined by crime analysis and intelligence, and attend homeowner's and advisory board meetings as part of their duties. The department will also employ Bicycle Officers as high visibility patrols to develop and enhance community relationships with increased approachability in neighborhoods. A Street Crimes Officer will give tactical support and a Detective will provide investigative assistance and provide feedback to officers about specific characteristics of crimes and perpetrators in the troubled areas. Overall, with the addition of 6 officers, the Plantation Police Department will fill vacancies due to recent budget related layoffs. The additional officers will be able to increase outreach and community policing to reverse the recent surge in property crime.

With citizens feeling unsafe in their homes and vehicles, it is critical to have an effective community policing response. I applaud the efforts of the Plantation Police Department to further protect the citizens of Plantation and support their COPS Hiring Program application. I believe the department's proposal would greatly benefit our community and urge the U.S. Department of Justice to give it careful consideration.

Sincerely,

Debbie Wasserman Schultz
Member of Congress

GOVERNMENT & PUBLIC AFFAIRS CONSULTANTS

October 7, 2011

MEMORANDUM

TO: The Honorable Diane Veltri Bendekovic, Mayor
Daniel W. Keefe, Assistant to the Mayor

FROM: Skip Bafalis, Alcalde & Fay, Partner
Maurice Kurland, Alcalde & Fay, Partner

SUBJECT: Federal Legislative Report

FEDERAL APPROPRIATIONS AND BUDGET

With the beginning of the 2012 Fiscal Year having started on October 1st, Congress is operating under a short term continuing resolution that was passed October 4th to keep the government funded through November 18th. Simultaneously, the special deficit reduction committee, set up by the debt ceiling bill, is meeting to find \$1.2 trillion in savings by November 23rd, as part of the 2012 budget debate.

The House has passed the Agriculture; Defense; Energy and Water; Homeland Security; Legislative Branch, and Military/Veterans Appropriations Bills, while the Senate has marked up each of the bills in committee, and passed the Military/Veterans Appropriations Bill. Yet, at this juncture, Congress has not enacted any of the 12 annual appropriations bills.

With these major budgetary and appropriations items consuming congressional attention, we are closely monitoring these bills for any reductions in programs that support state and local priorities such as HUD Community Development Block Grant Funding, DHS Urban Area Security Initiative Program, and DOJ Community Oriented Policing Services that bolster local public safety, job creation, and economic development.

As part of the upcoming legislative calendar, the House of Representatives will have a constituent work period, October 17th – October 23rd. This will be an opportunity to visit with your Congressional Members back home, to reiterate City priorities and also to ask for support of federal programs that assist local communities.

HOMELAND SECURITY URBAN AREA SECURITY INITIATIVE (UASI)

Within the House and Senate FY 2012 Homeland Security Appropriations Bills, funding reductions are directed at Department of Homeland Security (DHS) State and Local Grant programs including Urban Area Security Initiative funding, which currently is looking at a 50% reduction from FY2010 levels. We have been advocating for adequate UASI funding and Tier I status for the Ft. Lauderdale/Miami UASI. To advance those goals, we recently coordinated on September 14th and 15th a combined Ft. Lauderdale/Miami UASI coalition to travel to Washington for meetings on Capitol Hill and with the Department of Homeland Security.

We lobbied for proper consideration by DHS of the unique risk factors in the Ft. Lauderdale/Miami UASI, such as the 4 major airports, 4 sea ports, and other critical infrastructure that should qualify the Ft. Lauderdale/Miami UASI area for Tier I Status. Meetings were held with the Department of Homeland Security, the House and Senate Homeland Security Authorizing Committees, the Senate Homeland Appropriations Committee, along with the entire South Florida congressional delegation to advocate for this status, and the additional resources that come with Tier 1 Status.

We drafted letters in support of additional UASI funding and Tier I UASI status to send to the Department of Homeland Security, along with a joint congressional letter that is currently circulating among the South Florida congressional delegation awaiting to be sent to DHS Secretary Janet Napolitano and FEMA Administrator Craig Fugate.

We will continue to keep you apprised of our efforts to secure adequate UASI funding and Tier 1 Status.

REAUTHORIZATION OF SURFACE TRANSPORTATION AND FEDERAL AVIATION ADMINISTRATION LEGISLATION

The President approved legislation (HR 2887) on September 16th extending for six months (through March 31, 2012) the authorization of surface transportation law, which funds highway, transit and safety programs. The bill also extended aviation programs through January 31, 2012. Congress plans to continue working on new surface transportation and aviation authorization legislation before the expiration of the extensions.

With regard to the surface transportation bill, this week Republicans adopted the Senate's approach of finding just enough revenue to keep transportation funding at current levels. House T&I Chairman John Mica (R-FL) said Republican leaders had given him the green light to search for additional revenue for the bill that authorizes highway and surface transportation programs. This would require an additional \$15 billion annually to supplement the funds projected to be available in the Highway Trust Fund, although it is unclear how the revenue would be generated. The T&I Committee will not, however, consider increasing the gas tax.

The Senate EPW Committee is working on a \$109 billion, two-year bill that would maintain current levels of spending plus inflation. The Committee is done with its draft version of a bill but is waiting on the Senate Finance Committee to come up with a set of revenue-raisers to bridge the \$12 billion gap between what the Highway Trust Fund can sustain and what that version of the bill would spend.

We will continue to monitor and advocate for passage of surface transportation legislation that would support your projects.

DEPARTMENT OF TRANSPORTATION'S TIGER III DISCRETIONARY GRANT PROGRAM

As a reminder, with regard to submitting a TIGER III grant, the Department of Transportation required all applicants to submit a "pre-application" prior to submitting a final application. **All pre-applications were to be submitted by October 3, 2011 at 5 PM EST. Final TIGER III applications will be due on or before October 31, 2011.**

If you would like our assistance in reviewing your application and obtaining support from your congressional delegation, and you have not already contacted us for this assistance, please contact us as soon as possible.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PROGRAM

On September 21st the Senate Appropriations Committee approved its version of the fiscal year (FY) 2012 Transportation, Housing and Urban Development (THUD) Appropriations bill providing slightly more than \$2.8 billion for the Department of Housing and Urban Development (HUD) Community Block Grant Development (CDBG) program. The Senate's proposed funding is significantly less than the House draft legislation approved in subcommittee on September 8th, which provides \$3.5 billion for the CDBG program in FY 2012.

Each measure must still be approved by their respective chambers. Throughout this process, we have been communicating with the House and Senate Appropriations Committees and your congressional delegation about the importance of the CDBG program to cities and counties and will continue to advocate for the program during the final budget debate.

WATER RESOURCES DEVELOPMENT ACT

The deadline for Water Resources Development Act (WRDA) project requests has again been extended. The new deadline is December 5, 2011, and we will continue to advocate for your proposed WRDA projects prior to the deadline.

SUMMARY OF “LIVING WITHIN OUR MEANS AND INVESTING IN THE FUTURE: THE PRESIDENT’S PLAN FOR ECONOMIC GROWTH AND DEFICIT REDUCTION”

On Monday September 19th President Obama rolled out his plan to promote economic growth and fiscal restraint, entitled *Living Within Our Means and Investing in the Future: The President’s Plan for Economic Growth and Deficit Reduction*. With the release of the American Jobs Act by the White House two weeks ago, the President has released a broader proposal that combines initiatives designed to spur job creation in the American Jobs Act with measures designed to cut spending and raise revenue.

The President is proposing a two stage solution to the nation’s current economic and fiscal challenges:

1. *Short Term* – Spurring durable economic recovery with measures to boost economic growth, starting with passage of the American Jobs Act.
2. *Medium/Long Term* – Reducing the deficit and stabilizing the national debt as a share of the economy in order to put the country on firm financial footing.

Alongside spending of \$450 billion on the American Jobs Act, the President’s broader proposal for long-term deficit reduction would produce more than \$3 trillion in net savings over the next decade. This is in addition to the more than \$1.2 trillion in spending cuts from the Budget Control Act of 2011 (BCA) for a total savings of more than \$4 trillion over the next decade.

Prospects for passage of the President’s full proposals are limited, given Republican opposition to increasing tax revenues. Furthermore, while some Republicans have

spoken favorably about components of the President's package, many high ranking Republicans have dismissed large swaths of the American Jobs Act and described some of the President's revenue raisers as "class warfare." Currently, no hearings regarding the President's proposals have been scheduled in either the House or Senate.

Whether enacted into law or not, the President's proposal frames the different visions for the country's economic future, and will likely play an important role as the 2012 presidential election campaign develops.

THE AMERICAN JOBS ACT

The President's proposal to generate jobs and encourage a durable economic recovery includes both tax cuts and new spending initiatives.

Tax Cuts and Credits

- **Payroll Tax Cuts to Businesses** – A reduction in payroll taxes by half to 3.1% up to a business's first \$5 million in wages, targeted at the 98% of businesses with wages below this level.
- **Payroll Tax Holiday For Increasing Jobs/Wages** – Elimination of payroll taxes next year for any business that increases its payroll by hiring new workers or increasing existing workers. Payroll tax relief would be capped at \$50 million in new wages.
- **Payroll Tax Cuts for Employees** – Extend and expand the payroll tax cut in effect this year into next year, rising from the 2% cut currently in effect to 3.1% in 2012.
- **Extend 100 percent business expensing through 2012** – Extension of the 100 percent expensing provision through 2012, allowing all firms small and large to take an immediate tax reduction on investments in new plants and equipment.
- **Increase Small Business Access to Capital** – Reforms to assist small businesses access capital and grow faster through accelerating government payments to small business contractors, followed by a review of securities regulation from the perspective of small business.
- **Returning Heroes and Wounded Warriors Tax Credits** - Employers who hire military veterans who are disabled or have been unemployed for more than six

months will receive a Returning Heroes Tax Credit of \$4,800 or a Wounded Warriors Tax Credit of up to \$9,600.

Education and First Responders

- **Preventing Teacher Layoffs** – \$30 billion to prevent up to 280,000 teacher layoffs and preserve existing school and after-school activities.
- **Preventing First Responder Layoffs** – \$5 billion to support the hiring and retention of public safety and first responder personnel.
- **School Modernization** – \$30 billion in funds for school modernization including critical repairs and retrofits, with \$25 billion directed to K-12 schools and \$5 billion for community colleges.

Infrastructure Investments

- **Highways** – \$27 billion to repair and upgrade the nation’s highway system.
- **Transit and Rail** – Invests \$9 billion to repair and modernize transit systems, and \$2 billion to improve intercity passenger rail services.
- **Airports** – \$2 billion to improve safety, add capacity, and modernize airports.
- **Employment Practices Benefiting Women, Minorities, and Economically Disadvantaged Individuals** – \$50 million in 2012 to enhance employment and job training opportunities that will benefit minorities, women and economically disadvantaged individuals in transport related activities. An additional \$10 million would go to minority-owned and disadvantaged business enterprises gain better access to transportation contracts.
- **Innovative Transportation Funding** – Supports innovative transportation funding, including \$4 billion for high speed rail, \$1 billion for NextGen Air Traffic Modernization, and \$5 billion for the TIGER and TIFIA programs.
- **National Infrastructure Bank** – \$10 billion to establish a National Infrastructure Bank that will direct Federal resources to transportation, energy, and water projects that demonstrate importance and economic viability, but which may have difficulty finding funding under the existing patchwork of federal programs.

- **Project Rebuild** – \$15 billion for a national effort designed to rehabilitate the thousands of foreclosed homes around the country currently lying fallow, to revitalize distressed communities and increase employment opportunities in the construction sector.
- **D-Block Allocation** – Reallocate the D-Block of the spectrum for public safety uses at a cost of \$3 billion, and invest \$7 billion to support the network's deployment, which will allow for the expansion of residential and commercial high-speed wireless networks to 98% of Americans.

Support for the Unemployed

- **Unemployment Insurance (UI) Extension** – Extends UI through 2012.
- **Reform of the System** – Proposed reforms include more rigorous reemployment assistance, allowing workers to claim pro-rated UI if their hours are reduced to avoid layoffs, and funds and flexibility to states to allow them to implement innovative programs to reduce the number of long-term unemployed.
- **Tax Credit for Hiring Long-Term Unemployed** – A tax credit of up to \$4000 for businesses hiring workers who have been out of work for the last six months.
- **Youth and Low Income Employment Investment** – Provide hundreds of thousands of low-income youth and adults with opportunities to work and to achieve needed training in growth industries through a new \$5 billion "Pathways Back to Work Fund," which will provide support for summer and year-round youth employment, subsidize employment opportunities for low-income unemployed individuals, and financially support local initiatives with proven track records in fostering youth and low income employment.
- **Combat Discrimination Against the Unemployed** – Promote the passage of legislation, as in New Jersey, which makes it unlawful to discriminate in hiring practices against those individuals who are currently unemployed.

DEFICIT REDUCTION

In addition to the deficit reduction contained in the enacted Budget Control Act of 2011, the President proposes a series of further measures to reduce the nation's deficit beyond the discretionary budget. These include \$257 billion in savings from mandatory

programs outside the health area, \$320 billion in savings from health programs, and \$1.5 trillion in revenue raised through tax reform:

Mandatory Savings

▪ Agricultural Sector –

- Elimination of direct payments that are not tied to production, that are given to farmers despite record yields and increasing profits.
- Reduced subsidies for crop insurance companies through reducing the return on investment from 14 percent to 12 percent, lowering the cap on annual administrative costs, and reduce premium subsidy levels.
- Better targeted agricultural conservation assistance to only the most environmentally friendly and cost effective programs and practices.
- An extension of mandatory disaster assistance.

▪ Federal Worker and Military Retirement Programs –

- Reforms to civilian worker retirement, including increasing employee contribution towards retirement by 1.2%, elimination of the FERS Annuity Supplement for new employees, and establishment of a Commission on Federal Public Service Reform to explore more radical modernization of the Federal personnel system.
- Initiate an annual fee of \$200 for TRICARE-For-Life enrollment, the health insurance coverage for military retirees and their families that cuts their medical costs over-65 to almost nothing.
- A targeted increase to TRICARE pharmacy benefit co-payments to bring co-payments more in line with other Federal health programs.
- Establishment of a commission to review military retirement benefits.

▪ Government Liabilities and Operations –

- An increase in the fees charged by Fannie Mae and Freddie Mac.
- Reform of the Aviation Passenger Security Fee to generate greater revenue by removing the statutory fee limit and increasing it to \$7.50, allow the Secretary of Homeland Security to raise the fee through regulation, and change the payment structure to charge travellers per one-way trip, as opposed to the current system of charging them per-enplanement.
- More equitably share payments for air traffic services between commercial and general aviation through imposition of a \$100 mandatory surcharge for air traffic services.

- Reform the United States Postal Service through a combination of measures including cutting services, adding products, and allowing changes to postage costs.
- Reform the National Flood Insurance Program to eliminate the premium subsidy for certain properties.
- **Government Assets –**
 - Auction the radio spectrum to expand wireless broadband.
 - Sell unneeded federal property.
- **Ensure the Integrity of Federal Programs –**
 - Crack down on tax cheats and delinquents through investing in the IRS's enforcement division
 - Reduce improper payment rates in the Unemployment Insurance program.
 - Increase collection activities of debts owed to the Federal Government.
- **Other Reforms and Savings –**
 - Reform payments for Abandoned Mine Lands.
 - Provide relief to employers in the 28 states currently indebted to the Federal Unemployment Trust Fund and increase the Federal UI taxable wage base to \$15,000 indexed to average wages.
 - Ensure full repayment by the financial services industry for bailout money received in 2008 and early 2009.
 - Increase pesticide user charges to cover a greater share of program costs of issuing and reviewing pesticide registrations.
 - Lift the cap on pre-manufacture notice user charges to recover a greater portion of the program's costs.
 - Establish a hazardous waste electronic manifest system to allow for fees to be imposed upon its users while also reducing reporting costs.
 - Repeal the mandatory oil and gas research and development program.
 - Enact a number of reforms to Department of Interior programs including instituting a fee on non-producing oil and gas leases, making permanent net receipts sharing for energy minerals, reforming hardrock mining on Federal lands, boost the Federal share of geothermal energy receipts, repeal the oil and gas fee prohibition, and reauthorize the Federal Land Transaction Facilitation Act.
 - Reform inland waterways funding through a new user financing structure to supplement the existing fuel tax.

Health Savings

▪ Medicare –

- Reduce Medicare coverage of bad debts from 70 percent down to 25 percent.
- Reduce Indirect Medical Education add-on payments to better align them with the additional patient care costs that teaching hospitals experience.
- Better align payments to rural providers with the cost of care through elimination of add-on payments for hospitals and physicians in low population States.
- Encourage efficient post-acute care.
- Align Medicare and Medicaid drug payment policies for low income beneficiaries.
- Eliminate waste, fraud, and abuse in the system.
- Increase income related premiums for Medicare Parts B and D.
- Increase by \$25 the Part B deductible for new beneficiaries.
- Introduce a \$100 home health co-payment for new beneficiaries.
- Impose a premium surcharge equivalent to about 15 percent of the average Medigap premium for those individuals purchasing Medigap policies (those which cover many of the costs Medicare does not) with particularly low cost-sharing requirements.
- Strengthen the Independent Payment Advisory Board to reduce long-term drivers of Medicare cost growth.

▪ Medicaid –

- Reduce the Medicaid provider tax threshold beginning in 2015 to 3.5 percent by 2017 to limit State financing practices that artificially increase their Federal Medicaid matching payments.
- Apply a single blended matching rate to Medicaid and CHIP starting in 2017 to replace and streamline the patchwork of existing rates; the Federal medical assistance percentage (FMAP), enhanced FMAP for CHIP expenditures, and new rates out of the Affordable Care Act.
- Limit Medicaid reimbursement of durable medical equipment on Medicare rates.
- Strengthen third-party liability for Medicaid beneficiary claims by removing exceptions to the requirement that State Medicaid agencies reject claims when another entity is legally liable to pay a claim.
- Better align future Medicaid disproportionate share hospital allotments with the lower number of expected uninsured from 2020.

- Amend modified adjusted gross income for health insurance assistance programs to include Social Security benefits.
 - Reduce waste, fraud, and abuse in Medicaid.
 - Streamline and coordinate Federal Government oversight of State Medicaid programs and expand State flexibility.
- **Other Health Savings –**
- Prohibit “pay for delay” agreements that companies make to block consumer access to safe and effective generic drugs.
 - Reduce the exclusivity period for generic biologics from twelve years down to seven.
 - Streamline Federal Employee Health Benefit pharmacy benefit contracting.
 - Prioritize prevention and public health fund investments.
 - Accelerate the issuance of State Innovation Waivers.

Tax Reform

The President’s proposal calls upon Congress to enact broad, comprehensive tax reform that complies with five basic principles. These principles include:

1. **Lower tax rates** based upon a simpler system with fewer brackets.
2. **Cut inefficient and unfair tax breaks** to avoid situations in which individuals and entities can game the system.
3. **Deficit reduction** through tax reform, including letting the Bush tax cuts for upper-income individuals expire.
4. **Increase job creation and growth in America.**
5. **Observe the Buffet Rule** - based on Warren Buffet’s announcement that it is unacceptable that he pays a smaller share of his income in tax than his secretary.

These principles translate into a number of specific proposals:

- **Specific Measures to Cut Inefficient Tax Breaks and Improve Compliance –**
- Allow the 2001 and 2003 income tax breaks (the Bush tax cuts) to expire for high income earners, and return the estate tax to its 2009 levels.
 - Reduce the value of itemized deductions and other tax preferences to 28 percent for families with income over \$250,000.
 - Tax carried interests as ordinary income.
 - Eliminate tax breaks for corporate purchases of aircraft.

- Eliminate tax breaks for oil and gas companies.
- Tighten foreign tax credit rules that apply to taxpayers that are subject to a foreign levy and also receive (directly or indirectly) a specific economic benefit from the levying country (so-called “dual capacity” taxpayers).
- **Close Business Loopholes and Broaden the Tax Base –**
 - Repeal the last-in, first-out method of accounting for inventories.
 - Repeal the lower-of-cost-or-market-inventory accounting method.
 - Eliminate tax preferences for the coal industry.
- **Reform Treatment of Insurance Companies and Their Products –**
 - Modify rules that apply to sales of life insurance contracts.
 - Modify dividends-received deduction for life insurance companies’ separate accounts.
 - Expand pro rata interest expense disallowance for corporate-owned life insurance.
- **Reform the US International Tax System –**
 - Defer deduction of interest expense related to deferred income.
 - Determine the foreign tax credit on a pooling basis.
 - Tax excess returns associated with transfers of intangibles offshore currently.
 - Limit shifting of income through intangible property transfers.
 - Limit earnings stripping by expatriated entities.
- **Other Tax Reforms**
 - Reinstate Superfund taxes.
 - Make unemployment insurance (UI) surtax permanent.
 - Increase certainty with respect to worker classification.

LOBBYING AND LEGISLATIVE TIMELINE, MILESTONES, AND DELIVERABLES

Beginning on the next page is a chart that outlines our activities, milestones and anticipated deliverables for the City of Plantation, using the commencement of the federal fiscal year on October 1.

Time Period*	Federal Legislative Agenda – Assessment and Development, Projects, Action Items
Oct-Dec 2021	▪ Discussions with the Government Affairs Manager, City Manager, and key personnel about current projects and priorities. ▪ Provide candid appraisal of specific goals and objectives, and projects to be added, updated or reassessed as to priority. ▪ Assess challenges such as local match, or preliminary status that might impede federal support for defined initiatives. ▪ Assist and further advise on the development, refinement and establishment of the City's formal federal Agenda. ▪ Provide updates on status of Appropriations and Authorizations with start of Fiscal Year (Oct.1) and approaching end of Congressional session, including agency rulemakings and policy ▪ Ongoing outreach to City's congressional delegation to advocate in regards to outstanding Appropriations and Authorization funding pertaining to the City of Plantation's agenda. ▪ Continue sending the <i>Alcalde & Fay's This Week in Washington and Grant Alert for Local Governments</i>.
January 2022	▪ Draft federal agenda and begin preparing for appropriations "community project funding" requests to the City's congressional delegation for FY 2023 appropriations legislation. ▪ If Mayor is attending USCM, schedule meetings with Congressional Delegation and Agencies to discuss City priorities ▪ Identify federal programs of interest to City to advocate to the Administration as it begins the President's budget proposal for the next fiscal year.
Feb-March 2022	▪ Report on Administration's Budget Proposal ▪ Finalize federal agenda and assist in identifying and submission of project requests to City's delegation, and advocating for City's congressional delegation to prioritize and submit requests to the House and Senate Appropriations Committees. ▪ Annual trip to the City of Plantation to meet with City Administration, Department Directors and other City staff to discuss federal priorities and advise of Congressional outlook and federal funding availabilities, and present legislative agenda and priorities to City Council ▪ Meet with City's congressional delegation and advocate priorities and project requests, including arranging for elected officials for "Day of Hill and Agency meetings" if attending National League of Cities Conference. ▪ Continue to provide the City <i>Alcalde & Fay's This Week in Washington</i>

	▪ Monitor relevant House and Senate Appropriations Committee hearings and markups
August 2022	▪ While Congress is in recess, continue previous months' work. ▪ Schedule additional trip by Alcalde & Fay to the City to report on existing outcomes and strategize regarding the final months of the session. ▪ Address any pending City matters with congressional staff during August Congressional recess when staff are more available forextended meetings month.
September 2022	▪ Continue Advocacy on pending Appropriations, Continuing Resolutions and possible Omnibus Appropriations ▪ Possible follow up trip for Plantation officials to come to Washington. ▪ Monitor and advocate as to final negotiations of spending legislation and other legislation important or impacting the City

* Time periods are estimated.

The Following tasks are ongoing during the entire 12 months of a Congressional session:

Time Period	Appropriations and Project Funding Action Items
Annual Session of Congress	▪ Communicate regularly with City personnel regarding relevant legislative and/or federal department regulatory developmentsincluding providing monthly reports. ▪ Provide grant support services. ▪ Facilitate visits by congressional delegation and staff for tours and briefings of projects and programs of interest to garner federal support. ▪ Leverage established relationships with associations to advocate legislative requests with Congress and the Administration.

State of Florida

Department of State

I certify from the records of this office that ALCALDE & FAY, LTD. INC is a Virginia corporation authorized to transact business in the State of Florida, qualified on October 30, 2012.

The document number of this corporation is F12000004439.

I further certify that said corporation has paid all fees due this office through December 31, 2021, that its most recent annual report/uniform business report was filed on April 26, 2021, and that its status is active.

I further certify that said corporation has not filed a Certificate of Withdrawal.

*Given under my hand and the
Great Seal of the State of Florida
at Tallahassee, the Capital, this
the Twenty-sixth day of April,
2021*

OFFICE OF THE MAYOR

Rae Carole Armstrong,
Mayor

Plantation
the grass is greener®

CITY COUNCIL

Jerry Fadgen, *President*
Sharon Moody Uria, *President Pro Tem*
Diane Veltri Bendekovic
Dr. Robert Levy
Peter S. Tingom

February 10, 2011

Representative Debbie Wasserman-Schultz
118 Cannon HOB
Washington, D.C. 20515

Dear Representative Wasserman-Schultz,

As Congress prepares to begin work on appropriations and authorization legislation for FY 2012, I am writing to bring to your attention the City of Plantation's federal priorities. We are seeking your assistance as the City seeks to enhance economic growth, improve critical infrastructure, and provide necessary public safety and emergency response services.

SURFACE TRANSPORTATION LEGISLATION

The City asks for your support of the surface transportation legislation that would allocate federal gas tax revenue to Florida's Department of Transportation and the State's transportation projects, along with any other transportation legislation that supports critical road, bridge, highway and other transportation infrastructure for Florida. Transportation legislation is important to the City's efforts to improve its roads and transportation infrastructure including the following project:

Plantation Midtown Greenway Transit System

The City respectfully requests assistance for a critical transportation project, the Plantation Midtown Greenway Transit System. The Plantation Midtown Greenway Transit System will be an overall upgrade of SW 78th Avenue/SW 10th Street, which is the primary thoroughfare through Plantation Midtown from Federated Road to University Drive. The SW 78th Avenue component parallels Pine Island Road and University Drive, two main arterial roadways, and the SW 10th Street component will intersect with University Drive.

The City of Plantation is redeveloping this thoroughfare to enhance safety, improve mobility, and promote pedestrian traffic and the use of public transportation. The proposed project will reconfigure the existing roadway cross-section to accommodate walkway and mass transit enhancements. Presently, SW 78th Avenue/SW 10th Street is a two-lane roadway with discontinuous sidewalks averaging five feet in width. The proposed roadway would create designated turn lanes, eight-foot lighted walkways and transit amenities.

Furthermore, the Plantation Midtown is the City's central business district, and considered by City residents to be their "home base" for shopping, entertainment and employment. With a radius of approximately 2 miles, the area is zoned for a variety of commercial, office, retail and residential uses. It encompasses two major shopping centers, professional offices, medical complexes, government buildings, restaurants, hotels, and has attracted local corporate headquarters, and large national employers including: American Express, DHL, CNN and Westside Regional Medical Center. Three additional mixed-use projects within Midtown are planned for the coming years, which will increase pedestrian and vehicular traffic.

City of Plantation
400 NW 73rd Avenue ♦ Plantation, Florida 33317
Telephone: 954.797.2221 ♦ Fax: 954.797.2223
mayorarmstrong@Plantation.org

The City was awarded a Florida Department of Transportation grant in the amount of \$142,889 to perform a parking needs analysis for Midtown. The analysis considered existing and future uses, linking of transit options, appropriate locations for parking and park and ride facilities, cost estimates and parking fee revenue. The results of the analysis reinforced the need to improve SW 78th Avenue/SW 10th Street for pedestrian and mass transit.

Overall, the Plantation Midtown Greenway Transit System is an integral part of the City's Central Plantation Development District Conceptual Master Plan (Midtown). It will guide revitalization, public improvements, parks, transportation systems, services and activities in Midtown for years to come. Implementation of this project with the required enhancements, would greatly contribute to providing a safe, efficient transportation system that would reduce traffic congestion and circulation in and around Plantation, improve air quality, reduce fuel consumption and integrate regional and County mass transit systems.

Project costs for the Plantation Midtown Greenway Transit System improvements are estimated as follows: \$3,217,400 for the roadway, landscaping and transit enhancement improvements. Broward County allocated \$900,000 toward this project, and the City has allocated additional funds to meet 20 percent of the total cost. In FY2005, with your assistance, Congress demonstrated the importance of this project in SAFETEA-LU by awarding \$1,288,835 toward the Greenway Transit project. At this time, the City is seeking assistance to complete this project.

WATER RESOURCES INFRASTRUCTURE

The City of Plantation would appreciate your support of water development projects, to include the reauthorization of the Water Resource Development Act (WRDA), which authorizes projects allowing for federal assistance by the U.S. Army Corps of Engineers. The City's water infrastructure projects include the following reclaimed water treatment plant project for which any assistance would be appreciated:

Reclaimed Water Treatment Plant Design Project

The City respectfully requests assistance for the implementation of a reclaimed water project. This project will address the City's need for alternative water supply to meet future water demands for growing populations as required by the South Florida Water Management District (SFWMD), the regulatory agency for community Consumptive Use Permits. The City's current population is 86,138 and has been growing by approximately 4% every decade, drawing additional water from the Biscayne Aquifer. To meet future population demands for potable water from the Aquifer, the City plans to provide reclaimed water to irrigation users currently possessing Biscayne Aquifer consumptive use permits. This will allow the City to acquire these allocations (or portions thereof) for producing potable water, and remove irrigation uses from drawing from the Aquifer.

The proposed reclaimed water system will require two phases of construction to the City's existing water plant and distribution system. Phase I will include 2.25 mgd of treatment and distribution facilities for on-site plant operational needs (process water, wash water, seal water); on-site spray irrigation, off-site tanker truck irrigation for public parks and streetscaping, as well as off-site irrigation for the City's Plantation Preserve Golf Course. Phase II will expand facilities further to allow for a maximum day demand of 1.5 mgd treatment and distribution pipelines for delivery of reclaimed water to the Jacaranda Public Golf Course. A new dedicated distribution pumping system will be installed to the existing on-site reclaimed water distribution piping, with a new reclaimed water distribution main along the West Holloway canal Right-of-Way (ROW), east of the City's Regional Wastewater Treatment Plant property.

The preliminary budget for Phase I construction of 2.25 mgd of reclaimed water production and distribution capacity is estimated to be \$15.8 million. Design of the project is scheduled to begin in the 4th quarter of 2011 with anticipated construction completion in mid 2015 for Phase I.

SPECIAL PROJECTS

We request your support for Department of Housing and Urban Development (HUD), Department of Justice (DOJ), and Department of Homeland Security (DHS) programs that provide assistance to State and local governments to enhance community development, bolster public safety, and improve emergency response through support for personnel, equipment, training, technology, disaster mitigation and recovery, and a broad variety of community and economic development initiatives. In particular, we direct your attention to the Community Development Block Grant Program, Edward Byrne Memorial Law Enforcement Assistance Program, Community Oriented Policing Services (COPS) Grant Program, as well as the Federal Emergency Management Agency (FEMA) Pre-Disaster Mitigation Grant Program.

Mobile Command Center

Specifically, the City requests your assistance as it seeks to acquire an emergency mobile command center. The City's ability to effectively coordinate hurricane response and recovery and ensure public safety depends upon a reliable communications system and to rapidly establish communications immediately after a storm or other emergency. Over the past 30 years, going back to hurricane Andrew and up through recent hurricanes Frances and Wilma, the City has dealt with significant storm impacts including flooding, downed utilities, hazardous debris, and blocked roadway access. The City's police and fire departments have had rescue and recovery efforts hindered due to communication equipment lacking range and interoperability, and the absence of a mobile unit with the capability to accept or provide mutual assistance with other surrounding law enforcement agencies and fire departments.

A mobile command center, with multi-agency communications and computer equipment, will allow for effective communications within close proximity to emergency operations. It will supply a rapid response to disaster locations with communications equipment and command personnel who can quickly enter impacted areas, do needs assessments and coordinate a relief effort. Moreover, a mobile command center will bolster the City's ability to secure Western Broward County, including the City's Water Treatment Plant, the West Regional Courthouse, the Broward County Emergency Operations Center, two community hospitals, and the City's public schools. At the same time, a Plantation Mobile Command and Communications Center will support the Plantation Police Department's Field Force Unit, which has trained with the Broward Sheriff's Office to respond anywhere in South Florida to manmade and natural disasters. Acquisition costs for a mobile command and communication vehicle are approximately \$400,000, and upon its deployment it will provide a ready, mobile, multi-agency, multi-jurisdictional communications and command platform.

FEMA Issues

The City is also requesting your assistance to secure reimbursement for debris removal costs incurred in 2004 after Hurricane Frances. The debris was removed for health and safety issues from some of the City's private roads, at a cost of \$398,000. FEMA regulations authorize assistance for debris removal from public and privately owned lands when it is in the public interest. FEMA evaluates these requests for debris removal on a case-by-case. Since 2005, the City has submitted multiple filings and appeals to secure a disposition from FEMA, including through the Florida Department of Emergency Management. The City's last appeal was submitted in June 15, 2009, and since its filing there has been no answer from FEMA. FEMA regulations provide for 90 days to issue an appeal determination; yet no disposition has been made to Plantation, even though over a year and a half has passed since this appeal was filed. According to the Florida Division of Emergency Management, they have raised these delays on a number of occasions, principally with FEMA's regional staff (Region IV), and with a letter sent to the attention of the FEMA National Administrator's office (Fall of 2009).

Plantation Midtown Master Plan Revision

The City is requesting assistance to update its "Central Plantation Master Plan" that was adopted in 2002. The original Master Plan provided a detailed blueprint for transforming an 850 acre planned suburban regional activity center (retail and office) into a mixed-use, high-density urban redevelopment area providing for residential, retail, office, open space, community facility, and governmental use. The private and public investment in Midtown since 2002 has been mostly consistent with the plan. However, the plan is nine years old and needs to be updated to address significant changes in demographics, employment, and residential, retail, and office market conditions. Also, the economic strengths and weaknesses of the Midtown area must be reevaluated along with the city's ability to finance required infrastructure, and provide public transportation in the context of an evolving public county-wide transit system. The estimated cost to update the plan is \$350,000. We would appreciate any assistance that could be provided as we seek to access Department of Housing and Urban Development and Department of Commerce programs and grants toward this critical project.

On behalf of the City and Council Members, we are very appreciative of your past representation and work on our behalf. We look forward to working with you throughout the year. In the meantime, if you have any questions, please contact me at 954-797-2221, or our Washington representatives, Skip Bafalis, Jim Davenport or Maurice Kurland at 703-841-0626.

Sincerely,

Mayor Rae Carol Armstrong
City of Plantation

cc: Skip Bafalis, Jim Davenport and Maurice Kurland, Alcalde & Fay
Daniel W. Keefe, City of Plantation

QUALIFICATION STATEMENT

Fill in Form

The undersigned certifies under oath the truth and correctness of all statements and of all answers to questions made hereinafter (Attach additional sheets with appropriate reference, if necessary). You must respond to all questions. **FAILURE TO DISCLOSE OR PROVIDE THE REQUESTED INFORMATION BELOW MAY RESULT IN THE FIRM'S PROPOSAL BEING DEEMED NON-RESPONSIVE AND THE FIRM AS NOT QUALIFIED FOR AWARD.**

SUBMITTED TO: City of Plantation

ADDRESS: 400 NW 73rd Avenue
Plantation, FL 33317

SUBMITTED BY: Alcalde & Fay, LTD.

INSURANCE REQUIREMENTS

Statement

Contractors shall not commence any work until they have obtained and satisfied the city's insurance requirements under written contract with the city and such insurance has been approved by the City of Plantation Risk Management Department. Contractors shall not allow any subcontractor to commence work until all insurance requirements have been so obtained and approved. All insurance policies shall be with insurers qualified and doing business in the State of Florida. All insurance companies shall have a Financial Rating of no less than "A-" and Class X respectively, in the latest edition of A.M. Best Rating Guide. The types and amounts of insurance shall not be less than the amounts specified in this agreement.

Insurance

The required insurance coverage's shall be written in accordance with the hazards and magnitude of the project, but in no circumstances a lesser coverage amount, nor more restrictive than the limits of liability and schedule of hazards described herein.

Contractors shall be responsible to purchase and maintain required insurance policies during the term of the contract agreement. If the Contractor fails to procure and maintain such insurance, the City of Plantation shall have the right, but not the obligation, to purchase and maintain said insurance for and in the name of the Contractor, and the Contractor will pay the premium cost thereof and shall furnish all necessary information to the city in order to make effective and maintain such insurance.

Additional Insured

Certificates of Insurance and insurance policies shall also be endorsed to name the City of Plantation "Additional Insured" on the Commercial General Liability with the following or similar endorsements providing equal or broader Additional Insured coverage, such as the basic CG2026 07 04 Additional Insured--Designated Person or Organization endorsement, or the CG2010 10 01 Additional Insured-Owners Lessees, or Contractors endorsement, or the CG2010 07 04 Owners, Lessees or Contractors endorsement, including the additional endorsement of CG2037 10 01-Additional Insured- Owners, Leases have Contractors Operations endorsement. Endorsements shall be required to provide back coverage for the contractors "Your Work" as defined in the insurance policy and liability arising out of the products & completed operations hazard.

Commercial General Liability

Contractor will agree to maintain Commercial General Liability at a minimum limit of liability not less than **\$1,000,000** Each Occurrence, and **\$2,000,000** Annual Aggregate unless the particular contract calls for specific limits of insurance. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. When a self-insured retention (SIR) or deductible exceeds **\$25,000**, the City reserves the right, but not the obligation, to review and request a copy of Contractor's most recent annual report or audited financial statement.

Business Automobile Liability

Contractor will agree to maintain Business Automobile Liability at a limit of liability not less than **\$1,000,000** Each Occurrence. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers Compensation & Employers Liability

The Workers Compensation and Employers' Liability insurance shall be in accordance with Florida State Statutes 440.

INSURANCE REQUIREMENTS

Umbrella Excess Liability

If required by contract will be no more restricted than the underlying insurance policies.
City of Plantation must be added and endorsed separately as additional insured on umbrella policies.

Professional Liability

If required by contract will be a minimum of 1,000,000.

Waiver of Subrogation

The Contractor will agree that each required policy will contain Waivers of Subrogation in favor the City of Plantation. Should an insurance policy condition **not** permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then the Contractor will agree to notify the insurer and request the policy be endorsed with a waiver of Transfer of Rights of Recovery against others, or its equivalent. This waiver of subrogation shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should contractor enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance

The Contractor will agree to provide City a Certificate of Insurance evidencing that all coverage's, limits and endorsements required herein are maintained and in full force and effect, and certificates of insurance shall provide a minimum thirty (30) days to notify, when available by Contractors insurer. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify the City by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance. Certificates of Insurance shall be in the form as approved by Insurance Standards Office (ISO) and such certificates shall clearly state all of the coverage's required in this section.

INSURANCE

Commercial General Liability insurance will cover liability bodily injury and property damage. Exposures to be covered are premises, operations, products/completed operations, and contracts. Coverage must be written on an occurrence basis, with the following **examples** of insurance.

Schedule

Limits

Commercial General Liability	\$1,000,000 Each Occurrence
Blanket Contractual Liability	\$2,000,000 Each Occurrence
Independent Contractors	Premises-Operations
Products & Completed Operations	Personal /Advertising Injury
Blanket Contractual Liability	Independent Contractors
Automobile Liability	
Any auto including Hired & Non-owned	\$1,000,000 Combined Single Limit
Broad Form Property Damage	\$1,000,000 Each Occurrence
Blanket X,C,U Hazards	If required (Included)
Workers' Compensation	Florida 440 Statutory Coverage
Employers Liability	\$1,000,000 Each Accident
Disease Policy Limit	\$1,000,000

INSURANCE REQUIREMENTS

Bonds:

A surety bond maybe required equal to the value of the job to guarantee the work will be done per the specifications on a timely basis.

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the contractor shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "**Additional Insured**" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Contractor. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.
- E. The City requires a "thirty (30) day notice of cancellation" on all certificates of insurance.
- F. The City requires a "wavier of subrogation" for all Workers Compensation Coverages

THE UNDERSIGNED CONTRACTOR HAS READ ALL THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

STATEMENT UNDER SECTION 287.087
FLORIDA STATUTES

TO BE RETURNED WITH FIRM

Preference must be given to FIRMS submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

SWORN STATEMENT UNDER SECTION 287.133(3)(a) FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

THIS MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS

1. This sworn statement is submitted with Bid, Proposal or Contract for the City of Plantation, Florida
2. This sworn statement is submitted by Alcalde & Fay, LTD. (entity submitting sworn statement), whose business address is 2111 Wilson Blvd, 8th Floor, Arlington, VA and its Federal Employer Identification Number (FEIN) is 52-0996647. (If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: N/A).
3. My name is Maurice Kurland (please print name of individual signing), and my relationship to the entity named above is Partner & Lobbyist.
4. I understand that a “public entity crime” as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services, any leases for real property, or any contract for the construction or repair of a public building or public work, to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
5. I understand that “convicted” or “conviction” as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court or record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
6. I understand that an “affiliate” as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 - a) A predecessor or successor of a person convicted of a public entity crime; or
 - b) An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term “affiliate” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm’s length agreement, shall be prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
7. I understand that a “person” as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term “person” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

PUBLIC ENTITY CRIMES

Fill in Form

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☒ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, and (Please indicate which additional statement applies.)

☒ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the Hearing Officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

☒ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

☒ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

NON-COLLUSION CERTIFICATION

Fill in Form

TO BE RETURNED WITH PROPOSAL

By signing and submitting this proposal, the FIRM certifies that this proposal is made independently and free from collusion.

FIRM shall disclose below, to their best knowledge, any City of Plantation officer or employee, or any relative of any such officer or employee as defined in Section 112.3135(1) (c), Florida Statutes (2014), who is an officer of director or, or has a material interest in, the FIRM's business, who is in a position to influence this procurement. Any City of Plantation officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to indirectly own any of the total assets or capital stock of any business entity owned or operated by the FIRM, or if they otherwise stand to personally gain if the contract is awarded to this FIRM.

Failure to submit this executed statement as part of the proposal shall make the proposal nonresponsive and not eligible for award consideration. In the event the FIRM does not indicate any names, the CITY shall interpret this to mean that the FIRM has indicated that no such relationships exist. Failure of a FIRM to disclose any relationship described herein shall be reason for termination of proposal or award, whichever is applicable, with no time to cure.

COOPERATION WITH THE BROWARD COUNTY
OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH PROPOSAL

The Broward County Office of Inspector General (“OIG”) has the authority to review and investigate how governmental contracts are performed and how FIRM’s and vendors (herein, “FIRM’s”) are paid. To this end, FIRM agrees to cooperate with the OIG in the event the FIRM is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of FIRM’S written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The FIRM acknowledges and agrees that whatever work or effort is expended by FIRM in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the FIRM to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The FIRM’s failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the FIRM is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the FIRM is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, FIRM shall advise CITY, in writing and in the same manner as FIRM gives the City formal notice under this Contract, each instance, if ever, that the FIRM is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the FIRM is fully performing the requirements of this Paragraph.

Section 287.135, Florida Statutes, prohibits agencies from contracting with companies for goods or services of any amount that are on the Scrutinized Companies that Boycott Israel List or that are participating in a boycott of Israel; or One million dollars or more if, at the time of bidding, FIRM is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has business operations in Cuba or Syria. The boycott Israel list is created pursuant to 215.4725 and the Sudan and Iran lists are created pursuant to section 215.473, Florida Statutes.

As the person authorized to sign on behalf of FIRM, I hereby certify that the undersigned company is not participating in a boycott of Israel, on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or that it does not have business operations in Cuba or Syria. I understand and agree that pursuant to section 287.135, Florida Statutes, the submission of a false certification; or being placed on the Scrutinized Companies that Boycott Israel List, or engaging in a boycott of Israel; or being placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or engaging in business operations in Cuba or Syria will be cause for the CITY to terminate this Agreement at the option of the CITY. In addition, FIRM may be subject to civil penalties, attorney's fees, and/or costs.

The scrutinized company list is maintained by the State Board of Administration and available at <http://www.sbafla.com/>.

COMPLIANCE UNDER SECTION 119.0701
FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

The FIRM hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the FIRM does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the firm or keep and maintain public records required by the public agency to perform the service. If the FIRM transfers all public records to the public agency upon completion of the contract, the FIRM shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the firm keeps and maintains public records upon completion of the contract, the firm shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE FIRM HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE FIRM'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 954-797-2237, sslattery@plantation.org, 400 NW 73rd Avenue Plantation, FL 33317

As the person authorized to sign this statement, I certify that this FIRM agrees to comply with the above requirements.

**CITY OF PLANTATION
E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES**

TO BE RETURNED WITH PROPOSALProject Name: STATE AND FEDERAL LOBBYING SERVICESProject No.: RFSP NO. 075-21

1. Definitions:

“*Firm*” means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. “*Firm*” includes, but is not limited to, a vendor or consultant.

“*Sub-Firm*” means a person or entity that provides labor, supplies, or services to or for a firm or another sub-firm in exchange for salary, wages, or other remuneration.

“*E-Verify system*” means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

2. Effective January 1, 2021, Firms, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Firm shall register for and utilize the U.S. Department of Homeland Security’s E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Firm to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Firm to perform work pursuant to the contract with the City of Plantation. The Firm acknowledges and agrees that registration and use of the U.S. Department of Homeland Security’s E-Verify System during the term of the contract is a condition of the contract with the City of Plantation; and

- c) Should vendor become the successful Firm awarded for the above-named project, by entering into the contract, the Firm shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Firm shall also require all sub-firms to provide an affidavit attesting that the sub-firm does not employ, contract with, or subcontract with, an unauthorized alien. The Firm shall maintain a copy of such affidavit for the duration of the contract.

3. Contract Termination

- a) If the City has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the City has a good faith belief that a sub-firm knowingly violated s. 448.095 (2), but the Firm otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Firm and order the Firm to immediately terminate the contract with the sub-firm.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Firm, the Firm may not be awarded a public contract for a period of 1 year after the date of termination.

Plantation, FL 33317

The Undersigned Firm proposes and agrees if this proposal is accepted, to enter an agreement with the CITY to complete all work as specified or indicated in the Agreement Documents for the Agreement Price and within the Agreement time indicated in this Proposal and in accordance with the Agreement Documents.

Firm accepts all of the terms and conditions of the Instructions to Firm. This proposal will remain open for ninety (90) calendar days after the day of Proposal Opening. Firm will sign the Agreement and other documents required by the Agreement Documents within fifteen (15) days after the date of City's Notice to Award.

In submitting this proposal, Firm represents as more fully set forth in the Agreement, that:

A. Firm has examined copies of all the Solicitation Documents and of the following Addenda: (if any addenda have been issued, receipt of all of which is hereby acknowledged) and also copies of the Advertisement or Notice to Firms and the Instruction to Firms.

DATE:

[6/24] June 24, 2021

[7/7] July 7th, 2021

ADDENDA NUMBER:

[No.1]

[No.2]

[]

[]

B. This proposal is genuine and not made in the interest of or on behalf of any undisclosed person, Firm or corporation and is not submitted in conformity with any agreements or rules of any group, association, organization or corporation. Firm has not directly or indirectly induced or solicited any other Firm to submit a false or sham proposal; Firm has not solicited or induced any person, firm, or a corporation to refrain from proposing; and Firm has not sought by collusion to obtain for themselves any advantage over any other Firm or over City.

PROPOSAL FORM

- C. FIRM shall complete the Work for the following price(s). Award shall be made to the Firm whose proposal is determined to be the most advantageous to the city taking into consideration the evaluation factors and criteria set forth in the RFSP.

The rates for the service shall be based on providing the services and associated amenities as per Scope of Services and include all costs, plus all applicable overhead and profit.

Pricing Structure	Amount
Monthly Fee	\$ <u>\$5,000/mo</u>
The above rates include salary costs, fringe benefits, overhead, operation margin and profit. They do not include direct expenses. Approved travel costs shall be billed monthly by the Agreement and shall not exceed three (3) percent of the total Agreement amount.	

Communications concerning this Proposal shall be addressed to the address of Firm indicated below.

The undersigned also agrees as follows:

First: to do any extra work not covered by the foregoing Schedule of Price which may be ordered by the CITY, and to accept as full compensation therefore, such prices may be agreed upon in writing by the CITY and the FIRM.

Second: Within fifteen (15) days from the "Award", of this proposal, to execute the Agreement.

SUBMITTED ON July 20, 2021

ADDENDUM NO. 1

RSFP No. 075-21

State and Federal Lobbying Services

DATE OF ADDENDUM: June 24, 2021

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RSFP No. 075-21.

General Questions and Answers:

Question No. 1: Would the city consider a response to this RSFP just for Federal Lobbying Services, with the understanding that if a separate state lobbying firm is selected that federal and state lobbyists would coordinate and collaborate to properly serve the City of Plantation's lobbying needs in Tallahassee and Washington?

Response No. 1: The City is accepting sealed proposals from Firms that are qualified in State and Federal Lobbying Services. The City reserves the right award to one or more Firms that City finds qualified/most advantageous for the aforementioned services.

If any Firm desires to submit for Federal (only), State (only), or Federal and State (both), the Firm shall be responsible for indicating that within their sealed proposal- preferably within their Executive Summary.

Question No. 2: As a federal lobbying firm advocating solely in Washington, and filing required federal lobbying registrations with the U.S. Senate and House of Representative, would a federal proposer to RSFP still be required to also register as a lobbyist in the State or Florida?

Response No. 2: No, a Federal Proposer will not be required to register as a lobbyist in the State of Florida, unless there is a change in the law.

Proposals **must** be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically **ONLY** via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

All other terms, conditions and specifications remain unchanged for RSFP No. 075-21.

Please acknowledge receipt of this Addendum No. 1 by returning it and/or acknowledging it in your bid.

ADDENDUM NO. 2

RFSP No. 075-21

State and Federal Lobbying Services

DATE OF ADDENDUM: July 7, 2021

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RFSP No. 075-21.

General Questions and Answers:

Question No. 1: Our firm is considering partnering with another firm in our response to the RFSP. We would be submitting only one proposal that would include both firms. As the RSFP calls for an “entity” to submit a response, would we need to submit our proposal as a prime/subcontractor arrangement or could we submit one proposal as equal partners?

Response No. 1: A Firm can submit for either the State or Federal portion or both. If a Firm wish to “partner” with another Firm, the mechanism they chose to facilitate that is up to them. The City’s goal is simply to retain the most effective representation for the City at both the state and federal levels.

Question No. 2: Under "State or Federal Lobbying Experience" (Page 12 of RSFP No. 075-21), it reads: “Provide a list of clients for whom Firm has provided or is currently providing state **and** federal lobbying or consulting services.”

- A. Our firm solely provides State services. Can we correctly interpret the request to mean clients that have been provided one or the other “state or federal” services? Or is it seeking a list of only clients for which our one firm has provided both state and federal services?
- **Response for A.:** We are seeking a listing of clients represented at the state and/or federal level.
- B. It asks for a list of our past clients in addition to our current clients. A list of all previous clients for which our firm has provided services would stretch over thirty years. Would a list of all clients currently represented and previously represented within in the past five years be sufficient?
- **Response for B.:** Yes, however the City reserves the right request additional clients and details.

Question No. 3: The Qualification Statement Form has multiple questions with words and phrases typically used in a construction or contracting bid. Does this form apply to this solicitation for lobbying services?

Response No. 3: If you feel that a question contained in the Qualification Statement Form does not apply to your Firm or the proposed work, please note it as Not Applicable (N/A)

Proposals **must** be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically **ONLY** via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

THE CITY OF PLANTATION

And

BECKER & POLIAKOFF, P.A.

For

FEDERAL LOBBYING SERVICES

AGREEMENT NO. 075-21

**General Service Agreement
By and Between
City of Plantation
&
Becker & Poliakoff, P.A.
for
Federal Lobbying Services
Agreement No. 075-21**

1. PARTIES AND DATE.

This Agreement ("Agreement") is made and entered into this _____ day of _____, 2021 by and between the CITY OF PLANTATION, a Florida Municipal Corporation with its principal place of business at 400 NW 73 AVENUE PLANTATION, FL 33317, ("City") and BECKER & POLIAKOFF, P.A., a Florida Corporation with its principal place of business at 1 East Broward BLVD #1800, Fort Lauderdale, FL 33301 ("Consultant"). City and Consultant are sometimes individually referred to as "Party" and collectively as "Parties" in this Agreement.

2. RECITALS.

2.1 Consultant.

Consultant desires to timely perform and assume responsibility for the provision of certain services required by the City according to the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing "Federal Lobbying Services" to public clients, is licensed and authorized to do business in the State of Florida, and is familiar with the plans of the City.

2.2 Procurement

Pursuant to City Code Sec. 2-220(b) and 2-226(c) the City publicly solicited for the services mentioned herein, that in the establishment of this Agreement. The Agreement for Federal Lobbying Services is not qualified as a professional services agreement which must be competitively procured pursuant to the Consultants Competitive Negotiation Act

3. TERMS.

3.1 Scope of Services and Term.

- limited to:
- A. General Scope of Services. Consultant shall provide services that include but not
- i. Consultant shall advise, counsel and represent the City in pursuing legislative initiatives, appropriations, grant applications and awards at the Federal level.
 - ii. Consultant shall assist the City in preparing its Federal agendas and shall strategize with the City as requested.
 - iii. Consultant shall identify topics and areas of need to legislators, pertinent legislative leaders, Federal agencies, committee chairs, administrative officials and others.
 - iv. In advance of the legislative session, the Consultant shall meet with City Administration and/or City Council to assist in the development of the City's list of legislative goals, priorities and projects. The Consultant shall identify which of these goals, priorities and projects may be addressed at the Federal level and assist in developing written material to support each request.

- v. In coordination with City staff and City Council, the Consultant shall actively seek opportunities to enhance the City's legislative priorities and provide strategic guidance as necessary.
- vi. The Consultant shall submit information and data as necessary in support of the City's legislative priorities.
- vii. The Consultant shall monitor and report to the City, orally and in writing as requested, the status of pending Federal legislation and appropriations, to include legislation that directly or indirectly impacts the City. This shall include weekly activity reports during session.
- viii. The Consultant shall attend meetings and provide testimony/advocate on behalf of the City at appropriate legislative committees/sub-committees and with State agencies in support of the City's goals, priorities, projects and funding requests.
- ix. The Consultant shall coordinate and solicit support from Federal elected and/or appointed officials and appropriate agencies, including developing and assisting the City in implementing a strategic plan to strengthen and develop relationships.
- x. Consultant shall assist the City and/or its representatives in scheduling and coordinating meeting with Federal leadership in furtherance of the City's agenda.
- xi. At the conclusion of the Federal legislative session, the Consultant shall prepare a final report, including the final status of the City's priorities and a summary of the impact of major legislative changes to the City.
- xii. In addition to legislative and appropriation requests and related activities, the Consultant shall maintain a current awareness of the City's goals and priorities and provide information and advice to the City regarding grant opportunities as appropriate

B. Term. The term of this Agreement shall commence on _____ and shall continue for a period of two (2) years ("Term"), with the option of the City for two (2) additional one (1) year terms ("Renewal Term"), unless earlier terminated as provided herein. The City shall notify Consultant of the intent to exercise a Renewal Term(s) at least 30 calendar days prior to the end of the preceding Term. Consultant shall complete the Services within the Term, and shall meet any other established schedules and deadlines. The City may adjust the fees payable for Services for each such renewal, subject to City budget requirements and appropriations for such purpose. In all other respects the terms and conditions set forth in this Agreement shall govern during the Renewal Term. The Parties may, by mutual written consent, extend the Term if necessary to complete the Services. If the Term extends beyond a single fiscal year of City, the continuation of this Agreement beyond the end of any fiscal year shall be subject to both the appropriation and availability of funds in accordance with Chapter 166, Florida Statutes, as amended.

3.2 Responsibilities of Consultant.

A. Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Consultant or under its supervision. Consultant shall determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Consultant retains the right to perform similar or different services for others during the Term. Any additional personnel performing the Services on behalf of Consultant shall also not be employees of City and shall at all times be under Consultant's exclusive direction and control. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services and as required by law. Consultant

shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

B. Schedule of Services. Consultant shall perform the Services expeditiously, and within the Term. Consultant represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Consultant's conformance with the Schedule, City shall respond to Consultant's submittals in a timely manner. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

C. Conformance to Applicable Requirements. All work prepared by Consultant shall be subject to the approval of City.

D. City's Representative. The City hereby designates _____ or their designee, to act as its representative for the performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for all purposes under this Agreement. Consultant shall not accept direction or orders from any person other than the City's Representative or their designee.

E. Consultant's Representative. Consultant hereby designates Omar Franco, Managing Director, or their designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement.

The Consultant's Representative shall supervise and direct the Services, using their best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services.

F. Coordination of Services. Consultant agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

G. Laws and Regulations: Employee/Labor Certifications. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, and shall give all notices required by law. Consultant warrants that it shall perform the Services in compliance with all applicable Federal and Florida employment laws, including, but not limited to, those laws related to minimum hours and wages; occupational health and safety; fair employment and employment practices; workers' compensation insurance and safety in employment; and all other Federal, State and local laws and ordinances applicable to the services required under this Agreement. Consultant shall indemnify and hold harmless City from and against all claims, demands, payments, suits, actions, proceedings, and judgments of every nature and description including attorneys' fees and costs, presented, brought, or recovered against City for, or on account of any liability under any of the above-mentioned laws, which may be incurred by reason of Consultant's performance under this Agreement. Consultant shall be liable for all violations of such laws and regulations in connection with the Services. If the Consultant performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the City, Consultant shall be solely responsible for all costs arising therefrom. Consultant shall defend, indemnify and hold City, its officials, directors, officers, employees, and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

i. Equal Opportunity Employment. Consultant represents and warrants that it is an equal opportunity employer and it shall not discriminate against any Subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.

H. Insurance.

i. Time for Compliance. Consultant shall not commence Services until it has provided evidence satisfactory to the City that it has secured all insurance pursuant to **Exhibit B**.

I. Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to this Agreement for a period of 3 years from the date of final payment under this Agreement.

3.3 Fees and Payments.

A. Compensation. Consultant shall receive compensation as stated below:

Pricing Structure	Amount
Monthly Fee	\$4,000.00 (all-inclusive)
*The agreed upon annual retainer of \$48,000.00 (\$4,000/per month) shall be paid in quarterly installments of \$12,000.00.	
**The above rates include salary costs, fringe benefits, overhead, operation margin and profit. They do not include direct expenses. Approved travel costs shall be billed quarterly by the Agreement and shall not exceed three (3) percent of the total Agreement amount.	

B. Payment of Compensation. City shall review all invoices and pay all approved charges thereon consistent with Section 218.73, Florida Statutes, as amended.

C. Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City.

D. Consideration Adequate. The Parties acknowledge that there is adequate consideration to enforce each and every provision of this Agreement.

3.4 Termination of Agreement.

A. For Convenience. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least 30 calendar days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The City may terminate this Agreement for convenience even if Consultant avails itself of the Dispute Resolution process set forth below in subsection 3.5C.

B. For Cause. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and with cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least 21 calendar days before the effective date of such termination. The City may, but is not obligated to, provide Consultant with an opportunity to cure any breach prior to the effective date of any termination for cause. The Consultant may not terminate this Agreement except upon a breach by the City, which is not cured upon 21 calendar days' notice to City. In case of the Consultant's termination for cause, the Consultant shall be paid for Services satisfactorily provided to such termination date, less any setoffs or adjustments City may claim arising out of the

Consultant's breach, the remaining unperformed parts of this Agreement, and for that portion (if any) of the Consultant's performance which is unsatisfactory (the intent being that the Consultant be paid what is just and equitable compensation for the Consultants' performance of Services rendered to the satisfaction of the City). Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Should the Consultant avail itself of the Dispute Resolution process set forth below in subsection 3.5C, then the City may not terminate this Agreement for Cause until the conclusion of the Dispute Resolution process.

C. Mutual Termination. This Agreement may also be terminated by mutual written agreement at any time and under any terms.

D. Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services. Consultant shall be required to provide such documents and other information within 21 calendar days of the request.

E. Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

(Space intentionally left blank)

3.5 General Provisions.

A. Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective Parties at the following address, or at such other address (physical or electronic) as the respective Parties may provide in writing for this purpose:

Consultant:

Becker & Poliakoff, P.A.
Gary C. Rosen
1 East Broward Blvd, #1800, Ft Lauderdale, FL 33301

City:

Mayor Lynn Stoner
400 NW 73rd Avenue
Plantation, FL 33317

With copies to:

Jason Nunemaker
Chief Administrative Officer
400 NW 73rd Avenue
Plantation, FL 33317
Email: JNunemaker@Plantation.org

Kerry L. Ezrol, City Attorney
Goren Cherof, Doody & Ezrol, P.A.
3099 E Commercial Blvd., Ste. 200
Fort Lauderdale, FL 33308
Email: KEzrol@gorencherof.com

Such notice shall be deemed made when personally delivered, or, if mailed, 48 hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the Party at its applicable address, or delivered to such electronic mail address provided by the Parties for service of notices under this subsection when receipt is acknowledged by electronic written response by the receiving Party.

B. Indemnification.

i. Scope of Indemnity. To the fullest extent permitted by law, Consultant shall defend, indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any alleged acts, errors or omissions of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all consequential damages, expert witness fees and attorney's fees and other related costs and expenses, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Consultant and other persons employed or utilized by the Consultant in the performance of this Agreement.

ii. Additional Indemnity Obligations. Payment of any amount due pursuant to the foregoing indemnity shall, after receipt of written notice by Consultant from the City that such amount is due, be made by Consultant prior to the City being required to pay same, or in the

alternative, the City, at the City's option, may make payment of an amount so due and Consultant shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by Consultant of written notice from the City that such payment is due. Consultant agrees, at Consultant's expense, after written notice from the City, to defend any action against the City that falls within the scope of this indemnity, or the City, at the City's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by Consultant. Additionally, if Consultant, after receipt of written notices from the City, fails to make any payment due hereunder to the City, Consultant shall pay any reasonable attorney's fees or costs incurred by the City in securing any such payment from Consultant.

iii. Nothing contained herein is intended nor shall it be construed to waive the City's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the City's favor. Notwithstanding any other provision of this Agreement to which it is applicable, City shall not be liable or responsible to Consultant beyond the monetary limits and amounts specified in Ch. 768.28, Fla. Stat., regardless of whether said liability be based in tort, contract, indemnity or otherwise; and in no event shall City be liable to Consultant for punitive or exemplary damages or for lost profits or consequential damages.

iv. This paragraph shall survive termination or expiration of this Agreement.

C. Dispute Resolution

i. In the event that any dispute between the City and the Consultant concerning questions or issues arising under this Agreement that have not been resolved, a request for dispute resolution shall be submitted by the Consultant to the City for determination. Request for such determination shall be made in writing. The City's decision may be reached in accordance with assistance, as it may deem reasonably necessary or desirable. The City's decision shall be rendered in writing no more than 30 calendar days after receipt of a fully documented (to the extent that such documents are within the control of the Consultant) request for a determination. The decision shall be conclusive, final, and binding on all Parties, unless the Consultant shall seek a judicial determination in accordance with the provisions set forth below in subsection 3.5D.

ii. No later than 10 calendar Days after the Consultant's receipt of the City's determination, the Consultant shall respond to the City in writing, either accepting the determination or stating the Consultant's factual or legal objection to the determination. If the Consultant's response is an objection, the City shall respond in writing to the objection within 10 calendar days after receipt. No further response by either Party shall be required. Thereafter, the Consultant may seek a judicial determination of the dispute. In the event that the Consultant intends to seek judicial determination of a matter decided by the City, the Consultant shall notify the City of its intent to do so within 10 calendar days of the City's final decision.

iii. If required by City, the Consultant shall continue to perform the Services required under this Agreement during this resolution period, including any judicial resolution. The City's written determination shall be complied with pending final resolution, including judicial, of the dispute. If the Consultant complies with the City's written determination, the City shall continue to perform under this Agreement and make all payments due (other than those or the portions of payments in dispute, if any) during the resolution period. This payment provision shall not apply in the event that the Consultant fails to submit a dispute to the City as required by this subsection. The continued performance of this Agreement by either Party shall not constitute an admission as to any factual or legal position in connection with the dispute, or a waiver of its rights under this Agreement or at Law.

D. Governing Law; Judicial Review; Venue. This Agreement shall be governed by the laws of the State of Florida and venue shall be in Broward County without regard to its conflicts of law. The Parties hereby agree that in the event of any litigation between them, such proceeding shall be brought exclusively in the courts of the State of Florida, County of Broward or the Federal District Court with subject matter jurisdiction and encompassing the County of Broward, Florida. Each Party hereby irrevocably consents and submits to the jurisdiction of, and venue in, the aforementioned courts, and further waives any claim that a proceeding brought therein has been brought in an inconvenient forum. To the extent not prohibited by applicable law that cannot be waived, the City and Consultant hereby waive, and covenant that they will not assert (whether as plaintiff, defendant or otherwise), any right to trial by jury in any action arising in whole or in part under or in connection with this Agreement, whether now existing or hereafter arising, and whether sounding in contract, tort or otherwise.

E. Time of Essence. Time is of the essence for each and every provision of this Agreement.

F. City's Right to Employ Other Consultants. City reserves right employ other consultants in connection with this Service. Successors and Assigns. This Agreement shall be binding on the successors and assigns of the Parties.

G. Assignment or Transfer. Consultant shall not assign, hypothecate, or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the City. Any attempt to do so shall be null and void, and any assignees, hypothecates or transferees shall acquire no right or interest by reason of such attempted assignment, hypothecation or transfer.

H. Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and Subconsultants of Consultant, except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

I. Amendment; Modification. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

J. Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel or otherwise.

K. No Third-Party Beneficiaries. Except to the extent expressly provided for in this subsection, there are no intended third-party beneficiaries of any right or obligation assumed by the Parties. The City has three dependent districts (Plantation Midtown Development District, Plantation Gateway, and the City of Plantation Community Redevelopment Agency) hereinafter "Districts", all of which have the power to execute contracts, and all of which are served by City personnel for the purpose of Administration. Such Districts shall be intended third Party beneficiaries and shall be able to enforce the terms hereof for any Services provided on behalf of the Districts.

L. Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

M. Prohibited Interests. The Consultant warrants and represents that no elected official, officer, agent or employee of the City has a financial interest directly or indirectly in this Agreement or the compensation to be paid under it, and further, that no City employee who acts in the City as a "purchasing agent" as defined by §112.312(20), Florida Statutes, as amended, nor any elected or appointed officer of the City, nor any spouse or child of such purchasing agent employee or elected or appointed officer, is a partner, officer, director, or proprietor of the Consultants, and further, that no such City employee purchasing agent, City elected or appointed officer, or the spouse or child of any of them, alone or in combination, has a material interest in the Consultants. Material interest means direct or indirect ownership of more than Five Percent (5%) of the total assets or capital stock of the Consultants.

N. Conflicts of Interest. Consultant covenants that no person under its employ who presently exercises any functions or responsibilities in connection with this Agreement has any personal financial interests, direct or indirect, with City. Consultant further covenants that, in the performance of this Agreement, no person having such conflicting interest shall be employed, any such interests, on the part of Consultant or its employees, must be disclosed in writing to City. Consultant is aware of the conflict of interest laws of the State of Florida, Chapter 112, Florida Statutes, as amended, and agrees that it will fully comply in all respects with the terms of said laws. Consultant warrants that it has not employed or retained any person employed by City to solicit or secure this Agreement and that it has not offered to pay, paid, or agreed to pay, any public official or person employed by City any fee, commission, percentage, brokerage fee or gift of any kind, contingent upon or resulting from the award of this privilege.

O. Convicted Vendor List. Consultant represents to City that it is not a person or affiliate as defined in §287.133, Florida Statutes, as amended, which has been placed on the convicted vendor list maintained by the Florida Department of Management Services following a conviction for a public entity crime. Consultant acknowledges and agrees that it may not submit a bid on a contract to provide any goods or services to the City, may not submit a bid on a contract with the City for the construction or repair of any public building or public work, may not submit bids on leases of real property with the City, may not be awarded an opportunity to perform work as a Consultant, supplier, Subconsultant or Consultant under a contract with the City, and may not transact business with the City in an amount set forth in §287.017, Florida Statutes, as amended, for Category Two for a period of 36 months from the date of being placed on the convicted vendor list.

P. Cooperation: Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

Q. Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

R. Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original, and it shall not be necessary in making proof of this Agreement to produce or account for more than one such counterpart.

S. Entire Agreement. This Agreement, including the below mentioned Exhibits constitutes the entire agreement and supersedes all prior agreements and understandings, both written and oral, among the parties with respect to the subject matter hereof. The Agreement shall not be modified except by a written amendment dated subsequent to the date of this Agreement and signed of behalf of City and Consultant by their respective duly authorized representatives.

FEDERAL LOBBYING TEAM

Today, the Becker lobbying team represents dozens of cities, counties, universities, trade groups, private businesses, and a state port authority in the halls of Congress and with the Executive agencies. We are most proud of our long-standing clients, many of whom have been with us for 5+ years. Palm Beach County, Sarasota County, Collier County, City of Cape Coral, Town of Davie, and others have renewed our contract multiple times despite leadership changes and challenging economic times. Their confidence in our value reflects the Becker team's commitment to ongoing and consistent communication, tireless work ethic, and a consistent return on investment.

Qualifications

Federal Team: Becker

Firm Qualifications

No Learning Curve

Representing Florida's local governments in Washington, DC is a specialty of the Becker lobbying team - there is no learning curve. Members of the lobbying team also worked in Tallahassee before becoming federal lobbyists. Their combined state/federal government experience offers the city the benefit of leveraging state and federal programs and funding. Few firms, if any, know how to take advantage of the interplay between state and federal funding like the Becker team does for its local government clients. We have long-term working relationships with the South Florida and Florida Congressional delegation and Members of Congress with jurisdiction over your priority issues. We are ready to put that knowledge and those relationships to work for The City of Plantation.

Becker lobbyists understand municipal issues and the uniquely public nature of representing local governments. Our experience includes growing communities such as Cape Coral and Sarasota County, large, diverse communities such as Hennepin County (Minneapolis), Minnesota, and Florida cities such as North Miami, Coral Gables, and Davie.

Local Presence

We are local. We are active members and hold leadership positions in organizations such as the United Way of Broward County, Jewish Federation, Broward Bar, Greater Fort Lauderdale Chamber of Commerce, Enterprise Florida, and Greater Ft. Lauderdale Alliance. Ellyn Bogdanoff is on the Washington Summit Steering Committee with Broward leaders and local government officials. Omar Franco is helping plan the Capitol Hill meetings for the Summit participants.

Becker distinguishes itself from other federal lobbying firms by providing local liaisons who know the City well. Attorneys and former legislators Katie Edwards-Walpole and Ellyn Bogdanoff can add value with local insights and availability to participate in local meetings.

The Becker Advantage:

- 1) Diverse, professional, experienced DC-based lobbying team (from South Florida) that has worked together for many years in the nation's capital;
- 2) Extensive Capitol Hill legislative and lobbying experience and relationships with members and staff on key committees such as Appropriations, Ways & Means, Transportation, Homeland Security, Judiciary, Finance, and Commerce;

Qualifications

- 3) In-depth understanding of the City of Plantation's priority issues and federal programs relating to infrastructure, innovation and emerging technology, economic development, transportation, and more;
- 4) Relationships with key influencers and decision-makers (both political and career) at USDOT, Army Corps of Engineers, FEMA, Homeland Security (DHS), Health and Human Services (HHS), and Housing and Urban Development (HUD) departments;
- 5) Specific knowledge of federal programs impacting cities
- 6) Personal longtime relationships with South Florida and other members of the Florida Congressional Delegation plus House and Senate leaders on both sides of the aisle with jurisdiction on Plantation's priority issues;
- 7) Existing working relationships with allied organizations, such as the National and Florida League of Cities, US Conference of Mayors, National Association of Counties (NACo), American Public Works Association (APWA), and others to create synergies, collaboration, and alignment with your priorities;
- 8) The resources of a large law firm to provide legal analysis, interpretation, and technical assistance;
- 9) Fully staffed lobbying team to cover hearings, coordinate communications, and meetings for City officials, provide written and verbal reports, and provide a clear strategy for accomplishing City goals with timelines, milestones, and accountability;
- 10) Proven track record of successful lobbying for city governments in DC;
- 11) Broward County presence and local liaisons to attend local meetings and offer local perspectives to the federal lobbying team.
- 12) NO CONFLICTS.

In sum, Becker's active local presence in Broward County, deep Florida roots, and extensive lobbying experience representing local governments in Washington, DC (and Tallahassee) provide a tangible advantage over traditional DC lobbying firms.

A new energized federal lobbying team can elevate Plantation's visibility among the nation's leading communities and provide a new innovative strategy to advance city priorities to the right influencers, decision-makers on Capitol Hill, and in the Administration.

Qualifications

Key Individuals

Federal Team Members

Becker has carefully cultivated its federal lobbying team's growth to ensure the firm's fundamental commitment to diversity, camaraderie, and excellence is maintained. The federal lobbying practice provides clients with the best of both worlds: a small boutique hands-on lobbying group with a large law firm's resources and power. City officials are welcome to use our DC office when visiting the nation's capital.

The Becker Lobbying Team

The Becker team will use its combined 75+ years of lobbying experience, knowledge, relationships, and expertise to implement The City of Plantation's federal priorities.

Amanda Wood and Omar Franco will co-lead the Plantation Federal Lobbying team. They will jointly handle client communication, overall strategic direction, and execution of the agreed-upon agenda. Clarence Williams and Anthony Bedell will assist them. Each member of the team has 15+ years of experience in politics, policymaking, and lobbying.

In addition to co-leading the team, Amanda will serve as a primary Senate liaison and coalition builder with natural allies such as other cities, organizations such as the League of Cities, and issues related to policy and funding (appropriations and agency grants) for justice and transportation, water quality and quantity, housing, health, and human services. Amanda is well-known for her expertise in identifying and successfully pursuing agency grant funds.

Omar Franco is a veteran lobbyist and former Chief of Staff to Florida delegation dean Rep. Mario Diaz-Balart (R-FL). He is well-known for his strong connections to Hispanic Members and staff representing districts throughout the country. Access to a diverse and ever-increasing group of influential decision-makers is a not-so-secret weapon for the Becker team. Omar will focus on housing, transportation, mental health, opioid issues, FEMA, and appropriations.

Clarence Williams, former Chief of Staff to Congressman Kendrick Meek (D-FL), will focus on health care issues, human service issues, Defense and military base issues, FEMA, Army Corps, and appropriations. He will work primarily with House Democrats.

Anthony Bedell, former Deputy Assistant Secretary for Intergovernmental and Congressional Affairs at the US Department of Transportation (USDOT), will elevate the City's priority issues to top-level decision-makers on key House and Senate committees

Qualifications

Appropriations, Transportation & Infrastructure others. Anthony will work with House and Senate Republicans on transportation and other issues and provide strategic guidance on funding from USDOT, FEMA, Army Corps, and other agencies.

In addition to the above federal lobbying team members, other firm members are available as resources to the City of Plantation on an as needed basis. Becker attorney Katie Edwards-Walpole is intimately familiar with Plantation's issues from her time as a state representative representing the City. Likewise, attorney, former legislator, and state lobbyist Ellyn Bogdanoff is also available to work closely with the DC-based Federal lobbying team by sharing local insights and relevant context on issues.

Becker Team Workload and Availability

The Becker team is available immediately to begin working with the City. Co-leaders Amanda Wood and Omar Franco will carefully structure a work plan utilizing a proactive team approach that leverages team member's strengths and relationships. We understand the importance of "on-call" availability and accessibility, day or night, on weekends or holidays. Whether it is daytime meetings, evening fundraisers, or weekend social events, the team is always working to gain insights, share information, and advocate for clients. The business of government relations never stops, and either do our team members. In fact, they thrive on it. Each team member is available 24/7/365. City leaders will have cell phone numbers for each team member.

We look forward to demonstrating our tireless work ethic and creative thinking supporting the City's legislative agenda.

Federal Lobbying Team Resumes

Role: Co-Lead lobbyist responsible for client communication, overall strategic direction, and execution of program; primary liaison to Plantation; Appropriations; Senate; Agency Grant Funding; allied organizations.

Qualifications

Years of experience: 16 years of Federal lobbying; 8 years on Capitol Hill

Percentage of time dedicated to the City of Plantation: 20%

Amanda Wood has worked on and around Capitol Hill for over 20 years. She has extensive knowledge and relationships on Capitol Hill and in the Administration. She began lobbying in 2005 after serving on the staff of Senator Bob Graham for seven years and as his last Senate Legislative Director.

Ms. Wood's experience working on Capitol Hill and representing local governments offers clients expertise on federal issues related to transportation, economic development, natural resources, disaster preparedness and recovery, water resources, science, technology, NASA, law enforcement, and social services. She has developed a specialty in accessing criminal justice equipment and law enforcement training funds through programs run by Justice, Homeland Security, and others. She has also had great success representing a long-time client, ShotSpotter, a technology used by local governments to detect gunshot locations.

Amanda represents a mix of public and private sector clients, including Sarasota and Collier counties, Cape Coral, FL, Davie, FL, ShotSpotter, Next Era Energy, NTT Data, Hitachi Vantara, and Genasys Corporation, among others.

Ms. Wood develops and executes federal government relations strategies and guides clients through the federal funding process, including the House and Senate's budget and appropriations committees and federal grant opportunities. She has achieved success through strategic, direct communication with her clients and federal decision-makers and a comprehensive approach to researching community-specific federal funding opportunities. Amanda takes pride in helping clients communicate effectively with federal officials and identify and secure grant funding that fulfills local needs.

Work History

Amanda Wood served as Legislative Director to Senator Bob Graham (D-FL), responsible for developing and implementing the Senator's legislative agenda and strategy. While serving as the Senator's chief advisor on federal appropriations, Ms. Wood worked closely with representatives from various cities, counties, educational institutions, nonprofit organizations, and state agencies to advocate for projects ranging from infrastructure improvements to research and cultural projects.

Since 2005, Amanda has represented city and county governments of various sizes, demographics, and economic conditions. She has been successful in securing federal funding through congressional appropriations and agency grant awards. Amanda

Qualifications

enjoys working with clients to explain Federal opportunities, develop proactive strategies to secure funding, expedite federal approvals, and remove roadblocks. She presents regular updates to her clients regarding Congressional activities and political impacts on their policy priorities.

Amanda and other team members have excellent working relationships with influential Members and staff on committees with jurisdiction over Plantation's priority issues. Some examples include House Appropriations Subcommittee on Energy & Water, which provides for the Army Corps projects with Congresswoman Debbie Wasserman Schultz, Lois Frankel. Rep. Wasserman Schultz also chairs the powerful Subcommittee on Military and Veterans Affairs spending. Rep. Mario Diaz-Balart serves as Ranking Member of the House Transportation and Housing Appropriations Subcommittee. Additionally, the team has excellent relationships on Transportation & Infrastructure authorizing committee with Chairman DeFazio, Ranking Member Graves, Eddie Bernice Johnson, John Garamendi, Rick Larsen, plus Florida members Dan Webster, Brian Mast, Frederica Wilson, and Carlos Gimenez.

Similarly, on the Senate side, Amanda has worked closely with the Environment and Public Works Committee Members and staff since her time as Legislative Director for Senator Bob Graham, who served there for many years. Senator Rubio is a member of the all-important Appropriations Committee, and the team has good working relationships with subcommittees with jurisdiction over the City's priority issues. Amanda continually works with the staff of Appropriations Chairman Patrick Leahy and Ranking Member Richard Shelby and subcommittee leadership to advance goals (funding and otherwise) through their annual "must-pass" bills will serve as critical vehicles for our efforts.

Amanda and the team have established direct relationships with influential Federal agency officials to guide funding levels, program decisions, advisory board appointments, and competitive award processes.

Education & Training

Georgetown University, B.S.

Organizational Involvement

Board member of the Latin American Youth Center in Washington, D.C.
Member, Georgetown University Alumni Admissions Program.

Amanda Wood's Accomplishments for local government clients:

- ✓ Secured a \$13 million US Department of Transportation (USDOT) TIGER Grant for transportation infrastructure for Collier County. The Highly competitive grant was won on a re-application following a high-level debrief with USDOT and outreach

Qualifications

from the entire delegation, including then-House Transportation Appropriations Committee Chairman Mario Diaz-Balart (R-FL). The Becker team worked closely with USDOT's Office of Intergovernmental Affairs to achieve this significant win for Collier County.

- ✓ Secured \$9+ million in 2020 for Collier County to purchase new buses and rehabilitate its existing operations and maintenance building. We helped the County design a well-aligned project with both the grant requirements and our knowledge of FTA's priorities and interests. We also engaged their Congressional delegation to weigh in with support, arming them with draft letters of support and talking points for outreach to USDOT leadership. Notably, we leveraged the support of House Transportation Appropriations Subcommittee Ranking Member Mario Diaz-Balart.
- ✓ Successfully gained passage of language creating the Water Infrastructure Financing and Innovation program (WIFIA) to address local government's water infrastructure finance issues. This language created a finance mechanism modeled after the successful Transportation Infrastructure Finance and Innovations Authority and will provide access to lower-cost capital for investments in water infrastructure. WIFIA increased the availability of federal loans for water infrastructure investments by over \$20 million, which would otherwise not be suitable for assistance through the existing Drinking Water and Clean Water State Revolving Fund (SRF) programs.
- ✓ Helped coordinate local government coalition with cities and counties to change federal law to limit FEMA's ability to de-obligate decade-old disaster recovery expenditures for clients, including Collier and Palm Beach counties, the City of Cape Coral, and the Town of Davie.
- ✓ Worked with the Federal Emergency Management Agency (FEMA) to reach a favorable determination on appeals of FEMA's de-obligation of disaster recovery expenditures related to the hurricanes from over a decade ago for clients including Collier County, the City of Cape Coral, and the Town of Davie.
- ✓ Expedited U.S. Fish and Wildlife Service and Army Corps of Engineers permits for multiple coastal communities, advancing critical habitat protection and economic development.
- ✓ Assisted the City of Cape Coral in securing funding through the Paul Coverdell forensic science grant, which resulted in the award of \$93,796 in competitive U.S. Department of Justice (DOJ) funds to the Cape Coral Police Department.
- ✓ Secured \$2.4 million under the US Department of Homeland Security (DHS) SAFER grant program for fire service staffing in the Town of Davie and \$462,673 through the Assistance to Firefighters Grant for the Town of Davie for new self-contained breathing apparatus (SCBA) and an air compressor cascade system for frontline fire engines and rescue units.

Qualifications

- ✓ Following the explosion and fire on BP's Deepwater Horizon in the summer of 2010, Amanda worked on Collier County and Gulf County's behalf to support legislation to compensate impacted counties and restore habitat. The RESTORE Act became law in 2012 and holds the parties responsible for the Gulf oil disaster accountable for restoring the Gulf. By investing fines owed by BP and the other parties responsible for the Gulf oil spill into the Gulf region, the RESTORE Act has provided significant financial resources to Florida counties.
- ✓ Over three fiscal years, Amanda assisted Collier County in securing \$2.1 million in federal funding for transportation infrastructure to support improvements to two critical interchanges on I-75 at Everglades Boulevard and Collier Boulevard/SR 84. These improvements were critically needed to provide access to safe evacuations from storms and fires as significant growth continues in Collier County.
- ✓ Guided and advised public safety innovator ShotSpotter and its local government clients in securing over \$10 million in federal funding to protect their communities through Gunshot Location System coverage.
- ✓ Secured support for tax-exempt status of municipal bonds and successfully eliminated language in the final tax package that would have impacted bonding to construct professional sports stadiums creating significant savings for local governments.

Omar Franco

Managing Director

Washington, D.C.

202.731.3401

OFRANCO@beckerlawyers.com

Role: Co-Lead lobbyist responsible for client communication, overall strategic direction, and execution of program; Focus on Executive Agencies, Florida delegation; Hispanic delegation; House and Senate Appropriations; Housing, Mental Health, Prescription Drug/Opioid prevention, and treatment

Years of experience: 13 years of Federal lobbying; 5 years on Capitol Hill; 10 years in Florida Legislature

Percentage of time dedicated to the City of Plantation: 20%

Omar Franco is the Managing Director of Becker's Washington, DC office. He represents a broad cross-section of Fortune 500 companies, small businesses, public entities, and trade association clients, including, for example, ViacomCBS, Fox Corporation, Motion

Qualifications

Picture Association, Intuit, Booz Allen Hamilton, Florida Crystals Corporation, Univision, National Association of Hispanic Association of Real Estate Professionals, America's Small Business Development Centers, Eastern Shipbuilding Group, Gold Coast Florida Regional Center, A&J Capital, plus, the Florida counties of Sarasota, Palm Beach, and Collier, and the Florida municipalities of Coral Gables, Davie, Hialeah, South Miami, and Pinecrest, among others.

Omar works with Hispanic organizations that promote diversity and a voice for Hispanics in Washington and throughout the country. He is the federal lobbyist for the Latino Coalition and is considered one of the most effective Hispanic federal lobbyists. He serves on the National Hispanic Advisory Council, providing input to the President and Executive branch on essential issues to the Hispanic community.

Work History

Omar Franco has served in government at the state and federal levels and has represented local governments and private entities in Washington, D.C. Starting in 1993, Mr. Franco served as a legislative aide to a bipartisan group of Florida state legislators. He lobbied for the Florida Medical Association and the University of Miami.

In 2001, then-University of Miami President and former U.S. Representative Donna Shalala promoted him to Assistant Vice President of Governmental Relations, where he represented the university at both the federal and state levels of government and primarily worked on appropriations and health care issues. The University of Miami integrated with Miami Jackson Hospital, its safety net hospital, and the medical school. In 2003, Omar was named Chief of Staff for Congressman Mario Diaz-Balart (R-FL). He managed the Congressman's Washington D.C. and district operations. He closely counseled the Congressman in his areas of expertise, including federal appropriations, health care, transportation, higher education, and issues dealing with Hispanics. During his tenure, Omar was granted Top Secret security clearance by the U.S. Department of Defense and founded the Congressional Hispanic Conference and the Congressional Hispanic Leadership Institute.

He returned to lobbying in 2009. He was the lead government relations consultant for the Miccosukee Tribe of Florida, Stratus Pharmaceuticals, Pacer Health, FalconTrust Air, Florida Gulf Coast University, Secure Wrap, Medica HealthCare Plans, the municipalities of Hialeah, Miami Lakes, and North Bay Village. He also worked on federal issues for CNL Financial Group, Vulcan, Inc., Charter Communications, and Frontier Communications. Omar founded Franco Government Relations in 2010, where he represented the Miccosukee Tribe of Florida, Florida Gulf Coast University, and the Town of Miami Lakes and continues representing Hialeah, North Bay Village, and Hialeah Gardens. In 2011, he

Examples of Client Accomplishments

- ✓ Palm Beach County - Received clarification from the U.S. Department of Housing and Urban Development (HUD) concerning its interpretation of the Fair Housing Amendments Act regarding sober houses. The joint statement by both the Department of Justice and HUD clarifies the Fair Housing Amendments Act and its application to group homes, including sober homes. This clarification from HUD allows Palm Beach County to pass ordinances to protect the safety of the residents of these homes -- a top priority for the County.
- ✓ Town of Davie - Secured a U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA) de-obligation appeal through the state associated with Hurricane Wilma for \$1,190,691 for the Town of Davie.
- ✓ Town of Davie - Identified numerous funding opportunities through federal agencies and various grant programs. We have reviewed past grant applications and identified some needed improvements. We coordinate technical assistance training for Town staff to learn how to be more successful in applying for grants, including COPS grants for police funding, SCBA grants for fire protection, and Economic Development Agency (EDA) grants. The Town renewed our one-year contract -- another testament to our success for local government clients.
- ✓ North Bay Village, FL -- Secured \$475,000 for a Bus Facility Project within the new Municipal Public Safety Complex. Also, Omar worked with Rep. Debbie Wasserman Schultz's office to assist North Bay Village in receiving \$4,655,000 from the American Recovery & Reinvestment Act for the Force Main project.
- ✓ North Bay Village, FL - For 42 years, wastewater from North Bay Village pumped through the same pipe traveling more than two miles to Miami Beach to be processed. This force main pipeline rested on the Biscayne Bay floor, exposed to

Qualifications

hazards such as impacts from boats. Damage to the pipe accelerated by corrosion and age. This pipeline had caused six spill accidents and was causing continued environmental damage and health risks to North Bay Village and all the surrounding communities. Omar and other team members began working with North Bay Village to see if federal funding would be available for this project. Working closely with then-Senator Bill Nelson and Congresswoman Debbie Wasserman Schultz's office, we resubmitted the appropriations request. After several years of work, North Bay Village received notification that it had been awarded \$4,655,012 to completely rehabilitate the existing 12,000 feet of 12-inch force main that crosses the Biscayne Bay.

- ✓ Miami Lakes, FL – Secured \$570,000 Transportation-Housing and Urban Development (THUD) funding for vehicle procurement of two hybrid electric vehicles to provide trolleybus service. Omar and other team members worked with Congressman Mario Diaz-Balart's office to secure \$570,000 in the Transportation-HUD bill for vehicle procurement of two hybrid electric vehicles to provide this trolleybus service. The Town sought to enhance its existing transportation program, specifically, the general circulator trolleybus service routes, to decrease traffic congestion and increasing economic development via mass transit development projects. The public circulator service improved with scheduled bus routes, bus shelters and benches, and upgrades to street signs, among other things.
- ✓ Hialeah, FL – Worked with Rep. Mario Diaz-Balart's office and secured \$500,000 for street and sidewalk improvements in the Transportation-HUD Appropriations bill and \$250,000 for police equipment upgrades in the Commerce-Justice State Appropriations under the COPS account. The city requested federal funds to complete the West 24th Avenue corridor's reconstruction from 52nd Street to 76th Street and West 76th Street, from 20th to 36th Avenue. The federal dollars enhanced stormwater drainage, improved the lighting, sidewalk, curb/gutter, and added additional center turn lanes and another lane in either direction.
- ✓ Transportation Security Administration (TSA) to promulgate new rules and regulations for the baggage wrapping industry in the United States.
- ✓ Eastern Shipbuilding Group - \$500 million was included in the FY-18 Omnibus bill of the Homeland Security Appropriations for the Coast Guard's Offshore Patrol Cutter program, an increase of \$400 million over FY-17 funding.
- ✓ Small Business Development Centers - Secured \$130,000,000 – a \$20,000,000 increase over the President's proposed budget.

Qualifications

Clarence Williams

Senior Government Relations Consultant

Washington, D.C.

📞 202.621.7122

📞 202.621.7264

✉️ CLWILLIAMS@beckerlawyers.com

Role: FEMA, Human Services, Army Corps, Health Care policy and funding; Florida delegation; House of Representatives; Appropriations; Agency policy and funding

Years of experience: 10 years of Federal lobbying; 8 years on Capitol Hill; Florida Legislature

Percentage of time dedicated to the City of Plantation: 10%

Clarence Williams represents and advocates for a wide range of clients before Congress and federal executive branch agencies. Clients rely on Clarence's policy and political acumen, gained over 15 years of public service in Washington, D.C., and a state capitol to help them take advantage of federal opportunities and navigate potential pitfalls in regulations, procurement, and legislation. His clients include local governments such as Brevard County, Volusia County, Miami Gardens, North Miami, West Park. He also represents Florida Memorial University, Bethune Cookman University, including its School of Public Health, University of Miami's Uhealth Tower Hospital, Florida International University, Westchester General Hospital, and Corona Pathology (a clinical laboratory), the Foundation for Sickle Cell Disease Research, among others.

He takes advantage of his knowledge of state and federal government programs to help clients access and leverage government funding and unravel complicated program overlap. As an example, he was able to secure \$1 million-plus in sequestered grant funds that were released during the government shut down for a capital project and negotiated \$1 million-plus in funds from the State's Revolving Fund for a total of about \$2.1 million secured for the City of Opa-Locka.

A dynamic speaker who translates complex policy matters for all audiences, Clarence provides policy updates to clients on subjects including Opportunity Zones, health care, tax, government procurement, education, and general government process.

Work History

Clarence served as Chief of Staff for Congressman Kendrick B. Meek (D-FL). He served as the Congressman's chief policy advisor and strategist on all matters before the U.S.

Qualifications

House of Representatives. He directly managed the Congressman's portfolio of issues relating to the Committees on Ways and Means, Armed Services, Homeland Security, and Budget. Clarence specialized in health care issues, armed services, taxation, energy, local government issues, education, and domestic and international trade. As lead staff for Congressman Meek on the Ways & Means Committee and Health Subcommittee, he has hands-on experience with the development of the Affordable Care Act (ACA), including:

- Worked to ensure that the Disproportionate Share Hospital (DSH) program continued with the expansion of Medicaid and that states maintained discretion to direct payments as necessary;
- Limited taxation on Durable Medical Equipment (DME), and providing incentives for manufacturers to cut costs;
- Structuring of the Accountable Care Organizations pilot program.

Since leaving Capitol Hill in 2011, Mr. Williams has represented public and private sector clients before Congress and the Administration. He has succeeded in securing funding and making legislative and regulatory changes to fulfill his client's goals. He works especially closely with federal agencies including DOT, FAA, TSA, DHS, and members of the House Transportation, Science, Ways & Means, Energy & Commerce, Homeland Security and Armed Services Committees, and Senate Finance, Health, Education, Labor & Pensions (HELP), Commerce, Armed Services and Homeland Security Committees, plus House and Senate Appropriations Committees.

Education & Training

Florida State University, B.A.

Organizational Involvement

Congressional Black Caucus

American League of Lobbyists

Congressional Chiefs of Staff Alumni Association

Examples of Client Accomplishments

- ✓ Assisted Bethune-Cookman University in obtaining an invitation to join an \$86 million federal STEM research consortium sponsored by the United States Army, as well as a DOJ-sponsored research project to study behavioral aspects of domestic violence.
- ✓ Secured \$5.1 million for client, Florida International University to create a Center of Excellence in joint partnership with the Department of Defense, NASA, and NOAA for research in origami antennae.
- ✓ Assisted the City of Miami Gardens in obtaining \$1.2 million through the Department of Justice's COPS program to hire the city's first entirely residential

Qualifications

- police class.
- ✓ Leveraged federal-state relationships to orchestrate the release of over \$1 million in sequestered grant funds for a capital project in Opa-Locka while simultaneously negotiating funds from the State Revolving Fund totaling just under \$1 million for a related project in Opa-Locka.
 - ✓ Worked with the Department of Transportation's Federal Aviation Administration (FAA) to maintain the Executive Airport's operation in Opa-Locka in the face of widespread contract tower closing. Opa-Locka was one of only 24 airports to remain open of the original 177 slated for closing.
 - ✓ Secured a \$25 million authorization in the National Defense Authorization Act for client STS International Inc.
 - ✓ Secured multi-year funding through the United States Air Force for Florida Memorial University's Aviation and Aerospace program
 - ✓ Established working/advisory relationship between NASA's manned exploration divisions and client ACR Electronics on iridium-based communications networks
 - ✓ Worked with program officials within the Department of Education and Congressional committee staff to provide the Department with authority to modify eligibility requirements for an existing program with remaining funds from the previous budget year. In advocating for and obtaining the modification the Department wanted and our client needed, our team was able to assist client Florida Memorial University in receiving \$12 million in capital funding from the program's remaining money
 - ✓ Worked with the Department of Defense on logistics, IED technology, and securing their fuel fleet.
 - ✓ Obtained \$4.9 million from the United States Air Force for client Florida International University to create a Center of Excellence in Origami Antenna development.
 - ✓ Assisted the University of Miami in partnering with the National Institute of Occupational Safety and Health through an MOU agreement to perform research related to firefighter cancers.

Anthony Bedell

Senior Corporate
and Government Relations Director

Washington, D.C.

📞 202.621.7122

✉️ ABEDELL@beckerlawyers.com

Role: Congressional Lobbying Only – House and Senate appropriations and policy

Qualifications

committees; Strategic Guidance on Federal Programs

Years of experience: 25 years of Federal lobbying; 7 years of federal government experience at USDOT and USDOL, and USSBA.

Percentage of time dedicated to the City of Plantation: 10%

Anthony Bedell is a Senior Corporate and Government Relations Director in Becker's Federal Lobbying Practice. His clients include the City of Virginia Beach, America's Small Business Development Centers, Virginia Port Authority, Hitachi, Transurban, Signal Restoration, Ross & Baruzzini, Gastonia, NC.

He most recently served as the U.S. Department of Transportation Deputy Assistant Secretary for Congressional Affairs, the number two governmental affairs position in Secretary Elaine L. Chao's Office. He was initially appointed Deputy Assistant Secretary for Intergovernmental and Tribal Affairs in May 2017.

Anthony helped bring significant transit projects to fruition when he was intergovernmental lead at USDOT. There were hundreds of similar projects where he played this role, but these are among the most significant and high-profile. As the liaison between local government and USDOT officials, Anthony facilitated high-priority projects to "yes" by handling everything needed from a policy, political, and strategy perspective with stakeholders and decision-makers. He toured all of the proposed local government projects. He understands the internal DOT process (no matter who is in the White House) and how to effectively present a project that will be well-received by DOT political and career staff members. Criteria and process will be the same even if policy parameters change. He knows how to pitch DOT by giving them the cover they need politically and substantively. Anthony worked with local elected officials and their staff and Congress to recommend the Secretary for a final decision.

Examples include:

- 2017 Maryland- Maryland Transit Authority \$500 million for Purple Line BRT (bus rapid transit)
- 2018 City of Los Angeles- L.A. Metro \$1.3 billion Purple Line extension (Olympics)
- 2018 City of Jacksonville FL.- Jacksonville Transit Authority \$25 million BUILD grant award for an autonomous vehicle program
- 2019 New York/New Jersey Transit Authority- Portal North Bridge (Gateway project) \$250 million (engineering)
- 2017/2019 City of Columbus OH- Smart Cities program grant \$40 million

Qualifications

Mr. Bedell was also a Department of Transportation representative for the Northeast Corridor Commission tasked with developing a formula to allocate capital and operating costs based on usage and facilitating collaborative planning. Prior, he was president of government relations firm Red Five Strategies and the director of federal and state government affairs for Intuit.

In addition to U.S. Department of Transportation, Mr. Bedell has additional executive branch experience. He was appointed as a senior legislative officer by then-Labor Secretary Chao to handle legislative matters for the Department of Labor. He also served as associate administrator for the Office of Congressional and Legislative Affairs at the U.S. Small Business Administration as chief advisor on Congress and the executive branch's legislative matters.

Projects of a Similar Nature

- ✓ **Virginia Port Authority** - Secured \$20 million from US Department of Transportation (USDOT) for Virginia Port Authority, the largest Port infrastructure grant in the country in 2020. After years of trying, VPA achieved success with the Becker team's three-dimensional strategy: politics, policy, and impact. Becker also used regional economic data and support from a regional coalition of Members to make a winning case for the port. In addition, secured \$2.1 million in federal highway funding and \$83 million in New Starts funding in the FY22 budget for a total of \$107.1 million in only the first contract year.
- ✓ **NETT Council** - Anthony was one of only four designees by Secretary Chao's office to sit on the Non-Traditional and Emerging Transportation Technology Council (NETT). It is an internal deliberative body created by then-Secretary Chao to review the latest technology in transportation to identify jurisdictional or regulatory obstacles and streamline processes. Through that experience, Anthony is knowledgeable about the latest innovations, their champions and detractors, and which division within USDOT had lead responsibility. The NETT Council provides an opportunity for Plantation to elevate its visibility by showcasing the city as thought leaders on mass transit innovation.
- ✓ **Smart Cities Challenge** - Anthony assisted with the evaluation of the Smart Cities Challenge. He specifically worked with the ultimate winner, the City of Columbus. The city was recognized for implementing an integrated plan addressing challenges in residential, commercial, freight, and downtown districts using several new technologies, including connected infrastructure, electric vehicle charging infrastructure, an integrated data platform, autonomous vehicles, and more. They are working with others, including Austin, Denver, Kansas City, Pittsburgh, Portland, and San Francisco, to share best practices to help other cities

Qualifications

across America replicate their successes. Smart Cities is a viable option for the City of Plantation with Anthony's insights and guidance.

QUALIFICATION STATEMENT

Fill in Form

The undersigned certifies under oath the truth and correctness of all statements and of all answers to questions made hereinafter (Attach additional sheets with appropriate reference, if necessary). You must respond to all questions. **FAILURE TO DISCLOSE OR PROVIDE THE REQUESTED INFORMATION BELOW MAY RESULT IN THE FIRM'S PROPOSAL BEING DEEMED NON-RESPONSIVE AND THE FIRM AS NOT QUALIFIED FOR AWARD.**

SUBMITTED TO: City of Plantation

ADDRESS: 400 NW 73rd Avenue
Plantation, FL 33317

SUBMITTED BY: Becker & Poliakoff, P.A.

NAME: Omar Franco

ADDRESS: 1275 K Street, N.W., Suite 850, Washington, DC 20005

DRUG-FREE WORKPLACE

Fill in Form

STATEMENT UNDER SECTION 287.087 FLORIDA STATUTES

TO BE RETURNED WITH FIRM

Preference must be given to FIRMS submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

PUBLIC ENTITY CRIMES

Fill in Form

SWORN STATEMENT UNDER SECTION 287.133(3)(a) FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

THIS MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS

1. This sworn statement is submitted with Bid, Proposal or Contract for RFSP No 075-21
2. This sworn statement is submitted by Becker & Poliakoff, P.A. (entity submitting sworn statement), whose business address is 1 E Broward Blvd, Suite 1800, Ft. Lauderdale, and its Federal Employer Identification Number (FEIN) is FL 33301 59-1640708. (If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____)
3. My name is Gary C Rosen (please print name of individual signing), and my relationship to the entity named above is President.
4. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services, any leases for real property, or any contract for the construction or repair of a public building or public work, to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
5. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court or record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
6. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 - a) A predecessor or successor of a person convicted of a public entity crime; or
 - b) An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
7. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

PUBLIC ENTITY CRIMES

Fill in Form

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

 X Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

 The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, and (Please indicate which additional statement applies.)

 There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the Hearing Officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

 The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

 The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

NON-COLLUSION CERTIFICATION

Fill in Form

TO BE RETURNED WITH PROPOSAL

By signing and submitting this proposal, the FIRM certifies that this proposal is made independently and free from collusion.

FIRM shall disclose below, to their best knowledge, any City of Plantation officer or employee, or any relative of any such officer or employee as defined in Section 112.3135(1) (c), Florida Statutes (2014), who is an officer or director or, or has a material interest in, the FIRM's business, who is in a position to influence this procurement. Any City of Plantation officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to indirectly own any of the total assets or capital stock of any business entity owned or operated by the FIRM, or if they otherwise stand to personally gain if the contract is awarded to this FIRM.

Failure to submit this executed statement as part of the proposal shall make the proposal nonresponsive and not eligible for award consideration. In the event the FIRM does not indicate any names, the CITY shall interpret this to mean that the FIRM has indicated that no such relationships exist. Failure of a FIRM to disclose any relationship described herein shall be reason for termination of proposal or award, whichever is applicable, with no time to cure.

COOPERATION WITH THE BROWARD COUNTY OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH PROPOSAL

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how FIRM's and vendors (herein, "FIRM's") are paid. To this end, FIRM agrees to cooperate with the OIG in the event the FIRM is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of FIRM'S written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The FIRM acknowledges and agrees that whatever work or effort is expended by FIRM in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the FIRM to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The FIRM's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the FIRM is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the FIRM is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, FIRM shall advise CITY, in writing and in the same manner as FIRM gives the City formal notice under this Contract, each instance, if ever, that the FIRM is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the FIRM is fully performing the requirements of this Paragraph.

Section 287.135, Florida Statutes, prohibits agencies from contracting with companies for goods or services of any amount that are on the Scrutinized Companies that Boycott Israel List or that are participating in a boycott of Israel; or One million dollars or more if, at the time of bidding, FIRM is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has business operations in Cuba or Syria. The boycott Israel list is created pursuant to 215.4725 and the Sudan and Iran lists are created pursuant to section 215.473, Florida Statutes.

As the person authorized to sign on behalf of FIRM, I hereby certify that the undersigned company is not participating in a boycott of Israel, on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or that it does not have business operations in Cuba or Syria. I understand and agree that pursuant to section 287.135, Florida Statutes, the submission of a false certification; or being placed on the Scrutinized Companies that Boycott Israel List, or engaging in a boycott of Israel; or being placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or engaging in business operations in Cuba or Syria will be cause for the CITY to terminate this Agreement at the option of the CITY. In addition, FIRM may be subject to civil penalties, attorney's fees, and/or costs.

The scrutinized company list is maintained by the State Board of Administration and available at <http://www.sbafla.com>

PUBLIC RECORDS

Fill in Form

COMPLIANCE UNDER SECTION 119.0701 FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

The FIRM hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the FIRM does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the firm or keep and maintain public records required by the public agency to perform the service. If the FIRM transfers all public records to the public agency upon completion of the contract, the FIRM shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the firm keeps and maintains public records upon completion of the contract, the firm shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE FIRM HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE FIRM'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 954-797-2237, sslatlery@plantation.org, 400 NW 73rd Avenue Plantation, FL 33317

As the person authorized to sign this statement, I certify that this FIRM agrees to comply with the above requirements.

CITY OF PLANTATION E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

Project Name: State and Federal Lobbying Services

Project No.: RFSP No. 075-21

1. Definitions:

"Firm" means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. *"Firm"* includes, but is not limited to, a vendor or consultant.

"Sub-Firm" means a person or entity that provides labor, supplies, or services to or for a firm or another sub-firm in exchange for salary, wages, or other remuneration.

"E-Verify system" means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

2. Effective January 1, 2021, Firms, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Firm shall register for and utilize the U.S. Department of Homeland Security's E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Firm to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Firm to perform work pursuant to the contract with the City of Plantation. The Firm acknowledges and agrees that registration and use of the U.S. Department of Homeland Security's E-Verify System during the term of the contract is a condition of the contract with the City of Plantation; and

E-VERIFY FORM

Fill in Form

- c) Should vendor become the successful Firm awarded for the above-named project, by entering into the contract, the Firm shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Firm shall also require all sub-firms to provide an affidavit attesting that the sub-firm does not employ, contract with, or subcontract with, an unauthorized alien. The Firm shall maintain a copy of such affidavit for the duration of the contract.

3. Contract Termination

- a) If the City has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the City has a good faith belief that a sub-firm knowingly violated s. 448.095 (2), but the Firm otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Firm and order the Firm to immediately terminate the contract with the sub-firm.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Firm, the Firm may not be awarded a public contract for a period of 1 year after the date of termination.

PROPOSAL FORM

Proposal of (Name of Firm) Becker & Poliakoff, P.A.

Address: 1275 K Street, N.W., Suite 850, Washington, DC 20005

Phone: 202-621-7122

Email Address: ofranco@beckerlawyers.com

To furnish and deliver all services and to do and perform all work in accordance with the Agreement Documents for the entitled solicitation:

PROJECT NAME: Community Shuttle Service
RFSP No. 074-21
City of Plantation

TO: City of Plantation
400 NW 73rd Avenue
Plantation, FL 33317

The Undersigned Firm proposes and agrees if this proposal is accepted, to enter an agreement with the CITY to complete all work as specified or indicated in the Agreement Documents for the Agreement Price and within the Agreement time indicated in this Proposal and in accordance with the Agreement Documents.

Firm accepts all of the terms and conditions of the Instructions to Firm. This proposal will remain open for ninety (90) calendar days after the day of Proposal Opening. Firm will sign the Agreement and other documents required by the Agreement Documents within fifteen (15) days after the date of City's Notice to Award.

In submitting this proposal, Firm represents as more fully set forth in the Agreement, that:

A. Firm has examined copies of all the Solicitation Documents and of the following Addenda: (if any addenda have been issued, receipt of all of which is hereby acknowledged) and also copies of the Advertisement or Notice to Firms and the Instruction to Firms.

DATE:

☐ June 24, 2021
☐ July 7, 2021
☐
☐

ADDENDA NUMBER:

☐ 1
☐ 2
☐
☐

B. This proposal is genuine and not made in the interest of or on behalf of any undisclosed person, Firm or corporation and is not submitted in conformity with any agreements or rules of any group, association, organization or corporation. Firm has not directly or indirectly induced or solicited any other Firm to submit a false or sham proposal; Firm has not solicited or induced any person, firm, or a corporation to refrain from proposing; and Firm has not sought by collusion to obtain for themselves any advantage over any other Firm or over City.

PROPOSAL FORM

- C. FIRM shall complete the Work for the following price(s). Award shall be made to the Firm whose proposal is determined to be the most advantageous to the city taking into consideration the evaluation factors and criteria set forth in the RFSP.

The rates for the service shall be based on providing the services and associated amenities as per Scope of Services and include all costs, plus all applicable overhead and profit.

Pricing Structure	Amount
Monthly Fee	\$ 4,000
The above rates include salary costs, fringe benefits, overhead, operation margin and profit. They do not include direct expenses. Approved travel costs shall be billed monthly by the Agreement and shall not exceed three (3) percent of the total Agreement amount.	

Communications concerning this Proposal shall be addressed to the address of Firm indicated below.

The undersigned also agrees as follows:

First: to do any extra work not covered by the foregoing Schedule of Price which may be ordered by the CITY, and to accept as full compensation therefore, such prices may be agreed upon in writing by the CITY and the FIRM.

Second: Within fifteen (15) days from the "Award", of this proposal, to execute the Agreement.

SUBMITTED ON July 20, 2021

Education

- Catholic University, J.D., Law Review
- Brandeis University, B.A., cum laude

Bar Admissions

- Florida
- District of Columbia
- New York

Gary Rosen is the Managing Shareholder and Chief Executive Officer of the firm, positions he has held since 2012. In these roles he oversees the firm's governance while playing a leading role in recruitment, marketing and other business functions.

In addition to his involvement in firm management, Gary is a litigation attorney and has handled complex litigation for clients in the public and private sectors including county and city governments, developers, builders, corporations, condominium associations and financial institutions. He also represents national corporate clients in protecting intellectual property rights through civil prosecution of trademark and copyright infringement.

Gary has extensive trial experience in courts throughout the country and has obtained several multi-million-dollar jury verdicts, judgments and settlements in favor of claimants in cases. Also, Gary is Board Certified in Business Litigation Law, recognition for having the highest standards of skills, specialty knowledge, proficiency, professionalism and ethics in business litigation.

EXPERIENCE

- Premier Water Parks, Inc. in obtaining permanent injunctive relief against proceeding with a no-bid contract on behalf of a national developer of water theme parks against the City of Ft. Lauderdale, FL.
- National home builder defense in a multi-million-dollar federal class action fraud case resulting in a favorable settlement to our client.
- Securities fraud class actions defense and prosecutions.
- Defended foreign corporations in California trial and appellate courts in a five-year, multi-million-dollar breach of contract and fraud case resulting in summary judgment in favor of clients, which was affirmed on appeal.
- Represented nationally prominent intellectual property owners in federal court trademark and copyright infringement actions, which have regularly required litigating expedited motions for preliminary injunction.
- Represented plaintiffs and defendants in state and federal court actions involving claims of violations of trade secrets and breaches of restrictive covenants.
- Tried several lengthy jury trials resulting in verdicts and mid-trial settlements favorable to the firm's clients.

RECOGNITION

- Gary is a Fellow in the Litigation Counsel of America, an invitation only, trial lawyer honorary society comprised of the most experienced and effective litigators throughout the United States. Membership is limited to less than one half of one percent of American lawyers.
- Gary is the 2019 recipient of the Daily Business Review's "Attorney of the Year" award.

The award is the top honor presented by the publication as part of its annual Professional Excellence Awards which recognize standout achievement in the legal profession. Gary was honored for his work creating a pioneering professionalism and civility magistrate pilot program in Broward County Circuit Court.

- Florida Trend magazine recognized Gary among its "Legal Elite" in the area of Business Litigation. This designation was based upon a poll of Florida attorneys, who selected peers in the top 2% of their respective practice areas.
- Gary has been recognized as one of Florida's 500 most influential business leaders every year since Florida Trend magazine began publishing its Florida 500 list in 2018.
- Named as one of the top 100 "Person(s) to Know" in Florida Trend's October, 2018 issue (Greater Fort Lauderdale – special section).
- Gary has been honored as a 2018 Florida Super Lawyer, a recognition he has received each year for more than 10 years, and has been included in The Best Lawyers in America® guide from 2013-present.
- Gary was also named a Power Leader in Law by the South Florida Business Journal in 2017 and was selected as a 2015 Broward Ultimate CEO honoree, an award that recognizes business leaders of Broward County for their achievements, vision and dedication to excellence.

PROFESSIONAL / COMMUNITY ACTIVITIES

- – Chair of the Board of Directors for the United Way of Broward County, 2020 – present
- The Executive Committee of the Broward Workshop and Chair of its Governance Committee
- The Florida Association of Managing Partners
- Broward County's Committee of Large Firm Managing Partners
- The Board of Directors of the United Way of Broward County, Chair of its Finance Committee
- Gary was a member of the Florida Supreme Court's Committee on Standard Jury Instructions —Contract and Business Cases until 2017.

 - Chapter 558 Specialized Claims Team
 - Construction Lien Law
 - Delay Claims
 - Design & Construction Contracts
 - Design Professional Liability
 - Surety Bonds

Education

- Cleveland-Marshall College of Law, J.D., 1979
- Ohio University, B.S.J., 1975

Steven B. Lesser chairs the firm's national Construction Law and Litigation practice group. Mr. Lesser is Board Certified in Construction Law by the Florida Bar and devotes his practice exclusively to construction law and litigation, including governmental construction claims and defense and hotel/condominium disputes. He is a Fellow of the American College of Construction Lawyers. He has received a number of distinguished awards from the Florida Bar and American Bar Associations relative to his work in the construction industry.

He is Past Chair of the American Bar Association's Forum on Construction Law, a nationally prestigious organization devoted entirely to members of the construction industry. The Forum is the largest construction lawyer group in the world and is known for its scholarly publications and programs focusing on developments and trends in construction law.

Mr. Lesser is presently Chair of The Florida Bar Association's Board of Legal Specialization and Education ("BLSE") which administers the Bar's certification plan and provides oversight over all 27 certification committees that each focus upon a specific practice area. As part of its mission, the BLSE helps identify for the general public and the profession those attorneys who have substantial experience and have demonstrated special knowledge, skills, and proficiency in certified areas of practice and professionalism and ethics in the practice of law. He has further served in the leadership of a variety of Florida Bar and American Bar Association Committees including Past Chair of the Florida Bar Construction Law Certification Committee.

EXPERIENCE

- For more than thirty years, Steve has represented a variety of construction industry participants in various large scale high profile commercial, multi-family, specialty projects such as museums, country club communities, health care facilities and even sports complexes. He represented Swire Properties in relation to its design and construction contracts for Brickell City Centre, a \$1.05 billion mixed used development in the heart of Miami's financial district. This project is significant because it was the first large construction project to begin after the recession and spurred widespread new development in the Brickell corridor. Other examples include the Dali Museum, the Museum of Arts and Crafts in St. Petersburg, Florida and Baptist Hospital in Jacksonville. His involvement in country club representation includes Frenchman's Creek, Mirasol Country Club, and BallenIsles Country Club. He represented a sports complex owner Incredible Ice, in a deal to rebuild the Florida Panther's Ice Hockey training facility in Coral Springs, Florida. Steve represented a homeowner in the landmark case *Moransais v. Heathman*, before the Florida Supreme Court which, in effect, reshaped construction law in Florida by retreating from the economic loss doctrine and forcing architects, engineers and other professionals to be accountable for their own negligence.

RECOGNITION

- Chambers USA, Construction Law, Band 1
- American Bar Association, Forum on Construction Law, Cornerstone Award, 2019
 - The Cornerstone Award honors a member of the Forum who has rendered long-term exceptional service to the construction industry, to the public, and to the legal profession. The Cornerstone Award is the highest award presented by the Forum on Construction Law.
- Best Lawyers in America® – Construction Law; Construction Litigation; Commercial Litigation
 - Lawyer of the Year – Construction Litigation, 2019
 - Lawyer of the Year – Construction Law, 2016
 - Lawyer of the Year – Construction, 2011
- Florida Super Lawyer, 2009-Present
- Who's Who Legal, Construction, 2017-Present
- Florida Bar Real Property, Probate and Trust Section's Construction Law Committee, "Lifetime Achievement Award", 2016
 - Recognized for his contributions for his work with The Florida Bar's efforts to offer board certification to the state's top construction lawyers, his prolific writing on subjects critical to construction practitioners, his high-profile practice of construction law, and his dedication to community initiatives such as TopSoccer. Only eight attorneys in Florida have been awarded the Committee's Lifetime Achievement Award.
- Florida Business, "Florida's Legal Elite", Construction Law, 2019
- Deborah M. Smoot Memorial Award from the Florida Bar Journal News & Editorial Board, 2003
- American Bar Foundation, Fellow
- Martindale-Hubbell, AV Rated Preeminent
- American College of Construction Lawyers, Fellow
 - The ACCL is a national organization of lawyers who have demonstrated skill, experience and high standards of professional and ethical conduct in the practice, or in the teaching, of construction law, and who are dedicated to excellence in the specialized practice of construction law. There are less than 20 Fellows of the American College of Construction Lawyers in the state of Florida.

Allen Levine is chair of the firm's Business Litigation practice. In addition to his involvement in firm management and supervision of business litigation attorneys, he handles complex business litigation and real estate litigation for large corporate clients, closely held corporations, real estate developers and financial institutions. Allen also represents clients in probate and trust litigation, community association litigation, insurance coverage litigation and appeals.

Allen has extensive experience in state and federal courts and has handled numerous cases which have created new law. Allen is also AV® Preeminent™ 5.0 out of 5 rated (the highest level attainable) by Martindale-Hubbell.

Allen's litigation experience includes:

- Business & Contract Litigation
- Class Action Litigation
- Commercial Tenant Litigation
- Condominium Hotel Disputes
- Corporate Governance Disputes
- Hotel Management & Acquisition Disputes
- Personal Injury & Wrongful Death Litigation
- Recreation Lease Disputes
- Real Estate Acquisition, Title & Use Disputes
- Trade Secret, Confidentiality, Business Interference & Non-Competition Disputes
- Trust & Estate Litigation

EXPERIENCE

- Obtained a ruling by the Fourth District Court of Appeal in Raiser-DC, LLC v. B&L Service, Inc. and Broward County, Florida, which held that Broward County was required to disclose information about Uber's operations at the Fort Lauderdale-Hollywood International Airport, despite Uber's claims that the records were trade secret information and exempt from Florida's Public Records Act.
- Obtained a ruling by Fourth District Court of Appeal in Lyons v. Lyons, which held for the first time that a married grantor of Homestead Property cannot challenge the deed she signed without joinder by her husband because she lacked standing to do so.
- Obtained a judgment that was affirmed on appeal in Wyndham Vacation Resorts, Inc. v. Ocean Walk Resort Condominium, Inc., which held for the first time in Florida that a timeshare developer was also a condominium developer subject to the mandatory control transfer provisions of the condominium act, thus thwarting the developer's ability to control the condominium association board.
- Successfully appealed Van Hook v. The Residences at Coconut Point, LLC, where the Eleventh Circuit Courts of appeals reversed the lower court's determination, and held

that the contractual language relied upon by the lower court did not disqualify the developer from being exempt under ILSA, thus preventing buyers from backing out of their real estate purchase contracts.

- Successfully obtained a decision published in *Wigand v. West City Partners, Inc.*, where the Federal District Court for the Southern District of Florida prevented 42 of the 43 plaintiffs who sued the condominium developer from bringing their breach of contract and ILSA claims in one lawsuit.
- Successfully obtained a decision in *Kraft v. The Residences of Coconut Point, LLC*, where the Federal District Court for the Middle District of Florida ruled the condominium developer maintained sufficient records to assert the investor exemption to ILSA requirements, thus preventing buyers from backing out of their real estate purchase contracts.
- Combined 108 class actions on behalf of 108 condominium associations and their unit owners, in a lawsuit against the owner of a recreation lease, which resulted in the successful buyout of the recreation lease at a substantially reduced price.
- Successfully defended real estate developers against lawsuits by numerous buyers asserting revocation of purchase contracts due to alleged violations of The Interstate Land Sales Full Disclosure Act (ILSA), the Condominium Act, and the Homeowner's Association Act.
- Successfully assisted buyers in navigating issues related to traditional Hotel and Condominium Hotel acquisition.

RECOGNITION

- Allen is AV® Preeminent™ 5.0 out of 5 rated (the highest level attainable) by Martindale-Hubbell.
- Best Lawyers in America®, Commercial Litigation, 2021 – present

PROFESSIONAL / COMMUNITY ACTIVITIES

- Mr. Levine serves on the Broward County Bond Review Committee, which coordinates implementation of Broward County 's Recovery Zone Bond Program.
- Recovery Zone Bonds were created under the American Recovery and Reinvestment Act of 2009, an act established by the United States Congress under President Barack Obama's Economic Stimulus Program initiative.
- Allen has held several leadership positions at the Broward Alliance including serving as a member of the Board of Directors, Investors Council, and as chair of its Business Development Committee.
- The Alliance is the public/private economic development arm of Broward County whose mission it is to build a stronger, more diversified economy in Broward County and the South Florida Region.
- As a result of his involvement, Mr. Levine received the Florida Economic Development Council's Richard L. McLaughlin Award which recognized his contributions to economic development in Florida.

EXHIBIT “B”

**Consultants Certificate of Insurance and City
Insurance Requirements as it pertains to this
Agreement.**

INSURANCE REQUIREMENTS

Statement

Contractors shall not commence any work until they have obtained and satisfied the city's insurance requirements under written contract with the city and such insurance has been approved by the City of Plantation Risk Management Department. Contractors shall not allow any subcontractor to commence work until all insurance requirements have been so obtained and approved. All insurance policies shall be with insurers qualified and doing business in the State of Florida. All insurance companies shall have a Financial Rating of no less than "A-" and Class X respectively, in the latest edition of A.M. Best Rating Guide. The types and amounts of insurance shall not be less than the amounts specified in this agreement.

Insurance

The required insurance coverage's shall be written in accordance with the hazards and magnitude of the project, but in no circumstances a lesser coverage amount, nor more restrictive than the limits of liability and schedule of hazards described herein.

Contractors shall be responsible to purchase and maintain required insurance policies during the term of the contract agreement. If the Contractor fails to procure and maintain such insurance, the City of Plantation shall have the right, but not the obligation, to purchase and maintain said insurance for and in the name of the Contractor, and the Contractor will pay the premium cost thereof and shall furnish all necessary information to the city in order to make effective and maintain such insurance.

Additional Insured

Certificates of Insurance and insurance policies shall also be endorsed to name the City of Plantation "Additional Insured" on the Commercial General Liability with the following or similar endorsements providing equal or broader Additional Insured coverage, such as the basic CG2026 07 04 Additional Insured--Designated Person or Organization endorsement, or the CG2010 10 01 Additional Insured-Owners Lessees, or Contractors endorsement, or the CG2010 07 04 Owners, Lessees or Contractors endorsement, including the additional endorsement of CG2037 10 01-Additional Insured- Owners, Leases have Contractors Operations endorsement. Endorsements shall be required to provide back coverage for the contractors "Your Work" as defined in the insurance policy and liability arising out of the products & completed operations hazard.

Commercial General Liability

Contractor will agree to maintain Commercial General Liability at a minimum limit of liability not less than **\$1,000,000** Each Occurrence, and **\$2,000,000** Annual Aggregate unless the particular contract calls for specific limits of insurance. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. When a self-insured retention (SIR) or deductible exceeds **\$25,000**, the City reserves the right, but not the obligation, to review and request a copy of Contractor's most recent annual report or audited financial statement.

Business Automobile Liability

Contractor will agree to maintain Business Automobile Liability at a limit of liability not less than **\$1,000,000** Each Occurrence. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers Compensation & Employers Liability

The Workers Compensation and Employers' Liability insurance shall be in accordance with Florida State Statutes 440.

INSURANCE REQUIREMENTS

Umbrella Excess Liability

If required by contract will be no more restricted than the underlying insurance policies.
City of Plantation must be added and endorsed separately as additional insured on umbrella policies.

Professional Liability

If required by contract will be a minimum of 1,000,000.

Waiver of Subrogation

The Contractor will agree that each required policy will contain Waivers of Subrogation in favor the City of Plantation. Should an insurance policy condition **not** permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then the Contractor will agree to notify the insurer and request the policy be endorsed with a waiver of Transfer of Rights of Recovery against others, or its equivalent. This waiver of subrogation shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should contractor enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance

The Contractor will agree to provide City a Certificate of Insurance evidencing that all coverage's, limits and endorsements required herein are maintained and in full force and effect, and certificates of insurance shall provide a minimum thirty (30) days to notify, when available by Contractors insurer. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify the City by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance. Certificates of Insurance shall be in the form as approved by Insurance Standards Office (ISO) and such certificates shall clearly state all of the coverage's required in this section.

INSURANCE

Commercial General Liability insurance will cover liability bodily injury and property damage. Exposures to be covered are premises, operations, products/completed operations, and contracts. Coverage must be written on an occurrence basis, with the following **examples** of insurance.

Schedule

Limits

Commercial General Liability	\$1,000,000 Each Occurrence
Blanket Contractual Liability	\$2,000,000 Each Occurrence
Independent Contractors	Premises-Operations
Products & Completed Operations	Personal /Advertising Injury
Blanket Contractual Liability	Independent Contractors
Automobile Liability	
Any auto including Hired & Non-owned	\$1,000,000 Combined Single Limit
Broad Form Property Damage	\$1,000,000 Each Occurrence
Blanket X,C,U Hazards	If required (Included)
Workers' Compensation	Florida 440 Statutory Coverage
Employers Liability	\$1,000,000 Each Accident
Disease Policy Limit	\$1,000,000

INSURANCE REQUIREMENTS

Bonds:

A surety bond maybe required equal to the value of the job to guarantee the work will be done per the specifications on a timely basis.

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the contractor shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "**Additional Insured**" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Contractor. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.
- E. The City requires a "thirty (30) day notice of cancellation" on all certificates of insurance.
- F. The City requires a "wavier of subrogation" for all Workers Compensation Coverages

THE UNDERSIGNED CONTRACTOR HAS READ ALL THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

Subject:

Request for authorization and approval to participate in the Southeast Florida Co-Operative Bid No. 17-C-053; Undercover Vehicle Rental Services (Lead Agency: City of Coral Springs) and rent undercover vehicles from Enterprise Leasing Company of Florida, LLC expiring August 31, 2023.

Summary:

Request for authorization and approval of the following:

1. To participate in the Southeast Florida Co-Operative Bid No. 17-C-053; Undercover Vehicle Rental Services (Lead Agency: City of Coral Springs) and rent undercover vehicles from Enterprise Leasing Company of Florida, LLC expiring August 31, 2023.
2. To issue purchase orders that may exceed an aggregate value of \$25,000.00.

Background:

Strategic Priority - Quality of Life

Police Department Information:

The Police Department's VIN Unit (Vice Intelligence Narcotics) have utilized leased vehicles for over a decade, due to the nature of the undercover work that they perform. The need for untraceable vehicles is vital to the safety of the undercover officers, as well as keeping investigations, long and short term, protected from criminal enterprises. Utilizing a rental car company allows undercover officers the ability to be versatile and go undetected, allowing them to switch out vehicles immediately in the event of a

compromised investigation. In addition to the VIN Unit, rental vehicles are also utilized by other undercover personnel who serve on a variety of specialty task forces with the Broward Sheriff's Office, FBI, DEA and other municipal law enforcement partners. These vehicles are critical to the mission and safety of these undercover officers.

Procurement Department Information:

The City of Plantation is an active participant in the Southeast Florida Co-Op and is a named agency in RFP No. 17-C-053; Undercover Vehicle Rental Services along with seventeen (17) other agencies. RFP No. 17-C-053 is currently on its second renewal of two (2) allowable renewal options, and is currently set to expire August 31, 2023.

Based on the foregoing information, the Police and Procurement Departments staff recommend authorization and approval of the following:

1. To participate in the Southeast Florida Co-Operative Bid No. 17-C-053; Undercover Vehicle Rental Services (Lead Agency: City of Coral Springs) and rent undercover vehicles from Enterprise Leasing Company of Florida, LLC expiring August 31, 2023.
2. To issue purchase orders that may exceed an aggregate value of \$25,000.00.

This item is now ready for City Council consideration.

Funding:

Account Number: **118-0000-521-5209**

Amount:

See the attached Rate Agreement.

The use of this contract shall be based on the City needs and available/approved funding within their fiscal year budget.

Finance Director/Budget Manager Recommendation:

The leasing of undercover vehicles will be funded by the Fund Balance in the Federal Forfeitures Fund. As of today, the available fund balance is \$86,776.

**SECOND AMENDMENT TO AGREEMENT BETWEEN THE CITY OF CORAL
SPRINGS AND ENTERPRISE LEASING COMPANY OF FLORIDA, LLC**

THIS SECOND AMENDMENT to Agreement dated this 21 day of July, 2021,
by and between:

CITY OF CORAL SPRINGS, FLORIDA
a municipal corporation
9500 West Sample Road
Coral Springs, Florida 33065
(hereinafter referred to as "CITY")

and

**ENTERPRISE LEASING COMPANY
OF FLORIDA, LLC**
a limited liability company
5105 Johnson Road
Coconut Creek, Florida 33073
(hereinafter referred to as "ENTERPRISE")

WHEREAS, on July 19, 2017, CITY entered into an Agreement with ENTERPRISE for undercover vehicle rental services for the Southeast Florida Governmental Purchasing Cooperative Group; and

WHEREAS, on August 8, 2019, the parties exercised its first option to renew the Agreement for an additional two (2) year period; and

WHEREAS, the current Agreement expires on August 31, 2021 with the option to renew for one (1) additional two (2) year periods under the same terms and conditions; and

WHEREAS, both parties concur with amending the Agreement to extend the term of the Agreement through August 31, 2023.

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein, and other good and valuable consideration, the receipt and adequacy of which are acknowledged, the parties agree as follows:

SECTION 1. RECITALS

The foregoing recitals are true and correct and are hereby incorporated into this Agreement.

SECTION 2. TERM

The term of this Agreement shall be extended through August 31, 2023.

SECTION 3. **RENTAL RATES**

Exhibit "A," Preferred Rate Agreement, shall be replaced with Exhibit "A1," attached hereto and incorporated herein. Base Rental Charges for Commercial (no insurance) 'Rate Set C' as set forth on the original Exhibit "A" remain in effect.

SECTION 4. Participating Agencies included in this Second Amendment are listed in Exhibit "B1," attached hereto and incorporated herein.

SECTION 5. **FORCE MAJEURE**

In no event shall the CITY be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation: epidemic/pandemic/viral or communicable disease outbreak; quarantines; accidents; acts of war or terrorism; civil or military disturbances; nuclear or natural catastrophes (including floods, fires, earthquakes, tornadoes, tropical storms, and hurricanes) or other acts of God; any National, State, County or Local State of Emergency or any act, order, or requirement of any governmental authority; interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services; or any other similar causes beyond the control of the CITY; it being understood that the CITY shall use reasonable efforts to resume performance as soon as practicable under the circumstances.

SECTION 6. **E-VERIFY**

In accordance with Section 448.095, *Florida Statutes*, ENTERPRISE agrees as follows:

- (a) ENTERPRISE agrees to utilize the E-Verify system to verify work authorization status of all newly hired employees. ENTERPRISE shall provide sufficient evidence that it is registered with the E-Verify system before commencement of performance under this Agreement. CITY may immediately terminate this Agreement for a breach of this subparagraph.
- (b) ENTERPRISE shall require an affidavit from each subcontractor providing that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. ENTERPRISE shall retain a copy of the affidavit for the term of this Agreement and all renewals thereafter, and in accordance with all other Sections of this Agreement. CITY may immediately terminate an Agreement for a breach of this subparagraph.
- (c) CITY shall terminate this Agreement if CITY has a good faith belief that ENTERPRISE is in violation of Section 448.09(1), *Florida Statutes*.
- (d) ENTERPRISE shall terminate any agreement with any subcontractor if the ENTERPRISE has a good faith belief that the subcontractor is in violation of Section 448.09(1), *Florida Statutes*. CITY may immediately terminate this Agreement for a breach of this subparagraph.

(e) CITY shall notify and order ENTERPRISE to immediately terminate a contract with a subcontractor if CITY has a good faith belief that ENTERPRISE subcontractor knowingly violated this Section, but ENTERPRISE have otherwise complied with this Section. CITY may immediately terminate this Agreement for a breach of this subparagraph.

(f) A contract terminated pursuant to this Section is not a breach of contract and shall not be considered as such.

(g) ENTERPRISE shall be liable for any and all additional costs incurred by CITY as a result of a termination for this Section.

SECTION 5. In all other respects, the terms and conditions of the Agreement, as amended, not specifically amended herein remain in full force and effect. In the event of any conflict, this Second Amendment will supersede all other terms. In the event of ambiguity, the most conservative interpretation consistent with the public interest is intended.

SECTION 6. This Second Amendment shall be effective upon approval of the City Commission.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the CITY OF CORAL SPRINGS and ENTERPRISE LEASING COMPANY OF FLORIDA, LLC hereto have executed this Second Amendment the day and year first above written.

RFP NO. 17-C-053

REQUEST FOR PROPOSALS

ALL INTERESTED PARTIES:

The City of Coral Springs, Florida, hereinafter referred to as CITY, will receive sealed Proposals at the office of the Purchasing Administrator, City Hall, 9551 West Sample Road, Coral Springs, Florida 33065, for furnishing the services described below:

**UNDERCOVER VEHICLE RENTAL SERVICES FOR
S.E. FLORIDA GOVERNMENTAL PURCHASING COOPERATIVE GROUP**

Sealed Proposals must be received and time stamped in by the Purchasing Administrator, either by mail or hand delivery, no later than 2:00 p.m. local time on Wednesday, April 12, 2017. A public opening will take place at or before 2:15 p.m. in the City Commission Chambers located at City Hall on the same date. Any Proposals received after 2:00 p.m. local time on said date will not be accepted under any circumstances. Any uncertainty regarding the time a Proposal is received will be resolved against the Offeror.

Proposals are subject to the attached Standard Terms and Conditions contained in the Instructions to Offerors.

CITY reserves the right to reject any or all Proposals, to waive any informalities or irregularities in any Proposals received, to re-advertise for Proposals, to award in whole or in part to one or more offeror's, or take any other such actions that may be deemed to be in the best interests of the CITY.

Roxanne Sookdeo
Purchasing Agent II

SOUTHEAST FLORIDA GOVERNMENTAL PURCHASING COOPERATIVE GROUP

TO OUR PROSPECTIVE CONTRACTORS:

The attached Invitation for Bid or Request for Proposal represents a cooperative procurement for the Southeast Florida Governmental Purchasing Cooperative.

For the past several years, approximately forty-three (43) government entities have participated in Cooperative Purchasing in Southeast Florida. The Southeast Florida Governmental Purchasing Cooperative was formed in an effort to provide cost savings and cost avoidances to all entities by utilizing the buying power of combined requirements for common, basic items.

The Government Agencies participating in this particular procurement and their respective delivery locations are listed in the attached document.

Southeast Florida Governmental Purchasing Cooperative Procurement Operational Procedures:

- All questions concerning this procurement should be addressed to the issuing agency, hereinafter referred to as the "lead agency". All responses are to be returned in accordance with the instructions contained in the attached document. Any difficulty with participating agencies referenced in this award must be brought to the attention of the lead agency.
- Each participating governmental entity will be responsible for awarding the contract, issuing its own purchase orders, and for order placement. Each entity will require separate billings, be responsible for payment to the Contractor(s) awarded this contract, and issue its own tax exemption certificates as required by the Contractor.
- The Contract/purchase order terms of each entity will prevail for the individual participating entity. Invoicing instructions, delivery locations and insurance requirements will be in accordance with the respective agency requirements.
- Any reference in the documents to a single entity or location will, in fact, be understood as referring to all participating entities referenced in the documents and cover letter unless specifically noted otherwise.
- The awarded Contractor(s) shall be responsible for advising the lead agency of those participants who fail to place orders as a result of this award during the contract period.
- The Contractor(s) shall furnish the Lead Agency a detailed Summary of Sales semi-annually during the contract period. Sales Summary shall include contract number(s), contractor's name, the total of each commodity sold during the reporting period and the total dollar amount of purchases by commodity.
- Municipalities and other governmental entities which are not members of the Southeast Florida Governmental Purchasing Cooperative are strictly prohibited from utilizing any contract or purchase order resulting from this bid award. However, other Southeast Florida Governmental Purchasing Cooperative members may participate in their contract for new usage, during the contract term, or in any contract extension term, if approved by the lead agency. New Southeast Florida Governmental Purchasing Cooperative members may participate in any contract on acceptance and approval by the lead agency.
- None of the participating governmental entities shall be deemed or construed to be a party to any contract executed by and between any other governmental entity and the Contractor(s) as a result of this procurement action.

"WORKING TOGETHER TO REDUCE COSTS"

I. STATEMENT OF THE WORK

A. Objective:

Solicit competitive sealed proposals from qualified contractors to furnish undercover vehicle rental services for the City of Coral Springs and those listed within the Scope of Services. This is a cooperative Request for Proposals issued by the City of Coral Springs, acting as Lead Agency on behalf of the participating agencies in the Southeast Florida Governmental Purchasing Cooperative Group, referenced within this Request for Proposals. Any reference to a single entity shall apply to all participating agencies.

Due to the nature of the investigative and undercover work involved, utmost discretion is required of the awarded contractor.

Some co-op agencies may currently have a contract in place for the services listed herein. Those entities may participate in this contract at the expiration of their current contracts.

B. Services Required by the City:

Contractor shall:

- Provide a vehicle rental program for the City of Coral Springs. The City's intended use is for undercover investigation and surveillance.
- Provide a wide selection of vehicles from which to choose, including notifying the City when new vehicles are available for rental.
- Provide a rental program, which would allow the City to exchange vehicles or replace vehicles at any time at any of the vendor's locations in South Florida.

II. SCOPE OF SERVICES

Vehicle Usage

The vehicles will be primarily used within the boundaries of the applicable City. However, at the discretion of the City, the vehicles may be used for statewide travel. The anticipated annual minimum number of rentals or estimated annual expenditure will be listed on the pricing page.

Vehicles To Be Provided

*Proposer shall provide a list of vehicles that are available for rental.

*The City shall be permitted to exchange vehicles at any location in the South Florida region within each of the categories. Provide a list of locations from where vehicles may be rented or exchanged.

City shall be able to rent vehicles on a short-term basis (less than 1 month) as may be required by special circumstances. Vehicle rates shall be prorated in such instances.

*Maintenance of Vehicles

Please describe how routine service checks should be handled for all agencies.

Modifications of Vehicles

City may apply, at own expense, window tinting to any rental vehicle. City may also install any electronic equipment deemed necessary to any rental vehicle with the understanding that said installation will not cause permanent damage to the vehicle. Any costs incurred to remove equipment shall be the City's responsibility.

Mileage Limits

Vendor shall include at least 3,000 miles in the monthly cost of each rental vehicle.

Term

Contract term shall be for two (2) years with two (2) additional two (2) year renewal terms available.

Rental Rates

Rental charges quoted shall remain firm for the initial two (2) year term of the contract. For each successive two (2) years, renewal term, the monthly rental charges are subject to increase in accordance with the preceding two-year's Consumer Price Index (CPI) for All urban Consumers, All Items (1982-1984). In no event shall the price adjustment exceed five (5) percent.

*Tolls

City shall pay for tolls as a pass-through cost. Please explain how toll-by-plate charges will be handled.

*Roadside Service

Roadside assistance shall be included. (Proposer must describe the level of service available.)

If vehicle is disabled due to a mechanical problem or accident, a replacement or loaner vehicle shall be issued immediately at no additional charge while the damaged vehicle is being repaired.

Vehicle Tags and Fees

Contracted vendor shall be responsible for all tags and registration fees for rental vehicles.

Participating Agencies -

See Attachment A.

III. PROPOSAL REQUIREMENTS

1. Scope of Services Proposed

Clearly describe the scope of services proposed, inclusive of your ability to service the geographically diverse entities participating in this RFP. A brief statement must be included which explains why your approach and plan would be the most effective and beneficial to the City of Coral Springs.

Proposer may choose to provide different categories (no more than 5) of vehicles with related monthly rental charges. Proposer shall provide the year, make, and model of all rental vehicles available under each category.

Proposer must address each of the questions in the Scope of Services, indicated by an asterisk (*).

2. Firm Qualifications

This section of the proposal should give a description of the firm, including the size, range of activities, etc. Particular emphasis should be given as to how the firm-wide experience and expertise in the area of Undercover Vehicle Rental Services will be brought to bear on the proposed services.

This section must also identify the contact person supervisory personnel who will work on the project. Resumes of each person should be provided with emphasis being given to their experience with similar work. If resumes are not available at the time the proposal is submitted, you should provide a listing of the qualifications, including education, experience, etc., that will be required.

3. References

Provide a list and description of similar services satisfactorily performed within the past two (2) years. For each engagement listed, include the name and telephone number of a representative for whom the engagement was undertaken who can verify satisfactory performance.

4. Price Proposal

Submit your signed, firm, fixed fee performance-based price proposal for providing all services, materials, etc., required for provision of services in accordance with your technical proposal.

5. Proposal Copies

Submission of one (1) marked original, three (3) copies and one electronic copy (thumb drive or CD) of the proposal should be submitted to the City of Coral Springs, City Hall, 9551 West Sample Road, Coral Springs, Florida 33065, to the attention of Roxanne Sookdeo, Purchasing Agent II.

6. Addenda, Additional Information – Contact with City Staff

Any addenda or answers to written questions supplied by the City to participating Offertory's become part of this Request for Proposal and the resulting contract. This proposal form shall be signed by an authorized company representative, dated and returned with the proposal.

No negotiations, decisions or actions shall be initiated or executed by the Offer or as a result of any discussions with any City employee. Only those communications, which are in writing from the Purchasing Administrator, may be considered as a duly authorized expression. Also, only communications from Offertory that are signed and in writing will be recognized by the City as duly authorized expressions on behalf of the Offer or.

IV. EVALUATION OF PROPOSALS

Evaluation Method and Criteria

Proposals will be evaluated in accordance with weighted criteria listed below:

	<u>POINT RANGE</u>
Scope of Services Proposed	35
Firm Qualifications & References	25
Price	40

These weighted criteria are provided to assist the proposers in the allocation of their time and efforts during the submission process. The criteria also guide the Evaluation Committee during the short-listing and final ranking of proposers by establishing a general frame work for those deliberations.

Short listed proposals will be selected for an interview prior to a recommendation being presented to the City Commission. As the best interest of the CITY may require, the right is reserved to reject any and all proposals or waive any minor irregularity or technicality in proposals received. Proposers are cautioned to make no assumptions unless their proposal has been evaluated as being responsive.

The successful proposer shall be required to execute a City contract covering the scope of services to be provided and setting fourth the duties, rights and responsibilities of the

parties. This contract must be executed by the successful proposer prior to recommendation of award and presentation to the City Commission.

V. SCHEDULE OF EVENTS

The schedule of events, relative to the procurement shall be as follows:

<u>Event</u>	<u>Date (on or by)</u>
1. Issuance of Request for Proposals	3/21/17
2. Opening of Proposals	4/12/17
3. Proposal Evaluations	4/17/17-5/12/17
4. Contract Negotiations	5/15/17-5/26/17
5. Award of Contract	6/21/17

CITY reserves the right to delay scheduled dates.

VI. SUMMARY OF DOCUMENTS TO BE SUBMITTED WITH PROPOSALS

1. Samples of the following documents (except the Certificate of Insurance), are attached and shall be executed as a condition to this offer:
 - (a) Proposal and Offeror's Certification
 - (b) Certified Resolution
 - (c) Qualifications Statement
 - (d) Non-Collusive Affidavit
 - (e) Offeror's Foreign (Non-Florida) Corporate Statement
 - (f) References
 - (g) Certificate(s) of Insurance

VII. AWARD OF CONTRACT

The contract or contracts shall be awarded to the responsible Offeror(s) whose Proposal(s) is/are determined to be the most advantageous to CITY, taking into consideration the evaluation factors and criteria set forth in the Request for Proposals.

Be advised that the CITY is prepared to award individual contracts for each service or multiple services or any other combination of services as CITY deems in its best interests.

VIII. INSURANCE

PLEASE HAVE YOUR INSURANCE REPRESENTATIVE CAREFULLY REVIEW ANY INSURANCE COVERAGES AND CONDITIONS PRIOR TO SUBMITTING YOUR PROPOSAL TO ENSURE COMPLIANCE WITH THE INSURANCE REQUIREMENTS OF THE INSTRUCTIONS TO OFFERORS.

RFP NO: 17-C-053
UNDERCOVER VEHICLE RENTAL SERVICES FOR S.E. FLORIDA
GOVERNMENTAL PURCHASING COOPERATIVE GROUP

INSTRUCTIONS TO OFFERORS
STANDARD TERMS AND CONDITIONS

1. DEFINED TERMS

- 1.1 Terms used in these Instructions to Offerors are defined and have the meaning assigned to them. The term "Offeror" means one who submits a Proposal directly to CITY as distinct from a Sub-Offeror, who submits a Proposal to the Offeror. The term "Successful Offeror" means the qualified, responsible and responsive Offeror to whom CITY (on the basis of CITY'S evaluation as hereinafter provided) makes an award. The term "CITY" refers to the City of Coral Springs, a municipal corporation of the State of Florida. The term "Proposal Documents" includes the Request for Proposals, Instructions to Offerors, Proposal, Qualifications Statement, Non-Collusive Affidavit, Corporate Resolution or Letter of Transmittal, Proposal Security and Specifications, if any, and the proposed Contract Documents, if any, (including all Addenda issued prior to receipt of Proposals). The term "CONTRACTOR" shall mean the individual(s) or firm(s) to whom the award is made and who executes the Contract Documents.

2. SPECIAL CONDITIONS

- 2.1 Any and all Special Conditions that may vary from the General Conditions shall have precedence.

3. EXAMINATION OF CONTRACT DOCUMENTS

- 3.1 Before submitting a Proposal, each Offeror must (a) consider federal, state and local laws, ordinances, rules and regulations that may in any manner affect cost, or performance of the work, (b) study and carefully correlate the Offeror's observations with the Proposal Documents; and (c) notify the Purchasing Administrator of all conflicts, errors and discrepancies, if any, in the Proposal Documents.
- 3.2 The Offeror, by and through the submission of a Proposal, agrees that he shall be held responsible for having familiarized himself with the nature and extent of the services and any local conditions that may affect the services to be provided.

4. SPECIFICATIONS

- 4.1 The apparent silence of the Specifications as to any detail, or the apparent omission from it of a detailed description concerning any point, shall be regarded as meaning that only the best commercial practice is to prevail and that only material and workmanship of the finest quality are to be used. All interpretations of the Specifications shall be made on the basis of this statement.
- 4.2 For the purpose of evaluation, the Offeror must indicate any variance or exceptions to the stated Specifications, no matter how slight. Deviations should be explained in detail. Absence of variations and/or corrections will be interpreted to mean that the Offeror meets all the Specifications in every respect.

5. INTERPRETATIONS AND ADDENDA

- 5.1 If the Offeror should be in doubt as to the meaning of any of the Proposal Documents, is of the opinion that the Conditions and Specifications contain errors or contradictions or reflect omissions, or has any question concerning the conditions and specifications, he shall submit a written request directed to the Purchasing Administrator for interpretation or clarification. Such request must reference the date of Proposal opening and Proposal number and should be received by the Purchasing Administrator at least ten (10) calendar days before the date of the formal opening of the Proposals. Questions received less than ten (10) calendar days prior to the Proposal opening shall not be answered. Interpretations or clarifications in response to such questions will be issued in the form of written addenda and shall be mailed to all parties recorded by CITY'S Purchasing Administrator as having received the Proposal Documents. The issuance of a written addendum shall be the only official method whereby such an interpretation or clarification will be made.

6. PRICES PROPOSED

- 6.1 Prices shall be shown in both unit amounts and extensions whenever applicable. In the event of discrepancies existing between unit amounts and extensions or totals, unit amounts shall govern.
- 6.2 All prices and costs for equipment shall remain firm and fixed for acceptance for ninety (90) calendar days after the day of the Proposal opening.
- 6.3 The Proposal Price shall include all permit fees, royalties, license fees and other costs arising from the use by such design, equipment and/or materials in any way involved in the work.

7. NON-COLLUSIVE AFFIDAVIT

- 7.1 Each Offeror shall complete the Non-Collusive Affidavit Form and shall submit the form with the Proposal. CITY considers the failure of the Offeror to submit this document to be a major irregularity and may be cause for rejection of the Proposal.

8. PUBLIC ENTITY CRIMES INFORMATION STATEMENT

- 8.1 A person or affiliate who has been placed on the convicted vendor list following a conviction for public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit proposals on rentals of real property to public entity, may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

9. CONFLICT OF INTEREST

- 9.1 The award of any contract hereunder is subject to the provisions of Chapter 112, Florida Statutes. Offerors must disclose with their Proposal the name of any officer, director, partner, proprietor, associate or agent who is also an officer or employee of CITY or any of its agencies. Further, all Offerors must disclose the name of any officer or employee of CITY who owns, directly or indirectly, an interest of five percent (5%) or more in the Offeror's firm or any of its branches or affiliate companies.

10. SUBMISSION OF PROPOSALS

- 10.1 Proposals must be typed or printed in ink. Use of erasable ink is not permitted. All corrections to prices made by the Offeror must be initialed.
- 10.2 Proposals must contain a manual signature of the authorized representative of the Offeror. Proposals shall contain an acknowledgment of receipt of all Addenda. The address and telephone number for communications regarding the Proposal must be shown.
- 10.3 Proposals by corporations must be executed in the corporate name by the President or other corporate officer accompanied by evidence of authority to sign. The corporate address and state of incorporation must be shown below the signature.

- 10.4 Proposals by partnerships must be executed in the partnership name and signed by a partner, whose title must appear under the signature and the official address of the partnership must be shown below the signature.
- 10.5 Proposals shall be submitted at or before the time and at the place indicated in the Request for Proposals and shall be submitted in a sealed envelope (faxed proposals will not be accepted under any circumstances). The envelope shall be clearly marked on the exterior "**PROPOSAL FOR UNDERCOVER VEHICLE RENTAL SERVICES** THE CITY OF CORAL SPRINGS, FLORIDA," and shall state the name and address of the Offeror and shall be accompanied by any other required documents. No responsibility will attach to the Purchasing Office for the premature opening of a Proposal not properly addressed and identified.
- 10.6 In accordance with Chapter 119 of the Florida Statutes (Public Records Law), and except as may be provided by other applicable state and federal law, the Request for Proposal and the responses thereto are in the public domain. However, the Offerors are requested to identify specifically any information contained in their Proposals which they consider confidential and/or proprietary and which they believe to be exempt from disclosure, citing specifically the applicable exempting law.
- 10.7 All Proposals received from Offerors in response to the Request for Proposal will become the property of CITY and will not be returned to the Offerors. In the event of Contract award, all documentation produced as part of the Contract shall become the exclusive property of CITY.

11. MODIFICATION AND WITHDRAWAL OF PROPOSALS

- 11.1 Proposals may be modified or withdrawn by an appropriate document duly executed (in the manner that a Proposal must be executed) and delivered to the place where Proposals are to be submitted at any time prior to the deadline for submitting Proposals. A request for withdrawal or a modification must be in writing and signed by a person duly authorized to do so. Evidence of such authority must accompany the request for withdrawal or modification. Withdrawal of a Proposal will not prejudice the rights of an Offeror to submit a new Proposal prior to the Proposal opening date and time. After expiration of the period for receiving Proposals, no Proposal may be withdrawn or modified.
- 11.2 If, within twenty-four (24) hours after Proposals are opened, any Offeror files a duly signed, written notice with CITY and within five (5) calendar days thereafter demonstrates to the reasonable satisfaction of CITY by clear and convincing evidence there was a material and substantial mistake in the preparation of its Proposal, or that the mistake is clearly evident on the face of the Proposal but the intended correct Proposal is not similarly evident,

then Offeror may withdraw its Proposal and the Bid Security will be returned. Thereafter, the Offeror will be disqualified from further bidding on the subject Contract.

12. REJECTION OF PROPOSALS

- 12.1 To the extent permitted by applicable state and federal laws and regulations, CITY reserves the right to reject any and all Proposals, to waive any and all informalities not involving price, time or changes in the work with the Successful Offeror, and the right to disregard all nonconforming, non-responsive, unbalanced or conditional Proposals. Proposal will be considered irregular and may be rejected, if they show serious omissions, alterations in form, additions not called for, conditions or unauthorized alterations, or irregularities of any kind.
- 12.2 CITY reserves the right to reject the Proposal of any Offeror if CITY believes that it would not be in the best interest of the CITY to make an award to that Offeror, whether because the Proposal is not responsive or the Offeror is unqualified or of doubtful financial ability or fails to meet any other pertinent standard or criteria established by CITY.

SPECIAL CONDITIONS TO INSTRUCTIONS TO OFFERORS

13. QUALIFICATIONS OF OFFERORS

- 13.1 Each Offeror should complete the Qualifications Statement and submit the same with his Proposal. Failure to submit the Qualifications Statement and the documents required thereunder with the Proposal may constitute grounds for rejection of the Proposal.
- 13.2 As a part of the proposal evaluation process, City may conduct a background investigation, including a record check by the Coral Springs Police Department of offeror. Offeror's submission of a proposal constitutes acknowledgment of the process and consent to such investigation.
- 13.3 No proposal shall be accepted from, nor will any contract be awarded to, any person, who is in arrears to CITY, upon any debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to CITY, or who is deemed irresponsible for unreliable by CITY.
- 13.4 City reserves the right to make a pre-award inspection of the Offeror's facilities and equipment prior to award of Contract.

14. ENVIRONMENTAL REGULATIONS

- 14.1 City reserves the right to consider Offeror's history of citations and/or

violations of environmental regulations in determining an Offeror's responsibility, and further reserves the right to declare an Offeror not responsible if the history of violations warrant such determination. Offeror shall submit with the Proposal a complete history of all citations and/or violations, notices and dispositions thereof. The non-submission of any such documentation shall be deemed to be an affirmation by the Offeror that there are no citations or violations. Offeror shall notify City immediately of notices of any citation or violation, which Offeror may receive after the Proposal opening date and during the time of performance of any contract awarded to offerors.

15. INSURANCE

15.1 Offeror shall submit a certificate(s) of insurance evidencing the required insurance together with the Proposal. Failure to do so may cause rejection of the Proposal.

15.2 Prior to Award and in any event prior to commencing work, the Successful Offeror shall provide CITY with certified copies of all insurance policies providing coverage as required by these Special Conditions.

15.3 The Successful Offeror shall secure and maintain, at its own expense, and keep in effect during the full period of the contract a policy or policies of insurance, which must include the following coverages and minimum limits of liability:

(a) Worker's Compensation and Employer's Liability Insurance for all employees of the Successful Offeror engaged in work under the Contract in accordance with the laws of the State of Florida. The Successful Offeror shall agree to be responsible for the employment, control and conduct of its employees and for any injury sustained by such employees in the course of their employment.

(b) Comprehensive General Liability Insurance with the following minimum limits of liability:

\$ 1,000,000 Combined Single Limit, Bodily Injury and Property Damage Liability per occurrence

Coverage shall specifically include the following minimum limits not less than those required for Bodily Injury Liability and Property Damage:

\$ 1,000,000 Combined Single Limit, Bodily Injury and Property Damage Liability per occurrence

- (1) Premises and Operations;
 - (2) Independent Contractors;
 - (3) Products and Completed Operations;
 - (4) Broad Form Property Damage;
 - (5) Broad Form Contractual Coverage applicable to the Contract and specifically confirming the indemnification and hold harmless agreement in the Contract;
 - (6) Personal Injury Coverage with employment and contractual exclusions removed and deleted.
- (c) Comprehensive Automobile Liability Insurance for all owned, non-owned and hired automobiles and other vehicles used by Successful Offeror in the performance of the work with the following minimum limits of liability:

\$ 1,000,000 Combined Single Limit, Bodily Injury and Property
Damage Liability per occurrence

- 15.4 ALL LIABILITY INSURANCE POLICIES SHALL SPECIFICALLY PROVIDE THAT THE CITY OF CORAL SPRINGS IS AN ADDITIONAL NAMED INSURED OR ADDITIONAL INSURED WITH RESPECT TO THE REQUIRED COVERAGES AND THE OPERATIONS OF THE CONTRACTOR UNDER THE CONTRACT. INSURANCE Companies selected must be acceptable to CITY. All of the policies of insurance so required to be purchased and maintained shall contain a provision or endorsement that the coverage afforded shall not be canceled, materially changed or renewal refused until at least thirty (30) calendar days written notice has been given to CITY by certified mail.
- 15.5 The required insurance coverage shall be issued by an insurance company duly authorized and licensed to do business in the State of Florida with the following minimum qualifications in accordance with the latest edition of A.M. Best's Insurance Guide:
- Financial Stability B+ to A+
- 15.6 All required insurance policies shall preclude any underwriter's rights of recovery or subrogation against CITY with the express intention of the parties being that the required insurance coverages protect both parties as the primary coverages for any and all losses covered by the above described insurance.
- 15.7 The Successful Offeror shall ensure that any company issuing insurance to cover the requirements contained in this Contract agrees that they shall have no recourse against CITY for payment or assessments in any form on any policy of insurance.

- 15.8 The clauses "Other Insurance Provisions" and "Insured Duties in the Event of an Occurrence, Claim or Suit" as it appears in any policy of insurance in which CITY is named as an additional named insured shall not apply to CITY. CITY shall provide written notice of occurrence within fifteen (15) working days of CITY'S actual notice of such an event.
- 15.9 The Successful Offeror shall not commence work under the Contract until after he has obtained all of the minimum insurance herein described.
- 15.10 The Successful Offeror agrees to perform the work under the Contract as an independent contractor, and not as a subcontractor, agent or employee of CITY.
- 15.11 Violation of the terms of this paragraph and its sub-parts shall constitute a breach of the Contract and CITY, at its sole discretion, may cancel the Contract and all rights, title and interest of the Successful Offeror shall thereupon cease and terminate.

16. INDEMNIFICATION

- 16.1 GENERAL INDEMNIFICATION: To the fullest extent permitted by laws and regulations, Successful Offeror shall indemnify, defend, save and hold harmless the CITY, its officers, agents and employees, harmless from any and all claims, damages, losses, liabilities and expenses, direct, indirect or consequential arising out of or in consequential arising out of or alleged to have arisen out of or in consequence of the products, goods or services furnished by or operations of the Successful Offeror or his subcontractors, agents, officers, employees or independent contractors pursuant to or in the performance of the Contract.
- 16.2 PATENT AND COPYRIGHT INDEMNIFICATION: Successful Offeror agrees to indemnify, defend, save and hold harmless the CITY, its officers, agents and employees, from all claims, damages, losses, liabilities and expenses arising out of any alleged infringement of copyrights, patent rights and/or the unauthorized or unlicensed use of any invention, process, material, property or other work manufactured or used in connection with the performance of the Contract, including its use by CITY.
- 16.3 The Successful Offeror shall pay all claims, losses, liens, settlements or judgments of any nature whatsoever in connection with the foregoing indemnifications including, but not limited to, reasonable attorney's fees (including appellate attorney's fees) and costs.
- 16.4 CITY reserves the right to select its own legal counsel to conduct any defense in any such proceeding and all costs and fees associated therewith shall be the responsibility of Successful Offeror under the indemnification

agreement. Nothing contained herein is intended nor shall it be construed to waive CITY's rights and immunities under the common law or Florida Statute 768.28 as amended from time to time.

17. RISK OF LOSS

- 17.1 The risk of loss, injury or destruction, regardless of the cause of the casualty, shall be carried by Successful Offeror until the delivery and installation of the equipment to CITY's premises, and inspection and acceptance of the equipment by CITY. Title to equipment shall pass to CITY upon acceptance by CITY.

18. WARRANTIES

- 18.1 Warranty of Merchantability: Successful Offeror warrants that all equipment and materials to be supplied pursuant to the Agreement will be merchantable, of good quality and free from defects, whether patent or latent in material or workmanship.

- 18.2 Warranty of Fitness for a Particular Purpose: Successful offeror warrants the equipment shall be fit for and sufficient for the purpose(s) intended. The proposal(s) for which the equipment covered by the contract is intended is: lease of vehicles for investigative and undercover work.

18.2.1 Successful offeror understands and agrees that CITY is purchasing the equipment in reliance upon the skill of Successful Offeror in furnishing the equipment suitable for the above-stated purpose. If the equipment cannot be used in the manner stated in this Paragraph, then City, at its sole discretion may return the parts to successful offeror for a full refund of any and all moneys paid for the parts.

- 18.3 Warranty of Title: Successful Offeror warrants that all equipment delivered under the contract shall be of new manufacture and that Successful Offeror possesses good and clear title to said equipment and there are no pending liens, claims or encumbrances whatsoever against said equipment.

- 18.4 Successful Offeror warrants that there has been no violation of copyrights, patent rights or licensing agreements in connection with the work of the contract.

- 18.5 Successful Offeror warrants to CITY that the consummation of the work provided for in the Contract documents will not result in the breach of any term or provision of, or constitute a default under any indenture, mortgage, contract, or agreement to which Successful Offeror is a party.

- 18.6 Successful Offeror warrants to CITY that it is not insolvent, it is not in

bankruptcy proceedings or receivership, nor is it engaged in or threatened with any litigation, arbitration or other legal or administrative proceedings or investigations of any kind which would have an adverse effect on its ability to perform its obligations under the Contract.

18.7 Successful Offeror warrants to CITY that it will comply with all applicable federal, state and local laws, regulations and orders in carrying out its obligations under the Contract.

18.8 All warranties made by Successful Offeror together with service warranties and guaranties shall run to CITY and the successors and assigns of CITY.

19. TAXES

19.1 Successful Offeror shall pay all applicable sales, consumer use and other similar taxes required by law.

20. TERMINATION FOR CAUSE AND DEFAULT

20.1 In the event Successful Offeror shall default in any of the terms, obligations, restrictions or conditions in any of the Proposal documents, CITY shall give written notice by certified mail, return receipt requested to Successful Offeror of the default and that such default shall be corrected or actions taken to correct such default shall be commenced within three (3) calendar days thereof. In the event Successful Offeror has failed to correct the conditions of default or the default is not remedied to the satisfaction and approval of CITY, CITY shall have all legal remedies available to it, including, but not limited to termination of the Contract in which case Successful Offeror shall be liable for all procurement and reprourement costs and any and all damages permitted by law arising from the default and breach of the Contract.

21. TERMINATION FOR CONVENIENCE OF CITY

21.1 Upon seven (7) calendar days written notice delivered by certified mail, return receipt requested, to Successful Offeror, CITY may without cause and without prejudice to any other right or remedy, terminate the agreement for CITY's convenience whenever CITY determines that such termination is in the best interests of CITY. Where the agreement is terminated for the convenience of CITY, the notice of termination to Successful Offeror must state that the Contract is being terminated for the convenience of CITY under the termination clause and the extent of termination. Upon receipt of the notice of termination for convenience, Successful Offeror shall promptly discontinue all work at the time and to the extent indicated on the notice of termination, terminate all outstanding subcontractors and purchase orders to the extent that they relate to the terminated portion of the Contract and

refrain from placing further orders and subcontracts except as they may be necessary, and complete any continued portions of the work.

22. AUDIT RIGHTS

22.1 City reserves the right to audit the records of Successful Offeror at any time during the performance and term of the Contract and for a period of three (3) years after completion and acceptance by City. If required by City, Successful Offeror shall agree to submit to an audit by an independent certified public accountant selected by City. Successful Offeror shall allow City to inspect, examine and review the records of Successful Offeror at any and all times during normal business hours during the term of the contract.

23. ASSIGNMENT

23.1 Successful Offeror shall not assign, transfer or subject the Contract or its rights, title or interests or obligations therein without CITY'S prior written approval.

23.2 Violation of the terms of this paragraph shall constitute a breach of the Contract by Successful Offeror and CITY may, at its discretion, cancel the Contract and all rights, title and interest of Successful Offeror shall thereupon cease and terminate.

24. GOVERNING LAWS: This RFP/Agreement shall be governed by and construed in accordance with the laws of the State of Florida without regard to principles of conflicts of laws thereof.

25. VENUE: Any litigation arising out of this RFP/Agreement shall be brought in the Seventeenth Judicial Circuit for Broward County, Florida.

26. COST ADJUSTMENTS

26.1 The cost(s) shall remain firm for the initial two (2) year contract term. Any requested cost increase shall be fully documented and submitted in writing to the Purchasing Administrator at least ninety (90) days prior to the beginning any two (2) year contract renewal term or at least ninety (90) days prior to the contract anniversary date. Any approved cost adjustments shall become effective after the first two (2) year contract term or upon the renewal date of the contract.

CERTIFIED RESOLUTION

I, _____ (Name), the duly elected Secretary of _____
_____ (Corporate Title), a corporation organized and existing under the laws of the State of _____
_____, do hereby certify that the following Resolution was unanimously adopted and
passed by a quorum of the Board of Directors of the Said corporation at a meeting held in accordance with
law and the by-laws of the said corporation.

IT IS HEREBY RESOLVED THAT _____ (Name) The duly elected ____
_____ (Title of Officer) of _____ (Corporate Title) be and is hereby
authorized to execute and submit a Bid and Bid Bond, if such bond is required, to the City of Coral Springs
and such other instruments in writing as may be necessary on behalf of the said corporation; and that the Bid,
Bid Bond, and other such instruments signed by him/her shall be binding upon the said corporation as its
own acts and deeds. The secretary shall certify the names and signatures of those authorized to act by the
foregoing resolution.

The City of Coral Springs shall be fully protected in relying upon such certification of the secretary and shall
be indemnified and saved harmless from any and all claims, demands, expenses, loss or damage resulting
from or growing out of honoring, the signature of any person so certified or for refusing to honor any
signature not so certified.

I further certify that the above resolution is in force and effect and has not been revised, revoked or
rescinded.

I further certify that the following are the name, titles and official signatures of those persons authorized to
act by the foregoing resolution.

<u>NAME</u>	<u>TITLE</u>	<u>SIGNATURE</u>

FOREIGN (NON-FLORIDA) CORPORATIONS MUST COMPLETE THIS FORM

DEPARTMENT OF STATE CORPORATE CHARTER NO. _____

If your corporation is exempt from the requirements of Section 607.1501, Florida Statutes, YOU MUST CHECK BELOW the reason(s) for the exemption. Please contact the Department of State, Division of Corporations at (850) 245-6051 for assistance with corporate registration or exemptions.

607.1501 Authority of foreign corporation to transact business required.

- (1) A foreign corporation may not transact business in this state until it obtains a certificate of authority from the Department of State.
- (2) The following activities, among others, do not constitute transacting business within the meaning of subsection (1):
- _____(a) Maintaining, defending, or settling any proceeding.
 - _____(b) Holding meetings of the board of directors or shareholders or carrying on other activities concerning internal corporate affairs.
 - _____(c) Maintaining bank accounts.
 - _____(d) Maintaining officers or agencies for the transfer, exchange, and registration of the corporation's own securities or maintaining trustees or depositaries with respect to those securities.
 - _____(e) Selling through independent contractors.
 - _____(f) Soliciting or obtaining orders, whether by mail or through employees, agents, or otherwise, if the orders require acceptance outside this state before they become contracts.
 - _____(g) Creating or acquiring indebtedness, mortgages, and security interests in real or personal property.
 - _____(h) Securing or collecting debts or enforcing mortgages and security interests in property securing the debts.
 - _____(i) Transacting business in interstate commerce.
 - _____(j) Conducting an isolated transaction that is completed within 30 days and that is not one in the course of repeated transactions of a like nature.
 - _____(k) Owning and controlling a subsidiary corporation incorporated in or transacting business within this state or voting the stock of any corporation which it has lawfully acquired.
 - _____(l) Owning a limited partnership interest in a limited partnership that is doing business within this state, unless such limited partner manages or controls the partnership or exercises the powers and duties of a general partner.
 - _____(m) Owning, without more, real or personal property.
- (3) The list of activities in subsection (2) is not exhaustive.
- (4) This section has no application to the question of whether any foreign corporation is subject to service of process and suit in this state under any law of this state.

Please check one of the following if your firm is NOT a corporation:

- (I) _____ Partnership, Joint Venture, Estate or Trust
(II) _____ Sole Proprietorship or Self-Employed

NOTE: This sheet MUST be enclosed with your bid if you claim an exemption or have checked I or II above. If you do not check I or II above, your firm will be considered a corporation and subject to all requirements listed herein.

**ADDENDUM TO AGREEMENT BETWEEN THE CITY OF CORAL SPRINGS AND
ENTERPRISE LEASING COMPANY OF FLORIDA, LLC**

THIS ADDENDUM TO AGREEMENT, dated this 19th day of July, 2017, by
and between:

CITY OF CORAL SPRINGS, FLORIDA
a municipal ENTERPRISE
9551 W. Sample Road
Coral Springs, Florida 33065
(hereinafter referred to as "CITY")

AND

ENTERPRISE LEASING COMPANY OF FLORIDA, LLC
a limited liability company
5105 Johnson Road
Coconut Creek, Florida 33073
(hereinafter referred to as "ENTERPRISE")

July WHEREAS, CITY and ENTERPRISE entered into an Agreement on the 19th day of
July, 2017 (hereinafter "Agreement"); and

WHEREAS, it is necessary to include additional provisions;

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein, and other good and valuable consideration, the receipt and adequacy of which are acknowledged, the parties agree as follows:

Section 1. The foregoing recitals are true and correct and are hereby incorporated into this Agreement.

Section 2. **RECORDS AND AUDIT**

CITY reserves the right to audit the records of ENTERPRISE relating to this Agreement any time during the performance and term of the Agreement and for a period of three (3) years after completion and acceptance by CITY. If required by CITY, ENTERPRISE shall agree to submit to an audit by an independent certified public accountant selected by CITY. ENTERPRISE shall allow CITY to inspect, examine and review the records of ENTERPRISE at any and all times during normal business hours during the term of this Agreement.

**IF ENTERPRISE HAS QUESTIONS REGARDING THE
APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO
ENTERPRISE'S DUTY TO PROVIDE PUBLIC RECORDS**

RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT THE CITY OF CORAL SPRINGS, DEBRA THOMAS, CMC, CITY CLERK, 9551 WEST SAMPLE ROAD, CORAL SPRINGS, FLORIDA 33065, DTHOMAS@CORALSPRINGS.ORG, TELEPHONE NUMBER (954) 344-1067.

ENTERPRISE understands, acknowledges and agrees that ENTERPRISE shall, pursuant to Section 119.0701, Florida Statutes, as amended from time to time, do the following:

- (1) Keep and maintain public records required by CITY to perform the service.
- (2) Upon request from CITY'S custodian of public records, provide CITY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law or CITY policy.
- (3) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if ENTERPRISE does not transfer the records to CITY.
- (4) Upon completion of the contract, transfer, at no cost, to CITY all public records in possession of ENTERPRISE or keep and maintain public records required by CITY to perform the service. If ENTERPRISE transfers all public records to CITY upon completion of the contract, ENTERPRISE shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If ENTERPRISE keeps and maintains public records upon completion of the contract, ENTERPRISE shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to CITY, upon request from CITY'S custodian of public records, in a format that is compatible with the information technology systems of CITY.

REQUEST FOR NONCOMPLIANCE

- (a) A request to inspect or copy public records relating to a CITY'S contract for services must be made directly to CITY. If CITY does not possess the requested records, CITY shall immediately notify ENTERPRISE of the request, and ENTERPRISE must provide the records to CITY or allow the records to be inspected or copied within a reasonable amount of time.

(b) If ENTERPRISE does not comply with CITY'S request for records, the CITY shall enforce the contract provisions in accordance with the contract.

(c) ENTERPRISE who fails to provide the public records to CITY within a reasonable time may be subject to penalties under Section 119.10.

CIVIL ACTION

(a) If a civil action is filed against ENTERPRISE to compel production of public records relating to CITY'S contract for services, the court shall assess an award against ENTERPRISE the reasonable costs of enforcement, including reasonable attorney fees, if:

- (1) The court determines that ENTERPRISE unlawfully refused to comply with the public records request within a reasonable time; and
- (2) At least eight (8) business days before filing the action, the plaintiff provided written notice of the public records request, including a statement that ENTERPRISE has not complied with the request, to CITY and to ENTERPRISE.

(b) A notice complies with subparagraph (a)2. if it is sent to CITY'S custodian of public records and to ENTERPRISE at ENTERPRISE'S address listed on its contract with CITY or to ENTERPRISE'S registered agent. Such notices must be sent by common carrier delivery service or by registered, Global Express Guaranteed, or certified mail, with postage or shipping paid by the sender and with evidence of delivery, which may be in an electronic format.

(c) ENTERPRISE who complies with a public records request within eight (8) business days after the notice is sent is not liable for the reasonable costs of enforcement.

Section 3. INSURANCE

3.01 CITY shall maintain liability insurance with limits of at least \$1,000,000 combined single limit to cover bodily injury and death. Such insurance shall cover liability arising out of the negligence, acts or omissions of the CITY, its employees, agents or servants in connection with the storage, use or operation of any auto (including owned, hired, and non-owned) of ENTERPRISE (the "Vehicles") under the Agreement. To the extent provided for herein, CITY's program of insurance and self-insurance shall apply as primary insurance with respect to any other insurance or self-insurance programs, bonds or cash deposits afforded to or insuring ENTERPRISE. CITY agrees to pay all claims, losses and associated expenses (including reasonable attorney fees) attributed to the negligence, acts or omissions of CITY, its employees, agents or servants.

CITY agrees to maintain a Risk Management Program of self-insurance in accordance with Florida Statutes 768.28, and agrees to self-insure and cover physical damage to all Vehicles provided under this Agreement for causes of loss attributable to comprehensive and collision damages caused by a third party tortfeasor, phantom vehicle, or as the result of the negligence, acts or omissions of CITY, its employees, agents or servants. In the event that CITY is not at fault, ENTERPRISE will exercise due diligence in its effort to subrogate the physical damages against the third party. Within forty-five (45) calendar days from the accident, Enterprise will provide CITY's Risk Management Division with a detailed report substantiating its diligence in pursuing the subrogation action. If after eighty-nine (89) calendar days ENTERPRISE is unsuccessful in such efforts to subrogate the physical damages claim and does not foresee the likely subrogation of such damages within a reasonable time thereafter, ENTERPRISE may invoice CITY and CITY shall pay ENTERPRISE for the cost of repairing the physical damage and assign rights of subrogation to the CITY. ENTERPRISE'S invoice to the CITY must include a copy of the proof of loss and a cover letter, a copy of the rental agreement, photos of vehicle's damage, repair estimate, and police report when available. This information should be submitted to the City of Coral Springs, Risk Management Division, Attn: Risk Manager, 9551 West Sample Road, Coral Springs, Florida 33065 by mail or by email to Tracy Szatkowski, Risk Manager, at tszatkowski@coralsprings.org. CITY shall only pay ENTERPRISE'S direct physical damage, including any applicable towing costs, to the damaged Vehicle and for the loss of use of the damaged vehicle. The cost to the CITY for the loss of use of the damaged vehicle shall be capped at four (4) days. In the event the loss of use of the damaged vehicle is for less than four (4) days, the CITY shall responsible for the lesser of the two costs. ENTERPRISE agrees that CITY shall not be responsible for any administrative fees and/or diminution in value damages as a result of physical damage to the vehicle, regardless who is at fault.

3.02 Notwithstanding anything to the contrary herein, Sections 3.02 through 3.10 do not apply to and do not cover the Vehicles, the CITY's or its employees, agents or servants use of the Vehicles or any damage, injury or death arising therefrom, as that is covered exclusively in Section 3.01. Sections 3.02 through 3.10 apply only to ENTERPRISE's business operations. ENTERPRISE shall secure and maintain, or self-insure for at its own expense, and keep in effect during the full term of the Agreement, a policy or policies of insurance, or self-insurance funds, which must include or cover the following coverages and minimum limits of liability ("Business Insurance"):

(1) Worker's Compensation Insurance for statutory obligations imposed by Worker's Compensation or Occupational Disease Laws, including, where applicable, the United States Longshoremen's and Harbor Worker's Act, the Federal Employers' Liability Act and the Jones Act with respect to ENTERPRISE'S employees. Employer's Liability Insurance shall be provided with a minimum of two hundred thousand and xx/100 dollars (\$200,000.00) per

accident with respect to ENTERPRISE's employees. ENTERPRISE agrees to be responsible for the employment, conduct and control of its employees and for any injury sustained by such employees in the course of their employment.

(2) Commercial Automobile Liability Insurance for all owned, non-owned and hired automobiles and other vehicles used by ENTERPRISE's employees in the performance of ENTERPRISE'S obligations in the Agreement (which shall not include any of the owned, non-owned and hired Vehicles used by the CITY or its employees, agents or servants pursuant to the Agreement which are specifically provided for in SECTION 3.01) with the following minimum limits of liability with no restrictive endorsements:

\$1,000,000.00 Combined Single Limit, per occurrence, Bodily Injury & Property Damage

(3) Comprehensive General Liability (occurrence form) with the following minimum limits of liability with no restrictive endorsements:

\$1,000,000.00 Combined Single Limit, per occurrence, Bodily Injury & Property Damage arising out of the actions of ENTERPRISE and its employees, agents in servants under the Agreement (but excluding coverage for any damage, injury or death specifically provided for under Section 3.01). Coverage shall specifically include the following with minimum limits not less than those required for Bodily Injury Liability and Property Damage Liability:

- (a) Premises and Operations.
- (b) Independent Contractors.
- (c) Product and Completed Operations Liability.
- (d) Broad Form Property Damage.
- (e) Broad Form Contractual Coverage applicable to the Agreement.
- (f) Owner's or contractor's Protective Liability.

3.02 UPON CONTRACT EXECUTION, ENTERPRISE SHALL SUBMIT TO CITY COPIES OF ITS CERTIFICATE(S) OF INSURANCE EVIDENCING THE BUSINESS INSURANCE AND SPECIFICALLY PROVIDING THAT THE CITY OF CORAL SPRINGS IS AN ADDITIONAL NAMED INSURED OR ADDITIONAL INSURED WITH RESPECT TO THE BUSINESS INSURANCE. All of the policies of Business Insurance so required to be purchased and maintained shall contain a provision or endorsement that the coverage afforded shall not be canceled, materially changed or renewal refused until at least thirty (30) calendar days written notice has been given to CITY by certified mail.

3.03 These Business Insurance requirements shall not relieve or limit the liability of ENTERPRISE. CITY does not in any way represent that the types and amounts of Business Insurance required hereunder are sufficient or adequate to protect ENTERPRISE'S interests or liabilities but are merely minimum

requirements established by CITY'S Risk Management Coordinator. CITY reserves the right to require any other insurance coverages that CITY deems necessary depending upon the risk of loss and exposure to liability, subject however to ENTERPRISE'S right to terminate the Agreement by providing written notice if ENTERPRISE chooses not to provide that insurance coverage.

3.04 ENTERPRISE may provide the required Business Insurance coverage under this Agreement pursuant to its self-insurance program.

3.05 ENTERPRISE shall require each of its sub-contractors of any tier to maintain the insurance required herein (except as respects limits of coverage for employers and public liability insurance which may not be less than One Million (\$1,000,000) Dollars for each category), and ENTERPRISE shall provide verification thereof to CITY upon request of CITY.

3.06 All required Business Insurance policies shall preclude any underwriter's rights of recovery or subrogation against CITY with the express intention of the parties being that the required Business Insurance coverage protects both parties as the primary coverage for any and all losses covered by the above described Business Insurance.

3.07 ENTERPRISE shall ensure that any company issuing Business Insurance to cover the requirements contained in Section 3.02 of this Agreement agrees that they shall have no recourse against CITY for payment or assessments in any form on any policy of Business Insurance.

3.08 The clauses "Other Insurance Provisions" and "Insured Duties in the Event of an Occurrence, Claim or Suit" as it appears in any policy of Business Insurance in which CITY is named as an additional named insured shall not apply to CITY. CITY shall provide written notice of occurrence within fifteen (15) working days of CITY'S actual notice of such an event.

3.09 ENTERPRISE shall not commence performance of its obligations under this Agreement until after it has obtained all of the minimum Business Insurance herein described and the same has been approved.

3.10 Violation of the terms of Section 3.02-3.10 by ENTERPRISE shall constitute a breach of the Agreement and CITY, at its sole discretion, may cancel the Agreement and all rights, title and interest of ENTERPRISE shall thereupon cease and terminate.

3.11 Nothing contained herein is intended, nor shall be construed, to serve as a waiver of sovereign immunity by CITY to which sovereign immunity may be applicable or as a waiver of limits to liability or rights existing under Section 768.28, Florida Statutes, as amended from time to time.

Section 4. INDEMNIFICATION

ENTERPRISE shall be liable to CITY for ENTERPRISE'S negligence or willful misconduct in the performance of its obligations under this Agreement, provided that any liability of ENTERPRISE hereunder to CITY shall be limited, in the aggregate, to the amount of any fees paid to ENTERPRISE pursuant to this Agreement or any disclosure dissemination agent agreement or continuing disclosure agreement entered into between ENTERPRISE and CITY in connection with services provided under this Agreement.

Section 5. All invoices for payment for rental changes shall be sent to:

Robin Brunetto, Purchasing Assistant
2801 Coral Springs Drive
Coral Springs, Florida 33065
Office: 954-346-1203
Email: rbrunetto@coralsprings.org

Section 6. NOTICES

6.01 All notices or other communications required by this Agreement shall be in writing and deemed delivered upon mailing by registered or certified mail, return receipt requested, hand-delivery, overnight courier, facsimile or email to the following persons and addresses:

CITY: Angelo Salomone, Purchasing Administrator
City of Coral Springs

Fax: (954) 337-2816
Email: dana.r.sutton@ehi.com

6.02 Each such notice shall be deemed delivered on the date delivered if by hand-delivery or overnight courier; on the date upon which the return receipt is signed or delivery is refused or the notice is designated by the postal authorities as not deliverable, as the case may be, if mailed; and on the date of transmission with confirmed answer back if by facsimile or email.

Section 7. **GOVERNING LAW; VENUE**

7.01 The validity, construction and effect of this Agreement shall be governed by the laws of the State of Florida.

7.02 Any claim, objection or dispute arising out of the terms of this Agreement shall be litigated in the Seventeenth Judicial Circuit in and for Broward County, Florida and the prevailing party to any resultant judgment shall be entitled to an award of all reasonable attorney's fees, interest and court costs incurred by such prevailing party against the losing party including reasonable appellate attorney's fees, interest and taxable costs.

Section 8. In all other respects, the terms and conditions of the Agreement not specifically amended herein remain in full force and effect. In the event of any conflict, this Addendum will supersede all other terms. In the event of ambiguity, the most conservative interpretation consistent with the public interest is intended.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the CITY OF CORAL SPRINGS AND ENTERPRISE LEASING COMPANY OF FLORIDA, LLC hereto have executed this Addendum the day and year first above written.

BASE RENTAL CHARGES

Vehicle Class	Monthly Rate
Class I- Compact Cars	\$560.00
Class II- Midsize Cars, Small SUV's	\$625.00
Class III- Full-size Car, Midsize SUV's, Pick Up Trucks	\$699.00
Class IV- Large Sedans, Minivans, Large SUVs	\$765.00
Class V- Premium Vehicles	\$1,025.00
See Exhibit A for Makes and Model Examples	

*Base Rental Charges apply to Enterprise locations in the following county(s): Monroe/Miami-Dade/Broward/Palm Beach/ Martin.

EXCLUSIONS: Base Rental Charges do not include applicable taxes, surcharges, refueling, one-way, drop-off, delivery, pickup, youthful driver or additional driver charges; or, except as set forth below, any optional products or services such as collision damage waiver ("CDW"), supplemental liability protection ("SLP"), personal accident insurance and personal effects coverage ("Driver Protection Products").

DRIVER PROTECTION PRODUCTS: Base Rental Charges **do not include** the Driver Protection Product(s) below: The City of Coral Springs is self-insured.

MILEAGE CHARGES: No vehicle will be driven over 3,000 miles (per30 days). Any vehicle approaching said mileage limitation will be returned and a replacement will be issued by Enterprise. If the combined mileage for the original vehicle and any/all replacement vehicles exceed three thousand (3,000) miles within a thirty (30) day rental cycle, the City will pay a \$.25 per mile charge for each mile over three thousand (3,000) miles.

ADDITIONAL TERMS AND CONDITIONS

- Term.** The term of this Preferred Rate Agreement ("Agreement") begins September 1, 2017, and ends on August 31, 2019. This Agreement may be extended for two (2) additional two (2) year periods upon mutual agreement of the parties. Either party may terminate this Agreement at any time by providing the other party with thirty (30) days prior written notice.
- Rental Program.** Enterprise agrees to make its vehicles available to Employees for rental from Enterprise's rental facilities for business use. This Agreement shall not apply to or cover vehicle rentals by Enterprise to an Employee from a car rental facility which is located in any other jurisdiction or is operated by Enterprise under the "Alamo Rent A Car" or "National Car Rental" brand name or any truck rental facility operated by Enterprise.
- Rental Contracts.** For each vehicle rented, the Employee must execute Enterprise's Rental Contract in the jurisdiction in which the vehicle rental occurs. Each Employee (and any person identified on page 1 of the Rental Contract as an "Additional Authorized Driver") must possess a valid driver's license issued by the state in which such person resides, and must be age 21 or older (unless otherwise agreed to in writing and 18 or older if required by law; and 25 or older for 12 and 15 passenger vans), and meet Enterprise's other normal renter qualifications. In the event of a direct conflict between the terms of this Agreement and the terms of any Rental Contract, the terms of this Agreement will govern. However, the specific terms of each Rental Contract will govern to the extent not directly in conflict with the terms of this Agreement. Customer agrees to pay Enterprise upon demand for all rental and other charges incurred and all indemnity and other payments owed by an Employee under a Rental

Contract relating to a rental for business use not timely paid by the Employee.

4. Rental Rates. In each successive 24 month period following the date of this Agreement, Enterprise agrees to charge the Base Rental Charges quoted on the cover page of this Agreement. In each successive twenty four-month period, the Base Rental Charges are subject to increase in accordance with the preceding year's Consumer Price Index (CPI) for All Urban Consumers, All Items (1982-1984). In no event shall the price adjustment exceed five percent (5%). In determining the length of rental, a day is deemed to be any 24-hour period or portion thereof.
5. Preferred Provider Status. Customer agrees to promote Enterprise internally as a preferred provider of rental cars, and to recommend Enterprise as an option to Employees renting vehicles for business use. No advertising is required.
6. Miscellaneous. Except as otherwise required by law, Customer and Enterprise agree to maintain the confidentiality of the terms of this Agreement. This Agreement and any Rental Contract entered into between Enterprise and an Employee sets forth the entire understanding between the parties and may only be amended in a written document signed by each party. This Agreement shall be governed by the substantive laws of the state listed as part of Customer's address on Page 1. Rental Contracts shall be governed by the substantive laws of the state in which they are executed.
7. Maintenance. City of Coral Springs will maintain the vehicles, both as to mechanical repairs and routine maintenance. The routine maintenance includes but is not limited to oil changes and tire rotations (both to be completed simultaneously every 4,000 miles), fluid replacement and tire replacement. Enterprise will notify the City of Coral Springs when the routine maintenance is required and the facilities to use for such routine maintenance and mechanical repairs. Enterprise will pay for such routine maintenance performed in accordance with this paragraph at the facilities designated by Enterprise as well as mechanical repairs not caused by the City of Coral Springs's failure to maintain the vehicles in accordance with the required schedule. The mechanical repairs to be paid for by Enterprise will not include body repairs or any repairs as a result of an accident, unless said accident is due to the negligence, act or omissions of Enterprise, its employees and/or agents. The City of Coral Springs must provide appropriate documentation of consistent maintenance on the vehicles. When a Vehicle is out of operation for service, a replacement or loaner Vehicle will be provided immediately upon return of said vehicle. In the event of an accident, a loaner or replacement vehicle will be provided at no additional charge while the damaged vehicle is repaired (customer is still required to make rental payment on original vehicle).
8. Vehicle Usage. It is understood and agreed that vehicles rented under this Agreement are intended for undercover investigation and surveillance by the Customer. The vehicles rented under this Agreement are not intended for use in traffic control and enforcement, nor are they intended for use in chase and apprehension or transportation of suspects under arrest. It is further

understood that a situation may occur outside the control of either Customer or Enterprise, which may require emergency use of a vehicle in an unanticipated fashion. Additionally, in the event of an emergency use of a vehicle or the usage of the vehicle in an unanticipated fashion, it is understood that the customer assumes full responsibility for liability and physical damage to the vehicle(s).

9. Modification of Vehicle. Enterprise specifically agrees that the Customer may, at its own expense, apply tinting to the windows of any vehicle. Any tinting applied must meet the requirements of the Florida Statutes for window tinting under sections 316.2951 through 316.2956. The Customer will maintain the tinting as to not detract from the value of the vehicle. The Customer may, at its own expense, install any electronic equipment it may deem necessary, provided that said installation causes no permanent damage to the vehicle (e.g. holes in sheet metal or dash area of vehicle). Any such electronic equipment shall, at all times, remain the property of Customer and shall be removed from the vehicle by Customer prior to its return to Enterprise.
10. Billing and Payments. The Customer will issue a purchase order to cover vehicles under this Agreement. Enterprise will invoice the Customer on a monthly basis and expect payment within Thirty (30) days, following receipt of said invoice by the Customer.
11. Signature on File. The parties acknowledge and agree that for vehicles renewed after thirty (30) calendar days a new rental contract is required for billing purposes. Enterprise shall contact the renter of the vehicle to get a mileage update and the notation "Signature on File" will substitute for the signature or initials of the Employee intended as renter for each applicable part of the Rental Agreement.
12. Offsets. The parties agree that Enterprise/Provider may, from time to time and upon notice to Customer, offset any undisputed amounts that are owed to Enterprise/Provider from the Customer against amounts owed to the Customer, in the ordinary course of business. Enterprise/Provider shall have the ability to discontinue this right to offset (in whole or in part), upon advance written notice to the Customer.
13. Assignment. Customer hereby consents to an assignment by Enterprise/Provider to any of Enterprise's/Provider's affiliated companies or a corporate successor upon conversion, merger or consolidation.
14. Tolls and Roadside Service. The city shall pay for tolls as a pass-through cost. A maximum charge of \$19.75 per rental (rental defined as 30 days). Roadside Service shall be included in the rental. If a vehicle is disabled due to a mechanical problem or accident, a loaner vehicle shall be issued at no additional charge while the damaged vehicle is being repaired. The renter may be responsible for service fees for negligence-related service calls (lockout/jump start/tire change/fuel delivery/glass replacement/tire repair and replacement/towing/lost keys).

Statement of Confidentiality

The information contained in this proposal and any exhibits, attachments, certifications, questionnaires, surveys and/or other deliveries required in connection with this proposal, and in subsequent communications relating to this proposal, whether or not expressly marked as confidential, are and shall be deemed confidential by both Enterprise Holdings and the recipient of such proposal. The contents shall only be disclosed where required by applicable law and only the extent required by the applicable law or any applicable open records law (for government proposals) and only after prior written notice to Enterprise Holdings. Disclosure and misuse of such information would result in immediate and irreparable harm to Enterprise Holdings and would provide Enterprise Holdings with a competitive disadvantage in its marketplace should its confidential business, operational and financial information be released.

Notwithstanding any separate agreement to the contrary, the recipient shall protect and keep the provisions of this proposal and any subsequent communications confidential and will not disclose such provisions, except to its employees or agents who require the information for the purpose expressly authorized by Enterprise Holdings and for no other purpose whatsoever. Such individuals shall be bound by the same confidentiality requirements — to the same extent and on the same basis — as these obligations are imposed upon and assumed by the recipient.

Except as set forth above, no part of this document may be reproduced or retained, in whole or in part, or made available to any third party, without the express prior written permission of Enterprise Holdings, which may be withheld in its sole discretion. All rights in such content and communications are hereby reserved by Enterprise Holdings.

Statement of Non-Binding Nature

This document and subsequent communications are proposals and considered non-binding by Enterprise Holdings and the recipient until a final agreement may be reached. The terms of any final agreement between Enterprise Holdings and recipient will be subject to further negotiations between the parties and not completed until incorporated into a written agreement executed by both parties. Any verbal or written undertaking prior to a final executed agreement will have no legal effect and any reliance upon the same is disclaimed by recipient.

Dear Ms. Sookdeo,

On behalf of Enterprise Rent-A-Car, we are delighted to provide The City of Coral Springs (City) with this opportunity to propose car rental services in fulfillment of your Request for Proposal Number 17-C-053. We have outlined key programs and services that differentiate our company in the car rental industry. We believe that we can provide the S.E. Florida Governmental Purchasing Cooperative Group the program that you need for undercover vehicle rental services.

We recognize and support key objectives to supply high-quality, cost-effective car rental while ensuring we meet all of the specifications of your Statement of Work. As a team, we are excited by the opportunity to provide car rental services to the CITY. We are confident in our ability to deliver an industry-leading car rental program.

Please feel free to contact me with questions or proposed program changes at any point during this process. Thank you again for the opportunity to present this rental car solution powered by Enterprise Rent-A-Car.

Christopher Pennant

Christopher Pennant
Area Sales Manager

305-278-2921
christopher.v.pennant@ehi.com

A. Objective:

Solicit competitive sealed proposals from qualified contractors to furnish undercover vehicle rental services for the City of Coral Springs and those listed within the Scope of Services. This is a cooperative Request for Proposals issued by the City of Coral Springs, acting as Lead Agency on behalf of the participating agencies in the Southeast Florida Governmental Purchasing Cooperative Group, referenced within this Request for Proposals. Any reference to a single entity shall apply to all participating agencies.

Due to the nature of the investigative and undercover work involved, utmost discretion is required of the awarded contractor.

Some co-op agencies may currently have a contract in place for the services listed herein. Those entities may participate in this contract at the expiration of their current contracts.

B. Services Required by the City:

Contractor shall:

- *Provide a vehicle rental program for the City of Coral Springs. The City's intended use is for undercover investigation and surveillance.*
- *Provide a wide selection of vehicles from which to choose, including notifying the City when new vehicles are available for rental.*
- *Provide a rental program, which would allow the City to exchange vehicles or replace vehicles at any time at the vendor's locations in South Florida.*

Enterprise Rent-A-Car has read and understands the objectives and services required by the City in respect to RFP No. 17-C-053.

Vehicle Usage

The vehicles will be primarily used within the boundaries of the applicable City. However, at the discretion of the City, the vehicles may be used for statewide travel. The anticipated annual minimum number of rentals or estimated annual expenditure will be listed on the pricing page.

Enterprise understands that vehicles may be used for statewide travel in addition to local travel.

Vehicles to Be Provided

**Proposer shall provide a list of vehicles that are available for rent.*

**The City shall be permitted to exchange vehicles at any location in the south Florida region within each of the categories. Provide a list of locations from where vehicles may be rented or exchanged.*

We have provided in [Exhibit A – Fleet Guide](#) a list of the categories and vehicles that we can provide.

We have also included as [Exhibit B – Florida Locations](#), a list of Enterprise locations within South Florida. Upon the award of a contract, we can provide a listing of locations throughout the State.

City shall be able to rent vehicles on a short-term basis (less than one month) as may be required by special circumstances. Vehicle rates shall be prorated in such instances.

Enterprise understands that vehicles might be rented for less than one month and will provide rates accordingly.

*Maintenance of Vehicles

Please describe how routine service checks should be handled for all agencies.

Enterprise holds strict standards for the quality and safety of our vehicles in every country in which we operate. Through our Preventative Maintenance (PM) program, vehicle mileage, registration status, and service history are monitored on a central computer system that flags vehicles for regular service. These inspections at manufacturer-specified intervals ensure the safety and reliability of every vehicle. Our service program adjusts or replaces any component failing to conform to manufacturer specifications, including brakes, tires, tune-ups, and lubrication.

As part of our long-term rental program (Month-Or-More), maintenance is provided free of charge. Travelers are required to contact the rental location every 30 days to report the miles that have been driven. At that time, we will communicate any required maintenance to the traveler. The branch will advise the traveler where to take the vehicle for maintenance.

Mileage Limits

Vendor shall include at least 3,000 miles in the monthly cost of each rental vehicle.

The monthly rental rate for each vehicle will include 3,000 miles per month.

Modifications of Vehicles

City may apply, at own expense, window tinting to any rental vehicle. City may also install any electronic equipment deemed necessary to any rental vehicle with the understanding that said installation will not cause permanent damage to the vehicle. Any costs incurred to remove the equipment shall be the City's responsibility.

Enterprise Rent-A-Car understands and agrees to this provision. All costs incurred to add or remove equipment shall be the City's responsibility.

Contract Term

Contract term shall be for two (2) years with two (2) additional two (2) year renewal terms available.

Enterprise understands and agrees with the proposed contract terms.

Rental Rates

Rental charges quoted shall remain firm for the initial two (2) year term of the contract. For each successive two (2) years, renewal term, the monthly rental charges are subject to increase in accordance with the preceding two-year's Consumer Price Index (CPI) for All Urban Consumers, All items (1982-1984). In no event shall the price adjustment exceed five (5) percent.

Enterprise understands and agrees with the proposed rental rates adjustments.

*Tolls

City shall pay for tolls as a pass-through cost. Please explain how toll-by-plate charges will be handled.

In Florida the toll system is video operated. In these areas, the TollPass program is available to local and one-way travelers for \$3.95 per day with a maximum charge of \$19.75 per rental. Renters will incur TollPass charges only on days that they use toll roads. In contrast, our competitors apply toll charge fees for the entire rental period, even on days when the traveler does not use toll roads.

There is nothing to reserve or rent; tolls are automatically charged only when incurred.

***Roadside Service**

Roadside assistance shall be included. (Proposer must describe the level of services available.)

If vehicle is disabled due to a mechanical problem or accident, a replacement or loaner vehicle shall be issued immediately at no additional charge while the damaged vehicle is being repaired.

Customers in need of emergency road service in the United States and Canada may call a dedicated 24-hour roadside assistance line. Instructions for contacting the roadside assistance line are included in the rental agreement provided at the counter.

Travelers using the Enterprise Rent-A-Car App also have the ability to press the Roadside button. This allows them to call 911 or be connected with our Roadside team for assistance with items such as flat tires or lockouts.

When a replacement vehicle exchange is necessary, the Roadside Assistance department will identify the closest location to the point of disablement. A tow provider will be dispatched to exchange vehicles with the traveler. All service for the disabled vehicle will be addressed by Enterprise.

Because each client's needs are distinct, it is very difficult to provide specific response times for service. For example, in a metropolitan area, tire changes, lock-out assistance, or jump starts generally take 45 to 90 minutes. Assistance in remote areas could require a longer response time. The traveler will receive an ETA when reporting their need for assistance.

With hundreds of locations throughout the State of Florida, we can call upon any location in our network to deliver a replacement vehicle should the need arise.

While there is no fee for roadside assistance, charges do apply for negligence-related service calls involving lost keys, running out of gas, dead batteries due to lights being left on, etc.

Without Damage Waiver or one of our additional roadside assistance plans, the renter is responsible for all costs including, but not limited to key replacements, lockout services, jump starts, fuel delivery, tire and glass replacement, and all related services.

Service Fees	
Service	Fee
Lockout Service	\$66
Jump Start	\$56
Tire Change	\$56
Fuel Delivery	\$56
Winch/Extraction	Actual Cost
Glass Replacement	Actual Cost
Tire Repair/Replacement	Actual Cost
Towing	Actual Cost
Lost Keys	Actual Cost

Vehicle Tags and Fees

Contracted vendor shall be responsible for all tags and registration fees for rental vehicles.

Enterprise will be responsible for all tags and registrations fees for vehicles supplied under this contract.

Participating Agencies

See Attachment A.

1. Scope of Services Proposed

Clearly describe the scope of services proposed, inclusive of your ability to service the geographically diverse entities participating in this RFP. A brief statement must be included which explains why your approach and plan would be the most effective and beneficial to the City of Coral Springs.

Proposer may choose to provide different categories (no more than 5) of vehicles with related monthly rental charges. Proposer shall provide the year, make, and model of all rental vehicles available under each category.

Proposer must address each of the questions in the Scope of Services, indicated by an asterisk ().*

Enterprise Rent-A-Car has been in the South Florida car rental market for more than 30 years. In that time we have had the opportunity to service many federal and local agencies including may police and undercover programs throughout the State of Florida.

Currently we operate approximately 60,000 rental vehicles in South Florida. We operate more than 175 locations that are serviced by 2,000 employees in the State of Florida. With this level of flexibility, Enterprise is in a unique position to service this contract in its entirety with multiple levels of support, including:

- **A wide variety of non-airport rental locations to choose from**
- **Unmatched award winning customer service**
- **The largest fleet in the car rental industry**
- **Superior account management**

The Enterprise fleet is made up of more than 350 late model vehicles to support this contract. The average age of Enterprise's fleet is six months at our airport locations and eight months in the home-city markets. The average mileage across the entire U.S. fleet is approximately 16,300 miles. Coral Springs and its partners will have a wide selection of vehicles to choose from.

Enterprise also operates with a virtual fleet model, which means that vehicles are in place where you need them, when you need them.

Because Enterprise has a location within 15 minutes of 90 percent of the U.S. population, we can facilitate vehicle replacements regardless of location.

2. Firm Qualifications

This section of the proposal should give a description of the firm, including the size, range of activities, etc. Particular emphasis should be given as to how the firm-wide experience and expertise in the area of Undercover Vehicle Rental Services will be brought to bear on the proposed services.

This section must also identify the contact person supervisory personnel who will work on the project. Resumes of each person should be provided with emphasis being given to their experience with similar work. If resumes are not available at the time the proposal is submitted, you should provide a listing of the qualifications, including education, experience, etc., that will be required.

Enterprise Rent-A-Car is an internationally recognized brand owned and operated by Enterprise Holdings. As North America's largest and most comprehensive car rental company, our brands operate a fleet of 1.9 million vehicles and a

network of more than 8,300 car rental locations in neighborhoods and at airports worldwide. We lead the industry with more than a third of all airport business in the United States and Canada.

History

In 1957, Enterprise Rent-A-Car opened its doors and became known for low rates, neighborhood convenience, and outstanding service. Pioneering customer service and location expansion led Enterprise to develop our popular "We'll Pick You Up" service in 1974.

With more vehicles and locations than all of our major competitors, Enterprise Rent-A-Car is uniquely positioned to serve all of your organization's car rental needs both at the airport and locally.

Dedication to Service

Enterprise Rent-A-Car is known for low rates, neighborhood convenience, and outstanding service. Founded in 1957, Enterprise has more than 7,300 neighborhood and airport locations in the United States, Canada, and Europe. There are more than 5,600 Enterprise offices in the U.S., with a location within 15 miles of 90 percent of the U.S. population, and local customers are picked up at no extra cost.

Customer Satisfaction

Customer service is the highest priority at Enterprise. Our brands consistently take the top spots for satisfaction among rental customers around the world.

In addition to numerous industry awards and third-party surveys, we use a variety of internal processes to measure our customers' satisfaction, including our Service Quality index (SQi), Quality Service Process, and Brand Integrity Assessments. All of this ensures we are exceeding expectations worldwide while continually improving and distinguishing our service from the competition.

Ranked No. 15 on the *Forbes* America's Largest Private Companies list, our operating company Enterprise Holdings is unparalleled in size, strength, and stability — the only investment-grade company in the car rental industry. This conservative and disciplined long-term approach to managing our business has earned us by far the strongest balance sheet in our industry. Our stable financial footing is a distinct competitive advantage, ensuring the long-term viability of your rental program.

Undercover Expertise

Enterprise has extensive experience working with law enforcement, especially in meeting needs for undercover vehicles. Due to the sensitive nature and national security considerations, specific detail and reference to these programs must be protected. Details of these programs and contacts for references can be made available provided we obtain the proper approvals from each agency.

We have the ability to offer a number of solutions that will allow vehicles to be obtained with no tie to law enforcement agencies.

- **License and registration:** All vehicles will be registered to the Enterprise subsidiary in the market where the vehicle is obtained. Plates will be standard issue for rental vehicles in the state where the vehicle is obtained.
- **Delivery requirements:** Vehicles can be delivered to a neutral location or can be picked up from a convenient Enterprise location.
- **Renters:** We can work with a customer to identify options in the event driver identity needs to be protected/masked.
- **Contractor ID:** In many instances, a shell company is set up to look like a corporation in an industry that has regular long-term rental needs. A consulting firm, government contractor, or technology shell will be established as the name that appears on any paperwork. This shell can be entirely fictional and would not require any action to be taken on the part of the law enforcement agency. We currently have one current client that has formally created a fictional corporation including financials, a website, etc. which is used as the backdrop for their rental needs. If the City of Coral Springs wishes to do something similar, Enterprise will be as flexible as possible in hiding the true identity of these users.

Each entity attached to the Coral Springs contract will be assigned a Business Rental Sales Executive, an Area Manager who oversees operations, and a primary Branch Manager based at the location of the City or County offices. This team management structure will facilitate ongoing program management and will work collectively to ensure that issues and areas of opportunities that may arise are addressed immediately, with confidentiality and safety of the officers and employees in mind.

Account Management

Christopher Pennant, Area Sales Manager

As an Area Sales Manager, Chris currently oversees all Government, Business Rental, Rideshare, CarShare, and College/University programs within Miami-Dade and Broward Counties. With more than 12 years of experience in his current position, Chris has a proven track record of successfully implementing, marketing, and developing major Fortune 500 and large corporate business rental programs.

In 1998 Chris began his career with Enterprise Holdings as a Management Trainee. Chris worked at rental locations in the Hampton Roads VA area before taking his career to the next level in the Business Rental Department. His responsibilities as a Branch Manager included but were not limited to, overseeing operational, logistical and management staff, resolving customer concerns, full P&L responsibility, managing vehicle maintenance and recall procedures, and more.

In 2004 Chris was promoted to his position as a Business Rental Sales Executive in Virginia where he exceeded expectations year to year. During his tenure in Virginia, Chris was instrumental in developing and growing various Federal, State and Local Government programs within the Virginia Market. Within that role, Chris was instrumental in creating operational, sales, and procedural infrastructure. In October 2015 Chris was promoted to Area Sales Manager for Dade and Broward Counties.

Chris graduated with a Bachelor of Science Degree in Music Education. He currently resides in Pembroke Pines, Florida with his wife and four children.

Chris' primary role will be the general management of the Coral Springs Program.

Derek Hart, Sales Executive

As a sales executive, Derek handles and manages businesses within Martin, St Lucie, Okeechobee, Indian River and Palm Beach Counties that rent in the home-city markets and nationally. In his current role he is responsible for generating new business from home-city leads, referrals, and personal leads generated through local prospecting. Derek is responsible for negotiating rates and prices, and implementing all local contracts to maximize overall account growth. In preparation for a sales call, Derek prepares customized cost saving solutions based on the needs of the business' travelers.

Derek's career began in 2011 as a Management Trainee in Palm Beach County. Derek graduated from Northwood University in West Palm Beach with a Bachelor's Degree in Sports Marketing and Business Management. Along his journey he worked his way to the Branch Manager position for one of the largest non-airport locations in Southern Florida. His responsibilities included, but were not limited to, overseeing operational, logistical and management staff, resolving customer concerns, full P&L responsibility, managing vehicle maintenance and recall procedures, and more. After 4½ years in rental operations Derek was recently promoted to Business Rental Sales Executive.

Derek's initiative in this new role is implementing and managing the State of Florida contract with all municipalities, schools and state funded organizations. Derek also handles Spring Training Baseball accounts in the Palm Beach and St Lucie areas. Derek is focused on growing the home city business rental initiative, and with his many years in managing the rental side of the business, he has the knowledge and experience to do just that.

Reilly Longueville, Sales Executive

As a Sales Executive, Reilly handles and manages businesses within North Dade and Broward County that have both local and nationwide rental needs. In his current role he is responsible for generating new business from home city leads, referrals, and personal leads generated through local prospecting. Reilly is responsible for negotiating rates and prices, and implementing all local contracts to maximize overall account growth. In preparation for sales calls, Reilly prepares customized cost saving solutions based on the needs of the business's travelers.

Reilly graduated from St. Cloud State University in Minnesota with a Bachelor's Degree in Travel and Tourism, and then moved down to Fort Lauderdale, FL quickly after. Reilly's career began in 2014 as a Management Trainee at the Ft. Lauderdale flagship Enterprise branch. His performance quickly separated him from his peers, as he was promoted just 9 months into the Management Trainee program to Business Rental as an Account Representative. As he was approaching the 2 year mark with Enterprise, he was promoted to his current position, Business Rental Sales Executive.

Besides managing and generating new business, Reilly has implemented the State of Florida Contract with all government agencies, municipalities, schools, and state funded organizations. Reilly also holds trainings for Management Trainees, Assistant Managers, and Branch Managers within his region to further polish their marketing & sales skills. Reilly's recent initiatives include managing professional sports organizations, police accounts, and flight based operations.

Melissa Lopez, Area Rental Manager

As an Area Rental Manager, Melissa oversees the day to day operations of the North Miami, Sunny Isles and Aventura local branches. This includes Enterprise locations as well as an Alamo Rent A Car and National Car Rental location on Sunny Isles. Melissa is responsible for driving the growth, customer service and profitability in these locations. Her ability to develop relationships with local accounts has done a great part in leading to her success.

Melissa began with the company more than six years ago in the Management Training Program and quickly became a top performer. She graduated from Nova Southeastern with a Bachelor's degree in Business Management as well as an MBA. After starting in the program, Melissa was promoted to an Assistant Manager within ten months and went on to being a Branch Manager within the next year. She managed four different locations throughout Broward County in preparation her next step as an Area Manager.

Melissa has a depth of experience in managing local Police Department accounts such as Aventura PD and Sunrise PD, while being a Branch Manager, and has overseen BSO, Plantation PD and North Miami PD as an Area Manager.

Sarah Gallander- Area Rental Manager East Broward

As an Area Rental Manager, Sarah Gallander oversees the overall branch operations of ten locations in Planation, Davie, Cooper City, and East Broward. She focuses on growing the business as well as maintaining relationships with current accounts. She also is responsible for the overall hiring, training and developing of her team.

Sarah currently oversees the Broward County Sheriff's Office, U.S. Marshalls, Plantation Police Department and the Miami Dolphins. She also manages the following dealership accounts: Holman BMW, Gunther Group and Massey Yardley.

Sarah began her career with Enterprise Rent-A-Car as a Management Trainee in 2006 in Ocala, FL. In this role, she learned how to grow and operate a business — by delivering excellent customer service, by creating key marketing strategies, and by managing the overall operation. In 2015, she was promoted to the largest home city location in our region in Vero Beach. She then was promoted to Palm Beach International Airport as the Tri-Brand Manager overseeing Enterprise and the National and Alamo brands. In 2016, she was promoted to Area Rental Managers of East Broward where she has been successful in driving the business forward and retaining accounts.

Sarah graduated with a Bachelor of Business Administration with a concentration in Accounting and a minor in Finance from FAU. She lives in Port St Lucie, FL with her two children.

Jason Schwab, Area Rental Manager

As an Area Rental Manager, Jason currently manages eight locations within the Sunrise, Weston, Davie, and Pembroke Pines Florida territory. With more than six years of experience in daily rental, Jason has a proven track record of successfully implementing, marketing, and developing relationships with all business segments inclusive of Dealerships and major corporate accounts.

In 2010, Jason began his career with Enterprise Holdings as a Management Trainee. Jason worked at several rental locations within the Fort Lauderdale and Lauderhill areas before taking his career to the next level. His responsibilities as a Branch Manager included but were not limited to, overseeing operational, logistical and management staff, resolving customer concerns, full P&L responsibility, managing vehicle maintenance and recall procedures, and more.

In July 2014, Jason was promoted to Branch Manager of the Enterprise Brand at the Fort Lauderdale Airport where he directly managed more than 40 employees and was responsible for the proper scheduling, career development, customer service and profitability performance numbers over the course of Fiscal year 2015. During his tenure in Fort Lauderdale, Jason was instrumental in the success on the Airport Region, he was a leader of a team that delivered the highest customer service score in the market's history as well as achieving the Region's (41FF) first President's Award. In August 2015, Jason was promoted to Area Rental Manager for West Broward County and since then has been a part of a team that has achieved more than 30 percent growth, opened two new facilities, and consistently performed above average in customer service.

Jason's primary role will be the general management daily rental operations within the West Broward territory and to continue to motivate his team to achieve high levels of performance in growth, profitability and customer service.

Jason graduated with a Bachelor of Science Degree in Business Marketing. He currently resides in Fort Lauderdale, Florida with his wife Heather.

Geovanni Salgado, Area Rental Manager

As an Area Rental Manager, Geovanni over sees the day to day operations of West Boca Raton, Coconut Creek, Coral Springs and Margate branches. These include stand-alone locations as well as locations inside dealerships. Geovanni is responsible for the growth of our market share, employee development and retention, profitability, and customer-service. Geovanni has been instrumental in the relationship building of many large accounts within the border of Palm Beach and Broward County that has resulted in much great success.

Geovanni began his career in Palm Beach Gardens, FL four years ago as a management trainee. He graduated from FAU with a Bachelor's degree in Urban and Regional Planning. Shortly after joining the Enterprise Team, he quickly became a top performer which led to multiple promotions throughout his tenure. He has managed three branch locations throughout Palm Beach and Broward County prior to taking his current role as an Area Rental Manager.

Certified Resolution

Certified Resolution

I, Meredith Perkins (Name), the duly elected Secretary of Enterprise Leasing Company of Florida, LLC (Corporate Title), a corporation organized and existing under the laws of the

State of Delaware, do hereby certify that the following Resolution was unanimously adopted and passed by a quorum of the Board of Directors of the said Corporation at a meeting held in accordance with the laws and the by-laws of the said corporation.

IT IS HEREBY RESOLVED THAT Jason Nissan (Name)

the duly elected Vice President (Title of Officer) of Enterprise Leasing Company of Florida, LLC (Corporate Title) be and is hereby authorized to execute and submit a Bid and Bid Bond, if such bond is required, to the City of Coral Springs and such other instruments in writing as may be necessary on behalf of said corporation; and that the Bid, Bid Bond, and other such instruments signed by him/her shall be binding upon the said corporation as its own acts and deeds. The secretary shall certify the names and signatures of those authorized to act by the foregoing resolution.

The City of Coral Springs shall be fully protected in relying upon such certification of the secretary and shall be indemnified and saved harmless from any and all claims, demands, expenses, loss or damages resulting from or growing out of honoring, the signature of any person so certified or for refusing to honor any signature not so certified.

I further certify that the above resolution is in force and effect and has not been revised, revoked or rescinded.

I further certify that the following are the names, titles and official signatures of those persons authorized to act by the foregoing resolution.

Name	Title	Signature

Foreign (Non-Florida) Corporate Statement

FOREIGN (NON-FLORIDA) CORPORATIONS MUST COMPLETE THIS FORMDEPARTMENT OF STATE CORPORATE CHARTER NO. M0900003003

If your corporation is exempt from the requirements of Section 607.1501, Florida Statutes, **YOU MUST CHECK BELOW** the reason(s) for the exemption. Please contact the Department of State, Division of Corporations at (850) 245-6051 for assistance with corporate registration or exemptions.

607.1501 Authority of foreign corporation to transact business is required.

(1) A foreign corporation may not transact business in this state until it obtains a certificate of authority from the Department of State.

(2) The following activities, among others, do not constitute transacting business within the meaning of subsection (1):

- ☐ (a) Maintaining, defending, or settling any proceeding
- ☐ (b) Holding meetings of the board of directors or shareholders or carrying on other activities concerning internal corporate affairs.
- ☐ (c) Maintaining bank accounts.
- ☐ (d) Maintaining officers or agencies for the transfer, exchange and registration of the corporation's own securities or maintaining trustees or depositaries with respect to those securities.
- ☐ (e) Selling through independent contractors.
- ☐ (f) Soliciting or obtaining orders, whether by mail or through employees, agents, or otherwise, if the orders require acceptance outside of this state before they become contracts.
- ☐ (g) Creating or acquiring indebtedness, mortgages, and security interests in real or personal property.
- ☐ (h) Securing or collecting debts or enforcing mortgages and security interests in property securing the debts.
- ☐ (i) Transacting business in interstate commerce.
- ☐ (j) Conducting an isolated transaction that is completed within 30 days and that is not one of the course of repeated transactions of a like nature.
- ☐ (k) Owning and controlling a subsidiary corporation incorporated in or transacting business within this state or voting the stock of any corporation which it has lawfully acquired.
- ☐ (l) Owning a limited partnership interest in a limited partnership that is doing business within this state, unless such limited partner manages or controls the partnership or exercises the powers and duties of a general partner.
- ☐ (m) Owning, without more, real or personal property.

(3) The list of activities in subsection (2) is not exhaustive.

(4) This section has not application to the question of whether any foreign corporation is subject to service of process and suit in this state under any law of this state.

Please check one of the following if your firm is **NOT** a corporation.

- (I) ☐ Partnership, Joint Venture, Estate, or Trust
- (II) ☐ Sole Proprietorship or Self-Employed

NOTE: This sheet **MUST** be enclosed with your bid if you claim an exemption or have checked I or II above. If you do not check I or II above, your firm will be considered a corporation and subject to all requirements listed herein.

Request for authorization and approval to issue a work authorization and purchase order to Kimley-Horn and Associates, Inc., for Americans with Disabilities Act (ADA) Self-Evaluation and Transition Plan Update- Phase 1.

Summary:

Request for authorization and approval of the following:

1. Issue a work authorization and purchase order to Kimley-Horn and Associates, Inc., for Americans with Disabilities Act (ADA) Self-Evaluation and Transition Plan Update- Phase 1 for an amount not to exceed \$499,587.90.

Background:

Strategic Priority: Quality Customer Care.

Pursuant to the Americans with Disabilities Act ("ADA"), the City of Plantation needs to complete a self-evaluation and transition plan. This involves completion of a full evaluation of City facilities, including public right-of-ways and City programming, to ensure compliance with the ADA and then to develop a plan for bringing areas identified as deficient into compliance. Completion of this plan is being undertaken in 3 phases and this is approval of Phase 1 (Phases 2 and 3 will be undertaken in subsequent budget years).

The Procurement Department has reviewed this information and has determined based on the information provided; that the hourly rates utilized to determine the totals provided in the proposal are in accordance with Agreement No. 027-20 for "Continuing

Services Agreement For: Civil Engineering" between the City of Plantation and Kimley-Horn and Associates, Inc. In addition, the use of Agreement No. 027-20 "Continuing Services Agreement For: Civil Engineering is in accordance with Florida Statute 287.055(g).

Civil Engineering is defined as follows within the executed agreement:

- Provide professional general civil engineering services including, but not limited to, planning and feasibility studies, designs for roadways, bridges, stormwater/floodplain management systems and waterways, water and wastewater distribution systems, construction plans and technical specifications, cost estimating, regulatory agency permitting, and construction administration services for improvements within public rights-of-way and for City facilities.

Based on the forgoing information the Procurement and Utilities Department is requesting for authorization and approval of the following:

1. Issue a work authorization and purchase order to Kimley-Horn and Associates, Inc., for Americans with Disabilities Act (ADA) Self-Evaluation and Transition Plan Update- Phase 1 for an amount not to exceed \$499,587.90.

This item is now ready for City Council consideration.

Funding:

Account No. 001-8852-519-6302

Amount:

Not to Exceed: \$499,588.00

Finance Director/Budget Manager Recommendation:

The FY2022 Budget has \$207,137 for the ADA Transition Plan (Citywide) Project. Additional funds for this project will come from the Fund Balance Assigned to Risk Managemnt.

Assistant City Administrator
City of Plantation
400 NW 73rd Avenue
Plantation, FL 33317

Re: Proposal for Americans with Disabilities Act (ADA) Self-Evaluation and Transition Plan Update – Phase 1

Dear Ms. Morris:

Kimley-Horn and Associates, Inc., (hereinafter referred to as “Consultant”), in connection with the City of Plantation’s “Continuing Service Agreement for: Civil Engineering”; RFQ 027-20, is pleased to submit this proposal to the City of Plantation, Florida (hereinafter referred to as “City”) to provide professional services associated with updating the City of Plantation ADA Self-Evaluation and Transition Plan.

Project Understanding

The project is to update the Americans with Disabilities Act (ADA) Self-Evaluation and Transition Plan for City of Plantation, Florida (“Client”). The project will include an ADA compliance review of City design standards, buildings and associated parking lots including paths of travel, signalized intersections, and public rights-of-way sidewalks and associated curb ramps. Possible solutions to bring any non-compliant elements that are not considered to be a de minimis barrier and are not “safe harbored” into compliance will be provided. An ADA Transition Plan document will be developed and include formal documentation of tasks and associated findings outlined in this Scope of Services.

Scope of Services

The Consultant will provide the services specifically set forth below.

TASK 1 – PROJECT MANAGEMENT

- 1.1 The Consultant will maintain project records, budgets, and communications for the duration of the project. It is understood the project will have a 12-month duration.
- 1.2 The Consultant will prepare monthly progress reports for the duration of the project.
- 1.3 The Consultant will participate in biweekly conference calls with the Client for the duration of the project (30-minute calls).

TASK 2 – PROJECT KICK-OFF MEETING

- 2.1 The Consultant will meet with Client staff representing major program areas and orient them to the process that will be used to develop the Client’s ADA Transition Plan and introduce the proposed

project tasks and schedule. The Consultant will coordinate with Client staff to identify and obtain all necessary documents and materials to support the Self-Evaluation process. This will include a list of all Client sponsored programs and Client leased and owned facilities to be included in the project. The Consultant will produce meeting materials and handouts, conduct staff orientation, and prepare a summary of action items resulting from the meeting (2-hour, in-person meeting).

TASK 3 – SELF-EVALUATION

3.1 Design Standards Review. The Consultant will review the following City design standards consistency with the 2010 ADA Standards for Accessible Design and 2011 Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way (PROWAG):

- Asphalt Pavement Mill-Resurface Detail (1 sheet)
- Asphalt Pavement Repair Detail (1 sheet)
- Fire Lane Signing & Marking Detail (1 sheet)
- Parking Detail (ADA and Standard) (1 sheet)
- Paver Driveway Detail (Residential) (1 sheet)
- Sidewalk Details (1 sheet)
- Standard Driveway Detail (1 sheet)
- Stormwater Inlet Detail (1 sheet)
- Stormwater Manhole Detail (1 sheet)
- Swale Tree Planning Detail (1 sheet)
- Travertine Paver Driveway-Cross Section (1 sheet)
- Typical Sign Installation (1 sheet)
- Wheel Stop Detail (1 sheet)

3.2 Facilities Review. The Consultant will establish field teams which will conduct evaluations based on forms developed by the Consultant. The evaluation forms for facilities listed in **Tasks 3.5.1.1 – 3.5.1.6** will be based on the 2010 ADA Standards for Accessible Design and applicable access-related state and local standards. The evaluation forms for facilities listed in **Tasks 3.5.1.7 – 3.5.1.11** will be based on the 2011 Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way (PROWAG) and applicable access-related state and local standards. All field data will be compatible with the Client's existing Geographic Information System (GIS). The Consultant will provide up to two (2) hours of in-field evaluation discussions with Client staff. In-field discussions will occur during the scheduled field evaluations.

3.2.1 Facilities Listing

3.2.1.1 Buildings and Parking Lots – The following buildings will be evaluated:

Location Name		Property Address
1.	Central Park Concession Stand	9151 NW 2nd Street
2.	Central Park Maintenance & Concession Stand (public areas only)	9151 NW 2nd Street
3.	Central Park Pavilion	9151 NW 2nd Street

Location Name	Property Address
4. Central Park Press Box	9151 NW 2nd Street
5. Central Utility Water Plant Service Office	700 NW 92st Avenue
6. City Hall	400 NW 73rd Avenue
7. Deicke Gazebo	5701 Cypress Road
8. Development Services Building	401 NW 70th Terrace
9. East Water Plan Admin	500 NW 65 th Avenue
10. Fig Tree Park Pavilion	620 S. Fig Tree Lane
11. Fire Station 1	5200 W. Broward Boulevard
12. Fire Station 1 Trailer	5200 W. Broward Boulevard
13. Fire Station 2/Fire Administration	550 NW 65th Avenue
14. Fire Station 3	12101 W. Broward Boulevard
15. Fire Station 4	8200 SW 3rd Street
16. Fire Station 4 Training Center	8200 SW 3rd Street
17. Fire Station 5	901 N. Pine Island Road
18. Fire Station 6	11050 W. Sunrise Boulevard
19. Happy Tails Pavilion	6600 SW 16th Street
20. Jack Carter Harmony Park Pavilion	1301 SW 54th Avenue
21. Jim Ward Pavilion	301 NW 46th Avenue
22. North Regional Waste Water Plant Admin	6500 NW 11th Place
23. Pine Island Park Pavilion	320 S. Pine Island Road
24. Police Department (public areas only)	451 NW 70 Terrace
25. Pop Travers Park Pavilion	6250 SW 16th Street
26. Pop Travers Park Concession	6250 SW 16th Street
27. Public Works Admin	750 NW 91st Avenue
28. Rae Carole Armstrong Liberty Tree Park Gazebo	7421 NW 5th Street
29. Sunset Park Concession Stand	10600 Cleary Boulevard
30. Sunset Park Pavilion	10600 Cleary Boulevard
31. Volunteer Park Pavilion	12050 W. Sunrise Boulevard

Building evaluations are limited to all common-use spaces, including common-use spaces located in employee-only areas. Areas used only by employees as work areas will not be evaluated.

- 3.2.1.2 Building Sidewalks – Up to three (3) linear miles of on-site building sidewalk (excludes perimeter sidewalk within the public right-of-way)

and all associated curb ramps, ramps, stairs, and other paths of travel required to be ADA compliant will be evaluated.

- 3.2.1.3 Signalized Intersections – Up to 81 signalized intersections will be evaluated. The Consultant estimates this task will include the evaluation of up to 648 curb ramps. Evaluation of additional curb ramps will be considered Additional Services.
- 3.2.1.4 Sidewalk Corridors – Up to 170 linear miles of sidewalks will be evaluated.
- 3.2.1.5 Unsignalized Intersections and Driveways – Unsignalized intersections and driveways along the sidewalk in **Task 3.2.1.4** will be evaluated. The Consultant estimates this task will include the evaluation of up to 1,020 intersections and up to 2,930 curb ramps. Evaluation of additional curb ramps will be considered Additional Services.

Facility Reports. The Consultant will create a separate report for each facility type. Each facility report will identify compliance status of each facility and include the following:

- Listing of facilities that are in compliance with ADA requirements.
- Listing of facilities that are not in compliance with ADA requirements.
- Possible solutions to resolve non-compliance issues for each facility.
- Prioritized list of improvements using criteria developed by the Consultant.
- “Cost report” that assigns conceptual budget estimates to each possible solution. Because the Consultant does not control the cost of labor, materials, equipment or services furnished by others, methods of determining prices, or competitive bidding or market conditions, any opinions rendered as to costs, including but not limited to opinions as to the costs of construction and materials, shall be made on the basis of its experience and represent its judgment as an experienced and qualified professional, familiar with the industry. The Consultant cannot and does not guarantee that proposals, bids or actual costs will not vary from its opinions of cost. If the Client wishes greater assurance as to the amount of any cost, it shall employ an independent cost estimator. Consultant's services required to bring costs within any limitation established by the Client will be paid for as Additional Services.
- Pay item descriptions, units, and unit prices for facilities listed in **Tasks 3.2.1.1 – 3.2.1.2** will be based on the Means ADA Compliance Pricing Guide, 2nd edition for interior elements and current Florida Department of Transportation (FDOT) 12-Month Moving Statewide Averages for exterior elements. Pay item descriptions, units, and unit prices for facilities listed in **Tasks 3.2.1.3 – 3.2.1.5** will be based on current FDOT 12-Month Moving Statewide Averages. Changes to the pay item units after project commencement will be considered Additional Services.
- Photolog summary for each facility (photos for sidewalks can be hyperlinked in GIS but will not be provided on each facility report). Individual barrier photo files will be provided in .JPG format and attached to the GIS database.
- The compliance status and possible solutions for facilities listed in **Tasks 3.2.1.1 – 3.2.1.2** will be based on the 2010 ADA Standards for Accessible Design and applicable access-related

state and local standards. The compliance status and possible solutions for facilities listed in **Tasks 3.2.1.3 – 3.2.1.5** will be based on the 2011 Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way (PROWAG) and applicable access-related state and local standards.

TASK 4 – TRANSITION PLAN UPDATE

The Consultant will coordinate with Client staff in updating the Transition Plan as follows:

- 4.1 ADA/504 Coordinator. The Consultant will work with the Client to define the role and responsibilities of the ADA/504 Coordinator.
- 4.2 Grievance Policy and Procedure. The Consultant will assist the Client to develop an ADA grievance policy, procedure, and complaint form for Title II.
- 4.3 ADA Notice. The Consultant will assist the Client to develop an ADA Notice.
- 4.4 Prioritization Criteria. The Consultant will recommend criteria for prioritizing identified accessibility improvements in **Task 3.2** and **Exhibit A**.
- 4.5 Park Prioritization. The Consultant will prioritize the accessibility improvements identified in **Exhibit A** using the criteria recommended in **Task 4.4**.
- 4.6 Exceptions and Exemptions. The Consultant will evaluate and provide possible solutions for exceptions or exemptions that may apply under the terms of the ADA. This may include exemptions related to structures of historic significance, or other exceptions and exemptions as stated in the applicable accessibility standards.
- 4.7 Budget. The Consultant will assist the Client to develop a multi-year budget needed for accessibility improvements. Possible funding sources to achieve compliance will be provided. It will be the Client's responsibility to confirm the City's eligibility for each funding source.
- 4.8 Draft Transition Plan. Based on the Self-Evaluation, the Consultant will prepare a draft Transition Plan for the Client. The plan will include:
 - Executive summary which will describe the project purpose, process, and most significant findings;
 - Summary and detailed findings of Self-Evaluation; and
 - A phased schedule with cost estimates for the removal of facility barriers that cannot be resolved through relocation of services, the provision of auxiliary aids, or equivalent facilitation.

The Consultant will provide electronic copies of the Draft Transition Plan in Microsoft Word and Adobe PDF formats to the Client.

4.9 Final Transition Plan. The Consultant will address one (1) round of comments from Client staff to prepare a Final ADA Self-Evaluation and Transition Plan for the Client. The Consultant will provide the following deliverables to the Client:

- Electronic copies of the Final Transition Plan in Microsoft Word and Adobe PDF formats; and
- Two (2) printed copies of the Final Transition Plan. Two (2) electronic copies of the Appendices will be provided on flash drives. Printed copies of the Appendices will be considered Additional Services.

TASK 5 – MEETINGS

- 5.1 Progress Meeting. The Consultant will assist the Client in establishing an ADA Liaison Committee that will meet throughout the process of completing the Self-Evaluation and developing the Transition Plan and will continue to meet and actively participate after the completion of this project. The Consultant will work with the ADA Liaison Committee throughout the duration of the project to receive feedback and incorporate information from the ADA Liaison Committee into the project. The Consultant will prepare for and attend up to one (1) in-person progress meeting with Client staff and the newly created ADA Liaison Committee. The Consultant will produce meeting materials and handouts and prepare a summary of action items resulting from the meetings (2-hour, in-person meeting).
- 5.2 Council Preparation Meeting. The Consultant will prepare for and attend one (1) City Council preparation meeting. The Consultant will address City comments on draft City Council meeting presentation (2-hour, in-person meeting).

SCHEDULE

The Consultant will provide services as expeditiously as practicable to meet a mutually agreed upon schedule.

FEE AND BILLING

The Consultant will accomplish the services outlined in Tasks 1 – 5 for the Lump Sum Fee of **\$499,588**. All permitting, application, and similar project fees if applicable will be paid directly by the City.

If authorized by the City, additional service will be billed hourly as needed.

CLOSURE

The terms and conditions of the City of Plantation's "Continuing Service Agreement for: Civil Engineering"; RFQ 027-20; shall govern this scope of services.

We appreciate this opportunity to submit this proposal. If you have any questions or need additional information, please contact us at (817) 339-2262.

Very truly yours,

KIMLEY-HORN AND ASSOCIATES, INC.

Facilities

Facility	ADA Non-Compliant Issue	Solution	Cost
Central Park Multi-Purpose Building	• Front entrance curb ramp has a non-compliant slope and cross slope • Back entrance door ramp has a non-compliant slope • No van accessible signage • Benches, trash cans, furniture are protruding more than 4" into hall path by the back door • Adjust heights on signs (lowest character is at least 48" above the floor and the baseline of the highest character is no more than 60" above floor) • Adjust door closers to at least last 5 seconds to close on all doors	• Regrade to 1:12 maximum slope and 1:48 cross slope • Regrade to 1:20 maximum slope • Install van accessible signage • Remove objects • If constructed before 3/15/2012 and mounted no higher than 60" to the centerline of the sign, relocation not required • Adjust closers	\$10,750.00
Plantation Community Center	• Adjust heights on signs (lowest character is at least 48" above the floor and the baseline of the highest character is no more than 60" above floor) • Adjust door closers to at least last 5 seconds to close on all doors	• If constructed before 3/15/2012 and mounted no higher than 60" to the centerline of the sign, relocation not required • Adjust closers	N/A
Deicke Auditorium Recreation Center	• Internal building signs is needed • Internal building double doors are not 36" minimum wide • Furniture are protruding more than 4" into hall path by the back door • No internal rooms signs	• Provide signs that have raised letters, Grade II Braille, and that meet all other requirements • Replace internal double doors • Remove objects • Install internal rooms identification signs	\$2,500.00
Jim Ward Community Center	• Main entrance counter forward ledge is non-compliant • No accessible restroom sign • Interior benches protruding into pathways more than 4" • Entrance to tennis court non-compliant (width less than 36") • Drinking fountain by exterior restroom non-compliant (no deeper than 20" and no higher than 44") • Playground: no accessible route within the play area connecting ground level play components to elevated play components • Playground: artificial turf needs to be resurfaced	• Reconfigure to provide knee clearance (no less than 17" and no greater than 25") • Install sign • Relocate to other area • Replace entrance gate fence • Adjust drinking fountain • Resurface artificial turf	\$101,750.00
Volunteer Park Community Center	• Interior room sign is covered by flag • Adjust door closers to at least last 5 seconds to close on all doors	• Relocate flag to prevent signage coverage • Adjust closers	N/A
Veltri Tennis Center	• No braille text on sign • South ramp is non-compliant (greater than 1:20 slope and made of uneven pavers) • Locker room benches are non-compliant (20-24" depth, 42" length min., & 17-19" height)	• Provide signs that have raised letters, Grade II Braille, and that meet all other requirements • Regrade to 1:20 maximum slope and repave with concrete • Replace with compliant benches	\$5,750.00

Facilities			
Facility	ADA Non-Compliant Issue	Solution	Cost
Plantation Aquatic Complex	- Pool sloped entry handrails do not extend at least 12" beyond the top of the sloped entry - Pool sloped entry handrails width is greater than 38"	- Add extension - Adjust handrails width	\$750.00
Plantation Equestrian Center	- Accessible restroom sign obstructed - Concession window counter ledge non-compliant - Bleachers concrete pad not attached to paved pathway - Gap between concrete pad and pathway on large bleachers	- Remove obstruction from accessible restroom sign - Reconfigure to provide knee clearance (no less than 17" and no greater than 25") - Pave gap between concrete pad and paved pathway - Resurface pavement gap	\$2,500.00
Plantation Preserve Golf Course	- Trail around playground needs resurfacing - Playground needs to be remulched (gap between trail and mulch playground) - No ground level play components - No accessible route within the play area connecting ground level play components to elevated play components	- Resurface trail - Remulch playground	\$15,000.00
Total:			\$139,000.00

Parks

Park	ADA Non-Compliant Issue	Solution	Cost
Central Park	- No ground level play components - No accessible route within the play area connecting ground level play components to elevated play components - Swing set is not accessible - Four square play area is not accessible - Basketball court entrance needs resurfacing - Benches in Baseball field should be paved	- Add paved path to four square play area - Resurface basketball court entrance - Add concrete pad under benches	\$52,500.00
Plantation Woods Park	- No accessible route to toddler playground - Playground: artificial turf needs to be resurfaced - Playground: no accessible route within the play area connecting ground level play components to elevated play components - Swing set is not accessible or useable - Pavers by exterior restrooms need to be repaved	- Resurface artificial turf - Repave area outside bathrooms	\$84,000.00
Sunset Park	No observed issues		N/A
Pine Island Park	Under renovations		N/A
Hoffman Park	No observed issues		N/A
Volunteer Park / Camp Everglades	- No direct path to exterior restroom - Playground: larger playground entrance cross slope is non-compliant - Playground: no accessible route within the play area connecting ground level play components to elevated play components - Drinking fountain by exterior restroom non-compliant	- Pave a direct accessible path to restrooms - Regrade to 1:50 maximum cross slope - Replace drinking fountain	\$14,000.00
P.A.L. Field & Roy Salmon Stadium	- Ramp from parking lot has a non-compliant slope - No accessible seating on smaller north fields - Concession stand counter is non-compliant - Main restrooms require signage to indicate where location of accessible restrooms are	- Regrade to 1:12 maximum slope - Provide two accessible seating areas (paved and ADA compliant bench) - Reconfigure to provide knee clearance (no less than 17" and no greater than 25") - Install signage	\$9,250.00
Pop Travers Field	- Swing set area needs to be remulched - Main restrooms require signage to indicate where location of accessible restrooms are - Accessible restrooms need signage and signage height needs to be adjusted - Concession stand counter ledge is non-compliant	- Remulch swing set area - Install signage - Install signage and adjust height - Reconfigure to provide knee clearance (no less than 17" and no greater than 25")	\$2000.00

Parks

Park	ADA Non-Compliant Issue	Solution	Cost
Seminole Middle School	No observed issues		N/A
Jack Carter / Harmony Park	Non-compliant cross slope on pathway	Regrade to 1:50 cross slope	\$150,000.00
Fig Tree Park	- No ground level play components - No accessible route within the play area connecting ground level play components to elevated play components - Accessible restroom no signage - No accessible route to restroom (ramp is needed)	- Install signage - Add accessible ramp	\$3,250.00
Jacaranda Lakes Park	Restrooms are non-compliant	Remodel existing restroom to be ADA compliant	\$150,000.00
Veterans Park	No observed issues		N/A
Rae Carole Armstrong Liberty Tree Park	- No parking - Restroom door hard to open and closer needs adjustment	- Add accessible parking lot - Adjust door and closer	\$75,000.00
Mirror Lake Park	No accessible paved path	Construct accessible path from the parking lot	\$30,000.00
Park East Park	- No ground level play components - No accessible route within the play area connecting ground level play components to elevated play components - Playground ground surface lower than pathway - No parking - Circular pathway is non-complaint - No accessible entrance to basketball court	- Resurface playground - Add accessible parking - Repave circular pathway to be compliant - Add pathway to basketball court	\$91,000.00
North Acres Park	No paved pathway to playground	Add accessible paved path	\$8,000.00
South Acres Park	No paved pathway to playground	Add accessible paved path	\$6,000.00
Botanical Gardens	- Playground has no access - Benches are not connected to path	- Add playground entrance path - Add 4 concrete pads to connect benches to pathway	\$4,000.00

Parks			
Park	ADA Non-Compliant Issue	Solution	Cost
Seminole Park / Happy Tails Dog Park	- No pathway to volley ball court - Playground needs resurfacing - Exercise trail non compliant slope and cross slope	- Add paved path to volleyball court - Resurface playground - Repave Trail with compliant slope and cross slope	\$212,000.00
Deicke Park	- No ground level play components - No accessible route within the play area connecting ground level play components to elevated play - Restroom entrance cross slope is non compliant	Repave restroom entrance	\$500.00
Country Club Park	- No ground level play components - No accessible route within the play area connecting ground level play components to elevated play - Playground: artificial turf needs to be resurfaced	Resurface artificial turf	\$8,000.00
Cocoplum Park	No paved pathway to playground	Add accessible paved path	\$2,500.00
Fumpston Park	No observed issues		N/A
Marcano Estates Park	No observed issues		N/A
Multi Cultural Gardens Park	No parking		N/A
Mini Park #3 (North)	No observed issues		N/A
Plantation Point Park	No observed issues		N/A
South Bel Aire Park	No observed issues		N/A
Thower Park	No observed issues		N/A
Melaleuca Park	Sand swing set non-compliant		N/A
Park East Trail Head	Playground needs to be remulch	Remulch playground	\$1,000.00
Total:			\$903,000.00

Trails

CITY OF PLANTATION

AGREEMENT

Between

THE CITY OF PLANTATION

And

KIMLEY-HORN AND ASSOCIATES, INC.

For

CONTINUING SERVICES AGREEMENT FOR:

CIVIL ENGINEERING

AGREEMENT NO. 027-20

**Agreement
By and Between**

**The City of Plantation
&
Kimley-Horn and Associates, Inc.**

for

**CONTINUING SERVICE AGREEMENT FOR: CIVIL ENGINEERING
RFQ NO. 027-20**

This Agreement entered into this 18 day of March, 2021 by and between the City of Plantation (herein, the "CITY"), a Florida Municipal Corporation, and Kimley-Horn and Associates, Inc. a North Carolina Corporation (herein, the "CONSULTANT"), as follows:

Whereas, the CITY publicly solicited for qualified Firms pursuant to Consultant Competitive Negotiation Act as set forth in Section 287.055 Florida Statutes, in order to execute Continuing Services Agreements for: Architecture, Landscape Architecture, Environmental Engineering, Civil Engineering, Traffic & Transportation Engineering, Professional Surveying and Mapping Services, Construction/Project Management, and Construction Engineering and Inspection Services as identified but not limited to what was contained in Request for Qualifications (RFQ) No. 027-20.

Whereas, the CONSULTANT agrees to all terms and conditions outlined in this Agreement.

NOW, THEREFORE, BE IT AGREED BY AND BETWEEN THE PARTIES AS FOLLOWS:

ARTICLE 1

GENERAL PROVISIONS

- 1.1 The above recitations are true and correct and made a part hereof. All front-end solicitation documents are incorporated herein and made a part hereof. Any conflicts between the terms set forth in this Agreement and the front-end documents shall be controlled by the terms of this Agreement. The front-end solicitation documents and Scope of Services are attached hereto as **Exhibit "A"**. **Exhibit "B"**, contains documentation required by the CITY and completed and submitted by the CONSULTANT during solicitation period, which is incorporated herein and made a part hereof.
- 1.2 CONSULTANT shall not employ any subcontractors, Supplier or other person or organization (including those acceptable to CITY) whether initially or as a substitute, against whom CITY may have any objection. Any such objection shall be deemed received by CONSULTANT when provided as provided for in the Notice section of this Agreement. CONSULTANT shall not be required to employ any subcontractors, Supplier or other person or organization to furnish or perform any of the Work against whom CONSULTANT has reasonable objection.
- 1.3 Specific projects within the Scope of the continuing services Agreement as identified herein will be assigned to the CONSULTANT from time to time pursuant to independent assignments for such services. By executing this continuing services Agreement, the CITY does not commit that all matters in the future which may be within Scope of Services provided herein will be assigned to the CONSULTANT. No breach of the continuing Agreement will occur if the CITY submits such matters to bids or seeks bids or proposals from other parties, including, but not limited to engineering firms, for such work and awards such work to other firms.

ARTICLE 2

DEFINITIONS AND INTRODUCTORY MATTERS

For the purposes of this Agreement and the various covenants, conditions, terms and provisions which follow, the definitions and identifications set forth below are agreed upon both parties.

- 2.1 **CONTRACT ADMINISTRATOR:** Whenever the term “CONTRACT ADMINISTRATOR” is used herein, it is intended to mean the CITY’s Project Manager. In the administration of this Agreement, all parties may rely upon instructions or determinations made by the CONTRACT ADMINISTRATOR; however, the Mayor of Plantation must approve all instructions or directions which affect CITY incurred (or saved) costs or expenses or changes to the Scope of Work.
- 2.2 **CONSTRUCTION CONTRACTOR:** The person(s), firm(s), corporation(s) or other entity who enters into an agreement with CITY to perform the construction work desired by CITY relating to PROJECT.
- 2.3 **CONSULTANT:** Kimley-Horn and Associates, Inc., which is the professional organization with whom CITY contracted for the performance of Professional Services pursuant to this Agreement.
- 2.4 **CITY:** City of Plantation, Florida, a Florida municipal corporation.
- 2.5 **NOTICE TO PROCEED:** A written statement issued by the CONTRACT ADMINSTRATOR directing CONSULTANT to begin work on a project, which will then be considered as “Assigned Project”.
- 2.6 **PROJECT:** The PROJECT(S) which may be performed by CONSULTANT after receiving a NOTICE TO PROCEED are as follows:
1. Professional services that is generally or specifically identified within the Scope of Services rendered to the City in connection with a construction project where the total cost of construction are estimated to not exceed \$4 million; or
 2. For study activity if the fee for professional services for each individual study under the Agreement does not exceed \$500,000, or
 3. Professional services rendered to the CITY in connection with a construction project where the total cost of construction is estimated to not exceed \$325,000.00, or such lesser or greater sum as set forth by 287.017 category 5, FL Statute, as amended; or
 4. A planning or study activity when the fee for the professional services rendered in connection therewith will not exceed \$35,000.00, or such lesser or greater sum as set forth by 287.017, category 2, FL Statute, as amended, or
 5. Generally, the Architecture discipline pertains to planning and feasibility studies, conceptual design, design development, final design for procurement and construction, preparation of technical specifications, cost estimating, regulatory agency permitting, and construction administration for new building construction, building additions, renovations, park facilities, and related projects.
 - a. Attachment A within the Scope of Services (Exhibit “A”) provides for a list of Capital Improvement or Broward County Surtax projects or studies that may exceed current State of Florida CCNA threshold, and that may be associated with the Agreement discipline (Civil Engineering).

2.7 REIMBURSABLES:

Whenever the term REIMBURSEABLES is used herein, it is intended to mean actual expenses incurred by CONSULTANT and directly related to the performance of the services as set forth in this Agreement, which REIMBURSABLES are limited to:

- a. CONSULTANT shall not charge CITY mileage while performing any/task under this agreement.
- b. Identifiable communication expenses for express mail charges.
- c. Identifiable cost or printing reproduction and aerial photography.
- d. Identifiable testing cost, including rental of pilot testing and field analytical equipment.
- e. Permit application fees. All fees paid to regulatory agencies for approvals directly attributed to the PROJECT, which have been approved in advance by the CONTRACT ADMINISTRATOR.
- f. Notwithstanding anything to the contrary in the Agreement, all REIMBURSABLES which exceed One Hundred Dollars (\$100.00), which are not specifically identified in the NOTICE TO PROCEED, shall be approved, in writing by the CONTRACT ADMINISTRATOR prior to incurring the expenditure. Failure to comply with this provision shall result in waiver of the REIMBURSABLES. Changes to the BILLING RATES must be approved by the CITY governing body.

2.8 BILLING RATE:

Whenever the term BILLING RATE is used herein, it is intended to mean average based salaries and wages paid to personnel by professional or employee category engaged directly on the PROJECT, including all fringe benefits, overhead and profit as shown in **EXHIBIT "C"**. Changes to the BILLING RATE must be approved by the Mayor.

2.9 NOTICE TO PROCEED:

Whenever the term NOTICE TO PROCEED is used herein, it is intended to mean professional services related to PROJECTS.

The authorization issued by CITY shall be in form of a NOTICE TO PROCEED and shall contain the following information and requirements:

- a. A description of the work to be undertaken, whether the professional engineering services for PROJECT shall be payable in accordance with the BILLING RATE. All changes to the method of compensation for a PROJECT must be approved by the Mayor.
- b. A budget establishing the total amount of compensation to be paid, which amount shall constitute a guaranteed maximum, and which shall not be exceeded unless prior written approval of the Mayor is obtained. The information contained in the budget shall be in sufficient detail so as to identify the various elements of costs, and the adequacy of such budget information shall be subject to the approval of the Mayor.
- c. A time established for completion of the work or services for the PROJECT or for the submission to CITY of documents, reports and other information pursuant to this Agreement. Time of performances is further delineated in Article 4.
- d. AUTHORIZATION NOTICES TO PROCEED shall be dated and serially numbered.
- e. The description of the work to be undertaken shall be in the form of a detailed Scope of Work, project timetables, if any, and any special provisions about the assigned PROJECT which may control over the terms of this Agreement, must be approved by the Mayor.

ARTICLE 3

SCOPE OF SERVICES

- 3.1 The Scope of Services required to be performed by CONSULTANT shall be for a PROJECT as set forth in a NOTICE TO PROCEED. CONSULTANT shall provide all services as set forth in the NOTICE TO PROCEED including, without limitation, all necessary, incidental and related activities and services required.
- 3.2 CONSULTANT and CITY acknowledge that a NOTICE TO PROCEED may not delineate every detail and minor work task required to be performed by CONSULTANT to complete a PROJECT. If during the course of the performance of a NOTICE TO PROCEED, CONSULTANT determines that additional work is needed to complete a PROJECT which is outside the assigned PROJECTS Scope of Work, CONSULTANT will notify CONTRACT ADMINISTRATOR in writing in a timely manner before proceeding with the work. If CONSULTANT proceeds with said work without receiving written approval from the CITY, as provided in Article 6, said work shall be deemed to be within the original level of effort, whether or not specifically addressed in the NOTICE TO PROCEED. Notice to CONTRACT ADMINISTRATOR does not constitute authorization or approval by CITY. Performance of work by CONSULTANT outside the originally anticipated level of effort without prior written CITY approval is at CONSULTANT's sole risk.

ARTICLE 4

TIME OF PERFORMANCE

- 4.1 In the event CONSULTANT is unable to complete performance of services because of delays resulting from untimely review and approval by governmental authorities having jurisdiction over PROJECT, or by CONSTRUCTION CONTRACTOR and such delays are not the fault of CONSULTANT, CITY shall grant reasonable extension of time for completing the work. It shall be the responsibility of CONSULTANT to notify the CONTRACT ADMINISTRATOR promptly in writing whenever a delay is anticipated or experienced, and to inform the CONTRACT ADMINISTRATOR of all facts and details related to the delay.
- 4.2 CONSULTANT shall not be entitled to an increase in the Agreement Price or payment or compensation of any kind from CITY for direct, indirect, consequential, impact or other cost, expenses or damages including but not limited to costs of acceleration or inefficiency or extended overhead, arising because of delay, disruption, interference or hindrance be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable; provided, however, that this provision shall not preclude recovery of damages by CONSULTANTS for hindrances or delays due solely to fraud, bad faith or active malicious interference on the part of CITY. Otherwise, CONSULTANT shall be entitled only to extensions of the Agreement Time as the sole and exclusive remedy for excusable events of delay.
- 4.3 If the CONSULTANT submits a schedule or expresses an intention to complete the work earlier than any required milestone or completion date, the CITY shall not be liable to the CONSULTANT for any cost incurred, lost profits, extended overhead, expenses, or other damages of any kind because of delay or hindrance, regardless of whether such delay or hindrance was caused by its agents, should the CONSULTANT be unable to complete the work before such milestone or completion date as is described within the schedule.

ARTICLE 5

COMPENSATION AND PAYMENT

The CITY agrees to pay the CONSULTANT for services provided by CONSULTANT and its subcontractors as described in a NOTICE TO PROCEED either an agreed upon lump sum amount, or a BILLING RATE amount with an upper limit (not to exceed) as detailed therein, or such form of compensation as may be agreeable to CITY and CONSULTANT.

- a. Lump Sum: As deemed appropriate for each item of work, the CITY and CONSULTANT may agree to utilize the lump sum method of payment for services. The lump sum shall include full payment, including direct labor, overhead, other direct costs, subcontractor fee, and profit.
 - b. BILLING RATE: As deemed appropriate for each item of work, the CITY and CONSULTANT may agree to utilize the BILLING RATE method of payment for services. The BILLING RATE billed shall be the categorical rates identified in Exhibit "C" which includes the overhead rate plus a margin on the direct labor costs and the overhead rate.
 - b.a If necessary, the City reserves the right to negotiate categorical rates not identified in Exhibit "C" which shall include the overhead rate plus a margin on the direct labor costs and the overhead rate
 - c. Invoicing: CONSULTANT shall submit monthly invoices/pay applications in the format and with such backup as required by CITY.
- 5.2 CITY agrees that it will use its best efforts to pay CONSULTANT within thirty (30) calendar days of receipt of CONSULTANT's proper statement as provided above.
- 5.3 Payment will be made to CONSULTANT at:
- Kimley-Horn and Associates, Inc.
600 North Pine Island Road, Suite 450
Plantation, Florida 33324

ARTICLE 6

ADDITIONAL SERVICES AND CHANGES IN SCOPE OF SERVICES

- 6.1 Services related to a NOTICE TO PROCEED that would increase, decrease or which are otherwise outside the Scope of Services or level of effort contemplated by NOTICE TO PROCEED shall be services for which CONSULTANT must obtain written approval from CITY before compensation can be paid. All terms for the performance of such services must be agreed upon in writing in a document of equal dignity herewith prior to any deviation from the terms of a NOTICE TO PROCEED, and when properly executed shall become as Amendment/Change Order to the NOTICE TO PROCEED.

ARTICLE 7

CITY'S RESPONSIBILITIES

- 7.1 CITY shall assist CONSULTANT by placing at CONSULTANT's disposal all information it has available pertinent to any assigned PROJECT including previous reports and any other data relative to an assigned PROJECT. CITY shall assist CONSULTANT in obtaining all background information necessary to the accomplishment of assigned tasks, and shall provide reasonable access to all existing records, data, and physical facilities.

- 7.2 CITY shall arrange for access to and make all provisions for CONSULTANT to enter upon public and private property as reasonably required for CONSULTANT to perform its services under this Agreement.
- 7.3 CITY shall pay for all costs of publishing advertisements for bids/proposals and for obtaining permits and licenses that may be required by local, State or Federal authorities and shall secure the necessary land, easements, and right-of-way. In order to expedite the processing of an application for permit or license, CITY may, in some instances, direct CONSULTANT to act for CITY in paying a required fee. In such instances, CITY subsequently shall reimburse CONSULTANT for any such fees with no mark-up, without regard to the types of fees applicable to the PROJECT involved.

ARTICLE 8

MISCELLANEOUS

8.1 OWNERSHIP OF DOCUMENTS:

All sketches, tracing, drawings, specifications, design calculations, details, models, photographs, reports, surveys and other documents, plans and data that result from CONSULTANT's services under this Agreement or that is provided in connection with this Agreement shall become and shall remain the property of CITY. Copies of all AutoCAD files shall be provided to CITY. CONSULTANT shall be entitled to keep a copy of such items for record purposes. However, CITY shall make no changes or revisions to the documents or data furnished by CONSULTANT unless CONSULTANT's name and professional seal are removed from such changed or revised materials.

8.2 TERMINATION

- a. If the CONSULTANT defaults in any particular PROJECT, the CITY may give notice in writing to the CONSULTANT, specifying the default. The following shall constitute default:
- Failing to perform the professional services required under the Agreement and within the time required;
 - Failing to begin the PROJECT under the Agreement within the time specified;
 - Failing to perform the Work with sufficient personnel; or with sufficient materials to ensure completion of the PROJECT within the specified time;
 - Failing to perform the Work using persons and entities as identified and set forth, and to the degree specified by the NOTICE TO PROCEED, subject to substitutions approved by the CITY in accordance with such Agreement documents;
 - Discontinuing the prosecution of the work, for reason other than issuance of a stop work order or other reasons allowed under the Agreement documents.
 - If CONSULTANT otherwise violates in any way any provisions of the Agreement documents;
 - If CONSULTANT disregards laws or regulations of any public body having jurisdiction.
 - Such other events of default as are set forth in any of the implementing Agreement documents
- b. If, after notice of termination of the Agreement it is determined for any reason that the CONSULTANT was not in default under provisions of this Agreement, or that the delay was excusable, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to "Termination of the Agreement for Convenience" clause. All finished or unfinished sketches, tracing, drawings, specifications, design, design calculations details models, photographs, reports, surveys and other documents, plans and data that result from CONSULTANT's services under this agreement shall become and shall remain the property of CITY and shall be delivered by CONSULTANT to CITY.

- c. Upon THIRTY (30) Calendar Days written notice to CONSULTANT, CITY may, without cause and without prejudice to any other right or remedy, terminate this Agreement for CITY's convenience whenever CITY determines that such termination is in the best interests of CITY. Where the Agreement is terminated for his convenience of CITY, the notice of termination to CONSULTANT must state that the Agreement is terminated for the convenience of CITY, the effective date of the termination and the extent of termination.
- d. If CITY approves CONSULTANTS's requisition for payment, and does not pay same within THIRTY (30) Calendar Days of approval, CONSULTANT may suspend performance of the Agreement upon TEN (10) Calendar Days prior written notice (such suspension not being available prior to Forty (40) Calendar Days after CITY approval of the CONSULTANT's requisition for payment). If CITY then fails to make payment for a period of NINETY (90) Calendar Days through no fault of CONSULTANT or if CITY fails to make payment on any recommendation for payment for period of NINETY (90) Calendar Days, CONSULTANT may, upon SEVEN (7) additional Calendar Days written notice to CITY, terminate the Agreement and recover from the CITY payment for Work executed and proven loss with respect to materials, equipment, tools and construction equipment and machinery, prorated to the date of termination. No other recovery shall be permitted.
- e. The Agreement may also be terminated by mutual agreement at any time and under any terms

8.3 RECORDS

CONSULTANT shall keep such records and accounts and require any and all CONSULTANTS and subcontractors to keep records and accounts as may be necessary in order to record complete and correct entries as to personnel hours charged to the PROJECT and any expenses for which CONSULTANT expects to be reimbursed. Such books and records will be available at all reasonable times for examination and audit by CITY and shall be kept for a period of (3) years after the completion of all work to be performed pursuant to this Agreement. Incomplete or incorrect entries in such books and records will be grounds for CITY's disallowance of any fees or expenses based upon such entries.

8.4 NO CONTINGENT FEES

CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for CONSULTANT, to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for CONSULTANT, any fee, commission, percentage, gift or other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, CITY shall have the right to terminate the Agreement without liability, and, at its discretion, to deduct from the Agreement price, or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration.

8.5 ETHICS DISCLOSURE

The CONSULTANTS warrant and represent that no elected official, officer, agent or employee of the CITY has a financial interest directly or indirectly in this Agreement or the compensation to be paid under it, and further, that no CITY employee who acts in the CITY as a "purchasing agent" as defined by §112.312(20), Florida Statutes, nor any elected or appointed officer of the CITY, nor any spouse or child of such purchasing agent employee or elected or appointed officer, is a partner, officer, director, or proprietor of the CONSULTANTS, and further, that no such CITY employee purchasing agent, CITY elected or appointed officer, or the spouse or child of any of them, alone or in combination, has a material interest in the CONSULTANTS. Material interest means direct or indirect ownership of more than **FIVE PERCENT (5%)** of the total assets or capital stock of the CONSULTANTS.

8.7 SUBCONSULTANT PAYMENTS

The CONSULTANT shall be responsible for the payments to any SUBCONSULTANT including any professional fees and additional costs. The City shall not be responsible for any payments to SUBCONSULTANT. The City shall not be billed directly or indirectly for any professional fees or additional costs of the SUBCONSULTANT for the Project. CONSULTANT shall pay SUBCONSULTANTS within seven (7) calendar days after receiving payment from CITY.

8.8 NO TRANSFER OF AGREEMENT

CONSULTANT shall not assign or transfer the Agreement or its rights, title or interests therein without CITY's prior written approval. The obligations undertaken by CONSULTANT pursuant to the Agreement shall not be delegated or assigned to any other person or firm unless CITY shall first consent in writing to the assignment. The CITY is relying upon the apparent qualifications and expertise of the CONSULTANT, and such firm's familiarity with the CITY's area, circumstances, and desires. In the event the CITY is not for any reason or for no reason at all, satisfied with such substitute, CONSULTANT shall be considered in breach of this Agreement. Violation of the terms of this Paragraph shall constitute a breach of Agreement by CONSULTANT and the CITY may, at its discretion, cancel the Agreement and all rights, title and interest of CONSULTANT shall thereupon cease and terminate.

8.9 INDEMNITY CLAUSE

CONSULTANT shall indemnify and hold harmless CITY, and its elected and appointed officers, the officers, directors, employees, agents from and against claims, fines, fees, liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the CONSULTANT and other persons employed or utilized by the CONSULTANT in the performance of this Agreement.

CONSULTANT agrees to indemnify, save and hold harmless the CITY, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, from suits and actions of name and description that may be brought against CITY, its officers, agents and employees, on account of claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, firm, or corporation in performance of this agreement.

This indemnity includes but is not limited to claims attributable to bodily injury, sickness, disease or death, or to injury or destruction of tangible property, including the Work itself, and including the loss of use resulting therefrom.

Payment of any amount due pursuant to the foregoing indemnity shall, after receipt of written notice by CONSULTANT from the CITY that such amount is due, be made by CONTRACTOR prior to the CITY being required to pay same, or in the alternative, the CITY, at the CITY's option, may make payment of an amount so due and CONSULTANT shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by CONSULTANT of written notice from the CITY that such payment is due. CONSULTANT agrees, at CONSULTANT's expense, after written notice from the CITY, to defend any action against the CITY that falls within the scope of this indemnity, or the CITY, at the CITY's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by CONSULTANT. Additionally, if CONSULTANT, after receipt of written notices from the CITY, fails to make any payment due hereunder to the CITY, CONSULTANT shall pay any reasonable attorney's fees or costs incurred by the CITY in securing any such payment from CONSULTANT.

Nothing contained herein is intended nor shall it be construed to waive the CITY's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the CITY's favor.

8.10 ALL PRIOR AGREEMENTS SUPERSEDED:

This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or agreements whether oral or written. If it is further agreed that no modification, amendment or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

8.11 NON-EXCLUSIVE AGREEMENT:

The services to be provided by CONSULTANT pursuant to this Agreement shall be non-exclusive and nothing herein shall preclude CITY from engaging other firms to perform the same or similar services for the benefit of CITY within CITY's sole and absolute discretion.

8.12 WARRANTIES OF CONSULTANT:

CONSULTANT hereby warrants and represents as follows:

- a. At all times during the term of this Agreement, CONSULTANT shall maintain in good standing, all required licenses, certifications and permits required under federal, state and local laws necessary for the performance under this Agreement.
- b. At all times during this Agreement, CONSULTANT shall perform its obligations in a prompt, professional and businesslike manner.
- c. No approval required to be given by the CITY under the Agreement shall operate to relieve the CONSULTANT from any of its responsibilities under the Agreement or be deemed as an approval by the CITY of any deviation contained in the items or documents subject to such approval from, or of their failure to comply with any provision or requirement of the Agreement, unless the failure or deviation has been specifically approved by a Change Order to the Agreement.

8.13 ONSITE MONITORING:

CONSULTANT'S resident project representatives will make reasonable efforts to guard CITY against defects and deficiencies in the work of the Contractor(s) and to help determine and ensure that the provisions of the Agreement Documents are being fulfilled.

8.14 APPLICABLE LAWS GOVERNING PROJECT(S)

The laws of the State of Florida shall govern the validity, construction and effect of this Agreement.

Should any part, term or provision of this Agreement be by the courts decided to be invalid, illegal or in conflict with any law of the State, the validity of the remaining portion or provision shall not be affected thereby.

All claims, counterclaims, disputes and other matters in question between CITY and CONSULTANT arising out of, relating to, or pertaining to this Agreement, or the breach thereof, or the services thereof, or the standard of performance therein required, shall be determined by litigation in the Circuit Court of the Seventeenth Judicial Circuit in and for Broward County, Florida, or the Federal District Court of the Southern District of Florida and appropriate appellate courts for such venue and jurisdiction.

To any extent that the CONSULTANT may be acting as an "agent" or CONSULTANT on behalf of the CITY, the CITY expects the CONSULTANT to fully comply with all Federal, State, and Local laws applicable to and specifically those covering Equal Opportunity Employment, American Disabilities Act (ADA), 42 U.S.C. 12101, et seq. and Florida Building Code. We reserve the right to verify your compliance with the various laws. Failure to comply with any laws will be grounds for termination of the Agreement.

8.15 TERMINATION FOR NON-APPROPRIATION OF FUNDS

Notwithstanding any other provision of this Agreement, the CITY shall not be obligated for the CONSULTANT's performance hereunder or by any provision of this Agreement during any of the CITY's future fiscal years unless and until the CITY Council appropriates funds for this Agreement in the CITY's Budget, or any amendment thereto, for each such future fiscal year. In the event that funds are not appropriated for this Agreement, then this Agreement shall terminate as of September 30 of the last fiscal year for which funds were appropriated. The CITY shall notify the CONSULTANT in writing of any such non-allocation of funds at the earliest possible date.

8.16 INDEPENDENT CONSULTANT

The CONSULTANT and its employees, volunteers and agents shall be and remain independent CONSULTANT and not agents or employees of the CITY with respect to all of the acts and services performed by and under the terms of this Agreement. This Agreement shall not in any way be construed to create a partnership, association or any other kind of joint undertaking, enterprise or venture between the parties hereto.

8.17 DISCIPLINARY ACTION

The CONSULTANT agrees to immediately notify the CITY of any disciplinary action imposed against the CONSULTANT or any of its employees by any regulatory agency with the charge of regulating the CONSULTANT.

8.18 SEVERABILITY

In the event any one or more of the provisions of this Order is held to be invalid or otherwise unenforceable, the enforceability of the remaining provisions shall be unimpaired.

8.19 NO WAIVER OF LEGAL RIGHTS

No approval required to be given by the CITY under the Agreement shall operate to relieve the CONSULTANT from any of its responsibilities under the Agreement or to be deemed as an approval by the CITY of any deviation contained in the items or documents subject to such approval from, or of their failure to comply with any provision or requirement of the Agreement, unless the failure or deviation has been specifically approved by a Change Order to the Agreement.

Unless the CITY has specifically approved in writing a deviation from the Agreement Documents in an Agreement modification, as provided above, the CITY shall not be precluded or estopped by any approval, review, measurement, estimate or certificate made either before or after the completion and acceptance of the Work and payment for it, from showing the true amount and character of the Work performed and goods and materials furnished by the CONSULTANT or from showing that any measurement, estimate or certificate is untrue or incorrectly made, or that the Work or goods and materials do not conform in fact to the Agreement. Unless the CITY has specifically approved in writing a deviation from the Agreement Documents in a Agreement modification, as provided above, the CITY shall not be precluded or estopped, notwithstanding any approval, review, measurement, estimate or certificate and payment in accordance with it, from recovering from the CONSULTANT and its sureties damages it may sustain by reason of its failure to comply with the terms of the Agreement. Except as provided, neither the acceptance of the CITY, or any representative of the CITY, nor any payment for or acceptance of the whole or any part of the Work, nor any extension of time, nor any possession taken by the CITY, shall operate as a waiver of any portion of the Agreement, or of any power reserved or any right to damages provided to the CITY. A waiver of any breach of the Agreement shall not be held to be a waiver of any other breach whether prior to or subsequent to it. The CITY's delay in declaring that a breach has occurred or otherwise asserting its rights under this Agreement shall not constitute a waiver of the breach or limit any of the CITY's rights under this Agreement.

8.20 DISPUTE RESOLUTION

In the event that any dispute between the CITY and the CONSULTANT concerning questions or issue arising under this Agreement that have not been resolved, or for items on the Disputed Work List, a request for resolution shall be submitted by the CONSULTANT to the CITY for determination. Request for such determination shall be made in writing. The CITY's decision may be reached in accordance with assistance, as it may deem reasonably necessary or desirable. The CITY's decision shall be rendered in writing no more than **THIRTY (30)** Calendar Days after receipt of a fully documented (to the extent that such documents are within the control of the CONSULTANT) request for a determination. The decision shall be conclusive, final, and binding on all parties, unless the CONSULTANT shall seek a judicial determination in accordance with the provisions set forth below.

No later than **SIXTY (60)** Calendar Days after the CONSULTANT's receipt of the CITY's determination, the CONSULTANT shall respond to the CITY in writing, either accepting the determination or stating the

CONSULTANT's factual or legal objection to the determination. If the CONSULTANT's response is an objection, the CITY shall respond in writing to the objection within **THIRTY (30)** Calendar Days after receipt of it. No further response by either party shall be required. Thereafter, the CONSULTANT may seek a judicial determination of the dispute. In the event that the CONSULTANT intends to seek judicial determination of a matter decided by the CITY, the CONSULTANT shall notify the CITY of its intent to do so within **SIXTY (60)** Calendar Days of the CITY's final decision.

In the event of litigation in order to enforce this Agreement, or which arises out of, pertains to, or relates to this Agreement, or the breach thereof, or the services provided herein, or the standard of performance herein required, the prevailing party shall be entitled to a reasonable attorney's fee. Notwithstanding the foregoing sentence, the maximum attorney's fees which one party can recover from the other will not exceed \$15,000.

If required by CITY, the CONSULTANT shall continue to perform the Work required under the Agreement during this resolution period, including any judicial resolution. The CITY's written determination shall be complied with pending final resolution, including judicial, of the dispute. If the CONSULTANT complies with the CITY's written determination, the CITY shall continue to perform under the Agreement and make all payments due (other than those or the portions of payments in dispute, if any) during the resolution period. This payment provision shall not apply in the event that the CONSULTANT fails to submit a dispute to the CITY as required by this Article IX, Paragraph 3. The continued performance of the Agreement by either party shall not constitute an admission as to any factual or legal position in connection with the dispute, or a waiver of its rights under the Agreement or at Law.

8.21 COMPLIANCE WITH LAWS/CODES/RULES, ETC

The CONSULTANT shall comply with all existing and future applicable laws, ordinances, rules, regulations, and lawful orders of public authorities relating to the Project and shall give all applicable notices pertaining to same. CONSULTANT represents to CITY that it is not a person or affiliate as defined in §287.133, Florida Statutes, which has been placed on the convicted vendor list maintained by the Florida Department of Management Services following a conviction for a public entity crime. CONSULTANT acknowledges and agrees that it may not submit a bid on an Agreement to provide any goods or services to the CITY, may not submit a bid on a Agreement with the CITY for the construction or repair of any public building or public work, may not submit bids on leases of real property with the CITY, may not be awarded an opportunity to perform work as a contractor, supplier, subcontractor or CONSULTANT under an Agreement with the CITY, and may not transact business with the CITY in an amount set forth in §287.017, Florida Statutes, for Category Two for a period of **THIRTY-SIX (36)** months from the date of being placed on the convicted vendor list.

The CONSULTANT shall not be reimbursed for any additional costs which the CONSULTANT incurs as a result of laws enacted after the effective date of this Agreement, nor be entitled to an extension of the Scheduled Date of Final Completion as a result of laws, except as set forth in this Article IX, Paragraph 1. The CONSULTANT shall be reimbursed, in addition to the Agreement Sum, for additional costs incurred by the CONSULTANT in the performance of the Agreement resulting from the following:

- a. CITY ordinances passed by the City Council after the effective date of this Agreement.
- b. Any unforeseen new state or federal laws, regulations or rules enacted after the effective date of the Agreement, which require a significant change in the Project. The CONSULTANT shall not be reimbursed for any other costs resulting from any other new state or federal laws, regulations or rules enacted after the effective date of the Agreement, including but not limited to laws relating to techniques, procedures, research, analysis and materials.

8.22 EXTERNAL FUNDING REQUIREMENTS

Some of the work/tasks performed under this Agreement could be wholly or partially funded by grants, loans or programs administered by Federal governmental agencies, State governmental agencies, Broward County or all three. To that end, the CONSULTANT agrees to meet all applicable conditions or requirements of such grants, loans, or programs, regardless of whether or not such conditions or requirements are specifically identified or referenced in the Agreement documents. These requirements may include record production, processing, and retention, cooperation in audits (both prior to and after completion), and special provisions for inspections, labor, materials, insurance, bonding, and payments or draw requests, Certified Business Enterprise Programs, or all of the foregoing.

ARTICLE 9

INSURANCE REQUIREMENTS

The CONSULTANT shall provide the Insurance certificates listing the City of Plantation as an additional insured that meet or exceed the CITY requirements as set forth in **Exhibit "D"**, which is incorporated herein and made a part hereof.

ARTICLE 10

AGREEMENT TERM

This agreement will remain in effect for a **TWO (2)** year period, unless it is canceled earlier by the CITY or the CONSULTANT. At the end of the **TWO (2)** year period, the CITY will have the option of extending the Agreement for **two (2)** additional **one (1)** year terms based upon mutual acceptance by CONSULTANT and CITY.

ARTICLE 11

Notice

All notices provided for herein shall be in writing and transmitted by overnight mail, certified mail return receipt requested, or by hand delivery, and shall be mailed or delivered as follows:

1. All Notices sent to CONSULTANT shall be sent in writing and by first-class mail to:

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

All Sealed Responses shall be placed in a sealed envelope/box and clearly marked in the lower left corner: **“Sealed RFQ No. 027-20, Continuing Services Agreements for: Architecture, Landscape Architecture, Environmental Engineering, Civil Engineering, Traffic & Transportation Engineering, Professional Surveying and Mapping Services, Construction/Project Management, and Construction Engineering and Inspection Services”** and shall be sent to the following address, only:

City of Plantation (“CITY”)
Office of the City Clerk
400 NW 73rd Ave.
Plantation, FL 33317

All Sealed Responses must be received in the Office of the City Clerk by 11:00 am (EST) on **March 17, 2020** at which time they will be opened. Sealed Responses will not be accepted after that date and time under any circumstances. **ONE (1) original, FIVE (5) copies, and ONE (1) flash drive** of each Sealed Response shall be presented. Any responses received by the Office of the City Clerk after the due date and time specified in this Request for Qualifications (hereafter “RFQ”) will not be considered and will be returned unopened. Any Sealed Responses or copies that are sent to any other address may be refused and sent back to the FIRM(s) unopened. Whenever the term FIRM or FIRM(s) is used herein, it shall be interpreted to include Individual responses. The terms CONTRACT and AGREEMENT are synonymous and shall be interpreted to have the same meaning.

THE FIRM MUST BE LICENSED IN PROFESSIONAL SERVICES BY THE STATE OF FLORIDA AND SUBMIT PROOF OF SUCH WITHIN THEIR SEALED RESPONSE.

Before an AGREEMENT will be awarded for FIRM(s) providing “Continuing Services Agreements for: Architecture, Landscape Architecture, Environmental Engineering, Civil Engineering, Traffic & Transportation Engineering, Professional Surveying and Mapping Services, Construction/Project Management, and Construction Engineering and Inspection Services”, the FIRM(s) must first be certified by the CITY as qualified pursuant to law and the regulations of the CITY. The CITY must find that the FIRM(s) to be employed is fully qualified to render the required service(s). The CITY will conduct such investigation as is necessary to determine the qualifications of FIRM(s). Upon request, FIRM(s) shall submit such information as deemed necessary by the CITY to evaluate FIRM(s) qualifications.

For information concerning this Request for Qualifications, please contact Charles Spencer, Procurement Division. The contact email address is espencer@plantation.org.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

AUTHORITY AND GENERAL TERMS AND CONDITIONS

1. It is the intent of the CITY to award the proposal to the responsive FIRM providing a response which is most advantageous to the CITY. This proposal is issued pursuant to, and governed by the applicable laws of the State of Florida, including but not limited to, the Consultants' Competitive Negotiation Act.
2. The CITY reserves the right to reject any or all proposals, to waive any informalities or irregularities in any proposals received, to re-advertise for proposals, to enter into CONTRACT negotiations with the selected FIRM or take any other actions that may be deemed to be in the best interest of the CITY.

EXAMINATION OF CONTRACT DOCUMENTS AND SITE

1. After award of this CONTRACT and before submitting a Proposal for a particular Task Order request, Proposer must, visit the site (if applicable to the project) to become familiar with the facilities and equipment that may in any manner affect cost or performance of the work, consider federal, state and local laws, ordinances, rules and regulations that may in any manner affect cost or performance of the work; carefully compare the FIRM's observations made during site visits or in review of applicable laws with the Proposal Documents; and must promptly notify the Project Manager of all conflicts, errors and discrepancies, if any, in the Proposal Documents.
2. The FIRM, by and through the submission of a Task Proposal, agrees that FIRM, shall be held responsible for having examined the facilities and equipment (if applicable); is familiar with the nature and extent of the work and local conditions that may affect the work; and is familiar with the equipment, materials, parts and labor required to successfully perform the work.

INTERPRETATIONS AND ADDENDUM

1. If FIRM is in doubt as to the meaning of any term or clause contained in this RFQ Proposal Documents, believes that the General Conditions, Special Conditions and/or Statement of Work contain errors, contradictions or obvious omissions, or has any questions concerning information contained in this RFQ document, the FIRM shall submit a written request to Procurement for interpretation or clarification. Such request must reference RFQ No. 027-20 and should be received by the Procurement Office at least ten (10) calendar days prior to the RFQ due date. Questions received thereafter, will not be answered. Interpretations or clarifications in response to such questions, if deemed necessary by the Procurement Administrator will be addressed via written addendum which shall be available for download electronically from the Demand Star website at www.demandstar.com, or by contacting Charles Spencer (espencer@plantation.org). The issuance of a written addendum shall be the only official method whereby such an interpretation or clarification will be made.

CONTINGENT FEES PROHIBITED

1. The proposing FIRM must warrant that it has not employed or retained a company or person, other than a bona fide employee, contractor or subcontractor, working in its employ, to solicit or secure a CONTRACT with the CITY, and that it has not paid or agreed to pay any person, company, corporation, individual or FIRM other than a bona fide employee, contractor or sub-consultant, working in its employ, any fee, commission, percentage, gift or other consideration contingent upon or resulting from the award or making of a CONTRACT with the CITY.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

SUBMISSION OF SEALED RESPONSES

1. Sealed Responses must be typed or printed in blue ink. Use of erasable ink is not permitted.
2. All Sealed Responses shall be submitted in the English language.
3. Sealed Responses must contain a signature of a corporate officer with proven authority to bind the FIRM in matters of this nature. The Address and Phone number for any communications regarding Sealed Response must be included.
4. Sealed Response shall contain an acknowledgment of receipt of all Addendum(s).
5. Sealed Responses by corporations must be executed in the corporation's legal name by the President or other corporate officer, accompanied by evidence of authority to sign. Evidence of authority shall be provided on the enclosed Certified Resolution form, or by the company's own Corporate Resolution.
6. Sealed Responses by partnerships must be executed in the partnership name and signed by a partner, whose title must appear under the signature.
7. In accordance with Florida Statutes, Chapter §119.07(1) (a) and except as may be provided by other applicable state and federal law, the Request for Qualifications and the responses thereto are in the public domain. However, FIRMs are requested to specifically identify in the submitted Sealed Response any financial information considered confidential and/or proprietary which may be considered exempt under Florida Statute §119.071(b).
8. The CITY will not be liable for any cost incurred in the preparation submission, or review of any Sealed Response or Response at any point of the procurement process

MODIFICATION AND WITHDRAWAL OF SEALED RESPONSES

1. Sealed Response may be modified or withdrawn by a duly executed document signed by a corporate officer. Evidence of such authority must accompany the request for withdrawal or modification. The request must be delivered to the Procurement Office at any time **prior** to the deadline for submitting Sealed Responses. Withdrawal of a Sealed Response will not prejudice the rights of a FIRM to submit a new Sealed Response prior to the Sealed Response opening date and time. No Sealed Response may be withdrawn or modified after the date of proposal opening has passed.
2. If, within twenty-four (24) hours after Sealed Responses are opened, any FIRM files a duly signed, written notice with the Procurement Office, and within five (5) calendar days thereafter demonstrates to the reasonable satisfaction of CITY, by clear and convincing evidence, that there was a material and substantial mistake in the preparation of its Sealed Response, or that the mistake is clearly evident on the face of the Sealed Response, but the intended correct Sealed Response is not similarly evident, FIRM may withdraw its Sealed Response.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

REJECTION OF PROPOSALS

1. To the extent permitted by applicable state and federal laws and regulations, CITY reserves the right to reject any and all Sealed Responses, to waive any and all informalities not involving price, time or changes in the work with the Successful FIRM, and to disregard all nonconforming, non-responsive, unbalanced or conditional Sealed Responses. Sealed Responses will be considered irregular and may be rejected if they show serious omissions, alterations in form, additions not called for, conditions or unauthorized alterations, or irregularities of any kind.
2. CITY reserves the right to reject the Sealed Response of any FIRM if CITY believes that it would not be in its best interest of to make an award to that FIRM, whether because the Sealed Response is not responsive, the FIRM is unqualified, of doubtful financial ability, or fails to meet any other pertinent criteria established by CITY within the Statement of Work

NONEXCLUSIVE

1. The CITY does not commit that all matters in the future which may be within any Scope of Services/Statement of Work contained herein will be assigned to the FIRM(s) holding a CONTRACT. No breach of the continuing CONTRACT will occur if the CITY submits such matters to bids or seeks bids or proposals from other parties, including but not limited to design and construction FIRMs, for any task within any scope of work listed above, or for any scope of work listed above, and awards such work to other FIRMs.

TASK ORDERS

1. Specific projects within the Scope/Statement of Work as contained herein will be assigned to the FIRM from time to time pursuant to independent assignments for such services. These assignments will be called a Task Order and will contain CONTRACT requirements pertinent to the task such as negotiated compensation (if different than the Master Agreement), insurance requirements, performance requirements, etc.

TAXES

1. Successful FIRM shall pay all applicable sales, consumer use and other similar taxes required by law.

PERMITS, FEES AND NOTICES

1. The FIRM shall be responsible for securing all permits and licenses necessary for the proper execution and completion of the work, if applicable. Cost of any required permits will be reimbursed by CITY without markup (i.e. direct pass-through), for properly submitted invoices except where expressly noted in the Task Order.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

CONE OF SILENCE

1. Once the RFQ has been issued, a Cone of Silence will be implemented. At that time communication with the CITY is limited to Charles Spencer, Procurement Administrator (email address espencer@plantation.org). During the review and evaluation process no person shall make any private or separate delivery of marketing information concerning any FIRM to any elected or appointed officers of the CITY, members of the CITY staff or members of the Evaluation/Selection Committee.

Cone of Silence shall terminate at the time the CITY makes an award to a FIRM(S) that becomes final as a result of no procurement protest being filed or takes other action that ends this RFQ solicitation.

Any action of a FIRM in violation of this may be cause for disqualification of the FIRM.

GENERAL CONTRACT PROVISIONS

1. Generally, the CITY does have standard CONTRACT provisions concerning its FIRMS, and it is contemplated that these CONTRACT provisions will appear in the “Master” CONTRACT. As stated herein, each Task Order may contain refinements to a scope of services, deadlines, and any negotiated adjustments to compensation, etc. The following are representative terms of CITY consulting CONTRACTs, and the CITY reserves the right to add additional terms or modify the following terms as it deems appropriate during the compensation negotiation phase of the Selection Process or at the time the master CONTRACT is implemented by a Task Order.
 - a. The CITY will be able to terminate the CONTRACT without cause by giving THIRTY (30) Calendar Days written notice before termination. A transition provision will be included in the event of termination.
 - b. The successful FIRM(s) shall bill the CITY according to the type of compensation as may be agreed in any given Task Order.
 - c. The CITY, during any fiscal year, shall not expend money, incur any liability, or enter into any CONTRACT which, by its terms, involves the expenditure of money in excess of the amounts budgeted as amended, surpluses carried over to the recent fiscal year, and reserves which are available for expenditure during such fiscal year. Any CONTRACT, verbal or written, made in violation of this subsection is at the CITY’s option null and void or voidable, and in no event can money be paid on such CONTRACT in excess of what is available for expenditure in any fiscal year. Nothing herein contained shall prevent the making of CONTRACTs for periods exceeding ONE (1) year, but any CONTRACT so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years.
 - d. The CITY reserves the right to prepare a CONTRACT and Task Order and to refuse to enter into a CONTRACT or Task Order if the CITY’s terms are not accepted.
 - e. The written CONTRACT between the successful FIRM(s) and the CITY shall include language to the effect that neither the CONTRACT, nor any portion thereof, nor any other facet of the relationship between the parties will create or be deemed to create a partnership, joint venture, joint enterprise, as a Sub-FIRM, or any other agency relationship, or an employer/employee leasing relationship, and further, shall reflect the CITY’s intent that the legal relationship between the parties shall be that of an independent FIRM.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

- f. Each Task Order may provide that the successful FIRM(s) is to achieve final completion within an agreed time period determined and agreed upon by both parties from the date appearing in the Notice to Proceed form for the specified Project. Therefore, the FIRM agrees to begin each Project in conformity with the provisions set forth in the Task Order and to prosecute it with all due diligence, so as to complete the entire work and Project by the time limits set forth in the agreed Project Schedule for the specified Project. As to such a Task Order that has deadlines, time will be of the essence unless stated otherwise.
- g. FIRM(s) shall not be entitled to an increase in the CONTRACT Price or payment or compensation of any kind from CITY for direct, indirect, consequential, impact or other costs, expenses or damages including but not limited to costs of acceleration or inefficiency or extended overhead, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference or hindrance be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable; provided, however, that this provision shall not preclude recovery of damages by FIRM(s) for hindrances or delays due solely to fraud, bad faith or active malicious interference on the part of CITY. Otherwise, FIRM shall be entitled only to extensions of the CONTRACT time as the sole and exclusive remedy for excusable events of delay.
- h. If the FIRM submits a schedule or expresses an intention to complete the work earlier than any required milestone or completion date, the CITY shall not be liable to the FIRM for any costs incurred, lost profits, extended overhead, expenses, or other damages of any kind because of delay or hindrance, regardless of whether such delay or hindrance was caused by the CITY or by its agents, should the FIRM be unable to complete the Work before such milestone or completion date as is described within the schedule.
- i. On any particular Task Order, the CITY reserves the right to include a provision for liquidated damages as a result of any project or work delay.
- j. Upon THIRTY (30) Calendar Days written notice to FIRM, CITY may, without cause and without prejudice to any other right or remedy, terminate the Agreement for CITY's convenience whenever CITY determines. Where the Agreement is terminated for the convenience of CITY, the notice of termination to FIRM must state that the CONTRACT is being terminated for the convenience of CITY, the effective date of the termination and the extent of termination. Services will be paid for through date of termination, and this shall mean payment for all completed tasks and payment for uncompleted tasks based upon the percentage of completion of such uncompleted tasks. FIRM shall not be paid on account of loss of anticipated profits or revenues or other economic loss arising out of or resulting from such termination.
- k. The Agreement may also be terminated by mutual agreement at any time and under any terms.
- l. No remedy under the terms of this CONTRACT in CITY's favor is intended to be exclusive of any other remedy, but each and every remedy shall be cumulative and shall be in addition to any other remedies, existing now or later, at law, in equity or by statute. No delay or omission to exercise any CITY right or CITY power accruing upon any event of default shall impair any CITY right or CITY power nor shall it be construed to be a waiver of any event of default or acquiescence in it, and every CITY right and CITY power may be exercised from time to time as often as may be deemed expedient.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

- m. The FIRM shall comply with all existing and future applicable laws, ordinances, rules, regulations, and lawful orders of public authorities relating to the Project and shall give all applicable notices pertaining to same.
- n. The laws of the State of Florida shall govern the validity, construction and effect of this CONTRACT.
- o. Should any part, term or provision of this Agreement be by the courts decided to be invalid, illegal or in conflict with any law of the State, the validity of the remaining portion or provision shall not be affected thereby.
- p. To any extent that the FIRM may be acting as an "agent" and/or FIRM on behalf of the CITY, the CITY expects the FIRM to fully comply with all Federal, State, and Local laws applicable to and specifically those covering Equal Opportunity Employment, American Disabilities Act (ADA), 42 U.S.C. 12101, et seq. and Florida Building Code. We reserve the right to verify your compliance with the various laws. Failure to comply with any laws will be grounds for termination of the CONTRACT.
- q. The FIRM shall indemnify and hold harmless the CITY of Plantation, its officers and employees, from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the FIRM and other persons employed or utilized by the FIRM in the performance of the CONTRACT.

FIRM agrees to indemnify, defend, save and hold harmless the CITY, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against the CITY, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, FIRM, or corporation which result from the work product of the FIRM.

In the event of any claims or suits which fall within either of the foregoing indemnities, payment of any amount due pursuant thereto shall, after receipt of written notice by FIRM from the CITY that such amount is due, be made by FIRM prior to the CITY being required to pay same, or in the alternative, the CITY, at CITY's option, may make payment of an amount so due and the FIRM shall promptly reimburse the CITY for same, together with interest thereon at the rate of 12% per annum simple interest from the day of CITY's payment. FIRM agrees, at the FIRM's expense, after receipt of written notice from the CITY, to defend any action against the CITY that falls within the scope of the foregoing indemnities, or the CITY, at the CITY's option, may elect not to tender such defense and may instead elect to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by the FIRM. Additionally, if FIRM, after receipt of written notice from the CITY fails to make any payment due hereunder to the CITY, FIRM shall pay any reasonable attorney's fees or costs incurred by the CITY in securing any such payment from FIRM.

Nothing contained herein is intended nor shall it be construed to waive the CITY's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the CITY's favor.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

- r. External Funding Requirements: Some of the work/tasks performed under this contract could be wholly or partially funded by grants, loans or programs administered by Federal governmental agencies, State governmental agencies, Broward County or all three. To that end, the FIRM agrees to meet all applicable conditions or requirements of such grants, loans, or programs, regardless of whether or not such conditions or requirements are specifically identified or referenced in the contract documents. These requirements may include record production, processing, and retention, cooperation in audits (both prior to and after completion), and special provisions for inspections, labor, materials, insurance, bonding, and payments or draw requests, Certified Business Enterprise Programs, or all of the foregoing.

SUMMARY OF DOUMENTS TO BE SUBMITTED WITH SEALED RESPONSE

FIRM(s) shall submit a complete qualification package that includes:

1. Letter of Interest and general information about the FIRM and its principals (i.e., location of headquarters, size, length of time in business, length of tenure and residence address of key personnel);
2. All items required by the “Statement of Work, Proposal Requirements” contained herein;
3. Proof of Insurance per attached.
4. Copies of all current applicable professional license(s) and certification(s);
5. FIRM’s Corporate Resolution
6. Certification that the FIRM is not barred from performing the Project work by operation of the Florida Public Entity Crimes law (Form Provided);
7. Public Records Compliance Certification (Form Provided)
8. Qualification Statement (Form Provided)
9. Non-Collusion Certification (Form Provided)
10. Drug-Free Workplace (Form Provided)
11. Truth in Negotiation (Form Provided)
12. FIRMs Certification (Form Provided)
13. Cooperation with Broward County Office of Inspector General (Form Provided)
14. Scrutinized Company Certification (Form Provided)
15. Form 4A Disclosure of Business Transaction, Relationship or Interest (Form Provided)
16. A Financial Ability Statement in sufficient detail to evaluate financial strength of FIRM.
17. Information as is appropriate for evaluation of the submittal pursuant to the criteria listed in Selection Process section of this RFQ, or identify on the Evaluation Criteria Form provided herein.

END OF SECTION

STATEMENT OF WORK

CONTINUING SERVICES AGREEMENTS FOR: ARCHITECTURE, LANDSCAPE ARCHITECTURE, ENVIRONMENTAL ENGINEERING, CIVIL ENGINEERING, TRAFFIC & TRANSPORTATION ENGINEERING, PROFESSIONAL SURVEYING AND MAPPING SERVICES, CONSTRUCTION/PROJECT MANAGEMENT, AND CONSTRUCTION ENGINEERING AND INSPECTION SERVICES

RFQ NO. 027-20

GENERAL SCOPE OF SERVICES

Pursuant to Florida Statutes, Chapter 287.055 (Consultants Competitive Negotiations Act), the City of Plantation seeks to identify Firms with substantial experience and capabilities to perform consulting services on an open end (continuing services) basis.

The City will endeavor to award up to three (3) Firms for each professional category listed. Firms will not be limited to one discipline. Firm shall designate discipline(s) they are proposing on the attached form. Each selected firm shall enter into a multi-year contract with the City. As each project task is identified, selected firms within the required discipline(s) may be requested to submit specific qualifications for a Task. Selection shall be to the most qualified firm for a particular task.

The services sought by the City may include, whether in part or in whole, but not limited to; planning studies, environmental studies, traffic and transportation studies, general civil engineering, traffic and transportation engineering, building architecture, landscape architecture, structural engineering, environmental engineering, surveying, mapping, mechanical engineering, contract management, and construction engineering and inspection services.

List of Professional Services categories for which City is seeking Firms:

1. Architecture

Provide professional architectural consultant and associated professional services. Professional services include, but are not limited to, planning and feasibility studies, conceptual design, design development, final design for procurement and construction, preparation of technical specifications, cost estimating, regulatory agency permitting, and construction administration for new building construction, building additions, renovations, park facilities, and related projects.

2. Landscape Architecture

Provide professional landscape architectural consultant services including, but not limited to, landscaping and associated irrigation system design, cost estimating, regulatory agency permitting, and construction administration for City facilities and public rights-of-way (i.e. - roadways, waterways, etc.) drawings, specification and permitting.

STATEMENT OF WORK

3. Environmental Engineering

Provide professional environmental engineering consultant services including, but not limited to, environmental studies, environmental design (ex: wetlands), construction documents, cost estimating, environmental permitting, construction administration, and post-construction monitoring services for environmental projects. Knowledge and experience in obtaining permits from various environmental regulatory agencies, (ex: FHWA, EPA, DERM, Dept. of Health, FDEP, Broward County, SFWMD, and USACOE).

4. Civil Engineering

Provide professional general civil engineering services including, but not limited to, planning and feasibility studies, designs for roadways, bridges, stormwater/floodplain management systems and waterways, water and wastewater distribution systems, construction plans and technical specifications, cost estimating, regulatory agency permitting, and construction administration services for improvements within public rights-of-way and for City facilities.

5. Traffic and Transportation Engineering

Professional traffic and transportation engineering consultant services, including, but not limited to, planning studies, traffic impact analysis, traffic signal and intersection stop warrant analysis, transportation studies, review and comment on traffic impact analysis for private development, traffic and transportation design, construction plans and technical specifications, cost estimating and construction administration. Knowledge and experience in traffic engineering, transportation planning, street and highway design, traffic calming design, transit planning, general engineering. Experience working with regulatory agencies such as Broward County Traffic Engineering Division, Broward County Highway Construction and Engineering Division, and the Florida Department of Transportation.

6. Professional Surveying and Mapping Services

Provide professional surveying and mapping services including, but not limited to, boundary/topographic surveys, roadway surveys, bathymetric surveys, preparation of legal descriptions/sketches, LIDAR services, asset management surveys, etc. Experience working with regulatory agencies such as Broward County Traffic Engineering Division, Broward County Highway Construction and Engineering Division, and the Florida Department of Transportation.

7. Construction/Project Management

Provide contract/construction/grant management services to assist City of Plantation staff with the administration and management of construction contracts and City procedures for successful completion of various capital projects including, but not limited to, buildings, parks facilities, roadways, bridges, waterways, transportation and traffic engineering projects, and other City projects as needed. Firm must be familiar with current Federal/State/County and local regulations, policies, processes demonstrate knowledge and experience pertaining to grants administration, housing requirements, City codes, and administrative procedures.

STATEMENT OF WORK

8. Construction Engineering and Inspection (CEI) Services

Construction Engineering and Inspection (CEI) services to include contract administration, inspection, and materials sampling and testing.

It shall be the responsibility of the CEI Consultant to administer, monitor, and inspect Construction Contracts such that the project is constructed in reasonable conformity with the plans, specifications, and special provisions for the Construction Contract. Observe the Contractor's work to determine the progress and quality of work. Identify discrepancies, report significant discrepancies to the CITY, and direct the Contractor to correct such observed discrepancies. Inform the designated CITY project personnel of any significant omissions, substitutions, defects, and deficiencies noted in the work of the Contractor and the corrective action that has been directed to be performed by the Contractor.

QUALIFICATIONS OF PROPOSERS

Sealed Responses will be considered from qualified Firms whose experience includes successful work in the industry.

- The Firm must have on staff architects/engineers with knowledge of all applicable Federal, State and County standards and requirements needed to develop design plans, specifications, cost estimates, site inspections and project management as applicable.
- Firms shall demonstrate professional and supporting staff knowledge and experience to develop studies, design drawings, technical specifications, cost estimates, regulatory agency permitting, contract administration, and other related services for projects applicable to their respective disciplines.
- Architects, Engineers, and Surveyor/Mappers shall hold professional licensure to practice in the State of Florida.
- Firms must possess at least five (5) years of considerable relevant experience in delivery of professional services as outlined above for their respective disciplines, with emphasis on municipal, county, state, or federal projects.
- Firm must have sufficient qualified staff to complete applicable work in the time required and in accordance with State statutes and standards.

STATEMENT OF WORK

PROPOSAL REQUIREMENTS

Firms shall submit one (1) original and five (5) copies, and one (1) flash drive of their sealed response; and respond to each of the following items as clearly as possible:

1. Letter of Interest and general information about the firm and its principals (i.e., location of headquarters, size, length of time in business, length of tenure and residence address of key personnel);
2. Copies of all current applicable professional license(s) and certification(s);
3. Provide copy of current Florida Professional Registration License(s) Renewal.
4. Completed City Required Forms included with Solicitation;
5. Proof of Insurance per attached.
6. Resumes of key personnel who will actually be assigned to City Plantation projects and describe their roles. Note: City of Plantation expects those listed to be those who will actually perform the work. No substitutions will be permitted except in the most dire conditions or at time of a specific task proposal, are no longer with the Firm.
7. A list of at least five (5) Architectural, Engineering and/or Surveying related projects performed during the last five (5) years including the following information:
 - a. Name of the entity for which the work was performed;
 - b. Brief description of the scope of the project;
 - c. Initial construction estimate of project cost (the estimate prior to the bid);
 - d. Amount of initial contract award;
 - e. Total number of change orders to the contract;
 - f. Total value of change orders for the project;
 - g. Amount of initial design fees associated with the project;
 - h. Change orders to design contract and dollar value;
 - I. Contact person with the entity, valid current phone number of one that can knowledgeably discuss your firm's role and performance in the project.
 - j. Provide financial statements for your firm's latest year of operation.
 - k. Any other information the firm feels is relevant to evaluating qualifications.

STATEMENT OF WORK

SCOPE AND TERM OF AGREEMENT

Sealed Responses are hereby invited for a term contract on a continuing service basis. The City intends to evaluate submitted sealed responses and award multiple Firms exhibiting comprehensive architectural, engineering and/or surveying experience. The term of the contract(s) for Miscellaneous Projects (basic construction cost under \$2 million each or study activities under \$200,000, in accordance with the requirements of Florida Statute 287.055.) shall be for a two (2) year period from the award date. (Note: In the event that statutory dollar thresholds are amended by the State of Florida, those amended limits shall be applied to this Agreement.)

The City may extend each individual contract(s) under the same terms and conditions for two (2) additional one (1) year periods, on an as needed basis, subject to vendor acceptance, satisfactory performance and determination that renewal will be in the best interest of the City.

No guarantee is expressed or implied as to the amount and total number of the individual project task authorizations provided to any one firm for the life of this contract.

TASK ASSIGNMENT

The City shall designate a member of City staff to serve as the City Project Representative (CPR) for each project, who shall be responsible for administering the project on behalf of the City. The CPR shall coordinate with a selected Firm to prepare a scope of services for each project, upon which selected Firms in a particular category will submit a proposal.

PROCESS OF CONCEPTUAL DESIGNS AND CONTRACT ADMINISTRATION

Required designs may be developed with the input of City of Plantation staff, various City Boards and Committees, as well as area residents and other interested individuals and groups. The time for these activities shall be included in the selected firm's proposal to City.

All required designs shall be developed in the latest version of AutoCAD or Bentley MicroStation. Reproducible hard copy and electronic files of work product shall be provided to City.

REQUIREMENT OF FIRM

Firms interested in performing these services must exhibit considerable relevant experience with this type of work, and should emphasize both experience and capability of particular personnel who will actually perform the work. Firms should indicate any sub-consultants proposed to be utilized in work for City.

Firms shall invoice City monthly for each assigned project. City shall provide each Firm with specific direction to how each invoice shall be formatted, and what information shall be included on each invoice submittal.

Kimley»Horn

March 17, 2020

City Clerk
City of Plantation
400 NW 73rd Avenue
Plantation, FL 33317

Re: *Continuing Services Agreements; RFQ No. 027-20*

Dear City Clerk and Selection Committee Members:

The City of Plantation is an exceptional location to live, work, play, and visit. **Kimley-Horn** offers a team of experienced professionals with several members living, working, raising their families, and participating in all that the City of Plantation offers as a community. We applaud your effort and commitment to set a higher standard for the quality of life in your City through sustained dedication in serving your residents, businesses, and visitors. Below are a few key reasons why Kimley-Horn is the right partner for this specific model of success:

A local project office translates to responsive service, familiarity with the project area/local issues, and a vested interest in Plantation's future. **Stefano Viola, P.E.** is an **experienced contract and project manager** who resides in your community and has a confident command and understanding of the multidisciplinary tasks within the municipal arena. Stefano is surrounded by a diverse team of **experienced technical experts** providing engineering services to municipal and county agencies, our core clients. Kimley-Horn assures your projects the **depth of services** you require, technical expertise, a passion for quality, responsive, and exceptional client service.

A Seasoned Project Manager. As your project manager, **Stefano Viola, P.E.** will be responsible for all final work deliverables and adhere to a strict project schedule. Stefano has served municipalities all his career and has a diverse civil engineering background. He has been involved with several municipalities in South Florida, including the cities of Miramar, Hollywood, Fort Lauderdale, Coral Springs, and Sunrise, and the Towns of Miami Lakes and Davie on general services contracts similar to this RFQ. As your project manager, Stefano will strive to deliver not only technical excellence, but timely service and practical, money-saving solutions. Most of all, he will be available to you whenever you need him. His primary role is to ensure effective communication between your staff and ours. We are a responsive, available team that will examine ways to reduce costs as we work with you, defining specific needs and implementing sound engineering solutions.

Civil Engineering. Civil engineering forms the backbone of our experience and qualifications to serve as your consulting engineer. In Florida, more than 450 of Kimley-Horn's staff are professionally registered engineers. At Kimley-Horn, we have experienced professionals in stormwater management, drainage, roadway design, bridge design, utility engineering, site planning and master planning, site grading, parks and recreational facilities design, and hydraulic/hydrologic modeling, among others.

Traffic and Transportation Engineering. Kimley-Horn offers complete traffic engineering and transportation planning services in-house. Kimley-Horn has completed thousands of traffic engineering projects, ranging from major area-wide systems involving hundreds of intersections to single intersection designs and analysis. Our traffic engineering staff includes experts in the areas of speed studies, safety and operations studies and plans, pedestrian safety programs, parking, and general traffic engineering consultation.

Landscape Architecture. As metropolitan urban areas continue to grow, urban design, streetscape design, and landscape architecture have become integral components of roadway and transportation system designs

City Clerk, City of Plantation
March 17, 2020

and infrastructure improvements. Revitalizing commercial districts, providing recreational areas, and creating pedestrian and bicycle facilities in increasingly congested areas are some of the solutions designed by our landscape architects and planners. We provide services in feasibility studies, master planning, public participation, and consensus building.

Prompt and Proactive Response. For more than 53 years, Kimley-Horn has successfully designed and implemented efficient and cost-effective solutions for municipal clients facing planned growth and redevelopment throughout South Florida. We can provide you with unmatched service, personal responsiveness, and local knowledge. Our local office in Plantation is down the street from Plantation's City Hall and offers your staff decades of local experience and the resources of a nationally-ranked, award-winning firm.

Commitment to Quality. A firm is no greater than its reputation, and ours is built on consistency, quality, and performing on-time and within budget. As an established firm, we place significant emphasis on quality control, quality assurance, and cost-saving solutions. We submit all deliverables for a thorough review by an expert within Kimley-Horn who is not a member of the immediate project team to assure quality on all of your projects.

Commitment to Municipal Clients. Kimley-Horn prides itself on being a successful municipal consultant. We have conscientiously served municipal clients, including the City of Plantation for many years and are currently serving as consultant for the nearby cities such as Lauderdale Lakes, Fort Lauderdale, Hollywood, Pompano Beach, Miramar, Davie, and dozens of other municipalities in Florida. Our extensive municipal experience in design, administration, and construction phase services gives us the specific understanding of how to work with city staff and elected officials to exceed the expectations of your staff and the citizens of Plantation.

Local Experience. Our experience includes a City of Plantation general services contract working closely with the City's engineering department on numerous roadway, drainage, and community enhancement projects, as well as traffic studies associated with the proposed improvements. For one of those projects, NW 70th Avenue Enhancements, Kimley-Horn developed a cost-effective streetscape and beautification approach along with a traffic calming program, implementing the City's vision through cost-effective roadway, traffic, lighting, landscaping, irrigation, and drainage designs. Kimley-Horn established key relationships with agencies to streamline the coordination efforts in developing the City's enhancement vision. Also, at NW 84th Street and similar locations, Kimley-Horn provided environmental services for the Programmatic Categorical Exclusion Checklist and documentation for a Local Agency Program funded project partnering with local agencies on behalf of the City of Plantation.

Kimley-Horn has all the ingredients of a successful consultant firm: a proven record of client service, adaptability, versatility, and responsiveness.

Technical Support. At Kimley-Horn, we are always examining our use of technology to be sure it matches our clients' needs. We understand that you want a consultant who serves as a true extension of your staff and, as such, Kimley-Horn does whatever is required to make our communication and design methods compatible with our clients. Sometimes that means we develop a project website to enhance communication between project team members. Other times it means we need to upgrade to a specific version of design software to effectively collaborate with the team. Our clients, who represent a broad range of markets and disciplines, vary widely in technological capabilities and needs; for this reason, we continuously update our own software and hardware to

City Clerk, City of Plantation
March 17, 2020

remain current, while also maintaining "previous versions" to serve those clients who choose not to update. By maintaining a library of resources, we can cater to virtually any client in any application.

We're ready to serve. We are genuinely excited about this opportunity to partner with the City on these unique and important bond projects. We share your enthusiasm to produce a better place for residents, workers, and visitors to thrive, and we pledge to provide you with value in all that we do. We personally guarantee our responsiveness, dedication, and availability to meet the requirements of this contract.

Yours truly,

KIMLEY-HORN

INSURANCE REQUIREMENTS

Statement

For the duration of the Agreement, Firm shall, at its sole expense, maintain the minimum insurance coverages stated herein in accordance with the terms and conditions of this article. Firm shall maintain insurance coverage against claims relating to any act or omission by Firm, its agents, representatives, employees, or SubFirms in connection with this Agreement. City of Plantation reserves the right at any time to review and adjust the limits and types of coverage required under this article.

Firm shall ensure that "City of Plantation" is listed as an additional insured on all policies required under this article. Certificate Holder shall be City of Plantation, Risk Management Dept/ City of Plantation 400 NW 73rd Plantation, Florida 33317.

On or before the Effective Date or at least fifteen (15) days prior to commencement of Services, Firm shall provide City with a copy of all Certificates of Insurance or other documentation sufficient to demonstrate the insurance coverage required in this article. If and to the extent requested by the city, Firm shall provide complete, certified copies of all required insurance policies and all required endorsements within thirty (30) days after City's request.

Firm shall ensure that all insurance coverages required by this article shall remain in full force and effect for the duration of this Agreement and until all performance required by Firm has been completed, as determined by Contract Administrator. Firm or Insurer shall provide notice to City of any cancellation or modification of any required policy at least thirty (30) days prior to the effective date of cancellation or modification, and at least ten (10) days prior to the effective date of any cancellation due to nonpayment and shall concurrently provide City with a copy of its updated Certificates of Insurance evidencing continuation of the required coverage(s). Firm shall ensure that there is no lapse of coverage at any time during the time period for which coverage is required by this article

Firm shall ensure that all required insurance policies are issued by insurers: (1) assigned an A. M. Best rating of at least "A-" with a Financial Size Category of at least Class VII; (2) authorized to transact insurance in the State of Florida; or (3) a qualified eligible surplus lines insurer pursuant to Section 626.917 or 626.918, Florida Statutes, with approval by City's Risk Management Dept.

If Firm maintains broader coverage or higher limits than the minimum insurance requirements stated herein, City shall be entitled to any such broader coverage and higher limits maintained by Firm. All required insurance coverages under this article shall provide primary coverage and shall not require contribution from any City insurance, self-insurance or otherwise, which shall be in excess of and shall not contribute to the insurance required and provided by Firm.

INSURANCE REQUIREMENTS

Firm shall declare in writing any self-insured retentions or deductibles over the limit(s) prescribed in herein and submit to City for approval at least fifteen (15) days prior to the Effective Date or commencement of Services. Firm shall be solely responsible for and shall pay any deductible or self-insured retention applicable to any claim against City. City may, at any time, require Firm to purchase coverage with a lower retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. Firm agrees that any deductible or self-insured retention may be satisfied by either the named insured or City, if so, elected by City, and Firm agrees to obtain same in endorsements to the required policies.

Unless prohibited by the applicable policy, Firm waives any right to subrogation that any of Firm's insurer may acquire against City and agrees to obtain same in an endorsement of Firm's insurance policies.

Firm shall require that each SubFirm maintains insurance coverage that adequately covers the Services provided by that SubFirm on substantially the same insurance terms and conditions required of Firm under this article. Firm shall ensure that all such SubFirms comply with these requirements and that "City of Plantation" is named as an additional insured under the SubFirms' applicable insurance policies.

In the event Firm or any SubFirm fails to maintain the insurance required by this Agreement, City may pay any costs of premiums necessary to maintain the required coverage and deduct such costs from any payment otherwise due to Firm. Firm shall not permit any SubFirm to provide Services under this Agreement unless and until the requirements of this article are satisfied. If requested by City, Firm shall provide evidence of each SubFirm's compliance with this article.

If any of the policies required under this article provide claims-made coverage: (1) any retroactive date must be prior to the Effective Date or at least fifteen (15) days prior to commencement of Services; (2) the required coverage must be maintained after termination or expiration of the Agreement for at least the duration stated in Exhibit __, and (3) if coverage is canceled or nonrenewed and is not replaced with another claims-made policy form with a retroactive date prior to the Effective Date or at least fifteen (15) days prior to commencement of Services, Firm must obtain and maintain "extended reporting" coverage that applies after termination or expiration of the Agreement for at least the duration stated in herein.

**RISK MANAGEMENT'S INSURANCE REQUIREMENTS EXHIBIT TEMPLATE
TO BE INCORPORATED INTO CITY CONTRACTS AS EXHIBIT (SEE ATTACHED)**

INSURANCE REQUIREMENTS

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the Firm shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "**Additional Insured**" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Firm. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.

THE UNDERSIGNED FIRM HAS READ ALL THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

g. Name and address of Resident Agent:	CT Corporation System 1200 South Pine Island Road, Plantation, FL 33324

3. If FIRM is an individual or a partnership, answer the following:

a. Date of organization: _____

b. Name, address and ownership units of all partners: _____

c. State whether general or limited partnership: _____

QUALIFICATION STATEMENT

Fill in Form

4. If FIRM is other than an individual, corporation or partnership, describe the organization and give the name and address of principals:
-
5. If FIRM is operating under a fictitious name, submit evidence of compliance with the Florida Fictitious Name Statute.
6. How many years has your organization been in business under its present business name: 53

a. Under what other former names has your organization operated?

7. Indicate registration, license numbers or certificate numbers for the business or professions that are the subject of this Proposal. Please attached certificate of competency and/or state registration. Please include the foregoing information for all parties to be assigned to the project.

Professional Engineers #CA696; Landscape Architecture #LCC000219. Copies of firm and individual licenses/certifications are included in Section 5, Required Forms and Licensure

8. Do you have a complete set of documents, including agenda? (Y) X (N)
9. Have you ever failed to complete any work awarded to you? If so, state when, where and why?
- No

10. Within the five (5) years, has any officer or partner of your organization ever been an officer or partner of another organization when it failed to complete a contract? If so, explain fully.
- No

11. State the names, telephone numbers and last known addresses of three (3) owners, individuals or representatives of owners with the most knowledge of work which you have performed or goods you have provided, and to which you refer (government owners are preferred as references).
- See references form.

12. List the pertinent experience of the key individuals of your organization (continue on insert sheet, if necessary).
- See provided resumes in Section 1, Firm Qualifications.

13. Provide a list of similar projects, which have been completed within the past five (5) years, including project description, owner's names, addresses and phone numbers.
- See Section 3, Experience and Technical Capabilities, and the 10 projects provided for Form 4.

14. Provide a list of work currently under contract.

Kimley-Horn completes thousands of contracts every year; it would be impractical to list all of our projects that are currently ongoing. The projects and references provided herein are representative of our experience. The Kimley-Horn team is immediately available to begin work on this contract.

QUALIFICATION STATEMENT

Fill in Form

15. On Exhibit A, list all disputes, claims, mediations and litigation in which the bidding entity, a parent entity, an affiliate entity, a predecessor entity or other entities with which you were then associated or affiliated were involved in any contract disputes over the last five (5) years as of the solicitation response due date. If BIDDER is a joint venture, the information provided should encompass the joint venture and each of the entities forming the joint venture. For said claim, identify with particularity the nature of such dispute, the names and addresses of the other parties to such disputes, and whether or how such disputes were resolved, including any mediation, arbitration or litigation involved and dollar awards. [Do not include disputes, claims, mediations and litigation that involve only garnishment, auto negligence, personal injury, or a proof of claim filed by BIDDER]

See attached sheet.

16. List all disputes, claims, mediations and litigation between the City and any of the responding entity's subcontractors/subconsultants over the last five (5) years as of the solicitation response due date.

Kimley-Horn has no disputes, claims, mediations or litigation with the City of Plantation.

17. Has any governmental entity within the last five (5) years commenced proceedings to discipline any of the officers, partners, or principals of the FIRM, or sought to revoke a license held by the FIRM (or its qualifying agent)? If so, please describe in detail the proceedings and how the matter was resolved.

No

18. Will you sublet any part of this work? If so, give details. (sub-contractor's name, address, phone number and contact)

No

19. Please list any objections to the text of the Contract Documents in the area below or on separate sheets of paper attached hereto, if necessary.

None

20. Please attach a copy of your latest financial statement.

See attached

THE FIRM ACKNOWLEDGES AND UNDERSTANDS THAT THE INFORMATION CONTAINED IN RESPONSE TO THIS QUALIFICATIONS STATEMENT SHALL BE RELIED UPON BY CITY IN AWARDED THE CONTRACT AND SUCH INFORMATION IS WARRANTED BY FIRM TO BE TRUE. THE DISCOVERY OF ANY OMISSION OR MISSTATEMENT THAT MATERIALLY AFFECTS THE FIRM'S QUALIFICATIONS TO PERFORM UNDER THE CONTRACT SHALL CAUSE THE CITY TO REJECT THE PROPOSAL, AND IF AFTER THE AWARD TO CANCEL AND TERMINATE THE AWARD AND/OR CONTRACT.

Signature

On Exhibit A, list all disputes, claims, mediations and litigation in which the bidding entity, a parent entity, an affiliate entity, a predecessor entity or other entities with which you were then associated or affiliated were involved in any contract disputes over the last five (5) years as of the solicitation response due date.

Kimley-Horn and its subsidiaries have provided services in all fifty states and numerous countries. Because of the many and varied projects we have completed, we are subject to various legal proceedings from time to time and in the ordinary course of business. In the last 5 years, Kimley-Horn has had more than 19,675 active projects in Florida, 17 of which had some form of litigation. Of those cases, 3 were dismissed, 11 were settled, and 3 are pending. This represents 0.08% of all projects completed by Kimley-Horn in Florida over the past 5 years. None of the pending matters, if decided against Kimley-Horn, would have a material impact on our financial statements or impair in any way our ability to serve our clients. Generally, these matters are covered by insurance, and we consider them to be without merit. No judgments have been entered against Kimley-Horn. If you would like to discuss our legal matters in more detail, please contact Kimley-Horn's General Counsel, Richard Cook, at 919.677.2058.

The cases litigated in Florida in the last five years are as follows:

Renee Borak and Fred Borak v. Simon Property Group, Inc., et al: 15th Judicial Circuit Court, Palm Beach County; Case No. 16-CA-1148; filed 2016; personal injury claim; settled; closed 2016.

Mark E. Callahan and Marisa Callahan v. Gator Delray, LC, et al: 15th Judicial Circuit Court, Palm Beach County; Case No. 2015CA00230; filed 2015; personal injury claim; Kimley-Horn dismissed; closed 2016.

Castle Brook Developers, Inc. and Cogdill Builders, Inc. v. GGI, Ltd., et al: 4th Judicial Circuit Court, Clay County; Case No. 2008-CA-000239; filed 2008; alleged economic loss; settled; closed 2013.

Chalks Airline, Inc. v. Linden Airport Services Corp, et al: United States District Court for the Southern District of Florida; Case No. 15-CV-24322-UNGARO/OTAZO-REYES; filed 2015; alleged economic loss; case dismissed; closed 2016.

Kathleen Conti v. Simon Property Group, Inc., et al: 15th Judicial Circuit Court Palm Beach County; Case No. 502017CA008616XXXXMB Division: AE; filed 2017; personal injury claim; pending.

Walter Ford and Grace Ford v. EC Manatee LLC, D/B/A Manatee Island Bar & Grill, et. al.: 19th Judicial Circuit Court, Martin County; Case No. 13 1536CA; filed 2014; personal injury claim; settled; closed 2015.

Solange Keogh v. The Home Depot USA Inc et al: United States District Court for the Southern District of Florida; Case No. 13-CV-61492; filed 2014; personal injury claim; Kimley-Horn dismissed; closed 2014.

Glenda Fuller, as Personal Representative of the Estate of Dana King, Deceased, et al v. Bluegreen Resorts Management, Inc. and Kimley-Horn and Associates, Inc.: 9th Judicial Circuit Court, Orange County; Case No. 11-CA-10865-0; filed 2011; traffic accident, wrongful death claim; settled; closed 2014.

Lunacon Engineering Group, Corp d/b/a Lunacon Construction Group, Corp v. City of Homestead v. Kimley-Horn and Associates, Inc., et al: 11th Judicial Circuit Court Miami-Dade County, Case No. 2017-000561-CA-01; filed 2017; alleged economic loss; pending.

Sema Construction, Inc. v. City of Altamonte Springs; 18th Judicial Circuit Court, Seminole County; Case No. 2015-CA-002951-15-W; filed 2016; alleged economic loss; pending.

J. J. Sosa & Associates, Inc. v. Francisco Semsch Architect, Inc., et al: 13th Judicial Circuit Court, Hillsborough County; Case No. 12013373; filed 2012; alleged economic loss; settled, closed 2015.

Prime Properties International, LLC v. Kimley-Horn and Associates, Inc.: 10th Judicial Circuit Court, Polk County; Case No. 2017CA-002127; filed 2017; alleged economic loss; settled, closed 2017.

Sunset Beach Investments, LLC v. Kimley-Horn and Associates, Inc.: 19th Judicial Circuit Court, St. Lucie County; Case No. 562013CA000383; filed 2013; alleged economic loss; settled; closed 2017.

Terracap BR Partners, L.P., et al v. Kimley-Horn and Associates, Inc., et al: 12th Judicial Circuit Court, Sarasota County; Case No. 2013-CA-003435-NC; filed 2013; alleged economic loss, mediated settlement; closed 2014.

Stacey Vasquez, a/k/a Stacey Leigh Gimson, as Personal Representative of the Estate of Frank Vasquez, III, v. Matthew J. West, et al: 13th Judicial Circuit Court, Hillsborough County; Case no. 15-CA-006839; filed 2015; traffic accident, wrongful death claim; settled; closed 2017.

Joan Weinstein v. Simon Property Group LP and The Town Center at Boca Raton Trust: 15th Judicial Circuit, Palm Beach County; Case No. 502016CA003199XXXXMB AG; filed 2016; personal injury claim; settled; closed 2017.

Deontra Williams v. Florida Department of Transportation., et al: 17th Judicial Circuit Court, Broward County; Case No. CACE-13-009427(05); filed 2015; bicycle accident, personal injuries claimed; settled; closed 2017.

Wind Condominium Association, Inc. v. Neo Epoch 2, LLC, et al: 11th Judicial Circuit Court, Miami-Dade County; Case No. 13-31787CA21; filed 2013; alleged economic loss, settled; closed 2016.

NON-COLLUSION CERTIFICATION

Fill in Form

TO BE RETURNED WITH PROPOSAL

By signing and submitting this proposal, the FIRM certifies that this bid is made independently and free from collusion.

FIRM shall disclose below, to their best knowledge, any City of Plantation officer or employee, or any relative of any such officer or employee as defined in Section 112.3135(1) (c), Florida Statutes (2014), who is an officer or director or, or has a material interest in, the FIRM's business, who is in a position to influence this procurement. Any City of Plantation officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to indirectly own any of the total assets or capital stock of any business entity owned or operated by the FIRM, or if they otherwise stand to personally gain if the contract is awarded to this FIRM.

Failure to submit this executed statement as part of the bid shall make the bid nonresponsive and not eligible for award consideration. In the event the FIRM does not indicate any names, the CITY shall interpret this to mean that the FIRM has indicated that no such relationships exist. Failure of a FIRM to disclose any relationship described herein shall be reason for termination of bid or award, whichever is applicable, with no time to cure.

DRUG-FREE WORKPLACE

Fill in Form

STATEMENT UNDER SECTION 287.087 FLORIDA STATUTES

TO BE RETURNED WITH FIRM

Preference must be given to FIRMS submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

OFFICE OF INSPECTOR GENERAL

Fill in Form

COOPERATION WITH THE BROWARD COUNTY OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH PROPOSAL

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how FIRMS and vendors (herein, "FIRMS") are paid. To this end, FIRM agrees to cooperate with the OIG in the event the FIRM is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of FIRM's written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The FIRM acknowledges and agrees that whatever work or effort is expended by FIRM in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the FIRM to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The FIRM's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the FIRM is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the FIRM is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, FIRM shall advise CITY, in writing and in the same manner as FIRM gives the City formal notice under this Contract, each instance, if ever, that the FIRM is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the FIRM is fully performing the requirements of this Paragraph.

Fill in Form

SWORN STATEMENT UNDER SECTION 287.133(3)(a) FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

THIS MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS

1. This sworn statement is submitted with Bid, Proposal or Contract for [Continuing Services Agreement].
2. This sworn statement is submitted by [Kimley-Horn and Associates, Inc.] (entity submitting sworn statement), whose business address is [600 N Pine Island Rd, Ste 450, Plantation, FL 33324] and its Federal Employer Identification Number (FEIN) is [56-0885615]. (If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: []).
3. My name is [Gary Ratay, P.E.] (please print name of individual signing), and my relationship to the entity named above is [Vice President].
4. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services, any leases for real property, or any contract for the construction or repair of a public building or public work, to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
5. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court or record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
6. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 - a) A predecessor or successor of a person convicted of a public entity crime; or
 - b) An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
7. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

PUBLIC ENTITY CRIMES

Fill in Form

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, and (Please indicate which additional statement applies.)

☐ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the Hearing Officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

☐ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

☐ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

Certificate of Secretary

To Whom It May Concern:

I am the duly qualified and acting Secretary of Kimley-Horn and Associates, Inc., a North Carolina Corporation.

The following is a true copy of a resolution duly adopted by the Board of Directors of the corporation at the Board meeting held on December 17, 2019 and entered in the minutes of such meeting in the minute book of the corporation.

"The Board unanimously approved the contract signing authority of employees as presented."
(Copies of the employee lists as presented are enclosed.)

The resolution is in conformity with the articles of incorporation and bylaws of the corporation, has never been modified or repealed, and is now in full force and effect.

EXHIBIT “D”

INSURANCE REQUIREMENTS

Statement

For the duration of the Agreement, Firm shall, at its sole expense, maintain the minimum insurance coverages stated herein in accordance with the terms and conditions of this article. Firm shall maintain insurance coverage against claims relating to any act or omission by Firm, its agents, representatives, employees, or SubFirms in connection with this Agreement. City of Plantation reserves the right at any time to review and adjust the limits and types of coverage required under this article.

Firm shall ensure that "City of Plantation" is listed as an additional insured on all policies required under this article. Certificate Holder shall be City of Plantation, Risk Management Dept/ City of Plantation 400 NW 73rd Plantation, Florida 33317.

On or before the Effective Date or at least fifteen (15) days prior to commencement of Services, Firm shall provide City with a copy of all Certificates of Insurance or other documentation sufficient to demonstrate the insurance coverage required in this article. If and to the extent requested by the city, Firm shall provide complete, certified copies of all required insurance policies and all required endorsements within thirty (30) days after City's request.

Firm shall ensure that all insurance coverages required by this article shall remain in full force and effect for the duration of this Agreement and until all performance required by Firm has been completed, as determined by Contract Administrator. Firm or Insurer shall provide notice to City of any cancellation or modification of any required policy at least thirty (30) days prior to the effective date of cancellation or modification, and at least ten (10) days prior to the effective date of any cancellation due to nonpayment and shall concurrently provide City with a copy of its updated Certificates of Insurance evidencing continuation of the required coverage(s). Firm shall ensure that there is no lapse of coverage at any time during the time period for which coverage is required by this article

Firm shall ensure that all required insurance policies are issued by insurers: (1) assigned an A. M. Best rating of at least "A-" with a Financial Size Category of at least Class VII; (2) authorized to transact insurance in the State of Florida; or (3) a qualified eligible surplus lines insurer pursuant to Section 626.917 or 626.918, Florida Statutes, with approval by City's Risk Management Dept.

If Firm maintains broader coverage or higher limits than the minimum insurance requirements stated herein, City shall be entitled to any such broader coverage and higher limits maintained by Firm. All required insurance coverages under this article shall provide primary coverage and shall not require contribution from any City insurance, self-insurance or otherwise, which shall be in excess of and shall not contribute to the insurance required and provided by Firm.

INSURANCE REQUIREMENTS

Firm shall declare in writing any self-insured retentions or deductibles over the limit(s) prescribed in herein and submit to City for approval at least fifteen (15) days prior to the Effective Date or commencement of Services. Firm shall be solely responsible for and shall pay any deductible or self-insured retention applicable to any claim against City. City may, at any time, require Firm to purchase coverage with a lower retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. Firm agrees that any deductible or self-insured retention may be satisfied by either the named insured or City, if so, elected by City, and Firm agrees to obtain same in endorsements to the required policies.

Unless prohibited by the applicable policy, Firm waives any right to subrogation that any of Firm's insurer may acquire against City and agrees to obtain same in an endorsement of Firm's insurance policies.

Firm shall require that each SubFirm maintains insurance coverage that adequately covers the Services provided by that SubFirm on substantially the same insurance terms and conditions required of Firm under this article. Firm shall ensure that all such SubFirms comply with these requirements and that "City of Plantation" is named as an additional insured under the SubFirms' applicable insurance policies.

In the event Firm or any SubFirm fails to maintain the insurance required by this Agreement, City may pay any costs of premiums necessary to maintain the required coverage and deduct such costs from any payment otherwise due to Firm. Firm shall not permit any SubFirm to provide Services under this Agreement unless and until the requirements of this article are satisfied. If requested by City, Firm shall provide evidence of each SubFirm's compliance with this article.

If any of the policies required under this article provide claims-made coverage: (1) any retroactive date must be prior to the Effective Date or at least fifteen (15) days prior to commencement of Services; (2) the required coverage must be maintained after termination or expiration of the Agreement for at least the duration stated in Exhibit __, and (3) if coverage is canceled or nonrenewed and is not replaced with another claims-made policy form with a retroactive date prior to the Effective Date or at least fifteen (15) days prior to commencement of Services, Firm must obtain and maintain "extended reporting" coverage that applies after termination or expiration of the Agreement for at least the duration stated in herein.

A MOTION TO RECEIVE AND FILE THE EXPENDITURES AND APPROPRIATIONS
REFLECTED IN THE WEEKLY EXPENDITURE REPORT
FOR THE PERIOD AUGUST 06, 2021 THROUGH AUGUST 18, 2021
THE PLANTATION GATEWAY DEVELOPMENT DISTRICT

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE PLANTATION GATEWAY DEVELOPMENT DISTRICT, that:

The expenditures reflected on the attached weekly Expenditure Reports from the Plantation Gateway Development District's funds are herewith reviewed and accepted. The planned and actual appropriations and expenditure shown in said reports are hereby accepted and shall be funded from existing revenue sources. For those planned and actual appropriations and expenditures that exceed the total prior approved budget amount at the fund level, as amended, the appropriate fund's budget is hereby increased by that amount necessary to accommodate the planned and actual expenditure and appropriations for the fund as listed in the attached reports. A copy of the said weekly reports will be filed with the City Clerk of the City of Plantation.

REVIEWED AND ACCEPTED BY THE CITY COUNCIL SITTING AS THE BOARD OF DIRECTORS OF THE PLANTATION GATEWAY DEVELOPMENT DISTRICT THIS WEDNESDAY, AUGUST 25, 2021.

**Notice of City
Council Meeting**

Wednesday, August 25, 2021 ~ 6:00 PM

City of Plantation
City Council Chambers and via Zoom

Subject:

Motion to receive and file the expenditures and appropriations reflected in the Weekly Expenditure Report for the period August 06, 2021 through August 18, 2021 for the City of Plantation's Midtown Development District.

Summary:

Motion to receive and file the expenditures and appropriations reflected in the Weekly Expenditure Report for the period August 06, 2021 through August 18, 2021 for the City of Plantation's Midtown Development District.

ATTACHMENTS:

Description	Upload Date	Type
Bill List: Midtown Cover & Week 1	8/18/2021	Cover Memo

A MOTION TO RECEIVE AND FILE THE EXPENDITURES AND APPROPRIATIONS
REFLECTED IN THE WEEKLY EXPENDITURE REPORT
FOR THE PERIOD AUGUST 06, 2021 THROUGH AUGUST 18, 2021
THE PLANTATION MIDTOWN DEVELOPMENT DISTRICT

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE PLANTATION MIDTOWN DEVELOPMENT DISTRICT, that:

The expenditures reflected on the attached weekly Expenditure Reports from the Plantation Midtown Development District's funds are herewith reviewed and accepted. The planned and actual appropriations and expenditure shown in said reports are hereby accepted and shall be funded from existing revenue sources. For those planned and actual appropriations and expenditures that exceed the total prior approved budget amount at the fund level, as amended, the appropriate fund's budget is hereby increased by that amount necessary to accommodate the planned and actual expenditure and appropriations for the fund as listed in the attached reports. A copy of the said weekly reports will be filed with the City Clerk of the City of Plantation.

REVIEWED AND ACCEPTED BY THE CITY COUNCIL SITTING AS THE BOARD OF DIRECTORS OF THE PLANTATION MIDTOWN DEVELOPMENT DISTRICT THIS WEDNESDAY, AUGUST 25, 2021.

A MOTION TO APPROVE AND FILE THE LEGAL EXPENDITURES AND APPROPRIATIONS
REFLECTED IN THE WEEKLY EXPENDITURE REPORT
FOR THE PERIOD AUGUST 19, 2021 THROUGH AUGUST 19, 2021

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLANTATION, FLORIDA, that:

The expenditures reflected on the attached weekly Expenditure Reports from all City funds are herewith approved and ratified. The planned and actual appropriations and expenditure shown in said reports are hereby authorized, ratified, and approved and shall be funded from existing revenue sources. For those planned and actual appropriations and expenditures that exceed the total prior approved budget amount at the fund level, as amended, the appropriate fund's budget is hereby increased by that amount necessary to accommodate the planned and actual expenditure and appropriations for the fund as listed in the attached reports. A copy of the said weekly reports will be filed with the City Clerk of the City of Plantation.

APPROVED AND ADOPTED BY THE CITY COUNCIL OF THE CITY OF PLANTATION, FLORIDA, THIS WEDNESDAY, AUGUST 25, 2021.

Memorandum**

DATE: August 25, 2021

TO: Mayor and Members of the City Council

FROM: Danny A. Holmes, AICP 
Planning, Zoning and Economic Development Director

SUBJECT: Proposed Amendment to the Text of the City of Plantation Comprehensive Plan to Revise Policies 1.7.6 and 1.8.8 of the Future Land Use Element (PD21-0002).

RECOMMENDATION

It is recommended that the City Council approve amendments to policies 1.7.6 and 1.8.8 of the Future Land Use Element of the City of Plantation (the “City”) Comprehensive Plan.

THE REQUEST

City Staff is requesting an amendment to Policies 1.7.6 and 1.8.8 of the Future Land Use Element of the City’s Comprehensive Plan to: (1) address what it considers to be an oversight in the Future Land Use Element that does not provide standards or rules governing the rearrangement of residential density on properties with an underlying residential land use designation as permitted by Section 3.4 of the Broward County Administrative Rules Document, (2) incorporate Redevelopment Units as established by the adoption of the 2017 BrowardNext Broward County Land Use Plan, (3) establish a “Unified Flexibility” zone within the City as permitted by the adoption of the 2017 BrowardNext Broward County Land Use Plan.

BACKGROUND

While the Broward County Land Use Plan provides provisions for: (1) the rearrangement of residential densities on properties with a residential land use designation without the need to process a land use plan amendment, (2) the assignment of “redevelopment units,” and (3) the establishment of unified flexibility zones within municipal boundaries, the City of Plantation’s Future Land Use Element does not contain any of the aforementioned provisions. As such, staff

is recommending that the City amend policies 1.7.6 and 1.8.8 of the Future Land Use Element to incorporate these provisions. Staff is recommending these revisions to address an oversight with the City's residential flex rules and provide the City with greater flexibility to respond to changing economic conditions and direct density to appropriate districts within the City and away from areas whose low-density character and life-style should be preserved.

The first amendment requested by Staff would amend Policy 1.7.6 (Residential Land Use) of the City's Future Land Use Element to revise the administrative rules for implementing residential development within the City of Plantation. The amendments to this section include:

- The addition of a definition for flexibility units,
- The addition of provisions guiding the manner in which dwelling units may be arranged on a parcel of land designated for residential use,
- The addition of a provision establishing that available flexibility units may be utilized by the City to rearrange residential densities, and
- The addition of a provision establishing that the application of flexibility units shall be in accordance with the Broward County Planning Council "Administrative Rules Document."

The second amendment requested by Staff would amend Policies 1.7.6 (Residential Land Use) and 1.8.8 (Commercial Land Use) of the City's Future Land Use Element to incorporate the use of Redevelopment Units within the City as permitted by the adoption of the 2017 BrowardNext Broward County Land Use Plan. The amendments to these sections include:

Policy 1.7.6:

- The addition of a provision setting forth the procedure for allocation of Redevelopment Units to the City and setting forth a definition of "Redevelopment Units",
- The addition of a provision establishing that the application of redevelopment units shall be in accordance with the Broward County Planning Council "Administrative Rules Document."

Policy 1.8.8:

- The deletion of a provision setting forth the composition and boundaries of the City's existing Flexibility zones, and
- The addition of a provision permitting both Flexibility and Redevelopment units to be utilized when applying the City's various Commercial to Residential Flexibility rules; and
- The revision of the provision permitting residential uses on properties with a commercial land use designation without the need to amend the Future Land Use Map, provided that the City applies Flexibility and Redevelopment units to the parcel pursuant to Policies 2.10.1 and 2.35.1 of the Broward County Land Use Plan and the "Administrative Rules Document."

The third amendment requested by Staff would amend Policy 1.7.6 (Residential Land Use) of the City's Future Land Use Element to establish a "Unified Flexibility Zone." The City of Plantation is currently divided into four (4) flexibility zones. These flexibility zones are Flex Zones 68, 73, 75X, and 76 (See Attachment A). Under the existing adopted Future Land Use rules, flexibility units and reserve units may only be assigned to development projects located within the same flex

zone as the proposed development. So, for example, if a developer was proposing a project on land located in Flex Zone 76, and was applying for the use of flex or reserve units from the City, the City could only apply flex or reserve units from the balance of flex or reserve units remaining in Flex Zone 76.

Because the allocation of flex in this manner limits the City's discretion to respond to changing market conditions or to allocate density to a more suitable district or area of the City, Staff is recommending that the City establish a Unified Flexibility Zone within the City. A Unified Flexibility Zone would collapse the City's four (4) existing flex zones into one citywide flexibility zone. "Unified Flexibility Zones" are permitted based upon changes made to the Broward County Land Use Plan in 2017 as part of the BrowardNext Amendments.

The amendments to Policy 1.7.6 to implement the Unified Flex zone include:

- The addition of a provision establishing the City as a "Unified Flexibility Zone", and
- The addition of a provision limiting the total number of Flexibility or Redevelopment units or combination thereof that may be allocated within the Plantation Acres Neighborhood (Formerly Flex Zone 68) to a total of 172 units upon passage of the subject amendment. This represents the total balance of Flexibility and Reserve Units that existed within Flex Zone 68 at the time of this amendment.

THE PROPOSED AMENDMENT

The proposed amendment is to policies 1.7.6 and 1.8.8 of the Future Land Use Element of the Comprehensive Plan, as follows:

"FUTURE LAND USE ELEMENT

GOALS, OBJECTIVES AND POLICIES

GOAL 1 **To ensure the orderly growth and development of the City of Plantation through the wise allocation of land to the various uses based on the anticipated needs and desires of the expected ultimate population, with attention in planning and implementation to protection of the man-made environment, conservation of natural resources, transportation accessibility, the availability of utilities and public facilities, and financial resources.**

* * *

OBJECTIVE 1.7 **Residential**

The City shall continue to provide for a variety of residential densities and housing types, including the provision for innovative design, particularly in the vacant western areas. See Policy 1.7.4 for measurability.

* * *

Policy 1.7.6

Residential development in designated areas shall be based on the following ranges in density:

Category	Units/Acre	Predominant Housing Type
Estate 1	1 or less	Single family detached
Low 3	3 or less	Single family detached
Low 5	1 to 5	Single family detached and two family
Low Medium 10	Greater than 5 to 10	Villa, 2 story townhouse inclusive of garage
Medium 16	Greater than 10 to 16	2 or 3 story townhouse inclusive of garage, 2 or 3 story apartment building inclusive of garage
Medium High 25	Greater than 16 to 25	Apartment building, three stories or more

Density Calculation:

References to density within the City of Plantation Comprehensive Plan means gross density. Gross density means the number of dwelling units constructed or proposed within an area, divided by the gross acreage of the area. Gross acreage means the total number of acres in an area, including acreage used or proposed for roads, lakes, waterways, and other proposed land uses permitted in residential areas by the City of Plantation Comprehensive Plan. (Ord. No. 1974, 4/13/94)

Arrangement of Dwelling Units:

Any arrangement of dwelling units on a parcel of land designated for residential use is compatible with the Plantation Future Land Use Plan as long as the maximum number of dwelling units permitted within the parcel is not exceeded. For example, the City Future Land Use Plan does not regulate whether a developer uses 100 acres of land designated for Low (5) Residential density to build 500 single-family homes or whether the same 100 acres are used to build a 500-unit high rise structure, with the balance of the land maintained as permanent open space. The distribution of units

will be determined by the City of Plantation Land Development Regulations (LDRs).

Dashed-Line Areas:

Selected areas are identified on the Plantation Future Land Use Plan Map by dashed lines circumscribing their edges. For each of these areas, the maximum overall density in dwelling units per acre is the number which appears in the circle inside the dashed line. That number can be multiplied by the number of acres inside the dashed line, including areas not designated for residential use, to ascertain the maximum number of dwelling units allowable within the dashed line. The dwelling units that are permitted within areas circumscribed by a dashed line may only be applied within the boundaries of the circumscribed area and may not be transferred. Additional dashed-line areas may be designated on the Plantation Future Land Use Plan Map through amendments to the plan consistent with the provisions of this section.

Reserve Units:

~~A reserve unit pool is hereby established consisting of 2 percent of the total number of dwelling units permitted within a flexibility zone by the Broward County Land Use Map (see Implementation Requirements).~~

Flexibility and Redevelopment Units

1. Flexibility Units shall equal the difference between the number of dwelling units permitted within a flexibility zone by the Broward County Land Use Plan and the number of dwelling units permitted within the City of Plantation's certified future land use plan map, plus additional remaining permitted dwelling units, fixed at the adoption date of the 2017 Broward County Land Use Plan and formerly defined as "Reserve Units" which were equal to two percent (2%) of the total number of dwelling units permitted by the City of Plantation's 1989 certified future land use plan map.
2. The City may apply to the Broward County Planning Council for the allocation of additional "redevelopment units" per Broward County Land Use Plan Policy 2.35.1, as amended. Redevelopment Units are defined as additional permitted dwelling units equal to three percent (3%) of the total number of dwelling units as established by the adoption of the 2017 BrowardNext Broward County Land Use Plan.
3. The certified Plantation Future Land Use Map may be more restrictive than the Broward County Land Use Plan Map (Series), therefore,

available Flexibility Units may be utilized by the City to rearrange residential densities.

4. The City of Plantation has been established as a “Unified Flexibility Zone.”
5. The application of Flexibility and Redevelopment Units shall be in accordance with the Broward County Planning Council “Administrative Rules Document.”
6. Subsequent to September _____, 2021, the number of Flexibility Units or Redevelopment Units, or combination thereof that may be allocated within the Plantation Acres Neighborhood (Formerly Flex Zone 68) shall be limited to a maximum of 172 units. This number constitutes the balance of Flexibility and Reserve Units that were available for allocation within Former Flex Zone 68 prior to the City’s adoption of the “Unified Flexibility Zone.” The Plantation Acres Neighborhood is defined as that area West of Hiatus Road.

* * *

OBJECTIVE 1.8 Commercial

Commercially designated areas shown on the Future Land Use Map shall provide for convenience, and general shopping and services for the City's residents and visitors; this shall occur in neighborhood, community and regional scaled centers; and, in cohesive central business district serving all of western Broward County. See list of uses for measurability.

* * *

Policy 1.8.8 The following uses are permitted in commercially designated areas:

Neighborhood, community and regional retail uses.

Office Uses.

Commercial uses including wholesale and distribution, light fabricating and warehouse uses.

Children's day care centers.

Hotels, motels.

Commercial recreation uses.

Community facilities.

Public utilities structures and facilities, located on a parcel of 1 acre or less, which are unmanned, such as electric distribution substations, communications facilities, drainage, waste and wastewater pumping stations, excluding electrical power plants.

A limited amount of residential usage may be allowed within property enjoying a Commercial Comprehensive Plan Future Land Use Designation provided the following policy considerations are met:

- A. ~~Flexibility and Reserve units in Flex Zone 75X that are sourced from former Flex Zone 75 are allocated to Plantation Midtown, and may only be utilized therein. Flexibility and reserve Redevelopment units sourced from former Flex Zone 74 may be awarded anywhere in Flex Zone 75X.~~
- ~~1. Former Flex Zone 75 is bounded by New Hiatus Road on the west, the city limit on the south, University Drive on the east south of NW 5th Street, the OPWCD Canal No. 1A on east north of NW 5th Street, and on the north by the north city limit.~~
 - ~~2. Former Flex Zone 74 is bounded on the south by Broward Boulevard, on the east by the west right of way line of Florida's Turnpike from Broward Boulevard to the north city limit, on the north by the north city limit from Florida's Turnpike to the OPWCD Canal No. 1A, on the west north of NW 5th Street by the OPWCD Canal No. 1A, and on the west south of NW 5th Street by University Drive from NW 5th Street to Broward Boulevard.~~
 - ~~3. Flex Zone 75X is comprised of both former Flex Zones 74 and 75. 1.12~~

~~B~~ A. For parcels of property enjoying a Commercial designation which are to be developed only with structures that include both commercial and residential uses in the same structure (i.e. “vertical integration”), Flexibility and Reserve Redevelopment Units may be utilized when determined appropriate by the City’s governing body, and where, in addition to other criteria and considerations as may be applicable: 1. The residential floor area of such vertically integrated structures does not exceed 50 percent of the total floor area of the building; or 2. The first floor of the structure is totally confined to commercial uses. 3. Regardless of 1. or 2. above, the residential density of the parcel shall not exceed twenty-five (25) units per gross acre, calculated using the boundary of the parcel enjoying the Commercial Land Use Designation.

~~C~~ B. For parcels of property enjoying a Commercial designation which are to be developed only with freestanding buildings devoted to multi-family residential uses, Flexibility and Reserve Redevelopment Units may be utilized when determined appropriate by the City’s governing body, and where, in addition to other criteria and considerations as may be applicable: 1. The maximum parcel size shall be five (5) gross acres, unless located within the urban infill area (east of Florida’s Turnpike) in which the case the maximum parcel size shall be ten (10) gross acres. 2. The residential density shall not exceed twenty-five (25) units per gross acre, calculated using the boundary of the parcel enjoying the Commercial Land Use Designation.

~~D~~ C. For parcels of property enjoying a Commercial designation which are proposed to be developed with some buildings being devoted to residential use and some buildings devoted to commercial use (hereafter, “mixed commercial/residential developments”), Flexibility and Reserve Redevelopment Units may be utilized when determined appropriate by the City’s governing body, and where, in addition to other criteria and considerations as may be applicable:

1. For mixed commercial/residential developments located outside of the urban infill area (areas west of Florida’s Turnpike):

- a. The minimum size of the parcel enjoying the Commercial designation must be greater than five (5) gross acres in size; and,
 - b. The portion of the parcel enjoying the Commercial designation which is to be developed with residential use shall not exceed the greater of five (5) gross acres in size or forty percent (40%) of the total gross acreage of the commercially designated parcel; and,
 - c. The residential density shall not exceed twenty-five (25) units per gross acre, calculated using the boundary of the portion of the parcel enjoying the Commercial Land Use Designation which is devoted to residential use. 1.13
2. For mixed commercial/residential developments located within the urban infill area (areas east of Florida's Turnpike):
 - a. the minimum size of the parcel enjoying the Commercial designation must be greater than ten (10) gross acres; and,
 - b. the portion of the parcel enjoying the Commercial designation which is to be developed with residential use shall not exceed the greater of ten (10) gross acres or forty percent (40%) of the total gross acreage of the commercially designated parcel; and,
 - c. The residential density shall not exceed twenty-five (25) units per gross acre, calculated using the boundary of the portion of the parcel enjoying the Commercial Land Use Designation which is devoted to residential use.
3. The entire mixed commercial/residential development shall be governed by specific zoning regulations that establish criteria to ensure proper integration and compatibility of land uses within and surrounding the development.

~~E~~ D. In cases where a tract of land is designated Commercial and is proposed to be divided into parcels, and such parcels can be developed independently under more than one of paragraphs ~~B, C, and D~~ A, B and C above so as to meet the requirements therein, then the City may utilize combinations of the provisions of ~~B and C~~ A and B above, or ~~B and D~~ A and C above, or ~~C and D~~ B and C above, but not ~~B and C and D~~ A and B and C above, for such tract of land; provided:

1. The tract is located within Plantation Midtown or the tract is located within that portion of the City bounded on the North by Sunrise Boulevard, on the South by the City limits, on the West by Pine Island Road, and on the East by University Drive; and,
2. The land area of a parcel used under paragraph ~~B.3., C.2., D1.e. or D2.e.~~ A.3., B.2., C1.c. or C2.c. for purposes of calculating the maximum allowable residential density under such paragraph (being the product of x times twenty-five (25) dwelling units per acre, where x is land area) cannot be used more than once in applying the provisions of ~~B and C~~ A and B above, or ~~B and D~~ A and C above, or ~~C and D~~ B and C above, but not ~~B and C and D~~ A and B and C above, for a tract of land.
3. In no case may the maximum residential density for the tract exceed twenty-five (25) dwelling units per gross acre.

~~F~~ E. For purposes of applying paragraphs ~~B, C, D, and E~~ A, B, C and D neither a “tract” nor a “parcel” need to be defined by referenced to a Plat. Furthermore, while a “tract” is comprised of “parcels”, the “tract” does not need to be subdivided into “parcels” by a plat. A “tract” and a “parcel” do not need to be defined by property lines based upon ownership. Rather, a “tract” and “parcel” may be defined by quantities of contiguous land which the City’s governing body has determined are sufficient in size to constitute independent building sites (i.e. taking into consideration Site Plan development approvals), and 1.14 which are submitted to Unified Control as set forth in the City’s land development regulations for the development intended, and which is submitted to a Master Plan so as to function as a single integrated development.

~~G F. The City will utilize comprehensive planning flexibility to increase and decrease commercial and residential acreage in order to implement the allowance of residential uses within property enjoying a Commercial Comprehensive Plan Future Land Use Designation consistent with the Broward County Land Use Plan and Administrative Rules Document. The City will consider assigning flexibility or reserve units to achieve desired residential usage pursuant to Section IV(B)(1) (COMMERCIAL)(9) of the adopted Broward County Land Use Plan. When assigning flexibility or reserve units in implementing this comprehensive planning flexibility, an amendment to the City Future Land Use Map will not be required. Residential uses are permitted, without the need to amend the City of Plantation Future Land Use Plan Map, provided that the City of Plantation applies Flexibility and Redevelopment Units to the parcel pursuant to Policies 2.10.1 and 2.35.1 of the Broward County Land Use Plan (BCLUP) and the "Administrative Rules Document" Article~~
The City has ordained additional policy considerations to use for guidance purposes when it determines whether or not to utilize its comprehensive planning flexibility which are set forth in Chapter 19 of the City of Plantation's Code of Ordinances.

ANALYSIS

Section 27-42 of the City's Land Development Regulations provides that the text of the Comprehensive Plan may be amended by application of any person, board or agency.

Notice of the proposed amendment has been published in accordance with Section 27-41 of the Land Development Regulations and Section 163.3184 of the Florida Statutes. If adopted by the City Council, a copy of the ordinance will be transmitted for comment to the review agencies listed in Section 163.3184 of the Florida Statutes. That legislation provides that comments are to be provided within 30 days of receipt. Staff will present the ordinance to the City Council for second reading once comments are received and addressed.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF PLANTATION, FLORIDA, AMENDING THE CITY OF PLANTATION COMPREHENSIVE PLAN BY AMENDING OBJECTIVE 1.7, POLICY 1.7.6 AND OBJECTIVE 1.8, POLICY 1.8.8 OF THE LAND USE GOAL IN THE FUTURE LAND USE ELEMENT TO ADD PROVISIONS TO PERMIT THE REARRANGEMENT OF RESIDENTIAL DENSITY ON PROPERTIES WITH AN UNDERLYING RESIDENTIAL LAND USE DESIGNATION, TO PERMIT THE ESTABLISHMENT OF A UNIFIED FLEXIBILITY ZONE WITHIN THE CITY, AND TO INCORPORATE PROVISIONS TO PERMIT THE ADDITION OF REDEVELOPMENT UNITS WITHIN THE CITY; PROVIDING A SAVINGS CLAUSE; AUTHORIZING TRANSMITTAL AND PROVIDING AN EFFECTIVE DATE THEREFOR.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PLANTATION, FLORIDA, THAT:

SECTION 1: Policy 1.7.6 of the Future Land Use Element of the City of Plantation Comprehensive Plan is hereby amended as follows:

Policy 1.7.6

Residential development in designated areas shall be based on the following ranges in density:

Category	Units/Acre	Predominant Housing Type
Estate 1	1 or less	Single family detached
Low 3	3 or less	Single family detached
Low 5	1 to 5	Single family detached and two family
Low Medium 10	Greater than 5 to 10	Villa, 2 story townhouse inclusive of garage
Medium 16	Greater than 10 to 16	2 or 3 story townhouse inclusive of garage, 2 or 3 story apartment building inclusive of garage
Medium High 25	Greater than 16 to 25	Apartment building, three stories or more

Density Calculation:

References to density within the City of Plantation Comprehensive Plan means gross density. Gross density means the number of dwelling units constructed or proposed within an area, divided by the gross acreage of the

Underlined provisions constitute proposed additions to existing text, ~~stricken through~~ provisions indicate proposed deletions from existing text.

area. Gross acreage means the total number of acres in an area, including acreage used or proposed for roads, lakes, waterways, and other proposed land uses permitted in residential areas by the City of Plantation Comprehensive Plan. (Ord. No. 1974, 4/13/94)

Arrangement of Dwelling Units:

Any arrangement of dwelling units on a parcel of land designated for residential use is compatible with the Plantation Future Land Use Plan as long as the maximum number of dwelling units permitted within the parcel is not exceeded. For example, the City Future Land Use Plan does not regulate whether a developer uses 100 acres of land designated for Low (5) Residential density to build 500 single-family homes or whether the same 100 acres are used to build a 500-unit high rise structure, with the balance of the land maintained as permanent open space. The distribution of units will be determined by the City of Plantation Land Development Regulations (LDRs).

Dashed-Line Areas:

Selected areas are identified on the Plantation Future Land Use Plan Map by dashed lines circumscribing their edges. For each of these areas, the maximum overall density in dwelling units per acre is the number which appears in the circle inside the dashed line. That number can be multiplied by the number of acres inside the dashed line, including areas not designated for residential use, to ascertain the maximum number of dwelling units allowable within the dashed line. The dwelling units that are permitted within areas circumscribed by a dashed line may only be applied within the boundaries of the circumscribed area and may not be transferred. Additional dashed-line areas may be designated on the Plantation Future Land Use Plan Map through amendments to the plan consistent with the provisions of this section.

Reserve Units:

~~A reserve unit pool is hereby established consisting of 2 percent of the total number of dwelling units permitted within a flexibility zone by the Broward County Land Use Map (see Implementation Requirements).~~

Flexibility and Redevelopment Units

1. Flexibility Units are shall equal the difference between the number of dwelling units permitted within a flexibility zone by the Broward County Land Use Plan and the number of dwelling units permitted within the City of Plantation's certified future land use plan map, plus

additional remaining permitted dwelling units, fixed at the adoption date of the 2017 Broward County Land Use Plan and formerly defined as “Reserve Units” which were equal to two percent (2%) of the total number of dwelling units permitted by the City of Plantation’s 1989 certified future land use plan map.

2. The City may apply to the Broward County Planning Council for the allocation of additional “redevelopment units” per Broward County Land Use Plan Policy 2.35.1, as amended. Redevelopment Units are defined as additional permitted dwelling units equal to three percent (3%) of the total number of dwelling units as established by the adoption of the 2017 BrowardNext Broward County Land Use Plan.
3. The certified Plantation Future Land Use Map may be more restrictive than the Broward County Land Use Plan Map (Series), therefore, available Flexibility Units may be utilized by the City to rearrange residential densities.
4. The City of Plantation has been established as a “Unified Flexibility Zone.”
5. The application of Flexibility and Redevelopment Units shall be in accordance with the Broward County Planning Council “Administrative Rules Document.”
6. Subsequent to September , 2021, the number of Flexibility Units, Redevelopment Units, or combination thereof that may be allocated within the Plantation Acres Neighborhood (Former Flex Zone 68) shall be limited to a maximum of 172 units. This number is the balance of Flexibility and Reserve Units that were available for allocation within Former Flex Zone 68 prior to the City’s adoption of the “Unified Flexibility Zone.” The Plantation Acres Neighborhood is defined as that area West of Hiatus Road. (Former Flex Zone 68).

SECTION 2: Policy 1.8.8 of the Future Land Use Element of the City of Plantation Comprehensive Plan is hereby amended as follows:

Policy 1.8.8

The following uses are permitted in commercially designated areas:

Neighborhood, community and regional retail uses.

Office Uses.

Commercial uses including wholesale and distribution, light fabricating and warehouse uses.

Underlined provisions constitute proposed additions to existing text, ~~stricken through~~ provisions indicate proposed deletions from existing text.

Children's day care centers.

Hotels, motels.

Commercial recreation uses.

Community facilities.

Public utilities structures and facilities, located on a parcel of 1 acre or less, which are unmanned, such as electric distribution substations, communications facilities, drainage, waste and wastewater pumping stations, excluding electrical power plants.

A limited amount of residential usage may be allowed within property enjoying a Commercial Comprehensive Plan Future Land Use Designation provided the following policy considerations are met:

A. ~~Flexibility and Reserve units in Flex Zone 75X that are sourced from former Flex Zone 75 are allocated to Plantation Midtown, and may only be utilized therein. Flexibility and reserve Redevelopment units sourced from former Flex Zone 74 may be awarded anywhere in Flex Zone 75X.~~

1. ~~Former Flex Zone 75 is bounded by New Hiatus Road on the west, the city limit on the south, University Drive on the east south of NW 5th Street, the OPWCD Canal No. 1A on east north of NW 5th Street, and on the north by the north city limit.~~
2. ~~Former Flex Zone 74 is bounded on the south by Broward Boulevard, on the east by the west right of way line of Florida's Turnpike from Broward Boulevard to the north city limit, on the north by the north city limit from Florida's Turnpike to the OPWCD Canal No. 1A, on the west north of NW 5th Street by the OPWCD Canal No. 1A, and on the west south of NW 5th Street by University Drive from NW 5th Street to Broward Boulevard.~~
3. ~~Flex Zone 75X is comprised of both former Flex Zones 74 and 75. 1.12~~

B A. For parcels of property enjoying a Commercial designation which are to be developed only with structures that include both commercial and residential uses in the same structure (i.e. "vertical integration"), Flexibility and Reserve Redevelopment Units may be utilized when determined appropriate by the City's

governing body, and where, in addition to other criteria and considerations as may be applicable: 1. The residential floor area of such vertically integrated structures does not exceed 50 percent of the total floor area of the building; or 2. The first floor of the structure is totally confined to commercial uses. 3. Regardless of 1. or 2. above, the residential density of the parcel shall not exceed twenty-five (25) units per gross acre, calculated using the boundary of the parcel enjoying the Commercial Land Use Designation.

€ B. For parcels of property enjoying a Commercial designation which are to be developed only with freestanding buildings devoted to multi-family residential uses, Flexibility and ~~Reserve~~ Redevelopment Units may be utilized when determined appropriate by the City's governing body, and where, in addition to other criteria and considerations as may be applicable: 1. The maximum parcel size shall be five (5) gross acres, unless located within the urban infill area (east of Florida's Turnpike) in which the case the maximum parcel size shall be ten (10) gross acres. 2. The residential density shall not exceed twenty-five (25) units per gross acre, calculated using the boundary of the parcel enjoying the Commercial Land Use Designation.

Ø C. For parcels of property enjoying a Commercial designation which are proposed to be developed with some buildings being devoted to residential use and some buildings devoted to commercial use (hereafter, "mixed commercial/residential developments"), Flexibility and ~~Reserve~~ Redevelopment Units may be utilized when determined appropriate by the City's governing body, and where, in addition to other criteria and considerations as may be applicable:

1. For mixed commercial/residential developments located outside of the urban infill area (areas west of Florida's Turnpike):
 - a. The minimum size of the parcel enjoying the Commercial designation must be greater than five (5) gross acres in size; and,
 - b. The portion of the parcel enjoying the Commercial designation which is to be developed with residential use shall not exceed the greater of five (5) gross acres in size or forty percent (40%) of the total gross acreage of the commercially designated parcel; and,

- c. The residential density shall not exceed twenty-five (25) units per gross acre, calculated using the boundary of the portion of the parcel enjoying the Commercial Land Use Designation which is devoted to residential use. 1.13
2. For mixed commercial/residential developments located within the urban infill area (areas east of Florida's Turnpike):
 - a. the minimum size of the parcel enjoying the Commercial designation must be greater than ten (10) gross acres; and,
 - b. the portion of the parcel enjoying the Commercial designation which is to be developed with residential use shall not exceed the greater of ten (10) gross acres or forty percent (40%) of the total gross acreage of the commercially designated parcel; and,
 - c. The residential density shall not exceed twenty-five (25) units per gross acre, calculated using the boundary of the portion of the parcel enjoying the Commercial Land Use Designation which is devoted to residential use.
3. The entire mixed commercial/residential development shall be governed by specific zoning regulations that establish criteria to ensure proper integration and compatibility of land uses within and surrounding the development.

~~E~~ D. In cases where a tract of land is designated Commercial and is proposed to be divided into parcels, and such parcels can be developed independently under more than one of paragraphs ~~B, C, and D~~ A, B and C above so as to meet the requirements therein, then the City may utilize combinations of the provisions of ~~B and C~~ A and B above, or ~~B and D~~ A and C above, or ~~C and D~~ B and C above, but not ~~B and C and D~~ A and B and C above, for such tract of land; provided:

1. The tract is located within Plantation Midtown or the tract is located within that portion of the City bounded on the North by Sunrise Boulevard, on the South by the City limits, on the West by Pine Island Road, and on the East by University Drive; and,
2. The land area of a parcel used under paragraph ~~B.3., C.2., D1.e. or D2.e.~~ A.3., B.2., C1.c. or C2.c. for purposes of

calculating the maximum allowable residential density under such paragraph (being the product of x times twenty-five (25) dwelling units per acre, where x is land area) cannot be used more than once in applying the provisions of ~~B and C~~ A and B above, or ~~B and D~~ A and C above, or ~~C and D~~ B and C above, but not ~~B and C and D~~ A and B and C above, for a tract of land.

3. In no case may the maximum residential density for the tract exceed twenty-five (25) dwelling units per gross acre.

~~F E.~~ For purposes of applying paragraphs ~~B, C, D, and E~~ A, B, C and D neither a “tract” nor a “parcel” need to be defined by referenced to a Plat. Furthermore, while a “tract” is comprised of “parcels”, the “tract” does not need to be subdivided into “parcels” by a plat. A “tract” and a “parcel” do not need to be defined by property lines based upon ownership. Rather, a “tract” and “parcel” may be defined by quantities of contiguous land which the City’s governing body has determined are sufficient in size to constitute independent building sites (i.e. taking into consideration Site Plan development approvals), and 1.14 which are submitted to Unified Control as set forth in the City’s land development regulations for the development intended, and which is submitted to a Master Plan so as to function as a single integrated development.

~~G E.~~ The City will utilize comprehensive planning flexibility to increase and decrease commercial and residential acreage in order to implement the allowance of residential uses within property enjoying a Commercial Comprehensive Plan Future Land Use Designation consistent with the Broward County Land Use Plan and Administrative Rules Document. The City will consider assigning flexibility or reserve units to achieve desired residential usage pursuant to Section IV(B)(1) (COMMERCIAL)(9) of the adopted Broward County Land Use Plan. When assigning flexibility or reserve units in implementing this comprehensive planning flexibility, an amendment to the City Future Land Use Map will not be required. Residential uses are permitted, without the need to amend the City of Plantation Future Land Use Plan Map, provided that the City of Plantation applies Flexibility and Redevelopment Units to the parcel pursuant to Policies 2.10.1 and 2.35.1 of the Broward County Land Use Plan (BCLUP) and the “Administrative Rules Document” Article The City has ordained additional policy considerations to use for guidance purposes when it determines whether or not to utilize its comprehensive planning flexibility which are set forth in Chapter 19 of the City of Plantation's Code of Ordinances.

SECTION 3: Should any section, paragraph, sentence, clause, phrase or other part of this Ordinance be declared by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of this Ordinance as a whole or any portion or part thereof, other than the part so declared to be invalid.

SECTION 4: This Ordinance shall take effect immediately upon passage on second reading by the City Council and signature by the Mayor.

PASSED ON FIRST READING by the City Council this 25th day of October, 2021.

PASSED AND ADOPTED ON SECOND READING by the City Council this ____ day of _____, 2021.

SIGNED by the Mayor this ____ day of _____, 2021.

Flex Zones Map

City of Plantation

ARTICLE 3

FLEXIBILITY, REDEVELOPMENT UNITS AND SPECIAL RESIDENTIAL FACILITIES

3.1 UNIFIED FLEXIBILITY ZONES

The Broward County Land Use Plan map shall be divided by municipal boundaries, known as “unified flexibility zones,” for the purpose of determining the amount of flexibility available for use within the unified area, such as “flexibility units,” “reserve units,” “redevelopment units,” and acreage within land use plan categories.

A local government’s certified land use plan may permit the rearrangement of, within limits specified by the Broward County Land Use Plan, land uses and residential densities within its municipal unified flexibility zone.

Rearrangement of land uses and residential densities within a flexibility zone by a local government consistent with the limits specified by the Broward County Land Use Plan and this document may require (re)certification by the Planning Council, but does not require an amendment to the Broward County Land Use Plan.

3.2 FLEXIBILITY UNITS

- (A) Flexibility units, as defined in Section 2, “Definitions” of the Broward County Land Use Plan, shall equal the difference between the number of dwelling units permitted within a flexibility zone by the Broward County Land Use Plan and the number of dwelling units permitted within the local government’s certified future land use plan map, plus additional remaining permitted dwelling units, fixed at the adoption date of the 2017 Broward County Land Use Plan and formerly defined as “Reserve Units” which were equal to two percent (2%) of the total number of dwelling units permitted by the local government’s certified future land use plan map.
- (B) Assignment of flexibility units by a local government is subject to all of the following rules and regulations:
 - (1) Assignment of flexibility units shall be subject to meeting the provisions of Policy 2.10.1 of the Broward County Land Use Plan concerning compatibility with adjacent land uses and impacts on public schools;
 - (2) Flexibility units must be assigned by the municipality, at a minimum, through (re)zoning or other official action. An amendment to the local land use plan may be required by the applicable municipality.

- (3) Upon assignment of flexibility units, the local government shall notify the Planning Council in writing and submit revised charts, as contained within the certified local land use plan, which reflect the current total.
- (4) Flexibility units shall not be assigned from areas circumscribed by dashed lines on the Broward County Land Use Plan, nor be reflected within the “flexibility unit chart” of the certified local land use plan.
- (5) The Planning Council, upon determination that a local government has failed to report assignment of flexibility units in a timely or sufficient manner or has assigned flexibility units improperly, shall take such actions as may be necessary and proper, including decertification of the local land use plan, to enforce the requirements of the Broward County Land Use Plan and this document.

3.3 REDEVELOPMENT UNITS

- (A) Redevelopment units, as defined in Section 2, “Definitions,” of the Broward County Land Use Plan, means additional permitted dwelling units equal to three percent (3%) of the total number of dwelling units as established by the adoption of the 2017 BrowardNext Broward County Land Use Plan.
- (B) Municipalities that have fewer than 250 combined “flexibility units” or “redevelopment units” may apply to the Broward County Planning Council for the allocation of “redevelopment units” in allocations of 500 dwelling units, or 10% of the number of dwelling units permitted by the certified municipal land use plan, whichever is less.
- (C) The number of units per application may be increased to 750, or 15% of the number of dwelling units permitted by the certified municipal land use plan, whichever is less, if the municipality demonstrates a commitment for at least 10% very-low or low affordable housing, with a legally enforceable mechanism for a minimum period of 15 years.
- (D) Assignment of redevelopment units by a local government shall be subject to meeting the provisions and criteria of Policy 2.35.1 of the Broward County Land Use Plan.
- (E) Upon assignment of redevelopment units, the local government shall notify the Planning Council in writing and submit revised charts, in the format certified by the Planning Council, which reflect the current total.

- (F) The Planning Council, upon determination that a local government has failed to report assignment of redevelopment units in a timely or sufficient manner or has assigned redevelopment units improperly, shall take such actions as may be necessary and proper, including decertification of the local land use plan, to enforce the requirements of the Broward County Land Use Plan and this document.

3.4 COMPATIBILITY REVIEW CRITERIA

- (A) Compatibility determinations required per Policy 2.10.1 of the Broward County Land Use Plan shall be based upon the following considerations:
 - (1) The density and intensity of the land use(s) resulting from the application of flexibility.
 - (2) The density and intensity of existing and planned land uses adjacent to the site.
 - (3) Comprehensive plan requirements, land development code provisions, zoning regulations, adopted design guidelines or other measures in place to ensure compatibility.
 - (4) Impact of proposed increases in residential density on public school enrollments and capacity, including consideration of any proposed mitigation for density increases impacting overcrowded schools.
 - (5) Impact on public beach access, including any reduction in public access points or public rights-of-way providing access to the beach.
- (B) For allocations of flexibility or redevelopment units to sites east of the Intracoastal Waterway which may impact access to public beaches, the allocating municipality shall notify the County Commission or its designee of proposed municipal allocations of flexibility which would alter an existing public access point or public right-of-way providing access to the beach.
- (C) For allocations of flexibility or redevelopment units to sites which are contiguous to another municipality:
 - (1) The allocating municipality shall notify applicable contiguous municipalities and the County Commission or its designee of a proposed municipal allocation of flexibility.
 - (2) After receipt of the above notice, a contiguous municipality has 30 days to notify the County Commission or its designee and the allocating municipality of a request for a compatibility review.

- (3) Upon receipt of a request for a compatibility review by a contiguous municipality, Broward County will notify the allocating municipality within 15 days that the County will be conducting a compatibility review.
- (D) For allocations of flexibility or redevelopment units to sites adjacent to an Environmentally Sensitive Land, Broward County or regional park as defined within the Broward County Comprehensive Plan:
 - (1) The allocating municipality shall notify the County Commission or its designee of the proposed allocation of flexibility.
 - (2) After receipt of the municipal notice, the County Commission or its designee shall have 45 days to notify the municipality if a review is required upon a finding that such proposed municipal allocation of flexibility may be incompatible with the Environmentally Sensitive Land, Broward County or regional park.
 - (3) Broward County shall provide all Broward municipalities with a map identifying the Environmentally Sensitive Lands, Broward County and regional parks which are subject to these provisions.
 - (4) For the purpose of this section, adjacent is defined as attached; located within 500 feet; or separated only by streets and highways, canals and rivers, or easements.
- (E) Compatibility review determinations shall be made by the County Commission following a public hearing. County staff shall complete the staff report on each application and schedule the public hearing within 8 weeks of receiving a completed application.
- (F) Broward County shall provide reasonable notice of the County's compatibility review public hearings. The County shall give at least 10 days' notice in a newspaper of general circulation indicating the location and size of the property, future land use designation and proposed number of flexibility or redevelopment units.

3.5 INCREASE AND DECREASE OF COMMERCIAL AND RESIDENTIAL ACREAGE

- (A) A certified local land use plan may allow a different arrangement of commercial and residential acreage than that shown on the Broward County Land Use Plan, if consistent with all of the following provisions:
 - (1) The land designated "Commerce" on the Broward County Land Use Plan (see Policy 2.3.4 of the Broward County Land Use Plan) may be decreased by twenty percent (20%) and (re)designated to a land use category consistent with the residential land use categories of the Broward County Land Use Plan. (Re)designation to a residential land use category is subject to the following rules and regulations:

- a. The local government must assign available flexibility units or redevelopment units in compliance with the provisions of Section 3.2 (Flexibility Units) or Section 3.3 (Redevelopment Units), of this document; or
 - b. The local government must correspondingly reduce, within the local land use element, the density of a residential area so that the total number of permitted dwelling units allowed within the municipality is not increased.
- (2) The local land use plan may permit up to five percent (5%) of the area designated for residential use on the Broward County Land Use Plan to be used for offices and/or neighborhood retail sales of merchandise or services, subject to compliance with Policy 2.10.1 of the Broward County Land Use Plan. No such contiguous area may exceed ten (10) acres in size. For the purpose of this provision, contiguous is defined as: attached; located within 500 feet; or separated only by streets and highways, canals and rivers, or easements.

This five percent (5%) residential-to-commercial flexibility rule may be applied by the local government through (re)zoning or other official action, subject to compliance with Policy 2.10.1 of the Broward County Land Use Plan, and does not require an amendment to the local land use plan map if the provision is certified by the Planning Council within the residential permitted uses section of the local land use plan.

- (3) A mixed residential and retail sales or office land use may be permitted by the local land use plan in areas designated for “Medium,” “Medium-High” or “High” residential density on the Broward County Land Use Plan, subject to the local land use plan providing:
- a. That no more than fifty percent (50%) of the floor area in a building shall be used for retail sales or offices; and
 - b. At least fifty percent (50%) of the area in a building shall be used for residences.
- (4) Residential and/or mixed commercial/residential developments may be permitted by the local land use plan in areas designated “Commerce” on the Broward County Land Use Plan Map, subject to the following:
- a. The local government shall apply available flexibility and/or redevelopment units in compliance with Articles 3.2 and 3.3 of this document; and

- b. For parcels up to ten (10) acres in size, free-standing multi-family residential uses or mixed commercial/residential developments are permitted; and
 - c. Within areas east of the Intracoastal Waterway, in no instance shall the residential density exceed 25 dwelling units per acre or 100% of the maximum number of dwelling units indicated for the parcel by the local land use plan map, whichever resulting residential density is less; and
 - d. In no instance shall the total residential uses exceed 20% of the land area designated "Commerce" or "Commercial" within the municipality.
 - e. The above referenced limitations are not applicable to Policy 2.16.4.
- (5) The arrangement of land use designations must produce a reasonable development pattern. Criteria for reasonableness shall include compatibility of adjacent land uses and suitability of parcels for various development patterns.

3.6 REQUIREMENTS FOR SUBMITTAL OF DATA FROM UNITS OF LOCAL GOVERNMENT

Pursuant to Section 2 of the Broward County Land Use Plan, units of local government shall prepare and transmit to the Planning Council the following information within the time periods specified. This information may be transmitted in any form approved by the Planning Council Executive Director.

- (A) By January 31 of each year, an official of each local government shall transmit to the Planning Council an annual report providing updated information regarding the utilization of the Residential and Non-Residential Flexibility Rules of the Broward County Land Use Plan. The report shall include the following information, as applicable:
- (1) Total number of acres designated residential, commercial, industrial and employment center within the municipal boundary.
 - (2) Total number of residential, industrial and employment center acres allocated for commercial use through assignment of flexibility in the previous calendar year.
 - (3) Total number of residential, industrial and employment center acres allocated for commercial use through assignment of flexibility which includes all previous yearly allocations.

- (4) Total number of flexibility units and redevelopment units allocated in the previous calendar year to residential or non-residential designated lands which did not require an amendment to the local land use plan map.
 - (5) Total number of flexibility units and redevelopment units allocated, including all previous yearly allocations to residential or non-residential designated lands which did not require an amendment to the local land use plan map.
- (B) Upon determination by the Planning Council that a local government has failed to comply with the requirements of this Article, the Planning Council may decertify the local land use element or applicable portions thereof, in accordance with the provisions of Article 2 of this document.

3.7 REARRANGEMENT OF RESIDENTIAL DENSITY

- (A) A local land use plan map may show a different arrangement of residential acreage than that shown on the Broward County Land Use Plan, subject to all of the following rules and regulations:
- (1) The local government shall demonstrate to the Planning Council that no increase in the total number of permitted dwelling units results from the rearrangement.
 - (2) The density assigned to an area circumscribed by a dashed line on the Broward County Land Use Plan shall not be reassigned outside the dashed line.
 - (3) A rearrangement of land use designations must produce a reasonable development pattern. Criteria for reasonableness shall include compatibility of adjacent land uses and suitability of parcels for various development patterns.

3.8 DEVELOPED AREAS

- (A) Zoning that is consistent with the established density of a developed area shall be in substantial conformity with the Broward County Land Use Plan so long as the local land use plan, the zoning and the applicable land development regulations do not permit any density higher than fifty (50) dwelling units per gross acre.

For the purpose of these rules and regulations, a developed area means a residential zoning district in which the predominant character had been established as of November 22, 1977, by existing buildings, buildings under construction, or by active building permits.

3.9 RESIDENTIAL USES IN AGRICULTURAL/RURAL RANCHES LAND USE CATEGORIES

- (A) This section provides for exceptions to the residential density restrictions within the Agricultural and Rural Ranches land use categories of the Broward County Land Use Plan consistent with Broward County Ordinance No. 79-34. Land designated Agricultural or Rural Ranches may be permitted one (1) dwelling unit on parcels less than two (2) net acres or less than two and one-half (2½) gross acres if:
 - (1) The parcel is specifically designated on a plat approved by the Board of County Commissioners prior to May 16, 1979; or
 - (2) The parcel was of public record prior to May 16, 1979, and has not been at any time since the effective date of Broward County Ordinance No. 79-34 (May 30, 1979) contiguous with another parcel or parcels in common ownership which could be combined into a single parcel of at least two (2) net acres, and has received the approval of the applicable agency for a sewage disposal system.

3.10 SPECIAL RESIDENTIAL FACILITIES

Provisions for Special Residential Facilities, such as adult care living facilities, foster care facilities and group homes, are included within Section 2 of the Broward County Land Use Plan consistent with Broward County Ordinance No. 85-92. Definitions, permitted locations and density standards are found in Section 2 of the Broward County Land Use Plan.

- (A) Local governments may utilize the Special Residential Facilities provisions of the Broward County Land Use Plan regardless of whether such provisions are incorporated within the certified local land use plan.
- (B) Each local government may permit a maximum of one hundred (100) bonus sleeping rooms within the local governmental boundary permanently dedicated to a special residential facility(s) use, without an additional allocation of density, subject to meeting the requirements this section.
- (C) If a local government has not incorporated the Special Residential Facilities provisions of the Broward County Land Use Plan within its certified local land use plan, written approval of the Planning Council Executive Director is required, prior to approval by a local government, for special residential facilities projects involving the following:
 - (1) Projects requiring the allocation of flexibility units or redevelopment units;
 - (2) Projects involving allocation of all or a portion of the one hundred (100) bonus sleeping rooms for which the local government does not have to assign density, per Section 3.10(B) above.

- (D) Upon allocation of flexibility units or redevelopment units to a parcel of land, the local government shall submit revised flexibility charts in the format certified by the Planning Council which reflect the current totals.
- (E) Upon allocation of bonus sleeping rooms to a parcel of land per Section 3.10(B) above, the local government shall notify the Planning Council in writing and submit a chart which reflects the remaining total in a format approved by the Planning Council Executive Director.
- (F) In no instance shall a density exceeding 100 sleeping rooms per gross acre be permitted.

COMPATIBILITY

POLICY 2.10.1 Local government utilization of the Broward County Land Use Plan “Flexibility Rules” shall be subject to a determination by the Broward County Commission that such allocation is compatible with adjacent land uses, and that impacts on public school facilities have been adequately considered, in the following instances:

- a. Allocations to sites east of the Intracoastal Waterway which impact access to public beaches.
- b. Allocations to sites which are contiguous to a municipality upon request of the contiguous municipality.
- c. Allocations to sites which are adjacent to an Environmentally Sensitive Land, as defined within the Broward County Comprehensive Plan, or a Broward County or regional park, including sites which are attached, located within 500 feet, or separated only by streets and highways, canals and rivers or easements, upon request of the Broward County Commission.

Additional rules and procedures for the processing of County Commission compatibility reviews shall be included in the Planning Council’s administrative rules.

Allocations of “Flexibility Units” and “Redevelopment Units” shall be subject to the following restriction: Within areas east of the Intracoastal Waterway, in no instance shall allocations of “Flexibility Units” or “Redevelopment Units” result in a residential density greater than twenty-five (25) dwelling units per gross acre for the residentially designated parcel or portion of a nonresidentially designated parcel to be developed with residential use, or exceed one hundred percent (100%) of the maximum number of dwelling units indicated for the parcel by the local land use plan map, whichever resulting residential density is less.

POLICY 2.10.2 The compatibility of existing and future land uses shall be a primary consideration in the review and approval of amendments to the Broward County and local land use plans. It is recognized that approved redevelopment plans aimed at eliminating or reducing blighted and deteriorating areas may appropriately promote the introduction of land use patterns in variance from existing land use patterns.

POLICY 2.10.3 In order to prevent future incompatible land uses, the established character of predominately developed areas shall be a primary consideration when amendments to the Broward County Land Use Plan are proposed.

REDEVELOPMENT UNITS

POLICY 2.35.1 “Redevelopment Units” are defined as additional permitted dwelling units equal to three percent (3%) of the total number of dwelling units as established by the adoption of the 2017 BrowardNext Broward County Land Use Plan. Municipalities that have fewer than 250 combined “flexibility units” or “redevelopment units” may apply to the Broward County Planning Council for the allocation of “redevelopment units” in allocations of 500 dwelling units, or 10% of the number of dwelling units permitted by the certified municipal land use plan, whichever number is less, subject to the following:

- Demonstrate sufficient capacity for impacts to public facilities and services, including public schools.
- The Planning Council and County Commission shall hold one public hearing with “due public notice” to approve the allocation.
- The number of units per application may be increased to 750, or 15% of the number of dwelling units permitted by the certified municipal land use plan, whichever number is less, if the municipality demonstrates a commitment for at least 10% very-low or low affordable housing, with a legally enforceable mechanism for a minimum period of 15 years.
- For subsequent municipal requests for “redevelopment units” after the first allotment, the Planning Council may consider the number of additional dwelling units at one public hearing with “due public notice” at such time that 5% or fewer “redevelopment units” remain, subject to a review of a report regarding the status of the previously allocated units as prepared by the requesting municipality.

Criteria:

- The municipality shall identify areas which are appropriate and not appropriate for allocations of “redevelopment units” consistent with an adopted municipal plan or plans, such as comprehensive plans, redevelopment plans, vision plans, or similar plans that have been the subject of municipal public participation and input.
- For site specific allocations, the municipality shall ensure compatibility of land uses and demonstrate sufficient capacity for impacts to public facilities and services.
- The municipality shall ensure compliance with Broward County Land Use Plan policies regarding affordable housing.
- “Redevelopment Units” are not applicable to areas east of the Intracoastal Waterway.

- Municipal site-specific allocations will remain subject to the “compatibility review” requirements of the BCLUP. In addition, site specific allocations of greater than 150 units for a project or combined project may also be subject to a County Commission compatibility review, except allocations within a designated “activity center” or “redevelopment areas,” or within a ¼ mile of a limited transit stop, shall not be subject to such review.
- Allocations are eligible to lands designated “Activity Center,” “Commerce” and “Residential” on the Broward County Land Use Plan.
- The maximum number of combined “flexibility units” and “redevelopment units” within a municipality shall not exceed 5,000. For those municipalities which have more than 5,000 “flexibility” and “reserve” units per their certified plan as of the adoption date of the 2017 BrowardNext Broward County Land Use Plan, at such time a municipality assigns 5,000 dwelling units from the municipal pool, the municipality may request the Planning Council approve an additional allocation of up to 5,000 dwelling units per allocation, if the municipality can demonstrate that such dwelling units would be available via the Broward County Land Use Plan’s definitions regarding the calculation for such units and the certified municipal table.
- Municipal site specific allocations in areas designated within Priority Planning Areas for Sea Level Rise shall consider: a. Sea level rise/flood protection mitigation strategies and requirements included within local comprehensive plans and/or development regulations; or b. Flood protection improvements committed to by amendment applicants, which would mitigate or enhance flood protection and adaptation from rising sea levels.

Subject: [EXTERNAL SENDER] - Garry Kravit / Discussion to Clarify Flexibility Provisions

Dear Ms. Beggerow,

Please read the flowing statement into the record for me at this week's city Council Meeting (Aug 25) item #20 / Flex.

Dear Mayor Stoner, President Horland, and City Council Members, good evening.

My name is Garry Kravit. I live at 11491 NW 4th Street in Plantation Acres. I had wanted to attend this meeting either in person or via Zoom but was called overseas on matters related to national security.

My comments relate to your consideration of Flex.

I believe that Flex can be a very good thing if used to bring about that which it was intended, specifically certain kinds of commercial properties and to increase affordable (workforce) housing in appropriate areas. I would fully support such reasonable uses of Flex.

Having said that, Flex was never intended to allow a developer to end run zoning laws and to build forty-two, or thirty-seven homes on a piece of property zoned for eleven homes, and certainly not in a Special Interest District, a district specifically created to protect the land and the residents from such overreaching.

Obviously I am speaking about the Reflections project by TDON Corporation. The residents of Plantation Acres, as well as the public at large, are aware of the flex scheme that TDON is going to ask you to approve so they can build \$800,000 homes. Homes that one could hardly call "affordable housing." Homes that will be stuffed onto a piece of property creating a development that is both inconsistent with the spirit of Flex, and incompatible and inconsistent with the surrounding community. If allowed it will be a stunning example of how things are not supposed to work in government.

To protect the Plantation Acres Special Interest District, to protect the promise the City of Plantation made to the residents, Plantation Acres must be excluded from Flex and I urge you to support language that accomplishes this. I ask that when the matter comes before you for a vote that you not support any language that does not carve Plantation Acres out of the Flex scheme.

The City of Plantation can certainly be more restrictive than Broward county. Please help to protect the dream and lifestyles we all bought into. Please help to keep the word of the City Council members who made a promise to this community long before you held your office.

Please support us now so we can continue to support you going forward.

Thank you for your time and consideration.

**Respectfully,
Garry Kravit**

Subject: [EXTERNAL SENDER] - Overdevelopment, Rezoning, and Flex

Ladies and Gentlemen:

Be it TDON, or any other developer wanting to come in for a change in our Zoning from one unit per acre to any other housing that would require Flex or Zoning Change Please say NO loudly and clearly

I have written on a few occasions stating my feelings about my property as a homeowner on 4th Street and the impact any zoning changes would have thereby destroying the serenity that is current.

It is utter nonsense to believe what the developer is stating in beautifying the area with townhouses. Furthermore it is completely false that multi million dollar homes would not sell there. EXAMPLE: Home construction of massive proportion on Flamingo sitting on heavily trafficked area.

I hate to bore you with repetition and letters every time you are having a meeting but TDON can do it, so can I.

JUST SAY NO and tell them it is a FINAL NO, and not to come back till they have plans for current zoning. That will bring more than enough traffic and construction equipment, dump trucks, concrete trucks, and material deliveries as well as all the workers for the duration of the development. That in itself is very disturbing to our quiet neighborhood, but a sacrifice to be paid for adhering to the current and hopefully future Zoning limitations.

Thank you once again for your time.

Subject: [EXTERNAL SENDER] - Discussion To Clarify Flexibility Provisions

I would like this added to the official record on the City Council meeting 8/25/21:

As I recently met in-person with Rob Stiegele from TDON, I wanted to follow up on my previous two emails to the City Council.

We sat together in our home for nearly two hours, reviewing all the pertinent information he wanted to share, in detail. I took the time to do this after sitting on one Planning and Zoning meeting, as well as two Plantation Acres Homeowners Association meetings prior.

After listening carefully and asking questions, I can 100% re-confirm that this "change" from 42 to 37 homes, aka Reflections, will not benefit the community. Quite the opposite, it will be a detriment to Plantation Acres. The only "benefit" is the church getting sewage (merely a by-product of their construction). Despite their plans, there is also concern that adding these homes will actually make flooding worse. This project will not enhance the area, increase home values or reduce/improve traffic, which you acknowledge is an existing issue based on the repeated discussion on City Council meetings.

When I asked Mr. Stiegele what the benefit was, he in turn asked me, how is it going to negatively impact me? Mr. Stiegele is clearly very intelligent, but if that's his answer, it is abundantly clear... he does not have a good answer, because it won't. He did not answer my question, but I answered his; more car traffic, more foot traffic, less natural greenery, more noise, more pollution, more litter, negative impact on home values, reduced quality of life. He shrugged his shoulders and agreed to disagree.

Reducing the density/footprint from 42 to 37 homes is not meaningful. It is insignificant in the eyes of the political landscape, as this "change" doesn't even require TDON to go back in front of Planning and Zoning, where the revisory board rejected it. After sitting through the P&Z meeting until nearly 1am, there was nobody, not one speaker from the public, that endorsed the project, of the 42 homes.

Then Mr. Stiegele reduced from 42 to 37 homes and presented a second time to PAHA, in hopes to appease the community. Once again, it was unanimous, not one person, zero, endorsed this "revised" project.

Mr. Stiegele explained to me he needed this project to go through immediately, as he believes there is a housing bubble. He admitted not knowing when it was going to burst, but he did not want to take a loss on this project (whenever the housing bubble does burst). This project is about profits, not progress.

When I asked Mr. Stiegele if the undeveloped land next to his home should have a project like this, he said absolutely not because it's not zoned for it. The fact is, this land is not zoned for it either, he is asking you for "flex" and variances to allow it to be.

It is important to note that I am not opposed to new projects in general, or the development of this land in particular. However, this project must be rejected, as proposed.

Thanks for your time and leadership.

Subject: [EXTERNAL SENDER] - Discussion To Clarify Flexibility Provisions

Please, I would like to comment tonight on the subject matter. I have been a Plantation resident for over 50 years and a resident of Plantation Acres for over 20 years.

I am vehemently opposed to allowing Flex to be applied to any development in Plantation Acres. Plantation Acres is a special public interest district as outlined in our city code.

Please I would like the opportunity to comment when appropriate during tomorrow's meeting.

Thanks.

Subject: [EXTERNAL SENDER] - Written Record for August 25, 2021 City Council Meeting, Agenda Item 20, Future Land Use Element

Re: August 25, 2021 City Council Meeting, Agenda Item 20, Future Land Use Element

Dear Honorable Lynn Stoner, Mayor of Plantation and Council Members,

Please enter the following into the record for the August 25, 2021 City Council Meeting for the City of Plantation Florida in regards to agenda Item 20, Future Land Use Element. Additionally for the record, I identify myself as a resident of Plantation, Seth Follansbee, residing at 11601 NW 17th Court, Plantation, FL 33323.

I am writing today to urge you all to exempt Plantation Acres from the flexibility provisions and redevelopment units concepts currently under discuss and consideration by the City of Plantation.

Plantation Acres is a "Rural District" as defined in the Plantation Florida Code of Ordinances, which materially justifies this exemption. The Code goes on to further explain this distinction of Plantation Acres as a "special and substantial public interest" in terms of development and redevelopment due to its unique "environmental constraints" and its long-standing expressive intent for any development to preserve it's rural nature and "life-style unique in the City of Plantation." The intent of this Code is clear: "protect the amenities of broad open spaces, natural landscape and rural characteristics of the Acres, the only city district in which the predevelopment environment of the land can be discerned and appreciated."

I along with an overwhelming majority of my Acres neighbors, call on the Honorable Lynn Stoner, Mayor of Plantation, and each of our distinguished City Council Members, Mr. Anderson, Ms. Andreu, Mr. Fadgen, Ms. Horland and Mr. Sortal, to stay true to their responsibility to preserve, protect and enhance the unique rural character of Plantation Acres. To stay true to your responsibility, please exempt Plantation Acres from flexibility provisions and redevelopment units and, to maintain consistency by preventing any changes to zoning that would increase the unique rural density of the Acres.

Yours sincerely,

Seth Follansbee

11601 NW 17th Court

Subject: [EXTERNAL SENDER] - 8/25 Council mtg. - agenda item 20 regarding Flex Units

Please enter the following comments into the record for the meeting.

Regarding the proposed changes to the City's land use plan for flex units:

The area known as Plantation Acres should keep its Special Public Interest District (SPI-1) status and should specifically be EXEMPT from the application of any flex units which could increase the density beyond the current zoning of 1 house per acre.

Allowing flex units to be used in Plantation Acres would potentially let developers overbuild in an area that is not suited for high density development and could ruin one of the many things that makes Plantation an attractive city for people to want to live and work in.

Re-development of areas within the City that serve the public interest are certainly welcome and the use of flex units are fine in those instances but allowing over-development in Plantation Acres would negatively impact the community as a whole.

Please provide an exemption for Plantation Acres in any flex unit language that is proposed as an update to the City's Land Use Plan.

Thank you,

Tom McClure

Subject: [EXTERNAL SENDER] -

Please have this email recorded and read allowed at the upcoming PAHA meeting being held on Aug 25th, 2021 at 6pm

To whom it may concern or involve,
To Mayor Stoner,
To Plantation City Council,
To PAID members,

It is abundantly clear through every city/zoning meeting I've participated in, to every resident I've communicated with and to the continued conversations I have and am having within the various social networks that the residents of Plantation acres DO NOT WANT TO INCREASE THE DENSITY IN THE ACRES. No matter how it's framed within the codes we are adamantly opposed to any increase in density. There is no need, no valid or credible benefits to the current residents or desire for such. For those elected officials of Plantation and those performing their jobs within their positions, DO NOT ONLY HEAR THE DESIRE BUT LISTEN to the residents and voters, not the one or two developers. Any allowance for amending or adjusting the current Flex rules will lead ultimately to further density increased development (s). Whether it's current developments under consideration or future developments brought forward. Take a drive around and see the outstanding number of opposed signs, talk to the residents and voters, get on and read social media, it's Loud and Clear. Do NOT ALLOW the desires of a few developers who never have had any vested interest in Plantation to change what we all moved here for years ago. It's not needed nor wanted ! For the record I and so many others have written letters and emails with the specific reasons why we don't want the flex rules to change within our Special Interest District and have voiced our opposition to such that I would certainly hope that by now each of you are "Eyes wide open". I could continue but I can't imagine anyone who is seeing and hearing and reading the last 12 months of residents objections would continue to even entertain changing the "Flex" rules/codes and opening the Pandora Development Box.

Good Morning,

Please accept this email as my request to speak at the August 25 City Council Meeting regarding Item 20 Administrative Items "Discussion concerning amending the future Land Use Element of the City of Plantation, etc." Please be kind enough to acknowledge this request.

And

If for some reason I am unable to attend, and/or the Zoom meeting process does not work and I am unable to speak then please enter this into the Record.

**Donna Marie McCormack, 1201 NW 114th Avenue Plantation, FL 33323
Re: Item 20 on the August 25 City Council Agenda Future Land Use Element**

I would like to respectfully point out that as I discussed with Mr. Holmes Zone 68 being referred to in the discussion document does not only include Plantation Acres, but it also includes City of Plantation property that is West of Flamingo Road to 136th. Therefore, Flex Zone 68 should be recalculated to only include Plantation Acres, and then according to my calculations this would reduce the 172 number to be capped for flex in the Acres to a lower number.

Additionally, since Plantation Acres is Special Public Interest District as defined in our City documents

- **Subdivision B. - SPI-1 Plantation Acres, Rural District**

Sec. 27-591. - Intent. (a)

The SPI-1 district is of special and substantial public interest because of the need to develop and redevelop Plantation Acres by reason of its environmental constraints, its intended rural development under Broward County criteria prior to its annexation to the City of Plantation, and its life-style unique in the City of Plantation. This district has attributes which should be preserved while protecting the health, safety and welfare of the residents of Plantation Acres.

Therefore, it is my opinion, and desire, that Plantation Acres should be totally exempt from the flexibility/redevelopment concepts of the City of Plantation.

Respectfully,

Donna Marie McCormack

☒ **URGENT** ☐ **Reply A.S.A.P.** ☐ **Please comment** ☒ **Please review** ☐ **For your information**

When we chose to move to Plantation Acres in 2005, we did so as we liked and appreciated the zoning which only allowed one (1) home/house per (approx.) builder's acre. While increasing the tax rolls by increasing the zoning density may be tempting, we can assure you that we will remember each and every individual's vote on this matter. We oppose any changes to zoning in Plantation Acres that will allow housing density greater than currently exists. We look forward to hearing where you stand on this matter and we will be watching how you vote on this matter.

Subject: [EXTERNAL SENDER] - Regarding Residential Flex Item 20 on the 8/25 City Council Agenda

Resident:

Jesse Varnell - 11980 NW 26 St. Plantation FL 33323

Good Evening to the Mayor, City Council and those in attendance.

The City of Plantation defines Plantation Acres as a Special Public Interest District as outlined in the City of Plantation's Municipal Code, Subdivision B. - SPI-1 Plantation Acres, Rural District, Sec. 27-591. - Intent.

"Plantation Acres has a lifestyle unique in the City of Planation and has attributes which should be preserved while protecting the health, safety, and welfare of the residents of Plantation Acres. The purposed intent is to protect the amenities of broad open spaces, natural landscape and rural characteristic of the Acres, the only city district in which the predevelopment environment of the land can be discerned and appreciated."

I live in Plantation Acres and as such, do not believe it is in our interest in maintaining the character of the Acres to use residential Flex within our Special Public Interest District.

Thank you.

Jesse Varnell

Memorandum

To: Mayor and Members of City Council
From: Jason R. Nunemaker, Chief Administrative Officer
Date: 8/16/21
RE: ARPA-21 Funds Utilization

Issue:

The issue before Council is a request from Administration to provide a consensus on spending recommendations in relation to the balance of the first tranche of American Rescue Plan Act of 2021(ARPA) funding in the amount of \$3,937, 151.

Background:

The American Rescue Plan Act (ARPA) was signed into law by President Biden on March 11, 2021(P.L. 117-2). ARPA provides \$1.9 trillion in economic relief through direct payments (stimulus checks), expanded child tax credits and unemployment benefits, small business loans, and aid to local and state governments.

ARPA allocates \$350 billion in aid for state and local governments. This is in addition to the aid previously allocated under prior coronavirus relief efforts (the CARES Act and the Coronavirus Response and Relief Supplemental Appropriations Act). \$65.1B is being provided to municipal governments for the following eligible expense categories:

1. **To respond to the public health emergency with respect to the Coronavirus Disease 2019 (COVID–19) or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality**
2. To respond to workers performing essential work during the COVID–19 public health emergency by providing premium pay to eligible workers of the metropolitan city, non-entitlement unit of local government, or county that are performing such essential work, or by providing grants to eligible employers that have eligible workers who perform essential work
3. For the provision of government services to the extent of the reduction in revenue of such metropolitan city, non-entitlement unit of local government, or county due to the COVID–19 public health emergency relative to revenues collected in the most recent full

fiscal year of the metropolitan city, non-entitlement unit of local government, or county prior to the emergency or allows revenue replacement

4. To make necessary investments in water, sewer, or broadband infrastructure

Interim guidance on the utilization of ARPA funds was issued on May 10, 2021 and is available here: <https://home.treasury.gov/policy-issues/coronavirus/assistance-for-state-local-and-tribal-governments/state-and-local-fiscal-recovery-funds>. Municipalities have broad flexibility on how to use the funds.

The allocation of ARPA funding for the City of Plantation is \$13,042,828 and it will be delivered in two tranches. The City received the first tranche of funds in the amount of \$6,521,414 in June of 2021. The City Council provided consensus on using \$2,584,263 to fund \$1,734,263 in capital items that were cut from the FY21 Budget and \$850,000 for a Stormwater Master Plan. The balance of funds for allocation in the initial tranche is \$3,937, 151.

Administration has identified two critical needs that are appropriately addressed with the ARPA funds. The first critical need is the arrears in Utility Billing in the amount of \$1,411,930.89 and the second critical need is additional pipe lining. These issues will be discussed more fully below:

Utility Billing

Due to the impacts of the Covid-19 pandemic utility shutoffs were suspended and the City needs to recommence this policy immediately. However, we recognize the hardships experienced by many households and businesses due to the pandemic and that is demonstrated by the higher than average arrears. Administration proposes to fund the past due account balances that accrued approximately between March 9, 2020, the issuance of the Governor's Declaration of Public Health Emergency via EO No. 20-52, and July 26, 2021 when the CDC's original eviction moratorium was sunset. Administration interprets the Interim Final Guidance issued from the Treasury as allowing the presumption that these arrears were the result of Covid-19 impacts. The guidance provides that "a recipient may presume that a household or population that experienced unemployment or increased food security or housing insecurity or is low- or moderate-income experienced negative economic impacts resulting from the pandemic" (Department of the Treasury, 31 CFR Part 35, Coronavirus State and Local Recovery Funds, p.33). As Graph 1 indicates, the unemployment rate for Broward County in March 2020 was 5.9% and spiked to 17.4% in May of 2020 and remained above 10% until August of 2020 (9.5%). There is no doubt that these double-digit unemployment numbers for six months impacted our rate payers. Graph 2 gives a similar perspective for the Miami-Fort Lauderdale-West Palm Beach Metropolitan Statistical (MSA). The data for the MSA indicates a slightly lower peak unemployment rate of 13.8% but the rate is elevated for a longer period of time and does not dip below 5%. Administration believes this data justifies the assumption that the arrears experienced during this period may be attributed to negative financial impacts of the Covid-19 pandemic.

Graph 1

Graph 2

Utility Lining Projects

The City of Plantation has an existing lining program to R&R aging sewer mains and laterals. This program eliminates inflow and infiltration and results in a product with a service life in excess of fifty years. The paving projects currently scheduled, Ad Valorem Bond Program and Surtax Program, have necessitated the need for more lining than would be typical in a given fiscal year which average approximately \$2M. Administration proposes to use \$2,387,151 of initial tranche of ARPA funds to supplement the lining projects. Figure 1 provides an overview of eligible uses referenced in the Interim Final Guidance which includes sewer system repair and maintenance:

Figure 1

Covid-19 Protection Measures

Due to the recent surge of Covid-19 in Florida generally and Broward County specifically Administration proposes to set aside \$100,000 for Covid-19 mitigation measures. These measures may include the purchase of N95 masks, surgical masks, testing, social distancing measures and anything that we might need to implement to ensure our continuity of operations to serve the public. These uses are clearly contemplated in the Interim Guidance.

Recommendation:

It is recommended that Council provide consensus for Administration to:

1. Authorize the use of ARPA funds to aid households and businesses impacted by the Covid-19 pandemic in the form of funding the Utility Billing arrears that occurred between March 9, 2020 and July 31, 2021 in the amount of \$1,411,930.89.
2. Authorize the use of ARPA funds in the amount of \$2,387,151 to supplement the sewer main and lateral lining projects.
3. Authorize the use of \$100,000 of ARPA funds for protective measures to mitigate the impacts of Covid-19 and ensure continuity of operations.

First Reading: An Ordinance Regarding the Affordable Housing Advisory Committee

Summary:

AN ORDINANCE OF THE CITY OF PLANTATION, FLORIDA AMENDING CHAPTER 2 OF THE CITY CODE OF ORDINANCES, ARTICLE III ENTITLED “BOARDS, COMMISSION AND COMMITTEE”, BY CREATING DIVISION 4 TO BE ENTITLED “AFFORDABLE HOUSING ADVISORY COMMITTEE,” DESCRIBING ITS COMPOSITION, AND STATING ITS GOALS, DUTIES, AND FUNCTIONS; PROVIDING FOR CODIFICATION; PROVIDING FOR RATIFICATION; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR AN EFFECTIVE DATE.

Background:

The City of Plantation’s (“City”) Affordable Housing Advisory Committee (“Committee”) dates back to 1993. In 2020, the State of Florida amended the statute regarding the membership of the Committee. This Ordinance amends the City’s code such that it is in compliance with the statute.

The statute, 420.9076, requires that the Committee must provide for at least 8 but not more than 11 members and that they must represent at least six of the categories listed below.

- (a) A citizen who is actively engaged in the residential home building industry in connection with affordable housing.
- (b) A citizen who is actively engaged in the banking or mortgage banking industry in connection with affordable housing.
- (c) A citizen who is a representative of those areas of labor actively engaged in home

building in connection with affordable housing.

(d) A citizen who is actively engaged as an advocate for low-income persons in connection with affordable housing.

(e) A citizen who is actively engaged as a for-profit provider of affordable housing.

(f) A citizen who is actively engaged as a not-for-profit provider of affordable housing.

(g) A citizen who is actively engaged as a real estate professional in connection with affordable housing.

(h) A citizen who actively serves on the local planning agency pursuant to s. 163.3174. If the local planning agency is comprised of the governing board of the county or municipality, the governing board may appoint a designee who is knowledgeable in the local planning process.

(i) A citizen who resides within the jurisdiction of the local governing body making the appointments.

(j) A citizen who represents employers within the jurisdiction.

(k) A citizen who represents essential services personnel, as defined in the local housing assistance plan.

Additionally, the Committee must include one locally elected official. This locally elected official, or a locally elected designee, must attend biannual regional workshops convened and administered under the Affordable Housing Catalyst Program as specified by statute.

Ordinance- Affordable Housing	8/24/2021	Backup Material

Section 1. The foregoing "WHEREAS" clauses are hereby ratified and confirmed as being true and correct and are hereby made a specific part of this Ordinance. All exhibits attached hereto are hereby incorporated herein by this reference.

Section 2. Chapter 2 of the City's Code of Ordinances, Article III, entitled "Boards, Commission and Committee" is hereby amended by the creation of Division 4, to be entitled "Affordable Housing Advisory Committee", as follows:

Sec. 2-80 APPOINTMENT OF MEMBERS; TERMS OF OFFICE.

(a) Through the adoption of a resolution and pursuant to subsection 2-80(b) for initial appointments and Section 2-32 of the City Code for subsequent appointments, the City Council and the Mayor shall appoint members to the Affordable Housing Advisory Committee (the "Committee") as further provided for in this section. The Committee shall be comprised of nine (9) individuals. One member shall be a member of the governing body of the City as selected by the City Council. The remaining members of the Committee shall consist of at least one (1) representative from at least six (6) of the following categories:

- (1) A citizen who is actively engaged in the residential home building industry in connection with affordable housing.
- (2) A citizen who is actively engaged in the banking or mortgage banking industry in connection with affordable housing.
- (3) A citizen who is a representative of those areas of labor actively engaged in home building in connection with affordable housing.
- (4) A citizen who is actively engaged as an advocate for low-income persons in connection with affordable housing.
- (5) A citizen who is actively engaged as a for-profit provider of affordable housing.
- (6) A citizen who is actively engages as a not-for-profit provider of affordable housing.
- (7) A citizen who is actively engaged as a real estate professional in connection with affordable housing.
- (8) A citizen who actively serves on the local planning agency pursuant to F.S. § 163.3174.
- (9) A citizen who resides within the municipal boundaries of the City of Plantation.
- (10) A citizen who represents employers within the City of Plantation.
- (11) A citizen who represents essential services personnel, as defined in the city's local housing assistance plan.

(b) The initial appointment of members to the Committee shall be made in the following order: (1) Group 1 Councilmember, (2) Group 2 Councilmember, (3) Group 3 Councilmember, (4) Group 4 Councilmember, (5) Group 5 Councilmember, (6) Mayor,

(7) Group 1 Councilmember, (8) Group 2 Councilmember. Future Committee appointments shall be made consistent with Section 2-32(c).

(c) The terms of office of the members of the Committee shall be as provided for in Section 2-32 of the City Code. The member of the City governing body shall only serve on the Committee while serving on the City's governing body.

(d) Appointments to fill any vacancy shall be as provided for in Section 2-32 of the City Code.

(e) Except as specifically required in subsection (a), non-residents of the City may be appointed and serve on the Committee.

(f) The members of the Committee shall serve at the pleasure of the elected official making their appointment and shall be subject to removal by such elected official at any time without cause.

(g) The City governing body member serving on the Committee, or a designee, must attend biannual regional workshops convened and administered under the Affordable Housing Catalyst Program.

Sec. 2-81 ANNUAL REPORT OF THE AFFORDABLE HOUSING ADVISORY COMMITTEE.

(a) The Committee shall annually submit a report to the City Council that includes recommendations on, and evaluates the implementation of affordable housing incentives as provided in F.S. §420.9076(4), as may be amended from time to time. The Committee recommendations may also include other affordable housing incentives identified by the Committee.

(b) The Committee shall meet at least biannually, or as required by law.

Section 4. That the provisions of this Ordinance shall become and be made a part of the Code of Ordinances of the City of Plantation, Florida, that the sections of the Ordinance may be renumbered or re-lettered to accomplish such intentions, and that the word "Ordinance" shall be changed to "Section," "Article" or other appropriate word.

Section 5. All ordinances or parts of ordinances in conflict herewith be and the same are hereby repealed to the extent of such conflict. All resolutions related to the appointment of prior Affordable Housing Advisory Committee members are hereby ratified and extended except that any such resolutions or parts of such resolutions in conflict herewith be and the same are hereby repealed to the extent of such conflict.

Section 6. If any clause, section or other part or application of this Ordinance shall be held by any court of competent jurisdiction to be unconstitutional or invalid, such unconstitutional or invalid, such unconstitutional or invalid part or application shall be considered as eliminated and in no way affecting the validity of the other provisions of this Ordinance remaining in full force and effect.

Section 7. Sections 2-75 through 2-79 and 2-82 through 2-90 are reserved.

Section 8. This Ordinance shall become effective immediately upon its passage and adoption.

SECTION 2: Sec. 27-105(g) of the Plantation Code of Ordinances, entitled “Commercial recreational / entertainment uses”, is hereby repealed in its entirety.

SECTION 3: Sec. 27-105(g) of the Plantation Code of Ordinances, entitled “Commercial recreational / entertainment uses.” of the Code of Ordinances of the City of Plantation is inserted to read as follows:

(g) Commercial recreational / entertainment uses.

(1) Amusement Arcades.

- a. Amusement arcades having more than ten (10) amusements devices shall require conditional use approval. Any conditional use approval granted to an amusement arcade shall not be transferable or assignable.
- b. An amusement arcade may only be an accessory use to a primary commercial use. By way of examples a commercial use is a bowling alley, hotel or motel, skating rink, golf course, restaurant entertainment facility, restaurant, small scale neighborhood tavern, and the like.
- c. The floor area occupied by amusement devices may not exceed twenty (20) percent of the floor area of the overall commercial use.
- d. The income realized from such amusement devices shall be reported, along with the income received from the primary permitted use, to the city clerk, at least annually on the renewal of such amusement devices' local business tax receipts and whenever the income realized from such devices is not ancillary in amount, to the primary income received under the primary local business tax receipt (i.e., exceeds twenty (20) percent of the overall gross income realized on said permitted site from its primary permitted use), such amusement devices shall be further restricted in number until they are shown to be ancillary in use by virtue of a comparison of gross receipts from such machines not exceeding twenty (20) percent of the overall gross receipts of the primary permitted use. Should the owner or operator fail to restrict in number the amusement devices and/or income derived therefrom, then the operation shall be considered an amusement enterprise which must comply with the requirements for same. Failure to comply will result in code enforcement action if operation continues.
- e. The hours of operation for an amusement arcade shall not exceed the hours of operation of the principal use to which such arcade is an accessory.
- f. General regulations for amusement arcades. The following general regulations shall apply to all amusement arcades in accordance with this Chapter:
 1. No amusement devices shall violate any provision of Section 27-111 of the City Zoning Code.
 2. No amusement devices shall display in a simulated or pictorial manner "specified anatomical areas" or "specified sexual activities" as defined in Section 27-111(b) of this Code.
 3. It is not the intent of this section to allow adult oriented amusement arcades or enterprises that mimic the look and feel of gambling venues but are operated in accordance with F.S. Ch. 849 (Gambling). These are prohibited.

4. Any person, firm, association, or corporation owning or operating an amusement arcade or establishment which offers amusement devices or mechanical amusement machines for public use which violates these regulations shall be subject to all of penalties, fines, and other relief set forth in sections 1-13 and 1-14 of this Code. In addition, thereto, the city may seek injunctive relief to abate the violation.
5. Amusement devices shall at all times comply with the provisions of subparagraphs (g)(1)f., and any person, firm, association, or corporation which offers amusement devices or mechanical amusement machines for public use which violates such regulations shall be subject to all of penalties, fines, and other relief set forth in sections 1-13 and 1-14 of this Code. In addition, thereto, the city may seek injunctive relief to abate the violation.
- g. Issuance of local business tax receipt. The request for a local business tax receipt shall include an interior layout plan drawn to scale showing the location of all amusement devices, a copy of the lease agreement with a specific provision that allows the lessor to evict the lessee whenever three (3) or more law enforcement responses to the premises occur within any twelve-month period, and such other information as may be reasonably requested. The city clerk shall issue a local business tax receipt upon approval of site inspections and upon the payment by the applicant of the local business tax fees.

(2) Amusement enterprise.

- a. Amusement enterprises require conditional use approval in the M-PM zoning district and are subject to the regulations set forth below. Any conditional use approval granted to an amusement arcade shall not be transferable or assignable.
- b. The use shall not be located within three-fourths ($\frac{3}{4}$) of a mile of another amusement enterprise. All such measurements shall be made by airline measurement, from main entrance door to main entrance door.
- c. While an amusement enterprise must be the sole use of a premises, it shall not be the sole use of a building or parcel but instead, the premises must be within a building having other types of uses (such as a mall or mixed-use center). The premises shall not be located within a building containing less than one hundred thousand (100,000) square feet of gross floor area.
- d. Hours of operation for amusement enterprises. The hours of operation of an amusement enterprise shall be the more restrictive of either:
 1. The same as for primary anchors of the other uses within the building; or
 2. Being closed between the hours of 10:00 p.m. Sunday through Thursday (and 11:00 p.m. on Friday and Saturday) to 8:00 a.m. the following day.

e. General regulations for amusement enterprises. The following general regulations shall apply to all amusement enterprises in accordance with this Chapter:

1. All amusement enterprises shall have a supervisor, age eighteen (18) or older, on the premises at all times in which the enterprise is open to the public.
2. Every amusement enterprise shall provide an adequate area and number of bicycle racks for the orderly parking of bicycles, as determined by the city landscape architect, which area shall be separate from a required vehicle parking stall and shall be so located so as to not occupy any portion of a public sidewalk or to otherwise obstruct pedestrian passage to and from the premises.
3. All enterprises shall post rules of nonacceptable patron conduct in a conspicuous location and shall order anyone violating the rules to leave the premises.
4. The use shall operate continuously in accordance with the approved operating plan.
5. All amusement devices shall have a numbered decal identifying such devices as being reflected on the layout plan, affixed to the upper left front of the game in a prominent position where easily viewed by zoning inspectors, fire inspectors and members of the city clerk and the police.
6. No amusement enterprise shall operate adjacent to a nightclub, restaurant, restaurant bar, bar, small scale neighborhood tavern, restaurant entertainment facility, or establishment which conducts live shows or live musical or other live entertainment.
7. No amusement devices shall violate any provision of Section 27-111 of the City Zoning Code.
8. No amusement devices shall display in a simulated or pictorial manner "specified anatomical areas" or "specified sexual activities" as defined in Section 27-111(b) of this Code.
9. It is not the intent of this section to allow adult oriented amusement arcades or enterprises that mimic the look and feel of gambling venues but are operated in accordance with F.S. Ch. 849 (Gambling). These are prohibited.
10. Any person, firm, association, or corporation owning or operating an amusement enterprise or establishment which offers amusement devices or mechanical amusement machines for public use which violates these regulations shall be subject to all of penalties, fines, and other relief set forth in sections 1-13 and 1-14 of this Code. In addition, thereto, the city may seek injunctive relief to abate the violation.

11. Amusement devices shall at all times comply with the provisions of subparagraphs (g)(2)e., and any person, firm, association, or corporation which offers amusement devices or mechanical amusement machines for public use which violates such regulations shall be subject to all of penalties, fines, and other relief set forth in sections 1-13 and 1-14 of this Code. In addition, thereto, the city may seek injunctive relief to abate the violation.

f. *Issuance of local business tax receipt.* The request for a local business tax receipt shall include an operating plan consisting of: (1) an interior layout plan drawn to scale (showing the location of all machines and amusement equipment and devices, and access ways), (2) a complete set of electrical plans, (3) a sound reduction plan,-a copy of the lease agreement with a specific provision that allows the lessor to evict the lessee whenever three (3) or more law enforcement responses to the premises occur within any twelve-month period, and such other information as may be reasonably requested.

1. Prior to issuance of a local business tax receipt, and as a continuing requirement thereof, the operating plan will be reviewed by the following safety departments: the building, police and fire departments. The purpose of this review will be to help ensure that the premises complies with all provisions of the current Florida Building Code and the Florida Fire Prevention Code, that all areas intended for pedestrian traffic be sufficiently wide to safely accommodate circulation and access for emergency medical rescue equipment, that the building plans indicate the premise walls contain sufficient soundproofing such that the city's noise ordinance is met immediately exterior to the premises under a normal operating scenario, that based on any prior relevant history of other site's operation the use will not likely generate a need for law enforcement services, and that any other particular safety or security concerns can be satisfied. The above safety departments may attach reasonable conditions to their approval of the operating plan which are related to the foregoing public safety and welfare policies.

2. The city clerk shall issue a local business tax receipt upon approval of the operating plan, inspections, and payment by the applicant of the local business tax fees.

(3) *Denial or revocation of conditional use approvals and business tax receipts associated with Amusement arcades and amusement enterprises.*

a. Following review of a conditional use request, all applications that fail to meet the conditional use criteria set forth herein shall be denied. In addition, the City reserves the right to deny approval of the conditional use for any reason rationally related to protect the health, safety and welfare of citizens of the city. The City shall provide written notice to the applicant, setting forth the reasons for denial. The written notice of denial shall be deemed to have been duly given if deposited in the United States mail. Such decisions shall be final after the expiration of thirty (30) days of the duly given notice of the denial, unless appealed from.

- b. A business tax receipt issued under this regulation is subject to revocation should the applicant permit directly or indirectly the operation or maintenance of any amusement arcade or enterprise contrary to the provisions of this regulation or any law or regulation in force in the city. The business tax receipt may be revoked by the City after written notice to the applicant, setting forth the reasons therefor. The written notice of denial shall be deemed to have been duly given if deposited in the United States mail. Such decisions shall be final after the expiration of thirty (30) days of the duly given notice of the denial, unless appealed from.
- c. All conditional use and business tax receipt approvals for amusement arcades or enterprises shall be deemed conditional in nature and shall be subject to revocation upon the police department advising the issuing department and the city clerk, respectively, that the devices, arcade, or enterprise are creating law enforcement problems or constitute a public nuisance. It shall require at least three (3) separate incident reports or complaints of unlawful assemblies, disturbances, or nuisances to be filed with the police department during any fiscal year before such advice can be transmitted by the police department to the city clerk; provided that incident reports or complaints or responses that are the result of activity not occurring during the hours of operation shall not be included in this number. All applicants for conditional use hereunder shall accept the aforestated condition that the machines shall not constitute nuisances or create undue incidents or complaints or, if found as herein stated, shall have business tax receipt revoked and cease operation of the amusement arcade or enterprise. In addition, all amusement arcades or enterprises shall remain subject to section 14-29 of the city code. The city may require the arcade or enterprise to remove the devices from the site following revocation within a reasonable time.
- d. Revoked conditional uses may not be re-applied for until one (1) year following the date the revocation decision is final.

SECTION 3: Should a section, paragraph, sentence, clause, phrase or other part of this Ordinance be declared by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of this Ordinance as a whole or any portion or part thereof, other than the part so declared to be invalid.

SECTION 4: This Ordinance shall take effect immediately upon passage on second reading by the City Council and signature by the Mayor.

PASSED ON FIRST READING by the City Council this ____ day of _____, 2021.

PASSED AND ADOPTED ON SECOND READING by the City Council this ____ day of _____, 2021.

SIGNED by the Mayor this ____ day of _____, 2021.

Planning, Zoning & Economic Development Memorandum

DATE: August 25, 2021

TO: Mayor and Members of the City Council

THRU: Danny A. Holmes, AICP 
Planning, Zoning & Economic Development Director

FROM: Gayle Easterling, AICP, Senior Planner 
Shawn Lamey, Principal Planner, APA

I. PROJECT SUMMARY

A. Project Name / Number: Plantation Pointe (Lot D) / PP21-0030

B. Requests:

- 1) Site Plan Amendment to:
 - Shift the lot split between Lot D-1 and Lot D-2 approximately 20' north;
 - Reduce size of 1720 (retail) building from 6,200 square feet to 4,800 square feet; and
 - Reduce the height of the 1710 (office) building from 11 stories to 7 stories.
- 2) No additional zoning waivers are required. Three (3) additional landscape waivers from Chapter 27 Article 10 of the City Code are required. See Exhibit E.

C. Recommendation: **APPROVAL** subject to conditions noted in Section V. B. of this report.

II. APPLICATION SUMMARY

A. Owner: 8000 West Sunrise Lot D, LLC

B. Agent: Cushla Talbut

C. Location: 1710 - 1720 North University Drive

D. Size: 77.5± acres (D1 = 0.94± acres; D2 = 3.17± acres)

E. Folio: 494133150110, 494133150040, & 494133150080

F. Legal Description: See Exhibit "D".

G. Future Land Use Plan Designation, Current Zoning and Use of Subject Property:

<u>Existing Use & Zoning</u>	<u>Future Land Use Map</u>
Subject Property: Commercial, office, and industrial uses zoned B-2P (Central Business) & I-L2P (Large Light Industrial)	Commercial & Industrial
North: Sunrise Boulevard then commercial and utility uses zoned B-2P (Central Business), B-3P (General Business), & CF-P (Community Facility)	Commercial & Utilities
South: Marcano Boulevard then office uses & single-family residential zoned B-7Q (Planned Commercial Development) & RS-5H (Single-Family Residential)	Commercial & Residential (3 du/ac)
East: Canal then multi-family & single-family residential uses zoned RM-17.3U (Multi-Family Residential), RM-25U (Multi-Family Residential) & RS-4G (Single-Family Residential)	Residential (17.3 du/ac) & Residential (3 du/ac)
West: University Drive then commercial uses & multi-family residential uses zoned B-2P (Central Business), B-7Q (Planned Commercial Development), & PRD-12.15Q (Planned Residential Development)	Commercial & Residential (16 du/ac)

III. BACKGROUND

A. Subject Property/The Site

The subject site is the 77.5-acre mixed use complex known as Plantation Pointe located at the southeast corner of Sunrise Boulevard and University Drive. The complex is zoned B-2P (Central Business District) together with I-L2P (Large Light Industrial District) and developed with an 872,898-square foot commercial/office/industrial complex. Sunrise Boulevard bounds the property on the north, residential and commercial uses on the south, residential uses on the east, and North University Drive on the west.

B. Synopsis

The applicant received City Council approval of a site plan, elevation and landscape plan (PP19-0039) to construct a 6,200 square foot single-story retail building on Parcel D-1 and an 11-story office building encompassing approximately 3,300 square feet of lobby and amenities on the first floor, a seven-story parking structure (276,695 square feet) on floors 1 through 7, and 150,020 square feet of office space on floors 8 through 11 on Parcel D-2.

The applicant requests approval of a site plan modification to:

- Shift the lot split between Lot D-1 and Lot D-2 approximately 20' north;
- Reduce size of 1720 (retail) building from 6,200 square feet to 4,800 square feet; and

- Reduce the height of the 1710 (office) building from 11 stories to 7 stories.

The requested modifications to the proposed site plan do not increase the intensity of development.

As a result of the lot size reduction for Lot D-1, the retail building size is reduced from 6,200 square feet to 4,800 square feet. Required parking for this Lot is reduced to 32 spaces with 41 spaces provided. The architectural design of the retail building remains consistent with the previous approval.

Lot D-2 increases in size to provide additional surface parking on the south side of the office building. The size of the office building is reduced from 11 stories (4 floors of office with 7 floors of parking) to 7 stories (3 floors of office with 4 floors of parking) with a reduction in square footage from 153,020 square feet to 133,341 square feet. Required parking for this Lot is reduced to 534 spaces with 540 spaces provided. The architectural design of the office building remains consistent with the previous approval.

Current Approval (PP19-0039) 11-stories / 142 feet high

Proposed Modification (PP21-0030) 7-stories / 96 feet high

C. Economic Development:

The proposed development will have a positive economic impact beneficial to the City and address a need for additional Class A office space in the Plantation Pointe Development.

D. Applicable Criteria

Section Table 41-1 of the Zoning Ordinance states that re-approval of a site plan approval requires an application for a development order be agendized for City Council.

IV. PROJECT ANALYSIS, CRITERIA AND FINDINGS

A. Comprehensive Plan Considerations

The proposed office development is consistent with the Industrial and Commercial Land use designation on the adopted Future Land Use Map. Pursuant to a commercial flex assignment (PP19-0039), the proposed commercial building is consistent with the Industrial land use designation on the adopted Future Land Use Plan Map.

B. Zoning Considerations

Pursuant to Section 27-100, office and retail / restaurants are permitted uses in the I-L2P zoning district.

C. Citizen Comments

The City of Plantation posts signage on properties for site plan approvals and sends out advertisement. In this case, the Planning, Zoning & Economic Development Department posted the sign on or before August 13, 2021 and advertisement on August 9, 2021. To date staff has not received any written citizen comments or phone calls about this application.

D. Concerns, Issues and other Pertinent Information

Code Violation: There are no violations issued for the subject site at this time.

Transportation: The 2019 level of service for University Drive north of Broward Boulevard and Sunrise Boulevard east of Pine Island Road currently operates at a level of service C, per the 2019 Broward County Roadway Capacity and Level of Service Analysis (Broward MPO). Note: 2019 is the latest traffic data available through the Broward MPO.

The 2019 Broward County Roadway Capacity and Level of Service Analysis predicts that the level of service for these same segments in the year 2040 will be a level of service of F and C respectively.

Street	Section	2019 Daily LOS	2019 Peak LOS	2040 Daily LOS	2040 Peak LOS
University Drive	North of Cleary Boulevard	C	D	F	F
Sunrise Boulevard	East of University Drive	C	C	C	C

E. Waiver Approval Standards

The standard for approving zoning waivers is found in Section 27-690(f)4 and must meet the following provision:

“That any waiver of standard zoning requirements serves public purposes to a degree at least equivalent to the general provisions of the ordinance establishing comprehensive zoning regulations and other applicable city ordinances and regulations or the actions, design and solutions proposed, and although not in accord with a literal interpretation with the zoning and other applicable regulations and ordinances, satisfy public purposes to at least an equivalent degree”.

The proposed waivers permit the property be developed in a reasonable manner that will be in keeping with the intent and purpose of the applicable zoning regulations.

V. RECOMMENDATIONS:

A. Boards and Committee Recommendations:

Not Applicable.

B. Staff Recommendation:

Staff recommends **APPROVAL** subject to the following conditions and waivers:

STAFF COMMENTS:

PLANNING AND ZONING:

1. The development of this project must be consistent with the Plans entitled “1710 N UNIVERSITY DRIVE PLANTATION POINTE PLANTATION, FL 33322”, and stamped “Received JUL 23 2021 Planning, Zoning and Economic Development”, except as modified by conditions of approval.
2. The terms and conditions outlined in PP19-0039 remain in full force and effect.
3. A site plan and flex assignment application fee of \$22,528.12 associated with PP19-0039 remains outstanding. In addition, a fee of \$4,240.58 is due for the site plan modification. All fees shall be paid prior to issuance of a building permit.
4. A permit for a building permit implementing the proposal must be submitted within 12 months of City Council approval or the approval will expire.

LANDSCAPE:

Site Plan

1. Please correct Waiver #2 to specify “No head-to-head parking MEDIAN is provided” as the following example.
 - a. A waiver from section 13-40(c)(4), which requires an 8’ landscape median between head-to-head parking, where no landscape median is provided. To ensure the functionality of the southern parking lot with proper drive aisle widths and to maximize parking spaces, no head-to-head parking median is provided for the parking spaces in the center of the southern parking lot for the office building.

Planting Plan

2. Staff does not support either the relocation of existing Bucida buceras “Black Olive” trees (unless it has an ISA Certified Arborist condition rating of 80% or more) or the planting of new ones on commercial properties.

Note:

- A. Please Resolve Comments # 1 (Site Plan) prior to City Council Approval
- B. Please Resolve Comments # 2 (Planting Plan) prior to Permit

ENGINEERING DEPARTMENT: Engineering has no objection to the revised site plan.

Prior to the issuance of an engineering permit, applicant shall:

1. Execute a Developers Agreement and post a bond
2. Provide a modified Old Plantation Water District Drainage permit
3. Provide drainage calculations to support the stormwater management system

BUILDING DEPARTMENT: No objections.

FIRE: As to this site plan amendment approval, the Plantation Fire Department has no objections with the affirmation that the applicant, by written reply and/or plan revision submittal, has satisfactorily addressed, is in agreement, or will comply with Fire Department comments submitted in Staff Reports for PP19-0039 development review process.

POLICE DEPARTMENT:

1. A photometric survey must be submitted for the parking garage with the following requirements: 5 footcandles.
2. Use LED exterior lighting.
3. Please be mindful of current and future tree canopy growth when placing the light poles in the parking lot. Avoid any shadows and obstructions from the trees to allow for optimal lighting from the source. Otherwise, the photometric survey for the parking lot was acceptable.
4. Please include a table for the parking garage that summarizes the total calculations to provide information to the reviewer similar to the one below.

Numeric Summary							
Project: All Projects							
Label	CalcType	Units	Avg	Max	Min	Avg/Min	Max/Min
CalcPts	Illuminance	Fc	1.96	15.3	0.0	0.00	0.00

5. No Trespassing on a Construction Site signs need to be erected during all phases of the construction. The Florida State Statute for Trespassing on a construction site FSS 810.09(2) (d).

UTILITIES: No objection to the Site Plan Amendment and Waiver Request.

1. If approved, Utilities will continue to work with the Developer and his design team on the water and sewer plans.
2. Plans approved in August of 2020 will be voided. Please resubmit upon CC approval reflecting the changes which are in line with this Site Plan Amendment and Waiver Request.
3. If approved and prior to any Building Permit being issued, the following must be provided:
 - Capacity charges must be paid in FULL for the entire project
 - Water and Sewer Utilities plans must be submitted to the Utilities Dept. for review and approval
 - FDEP Water and Sewer permits must be approved (verify changes don't require permit modifications)
 - Utilities Agreement must be executed (will verify whether existing is sufficient)
 - Utilities Performance Bond must be posted
 - Utility Easements must be executed

Re: Letter of Intent – Plantation Pointe – Revision to Lot D Office and Retail Buildings

Dear Mr. Holmes:

We are seeking approval for an amendment to the Plantation Pointe Master Plan to reconfigure the approved office and retail buildings on Lot D. Specifically, the owner is requesting the following minor revisions to the Site Plan for the 1710 (office) and 1720 (retail) buildings:

1. Reduce the height of the 1710 (office) building from 11 stories to 7 stories, which is comprised of 3 stories of office space and 4 stories of parking.
2. Increase the parking lot on the southern side of Lot D, to provide additional visitor spots, which shifts the buildings approximately 20' north.
3. Reduce size of 1720 (retail) building from 6,200 sf to 4,800 sf

We appreciate the Planning and Zoning Board's and City Council's consideration of this request.

Yours truly,

A handwritten signature in blue ink, appearing to read "Cushla E. Talbut".

A PORTION OF PARCEL "A" OF "MOTOROLA PLAT", ACCORDING TO THE PLAT THEREOF, AS RECORDED IN PLAT BOOK 101, PAGE 14, OF THE PUBLIC RECORDS OF BROWARD COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE MOST NORTHERLY NORTHWEST CORNER OF SAID PARCEL "A"; THENCE SOUTH 44°01'45" WEST ALONG THE NORTHWEST LINE OF SAID PARCEL "A" 49.89 FEET TO A POINT ON THE WEST LINE OF SAID PARCEL "A", ALSO BEING THE EAST RIGHT-OF-WAY LINE OF NORTH UNIVERSITY DRIVE (STATE ROAD NO. 817); THENCE SOUTH 01°25'24" EAST ALONG SAID WEST LINE AND SAID EAST RIGHT-OF-WAY LINE 625.37 FEET TO THE POINT OF BEGINNING; THENCE SOUTH 89°59'20" EAST 28.14 FEET; THENCE NORTH 88°22'33" EAST 53.72 FEET TO A POINT ON THE ARC OF A CIRCULAR NON-TANGENT CURVE CONCAVE NORTHERLY FROM WHICH A RADIAL LINE BEARS NORTH 00°44'23" WEST THENCE EASTERLY ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 298.57 FEET, A CENTRAL ANGLE OF 13°10'09", FOR AN ARC DISTANCE OF 68.63 FEET TO A POINT OF NON-TANGENCY; THENCE NORTH 72°34'10" EAST 56.73 FEET TO A POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE SOUTHWESTERLY; THENCE NORTHEASTERLY AND SOUTHEASTERLY ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET, A CENTRAL ANGLE OF 93°21'21", FOR AN ARC DISTANCE OF 40.73 FEET TO A POINT OF TANGENCY; THENCE SOUTH 14°04'29" EAST 53.10 FEET TO A POINT ON THE ARC OF A CIRCULAR NON-TANGENT CURVE CONCAVE WESTERLY FROM WHICH A RADIAL LINE BEARS SOUTH 77°49'28" WEST; THENCE SOUTHERLY ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 983.71 FEET, A CENTRAL ANGLE OF 07°38'15", FOR AN ARC DISTANCE OF 131.13 FEET TO A POINT OF NON-TANGENCY; THENCE SOUTH 89°30'00" WEST 263.26 FEET TO A POINT ON THE AFOREMENTIONED WEST LINE AND EAST RIGHT-OF-WAY LINE; THENCE NORTH 01°25'24" WEST ALONG SAID WEST LINE AND EAST RIGHT-OF-WAY LINE 174.03 FEET TO THE POINT OF BEGINNING.

SAID LANDS SITUATE, LYING AND BEING IN THE CITY OF PLANTATION, BROWARD COUNTY, FLORIDA AND CONTAINING 45,963 SQUARE FEET (1.0552 ACRES), MORE OR LESS.

(LOT D-2)

A PORTION OF PARCEL "A" OF "MOTOROLA PLAT", ACCORDING TO THE PLAT THEREOF, AS RECORDED IN PLAT BOOK 101, PAGE 14, OF THE PUBLIC RECORDS OF BROWARD COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE MOST NORTHERLY NORTHWEST CORNER OF SAID PARCEL "A"; THENCE SOUTH 44°01'45" WEST ALONG THE NORTHWEST LINE OF SAID PARCEL "A" 49.89 FEET TO A POINT ON THE WEST LINE OF SAID PARCEL "A", ALSO BEING THE EAST RIGHT-OF-WAY LINE OF NORTH UNIVERSITY DRIVE (STATE ROAD NO. 817); THENCE SOUTH 01°25'24" EAST ALONG SAID WEST LINE AND SAID EAST RIGHT-OF-WAY LINE 799.40 FEET TO THE POINT OF BEGINNING; THENCE NORTH 89°30'00" EAST 264.69 FEET TO A POINT ON THE ARC OF A CIRCULAR NON-TANGENT CURVE CONCAVE WESTERLY FROM WHICH A RADIAL LINE BEARS SOUTH 85°27'43" WEST; THENCE SOUTHERLY ALONG THE ARC OF SAID CURVE, HAVING A RADIUS OF 983.71 FEET, A CENTRAL ANGLE OF 00°18'35", FOR AN ARC DISTANCE OF 5.32 FEET TO A POINT OF NON-TANGENCY; THENCE SOUTH 00°30'33" EAST 425.15 FEET TO A POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE NORTHWESTERLY; THENCE SOUTHERLY AND WESTERLY ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET, A CENTRAL ANGLE OF 91°03'47", FOR AN ARC DISTANCE OF 39.73 FEET TO A POINT OF TANGENCY; THENCE NORTH 89°26'47" WEST 232.13 FEET TO A POINT ON THE AFOREMENTIONED WEST LINE AND EAST RIGHT-OF-WAY LINE THENCE NORTH 01°25'24" WEST ALONG SAID WEST LINE AND SAID EAST RIGHT-OF-WAY LINE 505.47 FEET TO THE POINT OF BEGINNING.

SAID LANDS SITUATE, LYING AND BEING IN THE CITY OF PLANTATION, BROWARD COUNTY, FLORIDA AND CONTAINING 132.612 SQUARE FEET (3.0444 ACRES), MORE OR LESS.

ZONING WAIVERS:

The zoning waivers approved in PP19-0039 remain in full force and effect.

LANDSCAPE WAIVERS:

- 1) From: Section 13-41(a)(b). Pedestrian zones along building facades: Code requires landscape pedestrian zones (lpz) *to extend the full width of each façade* abutting a parking or vehicular use area; the minimum width shall be measured from the base of the building and shall relate to the adjacent structure's wall height. Paved areas in the lpz may not constitute more than 5' of required lpz. The vehicular overhang and/or the roof overhang does not count towards the required planting width.

To: Proposed 7 Story Garage/Office Building:

- a. 48' lpz is required along the southern façade – 14' has been provided
- b. 48' lpz is required along the eastern façade – 14' has been provided
- d. 48' lpz is required along the northern façade – 14.5' has been provided

Applicant's justification: *Please see applicants request with justifications.*

Staff response: *Section 13-41(a) Recognizing that it is universally accepted that trees and other plantings function to visually and aesthetically buffer and enhance building facades to reduce air and noise pollution and to conserve energy within the structure.*

- 2) From: Section 13-40(c)(4), which requires an 8' landscape median between head-to-head parking, where no landscape median is provided.

To: Allow no head-to-head parking median in the southern parking lot.

Applicant Justification: *Please see applicants request with justifications.*

Staff response: *No objection. This waiver request affects only one median.*

- 3) From: Section 13-40(c)(3), which requires a 10' landscaped median between parking bays and major internal access drives.

To: Reduce the southern perimeter from 10 feet to 5.5 feet;

To: Reduce the eastern perimeter from 10 feet to 6 feet;

To: Reduce the terminal islands in the south parking lot from 10 feet to 9 feet.

Applicant's justification: *Please see applicants request with justifications.*

Staff response: *Staff has no objections to this request as there is sufficient space for the trees to mature; the code does not allow for the 2' vehicular over hang to count.*

DEVELOPMENT ORDER
CITY COUNCIL
CITY OF PLANTATION, FLORIDA

DATE OF HEARING BEFORE CITY COUNCIL: August 25, 2021

PROJECT # PP21-0030

PROJECT NAME & ADDRESS: Plantation Pointe Site Plan Modification – Lot D 1710-1720 N University Drive.

OWNER / APPLICANT: 8000 West Sunrise Lot D, LLC. / Cushla Talbut

TYPE OF APPROVAL SOUGHT: The applicant is requesting Site Plan Modification approval to shift the lot split between Lot D-1 and Lot D-2 approximately 20' north, reduce size of the 1720 (retail) building from 6,200 square feet to 4,800 square feet, and to reduce the height of the 1710 (office) building from 11 stories to 7 stories for the property located at 1710-1720 N. University Drive, Plantation, Florida.

REQUEST: Section 27-50 of the Code which requires City Council approval of site plan amendments that are not considered minor in nature.

THIS MATTER came on to be heard before the City Council of the City of Plantation, Florida on the date of hearing stated above. The City Council having considered the approval sought by the applicant and heard testimony from the applicant, members of city administrative staff and the public finds as follows:

1. Application for the approval sought was made by the Applicant in a manner consistent with the requirements of the City's Land Development Regulations.
2. The Site Plan Modification approval sought is consistent with the City of Plantation Comprehensive Plan and will be developed consistent with and in compliance with all applicable land development regulations and all other applicable regulations and ordinances as set forth in the Code of Ordinances of the City of Plantation, with the exception of relief granted.
3. The Applicant's application is hereby
_____ GRANTED
_____ GRANTED subject to the conditions referenced in paragraph 5 hereof.
_____ DENIED
4. This Order shall take effect immediately upon filing with the City Clerk.

5. List of Conditions of Approval:

PLANNING AND ZONING:

1. The development of this project must be consistent with the Plans entitled "1710 N UNIVERSITY DRIVE PLANTATION POINTE PLANTATION, FL 33322", and stamped "Received JUL 23 2021 Planning, Zoning and Economic Development", except as modified by conditions of approval.
2. The terms and conditions outlined in PP19-0039 remain in full force and effect.
3. A permit for a building permit implementing the proposal must be submitted within 12 months of City Council approval or the approval will expire.

LANDSCAPE:

Site Plan

1. Please correct Waiver #2 to specify "No head-to-head parking MEDIAN is provided" as the following example.
 - a. A waiver from section 13-40(c)(4), which requires an 8' landscape median between head-to-head parking, where no landscape median is provided. To ensure the functionality of the southern parking lot with proper drive aisle widths and to maximize parking spaces, no head-to-head parking median is provided for the parking spaces in the center of the southern parking lot for the office building.

Planting Plan

2. Staff does not support either the relocation of existing Bucida buceras "Black Olive" trees (unless it has an ISA Certified Arborist condition rating of 80% or more) or the planting of new ones on commercial properties.

ENGINEERING DEPARTMENT: Engineering has no objection to the revised site plan.

Prior to the issuance of an engineering permit, applicant shall:

1. Execute a Developers Agreement and post a bond
2. Provide a modified Old Plantation Water District Drainage permit
3. Provide drainage calculations to support the stormwater management system

BUILDING DEPARTMENT: No objections.

FIRE DEPARTMENT: As to this site plan amendment approval, the Plantation Fire Department has no objections with the affirmation that the applicant, by written reply and/or plan revision submittal, has satisfactorily addressed, is in agreement, or will comply with Fire Department comments submitted in Staff Reports for PP19-0039 development review process.

POLICE DEPARTMENT:

1. A photometric survey must be submitted for the parking garage with the following requirements: 5 footcandles.
2. Use LED exterior lighting.
3. Please be mindful of current and future tree canopy growth when placing the light poles in the parking lot. Avoid any shadows and obstructions from the trees to allow for optimal lighting from the source. Otherwise, the photometric survey for the parking lot was acceptable.
4. Please include a table for the parking garage that summarizes the total calculations to provide information to the reviewer similar to the one below.

Numeric Summary							
Project: All Projects							
Label	CalcType	Units	Avg	Max	Min	Avg/Min	Max/Min
CalcPts	Illuminance	Fc	1.96	15.3	0.0	0.00	0.00

5. No Trespassing on a Construction Site signs need to be erected during all phases of the construction. The Florida State Statute for Trespassing on a construction site FSS 810.09(2) (d).

UTILITIES: No objection to the Site Plan Amendment and Waiver Request.

1. If approved, Utilities will continue to work with the Developer and his design team on the water and sewer plans.
2. Plans approved in August of 2020 will be voided. Please resubmit upon CC approval reflecting the changes which are in line with this Site Plan Amendment and Waiver Request.
3. If approved and prior to any Building Permit being issued, the following must be provided:
 - Capacity charges must be paid in FULL for the entire project
 - Water and Sewer Utilities plans must be submitted to the Utilities Dept. for review and approval
 - FDEP Water and Sewer permits must be approved (verify changes don't require permit modifications)
 - Utilities Agreement must be executed (will verify whether existing is sufficient)
 - Utilities Performance Bond must be posted
 - Utility Easements must be executed

Contact: Johnathan Adams if you have any questions, 954-414-7352

Issuance of this development order by the City does not create any right on the part the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the City for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. All other applicable state or federal permits must be obtained before commencement of the development.

No permit, license or certification can be issued until the challenge period has expired and no challenge has been made. Unless otherwise extended by the City Council, if a permit, license or certification has not been obtained on or before May 26, 2022, the Sign Special Exception approval will expire and become null and void.

Re: Letter of Intent – Plantation Pointe – Revision to Lot D Office and Retail Buildings

Dear Mr. Holmes:

We are seeking approval for an amendment to the Plantation Pointe Master Plan to reconfigure the approved office and retail buildings on Lot D. Specifically, the owner is requesting the following minor revisions to the Site Plan for the 1710 (office) and 1720 (retail) buildings:

1. Reduce the height of the 1710 (office) building from 11 stories to 7 stories, which is comprised of 3 stories of office space and 4 stories of parking.
2. Increase the parking lot on the southern side of Lot D, to provide additional visitor spots, which shifts the buildings approximately 20' north.
3. Reduce size of 1720 (retail) building from 6,200 sf to 4,800 sf

We appreciate the Planning and Zoning Board's and City Council's consideration of this request.

Yours truly,

A handwritten signature in blue ink, appearing to read "Cushla E. Talbut".

Re: Request for Waivers – Plantation Pointe (Lot D – Amendment to 1710 and 1720 Buildings)

Dear Mr. Holmes:

This letter outlines the waivers requested of the City Council regarding the pending application for a site plan amendment for Plantation Pointe to reconfigure the office (1710) and retail (1720) buildings on Lot D of the Plantation Pointe site.

A number of waivers were previously requested as part of the original approval of these buildings. This letter outlines only those **new** waivers which are required as a result of the reconfiguration of the 1710 and 1720 buildings. A diagram highlighting where these waivers are located are **attached**.

All of the waivers are landscape waivers in connection with the expansion of the surface parking lot for the office (1710) building, specifically the addition of a larger surface parking lot along the south of the office building.

The need for this additional surface parking was two-fold. First, the building reconfiguration removed 4 stories from the previously approved 11-story building, including 1 level of office and 3 levels of parking. The parking ratios for the revised building still needed additional parking, but not enough parking to build another parking level. Additionally, the more surface parking makes the building more marketable for a future tenant as visitors can initially struggle with the usability of an unfamiliar parking garage.

- 1. A waiver from the landscape pedestrian zone requirements in Section 13-41(b) of the Code of Ordinances along the southern and eastern façade of the office building.**

Section 13-41(b) of the Code of Ordinances requires the landscape pedestrian zone width for a building over 60', such as the 1710 Building, to be a minimum of 30% of the

building height. Additionally, Section 13-41(b) restricts the paved area in the landscape pedestrian zone to be the lesser of 50% or 6 feet of width. As shown in the chart below, a waiver along the eastern and southern facades are required:

Façade	Required LPZ	Provided LPZ
Eastern Façade	29'	13'8"
Southern Façade	29'	12'10"

The eastern façade has a 13'8" landscape pedestrian zone, which includes a 4'11" sidewalk. It also includes a 2'4" planting area beneath the overhang the does not count toward meeting the landscape pedestrian zone requirement. The eastern façade also includes the attractive entry feature to the building, which is 23'4" wide and paved as shown in the rendering below.

The southern façade provides a 12'10" landscape pedestrian zone, which includes a 4'4" sidewalk. There is an additional 1'8" planting area underneath the overhang, which technically does not count toward meeting the landscape pedestrian zone.

While the landscape pedestrian zones are narrower along the eastern and southern facades, the building provides an oversized 48.8' landscape buffer along University Drive

2. A waiver from Section 13-40(c)(4), which requires an 8' landscape median between head-to-head parking, where no landscape median is provided.

To ensure the functionality of the southern parking lot with proper drive aisle widths and to maximize parking spaces, no head-to-head parking is providing for the parking spaces in the center of the southern parking lot for the office building.

3. A waiver from Section 13-40(c)(3), which requires a 10' landscaped median between parking bays and major internal access drives.

There are three instances where this waiver is required:

- A waiver to allow the median along the southern property line to be 5'5" at the western end and 9' at the eastern end, where 10' is required. This median becomes narrower at the western end to follow the curvature of the existing driveway. The median is also designed with a 2' vehicular overhang, which admittedly does not count towards meeting the 10-foot requirement but does create a perception of greater width. Therefore, for the purpose of the waiver the median varies between 5'5" and 9', where a continuous 10' is required.
- A waiver to allow a 6' median on the east side of the 1710 Building where 10' is required. The 1710 Building has an 8' wide median that separates the access drive and the guest parking. This median is actually 8', however, 2' of that median has a landscaped vehicular overhang and does not count toward meeting the landscape median requirement.
- A waiver to allow two 8.5' wide terminal islands to separate the head-to-head parking from the main drive aisle. Reducing the terminal island allows for a full 24' wide two-way drive aisle so that the southern parking lot retains functionality.

We appreciate the Council's consideration of these waiver requests.

Yours truly,

Cushla Talbut

Note to Examiner: The real property being conveyed by this instrument is unencumbered by any mortgage. Both Grantor and Grantee are entities that are 100% owned by the same owner (the "Common Parent"). This conveyance from Grantor to Grantee is being reflected on the books and records of the Grantor, the Grantee and the Common Parent, under generally accepted accounting principals, as a series of transfers, as follows: (1) A distribution of the property from Grantor to Common Parent as a dividend, without any consideration received by the Grantor; followed by; (2) A transfer by the Common Parent to Grantee, as an additional contribution to capital, without any consideration received by Common Parent. Both the Grantor and Grantee will be owned 100% by Common Parent both before and after this instrument is recorded. The books and records of the Grantor, Grantee and Common Parent do not reflect any loan receivable created as a result of this series of transfers. Accordingly, this deed is subject only to nominal State of Florida documentary stamp tax. See Technical Assistance Advisement 06(B)4-005 dated June 4, 2006.

SPECIAL WARRANTY DEED

THIS SPECIAL WARRANTY DEED is made as of the 16th day of December, 2016, between **8000 WEST SUNRISE LOT B, LLC**, a Delaware limited liability company ("**Grantor**"), whose address is 1033 Skokie Boulevard, Suite 480, Northbrook, Illinois 60062, and **8000 WEST SUNRISE LOT D, LLC**, a Delaware limited liability company ("**Grantee**"), whose address is 1033 Skokie Boulevard, Suite 480, Northbrook, Illinois 60062.

WITNESSETH:

THAT, the Grantor, for and in consideration of the sum of Ten and No/100 (\$10.00) Dollars, and other good and valuable consideration to it in hand paid by the Grantee, the receipt and sufficiency of which are hereby acknowledged, has granted, bargained and sold to the Grantee, its heirs and assigns forever, the following described real property, lying and being in the County of Broward, State of Florida, and being more particularly described in Exhibit A attached hereto and incorporated herein by reference, together with all improvements located on such land (such land and improvements being collectively referred to as the "**Property**").

This conveyance is made and accepted subject to (A) easements, covenants, restrictions, agreements, encumbrances, rights-of-way and other matters of record; (B) all current real estate taxes and assessments not delinquent and all subsequent real estate taxes and assessments not yet

due and payable; (C) and all documents and matters of record; and (D) matters which would be disclosed by an accurate survey and inspection of Property.

TO HAVE AND TO HOLD the Property, together with all and singular the rights and appurtenances pertaining thereto, including all of Grantor's right, title and interest in and to adjacent streets, alleys and rights-of-way, unto Grantee and Grantee's successors and assigns in fee simple forever.

And Grantor hereby covenants with said Grantee that Grantor is lawfully seized of the Property in fee simple; that Grantor has good right and lawful authority to sell and convey the Property; and Grantor hereby warrants that title to the Property is free from all encumbrances made by Grantor (except as set forth above) and will defend the same against the lawful claims of all persons claiming by, through or under Grantor, but against none other.

[Signature appears on the following page.]

IN WITNESS WHEREOF, Grantor has caused this Special Warranty Deed to be executed the day and year first above written.

TOGETHER WITH:

Parcel 2:

Non-exclusive easements for ingress-egress and parking as set forth and defined by Declaration of Easements, Restrictive Covenants and Unified Control made by 8000 WEST SUNRISE, LLC., dated September 12, 2014, and recorded September 19, 2014 in Official Records Book 51108, at Page 1127, of the Public Records of Broward County, Florida.

⊗ as Instrument Number
112541494

AND:

Parcel 3:

Non-exclusive easements for detention and storm water management as set forth and defined by Master Declaration of Easements, Covenants, Conditions and Restrictions made by 8000 WEST SUNRISE, LLC., dated September 12, 2014, and recorded September 19, 2014 in Official Records Book 51108, at Page 1083, of the Public Records of Broward County, Florida.

⊗ as Instrument Number
112541493

EXHIBIT B
TO SPECIAL WARRANTY DEED

1. Taxes and assessments for the year 2014 and subsequent years, which are not yet due and payable.
2. Restrictions, dedications, conditions, reservations, easements and other matters shown on the plat of MOTOROLA PLAT, as recorded in Plat Book 101, Page(s) 14.
3. Easement granted to Florida Power & Light Company by instrument recorded in Book 8807, Page 442, as affected by Book 29959, Page 963.
4. Easement granted to Southern Bell Telephone and Telegraph Company by instrument recorded in Book 11830, Page 611.
5. Easement recorded in Book 12802, Page 155.
6. Deed Notification Pursuant to Permit Modification recorded in Book 26286, Page 614.
7. Utility Easement recorded in Book 28463, Page 499.
8. Easement granted to Florida Power & Light Company by instrument recorded in Book 29830, Page 1583.
9. Perpetual Easement recorded in Book 29952, Page 1471.
10. Declaration of Restrictive Covenant recorded in Book 49612, Page 898.
11. Access Easement Agreement recorded in Book 49612, Page 914.
12. Rights of Motorola Solutions, Inc., a Delaware corporation, and Motorola Mobility, Inc., a Delaware corporation, and Nextel South Corp., a Georgia corporation, as tenants only, under unrecorded, written leases, with no rights of first refusal or options to purchase.
13. The Master Declaration of Easements, Covenants, Conditions and Restrictions dated as of September 12, 2014 made by Grantor and recorded in Book 51108, Page 1083.
14. Declaration of Easements, Restrictive Covenants and Unified Control dated as of September 12, 2014 made by Grantor and recorded in Book 51108, Page 1127.

This document, together with the concepts and designs presented herein, is intended only for the specific purpose and client for which it was prepared. Reuse of and improper reliance on this document without written authorization and adaptation by Kimley-Horn and Associates, Inc. shall be without liability to Kimley-Horn and Associates, Inc.

PROJECT DESCRIPTION		DRAWING INDEX				OVERALL DEVELOPMENT SITE PLAN	SITE LOCATION
THIS PACKAGE INCLUDES A REVISION TO THE PREVIOUSLY APPROVED DEVELOPMENT OF THE LOT D DEVELOPMENT ON THE PLANTATION POINT CAMPUS. THE 1710 BUILDING IS LOCATED ON THE WEST SIDE OF THE DEVELOPMENT, ALONG UNIVERSITY AVENUE, NORTH OF THE COMPLETED 1700 BUILDING AND SOUTH OF THE PREVIOUSLY DEVELOPED RETAIL PARCELS. 1710 IS A PROPOSED OFFICE BUILDING AND ASSOCIATED PARKING GARAGE. THE PREVIOUSLY APPROVED BUILDING WAS 11 STORIES, INCLUDING 4 LEVELS OF OFFICE AND 7 LEVELS OF PARKING. THIS REVISED PACKAGE HAS REDUCED THE OVERALL SIZE OF THE BUILDING TO 7 STORIES (3 LEVELS OF OFFICE AND 4 LEVELS OF PARKING). THE OVERALL HEIGHT OF THE BUILDING HAS BEEN REDUCED BY 46 FEET. ALTHOUGH THE FOOTPRINT OF THE BUILDING HAS REMAINED UNCHANGED SINCE THE ORIGINAL CITY COUNCIL APPROVAL, THIS REVISE PACKAGE ALSO PROPOSES SHIFTING THE BUILDING 20' TO THE NORTH TO ADD ADDITIONAL SURFACE PARKING TO THE SOUTH OF THE BUILDING. THE OVERALL DESIGN AND BUILDING MATERIALS HAS NOT CHANGED SINCE THE ORIGINAL PROPOSAL.	SHEET NO.	SHEET NAME	SHEET NO.	SHEET NAME

Planning, Zoning & Economic Development Memorandum

DATE: August 25, 2021

TO: Mayor and Members of the City Council

THRU: Danny A. Holmes, AICP
Planning, Zoning & Economic Dev Director

FROM: Gayle Easterling, AICP, Senior Planner

I. PROJECT SUMMARY

A. Project Name: Sign Special Exception – Enson Market / PP21-0031

B. Sign Special Exception requests:

1. From: Section 27-165, which limits the allowable wall sign area to one square foot of signage per lineal foot of establishment storefront (not to exceed 60 square feet);
To: Increase the allowable wall sign area from 60 square feet to 228 square feet.
2. From: Section 27-150(f), which limits the size of subordinate messages to a maximum of 15% (9 square feet) of the allowable sign area (60 square feet);
To: Increase the size of the subordinate message from 9 square feet to 69 square feet.
3. From: Section 27-150(g), which limits logos to 10% (6 square feet) of the allowable sign area (60 square feet);
To: Increase the size of the logo from 6 square feet to 37 square feet (62% of the allowable sign area and 16.2% of the proposed sign area).
4. From: Section 27-150(b), which requires shopping centers to have uniform sign attributes including materials, font, size, color, and method of installation for wall signs.
To: Allow Enson Market branding font;
To: Allow Enson Market to have Orange 8800-351 channel letters; and
To: Allow a flush mounted wall sign.

C. Recommendation: **APPROVAL** subject to conditions noted in Section V. B. of this staff report.

II. APPLICATION SUMMARY

- A. Owner: Kimco-Peters Co. Ltd.
- B. Agent: Mark D. Frank
- C. Location: 7700 Peters Road (See Exhibit B)
- D. Size: 4.59 acres
- E. Folio Number: 504116140010
- F. Legal Description: See Exhibit C
- G. Future Land Use Plan Designation, Current Zoning and Use of Subject Property:

<u>Existing Use & Zoning</u>	<u>Future Land Use Map</u>
Subject Property: Commercial uses zoned M-PM (Plantation Midtown)	Commercial
North: Peters Road	n/a
South: Commercial uses zoned M-PM - (Plantation Midtown)	Commercial
East: Commercial uses zoned M-PM - (Plantation Midtown)	Commercial
West: SW 78 th Avenue, Office Park zoned OP-P (Office Park Plantation)	Office Park (Limited Commercial)

III. BACKGROUND

A. Subject Property/The Site

The subject property is zoned M-PM (Plantation Midtown), 4.59 acres in area, and developed with a 60,414 square foot shopping center. The shopping center includes two buildings; a three tenant outparcel building at the northeast corner of the property, and a larger multi-tenant building with a vacant grocery store space (previously Lucky's Market) on the west side of the property.

Wall signs:

Center establishments are allowed one square foot of signage per lineal foot of establishment frontage, not to exceed a maximum of 60 square feet. The subordinate

message (listing a service or product) is limited to 15% of the allowable sign area (or 9 square feet) and logos are limited to 10 % of the allowable sign area (or 6 square feet). Wall signs within a center establishment are required to comply with the uniform sign agreement on file for the property which requires wall signs to be uniform in appearance (material, style, font, color, fastening method). The uniform sign agreement for this plaza allows for:

- Individual channel letters mounted on a raceway;
- Helvetica medium font style;
- Three colors (red #2283, blue #2114, and green #2030) with white trim caps and returns.

B. Synopsis

The applicant, Enson Market, is in the process of occupying the former Lucky's Market tenant space. The applicant is requesting the following sign special exceptions:

- 1) Increase the allowable wall sign area from 60 square feet to 228 square feet.
- 2) Increase the size of the subordinate message from 9 square feet to 69 square feet (Chinese letters are 33 square feet and 'community grocery' is 36 square feet) (30.3% of the proposed sign area)
- 3) Increase the size of the logo from 6 square feet to 37 square feet (the e within a circle) (62% of the allowable sign area and 16.2% of the proposed sign area).
- 4) To deviate from the uniform sign agreement:
 - (a) Allow the sign to be flush mounted, instead of mounted on a raceway
 - (b) Allow a branding font, instead of Helvetica Medium
 - (c) Allow orange channel letters instead of the colors of the uniform sign agreement (red, blue, green).

Below is a graphic of the proposed sign on the elevation:

Below is a picture of the sign for Lucky's Market, which met code requirements as to size.

C. Applicable Criteria

Pursuant to Section 27-141(c) of the Code, if an application for a permanent sign permit is denied as a result of not being in compliance with the requirements of Chapter 27, the applicant may file a request for a sign special exception with the city governing body within thirty (30) business days of written notice of the permit denial.

The review of sign special exceptions should include consideration of the criteria noted in Section 27-141 of the Land Development Code. Refer to Section IV. B.

IV. PROJECT ANALYSIS, CRITERIA AND FINDINGS

A. Comprehensive Plan Considerations

Not applicable.

B. Zoning Considerations

Where applicable, the review of a Sign Special Exception request should include consideration of the criteria noted in Section 27-141(b) of the Land Development Code.

Sign Special Exception Criteria:

- (1) That special conditions and circumstances exist such as, but not limited to, building orientation, vehicular circulation or vision obstructions (not to include landscaping) that are peculiar to the land, structure, or building that create a site-specific justification for the exception;

Applicant Response: Sign size is too limited for façade of building. We are requesting a size increase.

Staff Response: The building orientation on the site is not typical as the majority of the stores within the center, including Enson Market, faces a centralized parking area and does not front or have direct visibility from Peters Road.

- (2) That a literal interpretation of the provisions of this chapter would deprive the applicant of rights commonly enjoyed by other property of lands, structures or buildings of similar character with identical special circumstances (nonconforming signs shall not be grounds for issuing sign special exceptions), or alternatively, that a special exception from the provisions of this chapter is warranted and justified to protect, preserve, or enhance the city's tax base or to prevent or eradicate conditions of economic blight;

Applicant Response: Yes, we feel this help the tax base for the city.

Staff response: Prior to 2005, city code would have allowed a wall sign area of approximately 217 square feet based on the Enson Market storefront length (240 feet) and overall square footage (41,440 square feet). Some signs for large scale tenants still exist in the area and some signs have been granted special exceptions for size consistent with the previous code allowance. The request to increase the overall sign size to 228 square feet is reasonable given the store frontage and size and is visually balanced on the store facade.

- (3) That the special conditions and circumstances do not result from the action of the applicant;

Applicant Response: No answer given.

Staff Response: The request is driven by the actions of the applicant to have brand identity. Similar to most anchor stores within a shopping center, the applicant is requesting a branding font style and an increase in the square footage allowed for subordinate messages.

- (4) That the sign special exception to be granted is the minimum measure needed to address the special conditions and circumstances that justify the special exception; and,

Applicant Response: Provided relief.

- 5) Staff response: The applicant is requesting a deviation from the size of the overall sign that is generally consistent with the size sign that would have been allowed by code prior to 2005. The proposed subordinate messages (4 Chinese letters are 33 square feet and 'community grocery' is 36 square feet) represent 30.3% of the proposed sign area. The applicant has indicated the Chinese letters (4) mean "Enson Market". If this portion of the proposed sign was deleted, the remaining subordinate of 'community grocery' would be 15.8% of the overall sign area, if approved. Staff has no objection to the increased logo size.

- (5) That the sign special exception will be in harmony with the general purpose and intent of this chapter and will not be injurious to the neighborhood, or surrounding property, and will not otherwise be detrimental to safe and convenient use of nearby rights-of-way;

Applicant Response: The colors, size will be in harmony with the city beauty.

Staff response: Given the store frontage and size, the proposed signs are in harmony with the general purpose and intent of the code.

- (6) That all other signage on the property is in substantial compliance with this chapter, as applied.

Applicant Response: Yes.

Staff response: Staff concurs.

C. Concerns, Issues and other Pertinent Information

Code Violations: There are no violations issued for the subject site at this time.

V. **RECOMMENDATION:**

A. **APPROVAL** subject to staff comments noted below:

B. **STAFF COMMENTS:**
PLANNING AND ZONING:

1. Enson Market must apply for a City of Plantation business tax receipt prior to issuance of the wall sign permits.

DEVELOPMENT ORDER
CITY COUNCIL
CITY OF PLANTATION, FLORIDA

DATE OF HEARING BEFORE CITY COUNCIL: August 25, 2021

PROJECT # PP21-0031

PROJECT NAME & ADDRESS: Enson Market SE - 7700 Peters Road

OWNER / APPLICANT: Kimco-Peters Company Ltd. / MDF A Sign Company

TYPE OF APPROVAL SOUGHT: The applicant is requesting Sign Special Exception approval to allow an increase in the allowable wall area from 60 square feet to 228 square feet; to allow an increase the size of the subordinate message from 9 square feet to 69 square; to allow an increase the size of the logo from 6 square feet to 37 square feet; and to deviate from the uniform sign agreement (to allow sign to be flush mounted, to allow a branding font, and to allow orange channel letters for the property located at 7700 Peters Road, Plantation, Florida.

REQUEST: Section 22-141(a) of the Code states upon being denied a permanent sign permit, a property owner may apply for a special exception. The review of a Sign Special Exception request should include consideration of the criteria noted in Section 27-141(b) of the Code. Section 27-141(c) states "The City governing body may grant special exception signage different that that contemplated by the comprehensive sign code.

THIS MATTER came on to be heard before the City Council of the City of Plantation, Florida on the date of hearing stated above. The City Council having considered the approval sought by the applicant and heard testimony from the applicant, members of city administrative staff and the public finds as follows:

1. Application for the approval sought was made by the Applicant in a manner consistent with the requirements of the City's Land Development Regulations.
2. The Sign Special Exception approval sought is consistent with the City of Plantation Comprehensive Plan and will be developed consistent with and in compliance with all applicable land development regulations and all other applicable regulations and ordinances as set forth in the Code of Ordinances of the City of Plantation, with the exception of relief granted.
3. The Applicant's application for Sign Special Exception approval is hereby
____ GRANTED
____ GRANTED subject to the conditions referenced in paragraph 5 hereof.
____ DENIED
4. This Order shall take effect immediately upon filing with the City Clerk.

5. List of Sign Special Exception Conditions of Approval:

PLANNING AND ZONING:

1. Enson Market must apply for a City of Plantation business tax receipt prior to issuance of the wall sign permits.

Issuance of this development order by the City does not create any right on the part the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the City for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. All other applicable state or federal permits must be obtained before commencement of the development.

No permit, license or certification can be issued until the challenge period has expired and no challenge has been made. Unless otherwise extended by the City Council, if a permit, license or certification has not been obtained on or before May 26, 2022, the Sign Special Exception approval will expire and become null and void.

**Planning, Zoning & Economic Development
Memorandum**

DATE: August 25, 2021

TO: Mayor and Members of the City Council

THRU: Danny A. Holmes, AICP *for DM*
Planning, Zoning & Economic Development Director

FROM: Gayle Easterling, AICP, Senior Planner
Shawn Lamey, APA, Principal Planner *[Signature]*

I. PROJECT SUMMARY

A. Project Name / Number: Pulte Townhomes at Plantation Midtown / PP20-0031

B. Requests:

1. Master plan modification, site plan, elevation and landscape plan for Plantation Midtown; and
2. The applicant is requesting eleven (11) zoning waivers from Chapter 27 of the City Code and five (5) landscape waivers from Chapter 13 of the City Code. See Exhibit E.

C. Recommendation: **APPROVAL** subject to conditions noted in Section V. B. of this report.

II. APPLICATION SUMMARY

A. Owner: Plantation 25 L.L.C.

B. Agent: William Laystrom, Esq.

C. Location: 8361 NW 7th Place (formerly 777 American Expressway) (See Exhibit B)

D. Size: 24.99± net acres

E. Folios: 504104480020 & 504104480010

F. Legal Description: See Exhibit "D".

H. Future Land Use Plan Designation, Current Zoning and Use of Subject Property:

<u>Existing Use & Zoning</u>	<u>Future Land Use Map</u>
Subject Property: Parking Garage with site under construction / M-PM (Mixed Use - Plantation Midtown District)	Commercial and Irregular Residential (21 du/ac)
North: Multi-family Residential / Residential PRD-12.54Q (Planned Residential Development District) & Pre-School / CF-P (Zoning Use District)	Residential (16 du/ac)
South: Office and Multi-family Residential / M-PM (Mixed Use - Plantation Midtown District)	Commercial and Irregular Residential (25 du/ac)
West: Multi-family Residential / PRD-18.22Q (Planned Residential Development District)	Residential (16 du/ac)
East: Multi-family Residential / M-PM (Mixed Use - Plantation Midtown District)	Residential (16 du/ac)

III. **BACKGROUND**

A. Subject Property/The Site

The subject site is zoned M-PM (Mixed Use - Plantation Midtown District), 24.99 acres in area, and under construction for redevelopment. Cleary Boulevard bounds the property to the north, North Pine Island Road to the west, NW 82nd Avenue to the east, and commercial and residential uses to the south. Refer to Exhibit C for the zoning map.

B. Synopsis

The applicant received City Council approval (PP17-0006) on November 8, 2017, to demolish the existing 388,980 square foot office building (American Express) and to construct 94 townhomes, 481 mid-rise apartments, 10,000 square feet of retail space, and 11,540 square feet of restaurant space. The existing 3-story parking garage on the south side of the property was to remain. The office building demolition has occurred and redevelopment of the site for the multi-family use has been initiated.

The applicant requests approval to amend the master plan, site plan, elevation and landscape plan associated with the townhome development planned for the northeast corner of the site. The original site plan approval provided for 94 three story townhomes on the 6.7-acre townhome parcel. The architectural design was contemporary with stucco, brick veneers, and metal seam roofing material. The site

was gated with a community swimming pool with restroom cabana and a mailbox kiosk.

The proposed site plan includes the following:

- a decrease in the townhouse unit count from 94 units to 86 units;
- a decrease in the height of the buildings from 3 stories to 2 stories;
- changes the orientation of the buildings abutting NW 82nd Avenue (a.k.a. American Expressway) and Cleary Boulevard (so that the rear of the unit, lieu of the front of the unit, faces the exterior streets);
- adds a dog park; and
- changes the configuration of the gated entrance.

In response to Planning and Zoning Board Meeting comments, the applicant revised the site plan to include:

- the addition of 6 parallel parking spaces on NW 82nd avenue
- reinstating the pool amenity with pool cabana in addition to the fitness lawn
- pedestrian connectivity near the dog park via a gate to NW 82nd Avenue
- adding post light fixtures to the perimeter columns along NW 82nd Avenue and Cleary Boulevard
- providing brick on all perimeter columns (in lieu of 50% stucco)
- shifting the one-car garage doors to provide for better drive way access

The following Planning and Zoning Board recommendation was not implemented:

- sidewalks on both sides of the internal street within the community.

Staff has evaluated the project against the City's architectural design requirements of the M-PM (Mixed Use - Plantation Midtown District) zoning district per Section 27-626. The proposed contemporary building façades incorporate stucco, brick veneers, stone, metal roof accents, and tile roofing. The elevations meet many aspects of the architectural requirements but require waivers from certain requirements such as building orientation and lot size.

IV. PROJECT ANALYSIS, CRITERIA AND FINDINGS

A. Comprehensive Plan Considerations

Pursuant to land use plan amendment (PD17-0002), the proposed amendment and development are consistent with the Commercial and Irregular Residential (21 du/ac) future land use designation on the adopted Future Land Use Plan Map.

B. Zoning Considerations

Section 27-65 of the Zoning Ordinance states that site plan approval requires an application for a development order be agendized for City Council consideration after review by the Review Committee and Planning and Zoning Board. The City Council is the regulatory body rendering the final decision.

C. Citizen Comments

To date, staff has not received any written citizen comments nor phone calls; however, at the Planning & Zoning Board Meeting, residents from the Lauderdale West community expressed concerns over increased traffic and the need for a signalized traffic light at Lauderdale West Drive and Cleary Boulevard.

D. Concerns, Issues and other Pertinent Information

Code Violations: There are no existing code violations issued for the subject site at this time.

Transportation:

The 2019 level of service for Pine Island Road from Broward Boulevard to Cleary Boulevard currently operates at level of service C and the level of service for Cleary Boulevard from Pine Island to University Drive currently operates at a level of service C, per the 2019 Broward County Roadway Capacity and Level of Service Analysis (MPO). Note, 2019 is the latest available traffic data available through the MPO. No data was generated for NW 84th Avenue.

The 2019 Broward County Roadway Capacity and Level of Service Analysis predicts that the level of service for these same segments in the year 2040 will be a level of service of F and C respectively.

Street	Section	2019 Daily LOS	2019 Peak LOS	2040 Daily LOS	2040 Peak LOS
Pine Island Road	Broward Blvd. to Cleary Blvd.	C	C	F	F
Cleary Boulevard	Pine Island to University Drive	C	C	C	D

E. Waiver Approval Standards

The standard for approving zoning waivers is found in Section 27-690(f)4 and must meet the following provision:

“That any waiver of standard zoning requirements serves public purposes to a degree at least equivalent to the general provisions of the ordinance establishing comprehensive zoning regulations and other applicable city ordinances and regulations or the actions, design and solutions proposed, and although not in accord with a literal interpretation with the zoning and other applicable regulations and ordinances, satisfy public purposes to at least an equivalent degree”.

The proposed waivers permit the property be developed in a reasonable manner that will be in keeping with the intent and purpose of the applicable zoning regulations.

V. RECOMMENDATIONS:

A. Board and Committee Recommendations:

December 22, 2020	DRC Agenda: Deferred
May 11, 2021	DRC Agenda: No objection to the project moving forward
July 6, 2021	Planning & Zoning Agenda: APPROVAL with recommendations.

B. Staff Recommendation:

Staff recommends **APPROVAL** subject to conditions and waivers:

STAFF COMMENTS:

PLANNING & ZONING:

In General:

1. The development of this project must be consistent with the Plans entitled “PULTE TOWNHOMES AT PLANTATION MIDTOWN SQUARE”, and stamped “Received JUL 22 2021 Planning, Zoning and Economic Development”, except as modified by conditions of approval.
2. The terms and conditions contained in the Development Review Committee reports (December 22, 2020, May 11, 2021) and Planning and Zoning (July 6, 2021) remain in full force and effect.
3. Approval of eleven (11) zoning waivers from Chapter 27 of the City Code and five (5) landscape waivers from Chapter 13 of the City Code as shown in Exhibit E.
4. Modifications to window, roofs, paint and other material elements and finishes are not permitted without Zoning approval.
5. No building permit will be issued for this project until all conditions of approval are complied with and reflected in the plans submitted with the building permit application.
6. The proposed project is subject to all codes and ordinances of the City of Plantation and all other applicable regulatory agencies.
7. The building permit application must be submitted within 12 months of City Council or the approval will expire.

Planning:

1. Payment of City Impact Fees in the amount of \$2,906.87 for each unit is required at time of building permit, as adjusted annually (Sec. 19-85/86).

Note:

- A. Please Resolve Comments 1 Prior to Building Permit

Zoning:

In General:

1. Any new or amended unified control documents, cross access agreements, operating agreements or restrictive covenants will require review and approval by the City Attorney. A trust account with a minimum deposit of \$2,500 for attorney review is required. Recordation is required prior to issuance of development permits.

2. Homeowner association documents shall be reviewed and approved by the City Attorney prior to issuance of a building permit.
3. Within the Homeowner association documents, please include language that prohibits garage conversions and exterior storage structures. Lastly, state: No fencing, shrubbery, or like obstruction are permitted between individual properties/units in rear yards. Allow up to 8 weeks for City Attorney review to avoid any delay in permit approval. NOTE: Prior to the issuance of the first Certificate of Occupancy (CO), the HOA documents must be recorded.

Easement:

4. Prior to issuance of a certificate of occupancy (CO), easement dedications to implement the site plan must be completed.

Site Plan:

5. The construction of the six (6) off-street parallel parking spaces must match the concrete curbing and outline in color and design to spaces adjacent to the Lakeside and Manor developments found along NW 82nd Avenue.

Details:

6. Prior to building permit submittal, please obtain an approved "Paint Color Approval and Agreement" form from the Zoning Department.

Signage:

7. Please note signage is not part of this approval. Remove the ground signs from the submittal. All final signage sizes, quantities, locations, fabrication, and installation details are to be done under a separate approval process. Review Chapter 22 of the City Code as only two ground signs are permitted for the entire development (not for the townhouse community component).

Waivers:

8. Zoning waivers with justification and staff responses are attached in Exhibit "E".

Note:

- A. Please Resolve Comments 5-6 Prior to Permit
- B. Please Resolve Comments 1-3 Prior to Certificate of Occupancy (CO)

LANDSCAPING:

In General:

- a. The applicant may be required to execute a developer agreement and post security for all engineering and landscaping related improvements at time of permitting.
- b. This review is preliminary. Full landscape plan & approval is required at time of permitting.
- c. All site plan and planting plan comments from the Department of Public Works - Environmental Landscape Division must be responded to in writing. Please attach a copy of the written responses to each landscape plan review comment to sheet OLP.

Site Plan:

1. Section 13-40 (c) states that one tree shall be installed every 30 lineal feet. Please request a waiver to plant 1 tree every 40' in lieu of the code required every 30' which is less of an impact to the site's overall tree canopy as your previous waiver proposal of every 60'. *Landscape waiver has been requested.*

2. Section 13.40(c)(1) states that no landscaped area shall have any dimension less than 5'. You are proposing 4' wide landscape strip in some locations. *Landscape waiver has been requested.*
3. Section 13-41 (b) requires landscape pedestrian zones (LPZ) to extend the full width of each façade abutting a parking or vehicular use area; the minimum width shall be measured from the base of the building and shall relate to the adjacent structure's wall height. (Paved areas in the LPZ may not constitute more than 5' of required LPZ). Provide the roof overhang and all upper floor porches and ground floor slabs on the landscape plans. These areas cannot conflict with proposed or City code required plantings. The required LPZ has not been provided in some locations. *Landscape waiver has been requested.*
4. Section 13-40(e) requires landscape areas in all vehicular use areas shall be curbed to provide landscape protection. Please provide a full 6"x18" Type D curb or root barriers of a 0.085 thick polypropylene at a minimum depth of 24" where large shade trees are to be planted within 10' of paved areas (i.e., planting islands, medians, etc.). Curbing is not proposed along landscape strips in front of townhome units. *Landscape waiver has been requested.*

Planting Plan:

1. Staff still has reservations in respect to the proximity of proposed paving, curbing, etcetera within the dripline of existing trees. An Arboricultural assessment to determine potential impacts the proposed pavement, curbing etc. will have on the critical root systems would suffice. Due to the fact even minor damage to roots within the Critical Root zone can cause Root decay and ultimately whole tree failure, staff is assisting to avoid potential tree removal requests and loss of mature canopy in some of the meandering walkways adjacent to Cleary Blvd. by avoiding cutting roots within 10' of their trunks. Tree numbers 547, 646, and 600 still show the sidewalks within 5' or less of the trunks. Please propose suspended, bridged and(or) cantilevered walkways along the affected sections of walkways to prevent severe damage to the critical root system of these trees. Having an ISA Certified Arborist monitor the walkway work to determine impacts on roots during construction will not satisfy this requirement.
2. Due to staff concerns about potential issues with the maintenance and health of Royal and Phoenix palms, please provide a dedicated note on sheet LP-12 that states the following: (1) Royal and Phoenix palms shall be maintained on a regular basis to prevent nutritional deficiencies and limit the falling of flowering and fruiting parts, and declining, diseased and dead fronds. Tree trimming permit applications shall be submitted to the Public Works Environmental Landscaping Division; and (2) Tree removal permits for Royal and Phoenix palms will not be considered in the future by the Division for health or safety reasons caused by mismanagement of the palms or unsuitability of the palms due to palm size and frond drop.
3. Remove Modular Tree Vault System detail on LP-11 if you are not proposing to install tree vaults.
4. Please mark the locations of the proposed structural soil installations for each instance it is used, so they can be inspected during the Final Landscape Inspection.
5. The pre-planting meeting note (Note # 7 on LP-11) must be updated to state that the contact shall be Matt Rogers, Public Works Environmental Landscaping Division, at 954-797-2704.

6. Under City Planting Criteria (sheet LP-12), remove references to Department of Landscape Architecture and Department of Design, Architecture and Construction and replace with Public Works Environmental Landscaping Division. Similarly, remove references to phone number 954-585-2360 and replace with 954-414-7395.
7. Please provide irrigation plans prior to permitting.
8. Sheet TD-2 shows trees on the Pulte project site with tree numbers in the 100s, 200s and 300s that are not listed in the Tree List on TD-6 (trees in this list start with tree number 430). Please provide the TD sheet(s) that include all trees on the Pulte site.
9. Please propose a fertilizer(s) with lower phosphorus than the 20-20-5 shown on LP-2 (Note #4) and LP-12 (Note #6). Note #12 (LP-11) gives a different formulation, while Note #7 under Planting Notes Key (LP-11) mentions "Terrasorb" but its N-P-K ratio is not provided. All references to fertilizers should match.
 - a. Staff suggest revising the Fertilizer references as our local South Florida soils are high in Phosphorus.
 - b. Please conduct a site soil analysis to determine the appropriate fertilizer regiment as our soils in the City of Plantation lack certain elements for establishment.

Note:

- A. Please Resolve Comments #1-4 (Site Plan) and #1-4 (Planting Plan) prior to City Council
- B. Please Resolve Comments #5-9 (Planting Plan) prior to Permit

ENGINEERING: Engineering Has no objection

1. The stormwater management regulation for this property is subject to the regulations of the Old Plantation Drainage District in addition to Chapter 9 of City of Plantation Land Development Code. Please ensure that the stormwater management design adheres and meets both regulations. Drainage calculations need to be provided to justify the pipe sizing and adequacy of the system to serve the site.
2. Please provide the proper pervious impervious calculations needed to adjust the stormwater utility fee for the property according to Article VII of Section 9-103 – stormwater Management Utility.
3. The stormwater management system for this stage of the development discharges into the overall midtown stormwater management system. Please provide a narrative identifying the stormwater management maintenance responsibility between Pulte homes and Midtown. Please provide any modification (if any) to the Unified Control Document.
4. Separate Developer Agreement shall be required for this development prior to Engineering permit.

Note:

- A. Please Resolve Comments _____ Prior to City Council Application
- B. Please Resolve Comments 1-4 Prior to Building Permit

BUILDING: No objections at this time.

FIRE: As to this site plan amendment to the master plan and site/elevation/landscape plan approval, the City of Plantation Fire Department has no objections with the affirmation that the applicant, by written reply and/or plan revision submittal, has satisfactorily addressed,

is in agreement, or will comply with Fire Department comments submitted in preceding Staff Reports for this PP20-0031 development review process.

POLICE: No objection to the Site Plan, Elevations, and Landscape Plan approval.

UTILITIES: No objection to the Site Plan, Elevations and Landscape Plan.

1. Rework of the gravity main along the eastern run is in progress, drawings submitted provide adequate separation of Utilities and place the gravity main at an acceptable distance from proposed buildings.
2. If approved and prior to any Building Permit being issued, the following must be provided:
 - Capacity charges must be paid in FULL for the entire project
 - \$500.00 review fee must be submitted to the Utilities Department
 - Water and Sewer Utilities plans must be submitted to the Utilities Dept. for review and approval
 - FDEP Water and Sewer permits must be approved
 - Utilities Agreement must be executed
 - Utilities Performance Bond must be posted
 - Utility Easements must be executed
 - Utilities inspection fees must be paid

Contact: Johnathan Adams if you have any questions, 954-414-7352

Note:

A. Please Resolve Comments 1-8 Prior to Building Permit

O.P.W.C.D.

1. Old Plantation Water Control District (OPWCD) may require a permit modification to the existing OPWCD permit. Please contact the District Office to discuss the proposed improvement.

WASTE MANAGEMENT:

1. An email was provided from Kay Hurley (WM Franchise Account Manager) acknowledging the request for blue bag service.

VI. EXHIBITS:

- A. Letter of Intent

**EXHIBIT A
LETTER OF INTENT**

July 21, 2021

Mr. Dan Holmes, Director
City of Plantation, Development Services
Planning, Zoning & Economic Development Department
401 NW 70th Terrace
Plantation, Florida 33317

RE: PULTE TOWNHOMES AT PLANTATION MIDTOWN SQUARE
SITE PLAN AMENDMENT NO. 1
CITY OF PLANTATION PROJECT NO. PP17-0006
CTA PROJECT NO. 15-0090

Dear Mr. Holmes,

As discussed at our Pre-Development meeting on October 30, 2020, our DRC meeting on December 22, 2020, and the Planning and Zoning hearing on July 6th, 2021, Pulte Home Company, LLC is purchasing the townhome portion of the Plantation Midtown Square site in order to develop 86 2-story townhomes. The development will be a fee simple project with 1,800 square foot lots. For City Council consideration, please find all revised sheets for the townhome project. For reference, we have also included the previously approved Overall Site Plan. Generally, the changes include the following:

- Replacement of the 94 3-story townhome unit development with a complete redesign for 86 2-story townhome units on fee simple lots
- Addition of a high-end, sophisticated amenity area, including a pool and restroom building and a dog park

We trust this submittal will allow the project to be reviewed by the City Council at the August 25th, 2021 meeting. As always, we look forward to working with the city staff for the successful approval and development of this project. If you have any questions or further comments, please do not hesitate to contact me at (954) 739-6400 or by email at jhandley@craventhompson.com.

Sincerely,

EXHIBIT D
Legal Description

TRACT "A", AMERICAN EXPRESS TRACT, ACCORDING TO THE PLAT THEREOF AS RECORDED IN PLAT BOOK 82, PAGE 35 OF THE PUBLIC RECORDS OF BROWARD COUTNY, FLORIDA.

SAID LANDS LYING IN THE CITY OF PLANTATION, BROWARD COUNTY, FLORIDA AND CONTAINING 1,088,649 SQUARE FEET (24.992 ACRES) MORE OR LESS.

EXHIBIT E
Waiver requests / applicant justification

ZONING

1. From: Section 27-743(1)(b). Which requires a 20-foot-deep by 22-foot-wide (two car) garage for townhome units of three bedrooms or more.
To: Reduce the garage size for 32 end units to a 19.3' wide by 19.6' deep (two car) garage; and
To: Reduce the garage size for 54 interior units to a 10.7' wide by 19.3' deep (one car) garage.

Applicant Justification:

The Code requires two side-by-side driveway spaces plus one fully enclosed garage space 20 feet deep by 22 feet wide. The code does not stipulate that the larger garage was to provide 2 parking spaces. The previous townhome development was approved counting the garage as one space and providing 3 spaces per unit. The applicant is requesting a waiver for 19.33' wide by 19.66' deep for 32 units and a 13.2' wide, narrowing down to 10.75' by 19.3' deep garage for 54 units of three bedrooms or more. Two side-by-side driveway spaces are being provided for all units. In the Grayton unit, the water heater is recessed. The Seacrest units have added storage inside under the stairs and the water heater is tucked in a corner which gives room for garbage, etc. Both units have AC equipment inside, not in garage. Because we provide for nooks and storage inside, people can both park car and put extra stuff in garage or storage areas. Please see attached exhibit demonstrating that 2 vehicles can utilize the larger garage.

Staff response: *The requested reduction in garage size effectively reduces the number of spaces available for a 3-bedroom unit from 4 to 3 for garage (1 in the garage and two in the driveway) for 54 of the 86 units has the potential to create a parking shortage for the neighborhood.*

2. From: Section 27-743(1)(b), which requires 4 parking spaces per 3-bedroom townhome for a total of 366 spaces (for the townhome parcel only).
To: Reduce the required parking to 333 spaces (a 9% reduction).

Applicant Justification: *Staff has interpreted this requirement to equate to 4 spaces per unit which would equate to 344 spaces plus 22 guest spaces for a total parking requirement of 366. We disagree with staff's interpretation of the code as the previous townhome development was approved with 3 units provided per unit. Thirty-two units have a garage that can accommodate 2 cars, even though the size is slightly smaller than the code required garage dimensions. Please see exhibit on Sheet SPE-3 demonstrating that 2 vehicles can utilize the larger garage. Fifty-four units have a one-car garage. These are only the interior units. The proposed site plan includes a total of 333 spaces which, utilizing the 4 spaces per unit assumption, would have a parking deficit of 33 spaces. The reduction would result in a provided parking ratio of 3.62 cars per unit plus .25 guest spaces per unit. In a review of*

municipalities in Broward and Palm Beach Counties, the Plantation parking ratio of 4 spaces per unit far exceeds the parking requirement of other South Florida municipalities. See below:

Municipality	Type of Product	Parking/Unit Req'd	Guest Parking
Plantation	Townhouse (3 bdrm)	4.0	.25/unit
Sunrise	Townhouse (3 bdrm)	2.5	.10/unit
Davie	Townhouse (3 bdrm)	2.5	.10/unit
Ft. Lauderdale	Townhouse	2.2	none
Lauderhill	Townhouse	2.25	none
Tamarac	Multi-family (2-3 bdrm)	2.0	10% guest
Broward County	Townhouse	2.0	.20/unit

Staff response: Initially, the one car garages were not accessible if any vehicle was parked in the driveway. The garage doors of the one car garage interior units have been shifted to reduce the access conflict; the interior of the neighborhood will remain 54 spaces below code. Six parallel spaces have been provided in the right-of-way exterior to the site which may be counted as 12 spaces for code consideration resulting in a 9% reduction below code overall.

3. From: Section 27-624(b)(1)(i). Which requires a minimum lot size for residential use of 2,000 square feet.
To: Reduce the required lot size to 1,800 square feet (20' wide x 90' long).

Applicant Justification:

The units are 20' wide, which meet the minimum width, however the lots are only 90 feet deep instead of 100 feet deep.

Staff response: While the lot width meets the code minimum, it provides for little or no landscaping in the front of the units given the two car driveways cover 18' of the proposed 20' lot width. While an increase in lot width would visually improve the aesthetic of the neighborhood, a reduction in the depth of the lot will have less impact. The previous site plan provided for townhome units 22' in width.

4. From: Section 27-624(c)(1)(i) and 27-626(b)(1), which requires the primary building orientation be towards the highest classified street - NW 82nd Avenue (a.k.a. American Expressway).
To: Allow the rear of the units to face NW 82nd Avenue (a "B" street).

Applicant Justification:

While Pulte's consumer inspired plans are front loaded, that is the garage and front door is located on the front elevation which faces the internal roadways, the plans have been designed to meet the aesthetic intent of the code by providing a useable rear covered porch, rear accent door and steps. Since the initial submittal, Pulte has redesigned the elevations have been significantly revised to reflect staff's comments including the incorporation of both gray and red brick, an additional

stucco color and standing seam metal roofs. In addition, the units were all moved closer to both NW 82nd Avenue and Cleary Boulevard to be within the 10-20 build-to-line. We have added steps on the porch to feel like a stoop as well as varying the porch roofs to vary between a shed and gable roof. We have also added columns flanking each unit entry with brick finishes. The combination of these design features provides the appearance of an orientation towards Cleary Boulevard and NW 82nd Avenue for all abutting lots.

Staff response: The applicant has changed the rear elevations of the units fronting NW 82nd Avenue (a.k.a. American Expressway) and Cleary Boulevard to include a stoop and covered porch which is more in keeping with the Midtown design element than the standard prototype. Staff concurs and supports this waiver.

5. From: Section 27-624(c)(2)(1)(c), which requires a *minimum* setback of 40 feet from a “C” street (Cleary Boulevard).
To: Reduce the setback on Cleary Boulevard (C street) to a 10- to 20-foot “build to” zone.

Applicant Justification:

The proposed setbacks range from 10’ – 20’. We are utilizing a build-to approach on Cleary Boulevard in order to provide more of an urban feel on the perimeter and further the intent of the code. This provides continuity with the eastern side of the development along NW. 82nd Avenue and meets the B-Street design criteria.

Staff response: Staff concurs and supports this waiver.

6. From: Section 27-742E, which requires two-way access aisles to be a minimum of 25 feet.
To: Reduce the drive aisle width from 25 feet to 24 feet two-way access.

Applicant Justification:

A twenty-four-foot drive aisle has been shown to be of a sufficient width on numerous developments that have received this waiver.

Staff response: Staff concurs.

7. From: Section 27-747, which requires 2 loading zones (12’ by 45’) for the community.
To: Eliminate the loading zone requirement for the townhome community.

Applicant Justification:

This waiver was approved on the previous townhome development. Typical loading/unloading will only occur at the unit at time of moving. As is standard for townhome development, the loading/unloading will occur at the townhome unit.

Staff response: Staff concurs.

8. From: Section 27-624(c)(1)(ii)b, which requires that 50% of the lot frontage on a “B” street to have the building placed within the 10’ to 20’ build-to-zone.
To: The site plan provides for 160’ of the building porches to be located within the build-to-zone (22%).

Applicant Justification:

Accommodating the required retention lake area in front of Shalimar East, building separation requirement between the townhomes, and gracious landscaped north east corner of the development have all provided a more comfortable and appealing pedestrian experience along NW 82nd Avenue (a.k.a. American Express Way). The lot width along NW 82nd Avenue is 986.12 feet. The Pulte Townhomes occupy approximately 360 feet or 36% of the lot width.

Staff response: *Staff calculates the building placement in the build-to-zone at approximately 22%. The applicant has calculated the waiver based on the unit width; however, the unit does not fall within the build-to-zone.*

9. From: Section 27-626(b)(3)(iii). Which requires that buildings roofs shall be clay or cement barrel, s-shaped or mission tiles.
To: Allow flat concrete tile roofs.

Applicant Justification:

The architectural plans have been revised to incorporate metal accent roofs as allowed by Section 27-626(b)(3)(ii). We have retained the Flat tile roof as it is more in keeping with the modern elevations we are proposing and will allow for distinct yet complimentary architecture among the buildings contained in the Plantation Midtown Square and the overall Midtown subdistrict. Further, utilizing both the flat tile and standing seam metal accent roofs as well as metal awnings provides for varied and interesting facades on all four sides of the buildings.

Staff response: *Staff concurs.*

10. From: Section 27-626(b)(5)(iv), which limits the height of fencing for all residential uses to a maximum height of forty-eight (48) inches.
To: Increase the fence height at the dog park location to 6 feet.

Applicant Justification:

The decorative fencing proposed at the dog park is 6 feet tall to prohibit any dogs from jumping the fence. All other street frontage fencing is 4 feet high.

Staff response: *Staff has no objection to the increased fence height; however, hedges must be planted on the outboard side the black vinyl coated chain link fence adjacent to NW 82nd Avenue (aka American Expressway.)*

11. From: Section 27-625(c)(1) which requires surface parking areas to be setback a minimum of 50 feet to a “B” street.

To: Reduce the surface parking setback to 10 feet.

Applicant Justification:

Applicant has oriented its parking internal to the site along the "B" street in all areas except the dog park. The parking adjacent to the dog park is intended to provide accessibility for all residents and provides the "typical" landscape terminal island of 10' in width.

Staff response: Staff concurs.

LANDSCAPING:

1. From: Section 13-41 (b). Landscape pedestrian landscape zones shall extend the full width of each façade which abuts a parking or vehicular use area with a minimum width of ten feet.

To: 0 ft provided in landscape pedestrian zones along the frontage of Buildings 1 through 16,

To: 4 ft 2 in (4' 2") provided along west side of Unit 60 Building 11.

Applicant's justification: *It is not practical to provide a landscape pedestrian zone, or the required trees, along the frontage of the townhome units with garages and front entrances. Landscape has been provided where appropriate. The average LPZ width of the west side of Unit 60 is 10' but narrows to 4'-2" at the northern end.*

Staff response: *This waiver is not supported by staff. It is not just practical; it is required to provide a landscape pedestrian zone with trees in front of the townhouse buildings. Other than some palm trees at specific driveway locations, there are no trees proposed in front of any of the 60 townhouse units.*

2. From: Section 13-40 (c)(1). No landscape area within a vehicular use area shall have any dimension less than 5 ft.

To: 4 ft provided between driveways of Units 3 & 4, 13 & 14, 19 & 20, 29 & 30, 39 & 40, 45 & 46, 51 & 52, 57 & 58, 63 & 64, 69 & 70, 83 & 84.

Applicant's justification: *We have widened the driveways at the ends of the buildings in order to widen the majority of the landscape strips to 6 feet, which will allow the planting of palm trees. The remaining strips can only be 4 feet in order to provide the minimum 18-foot width of the drive to accommodate two parking spaces. This is also the location of the light pole. This occurs in the center of each 6-unit buildings as noted. It should be noted that the previous townhome development was approved with no landscape strips in the front of the townhomes.*

Staff: Staff has no objections to this waiver.

3. From: Section 13-40 (e). Landscape areas in all vehicular use areas shall be curbed to provide landscape protection.

To: No curbing provided along landscape strips between driveways in front of all townhouse units.

Applicant justification: The requirement for the curbing, in the front of a townhome unit, is not practical as the curbing will reduce the amount of landscaping even further and is not normally used for townhome units. It is the same as the side of the driveway that is not curbed. There are 2 instances for each 4-unit building and 3 instances for each 6-unit building. The request is for all buildings, numbers 1 – 16.

Staff: Staff has no objections to this waiver.

4. From: Section 13-40 (c). One tree shall be installed in the landscape pedestrian zone per each 30 lineal ft of façade width.

To: One tree provided per 40 lineal ft in the landscape pedestrian zones between buildings 1 & 2, 3 & 4, 4 & 5, 6 & 7, 7 & 8, 9 & 10, 10 & 11, 12 & 13, 13 & 14.

Applicant's justification: The townhome buildings are 20' apart and 55' long. This would require 4 trees to be placed within the small area of 1,100 SF for the sides of the buildings. Practically, we can place 3 trees between the buildings for the trees and palms to have room to grow and to not be in conflict with each other or the building walls.

Staff: Staff has no objections to this waiver.

DEVELOPMENT ORDER
CITY COUNCIL
CITY OF PLANTATION, FLORIDA

DATE OF HEARING BEFORE CITY COUNCIL: August 25, 2021

PROJECT # PP20-0031

PROJECT NAME & ADDRESS: Pulte Townhomes at Plantation Midtown Master Plan Modification, Site Plan, Elevation and Landscape Plan – 8361 NW 7th Place (formerly 777 American Expressway).

OWNER / APPLICANT: Plantation 25, LLC. / William Laystrom, Esq.

TYPE OF APPROVAL SOUGHT: The applicant is requesting Master Plan modification, Site Plan, Elevation, and Landscape Plan approval to allow 86 townhomes for the property located at 8361 NW 7th Place (formerly 777 American Expressway), Plantation, Florida.

REQUEST: Section 27-50 of the Code which requires City Council approval of site plan amendments that are not considered minor in nature.

THIS MATTER came on to be heard before the City Council of the City of Plantation, Florida on the date of hearing stated above. The City Council having considered the approval sought by the applicant and heard testimony from the applicant, members of city administrative staff and the public finds as follows:

1. Application for the approval sought was made by the Applicant in a manner consistent with the requirements of the City's Land Development Regulations.
2. The Site Plan, Elevation and Landscape Plan approval sought is consistent with the City of Plantation Comprehensive Plan and will be developed consistent with and in compliance with all applicable land development regulations and all other applicable regulations and ordinances as set forth in the Code of Ordinances of the City of Plantation, with the exception of relief granted.
3. The Applicant's application is hereby
☐ GRANTED
☐ GRANTED subject to the conditions referenced in paragraph 5 hereof.
☐ DENIED
4. This Order shall take effect immediately upon filing with the City Clerk.

5. List of Conditions of Approval:

PLANNING & ZONING:

In General:

1. The development of this project must be consistent with the Plans entitled "PULTE TOWNHOMES AT PLANTATION MIDTOWN SQUARE", and stamped "Received JUL 22 2021 Planning, Zoning and Economic Development", except as modified by conditions of approval.
2. The terms and conditions contained in the Development Review Committee reports (December 22, 2020, May 11, 2021) and Planning and Zoning (July 6, 2021) remain in full force and effect.
3. Approval of eleven (11) zoning waivers from Chapter 27 of the City Code and five (5) landscape waivers from Chapter 13 of the City Code as shown in Exhibit E.
4. Modifications to window, roofs, paint and other material elements and finishes are not permitted without Zoning approval.
5. No building permit will be issued for this project until all conditions of approval are complied with and reflected in the plans submitted with the building permit application.
6. The proposed project is subject to all codes and ordinances of the City of Plantation and all other applicable regulatory agencies.
7. The building permit application must be submitted within 12 months of City Council or the approval will expire.

Planning:

1. Payment of City Impact Fees in the amount of \$2,906.87 for each unit is required at time of building permit, as adjusted annually (Sec. 19-85/86).

Note:

- A. Please Resolve Comments 1 Prior to Building Permit

Zoning:

In General:

1. Any new or amended unified control documents, cross access agreements, operating agreements or restrictive covenants will require review and approval by the City Attorney. A trust account with a minimum deposit of \$2,500 for attorney review is required. Recordation is required prior to issuance of development permits.
2. Homeowner association documents shall be reviewed and approved by the City Attorney prior to issuance of a building permit.
3. Within the Homeowner association documents, please include language that prohibits garage conversions and exterior storage structures. Lastly, state: No fencing, shrubbery, or like obstruction are permitted between individual properties/units in rear yards. Allow up to 8 weeks for City Attorney review to avoid any delay in permit approval. NOTE: Prior to the issuance of the first Certificate of Occupancy (CO), the HOA documents must be recorded.

Easement:

4. Prior to issuance of a certificate of occupancy (CO), easement dedications to implement the site plan must be completed.

Site Plan:

5. The construction of the six (6) off-street parallel parking spaces must match the concrete curbing and outline in color and design to spaces adjacent to the Lakeside and Manor developments found along NW 82nd Avenue.

Details:

6. Prior to building permit submittal, please obtain an approved "Paint Color Approval and Agreement" form from the Zoning Department.

Signage:

7. Please note signage is not part of this approval. Remove the ground signs from the submittal. All final signage sizes, quantities, locations, fabrication, and installation details are to be done under a

separate approval process. Review Chapter 22 of the City Code as only two ground signs are permitted for the entire development (not for the townhouse community component).

Waivers:

8. Zoning waivers with justification and staff responses are attached in Exhibit "E".

Note:

- A. Please Resolve Comments 5-6 Prior to Permit
- B. Please Resolve Comments 1-3 Prior to Certificate of Occupancy (CO)

LANDSCAPING:

In General:

- a. The applicant may be required to execute a developer agreement and post security for all engineering and landscaping related improvements at time of permitting.
- b. This review is preliminary. Full landscape plan & approval is required at time of permitting.
- c. All site plan and planting plan comments from the Department of Public Works - Environmental Landscape Division must be responded to in writing. Please attach a copy of the written responses to each landscape plan review comment to sheet OLP.

Site Plan:

- 1. Section 13-40 (c) states that one tree shall be installed every 30 lineal feet. Please request a waiver to plant 1 tree every 40' in lieu of the code required every 30' which is less of an impact to the site's overall tree canopy as your previous waiver proposal of every 60'. *Landscape waiver has been requested.*
- 2. Section 13.40(c)(1) states that no landscaped area shall have any dimension less than 5'. You are proposing 4' wide landscape strip in some locations. *Landscape waiver has been requested.*
- 3. Section 13-41 (b) requires landscape pedestrian zones (LPZ) to extend the full width of each façade abutting a parking or vehicular use area; the minimum width shall be measured from the base of the building and shall relate to the adjacent structure's wall height. (Paved areas in the LPZ may not constitute more than 5' of required LPZ). Provide the roof overhang and all upper floor porches and ground floor slabs on the landscape plans. These areas cannot conflict with proposed or City code required plantings. The required LPZ has not been provided in some locations. *Landscape waiver has been requested.*
- 4. Section 13-40(e) requires landscape areas in all vehicular use areas shall be curbed to provide landscape protection. Please provide a full 6"x18" Type D curb or root barriers of a 0.085 thick polypropylene at a minimum depth of 24" where large shade trees are to be planted within 10' of paved areas (i.e., planting islands, medians, etc.). Curbing is not proposed along landscape strips in front of townhome units. *Landscape waiver has been requested.*

Planting Plan:

- 1. Staff still has reservations in respect to the proximity of proposed paving, curbing, etcetera within the dripline of existing trees. An Arboricultural assessment to determine potential impacts the proposed pavement, curbing etc. will have on the critical root systems would suffice. Due to the fact even minor damage to roots within the Critical Root zone can cause Root decay and ultimately whole tree failure, staff is assisting to avoid potential tree removal requests and loss of mature canopy in some of the meandering walkways adjacent to Cleary Blvd. by avoiding cutting roots within 10' of their trunks. Tree numbers 547, 646, and 600 still show the sidewalks within 5' or less of the trunks. Please propose suspended, bridged and(or) cantilevered walkways along the affected sections of walkways to prevent severe damage to the critical root system of these trees. Having an ISA Certified Arborist monitor the walkway work to determine impacts on roots during construction will not satisfy this requirement.
- 2. Due to staff concerns about potential issues with the maintenance and health of Royal and Phoenix palms, please provide a dedicated note on sheet LP-12 that states the following: (1) Royal and Phoenix palms shall be maintained on a regular basis to prevent nutritional deficiencies and limit the falling of flowering and fruiting parts, and declining, diseased and dead fronds. Tree trimming permit applications shall be submitted to the Public Works Environmental Landscaping Division; and

- (2) Tree removal permits for Royal and Phoenix palms will not be considered in the future by the Division for health or safety reasons caused by mismanagement of the palms or unsuitability of the palms due to palm size and frond drop.
3. Remove Modular Tree Vault System detail on LP-11 if you are not proposing to install tree vaults.
 4. Please mark the locations of the proposed structural soil installations for each instance it is used, so they can be inspected during the Final Landscape Inspection.
 5. The pre-planting meeting note (Note # 7 on LP-11) must be updated to state that the contact shall be Matt Rogers, Public Works Environmental Landscaping Division, at 954-797-2704.
 6. Under City Planting Criteria (sheet LP-12), remove references to Department of Landscape Architecture and Department of Design, Architecture and Construction and replace with Public Works Environmental Landscaping Division. Similarly, remove references to phone number 954-585-2360 and replace with 954-414-7395.
 7. Please provide irrigation plans prior to permitting.
 8. Sheet TD-2 shows trees on the Pulte project site with tree numbers in the 100s, 200s and 300s that are not listed in the Tree List on TD-6 (trees in this list start with tree number 430). Please provide the TD sheet(s) that include all trees on the Pulte site.
 9. Please propose a fertilizer(s) with lower phosphorus than the 20-20-5 shown on LP-2 (Note #4) and LP-12 (Note #6). Note #12 (LP-11) gives a different formulation, while Note #7 under Planting Notes Key (LP-11) mentions "Terrasorb" but its N-P-K ratio is not provided. All references to fertilizers should match.
 - a. Staff suggest revising the Fertilizer references as our local South Florida soils are high in Phosphorus.
 - b. Please conduct a site soil analysis to determine the appropriate fertilizer regiment as our soils in the City of Plantation lack certain elements for establishment.

Note:

- A. Please Resolve Comments #1-4 (Site Plan) and #1-4 (Planting Plan) prior to City Council
- B. Please Resolve Comments #5-9 (Planting Plan) prior to Permit

ENGINEERING: Engineering Has no objection

1. The stormwater management regulation for this property is subject to the regulations of the Old Plantation Drainage District in addition to Chapter 9 of City of Plantation Land Development Code. Please ensure that the stormwater management design adheres and meets both regulations. Drainage calculations need to be provided to justify the pipe sizing and adequacy of the system to serve the site.
2. Please provide the proper pervious impervious calculations needed to adjust the stormwater utility fee for the property according to Article VII of Section 9-103 – stormwater Management Utility.
3. The stormwater management system for this stage of the development discharges into the overall midtown stormwater management system. Please provide a narrative identifying the stormwater management maintenance responsibility between Pulte homes and Midtown. Please provide any modification (if any) to the Unified Control Document.
4. Separate Developer Agreement shall be required for this development prior to Engineering permit.

Note:

- A. Please Resolve Comments _____ Prior to City Council Application
- B. Please Resolve Comments 1-4 Prior to Building Permit

BUILDING: No objections at this time.

FIRE: As to this site plan amendment to the master plan and site/elevation/landscape plan approval, the City of Plantation Fire Department has no objections with the affirmation that the applicant, by written reply and/or plan revision submittal, has satisfactorily addressed, is in agreement, or will comply with Fire Department comments submitted in preceding Staff Reports for this PP20-0031 development review process.

POLICE: No objection to the Site Plan, Elevations, and Landscape Plan approval.

UTILITIES: No objection to the Site Plan, Elevations and Landscape Plan.

1. Rework of the gravity main along the eastern run is in progress, drawings submitted provide adequate separation of Utilities and place the gravity main at an acceptable distance from proposed buildings.
2. If approved and prior to any Building Permit being issued, the following must be provided:
 - Capacity charges must be paid in FULL for the entire project
 - \$500.00 review fee must be submitted to the Utilities Department
 - Water and Sewer Utilities plans must be submitted to the Utilities Dept. for review and approval
 - FDEP Water and Sewer permits must be approved
 - Utilities Agreement must be executed
 - Utilities Performance Bond must be posted
 - Utility Easements must be executed
 - Utilities inspection fees must be paid

Contact: Johnathan Adams if you have any questions, 954-414-7352

Note:

- A. Please Resolve Comments 1-8 Prior to Building Permit

O.P.W.C.D.

1. Old Plantation Water Control District (OPWCD) may require a permit modification to the existing OPWCD permit. Please contact the District Office to discuss the proposed improvement.

WASTE MANAGEMENT:

1. An email was provided from Kay Hurley (WM Franchise Account Manager) acknowledging the request for blue bag service.

Issuance of this development order by the City does not create any right on the part the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the City for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. All other applicable state or federal permits must be obtained before commencement of the development.

No permit, license or certification can be issued until the challenge period has expired and no challenge has been made. Unless otherwise extended by the City Council, if a permit, license or certification has not been obtained on or before May 26, 2022, the Sign Special Exception approval will expire and become null and void.

RECORD ENTRY:

I HEREBY CERTIFY that the Original of the foregoing signed Development Order was received by the Office of the City Clerk and entered into the Public Record this ____ day of _____, 2021.

April Beggerow, City Clerk

AERIAL MAP

This map shows the subject properties, which are highlighted in blue with a grid pattern. The properties are located between NW 82nd Ave and NW 84th Ave, and between NW 87th St and NW 88th St. The map includes various zoning designations such as PRD-100, PRD-12.54Q, PRD-16Q, PRD-18.25Q, PRD-25Q, B-7Q, and M-PM. Other features include Cleary Blvd, Cleary Ct, and Cleary Way. The map also shows the city limit and surrounding streets like NW 86th Ave, NW 87th Ave, NW 88th Ave, NW 89th Ave, NW 90th Ave, NW 91st St, NW 92nd St, NW 93rd St, NW 94th St, NW 95th St, NW 96th St, NW 97th St, NW 98th St, NW 99th St, NW 100th St, NW 101st St, NW 102nd St, NW 103rd St, NW 104th St, NW 105th St, NW 106th St, NW 107th St, NW 108th St, NW 109th St, NW 110th St, NW 111th St, NW 112th St, NW 113th St, NW 114th St, NW 115th St, NW 116th St, NW 117th St, NW 118th St, NW 119th St, NW 120th St, NW 121st St, NW 122nd St, NW 123rd St, NW 124th St, NW 125th St, NW 126th St, NW 127th St, NW 128th St, NW 129th St, NW 130th St, NW 131st St, NW 132nd St, NW 133rd St, NW 134th St, NW 135th St, NW 136th St, NW 137th St, NW 138th St, NW 139th St, NW 140th St, NW 141st St, NW 142nd St, NW 143rd St, NW 144th St, NW 145th St, NW 146th St, NW 147th St, NW 148th St, NW 149th St, NW 150th St, NW 151st St, NW 152nd St, NW 153rd St, NW 154th St, NW 155th St, NW 156th St, NW 157th St, NW 158th St, NW 159th St, NW 160th St, NW 161st St, NW 162nd St, NW 163rd St, NW 164th St, NW 165th St, NW 166th St, NW 167th St, NW 168th St, NW 169th St, NW 170th St, NW 171st St, NW 172nd St, NW 173rd St, NW 174th St, NW 175th St, NW 176th St, NW 177th St, NW 178th St, NW 179th St, NW 180th St, NW 181st St, NW 182nd St, NW 183rd St, NW 184th St, NW 185th St, NW 186th St, NW 187th St, NW 188th St, NW 189th St, NW 190th St, NW 191st St, NW 192nd St, NW 193rd St, NW 194th St, NW 195th St, NW 196th St, NW 197th St, NW 198th St, NW 199th St, NW 200th St, NW 201st St, NW 202nd St, NW 203rd St, NW 204th St, NW 205th St, NW 206th St, NW 207th St, NW 208th St, NW 209th St, NW 210th St, NW 211th St, NW 212nd St, NW 213rd St, NW 214th St, NW 215th St, NW 216th St, NW 217th St, NW 218th St, NW 219th St, - Please print/type application clearly. Incomplete or illegible applications will not be accepted.
- A fee calculation form with filing fee must be submitted prior to submittal of a development review application pursuant to Ordinance# 2397.
- Submittals must be made prior to agenda closing dates indicted on the "Schedule of Meetings". Any incomplete or late submittals may be rescheduled to the next available meeting.
- The application must be signed by the property owner and notarized.
- If the property owner authorizes an agent, the application must be signed by the agent and notarized.
- An owner or authorized agent must be present at each meeting for the application to be considered.
- Zoning decision approval, as defined in Section 27-6 of the Code of Ordinances, shall be initially valid for a period of time not to exceed twelve (12) months from the date the decision is made. If the rights granted by the zoning decision are not exercised in the aforesaid twelve-month period of time by an application for a building permit to meet the requirement of Section 302.1 of the Florida Building Code, the decision shall become null and void. The City Council may extend this time period for one (1) additional extension not to exceed six (6) additional months for good cause demonstrated prior to the expiration of the period of initial validity.

**RE: PULTE TOWNHOMES AT PLANTATION MIDTOWN SQUARE
SITE PLAN AMENDMENT NO. 1
CITY OF PLANTATION PROJECT NO. PP17-0006
CTA PROJECT NO. 15-0090**

Dear Mr. Holmes,

As discussed at our Pre-Development meeting on October 30, 2020, our DRC meeting on December 22, 2020, and the Planning and Zoning hearing on July 6th, 2021, Pulte Home Company, LLC is purchasing the townhome portion of the Plantation Midtown Square site in order to develop 86 2-story townhomes. The development will be a fee simple project with 1,800 square foot lots. For City Council consideration, please find all revised sheets for the townhome project. For reference, we have also included the previously approved Overall Site Plan. Generally, the changes include the following:

- Replacement of the 94 3-story townhome unit development with a complete redesign for 86 2-story townhome units on fee simple lots
- Addition of a high-end, sophisticated amenity area, including a pool and restroom building and a dog park

We trust this submittal will allow the project to be reviewed by the City Council at the August 25th, 2021 meeting. As always, we look forward to working with the city staff for the successful approval and development of this project. If you have any questions or further comments, please do not hesitate to contact me at (954) 739-6400 or by email at jhandley@craventhompson.com.

**RE: PULTE TOWNHOMES AT PLANTATION MIDTOWN SQUARE
PZB STAFF REPORT COMMENT RESPONSE LETTER
CITY OF PLANTATION CASE NUMBER PP20-0031
CTA PROJECT NO. 15-0090**

Dear Mr. Holmes:

Below are responses to the comments of the staff report issued for the July 6th, 2021 Planning and Zoning Board hearing. We trust that these responses, along with the revised plans, will allow the project to proceed to the City Council. In addition, we have included a revised Phasing Plan for Plantation Midtown Square. The changes proposed are completely within the Townhome project. The changes included:

- Update the plan to show the current configuration of the Townhome development
- Update of the sub-phases within the Townhome development from four to nine.
- Update of the language regarding phasing within the Townhome development.

Our responses to the PZB Staff report comments are as follows:

STAFF COMMENTS - PLANNING & ZONING:

Gayle Easterling – geasterling@plantation.org

Shawn Lamey - slamey@plantation.org

Overall:

Comment No. 1: Staff has some concern about the removal of the previously approved site amenities which included a community pool and cabana. Staff recommends the previously planned recreational amenity (pool & cabana) remain a required component of the site plan.

Response: While the applicant continues to believe that today's market prefers lower monthly maintenance fees, the Applicant has incorporated a pool and cabana into the development plan.

CRAIG THOMPSON

& ASSOCIATES INC.

Landscape Architects

3563 NW 53rd Street
Fort Lauderdale, FL 33309-6311
Phone: (954) 739-6400
Fax: (954) 739-6409

Comment No. 2: Update and provide the entire submittal in PDF format on a CD, flash drive, or other means of electronic transfer. Submittal shall be separated into folders (e.g. site plan, elevations, landscape, civil, etc ...). Comment acknowledged by the applicant.

Response: Acknowledged

Comment No. 3: The applicant is requesting eleven (11) zoning waivers. See Exhibit E for waiver justifications and responses.

Response: Acknowledged.

Comment No. 4: When responding to staff comments, please "bubble" plan changes and specify the page number corrected in the written responses. This will help shorten staff review of revised plans. Comment acknowledged by the applicant.

Response: Acknowledged. All revised sheets have been "Bubbled".

Comment No. 5: The applicant is responsible for payment of City impact fees at the time of permitting. Comment acknowledged by the applicant.

Response: Acknowledged

Comment No. 6: Any new or amended unified control documents, cross access agreements, operating agreements or restrictive covenants will require review and approval by the City Attorney. A trust account with a minimum deposit of \$2,500 for attorney review is required. Recordation is required prior to issuance of development permits. Comment acknowledged by the applicant prior to permit.

Response: Acknowledged.

Comment No. 7: Homeowner association documents shall be reviewed and approved by the City Attorney prior to issuance of a building permit. Comment acknowledged by the applicant.

Response: Acknowledged.

Comment No. 8: Within the Homeowner association documents, please include language that prohibits garage conversions and exterior storage structures. Also include what type of amenities /accessory structures will be permitted for individual unit owners (such as fencing, patio screen enclosures, trellises, etc.) and address the material, color, and locational limitations for these uses. Lastly, state: No fencing, shrubbery, or like obstruction permitted between individual properties/townhomes in rear yards. Allow up to 8 weeks for City Attorney review to avoid any delay in permit approval. NOTE: Prior to the issuance of the first Certificate of Occupancy (CO), the HOA documents must be recorded. Comment acknowledged by the applicant.

Response: Acknowledged.

Comment No. 9: Additional comments may be generated based on the resubmittal. Comment acknowledged by the applicant.

Response: Acknowledged.

Easements:

Comment No. 10: Confirm whether easements are required or will need to be vacated in order to implement the site plan proposal. Prior to issuance of the Certificate of Occupancy (CO) any vacations of easements must be completed. Please contact the Engineering Department regarding the vacations of easements. Applicant states no easements to be vacated; however, easements will be dedicated once utilities installed.

Response: Acknowledged.

Site Plan:

Comment No. 11: Cleary Boulevard is a C-street which requires a 40' setback to any structure per Section 27-624(c)(2)(1)(c). A waiver has been requested. Staff supports the waiver request which will allow the B-street design on NW 82nd Avenue (a.k.a. American Expressway) on the east side of the project to continue on the north street side (on Cleary Boulevard).

Response: Acknowledged.

Comment No. 12: Section 27-624(b)(1)(i) requires minimum lot area of 2,000 square feet for residential uses. The applicant has requested a waiver to allow an 1,800 square foot lot. A waiver will be requested per the applicant.

Response: The units are 20' wide, which meet the minimum width, however the lots are only 90 feet deep instead of 100 feet deep.

Comment No. 13: The building as designed does not meet Section 27-624(c)(1)(i) & 27-626(b)(1) which requires buildings to have their primary orientation towards the highest classified street on NW 82nd Avenue (a.k.a. American Expressway). A waiver has been requested by the applicant.

Response: While Pulte's consumer inspired plans are front loaded, that is the garage and front door is located on the front elevation which faces the internal roadways, the plans have been designed to meet the aesthetic intent of the code by providing a useable rear covered porch, rear accent door and steps. Since the initial submittal, Pulte has redesigned the elevations have been significantly revised to reflect staff's comments including the incorporation of both gray and red brick, an additional stucco color and standing seam metal roofs. In addition, the units were all moved closer to both NW 82nd Avenue and Cleary Boulevard to be within the 10-20 build-to-line. We have added steps on the porch to feel like a stoop as well as varying the porch roofs to vary between a shed and gable roof. We have also added columns flanking each unit entry with brick finishes. The combination of these design features provides the appearance of an orientation towards Cleary Boulevard and NW 82nd Avenue for all abutting lots.

Comment No. 14: Section 27-624(c)(1)(ii)b requires a minimum building width to be placed within the specified built-to-zone. For B-streets (NW 82nd Avenue a.k.a. American Expressway), a minimum of 50% of the lot width (352-feet based on a 704-feet of lot frontage) shall have the building placed within the 10 to 20-foot build-to-zone. The site plan provides for 160' of the building porches to be located within the build-to-zone. A waiver has been requested by the applicant.

Response: Accommodating the required retention lake area in front of Chelsea East, building separation requirement between the townhomes, and gracious landscaped north

east corner of the development have all provided a more comfortable and appealing pedestrian experience along American Express Way. The lot width along American Expressway is 986.12 feet. The Pulte Townhomes occupy approximately 360 feet or 36% of the lot width.

Comment No. 15: Maintain the 18' driveway width for the full length of the driveway. Eliminate the notches which require a curved maneuver to enter/exit the garage.

Response: Applicant has flared the pavement to provide a better planting area for landscaping. Flared areas provide sufficient room for maneuvering for entering and backing out of the garages.

Comment No. 16: Consider the addition of 6 parallel parking spaces in the right-of-way of NW 82nd Avenue (a.k.a. American Expressway) east of Building 9. Parallel spaces allow a "2 for 1" bonus towards the provided parking counts.

Response: The plans have been revised to add 6 parallel parking spaces within the right-of-way of NW 82nd Avenue as requested. The parking calculations have been revised to add 12 more provided parking spaces (2:1 bonus).

Floor Plans:

Comment No. 17: Section 27-743(l)(b) requires three-bedroom townhomes to provide a 22-foot wide by 20-foot deep (two car) garage. The applicant is providing a 13.2 foot wide by 19.3-foot deep (one car) garage. A waiver will be requested per the applicant. Staff objects to this waiver especially given the garage door for this interior unit type is not accessible if ANY vehicle is parked in the driveway (as the single garage door is centered in the two-car driveway).

Response: Staff has interpreted this requirement to equate to 4 spaces per unit which would equate to 344 spaces plus 22 guest spaces for a total parking requirement of 366. We disagree with staff's interpretation of the code as the previous townhome development was approved with 3 units provided per unit. Thirty-two units have a garage that can accommodate 2 cars, even though the size is slightly smaller than the code required garage dimensions. Please see exhibit on Sheet SPE-3 demonstrating that 2 vehicles can utilize the larger garage. Fifty-four units have a one-car garage. These are only the interior units. The proposed site plan includes a total of 333 spaces which, utilizing the 4 spaces per unit assumption, would have a parking deficit of 33 spaces. The reduction would result in a provided parking ratio of 3.62 cars per unit plus .25 guest spaces per unit. In a review of municipalities in Broward and Palm Beach Counties, the Plantation parking ratio of 4 spaces per unit far exceeds the parking requirement of other South Florida municipalities. See below:

Municipality	Type of Product	Parking/Unit Req'd	Guest Parking
Plantation	Townhouse (3 bdrm)	4.0	.25/unit
Sunrise	Townhouse (3 bdrm)	2.5	.10/unit
Davie	Townhouse (3 bdrm)	2.5	.10/unit
Ft. Lauderdale	Townhouse	2.2	none
Lauderhill	Townhouse	2.25	none
Tamarac	Multi-family (2-3 bdrm)	2.0	10% guest
Broward County	Townhouse	2.0	.20/unit

In addition, the garages of the interior units have been shifted to reduce the conflicts with parked vehicles.

Elevations:

Comment No. 18: Section 27-626(b)(3)(iii) requires that building roofs shall be clay or cement barrel, s-shaped or mission tiles. Charcoal colored flat cement tile is proposed. A waiver has been requested by the applicant. Staff has no objection to the waiver.

Response: The architectural plans have been revised to incorporate metal accent roofs as allowed by Section 27-626(b)(3)(ii). We have retained the Flat tile roof as it is more in keeping with the modern elevations we are proposing and will allow for distinct yet complimentary architecture among the buildings contained in the Plantation Midtown Square and the overall Midtown subdistrict. Further, utilizing both the flat tile and standing seam metal accent roofs as well as metal awnings provides for varied and interesting facades on all four sides of the buildings.

Parking and Loading:

Comment No. 19: Section 27-625(c)(1) requires surface parking areas to be setback a minimum of 50 feet to a "B" street. A 10-foot setback is proposed. The applicant has not requested a waiver.

Response: Applicant has oriented its parking internal to the site along the "B" street in all areas except the dog park. The parking adjacent to the dog park is intended to provide accessibility for all residents and provides the "typical" landscape terminal island of 10' in width.

Comment No. 20: Section 27-742(e) requires two-way access aisles to be a minimum of 25 feet. A waiver has been requested by the applicant. Staff has no objection to the waiver.

Response: A twenty-four foot drive aisle has been shown to be of a sufficient width on numerous developments that have received this waiver.

Comment No. 21: Section 27-747 requires 2 loading zones. A waiver has been requested by the applicant. Staff has no objection to the waiver.

Response: This waiver was approved on the previous townhome development. Typical loading/unloading will only occur at the unit at time of moving. As is standard for townhome development, the loading/unloading will occur at the townhome unit.

Comment No. 22: Section 27-743(1)b requires 366 parking spaces for the residential townhouse use with 321 parking spaces provided resulting in a 45 space (12%) reduction. A waiver has been requested by the applicant. While a 12% reduction in required parking may seem insignificant, staff has concerns that the limited access into the one car garages will create underutilized garage parking and result in an overall neighborhood parking shortage. The restricted access into the garage affects 54 of the proposed 86 units.

Response: With the addition of the six parallel spaces on NW 82nd Avenue, the parking provided is 333 spaces for a deficit of 33 spaces (11% reduction). We continue to believe that 4 spaces are not required for a townhome unit and is far above what is required for neighboring communities of a similar development pattern. The one-car garages have been shifted which reduces the restricted access to only 22 units of the proposed 86.

Lighting:

Comment No. 23: Provide post lighting on the rear columns facing NW 82nd Avenue (a.k.a. American Expressway) and Clearly Boulevard. Provide a contemporary fixture type (not required to match existing). This design element is found on all three residential projects on this side of the street.

Response: The post light has been added, as requested. The light is detailed on the plans. Applicant would like the ability to substitute the fixture, via administrative approval, if supply issues arise.

Details:

Comment No. 24: Finish all stoop columns with brick veneer in lieu of alternating brick and stucco columns.

Response: The stoop columns have all been revised to have brick veneer in lieu of alternating brick and stucco columns.

Comment No. 25: Fencing on NW 82nd Avenue (a.k.a. American Expressway) is limited to a maximum height of 4 feet. A waiver has been requested by the applicant for the dog park. Staff has no objection to the waiver; however, the picket fence proposed will not secure small pets. If the fence material is changed, staff recommends black vinyl coated chain link with clusia shrubs on the NW 82nd Avenue (a.k.a. American Expressway) frontage.

Response: Fencing has been revised to be 6' chain link, vinyl coated for the dog park.

Comment No. 26: Prior to building permit submittal, please obtain an approved "Paint Color Approval and Agreement" form from the Zoning Department. Comment acknowledged by the applicant.

Response: Acknowledged.

Signage:

Comment No. 27: Please note signage is not part of this approval. Remove the ground signs from the submittal. All final signage sizes, quantities, locations, fabrication, and installation details are to be done under a separate approval process. Review Chapter 22 of the City Code as only two ground signs are permitted for the entire development (not for the townhouse community component). Comment acknowledged by the applicant.

Response: The master developer, as part of the original approval for the entire site, submitted a master sign plan which reflected numerous signs, including a monument sign for the Townhome parcel. It is our understanding that more than 2 monument signs can be permitted for this site. All signs will be identified on a sign package for approval at a later date.

Note:

- A. Please Resolve Comments 1-4, 11-25, 27 Prior to City Council Submittal
- B. Please Resolve Comments 5-9 Prior to Permit
- C. Please Resolve Comments 10, 26 Prior to Certificate of Occupancy (CO)

LANDSCAPING COMMENTS:

In General:

Comment a: The applicant may be required to execute a developer agreement and post security for all engineering and landscaping related improvements at time of permitting.

Response: Acknowledged.

Comment b: This review is preliminary. A full landscape plan is required at time of permitting.

Response: Acknowledged.

Comment c: All site plan and planting plan comments from the Department of Public Works - Environmental Landscape Division must be responded to in writing. Please attach a copy of the written responses to each landscape plan review comment to sheet OLP.

Response: For the permit submittal, we will attach written comments and responses to OLP.

Site Plan:

Comment No. 1: Section 13-40 (c) states that one tree shall be installed every 30 lineal feet. Please request a waiver to plant 1 tree every 40' in lieu of the code required every 30' which is less of an impact to the site's overall tree canopy as your previous waiver proposal of every 60'. Landscape waiver has been requested.

Response: In accordance with the meeting on 5/12 with Indyli Brown, we have revised the waiver to propose 1 tree per 40 Linear feet. This means that in between the buildings, 3 trees are required. We also discussed the wall height and associated tree height. All of the three trees will be 12-14' height by 6' spread for trees and 14-18' overall height for palms.

Comment No. 2: Section 13.40(c)(I) states that no landscaped area shall have any dimension less than 5'. You are proposing 4' wide landscape strip in some locations. Landscape waiver has been requested.

Response: Acknowledged.

Comment No. 3: Section 13-41 (b) requires landscape pedestrian zones (LPZ) to extend the full width of each facade abutting a parking or vehicular use area; the minimum width shall be measured from the base of the building and shall relate to the adjacent structure's wall height. (Paved areas in the LPZ may not constitute more than 5' of required LPZ). Provide the roof overhang and all upper floor porches and ground floor slabs on the landscape plans. These areas cannot conflict with proposed or City code required plantings. The required LPZ has not been provided in some locations. Landscape waiver has been requested.

Response: Acknowledged.

Comment No. 4: Section 13-40(e) requires landscape areas in all vehicular use areas shall be curbed to provide landscape protection. Please provide a full 6"x18" Type D curb or root barriers of a 0.085 thick polypropylene at a minimum depth of 24" where large shade trees are to be planted within 10' of paved areas (i.e. planting islands, medians, etc.). Curbing is not proposed along landscape strips in front of townhome units. Landscape waiver has been requested.

Response: Acknowledged.

Planting Plan:

Comment No. 1: Staff still has reservations in respect to the proximity of proposed paving, curbing, etcetera within the dripline of existing trees. An Arboricultural assessment to determine potential impacts the proposed pavement, curbing etc. will have on the critical root systems would suffice. Due to the fact even minor damage to roots within the Critical Root zone can cause Root decay and ultimately whole tree failure, staff is assisting to avoid potential Tree removal requests and loss of mature canopy by suggesting a meandering pathway adjacent to Cleary Blvd. to avoid tree roots by 10' min. and suspended, bridged and(or) cantilevered pathways parallel to the entry drive aisle and N.W. 82 Ave. within 5' from proposed tree trunks may prevent severe damage to the critical root system.

Response: We have revised the sidewalks that lead from the porches to the Cleary Boulevard sidewalk, to meander as much as possible to avoid the existing trees. We have also shifted the proposed Oak trees along the southeast emergence access to be located at least 10' from the proposed D-curb and replaced them with Japanese Blueberry trees.

Comment No. 2: Staff has noted the selection of Royal palms adjacent the main egress streetscape to match the approved Royals along the main ingress, however please be advised that Royal palms should be planted away from areas where vehicles frequently travel and(or) pedestrians frequently walk. The weight of the Palm frond can create a dangerous

projectile upon descent thus causing significant bodily harm as well as damage to local structures.

Response: The Royal Palms proposed repeat the Royal Palms on the west side of the entry providing for an upscale, and uniform entrance landscape treatment. As for the fronds, the entire area will be maintained by the HOA so no fronds will be let to drop on the ground and will be pruned off of the palm during the regular maintenance cycle.

Comment No. 3: Please be advised that the "Arrival" and "Amenity" areas are high in pedestrian traffic. Thus, staff suggest in lieu of Phoenix sylvestris to utilize a species of palm without such densely spined petiole and venation as fallen Palm fronds would become problematic.

Response: We understand the concern with the spines of the Phoenix sylvestris palms but believe we have mitigated that concern with the height specified. All of the palms have a trunk height of at least 12 feet. Therefore, no fronds could come in contact with any pedestrians. The entire area will be maintained by the HOA so no fronds will be let to drop on the ground and will be pruned off of the palm during the regular maintenance cycle.

Comment No. 4: If the species selection of Phoenix sylvestris within the aforementioned areas is not substituted then the site should be evaluated due to susceptibility of local pathogens. A thorough soil analysis and fertilization regiment should be in place and referenced on plans at time of permitting to ensure establishment and sustainability.

Response: We have added Phoenix sylvestris maintenance notes to the Landscape Notes on Sheet LP-2 and are also found on landscape notes on sheet LP-12.

Comment No. 5: Please incorporate the applicable sight triangles on all landscape plan sheets to confirm that existing or new landscaping does not interfere with visibility.

Response: As discussed at the 5/12 meeting with Indyli Brown, no sight triangles are applicable to this project.

Comment No. 6: Please explain the omission of LP-1,3-5,7-9 from the Landscape plan set.

Response: These were omitted because they have already been approved as part of the Plantation Midtown Square project approval. The Townhome amendment does not affect those sheets.

Comment No. 7: Why can you not propose a small tree (Ligustrum or similar) in the 4' wide landscape strips where the light poles are to be erected? The current landscape plan is deficient in landscaping in front of townhouse units which is dominated by a sea of driveways.

Response: Ligustrum trees have been added per staff recommendations. See sheet LP-2.

Comment No. 8: Write the notation "FG/BB" in the specifications column for each proposed tree and palm species listed in the Plant Schedule.

Response: This note has been added to Sheet LP-2. Per our meeting with Indyli Brown on 5/12, this can be waived administratively if it is demonstrated that the plant material is not available as B&B, but only as container grown.

Comment No. 9: Adjust the height of Areca palms to 12' minimum if used to satisfy minimum landscape requirement instead of the code deficient range of 6-8'.

Response: The areca palms are not being used to satisfy any code requirement so the height has remained at 6-8'.

Comment No. 10: Please correct Note# 2 on Plan sheet LP-11 to show the contact person as Indyli Brown at (954) 414-7395.

Response: Note has been corrected.

Comment No. 11: Please provide irrigation plans prior to permitting.

Response: Acknowledged.

Comment No. 12: Category 1 trees are required in the parking islands where you have proposed Ilex.

Response: Category 1 trees have been added to the planting plan on islands where we are proposing Ilex. See sheet LP-2.

Comment No. 13: The TD and LPD sheets are missing from the submittal.

Response: The TD and LPD sheets were omitted because they have already been approved as part of the Plantation Midtown Square project approval. The Townhome amendment does not affect those sheets.

Comment No. 14: Draw (to scale) and label on the LP sheets the locations of the proposed tree vaults. If tree vaults are not proposed, remove the tree vault specifications from sheet LP-2.

Response: No tree vaults are proposed within the Townhome project.

Comment No. 15: Correct the following in the Plant Schedule:

- (a) BSX is omitted (but is proposed on the landscape drawing),
- (b) Staff does not recommend *Clusia rosea* - a tree notorious for producing annoying aerial roots and often weak trunks.
- (c) Staff does not condone removing the "boots" of cabbage palms - there is no aesthetic advantage and "debooting" tends to cause mechanical damage to the trunk. Please remove the term "slick" from the specifications,
- (d) Proposed spacing of *Liriope*, a groundcover, is insufficient to provide the 7 5% coverage required at the time of planting. Please correct.

Response: BSX is not identified in the drawings. *Clusia rosea* is a great tree for not producing leaf litter and is preferred by the client. Cabbage palms are no longer "debooted". *Liriope* is spaced at 12"x12"x12" oc. See landscape detail sheets.

Comment No. 16: Staff questions the need to fertilize newly planted trees and palms. If proposed, phosphorus should be minimized in keeping with the state's efforts to discourage its use.

Response: Acknowledged.

Note:

- A. Please Resolve Comments #1 (Site Plan); #1,3-5 (Planting Plan) prior to Final DRC Sign Off
- B. Please Resolve Comments #1-5 (Site Plan); #1-6 (Planting Plan) prior to P & Z Board Application.

- C. Please Resolve Comments #1-4 (Site Plan) and #1-7 (Planting Plan) prior to City Council
- D. Please Resolve Comments #8-16 (Planting Plan) prior to Permit

ENGINEERING COMMENTS:

Comment No. 1: The stormwater management regulation for this property is subject to the regulations of the Old Plantation Drainage District in addition to Chapter 9 of City of Plantation Land Development Code. Please ensure that the stormwater management design adheres and meets both regulations. Drainage calculations need to be provided to justify the pipe sizing and adequacy of the system to serve the site.

Response: A submittal was made to OPWCD on June 18th of this year for their review and approval.

Comment No. 2: Please provide the proper pervious impervious calculations needed to adjust the stormwater utility fee for the property according to Article VII of Section 9-103 - stormwater Management Utility.

Response: The data has been added to Sheet OSP-2.

Comment No. 3: The stormwater management system for this stage of the development discharges into the overall midtown stormwater management system. Please provide a narrative identifying the stormwater management maintenance responsibility between Pulte homes and Midtown. Please provide any modification (if any) to the Unified Control Document.

Response: Pulte is responsible for the on-site stormwater system. Midtown is responsible for the lake and common area drainage system.

Comment No. 4: Separate Developer Agreement shall be required for this development prior to Engineering permit.

Response: Acknowledged.

Note:

- A. Please Resolve Comments _____ Prior to City Council Application
- B. Please Resolve Comments 1-4 Prior to Building Permit

BUILDING COMMENTS:

No objection to site plan and elevations.

FIRE COMMENTS:

Reviews:

- Comments 1 - 8 on the Staff Report to the Review Committee meeting of December 22nd, 2020.
- Applicant response on April 13, 2021 submittal.

- Comment 9 and Fire Dept reply on the Staff Report to the Review Committee meeting of May 11, 2021.
- Applicant response on June 1, 2021 submittal.
- Fire Dept reply on the Staff Report to the Planning & Zoning Board meeting of July 6, 2021.

No objections as to this site/elevation/landscape plan approval with the understanding that the applicant and/or owner are aware of following City of Plantation Fire Department comments and will comply with each comment by affirming in written reply and/or plan submittal.

Comment No. 1: All aspects of fire and life safety shall comply with the current edition of the Florida Fire Prevention Code at time of permitting.

- * *Applicant response - Understood and agreed.*
- * *Fire Dept reply -- Complied.*

Response: Acknowledged.

Comment No. 2: A fire department access roadway shall be within 50' of any exterior door (that can be opened from outside and that provides access to the interior) and within 150' of any portion of an exterior wall (as measured by an approved route around the exterior) of the 1st floor for any new structure built upon this property. The installation of an automatic fire sprinkler system extends these measurements to 150' and 450', respectfully.

- * *Applicant response - It was clarified at the DRC meeting that the 50' requirement was for the front door of the unit. Please refer to the Fire Hose Exhibit on Sheet SPD-1 which graphically demonstrates compliance with the 150' requirement.*
- * *Fire Dept reply - As depicted by this submittal, it appears that areas on the exterior wall of the 1st floor of certain structures/buildings are not within 150' of the adjacent fire department access roadway, as measured by an approved route around the exterior and as the fire hose is deployed with consideration to the depicted landscape. Additionally, there are no covenants provided that would prevent a property owner from installing a fence, shrubbery, or like obstruction between their and neighboring properties.*
- * *Applicant response - Please see Sheet SPE-6 which demonstrates compliance for all of the buildings, which also shows the proposed landscaping. Also, please refer to the note on Sheet SP-2 which states that no fencing, shrubbery or like obstructions will be permitted in any side or rear yard. This will also be included in the Homeowner covenants.*
- * *Fire Dept reply- Complied.*

Response: Acknowledged.

Comment No. 3: Vehicle gates shall be motorized/automatic and shall comply with the City of Plantation Fire Dept's standard requirements.

- * *Applicant response - Understood and agreed.*
- * *Fire Dept reply- Complied.*

Response: Acknowledged.

Comment No. 4: Emergency vehicle access roadways shall have a turning radii of 50' outside and 38' inside, compliant with City of Plantation Engineering Dept standard. As depicted by the submitted plans, the following locations do not appear to comply:

- a. Interior northbound left turn to main access egress*
- b. Exterior westbound right turn to main access ingress*
- c. Main access egress right turn to exterior westbound*
- d. Main access egress left turn to exterior eastbound*
- e. Interior westbound left turn to NW 82nd Ave northbound*
- f. NW 82nd Ave northbound left turn to interior eastbound*
- g. NW 82nd Ave southbound right turn to interior eastbound*

** Applicant response - Arrival has been revised as well as egress of the site to show truck turning radius. See sheet SP-2.*

** Fire Dept reply- Complied.*

Response: Acknowledged.

Comment No. 5: Any one-way emergency vehicle access roadway shall have a minimum 16' width.

** Applicant response - All lanes now have a 16' min. one-way road. See sheet SP-2.*

** Fire Dept reply -Complied.*

Response: Acknowledged.

Comment No. 6: A sign, matching the specifications of the City of Plantation Fire Lane Signing & Marking standard, but with the following or like wording, shall be posted on each side of the entrance: "NO PARKING IS PERMITTED ON ANY NON-DESIGNATED PARKING SPACE".

** Applicant response - Understood and agreed.*

** Fire Dept reply - Complied.*

Response: Acknowledged.

Comment No. 7: Wording, approved by the Plantation Fire Dept, shall be included in the HOA and/or lease documents reflecting the following: vehicles must be parked in a designated parking space at all times; parking of vehicles on the street, along non-parking curbs, and on signed "NO PARKING" areas, is not permitted; guests are bound by same rules; any vehicle violating these rules will be removed (towed) from property.

** Applicant response - Understood and agreed.*

** Fire Dept reply - Complied.*

Response: Acknowledged.

Comment No. 8: Additional conditions may arise upon review of all required permitting plans.

** Applicant response - Understood and agreed.*

** Fire Dept reply - Complied.*

Response: Acknowledged.

Comment No. 9: Fire hydrants shall be on interior corner of roadway loop.

** Applicant response - The water and sewer plan sheets have been adjusted based upon our conference call and follow up emails to your desired locations.*

* Fire Dept reply - Complied.
Response: **Acknowledged.**

POLICE COMMENTS:

Comment No. 1: This project has agreed to install a License Plate Reader (LPR). The company they plan to use does not have software that is compatible to Vigilant software. The Police Department uses a Vigilant product. This would not allow for real time information to be shared with the Police Department. Make sure any company you plan to use has Vigilant software compatibility.

Response: **The applicant will use a reader that is compatible.**

Comment No. 2: There should be lighting installed on the columns by the pedestrian gates exiting the complex. This will improve the nighttime natural surveillance.

Response: **Lighting has been installed on the columns by the pedestrian gates.**

Comment No. 3: Otherwise, no objections to the Site Plan, Elevations, and Landscape Plan.

Response: **Acknowledged.**

Note:

A. Please Resolve Comment 2 Prior to City Council Application

UTILITIES COMMENTS:

No objection to the Site Plan, Elevations and Landscape Plan.

Plans look good conceptually. Lift Station location is approved at this location. Working with Engineer of Record to shift gravity main location on the eastern most north/south run of sanitary sewer. If approved and prior to any Building Permit being issued, the following must be provided:

Comment No. 1: Capacity charges must be paid in FULL for the entire project

Response: **Acknowledged.**

Comment No. 2: \$500.00 review fee must be submitted to the Utilities Department

Response: **Acknowledged.**

Comment No. 3: Water and Sewer Utilities plans must be submitted to the Utilities Dept. for review and approval

Response: **Acknowledged.**

Comment No. 4: FDEP Water and Sewer permits must be approved

Response: **Acknowledged.**

Comment No. 5: Utilities Agreement must be executed

Response: **Acknowledged.**

Comment No. 6: Utilities Performance Bond must be posted

Response: Acknowledged.

Comment No. 7: Utility Easements must be executed

Response: Acknowledged.

Comment No. 8: Utilities inspection fees must be paid

Response: Acknowledged.

Contact: John Adams if you have any questions, 954-414-7352

Note:

- A. Please Resolve Comments _____ Prior to City Council Application
- B. Please Resolve Comments 1-8 Prior to Building Permit

O.P.W.C.D. COMMENTS:

Old Plantation Water Control District (OPWCD) may require a permit modification to the existing OPWCD permit. Please contact the District Office to discuss the proposed improvement.

Response: A submittal was made to OPWCD on June 18th of this year for their review and approval.

WASTE MANAGEMENT COMMENTS:

Comment No. 1: An email was provided from Kay Hurley (WM Franchise Account Manager) acknowledging the request for blue bag service.

Response: Acknowledged.

If you have any questions or further comments, please do not hesitate to contact me at (954) 739-6400 or by email at jhandley@craventhompson.com.

Sincerely,

CRAVEN THOMPSON & ASSOCIATES, INC.

JOSEPH D. HANDLEY, R.L.A.
Vice President, Planning and Landscape Architecture

JDH/fd

RECEIVED

JUL 22 2021

Pulte Townhomes at
Plantation Midtown Square
Waiver Letter – City Council Submittal
July 21, 2021

Plantation
Economic Development

The Applicant, **Pulte Home Company LLC**, hereby requests the following waivers from the Plantation Code of Ordinances:

Site Plan Waivers:

1. **From:** Section 27-743(1)(b). Which requires a 20-foot-deep by 22-foot-wide garage for townhome units of three bedrooms or more.
To: 19.33' wide by 19.66' deep for 32 of the units and a 13.2' wide narrowing down to 10.75' by 19.3' deep garage for 54 of the townhome units of three bedrooms or more.
Justification: *The Code requires two side-by-side driveway spaces plus one fully enclosed garage space 20 feet deep by 22 feet wide. The code does not stipulate that the larger garage was to provide 2 parking spaces. The previous townhome development was approved counting the garage as one space and providing 3 spaces per unit. The applicant is requesting a waiver for 19.33' wide by 19.66' deep for 32 units and a 13.2' wide, narrowing down to 10.75' by 19.3' deep garage for 54 units of three bedrooms or more. Two side-by-side driveway spaces are being provided for all units. In the Grayton unit, the water heater is recessed. The Seacrest units have added storage inside under the stairs and the water heater is tucked in a corner which gives room for garbage, etc. Both units have AC equipment inside, not in garage. Because we provide for nooks and storage inside, people can both park car and put extra stuff in garage or storage areas. Please see attached exhibit demonstrating that 2 vehicles can utilize the larger garage.*
2. **From:** Section 27-743(1)(b). Which requires two side-by-side driveway parking spaces plus one fully enclosed garage space 20 feet deep by 22 feet wide.
To: A parking reduction of 33 spaces.
Justification: *Staff has interpreted this requirement to equate to 4 spaces per unit which would equate to 344 spaces plus 22 guest spaces for a total parking requirement of 366. We disagree with staff's interpretation of the code as the previous townhome development was approved with 3 units provided per unit. Thirty-two units have a garage that can accommodate 2 cars, even though the size is slightly smaller than the code required garage dimensions. Please see exhibit on Sheet SPE-3 demonstrating that 2 vehicles can utilize the larger garage. Fifty-four units have a one-car garage. These are only the interior units. The proposed site plan includes a total of 333 spaces which, utilizing the 4 spaces per unit assumption, would have a parking deficit of 33 spaces. The reduction would result in a provided parking ratio of 3.62 cars per unit plus .25 guest spaces per unit. In a review of municipalities in Broward and Palm Beach Counties, the Plantation parking ratio of 4 spaces per unit far exceeds the parking requirement of other South Florida municipalities. See below:*

Municipality	Type of Product	Parking/Unit Req'd	Guest Parking
Plantation	Townhouse (3 bdrm)	4.0	.25/unit
Sunrise	Townhouse (3 bdrm)	2.5	.10/unit
Davie	Townhouse (3 bdrm)	2.5	.10/unit
Ft. Lauderdale	Townhouse	2.2	none
Lauderhill	Townhouse	2.25	none
Tamarac	Multi-family (2-3 bdrm)	2.0	10% guest
Broward County	Townhouse	2.0	.20/unit

3. **From:** Section 27-624(b)(1)(i). Which requires a minimum 2,000 SF lot.
To: 1,800 SF lot.
Justification: *The units are 20' wide, which meet the minimum width, however the lots are only 90 feet deep instead of 100 feet deep.*

4. **From:** Section 27-624(c)(1)(i) & 27-626(b)(1). Which requires that buildings shall have their primary orientation towards the highest classified street.
To: **The buildings located adjacent to both Cleary Boulevard (C street) and NW 82 Avenue (B street) shall be permitted to face inwards.**
Justification: *While Pulte's consumer inspired plans are front loaded, that is the garage and front door is located on the front elevation which faces the internal roadways, the plans have been designed to meet the aesthetic intent of the code by providing a useable rear covered porch, rear accent door and steps. Since the initial submittal, Pulte has redesigned the elevations have been significantly revised to reflect staff's comments including the incorporation of both gray and red brick, an additional stucco color and standing seam metal roofs. In addition, the units were all moved closer to both NW 82nd Avenue and Cleary Boulevard to be within the 10-20 build-to-line. We have added steps on the porch to feel like a stoop as well as varying the porch roofs to vary between a shed and gable roof. We have also added columns flanking each unit entry with brick finishes. The combination of these design features provides the appearance of an orientation towards Cleary Boulevard and NW 82nd Avenue for all abutting lots.*

5. **From:** Section 27-624(c)(2)(1)(c). Which requires that buildings shall have a minimum setback of 40 feet from a C classified roadway.
To: **The buildings located adjacent to both Cleary Boulevard (C street) shall have a setback between 10-20'.**
Justification: *The proposed setbacks range from 10' – 20'. We are utilizing a build-to approach on Cleary Boulevard in order to provide more of an urban feel on the perimeter and further the intent of the code. This provides continuity with the eastern side of the development along NW. 82nd Avenue and meets the B-Street design criteria.*

6. **From:** Section 27-742(e). Which requires two-way access aisles to be a minimum of 25 feet.
To: **24' two-way access.**
Justification: A twenty-four foot drive aisle has been shown to be of a sufficient width on numerous developments that have received this waiver.
7. **From:** Section 27-747. Which requires 2 loading zones with dimensions of 12' by 45' for the proposed townhomes.
To: **0 loading zones for the townhomes.**
Justification: This waiver was approved on the previous townhome development. Typical loading/unloading will only occur at the unit at time of moving. As is standard for townhome development, the loading/unloading will occur at the townhome unit.
8. **From:** Section 27-624. Which requires that 50% of the lot width to have the building placed within a 10' to 20' build-to-zone.
To: **36% of lot placed within the build-to-zone.**
Justification: Accommodating the required retention lake area in front of Chelsea East, building separation requirement between the townhomes, and gracious landscaped north east corner of the development have all provided a more comfortable and appealing pedestrian experience along American Express Way. The lot width along American Expressway is 986.12 feet. The Pulte Townhomes occupy approximately 360 feet or 36% of the lot width.
9. **From:** Section 27-626(b)(3)(iii). Which requires that buildings roofs shall be clay or cement barrel, s-shaped or mission tiles
To: **To permit concrete flat tile roofs**
Justification: The architectural plans have been revised to incorporate metal accent roofs as allowed by Section 27-626(b)(3)(ii). We have retained the Flat tile roof as it is more in keeping with the modern elevations we are proposing and will allow for distinct yet complimentary architecture among the buildings contained in the Plantation Midtown Square and the overall Midtown subdistrict. Further, utilizing both the flat tile and standing seam metal accent roofs as well as metal awnings provides for varied and interesting facades on all four sides of the buildings.
10. **From:** Section 27-626(b)(5)(iv). Street frontage fencing for all residential uses shall no exceed forty-eight (48) inches in height.
To: **To permit a 6' fence at the dog park location.**
Justification: The fencing proposed at the dog park is 6 feet tall to prohibit any dogs from jumping the fence. All other street frontage fencing is 4 feet high.
11. **From:** Section 27-625(c)(1). Surface parking to be located a minimum of fifty (50) feet from a "B" street.
To: **To permit parking for the dog park to be located ten (10) feet from the right-of-way line for NW 82nd Avenue, a "B" street.**

Justification: *Applicant has oriented its parking internal to the site along the "B" street in all areas except the dog park. The parking adjacent to the dog park is intended to provide accessibility for all residents and provides the "typical" landscape terminal island of 10' in width.*

Landscape Waivers:

1. **From:** Section 13-41(a) & 13-41(b). Which requires Landscape Pedestrian Zone along all Building Facades

To: Reduce the required Landscape Pedestrian Zones (LPZ) for the Townhomes from 10' to:

- Building 11/Unit 60: Reduction to 4'-2" minimum

Justification: *The one area requested is an end unit which does not provide the required LPZ width. The average LPZ width of 10' is provided but the area narrows down to 4'-2" at the northern end.*

2. **From:** Section 13-41(c)(1). Which requires the minimum landscape width within a vehicular use area to be 5 feet.

To: Reduce the minimum width to 4 feet for the landscape strips located between adjacent townhome driveways at each of the following 6-unit buildings:

- Buildings 1, 3, 4, 6, 8, 9, 10, 11, 12, 13 & 16.

Justification: *We have widened the driveways at the ends of the buildings in order to widen the majority of the landscape strips to 6 feet, which will allow the planting of palm trees. The remaining strips can only be 4 feet in order to provide the minimum 18 foot width of the drive to accommodate two parking spaces. This is also the location of the light pole. This occurs in the center of each 6-unit buildings as noted. It should be noted that the previous townhome development was approved with no landscape strips in the front of the townhomes.*

3. **From:** Section 13-41(a)(b). Which requires a landscaped pedestrian zone (LPZ) to extend the full width of each façade abutting a parking or vehicular use area.

To: Eliminate the landscape pedestrian zone along the frontage of the townhome buildings. This occurs at each of the buildings 1 – 16.

Justification: *It is not practical to provide an LPZ, or the required trees, along the frontage of the townhome units with garages and front entrances. Landscape has been provided where appropriate.*

4. **From:** Section 13-40(e). Which requires landscaped areas in all vehicular use areas shall be curbed.

To: Eliminate the required curbing for the landscape strips within the townhome parking areas located at the front of each unit. There are 2 instances for each 4-unit building and 3 instances for each 6-unit building. The request is for all buildings, numbers 1 – 16. Buildings

1, 3, 4, 6, 8, 9,10, 11, 12, 13 & 16 each have three instances and Buildings 2,5,7,14 & 15 have two instances.

Justification: The requirement for the curbing, in the front of a townhome unit, is not practical as the curbing will reduce the amount of landscaping even further and is not normally used for townhome units. It is the same as the side of the driveway that is not curbed.

5. **From:** Section 13-40(a)(c). Which requires one tree to be installed in the Landscape Pedestrian Zone per each 30 lineal feet.

To: Provide for one tree per 40 lineal feet for the sides of the buildings located between buildings 1 & 2, 3 & 4, 4 & 5, 6 & 7, 7 & 8, 9 & 10, 10 & 11, 12 & 13 and 13 & 14. This occurs at 9 locations.

Justification: The townhome buildings are 20' apart and 55' long. This would require 4 trees to be placed within the small area of 1,100 SF for the sides of the buildings. Practically, we can place 3 trees between the buildings for the trees and palms to have room to grow and to not be in conflict with each other or the building walls.

Good afternoon: I sent an email to the Route Supervisors regarding the above property. Their response was that the community would reach out to the City of Plantation requesting Blue bag service. The city would approve it and have it setup with Waste Management. I hope this helps. Please advise. Thank you. Kay

A final scad runs with the underlying approval. So if the site plan is still good then automatically so is the SCAD.

Subject: Pulte Townhomes SCAD Letter

CAUTION: This email originated from an external source. Use caution when replying, clicking links, or opening attachments.

Hi Lisa,

Thanks so much for talking to me on the phone just now. I have yet another unrelated question. Could you confirm whether the attached SCAD letter is still valid or do we need to apply for an extension/renewal? The SCAD letter says "this final determination shall be valid until November 8, 2019 which is consistent with the time period of the underlying site plan approval by the City." The site plan had a condition that a building permit had to be pulled prior to that date, and they did indeed pull permits for a portion of the site in time. Our client is now looking to build the townhome portion of the site. We are applying for a site plan modification to reduce the number of townhouses from 94 to 85.

Regards,

Julian Bobilev, AICP

I. APPLICABLE CODES

- A. ALL CONSTRUCTION AND MATERIALS SHALL CONFORM TO CITY OF BROWARD COUNTY AND BROWARD COUNTY STANDARDS AND SPECIFICATIONS, FLORIDA FIRE PREVENTION CODE 7TH EDITION AND ALL OTHER LOCAL, STATE AND NATIONAL CODES AND STANDARDS. ALL CONSTRUCTION WITHIN BROWARD COUNTY RAW SHALL BE CONSTRUCTED PER FDOT MINIMUM STANDARDS. ALL CONSTRUCTION WITHIN BROWARD COUNTY RAW SHALL BE CONSTRUCTED PER BROWARD COUNTY MINIMUM STANDARDS.
- B. ALL CONSTRUCTION SHALL BE DONE IN A SAFE MANNER AND IN STRICT COMPLIANCE WITH ALL THE REQUIREMENTS OF FEDERAL OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970, AND ALL STATE AND LOCAL SAFETY AND HEALTH REGULATIONS.
- C. ALL ELEVATIONS SHOWN ON THE CONSTRUCTION DRAWINGS ARE BASED ON THE NORTH AMERICAN VERTICAL DATUM OF 1988 (N.A.V.D.), UNLESS OTHERWISE NOTED.
- D. CONTRACTOR SHALL BE SOLELY RESPONSIBLE FOR COMPLIANCE WITH THE STATE OF FLORIDA TRENCH SAFETY ACT.

II. PRECONSTRUCTION RESPONSIBILITIES

- A. UPON THE RECEIPT OF THE "NOTICE TO PROCEED", THE CONTRACTOR SHALL CONTACT THE ENGINEER OF RECORD AND ARRANGE A PRECONSTRUCTION CONFERENCE TO INCLUDE ALL INVOLVED GOVERNMENTAL AGENCIES, UTILITY OWNERS, THE OWNER AND THE ENGINEER OF RECORD.
- B. THE CONTRACTOR SHALL OBTAIN A SUNSHINE STATE ONE CALL OF FLORIDA CERTIFICATION NUMBER AT LEAST 48 HOURS PRIOR TO BEGINNING ANY EXCAVATION, CALL 1-800-432-4770.
- C. ALL UTILITY EASEMENTS TO BE SECURED PRIOR TO CONSTRUCTION (IF REQUIRED).
- D. LOCATION OF EXISTING FACILITIES AS SHOWN ON CONSTRUCTION DRAWINGS ARE DRAWN FROM AVAILABLE RECORDS. THE ENGINEER ASSUMES NO RESPONSIBILITY FOR THE ACCURACY OF THE FACILITIES SHOWN OR FOR ANY FACILITY NOT SHOWN. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE LOCATION OF EXISTING FACILITIES PRIOR TO CONSTRUCTION. IF AN EXISTING FACILITY IS FOUND TO CONFLICT WITH THE PROPOSED CONSTRUCTION UPON EXCAVATION, THE CONTRACTOR SHALL IMMEDIATELY NOTIFY THE ENGINEER OF RECORD SO THAT APPROPRIATE MEASURES CAN BE TAKEN TO RESOLVE THE PROBLEM.
- E. A SEPARATE CALCULATED SITE PLAN WILL BE REQUIRED PRIOR TO CONSTRUCTION TO VERIFY PROPOSED BUILDING, CURB, AND SITE WORK LOCATIONS.
- F. AT LEAST TWO (2) DAYS PRIOR TO THE START OF CONSTRUCTION, THE CONTRACTOR SHALL SUBMIT A COP "NOTICE OF INTENT (N.O.I.) TO USE GENERAL PERMIT FOR STORMWATER DISCHARGE FROM CONSTRUCTION ACTIVITIES THAT DISTURB AN ACRE OR MORE OF LAND" FORM (DEP FORM 62-621.300(4)(B)) TO FDOT NOTICES CENTER. THE CONTRACTOR WILL BE RESPONSIBLE FOR: (1) IMPLEMENTATION OF A STORMWATER POLLUTION PREVENTION PLAN (SWPPP) THAT IS REQUIRED TO BE DEVELOPED PRIOR TO THE N.O.I. SUBMITTAL, AND (2) RETENTION OF RECORDS REQUIRED BY THE PERMIT, INCLUDING RETENTION OF A COPY OF THE SWPPP AT THE CONSTRUCTION SITE FROM THE DATE OF PROJECT INITIATION TO THE DATE OF FINAL SITE STABILIZATION. A "NOTICE OF TERMINATION (N.O.T.) OF GENERIC PERMIT COVERAGE" FORM (DEP FORM 62-621.300(6)) MUST BE SUBMITTED TO FDOT TO DISCONTINUE PERMIT COVERAGE, SUBSEQUENT TO COMPLETION OF CONSTRUCTION. FOR ADDITIONAL INFORMATION SEE FDOT WEBSITE: [HTTP://WWW.DEP.STATE.FL.US/WATER/STORMWATER/PDES](http://www.dep.state.fl.us/water/stormwater/pdes). CONTRACTOR SHALL BE RESPONSIBLE TO PREPARE A SWPPP AND SUBMIT TO THE ENGINEER FOR APPROVAL AND COMPLY WITH ALL PROVISIONS OF CHAPTER 62-621.
- G. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL REQUIRED DEWATERING PERMITS AND TREE REMOVAL / RELOCATION PERMITS.

III. INSPECTIONS

- A. THE CONTRACTOR SHALL NOTIFY THE CITY'S ENGINEERING DEPARTMENT, BROWARD COUNTY, THE ENGINEER OF RECORD, FDOT, AND ANY OTHER GOVERNMENTAL AGENCIES HAVING JURISDICTION AT LEAST 24 HOURS PRIOR TO BEGINNING CONSTRUCTION AND PRIOR TO THE INSPECTION OF THE FOLLOWING ITEMS, WHERE APPLICABLE:
1. CLEARING AND FILLING
 2. STORM DRAINAGE SYSTEM
 3. SANITARY SEWER SYSTEM
 4. WATER DISTRIBUTION SYSTEM
 5. SUBGRADE
 6. LIMEROCK BASE
 7. ASPHALTIC CONCRETE / PAVEMENT BRICK COURSE
 8. SIDEWALK
 9. FINAL

IV. SHOP DRAWINGS

- A. PRIOR TO CONSTRUCTION OR INSTALLATION SHOP DRAWINGS SHALL BE SUBMITTED TO AND APPROVED BY THE ENGINEER OF RECORD FOR THE FOLLOWING: SANITARY MANHOLES, STORM DRAIN MANHOLES, CATCH BASINS, FIRE HYDRANTS, PIPING, VALVES AND ALL REQUIRED ACCESSORIES. IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO OBTAIN ALL OTHER AGENCY APPROVALS IF REQUIRED.

V. TEMPORARY FACILITIES

- A. TEMPORARY FACILITIES:
1. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO ARRANGE FOR OR SUPPLY TEMPORARY WATER SERVICE, SANITARY FACILITIES, TELEPHONE SERVICE AND ELECTRICITY.
- B. TRAFFIC REGULATION:
1. MAINTENANCE OF TRAFFIC IN THE PUBLIC RIGHTS-OF-WAY SHALL BE IN ACCORDANCE WITH MUTCD.
 2. ALL OPEN TRENCHES AND HOLES ADJACENT TO ROADWAYS OR WALKWAYS SHALL BE PROPERLY MARKED AND BARRICADED TO ASSURE THE SAFETY OF BOTH VEHICULAR AND PEDESTRIAN TRAFFIC.
 3. NO TRENCHES OR HOLES NEAR WALKWAYS, IN ROADWAYS OR THEIR SHOULDERS ARE TO BE LEFT OPEN DURING NIGHTTIME HOURS WITHOUT EXPRESS PERMISSION OF THE CITY.
 4. IT SHALL BE THE RESPONSIBILITY OF THE GENERAL CONTRACTOR FOR ANY NECESSARY CONSTRUCTION, PAVEMENT MARKING AND SIGNAGE OR ANY RESTRICTION SIGNALIZATION AND/OR SIGNAL MODIFICATION TO ACCOMMODATE AN ALTERNATE SAFE WALK ROUTE.

VI. WATER DISTRIBUTION SYSTEM

- A. CITY STANDARDS AND SPECIFICATIONS SHALL GOVERN & SUPERCEDE ALL OTHER REQUIREMENTS FOR WATERMAIN CONSTRUCTION.
- B. SEPARATION OF WATER AND SEWER MAINS
1. SANITARY SEWERS, STORM SEWERS, AND FORCE MAINS SHOULD CROSS UNDER WATER MAINS WHENEVER POSSIBLE. SANITARY SEWERS, STORM SEWERS, AND FORCE MAINS CROSSING WATER MAINS SHALL BE LAID TO PROVIDE A MINIMUM VERTICAL DISTANCE OF 18 INCHES BETWEEN THE INVERT OF THE UPPER PIPE AND THE CROWN OF THE LOWER PIPE WHENEVER POSSIBLE.
 2. WHERE SANITARY SEWERS, STORM SEWERS, OR FORCE MAINS MUST CROSS A WATER MAIN WITH LESS THAN 18 INCHES VERTICAL DISTANCE, BOTH THE SEWER AND THE WATER MAIN SHALL BE CONSTRUCTED OF DUCTILE IRON PIPE (DIP) AT THE CROSSING. SUFFICIENT LENGTHS OF DIP MUST BE USED TO PROVIDE A MINIMUM SEPARATION OF 10 FEET BETWEEN ANY TWO JOINTS. ALL JOINTS ON THE WATER MAIN WITHIN 20 FEET OF THE CROSSING MUST BE MECHANICALLY RESTRAINED. A MINIMUM VERTICAL CLEARANCE OF 6 INCHES MUST BE MAINTAINED AT ALL CROSSINGS.
 3. ALL CROSSING SHALL BE ARRANGED SO THAT THE SEWER PIPE JOINTS AND THE WATER MAIN PIPE JOINTS ARE EQUIDISTANT FROM THE POINT OF CROSSING (PIPES CENTERED ON THE CROSSING).
 4. WHERE A NEW PIPE CONFLICTS WITH AN EXISTING PIPE WITH LESS THAN 18 INCHES VERTICAL CLEARANCE, THE NEW PIPE SHALL BE CONSTRUCTED OF DIP, AND THE CROSSING SHALL BE ARRANGED TO MEET THE REQUIREMENTS ABOVE.
 5. A MINIMUM 10-FOOT HORIZONTAL SEPARATION SHALL BE MAINTAINED BETWEEN ANY TYPE OF SEWER AND WATER MAIN IN PARALLEL INSTALLATIONS WHENEVER POSSIBLE.
 6. IN CASES WHERE IT IS NOT POSSIBLE TO MAINTAIN A 10 FOOT HORIZONTAL SEPARATION, THE WATER MAIN MUST BE LAID IN A SEPARATE TRENCH OR ON AN UNDISTURBED EARTH SHELF LOCATED ON ONE SIDE OF THE SEWER OR FORCE MAIN AT SUCH AN ELEVATION THAT THE BOTTOM OF THE WATER IS AT LEAST 18 INCHES ABOVE THE TOP OF THE SEWER.
 7. WHERE IT IS NOT POSSIBLE TO MAINTAIN A VERTICAL DISTANCE OF 18 INCHES IN PARALLEL INSTALLATIONS, THE WATER MAIN SHALL BE CONSTRUCTED OF DIP AND THE SANITARY SEWER OR THE FORCE MAIN SHALL BE CONSTRUCTED OF DIP WITH A MINIMUM VERTICAL DISTANCE OF 6 INCHES. THE WATER MAIN SHOULD ALWAYS BE ABOVE THE SEWER. JOINTS ON THE WATER MAIN SHALL BE LOCATED AS FAR APART AS POSSIBLE FROM JOINTS ON THE SEWER OR FORCE MAIN (STAGGERED JOINTS).
 8. CONTRACTOR SHALL MAINTAIN WATER SERVICE TO ALL EXISTING FACILITIES DURING CONSTRUCTION.

C. MATERIALS

1. PVC PIPE SHALL BE CLASS 235 DR18 FOR 4 INCHES THRU 12 INCHES PER ANSI/AWWA C905 DR25.
2. ALL DUCTILE IRON PIPE SHALL CONFORM TO THE REQUIREMENTS OF ANSI/AWWA C151/A21.5-02 AND CEMENT MORTAR LINED AND SEAL COATED PER ANSI/AWWA C104/A21.4-03. SEE CITY AND BROWARD COUNTY STANDARDS & SPECIFICATIONS FOR FURTHER D.I.P. REQUIREMENTS.
3. FITTINGS SHALL BE COMPACT DUCTILE IRON MECHANICAL JOINT TYPE AND SHALL BE CLASS 250 THROUGH 12" CONFORMING TO ANSI/AWWA C-153/A21.53-00 SPECIFICATIONS. FITTINGS MUST BE

CEMENT LINED AND SEAL COATED PER ANSI/AWWA C104/A21.4-03.

4. VALVES SHALL BE GATE VALVES, IRON BODY, FULLY RESILIENT SEAT BRONZED MOUNTED NON-RISING STEM, RATED AT 150 PSI AND CONFORMING TO ANSI/AWWA C508-01 OR LATEST REVISION, AND SHALL HAVE MECHANICAL JOINTS.
- a. GATE VALVES 4" AND LARGER SHALL BE MUELLER A-2370-20, RESILIENT SEATED GATE VALVES SHALL BE AMERICAN AF2500 LINE OR CLOW F-5100, CONFORMING TO ANSI/AWWA C500-02. SEE BROWARD COUNTY, AND CITY CONSTRUCTION STANDARDS & SPECIFICATIONS FOR ADDITIONAL REQUIREMENTS.
- b. TAPPING VALVES SHALL BE MUELLER H615 OR APPROVED EQUAL.
- c. GATE VALVES 3" OR LESS SHALL BE NIBCO T-133 OR T-136 WITH MALLEABLE HAND WHEELS. NO SUBSTITUTIONS ALLOWED.
5. TAPPING SLEEVES SHALL BE MUELLER H615, CLOW F-2502 OR APPROVED EQUAL. SEE BROWARD COUNTY, AND CITY CONSTRUCTION STANDARDS & SPECIFICATIONS FOR ADDITIONAL REQUIREMENTS.
6. VALVE BOXES SHALL BE US FOUNDRY SERIES 7500 OR APPROVED EQUAL.
7. RETAINER GLANDS SHALL CONFORM TO ANSI/AWWA C111/A21.11-00 OR LATEST REVISION. ALL GLANDS SHALL BE MANUFACTURED FROM DUCTILE IRON AS LISTED BY UNDERWRITERS LABORATORIES FOR 250 PSI MINIMUM WATER PRESSURE RATINGS. CLOW CORPORATION MODEL F-1058, STANDARD FIRE PROTECTION EQUIPMENT COMPANY OR APPROVED EQUAL.
8. DRESSER COUPLINGS SHALL BE REGULAR BLACK COUPLINGS WITH PLAIN GASKETS FOR GALVANIZED STEEL PIPE. THEY SHALL BE DRESSER STYLE 90. NO SUBSTITUTIONS ALLOWED.
9. FIRE HYDRANTS SHALL BE AMERICAN DARLING MODEL 884-S UNLESS OTHERWISE APPROVED BY THE CITY. MAIN VALVE OPENING TO BE DETERMINED BY THE WATER DEPARTMENT. PUMPER NOZZLE TO BE 1" FROM FINISHED GRADE. ALL HYDRANTS TO BE INSTALLED WITH CONTROL VALVE. RETAINER GLANDS ARE PREFERRED FOR RESTRAINING. FIRE HYDRANT SHALL COMPLY WITH ANSI/AWWA C502-05. SEE BROWARD COUNTY AND CITY CONSTRUCTION STANDARDS & SPECIFICATIONS FOR ADDITIONAL REQUIREMENTS.

D. SERVICE CONNECTION:

1. SERVICE SADDLES SHALL BE STAINLESS STEEL STRAPS. SADDLES SHALL BE DOUBLE STRAP TYPE. ALL SERVICE SADDLES SHALL CONFORM TO ANSI/AWWA C111/A21.11-00 AND ASTM A-588.
2. SERVICE LINES SHALL BE POLYETHYLENE (3408), 250 PSI RATED, SDR8. PIPE JOINTS SHALL BE OF THE COMPRESSION TYPE TOTALLY CONFIRMED GRR SEAL AND COUPLING NUT.
3. CORPORATION STOPS SHALL BE MANUFACTURED OF BRASS ALLOY IN ACCORDANCE WITH ASTM B-62 WITH THREADED ENDS, AS MANUFACTURED BY MUELLER B-25008 OR APPROVED EQUAL.
4. CURB STOPS SHALL BE MUELLER H1020S OR APPROVED EQUAL.
5. METER STOPS SHALL BE LOCKWING TYPE AND SHALL BE OF BRONZE CONSTRUCTION IN ACCORDANCE WITH ASTM B-62. METER STOPS SHALL BE CLOSED BOTTOM DESIGN AND RESILIENT "O" RING SEALED AGAINST EXTERNAL LEAKAGE AT THE TOP. STOPS SHALL BE EQUIPPED WITH A METER COUPLING NUT ON THE OUTLET SIDES, AS MANUFACTURED BY MUELLER OR APPROVED EQUAL.

E. INSTALLATION:

1. ALL DIP SHALL BE INSTALLED IN ACCORDANCE WITH ANSI/AWWA C900 OR LATEST REVISION.
2. ALL PVC SHALL BE INSTALLED IN ACCORDANCE WITH THE REQUIREMENTS OF ANSI/AWWA C900-07.
3. ALL WATER MAINS SHALL BE WITH A MINIMUM 5' COVER.
4. NO CONNECTIONS TO EXISTING LINES SHALL BE MADE UNTIL PRESSURE TESTS & BACTERIOLOGICAL TESTS HAVE BEEN PERFORMED AND THE SYSTEM IS ACCEPTABLE TO THE CITY OR BROWARD COUNTY BEACH AND PUBLIC HEALTH UNIT.
5. PIPE DEFLECTION SHALL NOT EXCEED 75% OF THE MAXIMUM DEFLECTION RECOMMENDED BY THE MANUFACTURER.
6. A CONTINUOUS AND UNIFORM BEDDING SHALL BE PROVIDED. BACKFILL MATERIAL SHALL BE TAMPED IN LAYERS AROUND THE PIPE AS SHOWN ON THE PLANS. STONES FOUND IN THE TRENCH SHALL BE REMOVED FOR A DEPTH OF AT LEAST 6" BELOW THE BOTTOM OF THE PIPE.
7. ALL VALVES SHALL BE INSTALLED WITH ADJUSTABLE CAST IRON VALVE BOXES WITH THE WORD "WATER" CAST IN THE COVER. U.S. OR APPROVED.
8. ALL WATER MAIN INSTALLATIONS SHALL COMPLY WITH THE COLOR CODING REQUIREMENTS OF CHAPTER 62-555.320, FAC.

F. TESTING:

1. FOR TESTING REQUIREMENTS SEE CITY AND BROWARD COUNTY CONSTRUCTION STANDARDS & SPECIFICATIONS.
2. BEFORE ANY PHYSICAL CONNECTIONS TO THE EXISTING WATER MAINS ARE MADE, THE COMPLETE WATER SYSTEM SHALL BE PRESSURE TESTED AND DISINFECTED. HYDROSTATIC TESTING OF NEW MAINS SHALL BE PERFORMED AT A MINIMUM STARTING PRESSURE OF 150 PSI FOR TWO HOURS IN ACCORDANCE WITH ANSI/AWWA C600-05 OR LATEST REVISION. THE PRESSURE TEST SHALL NOT VARY MORE THAN 5 PSI DURING THE TEST.
3. THE PRESSURE TEST SHALL BE WITNESSED BY A REPRESENTATIVE OF THE CITY OR BROWARD COUNTY AND THE ENGINEER OF RECORD.
4. BEFORE ACCEPTANCE FOR OPERATION, THE WATER SYSTEM SHALL BE DISINFECTED IN ACCORDANCE WITH THE ANSI/AWWA C651-05; 150 PSI MINIMUM STARTING PRESSURE TEST. METER RECONNECTIONS SHALL BE MADE TO NEW LINES AFTER TWO CONSECUTIVE DAYS OF BACTERIOLOGICAL SAMPLES HAVE PASSED, AND COPIES OF RESULTS HAVE BEEN RECEIVED BY THE ENGINEER, CITY, AND HRS.
5. SAMPLING POINTS SHALL BE PROVIDED AT THE LOCATIONS SHOWN ON THE PLANS. IF NOT SPECIFIED, SAMPLING POINTS SHALL BE PROVIDED AT INTERVALS OF 1,200' MAXIMUM FOR LINES GREATER THAN 1,200' IN LENGTH.
6. THE ALLOWABLE LEAKAGE SHALL BE LESS THAN THE NUMBER OF GALLONS PER HOUR AS DETERMINED BY THE FORMULA:

$$L = \frac{SDPDS}{148000}$$

IN WHICH L EQUALS THE ALLOWABLE LEAKAGE IN GALLONS PER HOUR. S EQUALS LENGTH OF PIPE (LINEAR FEET). D EQUALS NOMINAL DIAMETER OF PIPE (INCHES) AND P EQUALS THE MINIMUM TEST PRESSURE (POUNDS PER SQUARE INCH).

VII. GRAVITY SEWER COLLECTION SYSTEM

- A. CITY AND BROWARD COUNTY CONSTRUCTION STANDARDS & SPECIFICATIONS SHALL GOVERN & SUPERCEDE ALL OTHER REQUIREMENTS FOR SANITARY SEWER CONSTRUCTION.
- B. GENERAL:
1. DISTANCE AND LENGTHS SHOWN ON PLANS ARE REFERENCED TO THE CENTER OF STRUCTURES.

C. MATERIALS:

1. ALL SEWER PIPE AND FITTINGS SHALL BE PVC NONPRESSURE PIPE CONFORMING TO ASTM D3034 LATEST REVISION (SDR 26) WITH PUSH-ON RUBBER GASKET JOINTS, UNLESS OTHERWISE NOTED, OR DUCTILE IRON PIPE SHALL BE (MIN. CLASS 52), AS INDICATED ON THE DRAWINGS.
 2. MANHOLES SHALL BE PRECAST PER ASTM C 478 WITH 4,000 PSI CONCRETE AND GRADE 90 STEEL. MONOLITHICALLY POURED BASES ONLY.
 3. MANHOLES ARE TO BE SEALED WITH ANTHYDRO CEMENT OR APPROVED EQUAL - NO MOLDING PLASTER.
- D. INSTALLATION:
1. PVC SEWER PIPE SHALL BE LAID IN ACCORDANCE WITH ASTM D 2321 AND THE UN-BELL PLASTIC PIPE ASSOCIATION'S RECOMMENDED PRACTICE FOR THE INSTALLATION OF PVC SEWER PIPE.
 2. DUCTILE IRON PIPE SHALL BE INSTALLED IN ACCORDANCE WITH ANSI/AWWA C900-05 OR LATEST REVISION.
 3. PVC MANHOLE ADAPTOR SHALL BE GROUDED IN PLACE AT EACH PIPE CONNECTION INTO A MANHOLE WALL.
 4. MANHOLES SHALL BE SET PLUMBS TO LINE AND GRADE ON FIRM SUBGRADE PROVIDING UNIFORM BEARING UNDER THE BASE.
 5. ALL OPENINGS AND JOINTS SHALL BE SEALED WATERTIGHT.
 6. THE ENTIRE INSIDE AND OUTSIDE OF THE MANHOLES SHALL BE PAINTED WITH TWO COATS OF DIFFERENT COLORS (8 MILS EACH) OF KOPPERS 300-M BITUMASTIC PAINT OR ENGINEER'S APPROVED EQUAL.

E. TESTING:

1. AFTER CONSTRUCTION OF THE SEWER SYSTEM, THE ENGINEER MAY REQUIRE A VISUAL INFILTRATION AND/OR EXFILTRATION TEST TO BE PERFORMED ON THE ENTIRE SYSTEM OR ANY PART THEREOF.
2. AN AIR TEST MAY BE SUBSTITUTED FOR THE WATER EXFILTRATION TEST, UPON APPROVAL OF THE ENGINEER.
3. MANHOLE LEAKAGE TEST SHALL NOT EXCEED FOUR GALLONS PER DAY PER UNIT. NO VISIBLE LEAKAGE ALLOWED.
4. SEWER PIPE LEAKAGE ALLOWABLE SHALL NOT EXCEED 150 GALLONS PER DAY PER INCH DIAMETER PER MILE IN A TWO HOUR TEST PERIOD FOR ANY SECTION TESTED. NO VISIBLE LEAKAGE SHALL BE ALLOWED.
5. ALL SEWER PIPE SHALL BE VIDEO RECORDED AND GIVEN TO CITY FOR REVIEW AND APPROVAL AT THE CONTRACTORS EXPENSE.
6. SEE BROWARD COUNTY AND CITY CONSTRUCTION STANDARDS & SPECIFICATIONS FOR

ADDITIONAL TESTING REQUIREMENTS.

VIII. STORM DRAINAGE

A. GENERAL:

1. DISTANCES AND LENGTHS SHOWN ON PLANS ARE REFERENCED TO THE CENTER OF STRUCTURES.

B. MATERIALS:

1. HIGH-PERFORMANCE POLYPROPYLENE PIPE SHALL BE HP STORM PIPE AS MANUFACTURED BY A.D.S., OR APPROVED EQUAL AND SHALL MEET MANUFACTURERS REQUIREMENTS.
 2. ALL DRAINAGE CATCH BASINS AND STRUCTURES SHALL BE PRECAST CONCRETE AS MANUFACTURED BY U.S. PRECAST CORPORATION, UNLESS OTHERWISE NOTED ON THE PLANS. THE MINIMUM WALL AND SLAB THICKNESS SHALL BE 8 INCHES AND THE MINIMUM REINFORCING SHALL BE AS INDICATED ON THE STRUCTURE DETAIL. CONCRETE SHALL BE MINIMUM OF 4000 PSI AT 28 DAYS.
- C. INSTALLATION:
1. PIPE SHALL BE PLACED ON A MINIMUM OF 8" STABLE GRANULAR MATERIAL FREE OF ROCK FORMATION AND OTHER FOREIGN FORMATIONS, AND CONSTRUCTED TO A UNIFORM GRADE AND LINE.
 2. BACKFILL MATERIAL SHALL BE WELL GRADED GRANULAR MATERIAL, WELL TAMPED IN LAYERS NOT TO EXCEED 6 INCHES TO A HEIGHT OF 12 INCHES ABOVE PIPE AS SHOWN ON THE PLANS.
 3. PROVIDE A MINIMUM PROTECTIVE COVER OF 18 INCHES OVER STORM SEWER AND AVOID UNNECESSARY CROSSING BY HEAVY CONSTRUCTION VEHICLES DURING CONSTRUCTION.
 4. THE CONTRACTOR SHALL NOTIFY THE CITY'S ENGINEERING DEPARTMENT AT LEAST 7 DAYS PRIOR TO THE START OF THE CONSTRUCTION AND INSPECTION.

IX. PAVING

A. GENERAL:

1. BROWARD COUNTY AND THE CITY CONSTRUCTION STANDARDS & SPECIFICATIONS SHALL GOVERN.
 2. ALL MUCK AND YIELDING MATERIAL WITHIN THE LIMIT OF CONSTRUCTION SHALL BE REMOVED AND REPLACED WITH CLEAN FILL MATERIAL WHICH SHALL BE COMPACTED AND SHAPED TO CONFORM WITH THE REQUIRED SECTION. COMPACTED AREAS, AS SHOWN ON THE PLANS AND AS DETERMINED BY THE ENGINEER, SHALL BE COMPACTED TO NOT LESS THAN 98% OF MAXIMUM DENSITY AT OPTIMUM MOISTURE, AS DETERMINED BY AASHTO T-180, LATEST REVISION. AREAS TO BE STABILIZED, AS DETERMINED BY THE ENGINEER, SHALL HAVE A MINIMUM LBR-40.
 3. ALL UNDERGROUND UTILITIES SHALL BE COMPLETED PRIOR TO CONSTRUCTION OF LIMEROCK BASE.
 4. ALL EXISTING PAVEMENT, CUT OR DAMAGED BY CONSTRUCTION, SHALL BE PROPERLY RESTORED AT THE CONTRACTORS EXPENSE.
 5. WHERE ANY PROPOSED PAVEMENT IS TO BE CONNECTED TO EXISTING PAVEMENT, THE EXISTING EDGE OF PAVEMENT SHALL BE SAW CUT.
- B. MATERIALS:
1. BASE COURSE SHALL BE CRUSHED LIMEROCK WITH A MINIMUM OF 70% CARBONATES OF CALCIUM OR LIME AND MAGNESIUM.
 2. ASPHALT SURFACES SHALL BE TYPE S-III ASPHALTIC CONCRETE, UNLESS OTHERWISE SPECIFIED ON THE PLANS, AND SHALL BE A MINIMUM OF 1-1/2" THICK.
 3. MINIMUM SIDEWALK CONSTRUCTION SHALL BE 4 INCH THICK CONCRETE, MINIMUM 3000PSI COMPRESSIVE STRENGTH AT 28 DAYS. SAWCUT CONSTRUCTION JOINTS 5 FOOT O.C. WITHIN 48 HOURS OF PLACING. EXPANSION JOINTS SHALL BE 20 FOOT O.C. SEE BROWARD COUNTYS AND THE CITY'S SECTION ON CONSTRUCTION STANDARDS & SPECIFICATIONS FOR FURTHER REQUIREMENTS.
 4. CURBS AND GUTTERS: CONCRETE 3000PSI COMPRESSIVE STRENGTH AT 28 DAYS, SAWCUT CONSTRUCTION JOINTS 10 FOOT O.C. WITHIN 48 HOURS OF PLACING. EXPANSION JOINTS SHALL BE 20 FOOT O.C. WITHIN 48 HOURS OF PLACING. EXPANSION JOINTS SHALL BE 20 FOOT O.C. SEE BROWARD COUNTYS AND THE CITY'S SECTION ON CONSTRUCTION STANDARDS & SPECIFICATIONS FOR FURTHER REQUIREMENTS.
 5. REINFORCED CONCRETE SLABS SHALL BE CONSTRUCTED OF CLASS I CONCRETE WITH A MINIMUM STRENGTH OF 3,000 PSI AND SHALL BE REINFORCED WITH A 6" X 6" NO. 6 GAUGE WIRE MESH.

C. INSTALLATION:

1. SUBGRADE FOR PAVEMENT AREAS SHALL BE COMPACTED TO A MINIMUM OF 98% OF THE MAXIMUM DENSITY (AASHTO T-99C), AND SHALL HAVE A MINIMUM LBR 40.
2. BASE COURSE MATERIAL FOR PAVED AREAS SHALL BE A MINIMUM THICKNESS OF 8" AND SHALL BE CONSTRUCTED IN TWO FOUR-INCH LIFTS.
3. BASE COURSE MATERIAL FOR CURBS AND GUTTERS SHALL BE A MINIMUM THICKNESS OF 8 INCH.
4. BASE COURSE SHALL BE COMPACTED TO 98% OF THE MAXIMUM DENSITY AS PER AASHTO T-180 AND SHALL HAVE A MINIMUM LBR OF 100.
5. D.O.T. OF THE WEARING SURFACE SHALL CONFORM WITH THE REQUIREMENTS OF THE D.O.T. STANDARD SPECIFICATIONS FOR TYPE S-III ASPHALTIC CONCRETE.

D. TESTING:

1. THE FINISHED SURFACE OF THE BASE COURSE AND THAT OF THE WEARING SURFACE SHALL NOT VARY MORE THAN 1/4" FROM THE TEMPLATE. ANY IRREGULARITIES EXCEEDING THIS LIMIT SHALL BE CORRECTED.
2. DENSITY TESTS SHALL BE TAKEN BY AN INDEPENDENT TESTING LABORATORY CERTIFIED BY THE STATE OF FLORIDA, WHEN DIRECTED BY THE ENGINEER.
3. ALL TESTING COSTS (PAVING) SHALL BE PAID FOR BY THE CONTRACTOR.
4. DENSITY TESTS ON THE STABILIZED SUBGRADE SHALL BE SUPPLIED TO THE ENGINEER OF RECORD AND APPROVED BEFORE ANY LIMEROCK BASE IS CONSTRUCTED.
5. DENSITY TESTS AND AS-BUILTS ON THE FINISHED LIMEROCK BASE SHALL BE SUPPLIED TO THE ENGINEER OF RECORD, AND APPROVED BEFORE ANY ASPHALT PAVEMENT IS CONSTRUCTED.

X. DEWATERING

1. WHERE DEWATERING IS REQUIRED, THE CONTRACTOR IS RESPONSIBLE FOR DEWATERING IN SUCH A MANNER SO AS TO COMPLY WITH ANY AND ALL CITY, COUNTY, STATE AND FEDERAL DEWATERING REGULATIONS. CONTRACTOR MAY CONTACT THE BROWARD COUNTY DEPARTMENT OF PLANNING AND ENVIRONMENTAL PROTECTION AND THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION FOR FURTHER INFORMATION.

XI. PAVEMENT MARKING AND SIGNAGE

1. ALL PAVEMENT MARKINGS AND SIGNAGE SHALL BE IN ACCORDANCE WITH THE "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES FOR STREETS AND HIGHWAYS," LATEST EDITION, AND BROWARD COUNTY TRAFFIC ENGINEERING DIVISION STANDARDS (CURRENT EDITION) STANDARDS & SPECIFICATIONS FOR PAVEMENT MARKING AND SIGNING.

XII. PROJECT CLOSEOUT

A. CLEANING UP:

1. DURING CONSTRUCTION, THE PROJECT SITE AND ALL ADJACENT AREAS SHALL BE MAINTAINED IN A NEAT AND CLEAN MANNER, AND UPON FINAL CLEAN-UP, THE PROJECT SITE SHALL BE LEFT CLEAR OF ALL SURPLUS MATERIAL OR TRASH. THE PAVED, PAVEMENT BRICK, AND CONCRETE AREAS SHALL BE SWEEP BROOM CLEAN.
2. THE CONTRACTOR SHALL RESTORE OR REPLACE, WHEN AND AS DIRECTED, ANY PUBLIC OR PRIVATE PROPERTY DAMAGED BY HIS WORK, EQUIPMENT, OR EMPLOYEES, TO A CONDITION AT LEAST EQUAL TO THAT EXISTING IMMEDIATELY PRIOR TO THE BEGINNING OF OPERATIONS. TO THAT END, THE CONTRACTOR SHALL DO, AS REQUIRED, ALL NECESSARY HIGHWAY, DRIVEWAY, WALK AND LANDSCAPING WORK. SUITABLE MATERIALS AND METHODS SHALL BE USED FOR SUCH RESTORATION.

3. WHERE MATERIAL OR DEBRIS HAS WASHED OR FLOWED INTO OR HAS BEEN PLACED IN WATER COURSES, DITCHES, DRAINS, CATCH BASINS, OR ELSEWHERE AS A RESULT OF THE CONTRACTORS OPERATIONS, SUCH MATERIAL OR DEBRIS SHALL BE REMOVED AND SATISFACTORILY DISPOSED OF DURING THE PROGRESS OF THE WORK, AND THE AREA KEPT IN A CLEAN AND NEAT CONDITION.

4. ALL PROPERTY MONUMENTS OR PERMANENT REFERENCES, REMOVED OR DESTROYED BY THE CONTRACTOR DURING CONSTRUCTION, SHALL BE RESTORED BY A STATE OF FLORIDA REGISTERED LAND SURVEYOR AT THE CONTRACTORS EXPENSE.

5. ALL UNPAVED SURFACES DISTURBED AS A RESULT OF CONSTRUCTION ACTIVITIES SHALL BE RESTORED TO A CONDITION EQUAL TO OR BETTER THAN THAT WHICH EXISTED BEFORE THE CONSTRUCTION.

XIII. ENGINEER'S AS BUILT REQUIREMENTS

1. DURING THE DAILY PROGRESS OF THE JOB, THE CONTRACTOR SHALL RECORD ON THEIR SET OF CONSTRUCTION DRAWINGS THE EXACT LOCATION, LENGTH, MATERIAL AND ELEVATION OF ANY FACILITY NOT BUILT EXACTLY ACCORDING TO PLANS.
2. AS BUILTS OF WATER LINES SHALL INCLUDE THE FOLLOWING:
 - a. TOP OF PIPE ELEVATIONS EVERY 100 LINEAR FEET
 - b. LOCATIONS AND ELEVATIONS OF ALL FITTINGS INCLUDING BENDS, TEES, GATE VALVES, DOUBLE DETECTOR CHECK VALVES, FIRE HYDRANTS, ETC.

- a. ALL TIE INS TO EXISTING LINES SHALL BE AS BUILT

- d. THE TERMINATION OF ALL WATER SERVICES SHALL BE SHOWN

3. AS BUILTS OF ALL THE GRAVITY SANITARY SEWER LINES SHALL INCLUDE THE FOLLOWING INFORMATION:
 - a. RIMS, INVERTS, AND LENGTH OF PIPING BETWEEN STRUCTURES, AS WELL AS PIPE SLOPES.
 - b. LOCATION OF ALL STUB ENDS OF ALL SEWER LATERALS INVERT ELEVATIONS AND LOCATION OF ALL CLEAN OUTS

4. LIFT STATION AS BUILTS SHALL CONSIST OF THE TOP OF WET WELL ELEVATION, INVERT ELEVATIONS OF THE INCOMING LINE, BOTTOM OF THE WET WELL AND AS BUILTS OF THE COMPOUND AREA

4. FORCE MAIN AS BUILTS SHALL BE PREPARED THE SAME AS THE WATER MAIN AS BUILTS DESCRIBED ABOVE

5. AS BUILTS OF ALL DRAINAGE LINES SHALL INCLUDE THE FOLLOWING INFORMATION:
 - a. RIMS, INVERTS, AND LENGTH OF PIPING BETWEEN STRUCTURES, AND WEIR ELEVATIONS WHERE APPLICABLE

- d. THE SIZE OF THE PIPING SHALL BE VERIFIED BY THE SURVEY FIELD CREW AT THE TIME OF AS BUILT

- c. DRAINAGE WELL STRUCTURE AS BUILTS SHALL INCLUDE, BUT NOT BE LIMITED TO, TOP OF CASING ELEVATION, TOP AND BOTTOM ELEVATIONS OF THE BAFFLE WALLS, RIM ELEVATIONS, AND INVERTS OF PIPING

6. ALL ROCK AS BUILTS FOR PARKING LOT AREAS SHALL CONSIST OF THE FOLLOWING INFORMATION:
 - a. ROCK ELEVATIONS AT ALL HIGH AND LOW POINTS, AND AT ENOUGH INTERMEDIATE POINTS TO CONFIRM ELEVATIONS

- b. ROCK AS BUILTS SHALL BE TAKEN AT ALL LOCATIONS WHERE THERE IS A FINISHED GRADE ELEVATION SHOWN ON THE DESIGN PLANS

- d. ALL CATCH BASIN AND MANHOLE RIM ELEVATIONS SHALL BE SHOWN

- d. ELEVATIONS AROUND ISLANDS SHALL ALSO BE SHOWN

- a. WHERE CONCRETE OR PAVEMENT BRICK IS TO BE USED AS A FINISHED PRODUCT FOR THE ROADWAY OR PARKING LOT, ROCK AS BUILTS WILL BE REQUIRED AS INDICATED ABOVE, AS WELL AS BUILTS ON THE FINISHED CONCRETE OR PAVEMENT LOCATIONS WHERE THERE IS A FINISHED GRADE ELEVATION SHOWN ON THE DESIGN PLANS

- i. AS BUILTS SHALL BE TAKEN ON ALL PAVED AND UNPAVED SWALES, PRIOR TO PLACEMENT OF ASPHALT OR TOPSOIL, OR SOIL, AT ENOUGH INTERMEDIATE POINTS TO CONFIRM SLOPE CONSISTENCY AND CONFORMANCE TO THE PLANS

7. LAKE AND CANAL BANK AS BUILTS SHALL INCLUDE A KEY SHEET OF THE LAKE FOR THE LOCATIONS OF CROSS SECTIONS. LAKE AND CANAL BANK CROSS SECTIONS SHALL BE PLOTTED AT A MINIMUM OF EVERY 100 LINEAR FEET UNLESS OTHERWISE SPECIFIED. AS BUILTS SHALL CONSIST OF THE LOCATION AND ELEVATION OF THE TOP OF BANK EDGE OF WATER AND THE DEEP CUT LINE, WITH THE DISTANCE BETWEEN EACH SHOWN ON THE DRAWING.

8. RETENTION AREA AS BUILT ELEVATIONS SHALL BE TAKEN AT THE BOTTOM OF THE RETENTION AREA AND AT THE TOP OF BANK. AS BUILT OF CONTOURS SHALL BE SHOWN, WHERE APPLICABLE.

9. UPON COMPLETION OF THE WORK, THE CONTRACTOR SHALL PREPARE RECORD DRAWINGS, ON FULL SIZE REPRODUCIBLE MATERIAL. ONE SET OF REPRODUCIBLE RECORD DRAWINGS SHALL BE SUBMITTED TO THE ENGINEER OF RECORD, ALONG WITH EIGHT SETS OF BLUE OR BLACK LINE DRAWINGS. THESE DRAWINGS SHALL BE SIGNED AND SEALED BY A FLORIDA REGISTERED LAND SURVEYOR. ADDITIONALLY, AN ELECTRONIC COPY OF THESE RECORD DRAWINGS SHALL BE SUBMITTED TO THE ENGINEER OF RECORD IN AUTOCAD, DWG OR DWT FORMAT.

10. IN ADDITION TO THE ABOVE THE CONTRACTOR SHALL ALSO CONFORM TO COUNTY AND/OR CITY AS-BUILT REQUIREMENTS.

BROWARD COUNTY NOTES

A. COMMUNICATION NOTES

REVISED 10/13/15

THE AGENCY RESPONSIBLE FOR MAINTENANCE OF THE TRAFFIC SIGNALS AND RELATED EQUIPMENT IS BROWARD COUNTY TRAFFIC ENGINEERING DIVISION (BED). ALL SYSTEM COMMUNICATIONS EQUIPMENT CABLEING AND RELATED MATERIAL SHALL COMPLY WITH BROWARD COUNTY'S LATEST EDITION OF MINIMUM STANDARDS AS EXPRESSED IN THE "STANDARDS AND SPECIFICATIONS - COMMUNICATION INFRASTRUCTURE" DOCUMENT. PLEASE REFER TO (BED) COMMUNICATIONS POLICIES AND PROCEDURES FOR ADDITIONAL INFORMATION. BROWARD COUNTY TRAFFIC ENGINEERING DIVISION WILL NOT ACCEPT ANY PROJECTS THAT DO NOT MEET THESE STANDARDS AND SPECIFICATIONS. IF FIBER OPTIC PULL BOXES ALREADY EXIST AT AN INTERSECTION, THE CONTRACTOR WILL NEED TO IDENTIFY AND PROVIDE A COPY OF THESE STANDARDS TO THE BROWARD COUNTY WEB SITE AT WWW.BROWARD.ORG/TRAFFIC UNDER PUBLICATIONS.

IF THERE IS COOPER INTERCONNECT CABLES WITHIN YOUR PROJECT LIMITS OR WITHIN 100 FEET OF YOUR PROJECT LIMITS CONTACT THE TRAFFIC SIGNAL SUPERVISOR AT TECHCOMMUNICATIONS@BROWARD.ORG OR 854-847-2745.

IF THERE ARE FIBER OPTIC CABLES WITHIN YOUR PROJECT LIMITS OR WITHIN 500 FEET OF YOUR PROJECT LIMITS CONTACT THE COMMUNICATIONS MANAGER AT TECHCOMMUNICATIONS@BROWARD.ORG OR 854-847-2745.

IF THERE ARE CELLULAR COMMUNICATIONS WITHIN YOUR PROJECT LIMITS, CONTACT THE COMMUNICATIONS MANAGER AT TECHCOMMUNICATIONS@BROWARD.ORG OR 854-847-2745.

ALL BED COMMUNICATIONS CABLES/CONDUIT SHALL BE LOCATED A MINIMUM OF 48 HOURS IN ADVANCE.

BROWARD COUNTY TRAFFIC ENGINEERING DIVISION

PROCEDURE FOR NOTIFICATION OF COMMUNICATION DISRUPTION

COPPER INTERCONNECT CABLE NOTIFICATION CONTACT PERSON

WHEN COMMUNICATIONS TO AN INTERSECTION MUST BE DISRUPTED BY A CONTRACTOR TO PERFORM WORK, THE CONTRACTOR SHALL PROVIDE A TWO DAY ADVANCE NOTICE IN WRITING TO THE BROWARD COUNTY TRAFFIC ENGINEERING DIVISION. THIS NOTIFICATION SHALL BE COMPLETED VIA ELECTRONIC MAIL (EMAIL) TO THE TRAFFIC SIGNAL TECHNICIAN AT TECHCOMMUNICATIONS@BROWARD.ORG. NOTIFICATION SHALL INCLUDE CONTACT PERSON, TELEPHONE NUMBER, PURPOSE, LOCATION AND DURATION OF THE DISRUPTION. THIS NOTICE MUST LAST FOR NO MORE THAN THREE (3) CONSECUTIVE BUSINESS DAYS. WHERE POSSIBLE, THE DISRUPTION SHALL BE DURING OFF PEAK HOURS BEGINNING AT 9:00AM AND ENDING AT 3:00PM.

FIBER OPTIC CABLE CABLE NOTIFICATION CONTACT PERSON

WHEN COMMUNICATIONS TO AN INTERSECTION MUST BE DISRUPTED BY A CONTRACTOR TO PERFORM WORK, THE CONTRACTOR SHALL PROVIDE A TWO DAY ADVANCE NOTICE IN WRITING TO THE BROWARD COUNTY TRAFFIC ENGINEERING DIVISION. THIS NOTIFICATION SHALL BE COMPLETED VIA ELECTRONIC MAIL (EMAIL) TO THE COMMUNICATIONS MANAGER AT TECHCOMMUNICATIONS@BROWARD.ORG. NOTIFICATION SHALL INCLUDE CONTACT PERSON, TELEPHONE NUMBER, PURPOSE, LOCATION AND DURATION OF THE DISRUPTION. THIS NOTICE MUST LAST FOR NO MORE THAN THREE (3) CONSECUTIVE BUSINESS DAYS. WHERE POSSIBLE, THE DISRUPTION SHALL BE DURING OFF PEAK HOURS BEGINNING AT 9:00AM AND ENDING AT 3:00PM.

INCLUDE THE FOLLOWING IN ANY NOTICE OF UTILITY OWNERSHIP OR WITHIN A UTILITY OWNER/CONTACT PERSON: DATE: [TECHCOMMUNICATIONS@BROWARD.ORG</](mailto:TECHCOMMUNICATIONS@BROWARD.ORG)

EROSION CONTROL NOTES:

1. CONTRACTOR TO ENSURE POLLUTANT MANAGEMENT PRACTICES THROUGHOUT CONSTRUCTION IN ORDER TO ENSURE POLLUTION PREVENTION. CONTRACTOR TO COMPLY WITH ALL LOCAL, STATE AND OTHER GOVERNMENTAL ENVIRONMENTAL REGULATIONS THROUGHOUT CONSTRUCTION.
2. DURING CONSTRUCTION ALL CATCH BASINS TO BE EQUIPPED WITH FILTER FABRIC AND HAY BALES OVER GRATES PER DETAILS.
3. SILT FENCES SHALL BE INSTALLED AS NECESSARY TO CONTROL OR PREVENT DISCHARGE OF SEDIMENT ONTO ADJACENT UNDISTURBED AREAS (FUTURE PHASES), OR OFF-SITE AREAS.
4. ALL AREAS DISTURBED DURING CONSTRUCTION SHALL BE STABILIZED WITHIN A REASONABLE PERIOD OF TIME TO ASSURE MINIMUM EROSION OF SOILS.
5. NO LAND CLEARING OR GRADING SHALL BEGIN UNTIL ALL EROSION CONTROL MEASURES HAVE BEEN INSTALLED.
6. ALL EXPOSED AREAS SHALL BE SOODED AS SPECIFIED WITHIN 30 DAYS OF FINAL GRADING.
7. MAINTAIN EROSION CONTROL MEASURES AFTER EACH RAIN AND AT LEAST ONCE A WEEK.
8. THIS PLAN SHALL NOT BE CONSIDERED ALL INCLUSIVE AS THE CONTRACTOR SHALL TAKE ALL NECESSARY PRECAUTIONS TO PREVENT SOIL SEDIMENT FROM LEAVING THE SITE.
9. CONTRACTOR SHALL COMPLY WITH ALL STATE AND LOCAL ORDINANCES THAT APPLY.
10. ADDITIONAL EROSION AND SEDIMENT CONTROL MEASURES WILL BE INSTALLED IF DEEMED NECESSARY BY ON SITE INSPECTION.
11. LAND DISTURBING ACTIVITIES SHALL NOT COMMENCE UNTIL APPROVAL TO DO SO HAS BEEN RECEIVED BY GOVERNING AUTHORITIES.
12. IF INSTALLATION OF STORM DRAINAGE SYSTEM SHOULD BE INTERRUPTED BY WEATHER OR NIGHTFALL, THE PIPE ENDS SHALL BE COVERED WITH FILTER FABRIC.
13. ALL EXISTING STRUCTURES, FENCING, TREES, AND ETC. WITHIN CONSTRUCTION AREA SHALL BE REMOVED AND DISPOSED OF OFF SITE.
14. CONTRACTOR SHALL BE RESPONSIBLE TO TAKE WHATEVER MEASURES NECESSARY TO ESTABLISH PERMANENT SOIL STABILIZATION.
15. CONTRACTOR IS TO PROVIDE EROSION CONTROL/SEDIMENTATION BARRIER (HAY BALES OR SILTATION CURTAIN) TO PREVENT SILTATION OF ADJACENT PROPERTY, STREETS, STORM SEWERS, AND WATERWAYS. IN ADDITION CONTRACTOR SHALL PLACE STRAIN, MULCH OR OTHER SUITABLE MATERIAL ON GROUND IN AREAS WHERE CONSTRUCTION RELATED TRAFFIC IS TO ENTER AND EXIT SITE IF IN THE OPINION OF THE ENGINEER AND/OR LOCAL AUTHORITIES. EROSION/SEDIMENTATION BARRIERS OF EARTH ARE TRANSPORTED OFF-SITE EITHER BY NATURAL DRAINAGE OR BY VEHICULAR TRAFFIC. THE CONTRACTOR IS TO REMOVE AND CLEAN SAID EARTH TO THE SATISFACTION OF THE ENGINEER AND/OR AUTHORITIES. EROSION CONTROL BARRIER SHALL BE ESTABLISHED AS THE FIRST ITEM OR WORK.
16. TURBIDITY BARRIERS SHALL BE CHECKED AT LEAST ONCE A WEEK TO ENSURE THEIR EFFECTIVENESS. ADDITIONAL TURBIDITY BARRIERS IF DEEMED NECESSARY SHALL BE PROVIDED AT NO ADDITIONAL COST.
17. SITE ACTIVITIES SHALL BE SHUT-DOWN IMMEDIATELY IF THE DOWNSTREAM OR UPSTREAM WATERWAYS ARE DEEMED TO BE AFFECTED DUE TO EARTHWORK ACTIVITIES, OR AT THE COUNTY, CITY OR ENGINEER OF RECORDS DISCRETION.
18. SPILL KIT MUST BE PROVIDED ON-SITE DURING ENTIRE DURATION OF PROJECT OR UNTIL REMOVAL IS APPROVED BY CITY. SPILL KIT MUST BE APPROPRIATE FOR SCOPE OF WORK AND EQUIPMENT ON-SITE.
19. CONCRETE WASHOUT AREAS, SHALL BE CONSTRUCTED SIMILAR TO TEMPORARY GRAVEL. EXISTING CURB ENTRANCES WITH A WIDTH OF 15 TO 20-FOOT (CONTRACTOR'S DISCRETION). HE/SHE MAY NEED TO FIT MORE THAN ONE TRUCK AT A TIME) AND A DEPTH OF 20-FEET. SIX INCHES OF AGGREGATE OVER FILTER FABRIC IS REQUIRED ON THE BOTTOM OF THE WASHOUT AREA. THIS AREA SHALL BE SURROUNDED ON THREE SIDES BY A SILT FENCE OR EARTHEN DAM AND BE ELEVATED 18 INCHES OR 24 INCHES LOWER TO ALLOW FOR WATER TO POOL AT THE BACK AREA. A SIGN STATING "CONCRETE WASHOUT AREA SHALL BE PLACED AT THE SITE.
20. CONTRACTOR SHALL INSTALL EROSION CONTROL MEASURES ON THE EXISTING DRAINAGE STRUCTURES PRIOR TO COMMENCEMENT OF DEMOLITION WORK.

\\P:\Engineering\2015\15-0090-003-01 Pulte Townhomes, Plantation Midtown Square\Drawings\15-0090-003-01-PGD.dwg [C-5] Jul 22, 2021 7:00m MKUSPER

PROPOSED DRAINAGE LEGEND:

- PROPOSED DRAINAGE MANHOLE
- PROPOSED DRAINAGE CATCH BASIN
- PROPOSED STORM SEWER
- DRAINAGE FLOW DIRECTION
- PROPOSED PAVERS
- PROPOSED CONCRETE
- PROPOSED PAVEMENT

NOTES:

- LOCATION OF EXISTING FACILITIES AS SHOWN ON THE CONSTRUCTION DRAWINGS ARE DRAWN FROM AVAILABLE RECORDS. PRIOR TO CONSTRUCTION, THE CONTRACTOR SHALL VERIFY THE ELEVATIONS AND LOCATIONS OF EXISTING FACILITIES THROUGH VACUUM EXCAVATION & TEST HOLE METHODS. IF AN EXISTING FACILITY IS FOUND TO BE IN CONFLICT WITH THE PROPOSED CONSTRUCTION UPON EXCAVATION, THE CONTRACTOR SHALL IMMEDIATELY NOTIFY THE ENGINEER OF RECORD SO THAT APPROPRIATE MEASURES CAN BE TAKEN TO RESOLVE THE ISSUE.
- CONTRACTOR SHALL ADJUST ALL RIMSTOPS OF EXISTING UTILITY APPURTENANCES, WHICH ARE TO REMAIN, TO MATCH PROPOSED GRADES.
- GENERAL CONTRACTOR, PLUMBER, AND CIVIL CONTRACTOR SHALL COORDINATE LOCATIONS, INVERTS, AND SIZES OF WATER SERVICES, SEWER LATERALS, FIRELINES, AND ROOF DRAINS PRIOR TO CONSTRUCTION.
- CONTRACTOR SHALL SLOPE PROPOSED PIPE BETWEEN CLEANOUT AND DRAINAGE STRUCTURE AS NECESSARY TO ACHIEVE DRAINAGE STRUCTURE INVERT ELEVATION.
- POCKETS OF ROOTS AND/OR ORGANIC MATERIAL AND DEBRIS SHOULD BE EXPECTED IN THE SITE, REQUIRING REMOVAL PRIOR TO PLACING FILL. ALL TREE/DEEP ROOT POCKET AND DEBRIS REMOVAL AREAS SHOULD BE PROPERLY BACKFILLED AND COMPACTED.
- ABOVE NORMAL EXCAVATION EFFORTS SHOULD BE EXPECTED IN AREAS WHICH REQUIRE EXCAVATIONS THROUGH THE LIMESTONE.

ALL PROPOSED AND EXISTING ELEVATIONS ARE SHOWN IN N.A.V.D. 1988 DATUM.

Always call 811 two full business days before you dig to have underground utilities located and marked.

NOTES

- CONTRACTOR SHALL FIELD VERIFY THE LOCATIONS AND ELEVATIONS OF ALL EXISTING UNDERGROUND UTILITIES PRIOR TO STARTING THE WORK.
- ALL NEW WATERMAIN AND FORCEMAIN PIPELINES SHALL BE PIGGED AND FLUSHED UNTIL THOROUGHLY CLEANED AND THE WATER RUNS CLEAR.
- EXISTING MANHOLE SHALL BE INSPECTED PRIOR TO CONSTRUCTION. RESULTS WILL BE SUBMITTED TO THE EOR AND CITY TO ASSESS CONDITION OF UTILITY TO REMAIN. CITY WILL MAKE RECOMMENDATIONS FOR RESOLVING DEFICIENCIES INCLUDING BUT NOT NECESSARILY LIMITED TO REPAIR OF MANHOLES.
- ALL CLEAN CUTS AT P.O.C. IN THE UTILITIES' EASEMENT SHALL BE INSTALLED IN DADE COUNTY BOXES MARKED SEWER.
- CONTRACTOR SHALL INSTALL DETECTABLE UNDERGROUND TAPE (APWA APPROVED COLORS WITH 14 STRAND WIRE) 24" ABOVE ALL NEW WATERMAIN AND FORCEMAIN PIPELINES.
- LOCATIONS, INVERTS, AND SIZES OF WATER SERVICES, SEWER LATERALS, FIRELINES, AND ROOF DRAINS SHALL BE COORDINATED PRIOR TO CONSTRUCTION. GENERAL CONTRACTOR, PLUMBER, AND CIVIL CONTRACTOR SHALL COORDINATE LOCATIONS, INVERT ELEVATIONS, AND SIZES PRIOR TO CONSTRUCTION.
- PRIOR TO CONSTRUCTION, GENERAL CONTRACTOR, PLUMBER, AND CIVIL CONTRACTOR SHALL COORDINATE LOCATIONS AND ELEVATIONS OF PROPOSED FOOTERS, CROSS REFERENCE ARCHITECTURAL, STRUCTURAL, AND CIVIL PLANS TO AVOID POTENTIAL CONFLICTS WITH PROPOSED WATER, SEWER, AND DRAINAGE.
- CONTRACTOR IS RESPONSIBLE FOR CONSTRUCTING & MAINTAINING TEMPORARY RELATIONSHIP OF EXISTING UTILITIES (WATER & SEWER) & PROPOSED (WATER & SEWER) AS REQUIRED.
- CONTRACTOR SHALL FIELD VERIFY THE LOCATIONS AND ELEVATIONS OF ALL EXISTING UNDERGROUND UTILITIES PRIOR TO STARTING THE WORK.
- CONTRACTOR IS RESPONSIBLE FOR COMPLETE RESTORATION OF EXISTING LANDSCAPING, SOD, DECORATIVE WALLS, FENCING, MAIL BOXES, ASPHALT, PAVERS, & CONCRETE DAMAGED DUE TO PROPOSED CONSTRUCTION ACTIVITIES IN OR OUT OF RIGHT OF WAY.
- CONTRACTOR SHALL INSTALL HOPE "RAINSTOPPER" INSERT ON ALL SEWER MANHOLES.
- POCKETS OF ROOTS AND/OR ORGANIC MATERIAL AND DEBRIS SHOULD BE EXPECTED IN THE SITE, REQUIRING REMOVAL PRIOR TO PLACING FILL. ALL TREE/DEEP ROOT POCKET AND DEBRIS REMOVAL AREAS SHOULD BE PROPERLY BACKFILLED AND COMPACTED.
- ABOVE NORMAL EXCAVATION EFFORTS SHOULD BE EXPECTED IN AREAS WHICH REQUIRE EXCAVATIONS THROUGH THE LIMESTONE.
- ALL LATERALS SHALL BE PIGGED AND INSTALLED AT A MIN. OF 1% SLOPE.
- ALL PROPOSED FIRE MAINS SHALL COMPLY WITH THE FLORIDA FIRE PREVENTION CODE 7TH EDITION.
- ALL FIRE HYDRANTS SHALL HAVE NO OBSTRUCTIONS WITHIN 3' AND HAVE UNOBSTRUCTED 6' WIDE AREA FROM FIRE HYDRANT TO CURB FRONT.
- VEHICLE ACCESS CONTROL GATE SYSTEMS SHALL BE MOTORIZED AND SHALL COMPLY WITH THE FOLLOWING PLANTATION FIRE DEPARTMENT'S STANDARD REQUIREMENTS:
 - BATTERY BACKUP, GENERATOR POWER, OR EQUIVALENT SHALL BE PROVIDED.
 - ALL VEHICLE GATES SHALL FAIL OPEN UPON POWER LOSS AND REMAIN OPEN UNTIL RETURN OF POWER.
 - 3200 SERIES KNOX BOX WITH 3291 KNOX TOGGLE SWITCH (ORDERED FROM WWW.KNOXBOX.COM) SHALL BE INSTALLED ON RIGHT SIDE OF ROADWAY, MINIMUM 25 FEET IN FRONT OF THE GATE.
 - TOGGLE SWITCH OPEN POSITION SHALL OPEN ALL VEHICLE GATES AND HOLD THEM OPEN UNTIL TOGGLE SWITCH IS RETURNED TO THE CLOSED POSITION.
 - ALL VEHICLE GATES SHALL BE EQUIPPED WITH A DIGITAL RADIO RECEIVER COMPATIBLE WITH PLANTATION FIRE DEPARTMENT'S SYSTEM.
 - RECEIVER SHALL BE A LINEAR MEGA CODE DIGITAL RECEIVER OR COMPATIBLE. THE TRANSMITTERS ARE LINEAR MODEL MDT. THE FIRE DEPARTMENT CODE IS 63001.
 - ALL VEHICLE GATES SHALL OPEN UPON SIGNAL FROM A FIRE DEPARTMENT REMOTE TRANSMITTER, AT A MINIMUM DISTANCE OF 20' FROM GATES.
 - ALL ENTRY AND EXIT GATES SHALL OPEN WITH THE ABOVE TRANSMITTERS AND WITH THE USE OF THE TOGGLE SWITCH.
 - TEN (10) TRANSMITTERS, CODED TO THE FIRE DEPARTMENT'S FREQUENCY, SHALL BE PROVIDED FOR EACH GATE SYSTEM INSTALLED.

- NOTES:**
1. WHERE APRONS ARE SPECIFIED ON PLANS, CONSTRUCT 2' WIDE (MIN.) APRON AROUND INLET (4 SIDES).
 2. APRON AROUND CATCH BASIN SHALL BE 6" THICK CONCRETE ON COMPACTED SUBGRADE.
 3. CONCRETE SHALL BE 3000 P.S.I. MIN., @ 28 DAYS.
 4. SLOPE OF APRON SHALL MATCH EXISTING GROUND SLOPE OR 2% MINIMUM.
 5. PROVIDE LIGHT BROOM FINISH ON CONCRETE SURFACE AND TOOL ALL EXPOSED EDGES.

The technical drawing illustrates the construction of a Type III Siltsilt Fence. It includes two views: a cross-section and an elevation.

Cross-Section View:

- Shows two vertical posts. The "OPTIONAL POST POSITION" is a vertical post. The "PRINCIPLE POST POSITION (CANTED 20° TOWARDS FLOW)" is a post tilted at a 20° angle from vertical, indicated by a dashed line and the label "20° ±".
- "FILTER FABRIC" is shown draped over the tilted post.
- An arrow labeled "SILT FLOW" indicates the direction of flow towards the fence.
- The view is labeled "SECTION" at the bottom.

Elevation View:

- Shows a side view of the fence with a total width of "6' MAX".
- On the left, "POST OPTIONS:" are listed:
 - WOOD 2 1/2" MIN. Ø
 - WOOD 2" X 4"
 - OAK 1 1/2" X 1 1/2"
 - STEEL 1.33 LBS/FT. MIN.
- Vertical dimensions on the left indicate post height: "3' OR MORE", "12" MIN.", "15" TO 18", and "6" (likely for the filter fabric height).
- The top of the fence is labeled "GRADE".
- On the right, a note specifies "FILTER FABRIC (IN CONFORMANCE WITH SEC. 905 F.D.O.T. SP)".
- The view is labeled "ELEVATION" at the bottom.

2.1.1 GUTTERBUDDY ®
THE GUTTERBUDDY ® SHALL BE A SYNTHETIC FILTER MANUFACTURED FROM RECYCLED SYNTHETIC FIBERS.

2.1.1.1 THE GUTTERBUDDY ® WILL BE MANUFACTURED TO BE 6" IN DIAMETER AND ARE AVAILABLE IN 3", 6", 12" AND 18" LENGTHS AND A MINIMUM OF TWENTY FOUR (24) INCHES LONGER THAN THE CURB INLET OPENING. THIS WILL ALLOW FOR SUFFICIENT LENGTH TO COVER THE INLET WITH TWELVE (12) INCHES BEYOND THE INLET ON BOTH ENDS.

3.0 CONSTRUCTIONS SEQUENCE

3.1 GENERAL

3.1.1 INSTALL THE GUTTERBUDDY ® IN FRONT OF THE CURB INLET OPENING, EACH END OF THE GUTTERBUDDY ® SHOULD OVERLAP THE CURB INLET APPROXIMATELY 12".

3.1.2 THE GUTTERBUDDY SHOULD BE CLEANED IF VISUAL INSPECTION SHOWS SILT AND DEBRIS BUILD UP AROUND THE GUTTERBUDDY ®.

3.1.3 TO REMOVE THE GUTTERBUDDY 3, LIFT OUT OF THE OPENING.

3.1.4 THE GUTTERBUDDY ® IS REUSABLE ONCE THE CONSTRUCTION PROJECT IS COMPLETE AND IT IS NO LONGER NEEDED FOR SEDIMENT CONTROL, REMOVE, CLEAN AND STORE OUT OF THE SUNLIGHT UNTIL NEEDED ON THE NEXT PROJECT.

3.15 PONDING IS LIKELY IF SEDIMENT IS NOT REMOVED REGULARLY. INSPECTION OF GUTTERBUDDY ® SHOULD BE ON A REGULAR BASIS AND IMMEDIATELY AFTER MAJOR EVENTS.

LEGEND	
	#### TREE/PALM TO BE RELOCATED
	#### TREE/PALM TO BE REMOVED
	#### EXISTING TREE/PALMS TO BE PROTECTED IN PLACE
	TREE BARRICADE DETAILS REFER TO SHEET TD-8

NOTES:
1) SEE SHEET TD-8 FOR TREE PROTECTION AND RELOCATION NOTES.
2) PERFORMANCE BONDS ARE REQUIRED ON ALL TREES TO BE RELOCATED AS PER CITY CODES.
3) ALL PROPOSED TREES TO BE REMOVED MUST BE MITIGATED FOR AS PER CITY CODES; TREE MITIGATION WILL BE ABOVE AND BEYOND CODE REQUIRED TREES ON THE PROPERTY
4) CITY STAFF WILL VERIFY ALL TREES PROPOSED TO BE REMOVED, REMAIN, AND/OR RELOCATED.

NOTE:

1. CONTRACTOR TO COORDINATE WITH CITY GAS DEPARTMENT TO HAVE A GAS PERSONNEL STANDBY ONSITE DURING ANY EXCAVATION WITHIN THE VICINITY OF GAS LINES.
2. STUMPS OF ANY EXISTING TREES THAT HAVE BEEN REMOVED SHALL BE GROUND DOWN TO 2" BELOW GRADE AND BACKFILLED. STUMP AND ROOT BALLS MUST NOT BE REMOVED DUE TO THE POTENTIAL OF DAMAGING EXISTING UTILITY LINES.
3. CONTRACTOR TO PROVIDE TREE PROTECTION BARRICADE FOR ANY TREE WITHIN CONSTRUCTION AREA. SEE DETAIL, SHEET TO-7.
4. CONTRACTOR SHALL BE RESPONSIBLE FOR ANY EXISTING TREES WITHIN WORK SITE BOUNDARIES AND WILL NEED TO REPLACE WITH LIKE OR BETTER CONDITION FOR ANY DAMAGED TREES.

- NOTE:
1. ISA Certified Arborist shall supervise all root pruning on site not limited to pruning for installation of Root Barrier. The Arborist shall notify The Public Works Department - Environmental Landscape Division immediately if any Structural roots within the Critical root zone have been severely damaged to limit the sustainability of existing tree(s) to remain.
 2. All trees shall be field grown/balled & burlapped (fg/bb); container grown trees are not acceptable.
 3. Planting mix for backfill around root balls of palms:
 - a. 90% native sand from onsite or approved substitute
 - b. 10% topsoil
 - c. Date palms to be planted in 100% native clean sand
 4. Fertilize all trees, shrubs and ground covers with planting tablets 20-20-5 formula, 21 gram

-
- A detailed cross-sectional diagram of a tree in a container, illustrating the preparation of the root ball and the installation of an irrigation system. The diagram includes the following components and labels:
- Tree and Root Ball:** A tree is shown with its trunk and canopy. The root ball is a large, rounded mass of soil and roots. The top of the root ball is labeled "top of rootball is 1' above Final grade." The root flair or first order roots are labeled "root flair or first order roots must be visible".
 - Root Ball Preparation:** The root ball is divided into sections labeled 1 through 12. Section 1 is the top of the root ball. Section 2 is the top of the root ball. Section 3 is the top of the root ball. Section 4 is the bottom of the root ball. Section 5 is the top of the root ball. Section 6 is the top of the root ball. Section 7 is the top of the root ball. Section 8 is the top of the root ball. Section 9 is the top of the root ball. Section 10 is the top of the root ball. Section 11 is the top of the root ball. Section 12 is the bottom of the root ball.
 - Irrigation System:** A network of pipes and emitters is shown. The main line is labeled "main line". The emitters are labeled "emitter". The irrigation head is labeled "irrigation head as needed".
 - Soil and Mulch:** The soil is labeled "landscape soil". The mulch is labeled "mulch root ball side is covered with mulch, not soil".
 - Backfill Soil:** The backfill soil is labeled "backfill soil".
 - Dimensions:** The diameter at the root ball base is labeled "2x diameter at root ball base". The root ball diameter is labeled "3x root ball diameter".

NTS

NTS

NTS

1. THE APPLICANT WILL BE REQUIRED TO EXECUTE A DEVELOPER AGREEMENT AND POST SECURITY FOR ALL ENGINEERING AND LANDSCAPE RELATED IMPROVEMENTS AT TIME OF PERMITTING.
2. TREE/PALM REMOVAL AND RELOCATION PERMITS AS WELL AS MITIGATION FEES MUST BE OBTAINED DIRECTLY THROUGH THE DEPARTMENT OF PUBLIC WORKS AT THE TIME OF PERMITTING. PLEASE CONTACT INDYLI AT 954-414-7395 DIRECTLY TO OBTAIN REQUIRED PERMITS.
3. ALL PROPOSED TREES TO BE REMOVED WILL BE MITIGATED FOR AS PER CITY CODES. TREE MITIGATION WILL BE ABOVE AND BEYOND CODE REQUIRED TREES ON THE PROPERTY. CITY STAFF TO VERIFY ALL TREES PROPOSED TO BE REMOVED, REMAIN, AND/OR RELOCATED.
4. TREE PROTECTION BARRIER PER DETAIL ON SHEET TD-9 TO BE PLACED AROUND ALL TREES TO REMAIN AND BE RELOCATED.
5. AN ISA CERTIFIED ARBORIST SHALL ROOT PRUNE ANY EXISTING TREES WITHIN THE LIMITS OF ANY PAVING/CURBING AREAS TO BE INSTALLED ON SITE
6. PERFORMANCE BONDS ARE REQUIRED ON ALL TREES TO BE RELOCATED AS PER CITY CODES.
7. A PRE-PLANTING MEETING WITH THE DEPARTMENT OF DESIGN, LANDSCAPE AND CONSTRUCTION MANAGEMENT IS REQUIRED BEFORE ANY PLANTING COMMENCES ON THE PROJECT.
8. ALL LANDSCAPE AREAS SHALL BE PROVIDED WITH AN AUTOMATICALLY-OPERATING UNDERGROUND IRRIGATION SYSTEM; WITH A MINIMUM OF 100% COVERAGE, WITH 50% MINIMUM OVERLAP IN GROUND COVER AND SHRUB AREAS. THE RAIN SENSOR MUST BE INSTALLED AS WELL AS A RUST INHIBITOR IF APPLICABLE. IRRIGATION PLANS MUST BE SUBMITTED AT TIME OF PERMITTING.
9. CONTRACTOR SHALL BE RESPONSIBLE FOR THE MANUAL WATERING OF RELOCATED PLANT MATERIALS FOR 90 DAYS. IF UTILIZED, ALL TEMPORARY WATERING SYSTEM INSTALLATIONS SHALL BE COMPLETELY REMOVED BY THE CONTRACTOR AFTER THE WATERING PERIOD. FOLLOWING TRANSPLANTING, CONTRACTOR SHALL WATER TREES DAILY FOR THE FIRST TWO WEEKS, EVERY OTHER DAY FOR THE NEXT TWO WEEKS. SOAKING THEN SHALL CONTINUE ON A TWICE WEEKLY BASIS FOR ANOTHER PERIOD OF EIGHT (8) WEEKS. SUCH WATERING SHALL THOROUGHLY SATURATE THE ROOT BALL TO ITS FULL DEPTH AND IS IN ADDITION TO THE UNDERGROUND IRRIGATION SYSTEM.
10. ALL EXOTIC AND INVASIVE MATERIAL SHALL BE REMOVED FROM THE SITE
11. 3" OF CLEAN MULCH SHALL BE INSTALLED AROUND ALL NEW AND EXISTING TREES, PALMS AND THROUGHOUT PLANTING BEDS; MULCH SHALL BE KEPT 3" AWAY FROM THE TRUNKS AND STEMS OF PLANTS. PLEASE DO NOT USE CYPRESS OR RED MULCH (EUCALYPTUS, MELALEUCA, OR RECYCLED MULCH IS ACCEPTABLE)
12. SOILS IN PLANTATION LACK CERTAIN ELEMENTS; THEREFORE REQUIRE A GENERAL USE FERTILIZER WITH AN ANALYSIS OF 8-2-15 OR A PALM SPECIAL/ORNAMENTAL TREE FERTILIZER WITH AN ANALYSIS OF 13-3-13 OR SIMILAR BE ADDED TO THE SOILS THREE TO FOUR TIMES PER YEAR.

CITY OF PLANTATION: PLANTING CRITERIA

ALL PLANT MATERIAL SHALL BE FLORIDA NO. 1 OR BETTER ACCORDING TO GRADES AND STANDARDS FOR NURSERY PLANTS. ALL TREES THAT ARE DESIGNATED AS SINGLE-TRUNK TREES SHALL HAVE A SINGLE, DOMINANT LEADER, PROPER STRUCTURAL BRANCHING AND EVEN DISTRIBUTION OF THEIR BRANCHES AND A RELATIVELY STRAIGHT TRUNK. TREES WITH BARK INCLUSION, TREES THAT HAVE BEEN TIPPED, AND CO-DOMINANT TRUNKS AT ANY HEIGHTS WILL NOT BE ACCEPTED. TREES WITH GIRDLING, CIRCLING AND/OR PLUNGING ROOTS WILL BE CONSIDERED CULLS AND THEREFORE REJECTED.

A PRE-PLANTING MEETING IS REQUIRED WITH THE DEPARTMENT OF DESIGN, LANDSCAPE AND CONSTRUCTION MANAGEMENT AT 954-585-2360 PRIOR TO ANY WORK BEING DONE ON THE PROPERTY.

ALL TREES AND PALMS MUST BE PLANTED SO THE TOP OF THE ROOT BALL, ROOT FLAIR, AND FIRST ORDER ROOTS ARE AT THE SAME LEVEL OR SLIGHTLY ABOVE THE FINAL GRADE. (ADVENTITIOUS ROOTS ARE NOT CONSIDERED FIRST ORDER ROOTS.)

ALL SYNTHETIC BURLAP, SYNTHETIC STRING OR CORDS SHALL BE REMOVED FROM THE ROOTBALLS BEFORE ANY TREES ARE PLANTED. THE TOP PORTION OF BURLAP MUST BE REMOVED FROM THE TOP OF THE ROOTBALLS. THE TOP 1/3rd OF WIRE BASKETS SHALL BE REMOVED, THE BOTTOM 2/3rds SHALL BE CUT BEFORE THE TREES ARE INSTALLED.

ALL SYNTHETIC TAPE (I.E., TAGGING TAPE, NURSERY TAPE) SHALL BE REMOVED FROM TRUNKS, BRANCHED, ETC. BEFORE INSPECTION. REMOVE ALL BAMBOO AND METAL STAKES FROM THE TREES.

TREES SHALL HAVE A MULCH RING OF A MINIMUM OF 4' DIAMETER. MULCH SHOULD HAVE A MINIMUM DEPTH OF 2" AND A MAXIMUM DEPTH OF 3". ALL PLANTING BEDS MUCH BE MULCHED. MULCH SHOULD BE KEPT 3" FROM THE BASE OF ALL PLANT MATERIAL. CYPRESS MULCH, RED, GOLD AND GREEN MULCH IS PROHIBITED. OTHER CLEAN HARDWOOD SPECIES OR CLEAN RECYCLED MULCH MAY BE USED. ESTABLISH CLEAN PLANTING BED LINES, LEAVE > 1½' ON EITHER SIDE OF THE PLANT MATERIAL FOR MAINTENANCE.

ALL TREES AND PALMS SHALL BE GUYED WITH PROPER HORTICULTURAL AND ARBORICULTURAL TECHNIQUES. DO NOT USE WIRE, BLACK STRAPPING, OR OTHER SYNTHETIC MATERIAL FOR THE STAKING OF TREES. PLEASE USE BIODEGRADABLE MATERIAL FOR STAKING. NAILING INTO TREES AND PALMS FOR ANY REASON IS PROHIBITED. ALL STAKING MATERIAL SHALL BE REMOVED ONCE TREES ARE ESTABLISHED.

SHRUBS AT THE TIME OF INSTALLATION SHALL NOT BE LESS THAN 2½' IN HEIGHT WITH A MINIMUM HEIGHT OF 30" FOR PERIMETER HEDGE MATERIAL.

GROUND COVER AREAS AT THE TIME OF INSTALLATION SHALL BE PLANTED WITH A MINIMUM COVERAGE OF 75% COVERAGE.

ALL LANDSCAPE AREAS SHALL BE PROVIDED WITH AN AUTOMATICALLY-OPERATING UNDERGROUND IRRIGATION SYSTEM; WITH A MINIMUM OF 100% COVERAGE, WITH 50% MINIMUM OVERLAP IN GROUNDCOVER AND SHRUB AREAS. THE RAIN SENSOR MUST BE INSTALLED AND OPERATIONAL AS WELL AS THE RUST INHIBITOR IS APPLICABLE. IN COMPLIANCE WITH SECTION 13-34(6) OF THE CITY'S LANDSCAPE CODE OF ORDINANCES ALL PLANTING BED AREAS MUST HAVE A MINIMUM OF 6" OF PLANTING SOIL, AND ALL SODDED AREAS SHALL HAVE 2" OF PLANTING SOIL. THIS SOIL SHALL BE TILLED INTO EXISTING SOIL ON SITE. ALL SOIL SHALL BE FREE OF WEEDS AND OTHER NOXIOUS MATERIALS. RECYCLED COMPOST IS ENCOURAGED AS A SOIL AMENDMENT. PLEASE CONTACT THE CITY PRIOR TO PLANTING FOR AN INSPECTION OF THE PLANTING BEDS/ISLANDS.

ALL UTILITY EQUIPMENT, SUCH AS FPL BOXES, CABLE TV BOXES, BACK FLOW PREVENTERS, IRRIGATION EQUIPMENT, AND AIR CONDITIONER UNITS SHALL BE SCREENED WITH APPROPRIATE PLANT MATERIAL.

PLEASE USE CITY APPROVED PLANTING DETAILS.

WHERE APPLICABLE, APPROPRIATE TREE PROTECTION BARRIERS MUST BE IN PLACE PRIOR TO THE COMMENCEMENT OF ANY WORK ON THE PROPERTY.

WHERE APPLICABLE, TREE REMOVAL AND/OR TREE RELOCATION PERMITS MUST BE OBTAINED THROUGH THE DEPARTMENT OF LANDSCAPE ARCHITECTURE PRIOR TO ANY WORK BEING DONE ON THE PROPERTY.

PLEASE FOLLOW APPROVED LANDSCAPE PLANS FOR SPECIES, SIZES, LOCATIONS, QUANTITIES, QUALITY, ETC. IF YOU ARE UNABLE TO LOCATE PLANT MATERIAL AT REQUIRED SPECIFICATIONS PLEASE CONTACT OUR DEPARTMENT PRIOR TO ANY CHANGES BEING MADE AT 954-585-2360

LANDSCAPE NOTES

- ALL PLANT MATERIAL FURNISHED BY THE LANDSCAPE CONTRACTOR UNLESS OTHERWISE SPECIFIED SHALL BE FLORIDA NO. 1 GRADE OR BETTER, AND SHALL BE INSTALLED AS SPECIFIED IN "GRADES AND STANDARDS FOR NURSERY PLANTS," PUBLISHED BY THE FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES. ALL PLANT MATERIAL MUST BE HEALTHY, VIGOROUS MATERIALS, FREE OF PESTS AND DISEASES.
- ALL SIZES SHOWN FOR PLANT MATERIAL ON THE PLAN ARE TO BE CONSIDERED AS MINIMUMS. ALL PLANT MATERIAL MUST MEET OR EXCEED THESE MINIMUM REQUIREMENTS FOR BOTH HEIGHT AND SPREAD. ANY OTHER REQUIREMENTS FOR SPECIFIC SHAPE OR EFFECT AS NOTED ON THE PLAN OR SPECIFICATIONS WILL ALSO BE REQUIRED FOR ACCEPTANCE. ANY SUBSTITUTIONS MUST BE APPROVED BY LANDSCAPE ARCHITECT BEFORE PLANTING.
- THE CONTRACTOR IS RESPONSIBLE FOR ALL PLANTING MEETING SPECIFICATIONS AS NOTED BEFORE INSTALLATION. CONTRACTOR SHALL IMMEDIATELY REMOVE ALL PLANTING THAT DOES NOT MEET SPECIFICATIONS AND BE HELD RESPONSIBLE TO REPLACE IT WITH APPROPRIATE PLANTING.
- IN THE EVENT OF A VARIATION BETWEEN THE PLANT LISTS AND THE ACTUAL QUANTITY OF PLANTS SHOWN, THE PLANS HOLD TRUE.
- ALL ROOT BALLS SHALL CONFORM TO THE SIZE STANDARDS SET FORTH IN FLORIDA GRADES AND STANDARDS.
- CONTRACTOR TO SUBMIT TO THE LANDSCAPE ARCHITECT THE GROWERS AND/OR SITE INSPECTION CERTIFICATE FOR PLANT MATERIALS TWO (2) WEEKS PRIOR TO COMMENCEMENT OF WORK.
- ALL PLANT MATERIALS MUST BE PROTECTED DURING TRANSPORT AND DELIVERY TO THE JOB SITE WITH SHADE CLOTH OR OTHER ACCEPTABLE MEANS OF WINDBURN PREVENTION.
- CONTRACTORS SHALL FIELD VERIFY ALL INFORMATION PRIOR TO INITIATING PLANTING INSTALLATION. ALL EXISTING PLANTING SHALL REMAIN INTACT AND UNDISTURBED UNLESS OTHERWISE NOTED ON THE PLANS.
- LANDSCAPE CONTRACTOR SHALL FIELD STAKE THE LOCATION OF ALL PLANT MATERIAL PRIOR TO INSTALLATION FOR THE REVIEW AND APPROVAL OF THE LANDSCAPE ARCHITECT.
- ALL TREES MUST BE FLORIDA #1, STRAIGHT TRUNKED, FULL HEADED, AND MEET ALL REQUIREMENTS SPECIFIED.
- CONTRACTOR TO GUARANTEE PLANT MATERIAL FOR A FULL YEAR ESTABLISHMENT PERIOD FOLLOWING DATE OF SUBSTANTIAL COMPLETION.
- CONTRACTOR TO REPLACE REJECTED PLANT MATERIAL WITHIN ONE WEEK OF NOTICE.
- CONTRACTOR TO REQUEST INSPECTION OF PROJECT IN WRITING. IF ALL WORK IS SATISFACTORY AND COMPLETE IN ACCORDANCE WITH CONDITIONS OF CONTRACT DOCUMENTS, THEN THE CITY AND LANDSCAPE ARCHITECT SHALL DECLARE SUBSTANTIALLY COMPLETE. SUBSTANTIAL COMPLETION CONSTITUTES THE BEGINNING OF THE GUARANTEE PERIOD.
- INSTALLATION- ALL PLANT MATERIAL SHALL BE INSTALLED IN A SOUND WORKMANLIKE MANNER AND ACCORDING TO GOOD PLANTING PROCEDURES WITH THE QUALITY OF PLANT MATERIALS AS HEREINAFTER DESCRIBED. ALL ELEMENTS OF LANDSCAPING SHALL BE INSTALLED SO AS TO MEET ALL APPLICABLE ORDINANCES AND CODE REQUIREMENTS.
- CONTRACTOR IS RESPONSIBLE FOR WATERING AND MAINTAINING ALL TREES AND LANDSCAPE UNTIL FINAL ACCEPTANCE BY OWNER. CONTRACTOR SHALL INSURE THAT ALL DRAINAGE AND PERCOLATION OF ALL PLANTING PITS PRIOR TO INSTALLATION OF PLANT MATERIAL. CONTRACTOR IS RESPONSIBLE FOR REPLACEMENT OF PLANTS IF DEAD OR DYING PRIOR TO FINAL ACCEPTANCE.
- TYPICALLY, SHRUB AND GROUNDCOVER PLANTINGS ARE SHOWN AS MASS PLANTING BEDS. PLANTS SHOULD BE PLACED ON A TRIANGULAR SPACING SHOWN IN THE PLANTING DETAILS. PLANT CENTER TO CENTER DIMENSIONS (O.C.) ARE LISTED ON THE PLANT LIST.
- TREES AND PALMS SHALL BE FIELD GROWN/BALLED AND BURLAPPED.
- BALLED AND BURLAPPED MATERIAL SHALL HAVE THE TOP ONE HALF (½) OF THE BURLAP AROUND THE BASE OF THE TRUNK CUT AND PULLED BACK. DO NOT REMOVE THE BURLAP BUT WIRE CAGES, STRAPS, ETC. MUST BE CUT AND REMOVED COMPLETELY BEFORE INSTALLATION.
- CONTRACTOR SHALL REFER TO THE LANDSCAPE PLANTING DETAILS, PLANT LIST, GENERAL NOTES, AND ANY OTHER MATERIALS FROM THE LANDSCAPE ARCHITECT FOR COMPLETE LANDSCAPE PLANTING INSTRUCTIONS.
- "BRANCH TOUCHING BRANCH" PROVIDED AT TIME OF INSTALLATION. ALL HEDGES - TO BE MIN. 24" AT PLANTING AND 36" HIGH WITHIN ONE YEAR.
- THE FOLLOWING GUIDELINES SHALL BE FOLLOWED TO ENSURE SUCCESSFUL TRANSPLANTING OF TREES:
 - ANY TREE BEING RELOCATED SHALL NOT BE UNNECESSARILY DAMAGED DURING REMOVAL, TRANSPORT, OR REPLANTING OF THAT TREE.
 - TREES MUST BE ROOT PRUNED APPROPRIATELY PRIOR TO REMOVAL.
 - DURING AND FOLLOWING TRANSPLANTING THE ROOT BALL MUST BE KEPT MOIST AT ALL TIMES.
 - TRANSPLANTED TREES SHALL BE BRACED AT LEAST ONE FULL YEAR.
 - TRANSPLANTED TREES SHALL NOT BE FERTILIZED AT PLANTING TIME BUT SHALL BE WATERED SUFFICIENTLY UNTIL THE TREE GROWTH IS REESTABLISHED.
 - RELOCATED TREES/PALMS WILL BE MOVED IN ACCORDANCE WITH MINIMUM STANDARDS SET FORTH IN ANSI A-300
 - ALL CROWN PRUNING SHALL BE DONE IN ACCORDANCE WITH NATIONAL ARBORIST ASSOCIATION STANDARDS OR PALM PRUNING IN ACCORDANCE WITH CITY STANDARDS.
- LANDSCAPE CONTRACTOR SHALL REGRADE ALL AREAS DISTURBED BY PLANT REMOVAL, RELOCATION, AND/OR INSTALLATION WORK. LANDSCAPE CONTRACTOR SHALL REPLACE (BY EQUAL SIZE AND QUALITY) ANY AND ALL EXISTING PLANT MATERIAL DISTURBED OR DAMAGED BY PLANT REMOVAL, RELOCATION OR INSTALLATION.
- CONTRACTOR SHALL BE RESPONSIBLE TO REPLACE ALL PORTIONS OF EXISTING LAWN AREAS DAMAGED WHILE COMPLETING PLANTING INSTALLATION WITH SAME GRASS SPECIES TO THE SATISFACTION OF THE LANDSCAPE ARCHITECT.
- GENERAL GRADING TO APPROXIMATELY 1 INCH SHALL BE PROVIDED BY THE CONTRACTOR. ALL FINISHED SITE GRADING AND FINAL DECORATIVE BERM SHAPING SHALL BE PROVIDED BY THE LANDSCAPE CONTRACTOR.
- ALL LANDSCAPE MATERIALS SHALL BE MAINTAINED TO PROVIDE CONTINUOUS CLEAR ZONES FOR SIGHT VISIBILITY FOR PEDESTRIANS AND VEHICULAR TRAFFIC AND LANDSCAPE MAINTENANCE SHALL CONFORM TO STANDARD INDEX 546 CRITERIA SET FORTH IN F.D.O.T. ROADWAY AND TRAFFIC DESIGN STANDARDS.

SOIL PREPARATION, SOIL MIX, FERTILIZER, + MULCH NOTES:

- ENSURE THAT ALL PLANTING SOIL IS FERTILE, FRIABLE, NATURAL LOAM SURFACE SOIL, REASONABLY FREE OF SUBSOIL, CLAY LUMPS, WEEDS AND OTHER LITTER, AND FREE OF ROOTS, STUMPS AND STONES LARGER THAN ONE INCH IN ANY DIMENSION, AND OTHER EXTRANEUOUS OR TOXIC MATTER HARMFUL TO PLANT GROWTH. SHOULD ANY SOIL AMENDMENT BE NECESSARY, THE CONTRACTOR SHALL BRING THIS TO THE ATTENTION OF THE LANDSCAPE ARCHITECT.
 - APPLY APPROVED HERBICIDE- ACCORDING TO MANUFACTURERS RATE AND SPECS WITHIN LIMITS OF ALL AREAS TO BE PLANTED. PROTECT EXISTING PLANTS TO REMAIN FROM OVERSPRAY OR SPRAY WITHIN ROOT ZONE. CONTRACTOR TO ENSURE TOTAL WEED ERADICATION.
 - SCARIFY SUBSOIL TO A DEPTH OF 3 INCHES.
 - PLANTING MIX FOR TREES, SHRUBS, AND GROUNDCOVERS SHALL CONSIST OF A THOROUGHLY BLENDED MIXTURE OF:
 - 20% TOPSOIL
 - 10% PEAT OR COMPOST
 - 70% SAND
 - PLANTING MIX FOR BACKFILL AROUND ROOT BALLS OF PALMS:
 - 90% NATIVE SAND FROM ON SITE OR APPROVED SUBSTITUTE
 - 10% TOPSOIL
- **DATE PALMS TO BE PLANTED IN 100% NATIVE CLEAN SAND****

6. FERTILIZE ALL TREES, SHRUBS AND GROUNDCOVER WITH PLANTING TABLETS 20-20-5 FORMULA, 21 GRAM. MINIMIZE THE USE OF PHOSPHORUS ON NEW PLANT MATERIAL DUE TO NEW STATE REGULATIONS.
- ALL SHRUB BEDS SHALL BE EXCAVATED TO A MINIMUM DEPTH OF 24" AND BACK FILLED WITH THE SPECIFIED SOIL MIXTURE. A MINIMUM OF 6" OF TOPSOIL SHALL BE PLACED IN PLANTING BEDS.
 - SMOOTH ALL PREPARED TOPSOIL TO 3" EXCEPT WITHIN DRIP LINES OF EXISTING TREES AND 4" BELOW TOP OF SURROUNDING PAVING EDGES. REMOVE ALL ROCKS AND OTHER OBJECTS OVER 1" IN DIAMETER.
 - FINISH GRADE ALL PREPARED TOPSOIL AREAS TO A SMOOTH, EVEN SURFACE ASSURING POSITIVE DRAINAGE AWAY FROM THE STRUCTURES AND ELIMINATE ANY LOW AREAS WHICH MAY COLLECT WATER.
 - TOPSOIL SHALL NOT BE EXTREMELY ACIDIC OR ALKALINE, NOR CONTAIN ANY TOXIC SUBSTANCE WHICH MAY BE HARMFUL TO PLANT GROWTH. THE PH SHALL BE IN THE RANGE OF 5.5-6.5.
 - CONTRACTOR SHALL MULCH ALL PLANTING MATERIAL THROUGHOUT AND COMPLETELY TO A 3 INCH DEPTH WITH CLEAN, WEED FREE FLORAMULCH
 - MINIMUM OF 2" TOPSOIL MUST BE ADDED UNDER ALL SODDED AREAS.
 - LANDSCAPE INSPECTOR SHALL BE CALLED TO APPROVE SOIL MIXTURE PRIOR TO INSTALLATION

IRRIGATION NOTES:

- XERISCAPE PRINCIPLES HAVE BEEN APPLIED TO THIS LANDSCAPE PLAN AS SPECIFIED IN SFWMD's XERISCAPE PLANT GUIDE II AND SHALL BE APPLIED ALL THROUGHOUT LANDSCAPE INSTALLATION AND MAINTENANCE.
- THE CONTRACTOR SHALL MAINTAIN TEMPORARY IRRIGATION OR PROVIDE HAND WATERING FOR ALL RELOCATED TREES AND PALMS FROM NOTICE TO PROCEED UNTIL PERMANENT IRRIGATION SYSTEM IS OPERABLE.
- THE IRRIGATION SYSTEM SHALL BE CONFIGURED TO ACCOMMODATE EXISTING TREES AND PALMS.
- ALL LANDSCAPED AREAS MUST BE IRRIGATED IN ACCORDANCE WITH ALL LOCAL/ COUNTY REQUIREMENTS.
- REMOVE EXISTING IRRIGATION EQUIPMENT WHICH INTERFERES WITH ANY CONSTRUCTION. THIS INCLUDES, BUT IS NOT LIMITED TO, CONTROLLERS, SPRINKLER HEADS, PIPE, QUICK COUPLERS, BACKFLOW PREVENTERS, CONTROL WIRE AND CONDUITS. ADDITIONALLY THE CONTRACTOR IS RESPONSIBLE FOR MAINTAINING THE EXISTING SYSTEM THROUGHOUT THE CONSTRUCTION PROCESS.
- LANDSCAPE CONTRACTOR SHALL COORDINATE ALL PLANTING WORK WITH IRRIGATION WORK. INSPECT IRRIGATION SYSTEM AND INSURE THAT ADEQUATE WATER IS AVAILABLE BEFORE BEGINNING PLANTING OPERATIONS. IRRIGATION SYSTEMS WILL NOT PROVIDE SUFFICIENT QUANTITIES OF WATER FOR NEWLY PLANTED MATERIALS. THE LANDSCAPE CONTRACTOR IS RESPONSIBLE FOR DEEP ROOT HAND WATERING.
- SEE IRRIGATION PLANS FOR ADDITIONAL NOTES AND DETAILS.

DESCRIPTION

The geometric form of Mesa luminaire allows it to adapt to either contemporary or traditional architectural settings. Available in single or twin pole mount configurations with optional wall mounting capability, the Mesa luminaires mounting options allow for harmonized site design whether at the entryway or in the parking lot. UL/UL listed for use in wet locations.

14 LightBARs Solid State LED

DECORATIVE LUMINAIRE

DETAILED DESCRIPTION

Construction: Die-cast aluminum main housing and spider mount base maintain a minimum 0.125 wall thickness. Integral aluminum heat sink provides superior thermal heat transfer in +40°C ambient environments. **DOOR ASSEMBLY:** Top mounted, heavy wall, die-cast aluminum door maintains a nominal 0.125 thickness. Door includes a self retaining interior hinge. **GASKET:** Continuous silicone gasket provided to seal housing door assembly and optic tray. **LENS:** Downlight lens is LED board integrated acrylic over-optic, each individually sealed for IP67 rating. **HARDWARE:** Four inset fasteners on underside of housing provide access to luminaire interior. Concealed, stainless steel four bar hinge lock allows door to lock in the open position.

Optics: Choice of twelve patented, high-efficiency AcuityLED Optic™ technology manufactured from injection-molded acrylic. Optics are precisely designed to shape the light output, maximizing efficiency and application spacing. AcuityLED Optic technology, creates consistent distributions with the scalability to meet customized application requirements. Offered

Standard: 4000K (+/- 275K) CCT and minimum 70 CRI. Optional 3000K CCT, 5000K CCT and 5700K CCT. For the ultimate level of spill light control, an optional house-side shield accessory can be field or factory installed. The house-side shield is designed to seamlessly integrate with the SL2, SL3 or SL4 optics. LightBAR optic tray is removable and able to rotate 360° in 90° increments for specific placement of the distribution relative to fixture.

Electrical: LED drivers mount to die-cast aluminum back housing for optimal heat sinking, operation efficiency, and prolonged life. Standard drivers feature electronic universal voltage (120-277V 50/60Hz, 347V 60Hz or 480V 60Hz operation, greater than 0.3 power factor, less than 20% harmonic distortion, and is suitable for operation in -40°C to 40°C ambient environments. All fixtures are shipped standard with 10K/100A common - end differential - mode surge protection. LightBARs feature and IP66 enclosure rating and maintain greater than 95% lumen maintenance at 60,000 hours per IESNA TM-21. Occupancy sensor and dimming options available.

Warranty: Five-year warranty.

Finish: Housing is finished in five-stage super TGIC polyester powder coat paint, 2.5 mil nominal thickness for superior protection against fade and wear. LightBAR™ cover plates are standard white and may be specified to match finish of luminaire housing. Standard colors include black, bronze, grey, white, dark platinum and graphite metallic. RAL and custom color matches available. Consult Outdoor Architectural Colors brochure for a complete selection.

Townhome Surface Parking	(includes 2 HC parking spaces		23
Grand Total Parking Provided			1,407

1. City Impact Fees to be paid prior to issuance of a building permit.
2. Concurrence Review for Parks, Water, Sewer, Streets, Drainage and Solid Waste to be prepared and submitted to the Planning and Zoning Department prior to City Council consideration
3. Ground equipment must be screened by a wall, fence or hedge.
4. Rooftop equipment must be screened by a parapet or other architectural feature as high as or higher than the equipment.
5. All disabled parking shall comply with City of Plantation Standards.
6. The project shall be ADA accessible and meet the criteria for accessibility of the Florida Building Code.
7. All accessible ramps shall be constructed in accordance with FDOT Index 304
8. City of Plantation Planting Guidelines shall override project notes.
9. The Project Team shall coordinate a site meeting with Landscape Staff before any work commences on the project.
10. A Pre-Planting meeting shall be scheduled with the Department of Landscape Architecture before any planting commences.
11. The Project plans shall be presented for consideration to the Landscape Planning and Review Board.
12. The Project shall comply with Florida Building current at the time of submission for Building Permit as well as Fire and Life Safety and other applicable federal, state and local requirements.
13. The Project shall be reviewed with the Fire Department to address the impact on Fire/Rescue Services prior to City Council consideration.
14. Prior to Building Permit being issued, the following shall be provided.
 - a. Water and Sewer Utility plans must be submitted to the Utilities Department for review and approval.
 - b. BCHD and DPEP Permits must be approved
 - c. Utilities Agreements must be executed
 - d. Utilities Performance Bond must be posted
 - e. Utilities Easements must be executed
 - f. Capacity Charges must be paid in FULL
16. Drainage Plan with retention and runoff calculation and a construction drawing to be approved by OPWCD prior to issuance of building permit. As-built drawings and approval by the district required prior to issuance of a Certificate of Occupancy.
17. The maximum posted speed of the project shall be 30 MPH or less.
18. All glass shall comply with Plantation Zoning Ordinance 27-62(b)(3)(ii) prohibiting mirrored or reflective glass.
19. All flat roofs shall have parapets.
20. All loading zone areas shall be kept clean of refuse and storage items. Refuse and recyclables will be located within a dumpster within an enclosure. Storage will be fully contained within a fully enclosed building.
21. Building up-lighting designed to flood the building face is considered an attention-getting device and is not permitted by the sign code.
22. Outdoor seating areas for future restaurants will require an outdoor seating approval and must comply with the requirement found in Section 27-721(61) of the code.
23. Restaurants and other tenants that prepare food items require air conditioned garbage rooms.
24. All outdoor equipment shall be screened from view (Section 27-647). This includes a/c units, back flow preventers, pumps, FPL transformers, water service/mechanical equipment, and lift stations. Clearly depict exposed infrastructure (i.e. pipes, pool equipment, lift stations, transformers etc.) as these must also be screened from public view.

SHEET 1 OF 2

SYMB	ITEM:
	Waiver #1: From: Section 13-41(a) & 13-41(b). Which requires Landscape Pedestrian Zone along all Building Facades. To: Reduce the required Landscape Pedestrian Zones (LPZ) for the Townhomes from 10' to: Building 11/Unit 60: Reduction to 4'-2" minimum.
	Waiver #2: From: Section 13-41(c)(1). Which requires the minimum landscape width within a vehicular use area to be 5 feet. To: Reduce the minimum width to 4 feet for the landscape strips located between adjacent townhome driveways at each of the following 6-unit buildings: Buildings 1, 3, 4, 6, 8, 9, 10, 11, 12, 13 & 16.
	Waiver #3: From: Section 13-41(a)(b). Which requires a landscape pedestrian zone (LPZ) to extend the full width of each façade abutting a parking or vehicular use area. To: Eliminate the landscape pedestrian zone along the frontage of the townhome buildings. This occurs at each of the buildings 1 - 16.
	Waiver #4: From: Section 13-40(e). Which requires landscaped areas in all vehicular use areas shall be curbed. To: Eliminate the required curbing for the landscape strips within the townhome parking areas located at the front of each unit. There are 2 instances for each 4-unit building and 3 instances for each 6-unit building. The request is for all buildings, numbers 1 - 16. Buildings 1, 3, 4, 6, 8, 9, 10, 11, 12, 13 & 16 each have three instances and Buildings 2, 5, 7, 14 & 15 have two instances.
	Waiver #5: From: Section 13-40(a)(c). Which requires one tree to be installed in the Landscape Pedestrian Zone per each 30 lineal feet. To: Provide for one tree per 40 lineal feet for the sides of the buildings located between buildings 1 & 2, 3 & 4, 4 & 5, 6 & 7, 7 & 8, 8 & 9, 10, 10 & 11, 12 & 13 and 13 & 14. This occurs at 9 locations.

Superior 72" Outdoor Linear Fireplace

Product Description

- Model: ODLVF72ZEN

Our large 72" linear outdoor fireplace can be installed as a single sided or two-sided see through. Unit ships in a single-sided configuration with see-through kit included. Comes standard with a wall-mounted control box that allows control of flames and interior lights. Constructed from stainless steel for long-lasting outdoor use.

Features:

- 72" wide X 16" high viewing area
- Single-sided configuration with see-through kit included
- Mood enhancing adjustable full-spectrum interior LED lighting
- Diamond Crystal large crushed glass media included (Optional colors available)
- Glass deflector shield protects flames from wind

Thalein Rainford, Planner

I. PROJECT SUMMARY

A. Project Name / Number: Bank of America Plaza – Phase II / PP21-0015

B. Requests:

1. Site plan, elevation and landscape plan approval to allow ±13,300 square feet of additional commercial use.
2. The applicant is requesting 2 zoning waivers from Chapter 27 of the City Code and 4 landscape waivers from Chapter 27 – Article X of the City Code. See Exhibit D.

C. Recommendation: **APPROVAL** subject to conditions noted in Section V. B. of this report.

II. APPLICATION SUMMARY

A. Owner: 7001 Plantation 2019, L.P.

B. Agent: Manuel Synalovski, AIA

C. Location: (See Exhibit B) 7001 W. Broward Boulevard

D. Size: 4.99 acres

E. Folio: 504103450010

F. Legal Description: See Exhibit “E”.

G. Future Land Use Plan Designation, Current Zoning and Use of Subject Property:

<u>Existing Use & Zoning</u>	<u>Future Land Use Map</u>
Subject Property: Bank with drive thru zoned B-2P	Commercial
North: Cypress Road then offices zoned B-2P	Commercial
South: Broward Boulevard	Right of way
West: Retail & office uses zoned B-2P	Commercial
East: NW 70th Avenue then offices zoned B-2P	Commercial

III. BACKGROUND

A. Subject Property / The Site

The ± 5-acre subject site is zoned B-2P (Central Business) and developed with a 12,616-square foot one-story office building (Bank of America). The property is bound by Cypress Road to the north, Broward Boulevard to the south, NW 70th Avenue to the east, and commercial uses to the west. Refer to Exhibit C for the zoning map.

The applicant received City Council approval of a conditional use and site plan (PP19-0002) on April 10, 2019, to construct a 10,000 square foot day care (The Learning Center) on Phase 1, centrally located on the site.

B. Synopsis

The applicant requests site plan approval of Phase 2 to construct two single-story commercial buildings together with a surface parking lot. Dollar Tree will occupy the easternmost building and is approximately 9,864 square feet in area. The second building is approximately 3,429 square feet in area with multiple tenant spaces.

The architectural style of the two new buildings will match the architectural style of the day care building in Phase I with stucco and brick veneer exterior finishes which have demonstrated compliance with the design requirements for commercial buildings in the B-2P zoning district. The existing bank building and the western half of the drive thru canopy will remain as constructed.

C. Applicable Criteria

Staff has evaluated the project against the requirements of the B-2P zoning district per Section 27-85(d). The site development and buildings have demonstrated compliance with the design requirements for commercial buildings as those described in the B-2P zoning district.

IV. PROJECT ANALYSIS, CRITERIA AND FINDINGS

A. Comprehensive Plan Considerations

The proposed development is consistent with the Commercial land use designation on the adopted Future Land Use Map.

B. Zoning Considerations

Section 27-65 of the Zoning Ordinance states that site plan approval requires an application for a development order be agendized for City Council consideration after review by the Review Committee and Planning and Zoning Board. The City Council is the regulatory body rendering the final decision.

C. Citizen Comments

The City of Plantation posts signage on properties and when site plan approvals are requested. In this case, the Planning, Zoning & Economic Development Department posted signs on or before on June 28, 2021. To date, staff has not received any written objection or phone calls from citizens regarding this application.

D. Concerns, Issues and other Pertinent Information

Code Violation: There are no violations issued for the subject site at this time.

Transportation: The 2019 level of service for Broward Boulevard from State Road 7 and University Drive currently operates at level of service C, per the 2019 Broward County Roadway Capacity and Level of Service Analysis (Broward MPO). Note, 2019 is the latest available traffic data available through the Broward MPO.

The 2019 Broward County Roadway Capacity and Level of Service Analysis predicts that the level of service for these same segments in the year 2040 will be a level of service of C.

V. RECOMMENDATIONS:

A. Board and Committee Recommendations:

Not applicable

B. Staff Recommendation:

Staff recommends **APPROVAL** subject to subject to the following condition noted in Section V.B. of this report:

PLANNING & ZONING:

1. The applicant is responsible for any additional City impact fees, payable at the time of permitting.

In General:

2. Phase I should include all improvements that will be completed in conjunction with the day care building. Phase II should include all improvements that will be completed in conjunction with the Dollar Tree and retail building. If Dollar Tree and the retail remain in Phase II, both buildings must be constructed for either building to receive a CO. *This comment is acknowledged by the applicant.*
3. If each phase is to be developed independent of each other and/or under different ownerships, each parcel must stand-alone and meet all acceptable code requirements for the district unless a unified control document is executed to review both phases as a unified whole. If required, the unified control document must be approved as to form by the City Attorney and recorded prior to issuance of a building permit. If the site is to remain under one ownership and developed as a single site, a unified control document is not required. *This comment is acknowledged by the applicant.*

Site Data:

4. The required setback on NW 70th Avenue and Cypress Road is 30'-9" based on code requirement of one and one-half times the building height. *The applicant is requesting a waiver.*

Site plan:

5. Evaluate the need for a 12' wide x 110' deep loading zone on the north side of the Dollar Tree that extends an additional 40' west to the landscape island across the drive aisle. The minimum loading zone size is 10' wide x 25' long with a 14' vertical clearance (Section 27-126). Evaluate the possibility of additional green space at the northwest corner of Dollar Tree or the terminal island south of the small retail building with the Engineering Department.

Elevations:

6. Staff recommends that the applicant paint the existing bank building and drive-thru to match or complement the newly constructed buildings. *This comment is acknowledged by the applicant.*
7. Verify the exterior body paint color. The Finish Materials Schedule indicate both Benjamin Moore Cashmere 930 (P1) and Benjamin Moore Light Yellow NO. 2022-60.

Parking areas:

8. Section 27-122(b) requires two-way access drive aisles be a minimum of 25 feet in width for 90-degree angle parking. *The applicant is requesting a waiver.*

Lighting

9. Building up lighting designed to flood the building elevations in light are not permitted. *This comment is acknowledged by the applicant.*

Signage:

10. Signage is not part of this review.

Note:

- A. Please Resolve Comments 1, 3, 5 - 7 Prior to Building Permit
- B. Please Resolve Comments 2 Prior to Certificate of Occupancy

LANDSCAPING:

In General:

- The applicant may be required to execute a developer agreement and post security for all engineering and landscaping related improvements at time of permitting.
- This review is preliminary. Full landscape plan & approval is required at time of permitting.

Site Plan

1. Sec. 27-255(c)(1) Please provide an Interior Parking Island if stalls exceed 10 spaces.
 - a. The south parking lot of Dollar tree has Twelve spaces. *Waiver requested.*
2. Sec. 27-255(d)(2) Width of landscape pedestrian zone shall be at least 10 ft.
 - a. Dollar tree North LPZ width should be 10' - 0' provided. *Waiver requested.*
 - b. Retail Building: South LPZ width should be 10' – 5' provided. *Waiver requested.*
 - c. Retail Building: West LPZ width should be 10' – 6' provided. *Waiver requested.*

Planting Plan

1. Sec. 27-255(d)(5)(6) One shade tree (or group of three palms), 15 shrubs, and 40 groundcover plants are required for every 30 lineal feet of the landscape pedestrian zone.
 - a. Retail Building: West façade requires (2) trees – Only (1) provided. *Waiver requested.*
 - b. Retail Building: South façade requires (3) trees – Only (1) provided. *Waiver requested.*
 - c. Dollar Tree: North façade requires (4) trees – (0) provided. *Waiver requested.*
2. Please adhere to Shade trees dimension requirements pursuant Dollar tree building height for LPZ planting using Table 255-3, Article X.
 - a. Revise the proposed Tabebuia trees (TACH) on sheet # LA-103 to reflect min. planting dimensions of 12' Height, 6' Spread and 2.5" Caliper. [Cross reference 27-254(22)]
3. The proposed planting of Small/ornamental trees to satisfy the Eastern LPZ Tree requirement due to the large canopy of existing perimeter trees along the Eastern bufferyard needs to be requested in writing to the Public Works Department, pursuant Sec. 27-254(11) of Article X – Landscape Standards. Email: landscapeinfo@plantation.org
4. Sec. 27-255(a) Street trees are required in addition to all other landscaping requirements for properties requiring site plan approval and shall be planted at a minimum of twelve (12) feet overall height with a spread of six (6) feet, 2.5-inch caliper and a minimum of four and one half (4-1/2) feet clear trunk immediately after installation.
 - a. Due to existing perimeter trees along NW 70 AVE whose canopies may conflict with the planting of new trees in the swale, please request a waiver from planting required Street Trees. *Waiver requested.*
5. Show 15' Light Pole clearance radius on sheet LA-103 for all poles to verify proposed tree canopy will not be in conflict.
6. Place the existing Clusia hedge to remain (drawn and labeled on sheet # LA-103) within a separate box titled "Existing Shrubs", provide existing size specifications, and add to sheet LA-102.
7. Please change size specification of (LIJA) Ligustrum on sheet # LA-103 to reflect "3 trunks max" pursuant Sec. 27-251 – Small tree definition.
8. Show both Retail Bldg. as well as Dollar Tree facades on Landscape Elevation series.
 - a. Include Shrubs with their 5th year growth lines respectively.

9. In the City of Plantation Planting Criteria (sheet LA-103), change phone numbers FROM 954-797-2248 and 954-585-2360 TO 954-797-7740. In addition, the reference to Section 13-34(6) should be changed to Sec. 27-254(b).
10. Tree Removal Permit LS19-0197 (for tree removals and relocations under B19-01841) was voided on 1/6/21. The Tree Permit was never issued. Please contact Matt Rogers at 954-797-2704 for resolution.
 - a. Staff requires an executed Tree Removal/Relocation Permit prior to any Landscape activity on this site.

Note:

- A. Please Resolve # 1-2 (Site Plan), #1-10 (Planting Plan) prior to City Council.
- B. Please Resolve Comments #1-2 (Site Plan), #1-10 (Planting Plan) prior to Permit.

ENGINEERING: Engineering have no objection to the Site Plan, Elevations, and Landscape Plan.

1. Evaluate the excess pavement provided for loading. Please consider reducing the pavement length provided for loading to meet the standard 12'X25' and increase the impervious areas.
2. Provide drainage calculations including geotechnical report to support the drainage design
3. Prior to the issuance of an engineering permit, a Developers Agreement must be executed and performance bond must be posted
4. A copy of the drainage permit from Old Plantation Water Control District must be obtained

Note:

- A. Please Resolve Comments _____ Prior to City Council Application
- B. Please Resolve Comments 1-4 Prior to Building/Engineering Permit

TRAFFIC CONSULTANT: No objection. See Engineering Comments

BUILDING: No objection to the site plan and elevations.

FIRE:

Reviews:

- Comments 1 – 12 on the Staff Report to the Planning & Zoning Board meeting of July 6, 2021.
- Applicant response on July 21, 2021 submittal.
- Fire Dept reply on the Staff Report to the City Council meeting of August 25, 2021.

No objections as to this Site, Elevation, and Landscape Plan approval with the understanding that the applicant and/or owner are aware of following City of Plantation Fire Department comments and will comply with each comment by affirming in written reply and/or plan submittal.

1. Structure/building shall be able to provide a maintained minimum, as determined by City of Plantation Fire Department, radio signal strength for fire department communications during in-building operations. A two-way radio communication enhancement system may be necessary to comply with this requirement.

*Applicant response – Noted.

- *Fire Dept reply – Complied.
2. Structure/building shall be entirely protected by an approved, supervised automatic fire sprinkler system hydraulically calculated to City of Plantation drought standard of 50-PSI static, 45-PSI residual, at 1100-GPM flow, with a minimum 10% safety margin.
 *Applicant response – Noted.
 *Fire Dept reply – Complied.
 3. Fire sprinkler system underground supply line shall have its own dedicated tap directly from water main, not shared; as such, the point of service shall be the valve at the water main tap.
 *Applicant response – Noted.
 *Fire Dept reply – Complied.
 4. Fire department connection (FDC) and its adjacent fire hydrant (FH) shall face roadway, shall be located on same side of roadway, within 6' to 25' of each other, and within 6' of curb front.
 *Applicant response – Noted.
 *Fire Dept reply – Complied.
 5. The following shall be permitted separately:
 - a. All fire sprinkler system underground supply line from valve at water main up to the 12" above grade stub outside of building and the FDC (if connected to supply line prior to the 12" above grade stub).
 *Applicant response – Noted.
 *Fire Dept reply – Complied.
 - b. DDCV.
 *Applicant response – Noted.
 *Fire Dept reply – Complied.
 - c. Whole fire sprinkler system installations after the 12" above grade stub outside of building.
 *Applicant response – Noted.
 *Fire Dept reply – Complied.
 6. FDC's shall comply with following:
 - a. Free standing.
 *Applicant response – Noted.
 *Fire Dept reply – Complied.
 - b. Single 4" screened Storz coupling on a 30-degree bend.
 *Applicant response – Noted.
 *Fire Dept reply – Complied.
 - c. Intake between 24" to 36" above grade.
 *Applicant response – Noted.
 *Fire Dept reply – Complied.
 - d. No obstructions within 3' of sides.
 *Applicant response – The proposed FDC does not have any obstructions within 3' of sides.
 *Fire Dept reply – Complied.
 - e. Unobstructed 6' wide area from FDC to curb front.
 *Applicant response – The proposed FDC does not have any obstructions within 6' of the front of the curb.

- *Fire Dept reply – Complied.
- f. Posted “NO PARKING - FIRE DEPARTMENT CONNECTION” sign behind it, compliant FFPC NFPA-1 and current City of Plantation Engineering Department Fire Lane Signing and Marking Standard.
 - *Applicant response – FDC signs have been added.
 - *Fire Dept reply – Complied.
- 7. FH’s shall comply with following:
 - a. No obstructions within 3’.
 - *Applicant response – The proposed Fire Hydrant does not have any obstructions within 3’ of sides.
 - *Fire Dept reply – Complied.
 - b. Unobstructed 6’ wide area from FH to curb front.
 - *Applicant response – The proposed FDC does not have any obstructions within 6’ of the front of the curb.
 - *Fire Dept reply – Complied.
- 8. Fire sprinkler riser(s) shall be in an area that provides an unobstructed 3’ access to the front and to the sides of the appliances.
 - *Applicant response – Noted.
 - *Fire Dept reply – Complied.
- 9. Fire sprinkler monitoring alarm control panel shall be located in a properly conditioned room that provides an unobstructed 3’ access to the front and to the sides of the cabinet.
 - *Applicant response – Noted.
 - *Fire Dept reply – Complied.
- 10. A Knox 3200 series Key Vault shall be provided/installed at locations designated by the City of Plantation Fire Department.
 - *Applicant response – Noted.
 - *Fire Dept reply – Complied.
- 11. Doller Tree storage room shall be equipped with a City of Plantation Fire Department approved rack system for code compliant organization of its stock, providing proper height, proper stacking and proper means of egress.
 - *Applicant response – Noted.
 - *Fire Dept reply – Complied.
- 12. Additional conditions may arise upon review of all required permitting plans.
 - *Applicant response – Noted.
 - *Fire Dept reply – Complied.

POLICE:

1. I have no objection to the Site Plan, Elevations, and Landscape Plan.
2. Please be mindful of current and future tree canopy growth when placing the light poles. Avoid any shadows and obstructions from the trees to allow for optimal lighting from the source.
3. Please define the hours of operation for the playground at the Daycare. If the playground is during the dark hours additional comments will apply.

Note:

- A. Please Resolve Comment 3 Prior to City Council Application

UTILITIES: No objection to the Phase II – Site Plan, Elevation and Landscape Plan.
Minor changes needed on these conceptual civil plans.

- Gravity main to be made public and turned over to Plantation Utilities (exception being from MH#4>MH#5 due to structure/building in easement)
- All easements to be 15'
- Private plumbing (FDC line for Building #1) cannot be installed as proposed. Must not be within Utilities easement.
- Shift fire hydrant tap and line north to avoid overlap of Utilities easement and dumpster enclosure (NE corner of Building #1)

If approved and prior to any Building Permit being issued, the following must be provided:

1. Capacity charges must be paid in FULL for the entire project
2. \$500.00 review fee must be submitted to the Utilities Department
3. Water and Sewer Utilities plans must be submitted to the Utilities Dept. for review and approval
4. FDEP Water and Sewer permits must be approved
5. Utilities Agreement must be executed
6. Utilities Performance Bond must be posted
7. Utility Easements must be executed
8. Utilities inspection fees must be paid

Contact: Johnathan Adams if you have any questions, 954-414-7352

Note:

A. Please Resolve Comments 1-8 Prior to Building Permit

O.P.W.C.D.: No comment at this time.

WASTE MANAGEMENT: Contact Andrew Kandy or Adrian Moore at akandy3@wm.com or amoore@wm.com.

VI. EXHIBITS:

- A. Letter of Intent
- B. Aerial Map
- C. Zoning Map
- D. Legal Description
- E. Waiver Request / Code requirements not met

EXHIBIT A
Letter of Intent

June 2, 2021

City of Plantation
Planning & Zoning Department
401 NW 70th Terrace
Plantation, FL 33317

RE: Letter of Intent
Development Review Application (Site Plan Amendment)
Phase II, Bank of America Plaza (7001 West Broward Boulevard)

To Whom It May Concern,

The 7001 Plantation 2019, L.P. proposes the development of two new retail buildings within the previously identified Phase II of Bank of America Plaza (NE Area of the Existing Parking).

Said buildings are intended to be one 1-story high with a total construction area of $\pm$ 13,293 SF

The proposed building height (20'-6") of the buildings will not exceed the height of the neighboring shopping center West of the property.

Architecturally, the development will embrace the character of the existing Bank of America Building and the previously approved TLE (The Learning Experience) Pre-School and as well as enhance the City of Plantation's preference for brick veneer.

Respectfully,

Manuel Synalovski, AIA, NCARB, LEED AP
Managing Principal

ZONING MAP

EXHIBIT D
Legal Description

Lot 1 of Landmark Plaza, according to the plat thereof as recorded in Plat Book 86, page 24, of the public records of Broward County, Florida.

EXHIBIT E WAIVERS

Zoning:

1. From: Section 27-689(c) which requires a 30.75' setback to the north and east.
To: Reduce the setback on Cypress Road to 11.5 feet.
To: Reduce the setback on NW 70th Avenue to 30 feet.

Applicant Justification: Phase II buildings are designed to match the scale, height and proportion of the previously approved Phase I Building. Thus, the proposed building heights of 20'-6" which causes the required building setback to be 30'-9" (1.5 X Building Height).

Staff Response: No objection.

2. From: Section 27-122(b) requires two-way access drive aisles be a minimum of 25 feet in width for 90-degree angle parking.
To: Reduce the drive aisle width to 24 feet.

Applicant Justification: Phase I was previously approved with 24' drive aisle for 2-way access. In order to provide consistent vehicular traffic patterns, Phase II is matching Phase I.

Staff Response: No objection.

Landscape:

1. From: Section 255(d)(5)(6) One shade tree (or group of three palms), 15 shrubs, and groundcover plants are required for every 30 lineal feet of the landscape pedestrian zone.
To: A reduction of 7 trees throughout Phase II

Applicant Justification: Existing trees and their developed root system limit the amount of plantable area for new trees. Note, overall, when adding existing and new trees, we exceed the required total of trees.

Staff Response: Staff has no objection to the waiver request.

2. From: Section 27-255(c)(1) provide an interior parking island if stalls exceed 10 parking spaces.
To: An increase to provide interior island after 12 parking spaces

Applicant Justification: The landscape area of the interior parking island has been added to the terminal island so as to provide continuity of parking spaces and not disrupt the same condition provided in Phase I.

Staff Response: Staff has no objection to the waiver request.

3. From: Section 27-255(d)(2) Width of landscape pedestrian zone shall be at least 10ft.
To: Reduction of LPZ to 0' at the service areas of the proposed Buildings in Phase II.

Applicant Justification: Service areas will be impacted by a LPZ as they would be in conflict vehicular traffic.

Staff Response: Staff has no objection to the waiver request.

4. From: Section 27-255(a) Street trees are required in addition to all other landscaping requirements for properties requiring site plan approval and shall be planted at a minimum of twelve (12) feet overall height with a spread of six (6) feet, 2.5-inch caliper and a minimum of four and one half (4-1/2) feet clear trunk immediately after installation.
To: Elimination of Street Trees along NW 70th Avenue

Applicant Justification: Existing Street Trees along NW 70th Avenue have enormous canopies that would be in conflict with the planting of new trees in the existing swale.

Staff Response: Staff has no objection to the waiver request.

DEVELOPMENT ORDER
CITY COUNCIL
CITY OF PLANTATION, FLORIDA

DATE OF HEARING BEFORE CITY COUNCIL: August 25, 2021

PROJECT # PP21-0015

PROJECT NAME & ADDRESS: Bank of America Plaza Site Plan, Elevation and Landscape Plan – 7001 NW 70th Avenue.

OWNER / APPLICANT: 7001 Plantation 2019, L.P. / Manuel Synalovski, AIA

TYPE OF APPROVAL SOUGHT: The applicant is requesting Site Plan, Elevation, and Landscape Plan approval to allow 13,300 square feet of additional commercial uses for the property located at 7001 NW 70th Avenue, Plantation, Florida.

REQUEST: Section 27-50 of the Code which requires City Council approval of site plan amendments that are not considered minor in nature.

THIS MATTER came on to be heard before the City Council of the City of Plantation, Florida on the date of hearing stated above. The City Council having considered the approval sought by the applicant and heard testimony from the applicant, members of city administrative staff and the public finds as follows:

1. Application for the approval sought was made by the Applicant in a manner consistent with the requirements of the City's Land Development Regulations.
2. The Site Plan, Elevation and Landscape Plan approval sought is consistent with the City of Plantation Comprehensive Plan and will be developed consistent with and in compliance with all applicable land development regulations and all other applicable regulations and ordinances as set forth in the Code of Ordinances of the City of Plantation, with the exception of relief granted.
3. The Applicant's application is hereby
☐ GRANTED
☐ GRANTED subject to the conditions referenced in paragraph 5 hereof.
☐ DENIED
4. This Order shall take effect immediately upon filing with the City Clerk.

5. List of Conditions of Approval:

PLANNING & ZONING:

1. The applicant is responsible for any additional City impact fees, payable at the time of permitting.

In General:

2. Phase I should include all improvements that will be completed in conjunction with the day care building. Phase II should include all improvements that will be completed in conjunction with the Dollar Tree and retail building. If Dollar Tree and the retail remain in Phase II, both buildings must be constructed for either building to receive a CO. *This comment is acknowledged by the applicant.*
3. If each phase is to be developed independent of each other and/or under different ownerships, each parcel must stand-alone and meet all acceptable code requirements for the district unless a unified control document is executed to review both phases as a unified whole. If required, the unified control document must be approved as to form by the City Attorney and recorded prior to issuance of a building permit. If the site is to remain under one ownership and developed as a single site, a unified control document is not required. *This comment is acknowledged by the applicant.*

Site Data:

4. The required setback on NW 70th Avenue and Cypress Road is 30'-9" based on code requirement of one and one-half times the building height. *The applicant is requesting a waiver.*

Site plan:

5. Evaluate the need for a 12' wide x 110' deep loading zone on the north side of the Dollar Tree that extends an additional 40' west to the landscape island across the drive aisle. The minimum loading zone size is 10' wide x 25' long with a 14' vertical clearance (Section 27-126). Evaluate the possibility of additional green space at the northwest corner of Dollar Tree or the terminal island south of the small retail building with the Engineering Department.

Elevations:

6. Staff recommends that the applicant paint the existing bank building and drive-thru to match or complement the newly constructed buildings. *This comment is acknowledged by the applicant.*
7. Verify the exterior body paint color. The Finish Materials Schedule indicate both Benjamin Moore Cashmere 930 (P1) and Benjamin Moore Light Yellow NO. 2022-60.

Parking areas:

8. Section 27-122(b) requires two-way access drive aisles be a minimum of 25 feet in width for 90-degree angle parking. *The applicant is requesting a waiver.*

Lighting

9. Building up lighting designed to flood the building elevations in light are not permitted. *This comment is acknowledged by the applicant.*

Signage:

10. Signage is not part of this review.

Note:

- A. Please Resolve Comments 1, 3, 5 - 7 Prior to Building Permit
- B. Please Resolve Comments 2 Prior to Certificate of Occupancy

LANDSCAPING:

In General:

- The applicant may be required to execute a developer agreement and post security for all engineering and landscaping related improvements at time of permitting.
- This review is preliminary. Full landscape plan & approval is required at time of permitting.

Site Plan

1. Sec. 27-255(c)(1) Please provide an Interior Parking Island if stalls exceed 10 spaces.
- a. The south parking lot of Dollar tree has Twelve spaces. *Waiver requested.*
2. Sec. 27-255(d)(2) Width of landscape pedestrian zone shall be at least 10 ft.
- a. Dollar tree North LPZ width should be 10' - 0' provided. *Waiver requested.*
- b. Retail Building: South LPZ width should be 10' – 5' provided. *Waiver requested.*

- c. Retail Building: West LPZ width should be 10' – 6' provided. *Waiver requested.*

Planting Plan

1. Sec. 27-255(d)(5)(6) One shade tree (or group of three palms), 15 shrubs, and 40 groundcover plants are required for every 30 lineal feet of the landscape pedestrian zone.
 - a. Retail Building: West façade requires (2) trees – Only (1) provided. *Waiver requested.*
 - b. Retail Building: South façade requires (3) trees – Only (1) provided. *Waiver requested.*
 - c. Dollar Tree: North façade requires (4) trees – (0) provided. *Waiver requested.*
2. Please adhere to Shade trees dimension requirements pursuant Dollar tree building height for LPZ planting using Table 255-3, Article X.
 - a. Revise the proposed Tabebuia trees (TACH) on sheet # LA-103 to reflect min. planting dimensions of 12' Height, 6' Spread and 2.5" Caliper. [Cross reference 27-254(22)]
3. The proposed planting of Small/ornamental trees to satisfy the Eastern LPZ Tree requirement due to the large canopy of existing perimeter trees along the Eastern bufferyard needs to be requested in writing to the Public Works Department, pursuant Sec. 27-254(11) of Article X – Landscape Standards. Email: landscapeinfo@plantation.org
4. Sec. 27-255(a) Street trees are required in addition to all other landscaping requirements for properties requiring site plan approval and shall be planted at a minimum of twelve (12) feet overall height with a spread of six (6) feet, 2.5-inch caliper and a minimum of four and one half (4-1/2) feet clear trunk immediately after installation.
 - a. Due to existing perimeter trees along NW 70 AVE whose canopies may conflict with the planting of new trees in the swale, please request a waiver from planting required Street Trees. *Waiver requested.*
5. Show 15' Light Pole clearance radius on sheet LA-103 for all poles to verify proposed tree canopy will not be in conflict.
6. Place the existing Clusia hedge to remain (drawn and labeled on sheet # LA-103) within a separate box titled "Existing Shrubs", provide existing size specifications, and add to sheet LA-102.
7. Please change size specification of (LIJA) Ligustrum on sheet # LA-103 to reflect "3 trunks max" pursuant Sec. 27-251 – Small tree definition.
8. Show both Retail Bldg. as well as Dollar Tree facades on Landscape Elevation series.
 - a. Include Shrubs with their 5th year growth lines respectively.
9. In the City of Plantation Planting Criteria (sheet LA-103), change phone numbers FROM 954-797-2248 and 954-585-2360 TO 954-797-7740. In addition, the reference to Section 13-34(6) should be changed to Sec. 27-254(b).
10. Tree Removal Permit LS19-0197 (for tree removals and relocations under B19-01841) was voided on 1/6/21. The Tree Permit was never issued. Please contact Matt Rogers at 954-797-2704 for resolution.
 - a. Staff requires an executed Tree Removal/Relocation Permit prior to any Landscape activity on this site.

Note:

- A. Please Resolve # 1-2 (Site Plan), #1-10 (Planting Plan) prior to City Council.
B. Please Resolve Comments #1-2 (Site Plan), #1-10 (Planting Plan) prior to Permit.

ENGINEERING: Engineering have no objection to the Site Plan, Elevations, and Landscape Plan.

1. Evaluate the excess pavement provided for loading. Please consider reducing the pavement length provided for loading to meet the standard 12'X25' and increase the impervious areas.
2. Provide drainage calculations including geotechnical report to support the drainage design
3. Prior to the issuance of an engineering permit, a Developers Agreement must be executed and performance bond must be posted
4. A copy of the drainage permit from Old Plantation Water Control District must be obtained

Note:

- A. Please Resolve Comments _____ Prior to City Council Application
B. Please Resolve Comments 1-4 Prior to Building/Engineering Permit

TRAFFIC CONSULTANT: No objection. See Engineering Comments

BUILDING: No objection to the site plan and elevations.

- Applicant response on July 21, 2021 submittal.
- Fire Dept reply on the Staff Report to the City Council meeting of August 25, 2021.

No objections as to this Site, Elevation, and Landscape Plan approval with the understanding that the applicant and/or owner are aware of following City of Plantation Fire Department comments and will comply with each comment by affirming in written reply and/or plan submittal.

1. Structure/building shall be able to provide a maintained minimum, as determined by City of Plantation Fire Department, radio signal strength for fire department communications during in-building operations. A two-way radio communication enhancement system may be necessary to comply with this requirement.
*Applicant response – Noted.
*Fire Dept reply – Complied.
2. Structure/building shall be entirely protected by an approved, supervised automatic fire sprinkler system hydraulically calculated to City of Plantation drought standard of 50-PSI static, 45-PSI residual, at 1100-GPM flow, with a minimum 10% safety margin.
*Applicant response – Noted.
*Fire Dept reply – Complied.
3. Fire sprinkler system underground supply line shall have its own dedicated tap directly from water main, not shared; as such, the point of service shall be the valve at the water main tap.
*Applicant response – Noted.
*Fire Dept reply – Complied.
4. Fire department connection (FDC) and its adjacent fire hydrant (FH) shall face roadway, shall be located on same side of roadway, within 6' to 25' of each other, and within 6' of curb front.
*Applicant response – Noted.
*Fire Dept reply – Complied.
5. The following shall be permitted separately:
 - a. All fire sprinkler system underground supply line from valve at water main up to the 12" above grade stub outside of building and the FDC (if connected to supply line prior to the 12" above grade stub).
*Applicant response – Noted.
*Fire Dept reply – Complied.
 - b. DDCV.
*Applicant response – Noted.
*Fire Dept reply – Complied.
 - c. Whole fire sprinkler system installations after the 12" above grade stub outside of building.
*Applicant response – Noted.
*Fire Dept reply – Complied.
6. FDC's shall comply with following:
 - a. Free standing.
*Applicant response – Noted.
*Fire Dept reply – Complied.
 - b. Single 4" screened Storz coupling on a 30-degree bend.
*Applicant response – Noted.
*Fire Dept reply – Complied.
 - c. Intake between 24" to 36" above grade.

- *Applicant response – Noted.
- *Fire Dept reply – Complied.
- d. No obstructions within 3' of sides.
 - *Applicant response – The proposed FDC does not have any obstructions within 3' of sides.
 - *Fire Dept reply – Complied.
- e. Unobstructed 6' wide area from FDC to curb front.
 - *Applicant response – The proposed FDC does not have any obstructions within 6' of the front of the curb.
 - *Fire Dept reply – Complied.
- f. Posted "NO PARKING - FIRE DEPARTMENT CONNECTION" sign behind it, compliant FFPC NFPA-1 and current City of Plantation Engineering Department Fire Lane Signing and Marking Standard.
 - *Applicant response – FDC signs have been added.
 - *Fire Dept reply – Complied.
- 7. FH's shall comply with following:
 - a. No obstructions within 3'.
 - *Applicant response – The proposed Fire Hydrant does not have any obstructions within 3' of sides.
 - *Fire Dept reply – Complied.
 - b. Unobstructed 6' wide area from FH to curb front.
 - *Applicant response – The proposed FDC does not have any obstructions within 6' of the front of the curb.
 - *Fire Dept reply – Complied.
- 8. Fire sprinkler riser(s) shall be in an area that provides an unobstructed 3' access to the front and to the sides of the appliances.
 - *Applicant response – Noted.
 - *Fire Dept reply – Complied.
- 9. Fire sprinkler monitoring alarm control panel shall be located in a properly conditioned room that provides an unobstructed 3' access to the front and to the sides of the cabinet.
 - *Applicant response – Noted.
 - *Fire Dept reply – Complied.
- 10. A Knox 3200 series Key Vault shall be provided/installed at locations designated by the City of Plantation Fire Department.
 - *Applicant response – Noted.
 - *Fire Dept reply – Complied.
- 11. Doller Tree storage room shall be equipped with a City of Plantation Fire Department approved rack system for code compliant organization of its stock, providing proper height, proper stacking and proper means of egress.
 - *Applicant response – Noted.
 - *Fire Dept reply – Complied.
- 12. Additional conditions may arise upon review of all required permitting plans.
 - *Applicant response – Noted.
 - *Fire Dept reply – Complied.

POLICE:

1. I have no objection to the Site Plan, Elevations, and Landscape Plan.
2. Please be mindful of current and future tree canopy growth when placing the light poles. Avoid any shadows and obstructions from the trees to allow for optimal lighting from the source.
3. Please define the hours of operation for the playground at the Daycare. If the playground is during the dark hours additional comments will apply.

Note:

- A. Please Resolve Comment 3 Prior to City Council Application

UTILITIES: No objection to the Phase II – Site Plan, Elevation and Landscape Plan.

Minor changes needed on these conceptual civil plans.

- Gravity main to be made public and turned over to Plantation Utilities (exception being from MH#4>MH#5 due to structure/building in easement)
- All easements to be 15'
- Private plumbing (FDC line for Building #1) cannot be installed as proposed. Must not be within Utilities easement.
- Shift fire hydrant tap and line north to avoid overlap of Utilities easement and dumpster enclosure (NE corner of Building #1)

If approved and prior to any Building Permit being issued, the following must be provided:

1. Capacity charges must be paid in FULL for the entire project
2. \$500.00 review fee must be submitted to the Utilities Department
3. Water and Sewer Utilities plans must be submitted to the Utilities Dept. for review and approval
4. FDEP Water and Sewer permits must be approved
5. Utilities Agreement must be executed
6. Utilities Performance Bond must be posted
7. Utility Easements must be executed
8. Utilities inspection fees must be paid

Contact: Johnathan Adams if you have any questions, 954-414-7352

Note:

A. Please Resolve Comments 1-8 Prior to Building Permit

O.P.W.C.D.: No comment at this time.

WASTE MANAGEMENT: Contact Andrew Kandy or Adrian Moore at akandy3@wm.com or amoore@wm.com.

Issuance of this development order by the City does not create any right on the part the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the City for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. All other applicable state or federal permits must be obtained before commencement of the development.

No permit, license or certification can be issued until the challenge period has expired and no challenge has been made. Unless otherwise extended by the City Council, if a permit, license or certification has not been obtained on or before May 26, 2022, the Sign Special Exception approval will expire and become null and void.

June 2, 2021

City of Plantation
Planning & Zoning Department
401 NW 70th Terrace
Plantation, FL 33317

RE: Letter of Intent
Development Review Application (Site Plan Amendment)
Phase II, Bank of America Plaza (7001 West Broward Boulevard)

To Whom It May Concern,

The 7001 Plantation 2019, L.P. proposes the development of two new retail buildings within the previously identified Phase II of Bank of America Plaza (NE Area of the Existing Parking).

Said buildings are intended to be one 1-story high with a total construction area of $\pm$ 13,293 SF.

The proposed building height (20'-6") of the buildings will not exceed the height of the neighboring shopping center West of the property.

Architecturally, the development will embrace the character of the existing Bank of America Building and the previously approved TLE (The Learning Experience) Pre-School and as well as enhance the City of Plantation's preference for brick veneer.

Respectfully,

Manuel Synalovski, AIA, NCARB, LEED AP
Managing Principal

Planning, Zoning, & Economic Development Department
401 NW 70TH Terrace
Plantation, FL 33317

RE: BANK OF AMERICA PLAZA – PHASE II / PP21-0015

Dear Thalein,

As the Architect of Record for the above referenced project, we offer the following as a Criteria Statement for our Variance Requests for the Bank of America Plaza – Phase II project.

- (1) From: Section 27-122(b) requires two-way access drive aisle be a minimum of 25 feet in width for 90-degree angle parking.

To: Reduction to 24' drive aisle for 2-way access

Applicant Justification: Phase I was previously approved with 24' drive aisle for 2-way access. In order to provide consistent vehicular traffic patterns, Phase II is matching Phase I.

- (2) From: Section 255(d)(5)(6) One shade tree (or group of three palms), 15 shrubs, and groundcover plants are required for every 30 lineal feet of the landscape pedestrian zone.

To: A reduction of 7 trees throughout Phase II

Applicant Justification: Existing trees and their developed root system limit the amount of plantable area for new trees. Note, overall, when adding existing and new trees, we exceed the required total of trees.

SYNALOVSKI ROMANIK SAYE
Architecture • Planning • Interior Design

1800 Eller Drive, Suite 500 • Fort Lauderdale, FL 33316
T 954.961.6806 • F 954.961.6807 • www.synalovski.com

(3) From: Section 27-689(c) which requires a 30.75' setback to the north and east.

To: Reduction of Building Setback to 30'-0" on the East and 11'-6" to the North

Applicant Justification: Phase II buildings are designed to match the scale, height and proportion of the previously approved Phase I Building. Thus, the proposed building heights of 20'-6" which causes the required building setback to be 30'-9" (1.5 X Building Height).

(4) From: Section 27-255(c)(1) provide an interior parking island if stalls exceed 10 parking spaces.

To: An increase to provide interior island after 12 parking spaces

Applicant Justification: The landscape area of the interior parking island has been added to the terminal island so as to provide continuity of parking spaces and not disrupt the same condition provided in Phase I.

(5) From: Section 27-255(d)(2) Width of landscape pedestrian zone shall be at least 10ft.

To: Reduction of LPZ to 0' at the service areas of the proposed Buildings in Phase II.

Applicant Justification: Service areas will be impacted by a LPZ as they would be in conflict vehicular traffic.

(6) From: Section 27-255(a) Street trees are required in addition to all other landscaping requirements for properties requiring site plan approval and shall be planted at a minimum of twelve (12) feet overall height with a spread of six (6) feet, 2.5-inch caliper and a minimum of four and one half (4-1/2) feet clear trunk immediately after installation.

To: Elimination of Street Trees along NW 70th Avenue

Applicant Justification: Existing Street Trees along NW 70th Avenue have enormous canopies that would be in conflict with the planting of new trees in the existing swale.

Thank you for your attention to this matter. Do not hesitate to contact me should you have any questions.

Respectfully,

Manuel Synalovski, AIA, LEED AP, NCARB

RECEIVED

JUL 21 2021

City of Plantation
Planning, Zoning & Economic Development

To whom it may concern:

We are the Architect of Record for the above reference project. This is in response to Planning and Zoning Board Comments from 7/6/21.

PLANNING & ZONING:

1. This request must undergo a local concurrency review for water, sewer, streets, drainage, and solid waste. The standard single-page form is available in the Planning and Zoning Department. The applicant must present the form to the appropriate City departments for sign off prior to Planning and Zoning Board approval. This form was submitted as part of this P&Z application.
2. The applicant is responsible for any additional City impact fees, payable at the time of permitting. Noted

In General:

3. Verify if a delegation request is required to amend the restrictive note on the plat. No delegation request is required. No amendment is required as plat was recorded prior to 1979 and there is no note on the face of the plat. See the attached Email.
4. Indicate the Phase line between Phase I and Phase II. Phase I should include all improvements that will be completed in conjunction with the day care building. Phase II should include all improvements that will be completed in conjunction with the Dollar Tree and retail building. If Dollar Tree and the retail remain in Phase II, both buildings must be constructed for either building to receive a CO. If it is the applicant's desire to CO each building independently, separate Dollar Tree and the retail building into two phases. Please see revised AS-101 sheet. Phase line has been incorporated.
5. If each phase is to be developed independent of each other and/or under different ownerships, each parcel must stand-alone and meet all acceptable code requirements for the district unless a unified control document is executed to review both phases as a unified whole. If required, the unified control document must be approved as to form by the City Attorney and recorded prior to issuance of a building permit. If the site is to

SYNALOVSKI ROMANIK SAYE
Architecture • Planning • Interior Design

1800 Eller Drive, Suite 500 • Fort Lauderdale, FL 33316
T 954.961.6806 • F 954.961.6807 • www.synalovski.com

- remain under one ownership and developed as a single site, a unified control document is not required. Noted.
6. Does this submittal include any changes to the previously approved Phase 1? If so, please bubble the changes and provide a narrative of the changes. If not, remove any plans that are not part of the Phase II approval (i.e., AS-102, AS-302, A-102, A-202). Please see revised AS-101. Bubble changes have been indicated.
 7. A written request for all waivers with justification and the applicable fee must be included with the submittal for City Council review. Staff has identified 2 zoning waivers and an undetermined number of landscape waivers requiring payment of \$500 per waiver. The waiver fee must be paid with the City Council submittal. This application requires 3 waivers: section 27-122(b) two way access drive aisle min 25'-0", Section 27-255(d)(5)(6) 15 shrubs and 40 ground cover plants required for 30 linear feet of landscape pedestrian zone (LPZ), and 30'-9" setback on NW 70th avenue, and Cypress Road. Aa payment on \$1,500.00 is submitted with this response.
 8. Provide a Trip Generation Analysis for staff review. Please see attached the Trip Generation Analysis.
 9. When responding to staff comments, please "bubble" any plan changes and specify the page number corrected in the written responses. This will help shorten staff review of revised plans. Please see submitted revised plans with bubble changes., to assist with staff review.
 10. Provide the entire submittal in PDF format, on a CD, flash drive, or other means of electronic transfer with each submittal. Submittal shall be separated into folders (e.g., site plan, landscape, civil, etc.). Please see submitted CD with the entire submittal separated into folders.
 11. Additional comments may be generated based on the resubmittal. Noted

Site Data:

12. A recent code revision requires 1 space per 300 square feet of floor are for banks and retail stores. Correct the required parking calculations. Please see revised AS-101 sheet. The parking calculation has been adjusted to reflect 1 space per 300 square feet.
13. Verify the provided parking count. The site plan indicates 134 spaces, but the Parking Data table indicates 130 spaces. Please see revised AS-101 sheet. The parking count has been revised to reflect a total parking count of 134 parking spaces.
14. Verify the provided ADA parking count. The site plan indicates 6 spaces but the Parking Data table indicates 7 spaces. Please see revised AS-101 sheet. Total ADA parking count is 7. (2) for the existing Bank, (2) for the Daycare, (2) for the Dollar Tree, and (1)for the retail building.
15. Correct the required setback on NW 70th Avenue and Cypress Road to reflect 30'-9" based on code requirement of one and one-half times the building height. Waiver has been requested.
16. Correct the provided setback on NW 70th Avenue to reflect 30'. Increase the setback to 30'-9" or request a waiver. Please see revised AS-101 sheet. The provided setback reflects 30'-0". Waiver has been requested.

17. Increase the setback for the retail building from Cypress Road to 30'-9" or request a waiver. Please see revised AS-101 sheet. Waiver has been requested.
18. Correct the required 'Building Height' to reflect 35' maximum. Please see revised AS-101 sheet the required building height has been adjusted to 35' maximum.
19. Correct the provided 'Building Height' to reflect only 20'-6". Please see revised AS-101 sheet, the provided building height has been adjusted to 20'-6" maximum.
20. Remove the 20.2% parking reduction note from the Phase II parking data. A recent code revision provides for a reduction in required parking, so a waiver is no longer needed. Please see revised AS-101 sheet, the 20.2% parking reduction note has been removed from the Phase II parking data.

Site plan:

21. Consider moving the 70th Avenue entrance and adjacent parking area to the north 5' south by reducing the 15'-10" landscape island on the south side of the entrance to 10'. This will create comparable dimensioned landscape islands on each side of the entrance drive and provide for a 10' landscape pedestrian zone on the south side of the Dollar Tree. Please see revised AS-101 sheet, the 70th Avenue entrance has been adjusted.
22. A recent code revision no longer requires the green area between the head-to-head parking south of the retail building. Consider moving the parking area west of Dollar Tree 5' west by eliminating the green area between the head-to-head parking. This will provide for a 10' landscape pedestrian zone on the south side of the Dollar Tree. Please see revised AS-101 sheet, the green area between the head-to-head parking south of the retail building has been removed.

Elevations:

23. Staff recommends that the applicant paint the existing bank building and drive-thru to match or complement the newly constructed buildings. Noted
24. Correct the Dollar Tree and retail building elevations to match the color elevations. Please see revised A-201. The elevation now matches the color elevations.
25. The east and west retail building elevations are labeled incorrectly. Please correct. Please see revised A-201. The labeling for the building elevations have been adjusted.
26. Provide material specs on the elevation key notes (i.e., metal canopy color, brick mfg. and color, awning color). Please see revised A-201. The material specs have been added to the key notes.
27. Provide color elevations with the Planning and Zoning Board/City Council submittal. Please see submitted color elevations.

Parking areas:

28. Section 27-122(b) requires two-way access drive aisles be a minimum of 25 feet in width for 90-degree angle parking. Correct or request a waiver. Waiver has been requested.

Details:

29. Provide a letter from Waste Management indicating there is sufficient trash capacity based on the proposed use. Please see submitted letter for Waste Management.

30. Provide dumpster enclosure details. Typical dumpster enclosures are 12' X 12' inside with two 6' gates with stoppers. Label the dumpster enclosure and gates to be painted to match the building. Please see revised AS-103. Drawing 4 indicates the dumpster enclosure details, and the finishes match the buildings.

301

Lighting

31. The Photometric plan (AS-103) is illegible. Provide a plan at a scale of 1"=20' for easy readability. Please see revised AS-103 and submitted AS-104. The photometric plans scale has been increased to 1"=20'.
32. Provide wall mounted and pole fixture types and details. Wall packs shall match the wall fixtures on the main entrance to the building. Please see revised 3/AS-301. The ornamental pole and see submitted wall mounted LED light fixture specification.
33. Building up lighting designed to flood the building elevations in light are not permitted. Noted.

Signage:

34. Signage is not part of this review. Noted.

Note:

- A. Please Resolve Comments 1,3, 4, 6-33 Prior to City Council Application. Noted.
- B. Please Resolve Comments 2 & 5 Prior to Building Permit. Noted.

LANDSCAPING:

In General: Please see landscape response to comments.

- The applicant may be required to execute a developer agreement and post security for all engineering and landscaping related improvements at time of permitting. Noted
- This review is preliminary. Full landscape plan & approval is required at time of permitting. Noted

Site Plan

1. Please remove the Double-parking bay median from the Western parking lot and utilize that 10' total width of the Western LPZ can be increased from 5' to 15' by moving the building footprint towards the West and allow adequate planting of Shade trees within the LPZ. Please see revised AS-101, LA-101, LA-104, and LA-106. Double parking bay has been removed.
2. Please limit the width of the 15' wide parking island adjacent phase II on the South side to 10' to allow an additional 5' extra LPZ to the Southern façade of Phase II Dollar Tree. This can be accomplished by including this adjacent parking island with the Phase II site plan review and moving the building footprint towards the North. Please see revised AS-101, LA-101, LA-104, and LA-106.
3. All plan sheets shall match the City Council approved Phase I site plan. Any significant changes to the Phase I site plan (for example, parking and building configurations

- outside of Staff's Site Plan notes #2 above) which impact landscape code requirements may require re-review and City Council approval. Please see revised AS-101, LA-101, LA-104, and LA-106. submitted plans match the City Council approved Phase I site plan
4. Pursuant Sec. 27-255(c)(1) Please provide an Interior Parking Island if stalls exceed 10 spaces. *For example, the south parking lot of double tree has Twelve spaces.
*Waiver may be required if not satisfied. Waiver previously granted.

Planting Plan

1. Contact Mr. Indyli Brown @ ibrown@plantation.org to request Article X – Landscape Standards (PDF) to appropriately update the Landscape Legend on sheet# LA-103 to reflect new code Sections and requirements. Landscape standards have been requested, Indyli Brown.
2. Propose appropriate LPZ Landscaping Pursuant Article X – Landscape Standards
Please request a waiver for any LPZ that may remain deficient after the adjustments are made from staff's Site plan suggestions.
Sec. 27-255(d)(5)(6) One shade tree (or group of three palms), 15 shrubs, and 40 groundcover plants are required for every 30 lineal feet of the landscape pedestrian zone.
*Both Retail Buildings within Phase II do not satisfy that LPZ requirement. Waiver has been requested. All shrubs and groundcover has been provided and as many trees as possible were provided as spaces permits; however, due to the narrowness of the planting area in some locations, trees or palms were not provided.
3. Please adhere to Shade trees dimension requirements pursuant the building height for LPZ planting using Table 255-3. *Buildings up to 25' height require, 50% Palms to extend over roofline, Tree Heights: 12', Distance: 5' from Building. Please see revised LA-103. As many trees as possible were provided as spaces permits; however, due to the narrowness of the planting area in some locations, trees or palms were not provided.
4. Staff recommends proposing Shade tolerant Small/ornamental trees and(or) Medium trees to satisfy the Eastern LPZ Tree requirement due to the large canopy of existing perimeter trees along the Eastern bufferyard. This may be accomplished by submitting a written request to the Public Works Director.*Sec. 27-254 Implementation Standards (11)The Public Works Department may grant written permission to allow the planting of trees or shrubs less than the required sizes outlined in this Article upon written request from the Landscape Architect-of-Record.
*Sec. 27-254(20)(21) Small tree and Medium Tree description.
(20) Small/Ornamental trees shall be of ten (10) feet overall planting height at time of installation. Trees with multiple trunk growth characteristics shall have no more than three main trunks. All small trees shall have a minimum of thirty (30) inches of clear trunk at the time of planting.
(21) Medium trees shall be a minimum height of twelve (12) feet overall, minimum spread of six (6) feet, and minimum caliper of 2.5 inches at time of installation. Small

ornamental trees were provided along the eastern side of the dollar tree building and along the north side of the retail building.

5. Pursuant Sec. 27-255(a) Street trees are required in addition to all other landscaping requirements for properties requiring site plan approval and shall be planted at a minimum of twelve (12) feet overall height with a spread of six (6) feet, 2.5-inch caliper and a minimum of four and one half (4-1/2) feet clear trunk immediately after installation.
*Due to existing perimeter trees along NW 70 AVE whose canopies may conflict with the planting of new trees in the swale, please request a waiver from planting required Street Trees. Provided.
6. Correct the Landscape Elevations page number from LA-104 to LA-108 as the Disposition Plan is already labeled LA-104. Please see revised LA-104/ LA-108 sheet. labeling has been corrected.
7. Please remove any reference of The Department of Planning, Zoning & Economic Development from Landscape Plans and replace with Public Works – Environmental Landscape Division. Email: landscapeinfo@plantation.org Office: (954) 414-7395. Please see revised LA-103. References have been removed.
8. Staff request changing sheet LA-101 from “Existing Vs. Proposed Plan” to “Tree Disposition Plan with Proposed Construction overlay”. Please see revised LA-101 sheet, sheet has been adjusted.
9. LPZ width deficiencies are as followed for Dollar Tree Building:
SOUTH LPZ width should be 10' - Only 5' provided. (Can be corrected). Please see revised AS-101, LA-101, LA-104, and LA-106.
WEST LPZ width should be 10' - Only 5' provided. (Can be corrected). Please see revised AS-101, LA-101, LA-104, and LA-106.
NORTH LPZ width should be 10'-0' provided. WAIVER NEEDED. Waiver has been requested.
10. Revise the last note on sheet #LA-103 to state the following:
“Please be advised: Our soils in the City of Plantation lack certain elements; therefore, we typically suggest to have a soil analysis done to determine the proper fertilizer regiment. Please follow manufacturer recommended rates and methods of application.” Please see revised LA-103.
11. Please light pole 15' clearance radius on sheet LA-103 to adhere to verify proposed tree canopy will not be in conflict. Verified.
12. Draw and label root barriers in locations where trees and palms are adjacent to sidewalks and walkways; root barriers are not required where type “D” curbing is proposed. Tree planted in parking islands with type D curbing and an adjacent sidewalk require a root barrier along the sidewalk portion. For example, parking island west of Dollar Tree with sidewalk frontage. Please see revised LA-103. Root barriers located.
13. Please show all above ground equipment and its respective landscape screening on Landscape Plans if applicable. Please see revised LA-103. Above ground equipment and screening identified.
14. On Planting Plan, please label existing trees with their tree numbers matching the tree disposition table. Provided, please see revised LA-103. Existing trees with their tree numbers have been identified.

15. In Plant List, specify Field Grown/Balled & Burlapped (FG/BB) in "size" column for each tree species proposed. Provided , please see plant list on revised LA-103..
16. TRDA is a native grass species and cannot be used to satisfy the shrub requirement in any landscape pedestrian zone. Provided, please see revised LA-103. TRDA was replaced with BSBA (Bahama Coffee). Noted.
17. Provide an estimate of the square footage of sod to be used. Provided , See plant list table on revised LA-103.
18. Identify and label the landscape feature (existing hedge?) drawn between the sidewalk and parking bays along the north perimeter of the property. Provided , see revised LA-102, and LA-103..

Note:

- A. Please Resolve #1-4 (Site Plan); #1-13 (Planting Plan) prior to City Council. Noted
- B. Please Resolve Comments #14-18 (Planting Plan) prior to Permit. Noted

ENGINEERING:

1. Survey shows 25' ingress egress easement that is in conflict with the site improvement. Please identify the disposition plan for this easement (if any). Easement will be modified to reflect proposed site improvements.
2. Survey shows 15' drainage easement in conflict with the proposed improvement. Please identify the disposition plan for this easement. The drainage easement is not in conflict with any proposed buildings. The drainage easement runs through the parking lot and proposed trees have avoided this line.
3. The stormwater management regulation for this property is subject to the regulations of the Old Plantation Drainage District in addition to Chapter 9 of City of Plantation Land Development Code. Please ensure that the stormwater management design adheres and meets both regulations. The Old Plantation Drainage Permit shall be modified to reflect the changes to the Site Plan.
4. Please provide the proper pervious impervious calculations needed to adjust the stormwater utility fee for the property. According to Article VII of Section 9-103 – Stormwater Management Utility. Please see revised AS-101. The current pervious and impervious numbers are reflected on the Site Plan.
5. An Engineering Developers Agreement shall be required prior to the issuance of an Engineering permit. Noted

Note:

- A. Please Resolve Comments 1-4 Prior to City Council Application. Noted.
- B. Please Resolve Comments 5 Prior to Building Permit. Noted.

TRAFFIC CONSULTANT: No objection. See Engineering Comments Noted.

BUILDING: No objection to the site plan and elevations. Noted.

FIRE:

Reviews:

- Comments 1 – 12 on the Staff Report to the Planning & Zoning Board meeting of July 6, 2021. No objections as to this Site, Elevation, and Landscape Plan approval with the understanding that the applicant and/or owner are aware of following City of Plantation Fire Department comments and will comply with each comment by affirming in written reply and/or plan submittal. Noted.
- 1. Structure/building shall be able to provide a maintained minimum, as determined by City of Plantation Fire Department, radio signal strength for fire department communications during in-building operations. A two-way radio communication enhancement system may be necessary to comply with this requirement. Noted.
- 2. Structure/building shall be entirely protected by an approved, supervised automatic fire sprinkler system hydraulically calculated to City of Plantation drought standard of 50-PSI static, 45-PSI residual, at 1100-GPM flow, with a minimum 10% safety margin. Noted.
- 3. Fire sprinkler system underground supply line shall have its own dedicated tap directly from water main, not shared; as such, the point of service shall be the valve at the water main tap. Noted.
- 4. Fire department connection (FDC) and its adjacent fire hydrant (FH) shall face roadway, shall be located on same side of roadway, within 6' to 25' of each other, and within 6' of curb front. Noted.
- 5. The following shall be permitted separately:
 - a. All fire sprinkler system underground supply line from valve at water main up to the 12" above grade stub outside of building and the FDC (if connected to supply line prior to the 12" above grade stub). Noted.
 - b. DDCV. Noted.
 - c. Whole fire sprinkler system installations after the 12" above grade stub outside of building. Noted.
- 6. FDC's shall comply with following:
 - a. Free standing. Noted.
 - b. Single 4" screened Storz coupling on a 30-degree bend. Noted.
 - c. Intake between 24" to 36" above grade. Noted.
 - d. No obstructions within 3' of sides. The proposed FDC does not have any obstructions within 3' of sides..
 - e. Unobstructed 6' wide area from FDC to curb front. The proposed FDC does not have any obstructions within 6' of the front of the curb.
 - f. Posted "NO PARKING - FIRE DEPARTMENT CONNECTION" sign behind it, compliant FFPC NFPA-1 and current City of Plantation Engineering Department Fire Lane Signing and Marking Standard. FDC signs have been added.
- 7. FH's shall comply with following:

SYNALOVSKI ROMANIK SAYE
Architecture • Planning • Interior Design

- a. No obstructions within 3'. The proposed Fire Hydrant does not have any obstructions within 3' of sides.
- b. Unobstructed 6' wide area from FH to curb front. The proposed Fire Hydrant does not have any obstructions within 6' of the front of the curb.
8. Fire sprinkler riser(s) shall be in an area that provides an unobstructed 3' access to the front and to the sides of the appliances. Noted.
9. Fire sprinkler monitoring alarm control panel shall be located in a properly conditioned room that provides an unobstructed 3' access to the front and to the sides of the cabinet. Noted.
10. A Knox 3200 series Key Vault shall be provided/installed at locations designated by the City of Plantation Fire Department. Noted.
11. Dollar Tree storage room shall be equipped with a City of Plantation Fire Department approved rack system for code compliant organization of its stock, providing proper height, proper stacking and proper means of egress. Noted.
12. Additional conditions may arise upon review of all required permitting plans. Noted.

Note:

- A. Please Resolve Comments 1 – 12 Prior to City Council Application. Noted.
- B. Please Resolve Comments Prior to Building Permit. Noted.

POLICE:

1. I have no objection to the Site Plan, Elevations, and Landscape Plan. Noted.
2. I cannot clearly read the raw data on the photometric survey. Please provide a larger copy so the number may be read. Additional comments may apply. Please see resubmitted AS-103, and AS-104 sheet.

Note:

- A. Please Resolve Comment 2 Prior to City Council Application. Noted.

UTILITIES: No objection to the Phase II – Site Plan, Elevation and Landscape Plan.
Minor changes needed on these conceptual civil plans. Noted.

- Gravity main to be made public and turned over to Plantation Utilities (exception being from MH#4>MH#5 due to structure/building in easement). Noted.
- All easements to be 15'. Noted.
- Private plumbing (FDC line for Building #1) cannot be installed as proposed. Must not be within Utilities easement. Noted.

If approved and prior to any Building Permit being issued, the following must be provided:

1. Capacity charges must be paid in FULL for the entire project. Noted.
2. \$500.00 review fee must be submitted to the Utilities Department. Noted.
3. Water and Sewer Utilities plans must be submitted to the Utilities Dept. for review and approval. Noted.
4. FDEP Water and Sewer permits must be approved. Noted.
5. Utilities Agreement must be executed. Noted.

Re: Dollar Tree and Retail Plaza – Bank of America Plaza, Phase II

Dear Mr. Sicorsky-Brener:

Please be advised that the Andrew Kandy of Waste Management has received and reviewed the AS-101 and AS-301 for the above referenced property. This Plan will be sufficient for Waste Management to service the garbage container(s) as needed at the Plaza.

If you require additional information, please do not hesitate to contact me.

Thank you.

Sincerely,

Karina,

Thank you for your response. We are clear impact fees for the additional retail uses will need to be paid.

Please confirm no plat amendment is required for the additional retail use proposed.

Once again, thank you...!

Best regards, Manny

Karina I'm following from our call on Friday.

I will need your assistance with a submittal I have tomorrow at the city of Plantation.

Our property is located at 141 NW 70th avenue in plantation.

Folio Number: 504103450010

The city has requested the following: "Verify if a delegation request is required to amend the restrictive note on the plat."

When I look at the Platt I do not see any restrictive note .

Plat book 86 page 24

And when I place the name " Landmark Plaza" in the search I do not see any document that would restrict our plat.

Please assist.

I would only need an email response to satisfy for reviewers comment.

7 PROJECT SHEET INDEX

1. SECTION 13-40(C)(5)(B)(C). INTERIOR LANDSCAPING FOR PARKING AREAS: INTERIOR LANDSCAPING FOR PARKING AREAS: WHERE MULTIPLE PERPENDICULAR OR ANGULAR PARKING SPACES ARE PROVIDED TO DRIVEWAYS, LANDSCAPE ISLANDS WILL BE PRESERVED IN GREEN SO AS TO BREAK UP THE MONOTONY OF SUCH PARKING AND TO MINIMIZE THE HAZARDS CREATED THEREBY PROVIDING VISUAL BREAKS TO ASSIST IN SEEING OTHER PEDESTRIAN AND VEHICULAR TRAFFIC EVERY EIGHTH SPACE IN NONRESIDENTIAL OFFICE/COMMERCIAL USES.

DUE TO THE LARGER THAN REQUIRED LANDSCAPE ISLANDS BEING PROVIDED (18' WIDE), WE ARE REQUESTING THAT THEY BE ALLOWED A MAXIMUM OF 13 PARKING SPACES IN BETWEEN.
2. SECTION 13-40(C)(4)(B)(C). INTERIOR LANDSCAPING FOR PARKING AREAS: MEDIANS BETWEEN DOUBLE PARKING BAYS SHALL BE CURBED AND SHALL HAVE A MINIMUM WIDTH OF 8' IN GREEN AREA ON NONRESIDENTIAL OFFICE AND NONRESIDENTIAL COMMERCIAL PROPERTIES, NOT INCLUDING CURBING OR VEHICULAR OVERHANG. WE ARE PROVIDING 7' CLEAR NOT INCLUDING CURBING OR VEHICULAR OVERHANG.

WE ARE PROVIDING GREATER THAN REQUIRED LANDSCAPING THROUGHOUT THE SITE, IN ADDITION TO THE VEHICULAR OVERHANG, MEETING THE 8' CLEAR REQUIREMENT WOULD BE IMPRACTICAL.
3. SECTION 13-40(C)(3). INTERIOR LANDSCAPING FOR PARKING AREAS: MEDIANS SHALL BE PROVIDED TO SEPARATE PARKING BAYS FROM MAJOR INTERNAL ACCESS DRIVES AND SHALL HAVE A MINIMUM WIDTH OF TEN (10) FEET, NOT INCLUDING CURBING OR VEHICULAR OVERHANG.

4. 10' MEDIAN REQUIRED TO SEPARATE PARKING BAYS FROM MAJOR INTERNAL ACCESS DRIVES - 6' PROVIDED (THE 2' VEHICULAR OVERHANG DOES NOT COUNT TOWARDS THIS REQUIREMENT). PROVIDE 10' WIDE MEDIANS TO SEPARATE PARKING BAYS FROM MAJOR INTERNAL ACCESS DRIVES.

WE ARE PROVIDING 8'-1" CLEAR NOT INCLUDING CURBING OR VEHICULAR OVERHANG. WE ARE PROVIDING GREATER THAN REQUIRED LANDSCAPING THROUGHOUT THE SITE, IN ADDITION TO THE VEHICULAR OVERHANG, MEETING THE 10' CLEAR REQUIREMENT WOULD BE IMPRACTICAL.
4. SECTION 13-41(A). PEDESTRIAN ZONES ALONG BUILDING FACADES: THERE SHALL BE A LANDSCAPED PEDESTRIAN ZONE ALONG THE LENGTH OF ALL BUILDING WALLS NOT DIRECTLY ADJACENT TO VEHICULAR APPROACHES. THE DEPTH OF THIS PEDESTRIAN ZONE AND THE DEGREE TO WHICH IT IS LANDSCAPED SHALL BE DETERMINED BY BUILDING HEIGHT AND FUNCTION.

BUILDING 1:

a. 10' LPZ IS REQUIRED ALONG THE NORTHERN FAÇADE - 0' HAS BEEN PROPOSED.

BUILDING 2:

a. 10' LPZ IS REQUIRED ALONG THE SOUTHERN FAÇADE - 0' HAS BEEN PROPOSED

WE ARE EXCEEDING THE REQUIRED LPZ ON THE SOUTHERN FAÇADE OF BUILDING 1 (21'-4"), ON THE NORTHERN FAÇADE OF BUILDING 2 (17'-3") AND ON THE EASTERN FAÇADE OF BOTH BUILDINGS (VARIES FROM 13'-0" TO 19'-7"). THE AREA IN BETWEEN THE BUILDINGS WILL BE A PEDESTRIAN AREA MEANT FOR GATHERING AND POTENTIAL DINING. IN ORDER TO PROVIDE SHADING FOR THE PUBLIC WE ARE PROPOSING 6 TREE WELLS IN THIS AREA.

DEMARK AND DIMENSION ONE (1) REQUIRED OFF-STREET LOADING SPACE (12' X 45') PER SECTION 27-747(D)(1).

DUE TO THE SCALE OF USES OUR PROJECT WILL NOT DEMAND LARGE DELIVERY VEHICLES. THE LARGEST TRUCK WILL BE A BOX TRUCK (SIMILAR TO FEDEX OR UPS) WHICH TAKES UP CONSIDERABLY LESS SPACE.

IN ACCORDANCE WITH THE PARKING REQUIREMENTS FOR THE CITY, WE NEED TO PROVIDE 113 PARKING SPACES. THIS CALCULATION TAKES INTO ACCOUNT THE MULTIPLE TYPES OF USES ON SITE. THE BANK IS CURRENTLY BEING UNDERUTILIZED AND HAS 21 PARKING SPACES OCCUPIED AT PEAK HOURS.

DUE TO THE INACCURACY IN THE BANK'S FOOTPRINT TO USE RATIO, WE ARE REQUESTING A 25% PARKING REDUCTION WAIVER.

3 WAIVERS PREVIOUSLY REQUESTED

1. **SCOPE OF WORK:** The Contractor shall furnish all labor, machinery, tools, supplies, and equipment as necessary to construct and provide an operating system, as indicated in the Plans. The work shall include, but not be limited to, furnishing materials (pipe, valves, sprinkler heads, fittings, controllers, electrical, wire and fittings, primer, glue, etc.), layout, protection to the public, excavation, assembly, installation, backfilling, compaction, repair of road or pavement surfaces, controller and low voltage feed to the valves, clean-up, maintenance and guarantee, and as-built plans.

3. **GUARANTEE:** The irrigation system shall be guaranteed for a minimum of one calendar year from the time of final acceptance.

5. **AS-BUILT DRAWINGS:** Prints of the plans will be supplied to the Contractor for recording "as-built" information. Immediately upon installation of any work which deviates from what is shown on the Plans, the Contractor shall clearly indicate such changes in red pencil on the prints. Such changes shall include, but not be limited to, changes in (1) materials; (2) sizes of material; (3) location; and (4) quantities.

7. UNIT PRICES: The successful bidder shall furnish, to the Owner, a unit price breakdown for all materials. The Owner may at his own discretion, add to or delete from the materials, using the unit price breakdown submitted to and accepted by the Owner.

9. The irrigation system shall provide 100% coverage with a minimum of 90% overlap of water spray.

11. All pipe shall be made of Schedule 40 PVC, except flexible PVC (or Tora funny pipe) for flexible swing joint and Schedule 80 galvanized steel pipe for all above ground fittings. Pipe locations shall be adjusted in the field. When laying out mains and laterals, locate pipe near edges of pavement or against buildings wherever possible, to allow space for plant rootballs. Coordinate pipe locations with plantings. Bury all mains 18" below surface and laterals 12". Depth shall be measured to top of pipe.

13. All heads located in shrub or groundcover beds shall be installed on a riser as per details in the plans. All other heads shall be installed on a swing joint as per details in the plans.

15. Valve locations are schematic and shall be adjusted in the field. Each valve shall be in a separate valve box [10' x 16' min.]. When grouping valve boxes in grass or groundcover areas, set boxes a minimum of 12' apart to allow grass or groundcover to grow between them. When possible, hide valve boxes in shrub beds, a minimum of 12' from edge of beds. Set all valve boxes, concrete or plastic in ground with cover flush with finish grade, and level, with a minimum of 6" of pea gravel at the bottom of the box, with at least 2' of clearance from the bottom of the valve to the top of the gravel.

16. TESTING: Notify the Landscape Architect in writing when testing will be conducted. Conduct test in the presence of the Landscape Architect. After all PVC assembly is completed the lines shall be flushed to insure that no rocks, sand, or other foreign debris remains in the lines. The mains shall be filled with water and all outlets shall be capped and plugged. The main shall be pressurized to 100 PSI for a minimum of one hour. No section of the main will be approved if the pressure drops more than 5 PSI at the end of the one hour period. Leaks shall be repaired immediately and the system shall be re-tested until found satisfactory by the Landscape Architect.

NOTES:

- MATERIALS, PIPES AND FITTINGS SHALL BE APPROVED BY ASAE STANDARDS APPENDIX F.
- THE ASSEMBLY SHALL BE INSTALLED WITH MINIMUM HORIZONTAL CLEARANCES OF 30 INCHES FREE FROM OBSTRUCTIONS IN ALL DIRECTIONS.
- CARGO PORTS SHALL BE INSTALLED IF THE ASSEMBLY IS EXPOSED TO POSSIBLE DAMAGE FROM VEHICULAR TRAFFIC, AS DETERMINED BY THE DEPARTMENT.
- THE ASSEMBLY SHALL BE INSTALLED IN AN ACCESSIBLE LOCATION, APPROVED BY THE DEPARTMENT.
- PIPING SHALL BE SCHEDULE 40 BRASS OR TYPE K COPPER PIPE WITH THREADED FITTINGS IN ACCORDANCE WITH WASH CONSTRUCTION SPECIFICATIONS FOR DONATION WATER MAINS, PVC PIPING IS NOT ACCEPTED BY WASH.
- THE DEPARTMENT SHALL HAVE UNRESTRICTED AND CONTINUOUS ACCESS TO THE VACUUM BREAKER ASSEMBLY.
- SEE PREVENTION AND CONTACT DEPARTMENT FOR CURRENTLY APPROVED TYPES OF BACKFLOW PREVENTION ASSEMBLIES AND PRESSURE VACUUM BREAKERS (SEE WS 4.18 SHEET 4 OF 4 OR ON THIS SHEET).

1. CLEANOUTS AND MANHOLES ON SANITARY LINES ARE TO BE ADJUSTED TO BE FLUSH WITH FINISHED GRADE.
2. CONTRACTOR SHALL PROVIDE FITTINGS (WYES, TEE, REDUCERS, ETC.) AS REQUIRED TO FURNISH A COMPLETE WORKING SYSTEM BASED ON THE LAYOUT SHOWN ON THESE PLANS.
3. CONTRACTOR SHALL PROVIDE ANY EASEMENT DOCUMENTATION AROUND MH'S, BACKFLOW PREVENTORS, MAINLINES, METERS, ETC. AS REQUIRED BY THE CITY SO THAT THE OWNER MAY RECORD ANY EASEMENTS WITH THE CITY. CONTRACTOR'S SURVEYOR MUST COORDINATE WITH THE CITY AND PROVIDE ALL NECESSARY EASEMENT DOCUMENTATION TO THE OWNER. THE OWNER MUST THEN PROVIDE ALL RECORDED UTILITY EASEMENT DOCUMENTS TO THE CITY PRIOR TO FINAL ACCEPTANCE.
4. CONTRACTOR IS RESPONSIBLE TO COORDINATE WITH THE CITY UTILITY DEPT. ANY WATER MAIN CONNECTIONS, UTILITY CONNECTIONS AND SCHEDULE MUST BE APPROVED BY THE CITY PRIOR TO IMPLEMENTATION. CONTRACTOR IS REQUIRED TO PAY FOR ALL COSTS ASSOCIATED WITH THIS WORK REGARDLESS OF WHETHER OR NOT THE UTILITY OR THE CONTRACTOR PERFORMS THE WORK.
5. W.M./S.S. MAINS TO BE LOCATED 5' CLEAR OF ALL OBSTRUCTIONS, POLES, BOXES, CULVERTS, ETC. W.M./S.S. MAINS MUST BE LOCATED 5' FROM TREES. F.M.'S MUST HAVE A 7.5' CLEAR RADIUS FROM ALL.
6. SITE UTILITY CONTRACTOR SHALL COORDINATE W/ THE BUILDING PLUMBING CONTRACTOR FOR EXACT LOCATION OF CONNECTION POINTS BETWEEN BUILDING AND SITE WATER, SEWER AND DRAINAGE LINES VERTICALLY AND HORIZONTALLY.
7. PRESSURE TESTING AND CERTIFICATION SHALL FOLLOW THE BROWARD COUNTY HEALTH DEPARTMENT STANDARDS.

8. ALL SANITARY SEWER LATERALS SHALL CROSS UNDER WATER MAINS WITH A MINIMUM OF 18" SEPARATION UNLESS OTHERWISE NOTED. A 20 FOOT SECTION OF DUCTILE IRON PIPE WATER MAIN CENTERED CROSSING IS REQUIRED IF LESS THAN 18" VERTICAL SEPARATION OCCURS BETWEEN THE SEWER LATERAL AND WATER MAIN.
9. ALL UNDERGROUND UTILITIES TO BE REMOVED SHALL BE CAPPED OFF AT THE POINT OF REMOVAL OR THE UTILITIES OR DRAINAGE LINES WILL REMAIN IN SERVICE. NOTIFY THE ENGINEER OF RECORD BEFORE REMOVING ANY UTILITIES THAT ARE CURRENTLY IN SERVICE. THE CONTRACTOR SHALL NOT REMOVE ANY UTILITY SERVICE TO ANY EXISTING BUILDING THAT WILL REMAIN AND SHALL DIG UP AND COMPLETELY REMOVE AND/OR ABANDON ANY UTILITY SERVICE THAT IS NO LONGER REQUIRED. THE CONTRACTOR SHALL INFORM AND CONSULT THE ENGINEER OF RECORD PRIOR TO REMOVING ANY LINES. REMOVAL OF ANY LINES MUST ALSO BE APPROVED BY CITY OF PLANTATION UTILITIES DEPARTMENT.
10. CONTRACTOR SHALL VERIFY EXISTING WATER MAIN LOCATION AND ELEVATION AND NOTIFY THE ENGINEER OF ANY DIFFERENCE FROM THE DESIGN PRIOR TO CONSTRUCTION AND/OR EXCAVATION.
11. PROPOSED FIRE LINES (I.E. MAINS, SERVICES, SIAMASE CONNECTION LINES, ETC.) TO BE INSTALLED BY A STATE LICENSED FIRE LINE CONTRACTOR PER F.S. 633.
12. FIRE LINES TO BE INSPECTED BY A CERTIFIED FIRE LINE INSPECTOR.
13. STATE LICENSED FIRE LINE CONTRACTOR, UPON COMPLETION OF REQUIRED TESTING, SHALL ISSUE A "LICENSED UNDERGROUND TEST CERTIFICATE" PRIOR TO ACCEPTANCE FOR PLACING FIRE LINE INTO SERVICE.
14. FIRE HYDRANTS SHALL BE AMERICAN DARLING B84B WITH SECURITY CHECK VALVE.
15. GREASE TRAPS SHALL BE GREEN TURTLE.
16. PROPOSED FIRE HYDRANTS SHALL HAVE NO OBSTRUCTIONS WITHIN 3 FEET OR IN FRONT OF CURB.
17. ALL PROPOSED MANHOLES SHALL HAVE RAIN INSERTS.
18. ALL CLEANOUTS SHALL BE INSTALLED IN DADE COUNTY BOXES MARKED SEWER.
19. NO STRUCTURES SHALL BE CONSTRUCTED IN UTILITY EASEMENT.
20. FIRE HYDRANTS SHALL NOT HAVE ANY OBSTRUCTIONS WITHIN 3' AND HAVE 6' WIDE UNOBSTRUCTED AREA FROM THE FIRE HYDRANT TO THE FACE OF CURB.
21. ALL ASPECTS OF FIRE AND LIFE SAFETY SHALL COMPLY WITH THE CURRENT EDITION OF THE FLORIDA FIRE PREVENTION CODE AT TIME OF PERMITTING.
22. WHOLE STRUCTURE SHALL BE ENTIRELY PROTECTED BY AN APPROVED, SUPERVISED AUTOMATIC FIRE EXTINGUISHING SYSTEM HYDRAULICALLY CALCULATED TO CITY OF PLANTATION DROUGHT STANDARD OF 45-PSI STATIC, 40-PSI RESIDUAL, AT 1100-GPM FLOW, WITH A MINIMUM 10% SAFETY MARGIN.
23. THE MINIMUM COVER DEPTHS FOR PVC AND DIP SEWER MAINS ARE RESPECTIVELY 36 AND 30 INCHES.

3. CLEANOUTS AND MANHOLES ON SANITARY LINES ARE TO BE ADJUSTED TO BE FLUSH WITH FINISHED GRADE.
4. CONTRACTOR SHALL PROVIDE FITTINGS (WYES, TEE, REDUCERS, ETC.) AS REQUIRED TO FURNISH A COMPLETE WORKING SYSTEM BASED ON THE LAYOUT SHOWN ON THESE PLANS.
5. CONTRACTOR SHALL PROVIDE ANY EASEMENT DOCUMENTATION AROUND MH'S, BACKFLOW PREVENTORS, MAINLINES, METERS, ETC. AS REQUIRED BY THE CITY SO THAT THE OWNER MAY RECORD ANY EASEMENTS WITH THE CITY. CONTRACTOR'S SURVEYOR MUST COORDINATE WITH THE CITY AND PROVIDE ALL NECESSARY EASEMENT DOCUMENTATION TO THE OWNER. THE OWNER MUST THEN PROVIDE ALL RECORDED UTILITY EASEMENT DOCUMENTS TO THE CITY PRIOR TO FINAL ACCEPTANCE.
6. CONTRACTOR IS RESPONSIBLE TO COORDINATE WITH THE CITY UTILITY DEPT. ANY WATER MAIN CONNECTIONS, UTILITY CONNECTIONS AND SCHEDULE MUST BE APPROVED BY THE CITY PRIOR TO IMPLEMENTATION. THE CONTRACTOR IS REQUIRED TO PAY FOR ALL COSTS ASSOCIATED WITH THIS WORK REGARDLESS OF WHETHER OR NOT THE UTILITY OR THE CONTRACTOR PERFORMS THE WORK.
7. W.M./S.S. MAINS TO BE LOCATED 5' CLEAR OF ALL OBSTRUCTIONS, POLES, BOXES, CULVERTS, ETC. W.M./S.S. MAINS MUST BE LOCATED 5' FROM TREES. F.H.'S MUST HAVE A 7.5' CLEAR RADIUS FROM ALL.
8. SITE UTILITY CONTRACTOR SHALL COORDINATE W/ THE BUILDING PLUMBING CONTRACTOR FOR EXACT LOCATION OF CONNECTION POINTS BETWEEN BUILDING AND SITE WATER, SEWER AND DRAINAGE LINES VERTICALLY AND HORIZONTALLY.
9. PRESSURE TESTING AND CERTIFICATION SHALL FOLLOW THE BROWARD COUNTY HEALTH DEPARTMENT STANDARDS.

8. ALL SANITARY SEWER LATERALS SHALL CROSS UNDER WATER MAINS WITH A MINIMUM OF 18" SEPARATION UNLESS OTHERWISE NOTED. A 20 FOOT SECTION OF DUCTILE IRON PIPE WATER MAIN CENTERED CROSSING IS REQUIRED IF LESS THAN 18" VERTICAL SEPARATION OCCURS BETWEEN THE SEWER LATERAL AND WATER MAIN.
9. ALL UNDERGROUND UTILITIES TO BE REMOVED SHALL BE CAPPED OFF AT THE POINT NEAREST TO THE UTILITIES OR DRAINAGE LINES THAT WILL REMAIN IN SERVICE. NOTIFY THE ENGINEER OF RECORD BEFORE REMOVING ANY UTILITIES THAT ARE CURRENTLY IN SERVICE. THE CONTRACTOR SHALL NOT REMOVE ANY UTILITY SERVICE TO ANY EXISTING BUILDING THAT WILL REMAIN AND SHALL DIG UP AND COMPLETELY REMOVE AND/OR ABANDON ANY UTILITY SERVICE THAT IS NO LONGER REQUIRED. THE CONTRACTOR SHALL INFORM AND CONSULT THE ENGINEER OF RECORD PRIOR TO REMOVING ANY LINES. REMOVAL OF ANY LINES MUST ALSO BE APPROVED BY CITY OF PLANTATION UTILITIES DEPARTMENT.
10. CONTRACTOR SHALL VERIFY EXISTING WATER MAIN LOCATION AND ELEVATION AND NOTIFY THE ENGINEER OF ANY DIFFERENCE FROM THE DESIGN PRIOR TO CONSTRUCTION AND/OR EXCAVATION.
11. PROPOSED FIRE LINES (I.E. MAINS, SERVICES, SHAMOSE CONNECTION LINES, ETC.) TO BE INSTALLED BY A STATE LICENSED FIRE LINE CONTRACTOR PER F.S. 633.
12. FIRE LINES TO BE INSPECTED BY A CERTIFIED FIRE LINE INSPECTOR.
13. STATE LICENSED FIRE LINE CONTRACTOR, UPON COMPLETION OF REQUIRED TESTING, SHALL ISSUE A "LICENSED UNDERGROUND TEST CERTIFICATE" PRIOR TO ACCEPTANCE FOR PLACING FIRE LINE INTO SERVICE.
14. FIRE HYDRANTS SHALL BE AMERICAN DARLING 8B48 WITH SECURITY CHAIN VALVE.
15. GREASE TRAPS SHALL BE GREEN TURTLE.
16. PROPOSED FIRE HYDRANTS SHALL HAVE NO OBSTRUCTIONS WITHIN 3 FEET OR IN FRONT OF CURB.
17. ALL PROPOSED MANHOLES SHALL HAVE RAIN INSERTS.

DEVELOPMENT ORDER
CITY COUNCIL
CITY OF PLANTATION, FLORIDA

DATE OF HEARING BEFORE CITY COUNCIL: August 25, 2021

PROJECT # PP21-0027

PROJECT NAME & ADDRESS: Jacaranda Plaza SE – 8101-8373 W. Sunrise Blvd.

OWNER / APPLICANT: EREP Jacaranda Plaza I, LLC. / C. William Laystrom

TYPE OF APPROVAL SOUGHT: The applicant is requesting Sign Special Exception approval to allow an increase in the allowable ground sign area from 32 square feet to 39 square feet; to allow 72% of the sign face to be used for secondary messages; to allow varying panel sizes (one double panel and four single tenant panels); and to allow branding fonts for each panel for the property located at 8101-8373 W. Sunrise Blvd, Plantation, Florida.

REQUEST: Section 22-141(a) of the Code states upon being denied a permanent sign permit, a property owner may apply for a special exception. The review of a Sign Special Exception request should include consideration of the criteria noted in Section 27-141(b) of the Code. Section 27-141(c) states "The City governing body may grant special exception signage different that that contemplated by the comprehensive sign code.

THIS MATTER came on to be heard before the City Council of the City of Plantation, Florida on the date of hearing stated above. The City Council having considered the approval sought by the applicant and heard testimony from the applicant, members of city administrative staff and the public finds as follows:

1. Application for the approval sought was made by the Applicant in a manner consistent with the requirements of the City's Land Development Regulations.
2. The Sign Special Exception approval sought is consistent with the City of Plantation Comprehensive Plan and will be developed consistent with and in compliance with all applicable land development regulations and all other applicable regulations and ordinances as set forth in the Code of Ordinances of the City of Plantation, with the exception of relief granted.
3. The Applicant's application for Sign Special Exception approval is hereby
_____ GRANTED
_____ GRANTED subject to the conditions referenced in paragraph 5 hereof.
_____ DENIED
4. This Order shall take effect immediately upon filing with the City Clerk.

5. List of Sign Special Exception Conditions of Approval:

PLANNING AND ZONING:

1. Staff recommends the name of the center be a different font color than the tenant panels to better differentiate the center name versus tenant names.
2. All font sizes, including address, must be a minimum of 6' in height and a maximum of 12' in height (except for the center identification which can be larger).
3. The sign appears to encroach approximately 4' into a 10' utility easement. Provide approval letters from all utility companies with submittal of the building permit application. Should approval letters not be obtainable, the sign must be setback 10' from the property line and out of the easement. Note: A 10' setback for the sign would allow an increase in sign height to 9 feet, if desired.

LANDSCAPE: No Objections.

Please show on plans the existing and or proposed landscape materials for monument/free-standing signs as per Sec. 27-259(a)(b) Please adhere to the minimum landscape requirements (Table 259-1) The sign must be landscaped on all sides and Mulch. (Melaleuca, Eucalyptus and recycled mulches are acceptable types) (A) Provide an enlargement of the area within 20' of the signs and show proposed new trees and other landscaping.

1. Landscape material required for Greater than 72 Square Footage 2– 4 Height in Feet = A combination of shrubs, ground cover, and/or annuals 4+ Height in Feet = 1 tree and a minimum of 2 tier combination of shrubs, ground cover, and/or annuals 6+ Height in Feet = 1 additional tree for every 20 square feet or fraction thereof over 72 square feet
2. Shrubs - Sec. 27-254(18) shall be installed at min 24" height Hedges - Sec. 27-254(19) shall be planted as to be tip-to-tip at planting. Oyster plants shown on submittal are not satisfying the requirements of this section and will need to be removed and replaced with appropriate species.
3. A Plant list will need to be provided showing the quantities of all plant material.

ENGINEERING:

1. If sign special exception is approved, prior to the issuance of a permit, the engineer of record shall provide sight triangles on site plan to ensure no sight visibility obstructions.

FIRE: No objections as to this sign special exception request.

UTILITIES: No objection to the Sign Special Exemption.

1. No structures will be permitted within Utilities easements.

Issuance of this development order by the City does not create any right on the part the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the City for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. All other applicable state or federal permits must be obtained before commencement of the development.

No permit, license or certification can be issued until the challenge period has expired and no challenge has been made. Unless otherwise extended by the City Council, if a permit, license or certification has not been obtained on or before May 26, 2022, the Sign Special Exception approval will expire and become null and void.

If yes, indicate code enforcement case number(s): _____

Pursuant to Section 22-11, the property owner of record requesting a sign special exception is required to provide written responses to the following criteria demonstrating:

Please see attached Exhibit "B" for criteria responses.

That special conditions and circumstances exist such as, but not limited to, building orientation, vehicular circulation or vision obstructions (not to include landscaping) that are peculiar to the land, structure, or building that create a site specific justification for the exception;

That a literal interpretation of the provisions of this Chapter would deprive the applicant of rights commonly enjoyed by other property of lands, structures or buildings of similar character with identical special circumstances (nonconforming signs shall not be grounds for issuing sign special exceptions), or alternatively, that a special exception from the provisions of this Chapter is warranted

and justified to protect, preserve, or enhance the City's tax base or to prevent or eradicate conditions of economic blight;

That the special conditions and circumstances do not result from the action of the applicant;

That the sign special exception to be granted is the minimum measure needed to address the special conditions and circumstances that justify the special exception; and,

That the sign special exception will be in harmony with the general purpose and intent of this Chapter and will not be injurious to the neighborhood, or surrounding property, and will not otherwise detrimental to safe and convenient use of nearby rights-of-way;

That all other signage on the property is in substantial compliance with this Chapter, as applied.

- Please print/type application clearly. Incomplete or illegible applications will not be accepted.
- An application fee is required prior to processing the application.
- The application must be signed by the property owner and notarized.
- If the property owner authorizes an agent, the application must be signed by the agent and notarized.
- The application must include submittal of any additional information necessary for a complete and thorough review of the request such as a survey showing existing and proposed structures, survey showing existing or proposed sign locations, building elevations, sign graphics showing sign size and color, etc.
- The owner or authorized agent must be present at the meeting for the application to be considered.
- Zoning decision approval, as defined in Section 27-6 of the Code of Ordinances, shall be initially valid for a period of time not to exceed twelve (12) months from the date the decision is made. If the rights granted by the zoning decision are not exercised in the aforesaid twelve-month period of time by an application for a building permit to meet the requirement of Section 302.1 of the Florida Building Code, the decision shall become null and void.

July 15, 2021

Mr. Dan Holmes, Director
Planning, Zoning & Economic Development
City of Plantation
400 NW 73rd Avenue
Plantation, FL 33317

Re: Jacaranda Plaza – Sign Special Exception Letter of Intent

Dear Mr. Holmes,

The applicant, EREP Jacaranda Plaza I, LLC, hereby respectfully requests a sign special exception to replace its current monument sign located at the central entrance of the shopping plaza at 8171-8373 & 8101-8151 W. Sunrise Blvd., Planation, FL known as Jacaranda Plaza (the “Plaza”). The applicant is requesting this exception in order to enhance community awareness and exposure of businesses located within the Plaza and help these businesses continue to be successful. Specifically, the applicant requests to replace the current monument sign located at the central entrance to the plaza with a new larger, and more modern looking ground sign. The proposed ground sign will also increase the number of tenant panels from three to five.

The existing monument sign can be difficult to see due to its size and currently only contains three tenant panels. A larger ground sign that provides for more tenant panels will create more exposure for current tenants such as Publix and future tenants such as Ross and Five Below. This will be especially beneficial to Publix as they are tucked away in the Plaza and can be difficult to see if traveling westbound on Sunrise Blvd. The greater number of tenant panels will allow tenants who would otherwise not be on the sign to receive visibility. This is especially important for new businesses such as Ross and Five Below because some people may not know they are tenants in the Plaza when they first open.

The applicant believes that the proposed monument sign would greatly assist potential customers with locating and identifying businesses in the Plaza and in turn, help these businesses to grow and gain community awareness during uncertain times and into the future making Jacaranda Plaza an even more valuable asset to the City of Plantation.

Wherefore, the applicant respectfully requests approval of this sign special exception application.

Sincerely,

William J. Laystrom

Waiver Letter – Jacaranda Plaza Monument Sign Special Exception

From: Section 22-20(t), which requires:

- a. No greater than 50% of the sign face reserved to panels for secondary messages located on the lower one-half of the sign.
- b. The principal message shall be reserved to the upper one half of the sign.
- c. All secondary message panels must be of matching color, size and font.

To Allow:

- a. 72% of the sign face to be used for secondary messages.
- b. Secondary messages to be on displayed on a portion of the upper half of the sign.
- c. The Publix tenant panel to be 4' 8" larger than the other tenant panels. Also, to allow variation in font size for the different tenant panels.

Applicant Justification: The applicant is requesting a waiver to allow for greater visibility of tenant panels by having them make up greater than 50% of the sign face. The proposed design will still have the principal message "Jacaranda Plaza" be the largest image on the sign but allows for more space for tenant panels. Having five tenant panels will improve community awareness as to the businesses located within the plaza. Publix, as the major anchor, will have a larger tenant panel that will make it easier for motorists traveling westbound on Sunrise Boulevard to see it is there. In addition, the proposed design also provides for two additional panels which are part of the incentive for Ross and Five Below to take over the space vacated by TJ Maxx. As new businesses in the shopping center it is imperative that Ross and Five Below have the visibility they need to succeed without it coming at the expense of the other tenants who are currently on the sign. The requested waiver would allow for a new modern looking ground sign that will benefit the tenants in Jacaranda Plaza and in turn the value of the plaza to the City of Plantation.

Jacaranda Plaza Sign Special Exception – Responses to Section 22-11 Criteria

EREP Jacaranda Plaza I, LLC (the "Applicant") is seeking a sign special exception for its commercial shopping plaza located at 8171-8373 & 8101-8151 West Broward Sunrise Blvd., Plantation, FL 33322. For a sign special exception application, a consideration of the criteria contained in Section 22-11 of the City of Plantation Code is required. These criteria are as follows:

- (1) that special conditions and circumstances exist such as, but not limited to, building orientation, vehicular circulation or vision obstructions (not to include landscaping) that are peculiar to the land, structure, or building that create a site specific justification for the exception;

Applicant's Response: There are a number of special conditions and circumstances that a larger monument sign would improve. One of the largest tenants in the plaza is the Publix located on the far eastern side of the plaza. Because the Publix does not face the street it can be difficult for motorists to see the Publix, especially when traveling westbound on Sunrise Blvd.

- (2) that a literal interpretation of the provisions of this Chapter would deprive the applicant of rights commonly enjoyed by other property of lands, structures or buildings of similar character with identical special circumstances (nonconforming signs shall not be grounds for issuing sign special exceptions), or alternatively, that a special exception from the provisions of this Chapter is warranted and justified to protect, preserve, or enhance the City's tax base or to prevent or eradicate conditions of economic blight;

Applicant's Response: Allowing the requested signage would help businesses in the plaza gain community awareness and promote an economically viable shopping plaza for Plantation residents and visitors during a time when many businesses are struggling. Similarly, the exposure these businesses would gain from the proposed sign special

exception would help to prevent economic blight by directing more business to the plaza thereby stimulating the plaza's economic health. This in turn, will serve to preserve and protect the City's tax base and commercial health.

- (3) that the special conditions and circumstances do not result from the action of the applicant;

Applicant's response: The Applicant has not had any authority or influence over the plaza's layout, building orientation, nor any other aspect of the plaza's design during its construction. The Applicant submits that a new monument sign will help its businesses gain community awareness and allow the Plaza to continue to be an asset to the Plantation community into the future.

- (4) that the sign special exception to be granted is the minimum measure needed to address the special conditions and circumstances that justify the special exception; and,

Applicant's response: The Applicant submits that the sign special exception would be the best and most practical way for the existing and future businesses within the Plaza to gain community awareness and exposure in the community. The Publix in particular will greatly benefit from the improvement to visibility that a larger monument sign will provide.

- (5) that the sign special exception will be in harmony with the general purpose and intent of this Chapter and will not be injurious to the neighborhood, or surrounding property, and will not otherwise detrimental to safe and convenient use of nearby rights-of-way;

Applicant's response: The proposed signage will in no way be injurious to the neighborhood nor the surrounding properties and will not have any negative impact on the safe and convenient use of any nearby rights-of-way. The signage will only serve to assist visitors to the Plaza with identifying stores and tenants.

- (6) that all other signage on the property is in substantial compliance with this Chapter, as applied.

Applicant's response: The Applicant submits that existing signage within the plaza is either in conformity with the code or has been granted special exception or other kind of permission from the City of Plantation to exist in current design, color, or size specifications.

SPECIAL WARRANTY DEED

THIS SPECIAL WARRANTY DEED, is made and entered into as of this 18 day of April, 2016, by JACARANDA PLAZA PARTNERS LLC a Florida limited liability company (hereinafter referred to as "Grantor"), whose mailing address is c/o Ram Realty Services LLC, 4801 PGA Boulevard, Palm Beach Gardens, Florida 33418, Attn: Karen D. Geller, General Counsel, to EREP JACARANDA PLAZA I, LLC, a Delaware limited liability company, (hereinafter referred to as "Grantee") whose mailing address is 515 Congress Ave, Suite 1925, Austin, TX 78701.

WITNESSETH:

That the Grantor, for and in consideration of the sum of Ten Dollars (\$10.00) and other good and valuable consideration, to it in hand paid, the receipt whereof is hereby acknowledged, by these presents does grant, bargain, sell, alien, remise, release, convey and confirm unto the Grantee, its successors and assigns forever, all that certain parcel of land lying and being in the County of Broward, State of Florida, as more particularly described on Exhibit "A" attached hereto and by this reference made a part hereof (the "Property").

SUBJECT TO those matters listed on Exhibit "B" attached hereto and by this reference made a part hereof (collectively, the "Permitted Exceptions"), provided that this reference shall not serve to reimpose same.

TO HAVE AND TO HOLD the Property with the appurtenances, unto the said Grantee, its successors and assigns, in fee simple forever.

And the said Grantor hereby covenants with Grantee that Grantor is lawfully seized of the Property in fee simple, and has good right, full power, and lawful authority to sell and convey the Property, and hereby warrants the title to the Property, subject to the Permitted Exceptions, and will defend the same against the lawful claims of all persons whomsoever, claiming by, through or under the Grantor, but against no others.

IN WITNESS WHEREOF, the Grantor has executed this deed on the day and year first set forth above.

DESIGN CALCULATIONS

FOR

JACARANDA PLAZA FREESTANDING SIGN

Plantation, FL

GENERAL NOTES:

1. Design is in accordance with the Florida Building Code 6th Edition (2017) for use within and outside the High Velocity Hurricane Zone (HVHZ).
2. Wind loads have been calculated per the requirements of ASCE 7-10 as shown herein, except where noted otherwise.
3. These engineering calculations pertain only to the structural integrity of those systems, components, and/or other construction explicitly specified herein and/or in accompanying engineering drawings. The existing host structure (if any) is assumed to be in good condition, capable of supporting the loaded system, subject to building department approval. No warranty, either expressed or implied, is contained herein.
4. System components shall be as noted herein. All references to named components and installation shall conform to manufacturer's or industry specifications as summarized herein.
5. Where site conditions deviate from those noted herein, revisions may be required or a separate site-specific engineering evaluation performed.
6. Aluminum components in contact with steel or embedded in concrete shall be protected as prescribed in the 2015 Aluminum Design Manual, Part 1-A. Steel components in contact with, but not encased in, concrete shall be coated, painted, or otherwise protected against corrosion.
7. Engineer seal affixed hereto validates structural design as shown only. Use of this specification by contractor, et. Al, indemnifies and saves harmless this engineer for all costs & damages including legal fees & appellate fees resulting from deviation from this design.

PLANTING NOTES:

1. CONTRACTOR SHALL REFER TO THE LANDSCAPE PLANTING DETAILS, PLANT LIST, GENERAL NOTES AND ALL CONTRACT DOCUMENTS FOR FURTHER AND COMPLETE INSTRUCTIONS.
2. PLANT LIST QUANTITIES ARE PROVIDED FOR CONVENIENCE. IN THE EVENT OF QUANTITY DISCREPANCIES THE DRAWING SHALL TAKE PRECEDENCE. ANY DISCREPANCIES SHALL BE BROUGHT TO THE ATTENTION OF THE LANDSCAPE ARCHITECT PRIOR TO BIDDING.
3. PLANT SIZES LISTED ARE THE MINIMUM SIZE THAT WILL BE ACCEPTED FOR THAT PLANT.
4. ANY SUBSTITUTION IN SIZE AND/OR PLANT MATERIAL MUST BE APPROVED BY THE LANDSCAPE ARCHITECT IN WRITING. ALL PLANTS WILL BE SUBJECT TO APPROVAL BY LANDSCAPE ARCHITECT AND/OR OWNERS REPRESENTATIVE BEFORE PLANTING CAN BEGIN.
5. CONTRACTOR SHALL FIELD ADJUST LOCATION OF PLANT MATERIAL AS NECESSARY TO AVOID DAMAGE TO EXISTING UNDERGROUND UTILITIES AND/OR INTERFERE WITH EXISTING ABOVE GROUND ELEMENTS. ALL CHANGES REQUIRED SHALL BE COMPLETED AT THE CONTRACTOR'S EXPENSE AND SHALL BE COORDINATED WITH THE OWNER'S REPRESENTATIVE AND THE LANDSCAPE ARCHITECT.
6. THE CONTRACTOR SHALL BEAR ALL COSTS OF TESTING OF SOILS, AMENDMENTS, ETC. ASSOCIATED WITH THE WORK AND INCLUDED IN THE SPECIFICATIONS.
7. CONTRACTOR SHALL FAMILIARIZE HIM/HERSELF WITH THE LIMITS OF WORK AND EXISTING CONDITIONS AND VERIFY ALL INFORMATION. IF DISCREPANCIES EXIST, CONTRACTOR SHALL NOTIFY OWNER'S REPRESENTATIVE IN WRITING WITHIN SEVEN CALENDAR DAYS OF NOTICE TO PROCEED.
8. ALL NEW AND TRANSPLANTED PLANT MATERIAL SHALL BE IRRIGATED BY AN AUTOMATIC UNDERGROUND IRRIGATION SYSTEM.

* ALL SHRUBS AND GROUNDCOVERS SHALL BE PLUMB VERTICALLY, UNLESS OTHERWISE DIRECTED BY OWNER'S REPRESENTATIVE.

A Shrub / Groundcover Planting
PLAN/SECTION NTS

NOTE: ANY PLANT MATERIAL DAMAGED DURING CONSTRUCTION OF THE PROPOSED SIGN IS TO BE REPLACED PER PLAN.

NOTES:

1. FIND POINT WHERE TOPMOST ROOT EMERGES FROM TRUNK WITHIN 2" OF SURFACE. CLEAR EXCESS SOIL IF NECESSARY.
2. TOP 10% OF SHRUB AND GROUNDCOVER ROOTBALLS TO BE PLANTED ABOVE THE LANDSCAPE GRADE. DO NOT COVER EXPOSED 10% ON SIDES WITH SOIL.
3. PRUNE ALL LIKE SHRUBS WITHIN A PLANTED MASS TO ACHIEVE A UNIFORM MASS/HEIGHT.
4. 3" MINIMUM MULCH AS SPECIFIED - DO NOT COVER ENTIRE SHRUB ROOTBALL OR CREATE 'WATER RINGS' ONLY COVER SIDES OF ROOTBALL WITH MULCH.
5. EXCAVATE ENTIRE BED SPECIFIED FOR GROUNDCOVER BED.
6. FINISHED GRADE (SEE GRADING PLAN).
7. PREPARED PLANTING SOIL AS SPECIFIED. NOTE: WHEN GROUND-COVERS AND SHRUBS USED IN MASSES, ENTIRE BED TO BE ATTENDED WITH PLANTING SOIL MIX AS SPECIFIED.
8. SCARIFY ROOTBALL SIDES AND BOTTOM.

**Plantation City
Council Meeting
Agenda**

**Notice of City
Council Meeting**

Wednesday, August 25, 2021 ~ 6:00 PM

City of Plantation
City Council Chambers and via Zoom

Subject:

Deferred consideration of a request to approve conditional use to allow a 1,200 square foot restaurant (Grill & Chill Jerk Center). Property located at 4351 Peters Road and zoned B-HC (Gateway Hybrid Commercial). PP21-0021

Summary:

A RESOLUTION APPROVING A 1,200 SQUARE FOOT RESTAURANT (GRILL & CHILL) AS A CONDITIONAL USE TO BE LOCATED IN AN B-HC ZONING DISTRICT ON PROPERTY LYING IN SECTION 12, TOWNSHIP 50 SOUTH, RANGE 41 EAST AND BEING FURTHER DESCRIBED IN EXHIBIT "A", ATTACHED HERETO AND GENERALLY LOCATED ON THE NORTH SIDE OF PETERS ROAD (4351 PETERS ROAD); PROVIDING A SAVINGS CLAUSE; AND PROVIDING AN EFFECTIVE DATE THEREFOR.

**Planning, Zoning & Economic Development
Memorandum**

DATE: August 25, 2021
TO: Mayor and City Council
FROM: Gayle Easterling, AICP, Senior Planner
THRU: Danny Holmes, AICP, Director of Planning, Zoning and Economic Development
SUBJECT: Additional information relating to Grill & Chill Jerk Center PP21-0021

BACKGROUND:

City Council considered a conditional use request for the above referenced restaurant on July 28, 2021. At the meeting, City Council requested additional information relating to the code enforcement case associated with the restaurant, state licensing, and noise complaints.

The following outlines the status of the code enforcement case CE21-00160:

Late August 2020	Staff discovers restaurant is operating
September 2, 2020	Applicant e-mailed application paperwork and process info
September 4, 2020	Applicant scheduled for pre-dev meeting – no show
October 2, 2020	Applicant schedules pre-dev meeting – no show
October 30, 2020	Applicant attends pre-dev meeting, staff recommends return to 2 nd pre-dev
January 25, 2021	Warning issued with 30 days to comply
March 1, 2021	Notice of Violation issued with 14 days to comply
April 22, 2021	Final Order issued - June 21, 2021 to comply
June 28, 2021	Confirmation of Fine notice sent to appear at July 22 nd hearing
July 22, 2021	Hearing to confirm fine, continued to August 19, 2021

The Department of Business and Professional Regulations indicates a license for a retail food establishment (without seating) has been issued to the applicant.

**Planning, Zoning & Economic Development
Memorandum**

DATE: July 28, 2021

TO: Mayor and Members of the City Council

THRU: Danny A. Holmes, AICP
Planning, Zoning & Economic Development Director

FROM: Gayle Easterling, AICP, Senior Planner
Lisa Zelch, Principal Planner

I. PROJECT SUMMARY

A. Project Name / Number: Grill & Chill Jerk Center / PP21-0021

B. Requests:

1. Consideration of a request for a conditional use to allow a 1,200 square foot dine-in restaurant.
2. Two (2) zoning waivers from Chapter 27 of the City Code. See Exhibit E.

C. Recommendation: **APPROVAL** subject to conditions noted in Section V. B. of this report.

II. APPLICATION SUMMARY

A. Owner: Aku Zee Properties LLC

B. Agent: Debra Pinkney

C. Location: 4351 Peters Road (See Exhibit B).

D. Size: 0.9 (+/-) acres

E. Folio: 504112000092

F. Legal Description: See Exhibit D.

G. Future Land Use Plan Designation, Current Zoning and Use of Subject Property:

<u>Existing Use & Zoning</u>	<u>Future Land Use Map</u>
Subject Property: Commercial shopping center / B-HC (Gateway Hybrid Commercial)	Local Activity Center
North: Park (Country Club Park) / B-HC (Gateway Hybrid Commercial)	Local Activity Center
South: Peters Road	Public Right-of-Way
East: Vacant / B-HC (Gateway Hybrid Commercial)	Local Activity Center
West: Vacant / B-HC (Gateway Hybrid Commercial)	Local Activity Center

III. BACKGROUND

A. Subject Property/The Site

The subject site is 0.9 acres in area and developed with a 7,500 square foot commercial building known as Pine Ridge Plaza located on the north side of Peters Road approximately ¼ mile west of State Road 7. The site is bound by a park to the north, Peters Road to the south, and undeveloped lots to the east and west.

B. Synopsis

Section 27-105(k)(4) requires conditional use approval for dine-in restaurants that exceed 10% of the gross square footage of the plaza in the B-HC (Gateway Hybrid Commercial) zoning district. The applicant is requesting conditional use approval to allow a 1,200 square foot dine-in restaurant (Grill & Chill Jerk Center) with tables and counter seating for approximately 30 customers. The business hours will be Thursday thru Sunday 10:00 a.m. to 10:00 p.m.

The applicant's proposal includes a request to allow cooking on an outdoor barbeque located on a paved surface located adjacent to the tenant space on the east side of the building. The Fire Department has no objection to the applicant's request. While the code prohibits outdoor equipment associated with outdoor seating for restaurants, outdoor seating is not proposed at this time. However, staff has determined the applicant must request a waiver to allow the outdoor cooking equipment.

It should be noted that the restaurant has been operating without the benefit of conditional use approval or a City of Plantation business tax receipt for approximately 1 year. The business is subject to code enforcement action and a Special Magistrate compliance deadline of July 22, 2021, or fines may be confirmed.

The applicant is also requesting a 2-space parking waiver, to reduce the required parking from 31 spaces to 29 parking spaces. See Exhibit E at the end of this report.

C. Applicable Criteria (Conditional use for dine-in restaurant)

The review of a Conditional Use request should include consideration of the criteria noted in Section 27-768 of the Land Development Code.

1. **A binding and buildable site plan that allows the Council to determine the architectural features and buffering needed to protect the surrounding property.**

Applicant response: This is a preexisting site and site plans have been submitted.

Staff response: The shopping center is existing.

2. **The proposed conditional use will be consistent with the general plan for the physical development of the district including any master plan or portion thereof adopted by the Council.**

Applicant response: The restaurant is compatible with the shopping plaza. In addition, the surrounding area consist of commercial businesses.

Staff response: *Restaurants are compatible with shopping centers.*

3. **The proposed conditional use will be in harmony with the general character of the neighborhood, considering population density, scale and bulk of any proposed structures, intensity and character of activity, traffic and parking conditions, and number of similar uses. A present need for the conditional use must be demonstrated.**

Applicant response: The restaurant is compatible with the shopping plaza. There are only two other Caribbean restaurants within a (2) mile radius.

Staff response: *The proposed restaurant is compatible with the commercial character of the neighborhood. A limited number of eating establishments exist in the immediate area.*

4. **The proposed conditional use will not be detrimental to the use, peaceful enjoyment, economic value, or development of surrounding property, or the neighborhood, and will cause no objectionable noise, vibration, fumes, odor, dust, glare or physical activity.**

Applicant response: The proposed location the restaurant is predominately surrounded by commercial businesses; therefore adding a cultural touch.

Staff response: *The proposed hours of the restaurant will not be detrimental to the surrounding property or the neighborhood.*

5. **The proposed conditional use will not adversely affect the health, safety, security, morals, or general welfare of residents, visitors, or workers in the neighborhood.**

Applicant response: The proposed restaurant will not adversely affect the neighborhood. We intend to embrace the community with culture. Our restaurant will be take out and we will not serve alcohol.

Staff response: *The hours operation, per the letter of intent is Thursday thru Sunday 10:00 am to 10:00 pm. The proposed restaurant should not adversely affect the general welfare of the residents and neighborhood. The restaurant has been operating for almost a year without the appropriate City approvals.*

6. **The proposed conditional use will not, in conjunction with existing development in the area and permitted development under existing zoning, overburden existing public services and facilities.**

Applicant response: The proposed addition to the shopping mall will have a positive impact on existing public facilities and services. Grill & Chill Jerk Center will add a touch of Caribbean culture.

Staff response: *The applicant is not proposing a building addition and is referring to the addition of the restaurant to the shopping center.*

7. **The proposed conditional use shall meet all other specific standards that may be set forth elsewhere in the Code of Ordinances.**

Applicant response: The applicant has taken all code standards and consideration in account to formulate the site plans.

Staff response: *The applicant has a building permit in review, B21-01631.*

8. **The proposed conditional use shall disclose the square feet of use sought for approval so that an adequate evaluation may be made.**

Applicant response: The applicant acknowledges that the site plan for the restaurant represents all of the area being sought for Conditional Use Approval.

Staff response: *The floor plan states that the propose restaurant space is 1,200 square feet.*

D. Applicable Criteria (Practical difficulty waiver)

The review of a parking waiver and the waiver to allow an outdoor cooking grill should include consideration of the criteria noted in Section 27-52(g)(2), Practical difficulty waiver, of the Land Development Code. The following are the standards that must be met for consideration of whether a practical difficulty exists:

1. **The request shall not be substantial in relation to what is required by the Code; and**

Staff response: The parking deviation of 2 spaces represents a 6% reduction.

2. **The approval of the practical difficulty will be compatible with development patterns; and**

Staff response: Field inspections reveal that adequate parking exists to support the uses within the center; therefore, the requested parking waiver should not create an overflow parking situation that could affect adjacent properties. While there may be some

cooking odor from the outdoor grill, the closest residential structure is currently approximately 225 feet north of the outdoor grill location, if approved.

3. The essential character of the neighborhood would be preserved; and

Staff response: The character of the neighborhood would be preserved with the approval of the outdoor grill and the parking waiver.

4. The request can be approved without causing substantial detriment to adjoining properties; and

Staff response: The proposed waivers can be approved without causing substantial detriment to the adjoining properties.

5. The request is due to unique circumstances of the property, the property owner, and/or the applicant which would render conformity with the strict requirements of the Code unnecessarily burdensome.

Staff response: Restaurant use at this location could be accommodated at this location without the need for the outdoor grill. The applicant indicates the grill is needed component of the business operation given the type of food products offered. The restaurant has been operating for approximately 1 year without issue.

IV. PROJECT ANALYSIS, CRITERIA AND FINDINGS

A. Comprehensive Plan Considerations

Restaurants are compatible with the Local Activity Center land use designation.

B. Zoning Considerations

The review of a Conditional Use request should include consideration of the criteria noted in Section 27-45(d) of the Land Development Code.

Waivers or variances should include consideration of the criteria for undue hardship variances or practical difficulty waivers found in Section 27-52(g) of the Land Development Code.

C. Citizen Comments

The City of Plantation posts signage on properties for site plan approvals and sends out notices to surrounding property owners when a conditional use is requested. In this case, the Planning, Zoning & Economic Development Department sent out notices on July 13, 2021 for the conditional use request to comply with the 14-day notice period pursuant to Section 27-41(f) to surrounding property owners within 300 feet. To date, staff has not received any

written citizen comments or phone calls about this application. To date, staff has not received any written citizen comments about this application.

D. Concerns, Issues and other Pertinent Information

Code Violation: There is a code violation, CE21-0160, for operating a business without obtaining conditional use approval and a City of Plantation business tax receipt. The Special Magistrate has set a compliance date of July 22, 2021, or fines may be confirmed.

V. RECOMMENDATIONS:

A. Boards and Committee Recommendations:

Not applicable.

B. Staff Recommendation:

Staff recommends **APPROVAL** subject to staff comments noted below:

PLANNING AND ZONING:

1. The conditional use approval will apply only to “Grill & Chill Jerk Center” operated by Leon Skyers and will not be transferable to any other future tenant.
2. Any additional outdoor cooking mechanisms shall require additional waiver approval.
3. The floor plan must remain consistent with the plan stamped “Received JUNE 21, 2021 Planning, Zoning and Economic Development”.
4. Consumption of alcoholic beverages is only permitted with an approved alcoholic beverage license and compliance with Chapter 3 of the code. The applicant is not proposing to serve alcohol at this time.
5. In the future, if applicable, outdoor seating approval requires a separate submittal and approval from the Zoning Department. See Section 27-105(k)(10) for outdoor seating regulations. Any outdoor seating previously installed must be removed.
6. Window signage is limited to no more than 20% of the glazed area.
7. Business tax license approval is subject to the conditions of this approval.
8. Staff has identified 2 waivers requiring payment of \$500 per waiver (\$1,000 total). The \$1,000 waiver fee shall be paid prior to issuance of a building permit.

LANDSCAPE:

1. Staff request a superimposed plan of the site showing the proposed seating with all existing trees and palms within 20’.
*Staff has no objection if the proposed outdoor seating will be located only within the existing patio.
2. If the proposal encroaches on the Critical Root zone of the required trees or palms it will not be supported by staff to reduce the potential of future tree/palm failure.
3. Please be advised all Tree or palm Removal request shall be submitted to Public Works – Environmental Landscape Division. Contact Landscapeinfo@plantation.org

4. Landscaping Maintenance requirements pursuant Article X - Landscape Standards: Section 27-260. Tree Care and Maintenance Standards - All Properties
 - (a) All landowners, or their agents, shall be responsible for the maintenance of all landscaping including abutting rights-of-way, swales, lakes and canal banks. It shall be the responsibility of the adjacent property owner to maintain the swale area to the edge of pavement or the edge of water. Landscaping shall be maintained in accordance with the following standards: #1-13

BUILDING: No objections.

ENGINEERING: No objection.

1. Survey shows driveway is in poor condition. Proper maintenance shall be required prior to Certificate of occupancy.

FIRE DEPARTMENT:

Reviews:

- Comments 1 – 2 on the Staff Report to the City Council Meeting of July 28, 2021.

No objections as to this conditional use request with the understanding that the applicant and/or owner are aware of following items:

1. All aspects of fire and life safety shall comply with the current edition of the Florida Fire Prevention Code at time of permitting.
2. The applicant and/or owner are aware that conditions may arise upon review of all required permitting plans.

UTILITIES: OBJECTION, there is currently no grease interceptor installed on the sewer lateral for this unit. All commercial restaurants must have a grease interceptor installed outside, minimum 750 gallons.

Proponent came to Predevelopment many months ago and a meeting on site was never arranged. I visited the site multiple times and could not locate an existing grease interceptor servicing this space.

Also, additional capacities may apply for seating flow values that exceed existing credit at this space.

Utilities Dept. Grease Interceptor Installation Requirements

Prior to installation, any new or replacement interceptors must demonstrate through third-party testing using EPA 1664 Hexane Extraction or other EPA approved method to consistently achieve a discharge of <100 mg/L Fat, Oils and Grease (FOG) in comparable “Real World” settings. Demonstration of performance at a minimum of 5 such installations is required, though a larger number is preferred.

To date the following interceptors have met the performance requirements and are approved for connection to the City’s wastewater collection system:

- 1) Green Turtle Proceptor “Florida Models”
- 2) Schier Great Basin Line

Installation requirements:

- 1) All Grease interceptors must be installed outside, in-ground, manholes/manways set to grade, and be easily accessible
- 2) Minimum installation size is 750 gallons for all applications
- 3) All sizing calculations must be approved/recommended by the manufacturer
- 4) All sizing calculations must also meet the approval of the Utilities Dept. This is important to note as alternate sizing methodologies recommended by the manufacturer are subject to max grease loading buffer applied to final sizing calculation

Please contact Steve Peraza with any questions at 954-414-7351.

POLICE:

1. I have no objection to the Conditional Use, Outdoor Seating, and Waiver request.
2. Maintain the bushes just south of the patio along the picket fence to no more than two feet high.
3. A photometric survey be submitted for all the parking with the below requirements.

Lighting:

External Lighting: The following is the Police Department's Requirements.

- A. Please show a survey to include the current and recommended (fc) footcandle readings do not have an adverse effect on surrounding property (for example light spill-over).
- B. Parking lots, vehicle roadways, pedestrian walkways and building entryways should have "adequate" levels of illumination. The American Crime Prevention Institute recommends the following levels of external illumination:
 - I. Parking Lots 3 footcandles
 - II. Walking Surfaces 3 footcandles
 - III. Building Entryways 5 footcandles
- C. These levels may be subject to reduction in specific circumstances where after hours use is restricted.
- D. Use LED exterior lighting.
- E. A system of lighting fixture identification should be developed. The lighting fixture identification system should enable anyone to easily report a malfunctioning fixture.
- F. Exterior lighting should be controlled by automatic devices (preferably by photocell).
- G. Exterior lighting fixture lenses should be fabricated from polycarbonate, break-resistant materials.
- H. Light fixtures below 10' in grade should be designed to make access to internal parts difficult (i.e. security screws, locked access panels).
- I. All switches, breakers and electrical panels that control lighting should be inaccessible to the public.
- J. If exterior lights are not being used at night exterior motion-detection lighting should be installed to detect the presence of intruders.

K. Please be mindful of current and future tree canopy growth when placing the light poles. Avoid any shadows and obstructions from the trees to allow for optimal lighting from the source.

L. The lighting should be installed with little to no glare.

4. Also, please include a table that summarizes the total calculations to provide information to the reviewer similar to the one below.

Numeric Summary							
Project: All Projects							
Label	CalcType	Units	Avg	Max	Min	Avg/Min	Max/Min
CalcPts	Illuminance	Fc	1.96	15.3	0.0	0.00	0.00

5. There is also a need for lighting on the patio if the outdoor seating is approved.

VI. EXHIBITS:

- A. Letter of Intent
- B. Aerial Map
- C. Zoning Map
- D. Legal Description
- E. Waiver Request
- F. Resolution

EXHIBIT A
Letter of Intent

Please be advised that Grill & Chill Jerk Center will be opening in Plantation at 4351 Peters Road. Grill & Chill Jerk Center is a walk-up counter service food establishment with 6in door seats. Typical business days and hours will be 10 am until 10pm Thursday-Sunday. This location is approximately 1120 square feet and will have (6) six staff in total. This location will have 0 commercial vehicles.

Grill & Chill Jerk Center will be serving Jamaican cuisine for lunch and dinner. Beer, wine, and/or liquor will not be served. This location does not have a bar. Live entertainment will not be offered.

I have thoroughly reviewed your check-list of requirements and feel that all applicable information has been submitted; however, if you need additional information please contact Debra Pinkney at (754) 367-7795 or Debra.Pinkney@me.com.

Sincerely,

Leon Skyers
CEO/Owner

Code requirements not met
(waivers not requested by applicant)

Staff has identified the following items that do not meet the code requirement and are needed to support approval of the request. If the applicant does not obtain waiver approval for these items, the plans must be revised to meet the code requirement prior to City Council consideration.

Zoning:

1. From: Section 27-105(k)(10), which requires all kitchen/equipment to be inside;
To: Allow an outdoor grill

Applicant Justification: The applicant has not requested this waiver.

Staff response: Staff has no objection.

2. From: Section 27-123, which requires 31 parking spaces for the shopping center;
To: Reduce the required parking from 31 spaces to 29 spaces.

Applicant Justification: The applicant has not requested this waiver.

Staff response: Staff has no objection.

RESOLUTION NO. _____

A RESOLUTION APPROVING A 1,200 SQUARE FOOT DINE-IN RESTAURANT (GRILL & CHILL) AS A CONDITIONAL USE TO BE LOCATED IN AN B-HC ZONING DISTRICT ON PROPERTY LYING IN SECTION 12, TOWNSHIP 50 SOUTH, RANGE 41 EAST AND BEING FURTHER DESCRIBED IN EXHIBIT "A", ATTACHED HERETO AND GENERALLY LOCATED ON THE NORTH SIDE OF PETERS ROAD (4351 PETERS ROAD); PROVIDING A SAVINGS CLAUSE; AND PROVIDING AN EFFECTIVE DATE THEREFOR.

WHEREAS, the Property affected by this Resolution is zoned B-HC and, pursuant to the B-HC zoning district regulations, a dine-in restaurant is a permitted use provided the use is approved on a conditional use basis; and,

WHEREAS, the applicant has requested conditional use approval for a restaurant (herein, the "candidate conditional use"); and,

WHEREAS, the applicant has demonstrated to the City Council that the candidate conditional use has satisfied the measurable standards and criteria set forth in the applicable portions of the City's Comprehensive Zoning Code and the City's Land Development Regulations, such that same can be approved;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLANTATION, FLORIDA, THAT:

SECTION 1: The following described property:

Lying in Section 12, Township 50 South, Range 41 East, and further described in the legal description attached hereto as Exhibit "A" and generally located on the north side of Peters Road (4351 Peters Road). This use approval is subject to such further restrictions, limitations, and conditions, which were imposed by the City Council during the public hearings wherein this candidate conditional use and Resolution were considered and all of the City's Codes and Ordinances.

SECTION 2: Should any section, paragraph, sentence, clause, phrase or other part of this Resolution is declared by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of this Resolution as a whole or any portion or part thereof, other than the part so declared to be invalid.

SECTION 3: This Resolution shall take effect immediately upon passage by the City Council and signature by the Mayor.

PASSED AND ADOPTED by the City Council this ____ day of _____, 2021.

RECEIVED

JUL 06 2021

City of Plantation
Planning, Zoning & Economic Development

1. **A binding and buildable site plan that allows the Council to determine the architectural features and buffering needed to protect the surrounding property.**

Applicant Response: Yes, this is a preexisting site and site plans have been submitted.

2. **The proposed conditional use will be consistent with the general plan for the physical development of the district including any master plan or portion thereof adopted by the Council.**

Applicant Response: Yes, the restaurant is compatible with the shopping plaza. In addition, the surrounding area consist of commercial businesses.

3. **The proposed conditional use will be in harmony with the general character of the neighborhood, considering population density, scale, and bulk of and proposed structures, intensity and character of activity, traffic and parking conditions, and number of similar uses. A present need for the conditional use must be demonstrated.**

Applicant Response: Yes, the restaurant is compatible with the shopping plaza. There are only two other Caribbean restaurants within a (2) mile radius.

4. **The proposed conditional use will not be detrimental to the use, peaceful enjoyment, economic value, or development of surrounding property, or the neighborhood, and will cause no objectionable noise, vibration, fumes, odor, dust glare of physical activity.**

Applicant Response: No, the proposed location of the restaurant is predominately surrounded by commercial businesses; therefore adding a cultural touch.

5. **The proposed conditional use will not adversely affect the health, safety, security, morals, or general welfare of residents, visitor's, or workers in the neighborhood.**

Applicant Response: No, the proposed restaurant will not adversely affect the neighborhood. We intend to embrace the community with culture. Our restaurant will be take out and we will not serve alcohol.

6. **The proposed conditional use will not, in conjunction with existing development in the area and permitted development under existing zoning, overburden existing public services and facilities.**

Applicant Response: No, the proposed addition to the shopping mall will have a positive impact on existing public facilities and services. Grill & chill Jerk center will add a touch of Caribbean culture.

7. **The proposed conditional use shall meet the other specific standards that may be set forth elsewhere in the Code of Ordinances.**

Applicant Response: Yes, the applicant has taken all code standards and consideration in account to formulate the site plans.

8. **The proposed conditional use shall disclose the square feet of use sought for approval so that an adequate evaluation may be made.**

Applicant Response: Yes, the applicant acknowledges that the site plan for the restaurant represents all of the 1200 sq ft area being sought for Conditional Use Approval.

CITY OF PLANTATION NOTICE TO PROCEED

The undersigned Owner or Authorized Agent, has submitted an application for CU Restaurant, outdoor cooking, waiver, for parking, hereby certifies that the Owner or Authorized Agent does not intend to further amend the above described Application in any way and that all of the Owner or Authorized Agent's documentary matters, written material, written summaries of oral comment, and any other information on the Application which is to be considered by the City Council is now contained within the application.

The undersigned applicant now requests that this Application in its' present form be reviewed by the City staff and consultants on a cost recovery basis and that this Application be placed on the City Council Agenda for Council review according to the procedures of City Ordinance 1847, as same may be amended.

Sustainability & Resiliency Advisory Board

Adopted by Ord. 2599, June 30, 2021

The Advisory Board shall consist of seven (7) members. Each City Councilmember shall have one appointment and the Mayor shall have one appointment. Each appointee shall serve at the pleasure of the appointor during the appointor's term of office. A majority of the City Council and the Mayor shall appoint the seventh (7th) member. The Mayor shall appoint a City staff person to serve as a liaison to the Advisory Board. Advisory Board members shall serve without compensation.

Affordable Housing Advisory Board

Pending adoption

- (a) ...The Committee shall be comprised of nine (9) individuals. One member shall be a member of the governing body of the City as selected by the City Council. The remaining members of the Committee shall consist of at least one (1) representative from at least six (6) of the following categories:

- (1) A citizen who is actively engaged in the residential home building industry in connection with affordable housing.
- (2) A citizen who is actively engaged in the banking or mortgage banking industry in connection with affordable housing.
- (3) A citizen who is a representative of those areas of labor actively engaged in home building in connection with affordable housing.
- (4) A citizen who is actively engaged as an advocate for low-income persons in connection with affordable housing.
- (5) A citizen who is actively engaged as a for-profit provider of affordable housing.
- (6) A citizen who is actively engages as a not-for-profit provider of affordable housing.
- (7) A citizen who is actively engaged as a real estate professional in connection with affordable housing.
- (8) A citizen who actively serves on the local planning agency pursuant to F.S. § 163.3174.
- (9) A citizen who resides within the municipal boundaries of the City of Plantation.
- (10) A citizen who represents employers within the City of Plantation.

(11) A citizen who represents essential services personnel, as defined in the city's local housing assistance plan.

(b) The initial appointment of members to the Committee shall be made in the following order:

- (1) Group 1 Councilmember
- (2) Group 2 Councilmember
- (3) Group 3 Councilmember
- (4) Group 4 Councilmember
- (5) Group 5 Councilmember
- (6) Mayor
- (7) Group 1 Councilmember
- (8) Group 2 Councilmember

Future Committee appointments shall be made consistent with Section 2-32(c).

(c) The terms of office of the members of the Committee shall be as provided for in Section 2-32 of the City Code. The member of the City governing body shall only serve on the Committee while serving on the City's governing body.

(d) Appointments to fill any vacancy shall be as provided for in Section 2-32 of the City Code.

(e) Except as specifically required in subsection (a), non-residents of the City may be appointed and serve on the Committee.

(f) The members of the Committee shall serve at the pleasure of the elected official making their appointment and shall be subject to removal by such elected official at any time without cause.

(g) The City governing body member serving on the Committee, or a designee, must attend biannual regional workshops convened and administered under the Affordable Housing Catalyst Program.
